OPPOSES RE-APPOINTMENT OF GOVERNOR OTERO.

The Sante Fe "CAPITAL", the Santa Fe republican weekly, opposes the re-appointment of Gov. Otero, and gives the following strong reasons for its opposition:

"The 'Capital' from henceforth announces itself, as opposed to the re-appointment of Miguel A. Otero, for the position of governor of New Mexico, from June 7th, 1901. For this determination it gives the following reasons for its action: First, it desires to recall to the mind of its readers the 'Capital's' platform of principles published at the time the paper was started which reads as follows: "The 'Capital' will be fearless in the discharge of its duties and obligations to the public, and will be ever ready to approve the acts of public officials and those in authority who honestly conform to the obligations of the trust committed to their care, and in like manner it will criticise and expose corruption and condemn those who are unfaithful in the performance of their duties. It will publish and discuss all the issues of the day in a fair, honorable and impartial manner with malice towards none and with charity towards all." It charges that Miguel A. Otero has been lax and unfaithful in the discharge of his duties and obligations as governor of this Territory, in many ways to the utter disregard of the interests of the people thereof.

"It charges that he willfully and knowingly aided and abetted the passage of the obnoxious amendment to the coal oil inspector's bill, and gave it his official signature, thereby diverting thousands of dollars annually from the public school fund and immediately thereafter appointed a personal favorite to the position of inspector of coal oil and to whom it was common rumor that he was largely indebted for personal and pecuniary favors, who since that time has been his political henchman.

"The vote in the council on the amendment stood seven in favor, and five against the measure, and the governor could have vetoed the bill had he not been as we charge an enemy to the cause of education.

"We charge Miguel A. Otero, governor of New Mexico, as a political apostate in aiding and abetting the defeat of the regular nominee of the republican party for the legislative council of Santa Fe county at the last election, in that he attended a conference of those who put up the decoy candidate, David B. White, in order to defeat the regular ticket, and advised and countenanced the action of bolting the regular nominee."

RAFAEL WOULD BE PROXY.

Rafael Romero, who prosecuted his wife at the recent term of court in Las Vegas and had her sentenced to jail for adultery, has found that there is a great deal in the old motto, "What is home without a mother?" and wants to again install the mother of his large collection of children into his home. First he tried to worm his way into the good graces of the court and have his spouse released, and failing in this he has made a proposition to serve the remainder of his wife's sixty-day sentence and let her go home and take care of the children. The officers can see no legal way in which Mrs. Romero can serve her sentence by proxy and Rafael must go ahead and take care of the kids and meditate over his hot-headedness that deprived his home of a mother.

THE MINING NEWS OF THE TERRITORY.

SAN ANDRES MINING DISTRICT.

Samples of copper ore from the properties of the Good Fortune Mining Company, near Tularosa, show that the company has even as good a thing as the Tipton Copper Company, which was boosted into prominence last week by the opening of of a rich ore chute on the Flor de Mayo claim. The Good Fortune properties adjoin the Tipton, and the ore shows as rich and permanent as in the workings of its rival. An 18-inch vein of solid copper glance has been encountered in the tunnel, the vein having gradually widened as work progressed during the past week. Seven miners have been placed at work on the property, and ore is now being stoped ready to be mined and shipped to the El Paso smelter.

Miners from the Tipton report that the ore body in that property grows larger and richer as development progresses, and that the vein is thickly seamed with rich pay streaks that return from $100 to $150 per ton.

The sale of the Lead King and Lead Queen mines to Salinas Peak Mining Company, composed of Chicago capitalists, has given a great stimulus to prospecting and claim development in the San Andres mountains during the past two weeks. The price commanded by the group was $100,000. The Lead Queen and Lead King mines are located on the west slope of the San Andres range, and ore shipments are made to the El Paso smelter over the Santa Fe railway. Recent development work indicates that there is a world of ore in sight ready for shipment, and that it is no longer a question of how much the mines can ship, but how much the owners want to ship. The vein is 15 feet in width, and has been opened for a distance of 365 feet by open cuts and development shafts. The Salinas Peak company is composed of some of Chicago's most solid business men.

