News Notes from Outside Points

FORT STANTON

Captain M. T. McGraw Passes Away

ON last Saturday, April 4, at 12:45 p. m., the soul of the late Capt. M. T. McGraw, of the United States Revenue Cutter Service took its flight into eternity at Fort Stanton.

Owing to the great suffering of the deceased for weeks past, the announcement that the end had come was of no surprise. A most popular man, which here means a shining light of charity, love, friendship and patriotism has been taken from us and the entire Post is in mourning as a result.

The funeral took place Monday afternoon with services conducted by Chaplain Frund at the Chapel, and a Military service held at the grave with Lieutenant Benham in charge assisted by the Chaplain, color bearer, fire squad and pall bearers. At the Chapel during the service which was most impressive, Mrs. F. C. Smith assisted by Mrs. A. E. Lovett, the organist, rendered as solos "Rock of Ages" and "Face to Face" during the rendition of which many of the friends present shed tears. The Chaplain in speaking at the end of the service on the life of the deceased impressed upon his hearers the value such an occasion affords to study an example of a true patriot which means a faithful Christian and a firm citizen. Captain McGraw said he gave us an example of patience, perseverance and respect for God, our flag and all that goes with them, His works which are acts of charity will live long after him here at this Post. The church has added his name to the faithful departed, and she will honor and pray for him directly and indirectly until the end of the time. The Catholic church does not cease to remember the dead once the remains are placed in mother earth, no she then begins to chant their names and ask daily for the Divine Mercy. He was a faithful member of this faith, the Catholic religion, and as such he respected the rights and beliefs of all others. He taught the many of his own faith what it was to be a man and practice always openly with respect the faiths of all and especially that in which he was born and raised.

With the tolling of the chapel bell the funeral formed at the chapel at 3:15 p. m. and proceeded to the cemetery in the following order: colors borne by Mr. A. L. Meheran; firing squad Messrs. J. Vetterl, P. J. Flaherty, Jas. Cain, and J. Alm, Clergy; pall bearers Messrs. Thos. Huston, A. Johnson, W. Christienen, O. Olsen, W. F. Jones and E. Carr; relatives and friends, Lieutenant and Doctor McKeon in line according to the regulations.

At the grave after the final absolutions by the Caplain, the military ritual was used consisting of the salute from the squad and the sounding of "taps" by Mr. Chas. U. Babbs.

The reverence and respect for the deceased was verified by the large attendance at both the chapel and cemetery.

May his soul rest in peace.

Last Sunday, "Palm Sunday" was celebrated with special services in the chapel and library hall. Palms were blessed and distributed by the chaplain at the 10 o'clock Mass in the chapel, and announcements made for the Easter services.

Misses Mary and Margerite Humphrey with their brother, Bernie, of Carrizozo came over Sunday and spent the day visiting with Chaplain Frund at 13 A. They made the trip in the new touring car.

Dr. Cooper and Mr. James Hanna visited Dr. Currie and family at Capitan last Sunday.

Commanding Officer Dr. F. C. Smith, spent Sunday visiting with friends at Lincoln.

Mrs. F. H. McKeon, wife of Dr. McKeon of No. 2 has returned from delightful ten days visit with Dr. and Mrs. Tappin, of El Paso.

Alva Sitton and Miss Reo took a spin around the Post last Tuesday afternoon in their Ford. Alva is endeavoring to win the championship in croquett from Joseph Alveres.

The following were the reels run at the local moving picture house last week: The Lungers in two reels. Pathe Weekly No. 65: In Morestand.

This being "Holy Week" services, twice each day, morning and evening are being held in the Sacred Heart Chapel.

The following is the order for the Easter services at Ft Stanton next Sunday. In the chapel masses at 6:30 and 10 a. m. with a special non-sectarian service in the library hall at 11 a. m. Chaplain Frund will preside at both.

Mr. Bundy Avent visited last Saturday and Sunday at the Post, where he is always a welcome guest. We hope to have Bundy reside with us again, as he is still missed.

"Moving Day" on Rest ave is soon to be announced. Drs. Currie and Lincoln are to occupy the No. 2, and 4 cottages respectively. We hope the B & A railroad will not disturb Dr. Lincoln.

Captain Vanzant is enjoying a few days on a pleasure and business trip to El Paso. Mr. J. J. Brown is in full charge of the Emporium during the absence of the proprietor.

Have you been in to see Foley, of the "Foley Tonsorial Parlors?" The latest over the wireless concerning home-rule given you while you get one of the best hair-cuts you ever had.

Mrs. Hightower, mother of the Hightower boys died suddenly while visiting her son, Willis and family in Laundry Row last Friday morning. The remains were shipped to Socorro Saturday for burial. We extend our sincere sympathy to the family in this their sad bereavement.

EASTER SUNDAY AT FORT STANTON.

In the chapel: Communion Mass, 6:30 a. m.; High mass, 10 a. m. In the library hall: Special Non-Sectarian service, 11 a. m.

Everybody most cordially invited to attend both of these services.

HOLY GOD WE PRAISE THY NAME.

Holy God we praise Thy name
'Lord of all we bow before thee'
All on earth Thy septre claim,
'All in heav'n above adore Thee'
Infinite Thy vast domain, 'Everlasting is Thy name'
Infinite Thy vast domain, 'Everlasting is Thy name.'
Hark the loud celestial hymn,
'Angel choirs above are singing'
Cherubim and Seruphim, 'In unceasing chorus praising'
Fill the heavens with sweet accord, Holy, Holy, Holy Lord.

MY COUNTRY TIS OF THEE

My country tis of Thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the Pilgrim's pride,
From every mountain side
Let freedom ring.
Our Fathers God to Thee
Author of liberty,
To thee we sing;
Long may our land be bright,
With freedom's holy light,
Protect us by thy might,
Great God our King.

Easter signifies Christ's victory over death. For us it should signify a victory over sin, which means a humble recognition of our guilt and a firm resolve to avoid sin in the future.

He who ignores all that the Redeemer has done for us, must naturally be dishonest, dangerous and a bad citizen. His very presence tells us of his being not a soldier of Christ and his country, but an advocate of the devil himself.

Easter Greetings and best wishes to one and all.

Chaplain G. G. Frund, P. H. S.
Mrs. F C. Smith, Choir Leader.
Mrs. F. H McKeon, Mrs. A. E. Lovett, Miss E. Acuna, } Organists.

White Mountain.

The Harpers have been busy this week gathering horses and cattle for delivery to Mr. Harris, the recent purchaser of the --OZ ranch.

Jack Fall was up from the Tres Ritos ranch Sunday.

Sam Hall and Miss Minnie Hall were visitors to Carrizozo the past week.

It threatens rain here daily, but for a light drizzle Friday night, this section has not received a much-needed rain.

Jicarilla

The election for School director to fill the vacancy made by John Dale going out was in action Monday, Dale being re-elected.

A. H. Hays is cementing a cistern for Mrs. Campbell at her place here.

A quiet dance was enjoyed Saturday evening at the school house.

Miss Rosemond Wilson is visiting camp for a week or more.

F. M. Deel of Ancho has been much of the time here lately.

A. H. Norton is putting a fence around a part of his homestead on the east side.

School began here Monday, and many a little path leading to the school house will be daily used by the kiddies.

There is a splendid "showing" of baby-chicks in some parts of the settlement.

George Tompkins is branching out this season in raising turkeys. He has some fine birds of the mamoth bronze variety.

John Martin, who has been back on business to Ancho, has also circulated among friends here, will wind up his business and return to his new headquarters at Alma, Texas.

There are some new comers in camp; whether they are some of the many who were forced out of our "southern neighbor" by the untiring firing line, we are not sure.

With light showers for several days, the weather has changed off into winds of the sort that makes spring intolerable a portion of the time.

White Oaks

Mrs. Anna T. Brown has been on the sick list for a few days but is again on duty at the store.

Mr. Bellow, state coal mine inspector was in town one day last week looking through the coal mines here.

