GREED FOR MONEY.

There are many who hold to the conviction that men love money more now than they did many years agone, but such as hold that impression have forgotten their early teaching. Ancient history abounds in revelations touching the venality of men and their love of "filthy lucre." The only difference, perhaps, is that the price of treason and perfidy is greater now than in days of old. We doubt not that had Christ postponed His coming until this generation, instead of His betrayer receiving but thirty pieces of silver he would have placed in his itching palm more than that many thousands.

Then, too, take in view our own country and times. It has been authenticated that during the term of Martin Van Buren as President of the United States, the Government lost more through the peculations of his henchmen in New York than it has through all of it's defaulters the past thirty years.

Then look back to the pages of our history containing the names of men reputed to be leaders and moulders of public sentiment and political policy. Beyond doubt or cavil they show and prove that they were like guide posts which point the way but never follow it. We need go no further back than to Daniel Webster, the greatest of the great. Suspicion was in many a case made doubly sure in his case, and as little character for probity went down to the grave with him as with the foxey Van Buren.

Let us step from American to Irish politicians for a moment.—John Mitchell came here with a flourish of trumpets as a champion of freedom, whereas he was here but a short time before he gave expression to the wish that he had a well stocked plantation of negroes in Mississippi, and thereafter became the apostle of slavery—of money. D'Arcy McGee, as able a writer and speaker as the "old sod" ever produced, came to this country, spoke and wrote fervidly and eloquently against England and English rule, but in a short time he visited Canada, accepted office under the Crown, and became the foremost of loyalists. All for money and office.

Then look at the hundreds of thousands of dollars contributed to prosecute Fenian wars. What became of the money? All but a trifle of it went into the pockets of men who in the name of "patriots" stole it.

But it has only been recently that any save the "vulgar herd" were sent to prison. Now our prison doors swing open to receive "gentlemen of cloth," men whose names have for years blazoned at the mast-heads of prominent journals as editors, state [illegible] in the [illegible], politicians [illegible]

that they could make or unmake men, legislators who made laws with the same facility they exhibited in breaking the laws of God, bankers, etc.

Rich men, the country over, have invested their wealth in the manufacture of whisky, and being detected in running "crooked" have had their property confiscated, and now see the god of day only as it peers upon them through grated windows. Their wealth has turned to ashes, their wives left worse than widows, and their children poorer than orphans

Man, at best, is a short lived creature, he has but few years to live, and it passes comprehension how he will plunge his soul in infamy, and risk the transmittal of a smirched name as heritage to his children and heir loom to his wife through greed for money. The tears of survivors who visit their tombs are driven back by the reflection that dishonor reposes in their charnal homes, and the heart grows sick as it looks heavenwards and contemplates the status of the departed in the realms of life beyond the valley. Better, far better a narrow house in Potter's field upon which angels can look without averted faces, than a guilty form in rosewood coffin inlaid with satin and fine linen.

The Home Magazine of Washington, D. C.

The fourth volume of this popular monthly MAGAZINE begins with the issue for November.

Among the contents of this number is chapter first of a new serial from the pen of Harriet Prescott Spofford, entitled "ONE TOO MANY." 'Tis well illustrated and will run through three or four issues.

Mary Hartwell Catherwood's two-part story, "The Mill at Petit Cap," is concluded in this number.

Mrs. Logans article for the month is especialy interesting. She writes of the re-election of Lincoln.

There is an excellent short story by Ella W. Peattie, entitled "AN AUTUMNAL WOOING."

The article in the Gentle Art of Beauty series treat of the teeth. This article is alone the price of THE HOME MAGAZINE for a year.

The Dining Room department for the current number give many valuable recipes, and a menu for a Thanksgiving dinner.

Miss Pruden gives in the Floral Department an interesting illustrated paper on the famous lily, the Victoria Regia, exhibited this fall in the basin of the Bartholdi fountain in the Botanical Garden, whose leaves, as they floated upon the water, were of such size that they would bear up a child.

