County Clerk

THE CAPITAN MOUNTAINEER

SIXTH YEAR NUMBER 29. CAPITAN, NEW MEXICO, NOV. 13, 1920 SUBSCRIPTION PRICE $1.50 A YEAR.

School Notes.

Gertrude Phillips entered High School Monday This brings the enrollment in the High School up to 58. Miss Wright's demonstration class in Home Economics is busily at work preparion to compete with teams from other schools throughout the state at the N. M. E. A. at Albuquerque during the Teachers' Convention the coming week.

The Parent-Teachers' meeting for November has been posponed to meet Friday evening December 3rd, on account of the Teachers Convention intervening

In order to correct an impression prevalent, concerning the ages children must attend schoo,, we submit a recent opinion of the Attorney General of New Mexico in a communication to State Superintendent Wagner; "We therefore hold that the words, between the ages of six and 16" mean from the date the child reaches its 6th year up to the date that the child reaches its 17th birthday.

Furthermore, it is compulsory that children between the ages of 6 and 16 attend school for as many weeks as the schools of the district are in session.

Parents are urged to see that their children attend school regularly, to give them every benefit of the preparation that is under our modern way of life is essential. One of the greatest hinderances to the child in keeping up his work and "making the grade" is irregularity in attendance. To think that absence for one day, or even one recitation is gaining awrong impression of the vitalfactor the school is in its attempt to help prepare the boy or girl for their life's work. At best, the amount of schooling the boy or girl receives, is none too much. Let us think seriously, and do all we can to prepare tomorrows men and women by seeing they now attend school regularly without interruption.

A photographer has recently located in J. K Such's old Jewelry stand, fully equipped to do high grade Portrature. Temporarily located for a short time only. The Art Shop, Carrizozo, New Mexico.

State School Officials Visit Lincoln County.

Our visit on through the County was as follows: Lincoln, Tinnie, Hondo, Picacho and San Patricio.

The school at Lincoln four years ago consisted of a one teacher school. Now under consolidation we find a five teacher school, consisting of the various grades and the first year high school with a college graduate in charge and full credit will be given for this work. The corps of teachers is all that could be desired. A new building is in progress, which will be a splendid addition. Two transportation routes are busy transporting children from former Districts 18 and 27. Messrs. A. C. Hulbert and Fred Pungton, truck owners, have charge of the transportation.

The school at Hondo was found in splendid condition. The children awake to the necessity of an education and competent teachers ready and willing to assist in obtaining same.

The school at Tinnie was found to be neat and sanitary. Each child seems to have a special aim in his work.

The school at Picacho is making its mark in school satistics. The Attendance Banner for September was won by Mr. Wilforth's room with an average attendance of 98 per cent. Mrs. Ruth Wilforth's room is winner for October. Picacho has a transportion route from the Sunset Ranch community. Mr. Perfecto, owner of hack transports children.

At San Patricio we found the school overflowing. The bonds voted last spring were not sold as no bids were received, but better things are coming. The transportation of 55 children from former School District No. 10 is carried on by Clifford Curry, owner of the truck. Consolidation is a move in the right direction and we hope next year to have better school building and adequate transportation facilities.

Friday was spent visiting the buildings in Carrizozo. The various rooms were sanitary and attractice and every teacher was taking his job as a tonic and not as an anaesthetic. Supt. Cole is very efficient and has been very fortunate in the selection of his co workers. The School Board desires to make Carrizozo Schools second to none.

Owing to business, Mr. Conway was not able to finish the survey at this time, but will return at some future date.

An epidemic of diphtheria has made it sappearance in Ancho. It was found necessary to close the school for a time. Everything possible is being done to alloy the disease and prevent its spreading to other communities. A strict quarantine is being maintained and any pue breaking same will be properly punished.

The State Teachers' Association meets at Albuquerque, Nov. 20 to 27th inclusive. An excellent progress has been prepared by the Executive Committee and every teacher is urged to attend and reap the benefit of this splendid program. Special services on railroadies Sunday. Rates of one and one third fare for round trip have been secured. Hotel accomodations may be secured by writing Mr. John Milne, Secretary or the Chamber of Commerce Commerce, N. M.

SAN PATRICIO NEWS

It has been some time since we had a chance to send in the news from this place as the community has been full of politics and we are sure the paper has had all it could do to keep that dope published.

But now as the Election is over and every body probably has the resuls of the same. We believe it is time to bury the hatchet and get busy and attend to busines once more.

The people of this neighborhood seems to be very well satisfied with the results of the poles although it seems that we should of at least had one candidate out of the five that was in the race from this Precinct does not seem that politics makes much difference as we had two Republicans and three Democrats in the race all got defeated so we believe it is just a matter of where you live, more so than any thing else. This river is seldom ever heard of and never visited only during election times There was some candidates here before election that had never been on this river before and seemed to be surprised to find such a community as this, but it seems impossible for us to elect even one candidate to represent us that would have an interest in this part of the county but the majority does rule.

The Weather is very fine, crops of all kinds was good except fruit was light in some orchards.

J. M Reeves is taking his cattle to Picacho to dip.

John Bell is done picking apples. He had some trees that noted him as high as $60 per tree this year. We do not know what is more valuable than a good apple tree on this river. It seems some times when a man is up against the real thing and cannot see his way through that along comes a good apple crop and helps him on of the hole.

Hogs are good property for the farmers of this section. There is always a market for a good Hog.

The Schools are running nicely at this place.

Expression of Thanks.

