THE CAPITAN MOUNTAINEER

SIXTH YEAR NUMBER 15. CAPITAN, NEW MEXICO, JULY 31, 1920 SUBSCRIPTION PRICE $1.50 A YEAR.

Senator Harding's Letter of Acceptance.

(Continued from last week.)

were in extinguishing standards for immigration, which are concerned with the future citizenship of the republic, not with mere man-power in industry. I believe that every man who dons the garb of American citizenship and walks on the light of American opportunity, must become American in heart and soul.

I believe in holding fast to every forward step in unshackling child labor and elevating conditions of woman's employment. I believe the Federal Government should stamp out lynching and remove that stain from the fair name of America. I believe the Federal Government should give its effective aid in solving the problem of ample and becoming housing of its citizenship.

I believe this government should make its Liberty and Victory Bonds worth all that its patriotic citizens paid in purchasing them. I believe the tax burden, imposed for the war emergency must be revised to the needs of peace and in the interest of iniquity in distribution of the burden.

I believe the negro citizens of America should be guaranteed the enjoyment of all their rights that they have earned the full measure of citizenship bestowed, that their sacrifices in blood on the battlefields of the republic have entitled them to all of freedom and opportunity, all of sympathy and aid that the American spirit of fairness and justice demands. I believe there is an easy and open path to righteous relationship with Mexico. It has seemed to me that our undeveloped, uncertain and infirm policy has made us a culpable party to the governmental misfortunes in that land. Our relations ought to be both friendly and sympathetic. We would like to acclaim a stable government there and offer a neighborly hand in pointing out the way to greater progress. I believe in law enforcement. If elected I mean to be a constitutional President, and it is impossible to ignore the constitution, unthinkable to evade the law, when our every committal is to orderly government.

The four million defenders on land and sea were worthy of the best traditions of a people never warlike in peace and never pacifist in war. They commanded our pride, they have our gratitude which must have genuine expression. It is not only a duty, it is a privilege to see that the sacrifices made shall be requited and that those still suffering from casualties and disabilities shall be abundantly aided and restored to the highest capabilities of citizenship and its enjoyment.

The womanhood of America, always its glory, its inspiration and potent uplifting force in its social and spiritual development is about to be enfranchised. Insofar as Congress can go the fact is already accomplished by party edict, by my recorded vote, by personal conviction I am committed to this measure of justice. It is my earnest hope, my sincere desire that the one needed state vote be quickly recorded in the affirmation of the right of equal suffrage and that the vote of every citizen shall be cast and counted in the approaching election.

And to the great number of noble women who have opposed in conviction this tremendous change in the ancient relation of the sexes as applied to government I venture to plead that they will extend the full recognition of emergent citizenship and give to the best in the republic their suffrage and support. Ours is not only a fortunate people but a very common sense people with vision high, but their feet on the earth, with belief in themselves and faith in God. Whether enemies threaten from without or menaces arise from within, there is some indefinable voice saying, "Have confidence in the republic; America will go on."

SALIENT POINTS IN SPEECH OF ACCEPTANCE

"I pledge fidelity to our country and God, and accept the nomination of the Republican party for the presidency of the United States.

"The human element comes first and I want the employers in industry to understand the aspirations, the convictions, the yearnings of millions of American wage-earners.

"The constitution contemplates no class and recognizes no group. It broadly includes all the people, with specific recognition for none.

"We approve collective bargaining.

"Gross expansion of currency and credits has depreciated the dollar. We will attempt intelligent and courageous deflation.

"When competition—natural, fair, impelling competition—is suppressed, whether by law, compact or conspiracy, we halt the march of progress, silence the voice of aspiration and paralyze the will for achievement.

"I promise you formal and effective peace as quickly as a Republican Congress can pass its declaration for a Republican executive to sign.

"I can hear the call of conscience, an insistent voice for largely reduced armaments throughout the world.

"Our vision includes more than a chief executive. We believe in a cabinet of highest capacity, equal to the responsibilities which our system contemplates, whose councils the vice president, second official of the republic, shall be asked to participate."