Over two and a half pages are devoted to Christmas Presents. These show how to fashion many articles suitable for gifts.

From the Eastern Mining News.

The White Oaks Mining District

The White Oaks mining district Lincoln county, New Mexico, owes its discovery to a man by the name of Baxter, a veteran prospecter, who found placer gold in the gulch and his name is attached, not only to the gulch, but to the mountain in which the quartz mines were afterwards found. When I first saw Baxter in 1880, he was limping from a bullet wound, a messenger from an Apache's rifle, and a few years later he found they had a truer aim, and he was numbered among the victims of these border imps. In 1879 a few miners were eking out a scant living from these placers which could only be worked with rockers, and water had to be brought a long distance. One day a man by the name of Wilson, one of the party, was hunting a deer on the mountain side. He found a quartz cropping and broke a piece off with his gun-stock. This showed free gold.

Wilson was very anxious to leave the country, which was then overrun by hostile Apaches, and when one of his companions by name of Winters, offered to give him a few gold nuggets and some other trifles, all valued at about $40, he accepted and left. One day Winters took his pick and shovel and went to his recently purchased property. As he afterwards told me, when he went to break off the yellow quartz croppings which stood out a foot or so above the surface, it hung on, as he thought, by the grass roots; the grass roots were wires of gold, and the first day's work showed gold ore which assayed up into the hundreds of thousands of dollars. The news of the find soon got noised abroad and caused a great rush to White Oaks, which has resulted in the up-building of a prosperous town and camp. Winter's gold was sufficient to keep him full of whisky until he went off to that country where the streets are currently reported to be paved with gold. The mine he opened up is now worked on the 1,000 ft. level.

ADVICE TO MOTHERS.
MRS. WINSLOW'S SOOTHING SYRUP, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhea, griping in the bowels, and wind-colic. By giving health to the child it rests the mother. Price 25c. a bottle.

"Why, Jhonny, how is this! Willie is crying very hard, and says you've been piching him and pulling him all around the yard."

"Well mamma, I should think I had good cause."

"Pray, what was that?"

"Why, he said that he liked you a great deal better than I did; and I liked you two years before he was ever thought of."

"John, what does bigamy mean?"

"It means when a man has a number of wives, or, for that matter, one wife too many."

"I thought it was something like that," was her comment.

"Still, you know my dear, a man too much married can find one wife too many and not be a bigamist."

Winter is near at hand.

FROM WASHINGTON, D. C.

Washington, D. C.
Nov. 5, 1891.

MY DEAR MAJOR:

Grand Army Posts and members are securing accommodations here for themselves and friends during the encampment here next year. Several spacious buildings have been rented by Posts from Philadelphia, St. Louis, New York, Cincinnati and other large cities. The committee here are now very busy preparing for the event and appearances indicate that it will be the largest gathering of the old soldiers since they were mustered out. Many comrades are sinking a small sum weekly so as to have sufficient funds at their disposal when the time comes for them to go. I think it will be a very large gathering and those who fail to come will miss the treat of their lives.

All are rushing where I am preparing for the meeting of the "Hayseed Congress" as the next session is called here. All the reports are being printed and the 3,500 employees of the Government printing office are very busy just now. Otherwise the city is quiet.

I am always glad to get the LEADER, no matter how little you put in it.

BEN. HENRY.

A disreputable man died at Emporia, Kansas. A clergyman said he could say nothing about the deceased, as he had'nt known him when alive, but would be glad to hear from anyone in the congregation. There was no response; until finally one old fellow who occupied a back seat arose and said: "If no one has anything to say about the corpse, I would like to make a few remarks on the subtreasury."

Prisoner, said Judge Cowing, you are charged with gambling

Gambling! What is gambling?

Playing cards for money

But I did not play cards for money. I played cards for chips.

Well, you got money for your chips at the end of the game, did'nt you?

No; I did'nt have any chips at the end of the game.

You are discharged.