Mrs. R. M. Treat returned the last of the week from a two weeks' visit with relatives at Carrizozo and Capitan.

The Woman's Club room is being remodeled. The walls are being tinted and woodwork painted. When completed, this will be one of the nicest halls in the county, having a hardwood floor fifty feet square.

Dr. M. G. Paden has been called to White Oaks several times in the past week. There seems to be lots of sickness among the small children.

County Commissioner Duran and Ferguson were in town for a short time Monday.

Mr. and Mrs. Harry Jaffa of Roswell, were in town a couple of days last week. Mr. Jaffa represents the New York Life Insurance Co.

A very quiet school election was held here Monday, there being only about a dozen votes cast. R. H. Taylor was re elected for a three year term.

J. M. Smith left Monday for a short business trip to El Paso.

Mr. and Mrs. John Owen and daughter were in town one night last week.

The young people enjoyed a social dance at the hall Saturday night.

Mrs. C. D. Mayer left Sunday for El Paso for a few weeks' visit.

Judge Hewitt returned last week after an absence of several weeks.

Miss Callie Thompson has resigned her position as principal of the schools here and gone to Corona where she has been appointed post mistress. We are sorry to lose Miss Thompson here but wish her success in her new position.

James Cooper, Jr., went hurriedly through town one day last week in his car and returned a couple of hours later, not so hurriedly but afoot. After allowing the car a rest over night it was ready to continue the journey.

To Organize County Industrial Club

TO the Schools of Lincoln County:

The committee appointed at the last session of the Lincoln County Teachers' Association to organize the County Industrial Club attempted to complete this organization during last February, but the effort was unsuccessful. Circular letters were sent to different schools asking for their cooperation and only one, the one at Ancho, responded.

The effort to complete this organization will be renewed at the next teachrs' association meeting at Carrizozo, April 17 and 18, and we hope you will come forward with your assistance in this important matter. The time is near at hand when these clubs will be doing their work and the sooner we come to the front and stimulate an interest along these lines among our boys and girls the more we shall have accomplished.

The farmer has always had and always will have great problems to solve. In the early days his greatest problems were moving west, clearing his land, and getting means of transportation. These difficulties, in comparatively great measure, have been overcome. The farmer's problems have changed their nature. In the early days the farmer would put his seed in the ground, sometime during the spring, and then leave it until the fall when he would return to find an abundant crop. Today he must use every precaution in the selection of his seed, putting it in the ground, and its care afterwards.

Not only must the future farmer know the science of agriculture, but the housewife must know the science of household arts. Conditions not only demand that we now make two ears of corn grow where one grew before but that we make corn grow where it has never grown before. Perhaps you say this cannot be done, but it is being done in many places and will some time be done in Lincoln County. Bring your representatives to Carrizozo on the 17th and 18th of this month and let us get busy. Each local club is allowed one representative for every five members.

Three great facts regarding these clubs are well stated in a bulletin published by the New Mexico College of Agriculture and Mechanic Arts in the following language:

"It is educational. Not only do the boys and girls get a great deal of information from books and bulletins concerning their work but they learn to do the things by actually doing them.

"It is inspirational. For the sake of beating somebody else and winning a prize, boys and girls put forth their best efforts and thus prove there is greater power of production. The drudge idea is drowned in the pleasure of production, it is seen there is money to be made on the farm and the chances are increased that they will want to remain there.

"It is reactional. When a 14 year-old boy raises 97 bushels and 47 pounds of corn to the acre some old farmer will wake up and try to do the same thing."

Respectfully,
CHESLEY H. THOMASON.

Oscuro Coming to the Front

Contributed

ELIAS G. RAFFETY, Manager of the Oscuro Development Association has recently returned from Chicago and reports the completion of the incorporation of the association for $100,000. Of this amount $25,000 has already been subscribed and this amount is available for immediate work

The machinery for a deep well is on the ground and an expert driller named Hewitt is there to commence operations. The rig will go to a depth of 3500 feet but of course such a depth will not be necessary before oil, gas or water will be encountered. It is predicted that the water flow at 1500 feet will surely be an artesian flow, and experts have affirmed this belief from the topography of the vicinity.

The company also has a smaller rig for drilling some surface water wells which rig will go to a depth of 800 feet. This association is composed of selected men in Chicago and among the stockholders, lawyers, judges, corporation presidents, druggists, doctors, farmers, and the best real estate men. The itinerary of directors gives the association a standing of unquestionable merit.

The association has applied to purchase 1920 acres of land from the State of New Mexico and will develop the same if the purchase is acceptable to the State; to a high state of improvement. The money to be invested in deep wells and other improvements at Oscuro will not only boost Oscuro but the entire county. The amount of money available is more than sufficient to assure the dropping of a well to a great depth and what will be found whether oil, water or gas will mean prosperity to this section of the Southwest.

Oscuro also has a big orchard proposition on foot. Forty acres have been planted to fruit trees this spring and the balance of 12,000 trees will be placed next fall when dynamiting of holes can be completed. The balance of these trees are now in a nursery at Oscuro.

Elias G. Raffety, the manager of the association is an enthusiast about this country and believes that with the association which will be composed of a hundred men in the east, and with the people of Lincoln county putting their shoulder to the wheel and all boosting for a greater Lincoln county that we all will soon come into the wealth and prosperity that the good people who have pioneered here are entitled.

With the mining resources, coal, agricultural and natural resources all being pushed and money being brought in Lincoln county will revive from its semi-dormant condition, which is mostly due and we might say entirely due to lack of capital for development.

Lincoln County Teachers' Association Meets in Carrizozo

The Lincoln County Teachers' Association will convene in Carrizozo on April 17th and 18th. A committee has been appointed to see that ample provision is made for the entertainment of all the visiting teachers of the county and a pleasant and profitable time is anticipated. Several distinguished school men and heads of the various state educational departments will be present with the latest ideas in education.

The following program will be rendered:

Friday afternoon, April 17th, Ball game, Capitan vs. Carrizozo.

Friday evening, Addresses by State Supt. White and Dr. Frank H. H. Roberts, of the Las Vegas Normal.

Saturday forenoon, April 18th, business meeting of the association and addresses by Supt. Conway of the State College and Miss Manette Myers, state industrial superintendent followed by organization of County Industrial Club.

Saturday afternoon, field meet at the athletic park.

Saturday evening, public address by Dr. Boyd, of State University and announcement of rural 8th. grade graduations.

A circular letter of invitation will be sent to all teachers of the county, but we wish to here emphasize a cordial invitation and welcome to all to be with us on this occasion.

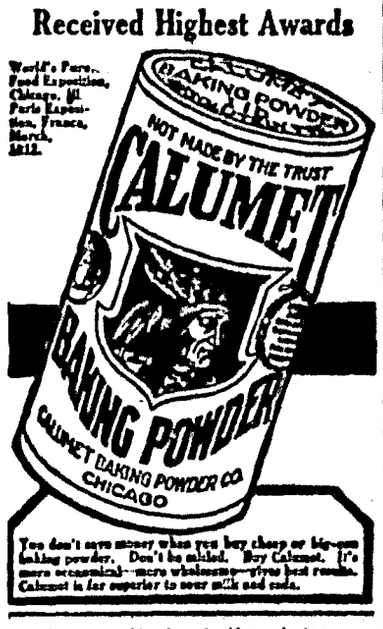
Sincerely,
ANDREW MCCURDY,
Principal Carrizozo School.

The Baking Powder Question Solved

—solved once for all by Calumet. For daily use in millions of kitchens has proved that Calumet is highest not only in *quality* but in *leavening power* as well—unfailing in results—pure to the extreme—and wonderfully economical in use. Ask your grocer. And try Calumet next bake day.

Received Highest Awards

World's Pure Food Exposition, Chicago, Ill. Paris Exposition, France, March, 1912.



You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

Testing Nephew's Knowledge.

There is a certain old German of Wilkesbarre, Pa., whose pride, like that of many self made men, leads him at times into a sort of patronizing condescension toward those things he did not "have time for" when he was making his way in life.