A force of men have been put to work on the Favorite and Wild Horse properties, which adjoin the properties of the Salinas Peak company and are owned by H. Pfaff and E. J. Dedman. Recent work shows some very fine ore, and they will be developed into shippers as fast as money and men can do it.

ELIZABETHTOWN AND RED RIVER.

The Copper King mine, Red River district, is again in operation after a few days' shut-down, caused by a deficient supply of dry wood to keep the pump working in the shaft. This is a splendid copper property, under bond and lease, and indications are that with the opening of spring this property will become a shipper of no small importance.

The Black Copper is working a fairly good force on development work. Some $70,000 have been expended already on this property, which is showing up some good gold and copper ore.

A new dredging plant will soon commence operations here on the Elizabethtown placers. The dam across the river is being completed, and these placers will be worked extensively.

Prospecting is about over for the winter in parts of the district, as snow covers the mountains.

Red River needs a stamp mill to treat the free milling ores of the camp. Mill men will do well to look over the camp.

A miner up Willow gulch came down to Elizabethtown the other day with thirteen ounces of gold, the result of a clean-up on his placer claim. Several more parties can report something of this nature from the district placers.

The Blue Bandana has put in another pump, now having one No. 9 and one No. 6 in operation to keep the water down. This is one of the promising properties of the district.

THE SANDIAS MOUNTAINS.

In the Sandia mountain mining district in south Santa Fe county, T. H. Van Horn, in Madera canon, has struck rich gold ore in the tunnel he has been working this winter, and if indications on the surface and in the drift go for anything he has one of the biggest gold propositions in New Mexico.

The Maceo mine, in the same district, has done 200 feet of development, and the work is progressing in a 6-foot vein of better than $20 ore, and the values are increasing. The Maceo has now upward of 200 tons of pay ore on the dump. The owners contemplate putting in a concentrator in the early spring of next year.

The smelter at Algodones, near there, is an assured fact, as work has already commenced on the plant. Algodones will make a good smelting point in the territory, as there is plenty of good coking coal, limestone, iron ore and water near by, and there is an abundance of lead ore, to say nothing of the gold, silver and copper ores in the Sandia mountains within wagon hauling distance of this enterprise, which is backed by Colorado capital.

The Sandia has plenty of open ground on government land open yet for location, and a big rush is anticipated in the coming spring.

FASCINATED WITH GOV. OTERO.

Mrs. A. B. Renehan, of Santa Fe, spent a month in Washington and while there called on the president. During their conversation Mr. McKinley exhibited quite an accurate knowledge of New Mexico and its people, and stated that he appointed Governor Otero on his own volition and that he was pleased with his choice and hoped that the people of New Mexico felt the same way about it. Mrs Renehan assured the president that the people of the territory were proud of Governor Otero and approved his administration. Mrs. Renehan is a democrat in belief but says she is not near so strong a one now since she has found out what an affable, kind and courteous man the choice of the republicans for president is. She told Mr. McKinley that she thought New Mexico was entitled to statehood. The president said he thought so too. He said he was fascinated with Governor Otero and felt that the choice of an overwhelmingly republican legislature was an indorsement of his individual choice for governor. Mrs. Renehan witnessed the opening of congress from the president's gallery in the senate chamber.

President McKinley has invited Ex-president Harrison to breakfast, and their little missunderstandings have all been amicably settled. Beats the old Hamilton-Burr method all hollow.

THURSDAY DEC. 20, 1900.

EL PASO'S CARNIVAL.

The international gate-way city between the republics of the United States and Mexico will have on gala attire during her first grand carnival, which will extend over a period of three days, beginning January the 17th and ending the 19th. During the past 24 months El Paso has been moving forward at leaps and bounds, and while she is expanding at home and growing into a modern city, industrial enterprise of almost every character incidental to the development of a mining and stock country, which surrounds her, embracing an immense territory in all directions, has been carefully fostered by the Chamber of Commerce and her newspapers, both of which have taken the bull by the horns in the way of advertising and exploiting the rich and resourceful districts adjacent to the city in the United States and Mexico.