Do not depend on the printer. Printers are poor helps to the advertiser, as mere carpenters are to the architect.

Neither depend upon the lithographer, nor upon any one whose interests are allied to one kind of work. To the printer or lithographer there is no advantage outside of printing or lithographing. Patronize your home artisans.

Thanksgiving Day will surely be here on the 26th day of this month. It is to be hoped there'll be turkeys or chickens mixed with it.

Progressing Favorably.

Under the above caption the Las Vegas Optic of Tuesday last, says:

"The best of news comes from the surveying corps under Horace G. Ropes. They are making better progress than was anticipated, and are finding good crossing places at all the difficult points. They have crossed the Pintada, and from now on they have plain sailing to White Oaks.

H. P. McCrickett was in the city Saturday. He had completed the preliminary reconnoisance between this city and Trinidad, and announced that he found no engineering difficulties in connection with the Ocate mesa, which many regarded as the most difficult part of the line this side of the Raton mountains. He left for Trinidad, where his corps will be organized this week, and where the outfitting will be done.

On the morning train F. Meredith Jones, Carl W. Wildenstein and C. W. Wiley left for Trinidad the first two to take part in the surveying work, the last to arrange for the furnishing of transportation.

It will thus be seen that the work of the preliminary survey is being pushed as fast as possible, while everything in connection with the work is perfectly satisfactory.

A young man of ability, but not of much means, was talking about starting a new paper, and was telling a friend about it.

"You can borrow $50 and start a new paper," said the friend encouragingly.

"You darned fool!" replied the would-be journalist; "if I could borrow $50 what would I want to start a paper for! I want to start a paper so I can borrow $50.

Old Bullion—What's the matter now!

Wife (pouting)—You have not kept your word. You said, before marriage you'd do anything in the world to please me.

"Yes."

"You said you would gladly die for me."

"Y-e-s."

"Well, but you don't."

Spasmodic advertising is the most costly. [What would you think of a person boat rowing who turned around every few strokes to see how far he had gone!]

Boys, beggars, tramps and people who never buy anything are usually the ones who solicit free advertising matter.

Never go into advertising without a plan, and if you cannot make a plan yourself get some one who can to help you.

Sir Joshua Reynolds, on being asked what he mixed his colors with, replied, "With brains, sir" Apply this to your advertising.

ATTENTION MINERS!

To the prospectors, miners, mine and claim owners of New Mexico, Arizona and Western Texas:

The depression that exists throughout the southwest is due to the unnatural depreciation of silver and to the evil effect caused by that portion of the alien act that prohibits the investment of foreign capital in mining property in the territories. The object of the Southwest Silver Convention that is to convene on the 15th day of December, 1891, in El Paso, Texas is to discuss and take steps to remedy these evils. No other subject but the silver question and the modification of the alien act will be entertained by the convention, and all attempts to pervert the object of this mass meeting of miners by the introduction of questions foreign to the principles for which it was called, will be suppressed. The restoration of silver to its normal value or parity with gold 120, 20 and the obliteration of unjust discrimination against miners operating in territories, will engage the entire energy and time of the assembled miners of the southwest.

By order of the Executive Committee. Chas. [illegible], President; F. W. [illegible], Secretary; O. F. [illegible], Chairman Committee of Arrangements; [illegible] S. Hart, Chairman Committee of Reception; D. W. [illegible], Chairman Committee of Finance, Amusements and Program.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman, Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on this subject and gives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or has a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

JENNIE: "How is it, Kate, that you always seem to 'catch on' to the last new thing? Do what I may, you always seem to get ahead of me."

KATE: "I don't know; I certainly do not make any exertion in that direction."

JENNIE: "Well, during the last few months, for example, you have taken up painting

without any teacher; you came to the rescue when Miss Lafarge deserted her Delsarte class so suddenly, and certainly we are all making progress under your instructions; I heard you telling Tommy Bancks last evening how his club made mistakes in playing base ball; you seem to be up on all the latest 'fads,' and know just what to do under all circumstances; you entertain beautifully; and in the last months you have improved in health owing, you tell me, to your physical culture exercises. Where do you get all of your information from in this little out-of-the-way place?—for you never go to the city."

