Entered at the Post Office at White Oaks, N. M., as second class matter

THE CHICAGO WEEKLY NEWS, and LINCOLN CO. LEADER, 1 year $2.75.

R. R. MEETING.

Pursuant to a call issued by the citizens of White Oaks a large and enthusiastic meeting was held in Young & Tallaferro's Hall, on Friday night of last week for the purpose of hearing the report of delegates to the [illegible] so convention herein unable to express the great confidence he felt in the building of the R. R.; that the enthusiasm and sob declarations of the delegates from Detroit, Las Vegas and El Paso at that convention, composed as it was of leading men, and some of national reputation, was enough, of itself, to make assurance doubly sure and that the road would be built. He told of the route selected from El Paso to Denver, via White Oaks; that the survey and route from El Paso to White Oaks had been accepted and that the delegates from each of the cities represented had pledged themselves to furnish the money to make the survey from White Oaks to Catskill; that White Oaks was pledged for $1,000 as it's share of the expense, which was light compared to the assessment imposed upon the other towns to be benefitted by the road; that he knew the people of White Oaks and that their reputation for enterprise was of itself a sufficient guarantee that they would sustain the action of their delegation—and that they would subscribe the $1,000, that if that was not enough for White Oaks share, that he, and the other White Oaks delegates, would make up the amount. As to the work of the committee on right of way, he believed that that committee could devise some feasible plan so as to make the loss of property over the route fall as lightly as possible upon small real estate owners. Said he fully agreed with the suggestion of the chairman that the three committees mentioned be appointed as it was necessary to take prompt and immediate action upon the survey expense, and right of way; that as to the committee on subscription to stock he did not think it's labors would be so great as the other two as subscription to stock might be confined to a few; but as to that matter he knew that the people of White Oaks would all do their share of the work assigned of them.

At the conclusion of Mr Hewitt's speech the calls for Mr Watson, another of the delegates to the El Paso convention, forced that gentleman to come to the front, when he was greeted with loud applause as another good and faithful servant who had performed his duty toward the people of White Oaks. He stated that he had not come to make a speech; that the audience had all read the papers and knew what the El Paso R. R. convention had done—"We have pledged ourselves to raise $1,000 as our share of the expenses of the survey, and I feel certain that you are here to sustain that pledge." [Applause.] "We have heard of railroads for the past eight years, year after year; we have expected a road, and year after year we've met with disappointment; but now, Denver, Pueblo, Trinidad, Las Vegas White Oaks and El Paso propose to build a road and they will build it. [Applause.] As a token of their earnestness El Paso leads the way by doubling that portion of the road already built, the cost of which was $500,000, and they [illegible] me, and I know they mean [illegible] business." [Applause.] [illegible] that the [illegible] gentlemen be appointed on the several committees suggested, to-wit:

Survey Expense—Wm. Watson chairman, A. Schilling, Ed. R. Bennett, U. Chaves and Geo. R. Young.

Right of Way—Wm. H. West chairman, Jones Tallaferro, M. W. Hoyle, E. W. Parker, John A. Brown, M. H. Bellomy, and Dr. M. G. Padon.

Subscription to Stock—Jno. Y. Hewitt, chairman, L. W. Stewart W. C. McDonald, Geo. L. Ulrick J. P. C. Langston, A. Ridgeway, and Albert Ziegler.

The motion was carried with instructions that the several committees meet at an early date for the purpose of acting upon the work assigned them.

Mr. Wm. Watson moved that this meeting be formed into a permanent organization until the object for which it met was accomplished.

Mr Hewitt moved that when this meeting adjourn that it meet again on the 12th inst., at same hour, to receive reports of the several committees so as to enable delegates to the Las Vegas Railroad convention to report action of White Oaks.

On motion the chair appointed the following gentlemen a committee to prepare an exhibit for the Denver Board of Trade of the mineral resources of White Oaks: Messrs Watson, Schell, Homan, Parker and Schinzing.

Messrs Hewitt, Homan and Watson spoke eloquently of the interest the delegates from abroad and the citizens of El Paso felt in the revealing to them of the rich, varied mineral resources we possess as evidenced by the handsome exhibit our delegates carried to the R. R. convention at El Paso—it made them proud of being delegates from White Oaks as they listened to encomiums on all sides on our exhibit.