Upon the occasion of the graduation of a nephew, he asked

"Well, Wilhelm, vot did dey teach you up there?"

"Greek and Latin," said the boy, "and German and algebra."

"So, so!" murmured the old German. "And vot's der algebra for potatoes now?" Youth's Companion.

"CASCARETS" FOR A BILIOUS LIVER

For sick headache, bad breath, Sour Stomach and constipation.

Get a 10-cent box now.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish bowels—you always get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets to-night; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All stores sell Cascarets. Don't forget the children—their little insides need a cleansing, too. Adv.

When a girl jilts a young man she may do him a great kindness—but he doesn't realize it until later.

Red Cross Bag Blue makes the laundress happy, makes clothes whiter than snow. All good grocers. Adv.

Some men reach the top and then become dizzy.

The ELECTRICAL WORLD

TUNGSTEN LAMP IS IMPROVED

Some Applications of Light Will Be for Street Series Lighting—Ideal for Motion Pictures.

(By J. F. RANKIN, Colorado Agricultural College.)

After long and laborious research, lamp manufacturers announce that they will soon place on the market a new tungsten lamp, known technically as the nitrogen-filled lamp. Nitrogen prevents evaporation of the tungsten filament and thus allows the lamp to be operated at a much higher temperature. This means that the efficiency of the new lamp is very much higher, twice that of the tungsten lamp we are now using. At present the lamp will be available only in large sizes, 1,000 c. p. or larger. The filament employed must be short and comparatively heavy, so that the lamp must be operated at low voltage though the current through the filament is correspondingly high.

Some of the applications of this lamp will be for street series lighting, where it may soon replace arc lamps entirely for any large interior where large mounting heights are available and for projection lanterns, head lights, etc. It should be an ideal light for motion picture work.

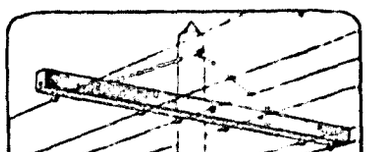
The quality of the light produced by these new lamps is nearly that of daylight. It is possible by use of a special absorption screen to reproduce daylight conditions with a consumption of two watts per candle power.

INSULATOR FOR 'PHONE LINE

Invention of Texas Man Renders Construction Comparatively Simple, Clean and Efficient.

The Scientific American in describing an insulator, invented by O. C. Meusebach of San Antonio, Texas, says:

The more particular purpose of the inventor is to provide an insulator suitable for use upon telephone and



Line Insulator.

telegraph lines, as well as upon lines for general service of various kinds, a special object being to improve the insulation of the line and at the same time to render the construction comparatively clean, simple, and in many ways efficient.

Electric Driven Ships.

Coal driven and oil driven ships are to be followed, it seems, by ships operated by electricity. The fireboats of Chicago are both propelled and steered through the crowded Chicago river by electricity; there is the new electric driven United States navy collier Jupiter, and the ship Tynemount, recently completed in England and destined to ply the waters of the great lakes of North America, is one of the largest vessels of this type. The advantage of electric propulsion, the Electric World says, is greater flexibility of control and the possibility of manipulation from the bridge.

For Electro-Magnets.

The electrolytic iron is said to be magnetized and demagnetized much more rapidly than ordinary soft iron, which, it is believed, will give it a wide field of usefulness in the construction of electro-magnets.

New Power Unit.

A new power unit, known as the myriawatt, has been favored in place of the boiler horse power unit by committees of American societies of electrical and mechanical engineers.

Big Electric Crane.

An electric crane erected in Germany for mounting machinery in large steamships has a capacity of 250 tons, while the jib is 315 feet long and can be raised to a height of 330 feet.

Municipal Electricity.

The English city of West Hartlepool claims to be the first municipality to produce electricity in its own plant by waste heat obtained from a nearby iron works.

Light for Photographers.

Photographers now receive light very similar to that through the traditional studio skylight by vapor tube electric lamps filled with carbon dioxide instead of mercury vapor.

Egyptian Irrigation.

The Egyptian irrigation department is planning to use some of the 150,000 horsepower available at the Assuan dam for the production of atmospheric nitrogen by electricity.

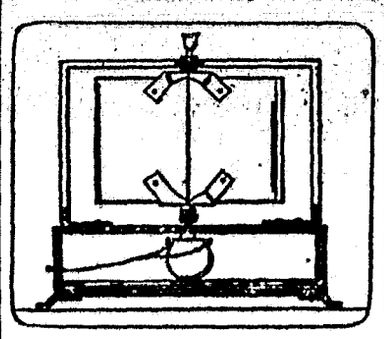
Electric Heater.

An electric heater has been designed especially to warm food for horses and cattle in cold weather.

SHIELD FOR ELECTRICAL FAN

No Direct Draught and No Danger of Injuring Fingers of Careless Person Handling It.

Only two objections have been raised to portable electric fans, and neither of these is serious. One is that there is danger of cutting the fingers on the revolving blades in a moment of carelessness, and the other is that the direct draught from these fans sometimes brings on a cold. Either can easily be avoided, but a Louisiana man has invented a fan which eliminates both risks. His fan is substantially the same as others, but around the blades is a circular piece of metal that acts as a shield and guards the flying propellers. Being open at top and bottom,



New Electric Fan.

the air escapes in these directions, and has the effect of cooling the temperature of the room the apparatus is in without directing its full force against the overheated skin of some person.

ELECTRICAL NOTES

A small, but practical, electric railway has been installed in a Paris sewer.

• • •

In France a method has been developed for obtaining casein from milk by electrolysis.

• • •

Germany now leads the world in the use of machinery directly driven by electric motors.

• • •

Seven hundred to 1,000 electric cooking ranges are sold annually in the United Kingdom.

• • •

Turning the knob over so little rings a hidden bell in a new lock for residence doors.

• • •

Southern Italy will have a $13,000,000 hydro-electric plant generating 150,000 horsepower.

• • •

Storage batteries for electric headlights for baby carriages are a Cleveland inventor's idea.

• • •

Multiplying the height of a wireless aerial by four will give its wave length approximately.

• • •

Portable electrical machinery has been invented for screening coal and loading it into wagons.

• • •

Electro-magnets operate a new sewing machine without the use of internal shafts and gearing.

• • •

Two more European capitals, Vienna and Bucharest, have been connected by a direct telephone line.

• • •

A new electric churn for household use is operated by a motor of only one-thirtieth of a horsepower.

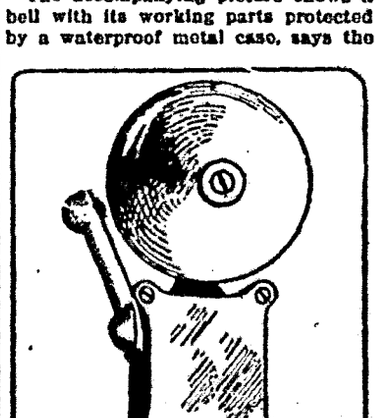
• • •

The first railroad in Prussia to use electric traction on a large scale obtained much of its equipment from the United States.

WATERPROOF CASE FOR BELL

Peculiar Appearance Is Given by the Hood Which Shelters the Metal Tapper and Its Arm.

The accompanying picture shows a bell with its working parts protected by a waterproof metal case, says the



Waterproof Bell Case.

Popular Electricity. A peculiar appearance is given to the bell by the hood which shelters the metal tapper and its arm.

Water Sterilizer.

Either gas or electricity may be used in a new water sterilizer for public places which raises the water to the boiling point, but delivers it thoroughly cooled.

Largest Church Organ.

One of the world's largest church organs is an electrical instrument at Hamburg, which has 12,173 pipes, some of which are 37 feet long.

HINTS FROM SCOTLAND

POPULAR DISHES IN THE LAND OF THE THISTLE.

MacHaggis Masterpiece Has Long Been a Favorite—Scotch Woodcock Deserves to Be Better Known—Famous Squeak.

By LIDA AMES WILLIS.