KATE: "Why, Jennie, you will make me vain. I have only one source of information, but it is surprising how it meets all wants. I very seldom hear of anything new but what the next few days bring me full information on the subject. Magic! No! Magazine! And a great treasure it is to us all, for it really furnishes the reading for the whole household; father has given up his magazine that he has taken for years, as he says this one gives more and better information on the subjects of the day, and mother says that it is that that makes her such a famous housekeeper. In fact, we all feel that it is the only really FAMILY magazine published, as we have sent for samples of all of them, and find that one is all for men, another all for women, and another for children only, while this one suits every one of us; so we only need to take one instead of several, and that is where the economy comes in, for it is only $2.00 a year. Perhaps you think I am too lavish in my praise, but I will lend you my copy, or, better still, send 10 cents to the publisher, W. Jennings Demorest, 15 East 14th Street, New York, for a sample copy, and I think you will then agree with me that we have a great treasure in the magazine, and may always be sure of being the best informed people in town. If that be so, it is Demorest's Family Magazine that does it."

GRAND PREMIUM OFFER!

A SET OF THE

WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

Which we Offer with a Year's Subscription to this Paper for a Trifle More than Our Regular Subscription Price.

CHARLES DICKENS.

Desiring to largely increase the circulation of this paper during the next six months, we have made arrangements with a New York publishing house whereby we are enabled to offer as a premium to our subscribers a Set of the Works of Charles Dickens, in Twelve Large and Handsome Volumes, with a year's subscription to this paper for a trifle more than our regular subscription price. Our great offer to subscribers will live as never before made. Charles Dickens was the greatest novelist who ever lived. No author before or since his time has won the fame that he achieved, and his works are even more popular today than during his lifetime. They abound in wit, humor, pathos, masterly delineation of character, vivid descriptions of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the age in which we live. The set of Dickens' works which we offer as a premium to our subscribers is handsomely printed from entirely new plates, with new type. The twelve volumes contain the following world-famous works, each one of which is published complete, unchanged, and absolutely unabridged:

DAVID COPPERFIELD,
MARTIN CHUZZLEWIT,
NICHOLAS NICKELBY,
DOMBEY AND SON,
BLEAK HOUSE,
LITTLE DORRIT,
OUR MUTUAL FRIEND,
PICKWICK PAPERS,
BARNABY RUDGE AND CHRISTMAS STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER,
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

Lincoln County Leader, one year and full set of Dickens, for $2.7[illegible]

YOU WANT

a San Francisco paper and of course you want a good one. The WEEKLY EXAMINER fills the want completely, for it is the best: it gives you every week not only all the news, but the best literary and miscellaneous matter published on the American continent—that is its specialty; being the best. It wants your subscription—yours particularly—and offers not only to you, but to every other subscriber, one or more attractive premiums.

In the first place, it gives every subscriber, one of the four magnificent etchings or paintings described below, and delivers it safely at his address, postage paid.

"The Retreat from Moscow," by Meissonier,
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is 21x28 inches, and they are elegantly reproduced in the similar showing every tint and color of the great originals, either one of which could not be purchased for $100,000.

"Women and Children First," by C. Napier Hemy,
"Christ Leaving the Prætorium," by Gustave Doré.

Each of these pictures is reproduced in photogravure, size 21x23, and [illegible] for framing, and will adorn the walls of the most refined house.

Each subscriber has the choice of any one of these four pictures, which will be mailed him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 5,000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there are, each and every one of these premiums—which range in value from 5[illegible] cents to $6,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as you know, or as Wells, Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that its premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can just as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

The EXAMINER and the LEADER, the combined price of which is $3.50, will be sent you for one year, postage paid, for $3.00. Send the money to the office of the LEADER and your subscription will be promptly forwarded to the EXAMINER, and you will receive therefor the EXAMINER's numbered receipt. You can get a Premium Supplement by applying at this office.