It is with a feeling of much gratitude that I desire to express thanks to the voters of the county whose votes elected me to the office of Sheriff. I wish to say to them and to all all the people of the county that no act on my part shall cause my friends and supporter to feel that their confidence and good will was misplaced. I shall serve them to the very best of my ability in all things where my duty may call me or my authority may extend.

Respectfully,
Ed. W. Harris.

Mrs. Blaney Thanks Voters,

I wish to thank the voters of Lincoln County for their support in the election and desire that their good will and support be continued for the coming two years to the end that we may secure greater educational advantages for all the children of the County.

Mrs. M. L. Blaney,
County Superintendent of Schools.

A Reliable Investment

If you invest your money in a Certificate of Deposit issued by the First State Bank, you are the holder of a marketable investment of the safest character.

Our Certificates of Deposit earn 4 per cent and the principal and interest are payable promptly when due. They are issued in any amount for periods of six or twelve months.

First State Bank

The Malthusian Doctrine.

This was a theory held by Rev. T. R. Malthus, who was born in 1766 and died in 1834. He held that population tends to multiply faster than its means of subsistence can be made to do, and that when this occurs, the lower or weaker classes must suffer from lack of food; that unless an increase of population be checked by prudential restraint poverty is inevitable, and that the multiplying of the population will be checked by poverty, vice or some other cause of suffering.

Dress for an Earthquake.

The earthquakes of California, recently reported, remind us of an old lady who, having gone through one, thus relates her experience: "My dear, I was simply tumbled out of bed and the ceiling cracked. I threw on a fur cloak and unconsciously pulled on one black suede glove, and when I got down to the hall and found all the other guests—my dear, I was the best dressed woman there."—Boston Transcript.

Religious Competition.

Dr. Lyman P. Powell gives some examples of the lengths to which petty bitterness between sects will sometimes carry men. "A visitor in a certain town which had four churches and adequately supported none asked a pillar of one poor, dying church, 'How's your church getting on?' 'Not very well,' was the reply, 'but, thank the Lord, the others are not doing any better.'" — The Christian Register (Boston).

Men of Many Metals.

Some people are rusty; their harsh, ungainly manners cut out whatever is good in their own character. Some people are gilt; a very brilliant exterior they present, but the first brush and hard using rubs off the gilding and reveals the base metal beneath. A third class are polished. The polish added to on the multifarious crosses of human life, the more it is rubbed the brighter it glows.

Not Numerous, Anyway.

The quiet, secluded, inconspicuous life is not without its attractions amid the mad rush for prominence and fame, and we often wonder if, after all, those homes are not happiest where the husband and father never lost his automobile by theft, the wife and mother never underwent an operation and the children still have their tonsils.—Ohio State Journal.

India's Vast Timber Wealth.

India is a little less than half the size of the United States and possesses untold timber wealth. In only one section has there been in operation any mills sawing lumber, that being the province of Burma, while in every other part of the vast country all lumber is whipsawed by hand out of the tree in the place the tree is dropped.

Polishing Varnished Floor.

To polish a varnished floor, rub well with equal quantities of beeswax and turpentine. Another method is to take equal parts of olive oil and spirits of turpentine, wet a soft cloth with these, rub the wood hard, then rub with a dry cloth. This is also good for black walnut furniture and sewing machines.

Seven Seas.

This term is usually employed as a figure of speech by writers when referring to the total water area of the globe. This item would therefore include the North Atlantic, South Atlantic, Arctic, Antarctic and Indian, and the Pacific, divided into North and South Pacific.

Safety First

This is a slogan that is given all possible publicity where human life may become the victim of carlessness and ignorance, this slogan has saved the life of many employees of Railroads, Factories and such.

But did you ever stop to think that the same slogan can and does save more people when applied to a drug store than all others combined. Our State and national officials have recognized the importance of this and have enacted laws for the protection of the Country, whereby in order to run a Drug Store you must pass a Rigid Examination, given by the State Board of Pharmacy.

Any medicine that you buy here is handled only by a Registered Pharmacist, who not only keeps all medicine as it should be kept to insure you of their full value but also to to tell you what kind of medice you are in need of.

We sell Drugs that you can depend on for their results, if you buy here you havela right to feel that satisfaction which you have when you are sure of what you are getting.

Ours is a complete Drug Store any medicine that you need can be found here.

we also carry a complet line of Sundries of the very highest class, and in our toilet articles Dept you will find all the Standards, in cold Creams face powder perfumes etc. A complete line of High Grade Watches, we offer you the benefit of a modern Drug Store, it will pay you to come to us when in need of any thing in the line.

Safety First

This is a slogan that is given all possible publicity where human life may become the victim of carlessness and ignorance, this slogan has saved the life of many employees of Railroads, Factories and such.

But did you ever stop to think that the same slogan can and does save more people when applied to a drug store than all others combined. Our State and national officials have recognized the importance of this and have enacted laws for the protection of the Country, whereby in order to run a Drug Store you must pass a Rigid Examination, given by the State Board of Pharmacy.

Any medicine that you buy here is handled only by a Registered Pharmacist, who not only keeps all medicine as it should be kept to insure you of their full value but also to to tell you what kind of medice you are in need of.

We sell Drugs that you can depend on for their results, if you buy here you have a right to feel that satisfaction which you have when you are sure of what you are getting.

Ours is a complete Drug Store any medicine that you need can be found here.

We also carry a complet line of Sundries of the very highest class, and in our toilet articles Dept you will find all the Standards, in cold Creams face powder perfumes etc. A complete line of High Grade Watches, we offer you the benefit of a modern Drug Store, it will pay you to come to us when in need of any thing in the line.