The modern El Paso does not do things by halves, and the program as outlined by her enterprising citizens for the coming carnival and miner's convention, properly carried out—as it certainly will be—will add volumes to El Paso's reputation as a land of sunshine, whose future is one of gigantic commercial possibilities, teeming with industrial life, fed by the most extensive and resourceful mining and stock countries of the entire southwest, with railroads centering there from every direction. New Mexico, Arizona and old Mexico will all come in for a good portion of the benefit El Paso will receive from the results of the carnival and miner's convention for the reason that their resources have made the city what it is and will figure very prominently in her future greatness.

It is said that to the numerous attractions which have originated in the minds of the promters and deduced from suggestions of friends the enthusiastic management has given a heedful ear and observant eye to the successes of the Mardi Gras of New Orleans, the Kaliph's pageant at Dallas, La Fiesta de Los Angeles, and various other carnivals, with the hope that no features productive of mirth, instruction, or interest will be omitted.

New Mexico will be there in great numbers. When so many of the people of the surrounding country are in El Paso would it not be a good time to start the ball rolling for the proposed new state that should now be carved out of southern New Mexico, southeast Arizona, western Texas and a strip off of the northern part of Mexico?

The Carlsbad Current has changed ownership, now being the property of John L. and C. C. Emerson. The editor of the EAGLE has had the pleasure of the acquaintance of the new proprietors of the Current, as school fellows, in Howard Payne College, at Brownwood, Texas, and is very much gratified to see them enter the field of New Mexico journalism. They are men of ability; fairness in politics; of superior worth intellectually and morally, and will add force and dignity to the craft of territorial newspaperdom. Here's to your success, boys, assuming that you understand consistent irrigation.

GETTING READY FOR THE ROCK ISLAND-EL PASO EXTENSION.

The El Paso Daily News, Dec. 15th, says:

Superintendent Greig and Chief Engineer Sumner came down last night from Alamogordo and today set grade stakes for filling in extension of the E. P. & N. E. grounds.

This work is to be done to make yard room for material and supply trains and storage during the work of extension of the road to Santa Rosa. This yard must be completed within a few weeks to be ready for the arrival of rails that will be coming along, that steel may be laid as fast as grading advances.

The Alamogordo News, published at the headquarters town, and officially informed, says the El Paso & Northeastern directors have outlined their plans and started the preliminary work. The capacity of the railway shops there will be doubled at once and will be made the general repair shops for the system, round houses and small shops will also be located at Carrizozo and Santa Rosa. Thirty of the most modern engines obtainable will be ordered for the El Paso & Rock Island railway at once, and the rolling stock of the El Paso & Northeastern railway will be increased to meet the demands of the additional through Rock Island traffic. Seventy pound rails will be used.

The directors assert that the new line will be in operation before this time next year.

A large number of men will be put to work at once increasing the size of the Alamogordo railway yards and blasting and widening the track of the El Paso & Northeastern railway to El Paso.

The railway has placed an order with the Alamogordo Lumber company for 10,000,000 feet of railway ties. An equal amount of bridge timbers and building material has been ordered. The work of building the road will keep the mammoth plants of the Alamogordo Lumber company running night and day until the road is completed.

WHITE OAKS MINERS.

A GREAT MANY OF THEM ARE COMING TO EL PASO.

Major S. M. Davis, who has been traveling in the mining districts of New Mexico in the interests of the mining exhibit of the Chamber of Commerce, reports that the people of White Oaks and vicinity are taking the utmost interest in the proposed assemblage of miners in this city. Some twenty mining men have already arranged to attend and it is practically certain that there will be not less than fifty mining men owning interests in that section here with their families when the meeting is called together. The people of White Oaks and vicinity have taken more interest in the work of the Chamber of Commerce than any other section of New Mexico, and their exhibit sent to this city has already been the means of arousing the greatest interest in their magnificent resources and of bringing capital to work them.—El Paso Times.

Senator Teller is bold enough to advocate the building of the Nicaraguan canal by this government regardless of England's say in the matter. Has Senator Teller forgotten himself? Does he not know that this government cannot legislate on great questions of national importance without England's approval? Does he not remember that our financial fillies have been bred to English studs in order that the entire foal shall be all yellow? Nonsense. Senator Teller ought to see that an attempt on our part to go it alone in this matter would be a repetition of the career of the biblical prodigal.