ATTENTION MINERS!

To the prospectors, miners, mine and claim owners of New Mexico, Arizona and Western Texas:

The depression that exists throughout the southwest is due to the unnatural depreciation of silver and to the evil effects caused by that portion of the alien act that prohibits the investment of foreign capital in mining property in the territories. The object of the Southwest Silver Convention that is to convene on the 15th day of December, 1891, in El Paso, Texas, is to discuss and take steps to remedy these evils. No other subject but the silver question and the modification of the alien act will be entertained by the convention, and all attempts to pervert the object of this mass meeting of miners by the introduction of questions foreign to the principles for which it was called, will be suppressed. The restoration of silver to its normal value or parity with gold 120, 29 and the obliteration of unjust discrimination against miners operating in territories, will engage the entire energy and time of the assembled miners of the southwest.

Free Reading Matter.

There are various schemes for applying reading matter at a trifle above actual cost. What would you think if you could get good literature free?

Drop a postal to G. T. Nicholson, G. P. and T. A., A. T. & S. F. R. R. Co., Topeka, Kan., and ask for a copy of "To Mexico by Palace Car." You can also procure free copies of "A Santa Barbara Holiday," "Guide to San Diego Bay Region," "Las Vegas Hot Springs Guide," and folders relating to Texas, Oklahoma and Kansas.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman, Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on this subject and gives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused" or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine, the same as for theft.

Excellent Train Service.

The present schedule of train service on A. T. & S. F. R. R. from New Mexico is an excellent one.

A fast express leaves El Paso, Deming and Silver City early each afternoon, making the run to Albuquerque, and from Wallace to La Junta, by daylight, arriving at Kansas City evening of second day, and Chicago morning of third day after day of departure. This train carries Pullman palace sleepers from El Paso to Kansas City, and Los Angeles to Chicago, with Pullman tourist sleepers Los Angeles to Kansas City making direct connection at La Junta for Pueblo, Colorado Springs and Denver, and at Burrton for St. Louis via the 'Frisco Ry.

The train from San Francisco (with palace sleepers to Kansas City and tourist sleepers to Chicago) leaves Albuquerque daily about noon, strikes darkness near Wagon Mound, arriving in Kansas City evening of next day, and in Chicago the following morning. An additional Pullman sleeper is attached at Las Vegas, running through without change to Denver via La Junta and Trinidad.

The Santa Fe Route aims by its fast time, fine equipment and reasonable rates, to merit the patronage of the traveling public.

Inquire of local agent, or write to G. T. Nicholson, G. P. & T. A., Topeka, Kas.

A POPULAR FAMILY.

JENNIE: "How is it, Kate, that you always seem to 'catch on' to the last new thing? In what I may, you always seem to get ahead of me."

KATE: "I don't know; I certainly do not make any exertion in that direction."

JENNIE: "Well, during the last few months, for example, you have taken up painting without any teacher; you came to the rescue when Miss Lafarge deserted her Delsarte class so suddenly, and certainly we are all improving in grace under your instruction; I heard you telling Tommy Burns last evening how his club made mistakes in playing baseball; you seem to be up on all the latest 'fads,' and know just what to do under all circumstances; you entertain beautifully; and in the last month you have improved in health, owing, you tell me, to your physical culture exercises. Where do you get all of your information from in this little out-of-the-way place?—for you never go to the city."