The MacHaggis Masterpiece—Take the stomach of a sheep, wash it well and let it soak several hours in cold salt water. Then turn inside out, put in boiling water, scrape quickly with a sharp knife and let it remain in the water while you proceed to clean the sheep's pluck thoroughly. Pierce the heart and liver in several places and let the blood run out; then boil the liver and lights for one and a half hours. After they have boiled fifteen minutes, pour off the water and add freshly boiling water. During the last half hour boil the rest of the pluck with them. Trim off the skin and discolored parts. Grate or crumble finely half the liver and mince the rest fine; add a pound of finely shredded suet, two minced onions, a cupful of oatmeal or half a pound of oat cakes toasted and rolled, two teaspoonfuls of salt, one of pepper, or season to taste; half a grated nutmeg and pinch of cayenne. Moisten with a cupful of good gravy or stock and the juice of a lemon, not too large. Have ready a bag made of "pudding cloth," turn it in, allowing room for its swelling; sew it up securely and drop into a kettle of boiling water. Keep boiling gently, but steadily, for three hours. Prick the bag with a large darning needle now and then to let the air escape. Serve it hot as possible, without gravy or sauce. Our authority advises a wee drap o' Talisker as an accompaniment.

Scotch Woodcock—Cut three slices of bread about half an inch thick, trim off the crust and toast quickly until a nice brown; butter both sides and spread one side thickly with anchovy paste. Arrange on a hot dish, cover and keep warm. Beat the yolks of four eggs with a pinch of cayenne pepper until they are smooth and creamy, then pour over them, stirring constantly, a large cupful of hot cream or rich milk. Stir and cook over hot water until this sauce thickens and then pour at once over the toast and serve.

Scotch Buns—Use a light raised dough, as for French rolls, working in plenty of butter. Divide into portions, as for dumplings; spread out and place in centers a walnut-sized ball of chopped raisins, almonds, citron, currants and spices held together with a paste of butter and flour. Form into round dumplings, flatten a little, notch in the side with sharp knife and let them rise quite light. Brush over with beaten egg and bake.

Bubble and Squeak—This is English as well as Scotch. As its name indicates, it is not a dish for high-toned ceremonious occasions. It is cold roast beef and cold cooked cabbage fried together in drippings of the beef.

Scotch Collops—Take a pound of the best rump steak minced fine. Heat two ounces of butter in an iron spider, turn in the meat and stir about and stew for ten minutes, then add salt and pepper and a cup of hot water or milk and let simmer gently for an hour. Thicken with a dessertspoonful of flour mixed with a tablespoonful of cold water. Let all boil up for a few minutes and serve on strips of toast. A dessertspoonful of Worcestershire sauce may be added to the collops, if desired.

Boiled rice, boiled well until it is light and flaky, eaten with thick cream and a bit of nutmeg, can well be the staple dish at breakfast for grown-up or child. The fats in the cream supplement the good qualities of the rice in just the right manner.

The charm of the winter breakfast lies in its heat. Lukewarm coffee, cold toast and an egg that is growing stiff and cool are bad enough in summer; in winter they are intolerable. A percolator is ideal for coffee-making, as it furnishes coffee always fresh and piping hot. Toast made on an electric toaster can be made just as it is wanted, and so that can always be kept hot. Eggs can be cooked in an electric or alcohol egg cooker. Of course, a hot breakfast can be served without these conveniences. Coffee can be poured from the pot in which it was made into a china pot heated with boiling water or into cups heated in the same way or it can be served in the metal pot in which it was cooked or in a silver pot. Toast can be kept hot in a chafing dish blazer, over hot water kept bubbling by an alcohol flame.

For School Lunch.

When preparing school or other luncheons, add oranges which have been skinned, divided into sections and wrapped separately in waxed paper. They are easy to eat and will take the place of liquid drink. Hard boiled eggs should be similarly wrapped for the box luncheon.

Orange Sauce.

Cook one-half cup sugar with one tablespoonful rice flour and cup water; add one teaspoonful lemon juice, one-fourth cup orange juice and grated rind of one orange.

For Your Grinder.

Glycerin is a good lubricant for the meat or vegetables grinder, because it does not leave an unpleasant odor if brought in contact with the meat.

Hoarseness

Have you got hoarseness that continues? Or do you get hoarse once in a while, whenever you get the slightest cold?

Hoarseness means a catarrhal condition of the vocal cords. The vocal cords are way down in the larynx and when affected by hoarseness should cause serious concern.

Peruna has been found to be an excellent remedy for such cases. We have received testimonials from responsible people who have been relieved of hoarseness by Peruna. Should you want to read a lot of excellent testimonials on all subjects write for the

PIONEERS OF THE FRONTIER

Red-Blooded Men and Women Were Those Who Carved an Empire From Wilderness.

No doubt the "run of the continent" has improved the fiber of the American people. Of course, the well established and the intellectuals had no motive to seek the west; but in energy and venturesomeness those who sought the frontier were superior to the average of those in their class who stayed behind. It was the pike rather than the carp that found their way out of the pool. Now, in the main, those who pushed through the open door of opportunity left more children than their fellows who did not. Often themselves members of large families, they had fecundity, as it were, in the blood. With land abundant and the outlook encouraging, they married earlier. In the narrow life of the young West, love and family were stronger interest than in the older society; hence all married. Thanks to cheap living and to the need of helpers, the big family was welcomed. Living by agriculture, the West knew little of cities, manufactures, social rivalry, luxury and a serving class, all foes of rapid multiplication.—From "Origins of the American People," by Prof. Edward A. Ross, in the Century.

A Clue.

Thornton had been taught never to tell tales, and he intended to live up to his teaching, but sometimes it was hard work.

"Thornton," said his mother one evening, "I left a dish of chocolate peppermints on my table this afternoon and there isn't one there now. Have you and Gerald eaten them?"

"I haven't eaten one," replied the boy stoutly, "but"—then he remembered he must not be a talebearer. "Well, mother," he continued, "perhaps, if—you'd better just smell Gerald, and I guess then you'll know all about it!"—Illustrated Sunday Magazine.

Then the Apparatus Is in Demand.

A visitor was being shown through a lid-lifting "athletic" club. The chief attraction seemed to be the liquid gymnastic department. However, there was a cheaply equipped gymnasium which showed evidences of disuse. There was dust on the Indian clubs and cobwebs on the dumbells.

"Don't the members ever use this equipment?" the visitor asked.

"Oh, yes, occasionally—when a fight starts," was the reply.

Nice Woman, This.

Snapp—Well, all the fools are not dead yet.

Mrs. Snapp—I'm glad of it. I never did look well in black.

LIFE'S ROAD Smoothed by Change of Food.

Worry is a big load to carry and an unnecessary one. When accompanied by indigestion it certainly is cause for the blues.

But the whole trouble may be easily thrown off and life's road be made easy and comfortable by proper eating and the cultivation of good cheer. Read what a Troy woman says:

"Two years ago I made the acquaintance of Grape-Nuts and have used the food once a day and sometimes twice, ever since.

"At the time I began to use it life was a burden. I was for years afflicted with bilious sick headache, caused by indigestion, and nothing seemed to relieve me.

"The trouble became so severe I had to leave my work for days at a time.

"My nerves were in such a state I could not sleep and the doctor said I was on the verge of nervous prostration. I saw an adv. concerning Grape-Nuts and bought a package for trial.

"What Grape-Nuts has done for me is certainly marvelous. I can now sleep like a child, am entirely free from the old trouble and have not had a headache in over a year. I feel like a new person. I have recommended it to others. One man I know ate principally Grape-Nuts while working on the ice all winter, and said he never felt better in his life."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Chicken and Oysters.

Melt two tablespoonfuls of butte chafing dish, stir in two rounded t spoonfuls of flour, half a teaspoo of salt and pepper to taste. Then a pint of thin cream or rich m Stir until smooth and thick; ad pint of cold cooked white meat chicken or turkey, or any white m such as veal or lamb cut into dice, so a pint of oysters carefully toa and drained. Cook until the oys plump up, then serve on toast wit spoonful of finely chopped, crisp ce sprinkled on top.