Beckham has been inaugurated governor of Kentucky. No mention was made of the Goebel trouble in his inaugural address. This fact shows Beckham's good sense. He evidently does not believe in the perpetuation of feuds.

At the close of business November 30 the debt of the United States, less cash in the treasury, was $1,101,174,875.

ANNOUNCEMENTS.

I hereby announce myself as a candidate for Justice of the Peace of precinct No. 8 at the ensuing January election.

J. B. COLLIER.

I hereby announce myself as a candidate for Constable of precinct No. 8 at the ensuing January election.

JOHN W. OWEN.

REPUBLICAN HOME RULE.

Judge McMillan, of Buffalo, N. Y., has been appointed associate justice of the supreme court of New Mexico and judge of the fifth judicial district, including the counties of Lincoln, Eddy, Chaves and Socorro. McMillan's name was first sent in as from New York, but afterwards withdrawn and reconsidered, when his name was sent in as from New Mexico. This was done in order to comply with the home rule plank of the national republican platform. There are numerous New Mexico legal lights bellyaching about this kind of home rule, but they will come around and will be in the list of the hopeful in time for the race for the next vacancy left open by the death or resignation of some other eastern carpetbaggar.

BRITISH AGAIN DEFEATED.

Lord Kitchener reports to the home office that Clements has been defeated, sustaining heavy losses. The loss in killed and wounded is said to have been about 600. The Boer loss not known but thought to be very heavy. London is gloomy and the Boer war is known now not to be over.

SALE OF SCHOOL BONDS.

Office of County Treasurer.
Lincoln County, N. M.
Lincoln, New Mexico.

The Treasurer of the County of Lincoln, Territory of New Mexico, hereby gives notice that he will sell to the highest bidder for cash and for not less than ninety (90) cents on the dollar of par value, Twenty four (24) bonds, lawfully issued by school District No. Twenty eight (28) in said County and Territory, which have been deposited with said Treasurer, pursuant to the statute in such case made and provided.

Said bonds are issued for the purpose of building a School House in said district; are of the denomination of Five hundred ($500.00) dollars each; are dated January 1st, A. D. 1901, and bear interest at the rate of six per cent per annum.

Coupons are payable semi-annually, January 1st and July 1st in each year, and with the principal sum when called or due, are payable at the office of the County Treasurer at Lincoln, New Mexico.

The principal sum of each bond is payable at the discretion of the school directors of said district in Ten (10) years from date, and is absolutely due and payable in Thirty (30) years from date.

All bonds called for payment before the expiration of thirty years from date, will be called in the order of their numbers, beginning with No. one (1).

The said school district has no other debt.

Sealed proposals (Endorsed "Proposals for the Purchase of School District Bonds") for the purchase of said bonds, will be received at the office of said County Treasurer, Lincoln, New Mexico, up to and including the forenoon of January 1st, A. D. 1901, on which day at 12 m. the same will be opened at said office, in the presence of all bidders who may choose to attend, and the said bonds will then and there be awarded to the highest bidder, subject in all respects to the provisions of Section 1542, Compiled Laws of New Mexico, Edition of 1897, so far as the same apply to the subject matter.

Witness my hand this 30th day of November A. D. 1900.

HENRY LUTZ,
Treas. of Lincoln County,
Territory of New Mexico.

Geo. Marsh, one of the editors of the New Mexican, is dead. Max will probably make it through the winter, as the legislature must have a guardian, and he is about the only safe man that is available.

The Kansas City Smelting and Refining Co. paid the Mexican government $12,805.10 revenue on ores shipped out of that country during the first fifteen days of December.

WHITE OAKS PASSENGER LINE
Regular trips daily to the road

Good rigs. Careful Drivers
Passengers carried to White Oaks and any part of the country on the shortest notice. Address:—White Oaks, N.M.
PAUL MAYER, Proprietor.

OF LOCAL INTEREST.