KATE: "Why, Jennie, you will make me vain. I have only one source of information, but it is surprising how it meets all wants. I very seldom hear of anything new but what the next few days bring me full information on the subject. Magic? No! Magazine! And a great treasure it is to us all, for it really furnishes the reading for the whole household: father has given up his magazine that he has taken for years, as he says this one gives more and better information on the subjects of the day; and mother says that it is that that makes her such a famous housekeeper. In fact, we all agree that it is the only really FAMILY magazine published, as we have sent for samples of all of them, and find that one is all for men, another all for women, and another for children only, while this one suits every one of us; so we only need to take one instead of several, and that is where the economy comes in, for it is only $2.00 a year. Perhaps you think I am too lavish in my praise; but I will let you see it, and get the next number, ... [illegible] ... Street, New York, for a sample copy, and I think you will admit a great favor and may be yourself be adding its out, as soon as we have the information of being the best informed family in town. If that be so, it is Demorest's Family Magazine that does it."

Dobbins' Electric Soap

THE BEST FAMILY SOAP —IN THE WORLD.—

It is Strictly Pure. Uniform in Quality.

THE original formula for which we paid $50,000 twenty years ago has never been modified or changed in the slightest. This soap is identical in quality to-day with that made twenty years ago.

IT contains nothing that can injure the finest fabric. It brightens colors and bleaches whites.

IT washes flannels and blankets as no other soap in the world does—without shrinking—leaving them soft and white and like new.

READ THIS TWICE

THERE is a great saving of time, of labor, of soap, of fuel, and of the fabric, where Dobbins' Electric Soap is used according to directions.

ONE trial will demonstrate its great merit. It will pay you to make that trial.

LIKE all best things, it is extensively imitated and counterfeited.

Beware of Imitations.

GRAND PREMIUM OFFER!

A SET OF THE

WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

Which we Offer with a Year's Subscription to this Paper for a Trifle More than Our Regular Subscription Price.

CHARLES DICKENS.

Wishing to largely increase the circulation of this paper during the next six months, we have made arrangements with a New York publishing house whereby we are enabled to offer as a premium to our subscribers a Set of the Works of Charles Dickens, in Twelve Large and Handsome Volumes, with a year's subscription to this paper, for a trifle more than our regular subscription price. Our great offer to subscribers ... Charles Dickens was the greatest novelist who ever lived. No author before or since his time has won the fame that he achieved, and his works are even more popular to-day than during his lifetime. They abound in wit, humor, pathos, masterly delineation of character, vivid descriptions of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the age in which we live. The set of Dickens' works which we offer as a premium to our subscribers is handsomely printed from entirely new plates, with new type. The twelve volumes contain the following world-famous works, each one of which is published complete, unchanged, and absolutely unabridged:

DAVID COPPERFIELD,
MARTIN CHUZZLEWIT,
NICHOLAS NICKELBY,
DOMBEY AND SON,
BLEAK HOUSE,
LITTLE DORRIT,
OUR MUTUAL FRIEND,
PICKWICK PAPERS,
BARNABY RUDGE AND CHRISTMAS STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER,
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

YOU WANT

A San Francisco paper and of course you want a good one. The WEEKLY EXAMINER fills the want completely, for it is the best. It gives you every week not only all the news but the best literary and miscellaneous matter published on the American continent—that is its specialty; being the best. It wants your subscription—yours particularly—and offers not only to you, but to every other subscriber, one or more attractive premiums.

In the first place, it gives every subscriber, one of the four magnificent etchings or paintings described below, and delivers it safely at his address, postage paid.

"The Retreat from Moscow," by Meissonier,
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is 21x28 inches, and they are elegantly reproduced in fac similie showing every tint and color of the great originals, either one of which could not be purchased for $100,000.

"Women and Children First," by C. Napier Hemy,
"Christ Leaving the Prætorium," by Gustave Doré.

Each of these pictures is reproduced in photo-gravure, size 21x28, and admirably fitted for framing, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be mailed him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 5,000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there are, each and every one of these premiums—which range in value from 50 cents to $6,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as you know, or as Wells, Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that its premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can just as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

The EXAMINER and the LEADER, the combined price of which is $3.50, will be sent you for one year, postage paid, for $3.00. Send the money to the office of the LEADER and your subscription will be promptly forwarded to the EXAMINER, and you will receive therefor the EXAMINER's numbered receipt. You can get a Premium Supplement by applying at this office.