Miner Remembers Former Frien

Chicago.—Dr. E. S. Higley has ceived word that he has inherited 000,000 from Charles Froelich, A trallian miner, whom he befrien thirty years ago with an $800 loan Nebraska.

A Rich Man's Views.

"So you are opposed to grand op at popular prices?"

"Yes; next they'll be having te pin at popular prices and orchids bargain rates. And then what in est will a rich man have in life."

Mrs. Stevenson Scores Enemy in W

Santa Barbara, Cal.—Mrs. Rob Louis Stevenson's will, disposing of estate valued at $120,500, was filed probate here recently by Lloyd bourne, her son. Under its terms estate goes to Mrs. Stevenson's dau ter, Mrs. Isabel Strong, with instr tions to pay Lloyd Osburne $300 month for life. Another provision the will read: "To Catherine D ham Osbourne, of incredible feroci who lived on my bounty for ma years, at the same time pursuing with malicious slander, I leave $5."

THE TOTAL STATE DEBTS.

Preliminary Census Figures Show crease of Fifty Per Cent in Decade

Washington.—Preliminary figur made public by the director of t census, W. J. Harris, show that t total indebtedness of the forty-eig states of the union, less sinking fun assets, on June 30, 1913, was $342,21 000, an increase of $107342,000, nearly 50 per cent over the total te years ago.

Including sinking fund assets, th total debt amounted to $419,157,000, which sum about $19,000,000 repr sented the floating debt.

The total debt of Massachusetts, th report said, represented 23.2 per ce of the debt of all states in the Unit States. Iowa, Wyoming and Orego each had less than one-tenth of 1 p cent of the debt of all the state while Pennsylvania's sinking fund a sets, exceeded the total debt. Ne York had 25 per cent of the total fo the thirty-eight states.

LOCAL & PERSONAL

H. J. Little was here the past week from the Angus country.

Remember the Civic League dance next Thursday night.

Dr. and Mrs. J. H. Cody were here this week from Capitan.

Clay Van Schoyck was down Wednesday from White Oaks.

WANTED—Business lot centrally located. J. T. Darby, Ft. Stanton, N. M.

Les Harmon was over this week from his Texas Park ranch.

Just received a car of Steel Roofing.—Welch & Titsworth, Capitan. N. M.

Phillip H. Blanchard spent several days here this week from Blanchard Bros.' ranch on the Macho.

Something new arriving daily at Paden's.

A big baby boy arrived at the home of Mr. and Mrs. Andrew M. Purcella last week.

Just received a car of Barbed Wire, Hog Fence, Chicken Netting, etc.—Welch & Titsworth, Capitan, N. M.

J. H. McCutcheon is quite ill at the Temple Hotel. His wife and daughter are here from El Paso.

Dr. J. H. Cody, of Capitan will be at Paden's drug store, Carrizozo, Tuesday, April 21st, to treat eyes and adjust glasses.

Just received a car of Seed Barley.—Welch & Titsworth, Capitan, N. M.

The Board of County Commissioners has been in session the greater part of the week. All members of the board were present.

Alfred Harris, who has been down in the Pecos country the greater part of the past year, came up last week to visit his mother and other members of the family.

$45.00 will buy 1¼ H. P. Gallaway Gas Engine and pump jack, in good repair. See W. W. Stadtman. 3-13tf

Mr. and Mrs. Lou Major have spent the week here, on their return from Arizona to Missouri. They are guests of Mr. and Mrs. Harry B. Dawson

T. J. Guilfoil came in Monday morning to be present at the hearing of the county officials against whom presentments were made. His audit of the books in December was largely the basis of the presentments.

Dr. and Mrs. Carl E. Freeman left this week for Lubbock, Texas. They have resided here the past three years. Dr. Freeman is a veterinary in the government service and has been transferred from this point to a new station.

FOR SALE One Half Block of land in good location in Highland addition to Carrizozo. Well improved with good frame house with iron roof; six rooms and porch all finished, a good chicken house with large chicken pen fenced with woven wire, a large garden fenced and piped for irrigation with water from two windmills. Cash price $1000.00. For further information see W. W. Stadtman.

Burglary at White Oaks

LAST night the Little Casino Saloon at White Oaks was burglarized, $15.65 taken from the register and one quart of booze extracted. Entrance to the building was effected through a front window. A suspicious character, who had been hanging around the town for several days, was missing this morning. Messrs. Taylor and Van Schoyck came immediately to Carrizozo, others going in different directions, and notified Constable Adams who soon had the suspect under arrest. A part of the money was recovered, but the bottle of booze was missing; yet the autheritics feel certain, judging by the condition of the suspect, that if they had a stomach pump most of the booze could be recovered.

Where to Worship

Baptist Church

HERBERT HAYWOOD, Pastor

EASTER SERVICES; SPECIAL SONGS

Bible school at 10 a. m.

The subject of the morning sermon at 11 o'clock will be: "The Resurrection—Its Place in the Christian System". Last year there were many expressions of appreciation of the good work done by the choir, and this year both morning and evening the Easter or Resurrection hymns will be repeated with several others added. In the morning will be a special item by a Ladies' Quartet, "The Resurrection," by Mrs. Haywood, and a chorus, "I am He that Liveth."

The significance of the Resurrection will be discussed at the night service, 7:45, and the special music will consist of: "Up from the Grave He Arose," by the chorus; Solo: "Palm Branches;" and "Christ hath Risen,"—chorus.

Woman's Missionary Union meets every Friday afternoon at 3 o'clock at the church house. Midweek service on Wednesdays at 7:30 p. m. and Young People's Meeting at 6:45, Sunday nights.

You are cordially invited to all of the services. Come and worship with us.

Methodist Church

JOHN W. HENDRIX, Pastor.

This coming Sunday is Easter Sabbath, the day we hold sacred as the day on which Christ arose This is Lent and Passion Week We have observed none of these occasions, Lent or Passion week, so let us come together next Sunday to observe the sacred Easter

Sunday school at the usual time, 9:45 a. m

The sermon will be on the "Resurrection." We will examine the evidence in the case. We will gain our strongest convictions in the case not by simply ascent but by a careful enquiry into the nature of the evidence. If the Associated Press were to relate such a strange happening how difficult it would be for us to believe. The point we wish to make is, that several centuries ago in the city of Jeruselem "Christ Arose"

Morning music: Anthem, "Welcome Happy Morning," by the choir.

Song, "Christ Arose," by the choir

Hymn, "Lift Your Glad Voices on High."

Solo, "Victor Immortal," by Mrs. Hendrix.

Evening services: Anthem, "Christ the Lord is Risen Today," Duett, (Selected)

Song, "Christ is King," by choir, Solo, by Mr. McCurdy.

Sermon, Theme, "Those Who Have Fallen Asleep, Where are they and Why?" Suppose you take changes and come We will do everything possible to make these services interesting to you. In fact, we need to get away from the world at least these few moments during the week. You are welcome. Come.

PIGS FOR SALE—Each $2.50 and up. H. E. Keller, on Loma Grande, Mesa; P. O. address, Nogal, N. M.

Dancing School

Each Tuesday night at Oscuro; Wednesday night at Bank Hall Carrizozo; and Friday night at Capitan. All of the latest dances taught.

MRS. J. H. CODY,
4-10-tf. Instructor.

Robert H. Taylor, Postmaster

WHITE OAKS is to have a new postmaster. Robert H. Taylor has been appointed to succeed Lee H. Rudisille who has held the position for many years. The many friends of Mr. Taylor, who is well and favorably known throughout the county, congratulate him upon his appointment.

Paden's—for pure drugs and drug sundries. A nice clean stock.

HOUSES FOR RENT
W. W. STADTMAN.