The mining outlook for White Oaks for 1901 is very much brighter than any past era of the camp's life.

The Gallina copper district will certainly make a lively camp next year provided they get a railroad which is now pretty certain.

Eight or ten car loads of copper ore have been shipped from the Oscura district since the first of November.

The EAGLE wishes everybody on the big earth a merry Christmas, and very particularly all of our subscribers and patrons.

A party of eastern mining men arrived last night. They, so the EAGLE understands, are negotiaing with Messrs. Heiniman and Crary, owners of the Compromise.

Christmas trees for the children will be a part of the program at the Congregational, Methodist and Baptist churches. The tree at the Baptist church will be in the afternoon, and at each of the other churches the night of the 24th.

The regular teacher's examination for the quarter ending Jan. 1st. 1901, will be held here Saturday the 22nd. P. M. George of Angus, and John R. McDowall of Ruidoso, are among the list of candidates for school teacher's certificates.

After so much talk it now really begins to look like the long proposed Rock Island extension will begin in a very short time. This is what the White Oaks country wants to see. It will be the beginning of a new era of industrial development, and while the route of the extension is not yet definitely known it will not miss White Oaks more than 3½ miles and the probabilities are that White Oaks canon will yet be the route selected.

GETTING EVIDENCE.

J. Francisco Chavez, the Valencia county oracle, is at Lincoln getting up evidence for the defense in the contest cases filed in this county against certain of the republican elect. A still hunt as it were, on the part of the illustrious colonel. He has been reported here investigating coal lands for eastern people who want investments of that kind in Lincoln county. Verily, the secret is out. He is reported to have said that Sipio Salazar should not hold office again in tnis county. Col. Chavez is a heavy-weight political pugilist in Valencia county, but he will likely be reduced to a light-weight in Lincoln county when he attempts to carry into execution some of his threats.

A SERIOUS MATTER.

Tuesday morning, about five o'clock, the residents in the neighborhood of the town hall were awakened by a fire alarm. The fire was immediately located at the hall, and the flames were then leaping up well onto the walls at the front door. Water was obtained at Jno. A. Haley's, just across the street, and the fire extinguished. If the flames had had five minutes more in which to work before discovery the fire would have been beyond all control, and not only the town hall but a number of residences in the vicinity would certainly have gone with it.

The fire was discovered by an employee at Paul Mayer's livery stable, who goes by the hall on his way to work about five o'clock each morning. It was the work of an incendiary and his or her plans were well calculated. Kerosene oil was poured on the walls and lighted, and the fire started on both sides of the door at once. It is said that a man or woman was seen running away from the hall at the time the fire was discovered. This is a serious matter and concerns every inhabitant of the town, and the community should take it in hand and run down the criminal and see that the law against such crime is rigidly enforced.

PERSONAL MENTION.

F. I. Marsh is in from Jicarilla.

Clark Hust and Ed Homan were over from Nogal Tuesday.

Mr. and Mrs. Doc Lacey have a new baby boy at their house.

Bud Smith is adding improvements to his residence.

E. G. Timoney is at work on his claims in Lone mountain.

Dr. J. F. Mains has opened up some rich copper ore in the Jicarilla district.

J. O. Nabours came in Monday from the Oscuras for ranch supplies.

Eugene Heiniman made a trip to the Eagle Creek mining district last week.

James R. Brent has gone to Silver City to spend the holidays with his family.

Rev. Wood, of Chicago, has accepted the pastorate of the Baptist church at this place.

William Reily and son, Master Morgan Reily, of Capitan, were callers at the EAGLE office Thursday.

John Gallacher returned from the Spence ranch last week where he enjoyed a few days recreation.

Oscar Hyde and wife and Mrs. Arthur May were in the city yesterday doing some Christmas shopping.

C. F. Goddard was in the city yesterday from Canon Largo, where he with others, is prospecting for water.

John W. Owen is boring a well 25 miles northeast of town, and will locate a ranch there if water is obtained.

Rev. E. F. Goodson, presiding elder of this district, came up last Friday from El Paso, and has been holding revival services at the Methodist church this week.