Lion Attacks Trainer.

Sioux City, Iowa.—Fred Delmar, owner of a wild animal act, suffered a badly lacerated arm and other injuries when attacked by a lion in a cage at the fair grounds here. The attack was made after Delmar had jabbed at the lion with a fork. While the lion was chewing Delmar's arm the trainer gave a mighty lunge, throwing the animal off, and then ran from the cage.

Suffragists May Take Appeal.

Burlington, Vt.—If the suffrage amendment is not soon ratified by the thirty-sixth state, Vermont suffragists will appeal to the United States Supreme Court to declare illegal Governor Clements' veto of the presidential suffrage bill passed by the Vermont Legislature last year. This was announced in a statement from suffrage state headquarters.

After Rum Runners.

Windsor, Ontario.—Reports that numerous small craft from the American side of the Canadian river, believed to be engaged in "rum running" are operating at night without lights and without permission led to an order by A. T. Montreuil, collector of customs, placing a special patrol on the Canadian side.

San Patricio News.

There was a large crowd here on the day of Santana, the 26th, and everybody greatly enjoyed themselves. The day was spent in dancing, horse-racing and a few other stunts. Jim Reeves' horse took first money in the sweepstake. Primitavo Brady and son from Roswell furnished the music for the Johnny West hall and the Chavez Bros. furnished it for the Stover Co. hall. Each hall had a large crowd day and night. It is still very dry, altho there has been some good rains near by. We are expecting our share soon.

F. C. Stover has gone to Capitan today on business.

Yganacio Olguin is on a business trip to Roswell.

T. J. McKnight was up yesterday from his ranch looking for sheep herders.

Andros Chaves, of Hondo, was before our Justice of the Peace today, for running a service car without license. We did not learn what his penalty was.

Ed Hoagland and Harry Lucas the upper Ruidoso saw mill men, were in town yesterday.

There is considerable talk about the big barbecue that is to be pulled at Hondo on the 6th of August. Those old fashioned barbecues are almost a thing of the past, and this one should be one of the largest gatherings Lincoln county has had for years.

James Gillespie Killed at Corona.

James Gillespie, a prominent ranchman living near Corona, was killed in that town last Saturday afternoon by another ranchman, and a neighbor, named Paschal Luttrell. The killing occurred in front of the post office, but no outside parties witnessed it. Sheriff Duran hastened to the scene and brought Luttrell to Carrizozo and placed him in jail. Justice of the Peace Ira Wetmore, of Carrizozo, was absent from home and Luttrell was brought to Capitan Monday afternoon and a complaint charging him with murder in the first degree was filed in Justice Neil H. Bigger's court by Dist Attorney H. B. Hamilton. A warrant was issued and served on the accused, and the examining trial was set for yesterday, but in the meantime Mr. Wetmore had returned, and to suit the convenience of all concerned the examination took place in Carrizozo, and we have not learned what the evidence developed.

Barbecue at Texas Park.

Plans have been formulated to hold a large barbecue and picnic at Texas Park, on the old Blanchard Ranch, at the north side of the Tucson Mountain on August 18th.

Arrangements have been made by the committee for the regular events usually experiedced at the old fashion picnic. A barbecue, horse races, foot races, bronco busting, a dance and many other attractive features have been arranged.

It is expected that a large attendance of Lincoln county people will be there for the day, and every one is invited. The horse racing has been given special attention, and it is expected the running events are to be of a very high class. Even plans to carry the races over to the second day, or the 19th are prepared in case some of the races are asked to be re run.

Remember, everyone and be at Texas Park for August 18th.

Killing Near Rabenton.

A ranchman named Tom Hinard was killed by Bob and Ligo Starkey at his ranch near Rabenton Thursday afternoon, and both the Starkeys were perhaps fataly wounded. Hinard and the Starkeys were near neighbors and it is said that a bad feeling has existed between them for some time, which finally brought about the killing Thursday. After the fight the Starkeys were taken to Carrizozo and placed in a hospital, and news comes from there this morning that Bob is not likely to live through the day, and that Ligo's condition is very serious.