Moving Pictures

CARRIZOZO is to have a picture show. Geo. J. Dingwall and A. E. Williams are the promoters. They have overhauled the boiler and engine at the ice plant from whence their power will be derived, have installed a motor, and for the first time in the history of the town electricity will be used on "movies." They will erect an airdome on the street running west from the Stevens Livery Stable, and will pull off two shows a week—Wednesday and Saturday nights—with a double show Saturday night. The premises will be lighted by electricity and first class pictures will be shown. The admission price will be 15c for adults, 10c for children.

Mail Box Installed

A mail box has been installed by the department at the depot. It is for the convenience of those desiring to mail letters after postoffice hours, and will be the means of affording quick service to those who have late letters to mail. The mail clerks will take up the letters on each mail train and route them in accordance with directions thereon.

School Notes

To those of our friends who were approached with tickets for an entertainment at the school house Saturday night, we wish to say that we are deeply interested in the boys and their plans for the summer, but that the school has nothing to do with this entertainment, has never seen the performance rehearsed and therefore cannot vouch for its merit. We are sorry if anyone bought tickets expecting this to be a school entertainment. We hope that the performance will be a good one but we cannot guarantee anything except that the boys are from the 4th and 5th grades and doubtless amateurs. Mr. Haley, of the News was kind enough to print these tickets complimentary, and we hope the boys get the tent for which the entertainment is given but the performance is not for the benefit of the school, and you buy tickets to help a few of the boys and not for the school, as the form of the tickets has doubtless led some to believe

Respectfully,
ANDREW MCCURDY

Do you enjoy good, fresh, pure Candies?—Call at Paden's.

Mrs. Clement Hightower Dies

NEWS reached here Friday night of the death of Mrs Clement Hightower. She died at Fort Stanton to which point she had been taken for treatment. Mr. Hightower was in Socorro at the time of his wife's death, and wired for the body to be shipped to that point for interment. The remains reached here Saturday night accompanied by Perry, a son, and were shipped on Sunday morning's No. 1, the son going to Socorro with the dead mother

The Hightowers have resided in the Capitan county for about twelve years, having came from Socorro county, where they lived for many years. The family is well known throughout the county and the sympathy of many friends is extended to the surviving husband and children.

CAPITAN, NEW MEXICO

Will Present Play Soon

THE local dramatic club, as has been stated heretofore, will present a play at an early date. The members are putting out of consistent, hard work to the preparation of the play, and as soon as justified will announce the cast of characters and the date of the presentation. The club has two worthy purposes—to entertain and to devote the proceeds to some charity. Don't fail to attend

Civic League Dance

THE CIVIC LEAGUE will give a dance at the Bank Hall next Thursday night, April 16. The purpose of the dance is to raise more funds to be applied on the spring clean-up of the town. The league already has a neat sum for this purpose, but desires more in order to make a thorough job. This organization has accomplished much for the town and should have the encouragement of all in its commendable efforts.

Court Still Grinding

THE District Court for Lincoln county will have been in session five weeks tomorrow. This week has been given over to the sheriff removal matter. A jury was easily secured and the evidence all in by Wednesday afternoon. At the conclusion of the testimony, the state moved for an instructed verdict. This motion was argued at length and was, yesterday morning, denied by the court. A special charge was then prepared by the court and delivered to the jury this morning, after which the arguments began. The case is, quite likely, in the hands of the jury while this form is on the press. The next case is a similar one, a presentation against the county clerk, which will probably take as much, if not mare, time than the hearing against the sheriff.

The School Election

IF a stranger had dropped in upon us Monday and witnessed the activity that was displayed in the school election here he could not have been blamed for assuming that a question of national import was being settled at the ballot box. Automobiles, hacks and pedestrians were dashing to and fro and the town and country was out in full force.

It was only a school election, but, at that, the lines were quite sharply drawn and the efforts put forth by the advocates of each candidate were unabating. One school director was to be elected for a period of three years. A number of citizens had induced D. S. Donaldson to become a candidate and his candidacy was announced some two weeks ago. Other citizens prevailed upon M. B. Foreman to allow his name to be used. Therefore, two separate tickets were presented for the suffrage of the people, each [illegible] the interests involved in the organization involved were [illegible] partaken by [illegible]. The Donaldson [illegible] to satisfactory [illegible] school and no desire [illegible] along present lines [illegible] road, more by [illegible] than by pub[illegible] proposed some [illegible]. Arguments of [illegible] and, like all [illegible] discussion the heat of [illegible] was given a [illegible]

[illegible] too, became interest[illegible] a record vote was [illegible] of which Mr. Donaldson [illegible] 245, Mr. Foreman [illegible] 177.

Since the roar of battle have [illegible] we trust, and hope, that the voters are all good Americans and will unite with the [illegible] whatever ill feeling might have been engendered [illegible] for a still better [illegible] progressive school than [illegible] ever had.

Forest Homesteads

DURING the month of March, 1914, a tract of 2[illegible] acres of land within the Lincoln National Forest, New Mexico, were listed with the [illegible] of the interior and will shortly be opened to entry under the forest homestead [illegible]. The land thus listed was applied for individually by one applicant, and was examined by a forest officer and found to be more valuable for agriculture than for forest purposes.

The person whose application within the Lincoln National Forest was favorably acted upon during the month of March is:

Frederick Beiter, Nogal, New Mexico.

Educational Rally at Capitan

IN line with the plans of the county superintendent for a series of school rallies in Lincoln county, arrangements have been made for such a meeting at Capitan on Wednesday, April 15, 1914. Dr. Frank H. H. Roberts, the president of the New Mexico Normal University at Las Vegas will visit the County High School on that date and will give a public address in the interest of public education in the evening. Dr. Roberts is one of the ablest and best known school men in the southwest. He is an excellent speaker and we can assure the public that his address will be a delight and an inspiration to all who hear it. We are in correspondence with State Superintendent Alvan N. White also and it is quite possible that he will be with us at the same time although we cannot make definite announcement in regard to Supt. White at this time.

Everybody is cordially invited to attend this meeting. No admission will be charged. Don't forget the date, Wednesday, April 15, 1014, at the County High School building in Capitan.

CHAS. L. SCHRECK,
SUPT. COUNTY HIGH SCHOOL

The Smoker

A large number of the citizens of the town and surrounding country assembled at the beautiful home of Mr. and Mrs. H. B. Hamilton Monday night, the occasion being a "smoker" in honor of Judge Edward L. Medler. Forty-five guests were present and a very delightful evening was passed. Cigars and conversation were kept going during the evening, interspersed with music and some comic recitations, and at 11 o'clock an elegant two course lunch was served. Mrs. Hamilton was assisted in serving the lunch by Mesdames Watson and Fairbanks, Louis Adams, and her two sons, Wayne and Mayo. The guests lingered until midnight, the honor guest, host and hostess being highly complimented on their success as entertainers.

Corona School Picnic

WHAT has been aptly termed a pedagogical picnic is to be pulled off at Corona on the 20th inst. The Corona school district, in this county, and the Varney school district, in Torrance, have united in the effort and Corona has been selected as the place for the "doings." State Superintendent White, Assistant Baca, Dr. F. H. H. Roberts, president of the state normal, County Superintendent Burt of Torrance county and Mrs. Wallace L. Gumm, Lincoln county's superintendent, are all scheduled to be at Corona on the 20th and to deliver addresses. The railroad has made a rate of one and one-fifth fare for the round trip, and a large attendance is expected.

Former Lincoln County Officer Active

P. C. BAIRD, formerly an officer and citizen of this place, but now sheriff of Mason, County Texas, made a lucky "catch" of two yeggmen near his home last week. The postoffice at Fredonia, his county, had been robbed and Sheriff Baird, accompanied by a deputy struck the trail of the yeggmen. At a little station on the Frisco, twenty-five miles above Brady, the suspected parties were caught. On the persons of the two men captured most of the money taken from the safe was found, some of the currency identified by number and, in addition, a kit of burglars' tools and some nitroglycerin were found. The yeggmen were heavily armed, and had the appearance of desperate characters, but their capture was effected without a fight. Old friends of Sheriff Baird are glad to hear that he is making good.