John Doe was prosecuted for vagrancy before Justice Rudisille this week, and sentenced to ten days work on the streets. Thus the way of the transgressor is hard.

MORE RAIL ROAD TALK.

El Paso and Rock Island directors held a meeting at Alamogordo last Wednesday, says the El Paso Times, and perfected their organization by electing Charles B. Eddy, president and general manager; Clarence D. Simpson, first vice president; J. Howard Ford, second vice president; Benjamin S. Harmon, secretary and general counsel; F. H. Ross, treasurer; E. M. Harter, auditor; A. S. Greig, general superintendent and traffic manager; W. A. Hawkins, attorney, and H. A. Sumner, chief engineer.

The directors are Clarence D. Simpson of Scranton, Pa., Charles B. Eddy of Alamogordo, Thomas H. Watkins of Scranton, Pa., Benjamin S. Harmon and J. Howard Ford of New York City, Alexander S. Greig and W. A. Hawkins of Alamogordo.

The company intends to begin operations at once and has already placed an order with the Alamogordo Lumber company for 10,000,000 feet of railway ties and a like amount of bridge timbees and building material. The company's repair shops will be located at Alamogordo, and the capacity of the shops at that point will be doubled and a roundhouse and small shops will be located at Carrizozo and Santa Rosa. The company will immediately order thirty new engines for their line.

Remember our oysters are the celebrated New York Counts, the best and largest oysters that come out of the Baltimore market.—Taliaferro M. & T. Co.

CANDIDLY

You won't find a finer, fresher or better stock of candy than ours.—Collier.

In order to close out our entire stock of millinery goods, we will from now on sell every ladys or misses' hat at ½ of its former price.—Ziegler Bros.

See the lovely display of China and glass ware Ziegler Bros. just received. Nice goods, especially adapted for Xmas presents, at very low prices.

I have nothing in the way of fine Christmas presents, but have many little trinkets that will tickle the children's fancy.
Jno. A. Haley.

Mince meat, jumbo cranberries, plum pudding, nuts, raisins, oranges, lemons, figs, dates, everything necessary to grace the festive Christmas table.—Taliaferro Merc. & T. Co.

PECOS VALLEY WILL EXTEND.

On his arrival in Mexico City from his trip east, Col. Joe Hampson, the great railroad magnate, was interviewed by a reporter of the Mexican Herald, in the course of which he said, referring to El Paso, whose growth and progress he praised very highly:

"It is assured that the Rock Island is to build to El Paso and that the Pecos Valley road has decided to extend their line, there also. This I was told by Mr. Hagerman, president of the Pecos Railroad, while I was in New York.

"The great Santa Fe has virtually made El Paso. The Santa Fe now connects with the Pecos Valley at Panhandle City, Texas, and has made it possible for the Pecos Valley line to be constructed to El Paso. This will virtually give the Santa Fe two lines to El Paso and Mexico."—El Paso Times.

NOTICE OF SUIT.

In the District Court of Lincoln County, 5th Judicial District of the Territory of New Mexico.

Teresita G. de Padilla, Plaintiff, } No.
Julian Padilla, Defendn't } 1259.

To Julian Padilla, defendant in said action, greeting:

You are hereby notified that you have been sued in said court by Teresita G. de Padilla, plaintiff in said action, the object of which action is to dissolve the bonds of matrimony now existing between you and said plaintiff, on the grounds of abandonment and failure to support and unless you enter your appearance in said cause on or before the 4th day of February, A. D. 1901, a decree will be entered granting to the said plaintiff an absolute divorce and for such other relief as may be equitable.

Plaintiff's attorney is E. W. Hulbert, whose post office address is Lincoln, New Mexico.

JOHN E. GRIFFITH,
Clerk of the District Court.

HOW TO CURE CROUP.

R. Gray, who lives near Amenia, Duches county, New York, says "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the cough remedy kept at hand for instant use as soon as these symptoms appear. For sale at Paden's.

MINES AND MINERALS

Is a mining periodical for prospectors, miners, mine officials, mine owners, mining engineers and mining students. It is devoted exclusively to mining and metallurgy. It was established in 1981 and has a larger circulation than any other mining publication in the world. This is due to the fact that it has always been the aim of the editors and publishers to make it the best mining publication. It is in no sense a stock-jobbing, or boom organ, and publishes no articles except those pertaining directly to the mining industry. It is the most practical mining journal in the world, up-to-date and constantly improving. Typographically it ranks with the handsomest technical publications and is the only mining publication having its own force of illustrators. The best ideas of the leading practical mining men of the world are presented in plain language and can be understood by men whose early education was limited equally as well as by men with college educations. The journal is profusely illustrated and in proportion to its size and quality, at $2.00 per year, it is the cheapest technical publication in the country. We have arranged a clubbing rate with Mines and Minerals whereby our subscribers can secure the White Oaks Eagle and Mines and Minerals for $2.50 per year. Subscriptions can begin at any time.

When you feel that life is hardly worth the candle take a dose of Chamberlain's Stomach and Liver tablets. They will cleanse your stomach, tone up your liver and regulate your bowels making you feel like a new man. For sale by M. G. Paden.

Try the EAGLE in 1901.

THE PECOS VALLEY EXCURSION RATES.

If tickets enough are sold to justify, the Pecos System will run the sleeping car "El Capitan" to Salt Lake City and return to accommodate those attending the annual convention of the National Live Stock Association January 15-18, 1901. The car is a first-class sleeper equipped with eight sections and eight reclining chairs. A conductor and porter will attend the car, and a full line of newspapers and periodicals will be provided. The car will be open at Salt Lake City, so that passengers can sleep there during the convention.

The rate from Roswell, N. M., to Salt Lake City and return will be $59.30 for a lower berth and $54.30 for an upper berth. If berth is occupied by two persons, the rate for each will be $49.30 for lower and $46.80 for upper berth.

No free transportation will be honored in this car. This contemplates a nine days trip, and is a rare opportunity to witness the beautiful scenery of Colorado and Utah. The rate is very low for the service performed, and no pleasanter way to attend the convention will be available. Space is limited, and tickets should be purchased and space reserved at once. Address

E. W. MARTINDELL, G. P. A.
Roswell, N. M.

U. S. POSTAL DEFICIT.

The report of the third assistant postmaster general shows that the total receipts from all sources of postal revenue during the year amounted to $102,354,579, while the expenditures reached the sum of $107,740,267, leaving a deficit of $5,385,688. A comparison of the revenues of the department with that of previous years shows a big increase in earnings. The increase in postal receipts over that of last year amounts to $7,330,195, and yet the deficit is only a little over a million dollars less than it was in 1899.

AFTER PIE.

The Santa Fe Capital says: "It is currently reported that R. E. Twitchell, present assistant attorney of the Santa Fe Railway Co., is a candidate for the office of United States Attorney for New Mexico, and that a petition to that effect has gone on to Washington. Ex-Judge Leland's petition for the same office is on file at the office of the Attorney General at Washington also."

TWICE-A-WEEK REPUBLIC.

Every Monday and Thursday a newspaper as good as a magazine—and better, for it contains the latest by telegraph as well as interesting stories—is sent to the subscriber of the Twice-a-Week Republic which is only $1 a year.

The man who reads this paper knows all about affairs political, domestic and foreign events; is posted about the markets and commercial matters generally.

The woman who reads the Republic gathers a bit of information about household affairs and late fashions and recreation in the stories that come under both the headings of fact and fiction. There is gossip about new books and a dozen other topics of especial interest to the wide-a-wake man or woman.

TO THE DEAF.

A rich lady cured of her Deafness and Noises in the Head by Dr. Nicholson's Artificial Ear Drums, gave $10,000 to his institute, so that deaf people unable to procure the Ear Drums may have them free. Address No. 13898, The Nicholson Institute, 780 Eighth Avenue, New York, U. S. A.

NOTICE TO CREDITORS.

All persons knowing themselves indebted to me are requested to call at my residence and settle at once.

Respectfully,
WM. WILEY.

M. M. Webb for Drugs and Books. Orders promptly filled. El Paso Texas.

NOTICE OF SUIT.