Notice to Bidders

NOTICE is hereby given that the Board of County Commissioners of Lincoln County, New Mexico, will receive sealed bids, said bids to be opened on the 1st day of June, 1914, to furnish the court house at Carrizozo, New Mexico, with the following:

- 12 Jurors' Chairs.
- 1 Desk, or Stand, for the Judge.
- 1 Swivel Office Chair for the Judge.
- 12 Chairs for Clerk and Bailiff.
- 2 Tables, 6 ft. x 30 inches.
- 1 Table, 4 ft. x 30 inches.
- 20 Benches, 9 ft. long.

Bidders are requested to submit bids on various styles of manufacture and material.

A certified check in the sum of Fifty Dollars ($50.00) must accompany each and every bid.

The Board reserves the right to accept or reject any bid.

MELVIN FRANKS,
Chairman Board County Commissioners, Lincoln County, N. M.

Restoration to Entry of Lands in National Forest

Lists 3-3018, -3019, -3020, -3021.

Notice is hereby given that the lands described below, embracing 344.47 acres, within the Lincoln National Forest, New Mexico, will be subject to settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906 (34 Stat., 233), at the United States land office at Roswell, New Mexico, on June 2, 1914. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to June 2, 1914, on which date the lands will be subject to settlement and entry by any qualified person. The lands are as follow: The SE¼ NE¼, Sec. 25, T. 11 S., R. 14 E., Lot 2, Sec. 30 T. 11 S., R. 15 E., N. M. P. M., 74.41 acres, listed upon application of Charles N. Allen, Ruidoso, New Mexico; list 3-3018. The S½ SE¼, Sec. 1, the W½ NE¼ Sec. 2, T. 2 S., R. 11 E., 160 acres, application of L. J. Bryan, Holloway, New Mexico; List 3-3019. The NE¼ SW¼, Lot 3, Sec. 19, T. 7 S., R. 16 E., 80.06 acres, application of Nicolas Chavez, Capitan, New Mexico; List 3-3020. The SE¼ SW¼ SE¼ Sec. 26, the SE¼ NE¼ NW¼, the NE¼ SE¼ NW¼, Sec. 35, T. 7 S., R. 15 E., 30 acres, application of T. H. Shoemaker, Capitan, New Mexico; List 3-3021. March 12, 1914, C. M. BRUCE, Assisstant Commissioner of the General Land Office. 3-27-4t

Notice for Publication

MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs"

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

Out of Date.

"Isn't she graceful?"

"Yes, but horribly old fashioned. The slouch is all the style nowadays

BABY HAD PAINFUL ECZEMA

R. F. D. No. 1, Lucerne, Colo.—"About two years ago my baby, who was about four months old at that time, was afflicted with eczema which at first appeared on the back of the neck and kept constantly enlarging. The eczema broke out in a rash at first and it was small and rough and very red. It itched and burned so much that he could not sleep well, continually turning and twisting his head as the eczema was on the back of his neck where he could not get to it to scratch well. But in rubbing so much it became red and almost raw. It seemed very painful as the child fretted constantly. After some time a similar trouble appeared on the cheeks.

"At last a friend advised me to try Cuticura Soap and Ointment. I sent for a sample and this did so much good I bought a cake of Cuticura Soap and the Cuticura Ointment. I used them according to directions and it was only a month until the eczema was apparently well and it soon entirely disappeared and has never returned." (Signed) Mrs. Carrie M. Brown, Mar. 28, 1913.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. L, Boston."—Adv.

WHAT $10 DID FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. Mattie Haley, 501 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

TO GET PERFECT CHOCOLATE

One Way Recommended Is to Mix It With Sugar Before Cooking—When Cocoa Is Used.

If you have difficulty in cooking chocolate with any liquid so that it is smooth and without lumps, try always mixing the chocolate with sugar before cooking it.

For hot chocolate, for instance, shave the chocolate, melt it, add sugar, let the sugar melt and then add milk and water.

For chocolate sauce for puddings and ice cream melt the chocolate—in a double boiler, of course, so that it will not burn—add sugar, melt that, and then add the water. One recipe for this sort of sauce says to melt the sugar in the water and to boil them together for ten minutes, then to add them to the melted chocolate. But it is better to melt the chocolate, add half the sugar, boil the rest of the sugar with the water for ten minutes, and then add this syrup to the sugar and chocolate. The sauce made in the first way is smooth if you use great care in mixing the syrup and the chocolate. Made in the second way it is practically sure to be smooth.

In many cases cocoa can be substituted for chocolate in cooking. In blanc mange, for instance, cocoa can be used. So can it be used for cake filling and for chocolate sauce. When it can be used it can be more easily mixed with other ingredients than chocolate, for it is part sugar.

RECIPE FOR PLANKED STEAK

Served With Duchess Potatoes It Is an Ideal Dish for Dinner or Luncheon.

Wipe, remove superfluous fat and parboil seven minutes a porterhouse or crosscut of the rump steak, cut one and three-fourths inches thick. Butter a plank and arrange a border of duchess potatoes close to edge, using a pastry bag and rose tube. Remove steak to plank, put in a hot oven and bake until steak is cooked and potatoes are browned. Spread steak with butter, sprinkle with salt, pepper and finely chopped parsley. Garnish top of steak with saute mushroom caps and put around steak at equal distances halves of small tomatoes saute in butter, and on top of each tomato a circular slice of cucumber. You can use potato balls, small onions, peas and carrots diced as a garnish.

Duchess Potatoes—To two cups hot riced potatoes add two tablespoons of butter, one-half teaspoon salt and yolks of three eggs slightly beaten. Shape, using pastry bag and tube. Brush over with beaten egg diluted with one teaspoon water.

Braised Beef and Carrots.

Select a nice piece of brisket or shoulder and have the butcher cut it into suitable pieces for serving, rejecting superfluous fat. Heat a little dripping or bacon fat in a kettle, toss in the meat and sear it quickly on all sides, than let it simmer until all the juices that have been liberated at first are absorbed again. Now see that the meat is actually browning, but do not let it scorch. Season with a grated onion, salt and pepper, then pour on enough hot water to make a nice brown gravy, almost covering the meat. Cover and let simmer about two hours, then add scraped carrots, sliced lengthwise, laying them on top. In about an hour everything should be tender. However, this depends somewhat on the age of the beef. When serving take up the carrots and place in center of plate, thicken gravy with a little dissolved flour, boil smooth, then pour around carrots.

Table Linen Note.

Breakfast or luncheon cloths are now embroidered in colors to match the china used. Some of the gaily flowered sets in use at present suggest an appropriate embroidery design, while the china is an easy model for the woman who can do her own stamping.

For Burnt Pans.

To clean cooking utensils save your eggshells, and when you burn anything in your granite pans or anything sticks badly, use the eggshells to scour the pans. Take a bunch of shells and rub over the burned part and see how quickly all trace of burned food is removed.

Making Orange Stick Handy.

Fasten the orange wood stick to the side of the washstand by a cord. Children are less likely to forget when the "cleaner" is handy, and the nails also clean more easily when the hands are moist.

Frankfort Sausages.

Boil the sausages in mild beer or water (gently) enough to cover them for three-quarters of an hour, then fry for 15 minutes in butter; serve, garnish with water cress and sweetened apple sauce. Time, one hour.

Brownie Muffins.

Stir together one pint of milk, a small piece of butter, one tablespoon of sugar, a pinch of salt, one egg, one-fourth yeast cake and flour enough to make a thick batter. Set this to rise over night, and in the morning bake in tiny or toy muffin rings or pans.

When Frying Eggs.

When frying eggs if you do not want the white to spread over the pan put a pastry cutter into the pan, pour the egg into this and it will keep in a nice shape.

TALES TOLD OF ULSTERMEN

Bull Worthy of Any One From the County of Cork—"Canny" About Marriage Fees.

The Ulsterman is not incapable of a bull, says the British Weekly. It was an Ulster marquis who endeared himself to his tenantry by the memorable bull uttered in his speech at an agricultural dinner: "I wish my farmers would use iron plows, because they last forever, and will afterwards sell as old iron."