In the District Court of Lincoln County, 5th Judicial District of the Territory of New Mexico.

Teresita G. de Padilla, Plaintiff, } No.
Julian Padilla, Defendn't } 1259.

To Julian Padilla, defendant in said action, greeting:

You are hereby notified that you have been sued in said court by Teresita G. de Padilla, plaintiff in said action, the object of which action is to dissolve the bonds of matrimony now existing between you and said plaintiff, on the grounds of abandonment and failure to support and unless you enter your appearance in said cause on or before the 7th day of January, A. D. 1901, a decree will be entered granting to the said plaintiff an absolute divorce and for such other relief as may be equitable.

Plaintiff's attorney is E. W. Hulbert, whose post office address is Lincoln, New Mexico.

JOHN E. GRIFFITH,
Clerk of the District Court.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la gripe to result in pneumonia." For sale by M. G. Paden.

LETTER LIST.

Letters remaining uncalled for in the post office at White Oaks, N. M., Dec. 1, 1900

MR. R. SMISTHER, REV. FRED M. HALLISTER, MR. BEN BLACK, MR. ERNEST J. ELLEREIN, DR. B. ALBERTSON, MISS MAUD HUGHES, MRS. GEORGE RIXLEY, MRS. R. A. WALKER, P. S. KROUSE ESQ, MR. O. S. WILLIAMS, MISS ROSIE SIRNERS, MISS CARRIE MOORE, FRANK MURRAY and MR. MARRON MILET.

Very Respectfully,
JOHN A. BROWN,
Postmaster.

No one can reasonably hope for good health unless his bowels move once each day. When this is not attended to, disorders of the stomach arise, biliousness, headache, dyspepsia and piles soon follow. If you wish to avoid these ailments keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are so easy to take and mild and gentle in effect. Buy at Dr. Paden's

If you would have an appetite like a bear and relish for your meals take Chamberlain's Stomach and Liver tablets. They correct disorders of the stomach and regulate the liver and bowels. Twenty-five cents at Dr. Paden's.

BELGIAN HARES.

In order to supply the greatly increased demand for Belgian hares of all grades, I have secured an agency from one of the leading breeders of Los Angeles, and am prepared to fill orders from here promptly for any number or grade at the following prices:

With pedigrees, from $5 to $35 each.

Without pedigrees, from $2.50 to $10 each.

When in El Paso call and inspect my stock at the Natatorium, north side of the Plaza.

For further particulars address,
WEST TEXAS BELGIAN HARE CO.,
Box 856, El Paso, Tex.

THE BEST PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Pain Balm also cures rheumatism. One application gives relief. For sale by M. G. Paden.

THE GAME LAWS--WHEN TO HUNT.

Hunters should comply with the following legal regulations enacted by the 33rd territorial legislature:

Section 1. That after the passage of this act it shall be unlawful to kill, wound, snare or trap any quail, grouse, prairie chicken, pheasent, partridge or wild turkey or kill, wound or in any way destroy any antelope, deer, elk or mountain sheep, except that said birds or animals, the animals being with horns, may be killed with a gun during the months of September, October and November of each year in the counties of Rio Arriba, San Juan, Taos, Colfax, Union, San Miguel, Gaudalupe and Santa Fe, and during the months of October, November and December in all other counties of the territory, and,

Provided, that no person shal kill or have in possession more than one antelope, elk, mountain sheep or deer at any one time.

Section 6. Upon petition of 25 voters, county commissioners may suspend the restriction as to killing quail.

This applies except as to mountain sheep and elk, which under an act of the 33rd legislature cannot be killed for five years.

THE NEW YORK WORLD THRICE-A-WEEK EDITION.

As good to You as a Daily and You Get it at the Price of a Weekly.

The presidential campaign is over but the world goes on just the same and it is full of news. To learn this news, just as it is—promptly and impartially—all that you have to do is to look into the columns of the Thrice-a-Week Edition of The New York Wolrd which comes to the subscriber 156 times a year.

The Thrice-a-Week World's regular subscription price is $1. per year. We offer you World and the EAGLE one year for $2. cash in advance. The regular subscription price of the two papers together is $2.50.