It was an Ulsterman who at a funeral observed the awkward work of an unaccustomed hand, and exclaimed as he seized a shovel: "I wasn't seven years courting a sexton's daughter without learning to sod a grave."

No matter how large the bride's fortune, the Ulsterman generally grumbled over the marriage fee. "Wouldn't half a crown timpt ye?" asked a bridegroom of the officiating minister when the clerk demanded the usual five shillings.

GAS, DYSPEPSIA AND INDIGESTION

"Pape's Diapepsin" settles sour, gassy stomachs in five minutes—Time It!

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it.

Pape's Diapepsin is noted for its speed in giving relief, its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any dealer and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

Brilliant Idea.

Young Mother—I really don't know why he cries so.

Bachelor Friend—Perhaps it is his teeth coming through.

Young Mother—Maybe it's his hair coming through that hurts him!

If you wish beautiful, clear white clothes, use Red Cross Bag Blue. At all good grocers. Adv.

The secret of getting a hearing is in having little to say.

Ugliness a Qualification.

Some bygone housewives appear to have regarded ugliness as a quality to be desired in their servants. When Eliza Coke, daughter of Coke of Norfolk, was about to marry, she wrote to her prospective mother-in-law: "Pray, have the goodness to decide as you think best about the pretty housemaid. I wish she were less pretty and less fond of dress, but if her conduct and principles are good neither are really objectionable faults. I think our establishment will be a pattern of morality, particularly if Mr. Stanhope engages the squinting butler and the terrible house maid he mentioned to me."

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make It Soft, Fluffy and Luxuriant—Try the Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any store and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all. Adv.

He Had Experience.

Once upon a time a small boy about three years old was taken to the church to be baptized. As soon as he caught sight of the bowl of water in the minister's hand he remembered his antipathy for the bathtub and straightened himself up for the attack.

When the minister approached him, reverently dipping his hand in the water, the little fellow said:

"If you put soap in my eyes I'll bus' you open."—National Monthly.

The principal reason why the old times seem good is that people were content with less.

Your family Doctor can't do more for your cough than Dean's Mentholated Cough Drops; "they cure"—5c at Druggists.

It is hard to forgive our enemies when they have us by the neck.

DROVE GUORMET TO SARCASM

Evidently French Restaurant Wine Was Not Exactly the Quality He Had Ordered.

William E. Corey praised at a Pittsburgh club the wines of California.

"Our California wines," said the steel magnate, "are much better than wines of a similar price in France, for French wines are so adulterated today that even a high-priced one often tastes like burnt sugar and water."

"But the fine wines, the 'grand cru' wines are wonderful," a young banker interrupted.

Mr Corey shook his head.

"Not always," he said. "A friend of mine, a gourmet with whom I lunched not long ago at a fashionable boulevard restaurant in Paris, ordered a bottle of very old celebrated Margaux. Pouring out a little of the wine and rolling it on his tongue in true gourmet fashion he made a wry face.

"'Waiter' he demanded. 'What wine is this you brought me?'

"'It is what monsieur ordered,' was the reply 'Margaux 1895, grand cru'

"'Humph,' sneered by friend, 'how lucky it is to be so old and to conceal its age so well.'"

So Obedient.

Stealthily Light-Fingered Sam slipped up behind the strolling pedestrian.

"My doctor said I needed a little chance, didn't he?" he murmured to himself.

And then he took it.

Pettit's Eye Salve FOR EYE DISEASES

W. N. U., DENVER, NO. 11-1914.

Banish the "Blues!"

If you have that depressed feeling it's more than likely that your blood is out of order—impoverished or poisoned.

There is only one thing that will alter your present condition—that's to restore your stomach to normal health and strength. For a weak or diseased stomach cannot make good blood. If your digestion is bad your food will not make the good blood which nourishes body, brain, heart and nerve.

Dr. Pierce's Golden Medical Discovery

helps the stomach to do its work naturally and properly. Stimulates the liver. The system is freed from poison. The blood is purified. Every organ is rejuvenated. Instead of the "Blues," you feel fit and strong, equal to any task or up to any pleasure.

This great remedy has proved its worth year after year for over *forty* years. Let it prove its worth to you. Sold by medicine dealers in tablet or liquid form or send 50c for trial box by mail.

Send 21 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, cloth-bound. Address Dr. R. V. Pierce, Buffalo.

Great Meat Eaters

ONE reason for the high prices of meat is very clearly shown in the following article on meat consumption, taken from a government bulletin

The only countries reported as having a greater per capita consumption of dressed meat than the United States are the Australian Commonwealth and Argentina. These, it is well known, are countries of sparse population and vast herds and flocks, hence meat is exceedingly cheap and the native consumption large and probably wasteful

The per capita consumption of meat for Australia and Argentina is estimated to be in the neighborhood of 250 pounds per annum; it may possibly be even greater. The corresponding consumption for the United States was computed by the United States Bureau of Animal Industry to be 172 pounds in 1909, and it is estimated to be about 10 pounds less at the present time This is much greater than the British consumption, the largest in Europe, which is slightly under 120 pounds per inhabitant per annum.

Gentry Bros. Famous Shows Coming

WILL GIVE TWO EXHIBITIONS IN CARRIZOZO, FRIDAY, APRIL 17.

AFTER an absence of several years Gentry Bros. famous shows which are so well known and so well liked, will exhibit in Carrizozo on Friday, April 17, for two performances.

Next to Santa Claus comes the Gentry Bros. Shows in the hearts and minds of the children, and to them, at least, this event will prove of more importance than any happening of the year.

There are many "grown up" for that matter, who enjoy themselves more at a Gentry performance than they do at the bigger and more pretentious circuses. Distinctly in a class by themselves, Gentry Bros., hold a warm spot in the hearts of all amusement lovers.

It is a high toned, moral and entertaining exhibition and appeals especially to ladies and children. This is the first visit to Carrizozo of these world renowned shows and every citizen of the community should attend at least one of the two performances to be given here. One of the many big features to be seen will be a "monkey fire department, and another feature is the "monkey barber shop."

The big free street parade, which is said to be the prettiest pageant ever seen on the public streets takes place daily at 11 o'clock.

At one o'clock the doors will be opened for the first performance, which begins an hour later, and for nearly two hours thereafter an ever changing kaledioscope of novelties and entertaining features, too numerous to mention, will be presented. Another performance will be given at night, the doors opening at 7 o'clock the performance beginning at 8 o'clock.

Restoration to Entry of Lands in National Forest
Lists 3-3022, -3024, -3068.

Notice is hereby given that the lands described below, embracing 257 acres, within the Lincoln National Forest, New Mexico, will be subject to settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906 (34 Stat., 233), at the United States land office at Roswell, New Mexico, on June 2, 1914. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to June 2, 1914, on which date the lands will be subject to settlement and entry by any qualified person The lands are as follows: The S½ SE¼ Sec. 34, T. 11 S., R 15 E., N. M. P. M., 80 acres, listed upon application of Leslie Avent, Ruidoso, New Mexico; List 3-3022. The N½ SE¼ SE¼, the S½ NE¼ SE¼, Sec. 6, T. 9 S, R 17 E, 40 acres, application of Steve A. Pearce, Lincoln, New Mexico; List 3-3024. The E½ NW¼, the NE¼ SW¼, the E½ NW¼ SW¼, Sec. 25, T. 7 S., R. 15 E., except a strip of of land 50 links wide off the east side, the net area being 137 acres, listed upon application of Harvie Titus, Meek, New Mexico; List 3-3068. March 12, 1914. C. M. BRUCE, Assistant Commissioner of the General Land Office. 3-27-4t

Selected Hams and Bacon!
Our sugar-cured Hams and Bacon are far superior to what are generally sold. Fine enough to tempt the palate of an epicure. Talk about
Beef, Pork and Lamb
What we offer is simply perfection. It is tender, juicy and toothsome.