We made of our gold, marble, iron, silver, copper and lead—for who believed it? When we asked for a bond and claim to tell the world what we had to give it, Professors Backman, Judge Fullerton of Denver, and Hough of Las Vegas, predicted that White Oaks was destined to become the greatest mineral camp in the United States.

We want to send an exhibit to Denver and arouse her Board of Trade as we did the El Paso convention.

Mr. U. Chaves offered to carry exhibits from White Oaks to the railroad free of expense, which proffer was received with plaudits.

Chair appointed Messrs Hewitt, Woodland and Bellomy committee to secure funds for procuring the exhibit.

Mr H. L. Ross, of Trinidad, was called for and entertained the audience for fifteen minutes in an eloquent speech on the mineral resources of White Oaks, and was loudly applauded at his conclusion.

We admit our inability to present the proceedings of the meeting as satisfactorily as we would like to. This, however, we can say. Never was a meeting held in White Oaks that gave such general satisfaction, or earnest determination to carry out its purpose.

Cleveland and wife are the father and mother of a daughter.

Talle Hotel. A new brick structure and refurnished throughout with new furniture. Sleeping rooms are well supplied with clean and comfortable beds and provided with light and ventilation. Table supplied with the best the market affords. Every care taken of and attention paid to wants of transient guests.

ARSENIC AND AMMONIA.

Remarkable Contrast in the Effect of Two Poisons on the Complexion.

The slow absorption of many poisons changes in some more or less modified form the complexion but arsenic ammonia shows their effect about as quickly as any. The popular belief that arsenic clears the complexion has led many silly women to kill themselves with it in small continued doses.

It produces a waxy, ivory-like appearance of the skin during a certain stage of the poisoning, but its terrible after effects have become too well known to make it of common use as a cosmetic.

The effects of ammonia upon the complexion are directly the opposite to that of arsenic. The first symtom of ammonia poisoning which appears among those who work in ammonia factories is a discoloration of the skin of the nose and forehead. This gradually extends over the face until the complexion has a stained blotched and unsightly appearance. With people who take ammonia into their systems in smaller doses, as with their water or food, these striking symtoms do not appear so soon. The only effect of the poison that is visible for a time is a general unwholesomeness and sallowness of the complexion.

Many people are slowly absorbing ammonia poison without knowing it. The use of ammonia in the manufacture has greatly increased of late, and it is unquestionably used as an adulterant in certain food preparations. Official analysis have plainly shown its use even in such cheap articles of every day consumption as baking powders. The continued absorption of ammonia in even minute quantities as an adulterant in food is injurious not merely from its effect upon the complexion but because it destroys the coating of the stomach and causes dyspepsia and kindred evil.

Professor Long of Chicago, is authority for the statement that if to fifty million parts of water there is one part of ammonia, the water is dangerous.

There is a little matter that some of our subscribers have seemingly forgotten entirely.—Some of them have made us many promises, but have never kept them. To us it is a very important matter. It is necessary in our business. We are very modest and don't speak about it, says an exchange. The Leader is in the same boat and wants to get out of it. Every subscriber receives a statement of account each week following the address on his paper and has no excuse for remissness. We want our local readers to notice their status this week for next week they will be called upon by a big collector, and his call will mean business.

Scientific Budget.

Prescribing every man, woman or child living in a region of country where malarial fevers and malarial chills prevail, these indications of malarial poison have been found upon the earliest appearance of the first symptom, to be entirely eradicated by the use of Hostetter's Stomach Bitters, which is also a most reliable remedy for Biliousness, Constipation, Rheumatism, Nervousness, Kidney and Bladder troubles, and Debility. It is also a gentle stimulant, and a mild tonic, which is since 1854 in great demand by invalids and convalescents, and is the most popular and best protective medicine in use. Ask your druggist for it.

Testing the Baking Powders.

Comparative Worth Illustrated,

BY PROF. PETER COLLIER, LATE CHEMIST IN CHIEF OF THE DEPARTMENT OF AGRICULTURE, WASHINGTON, D. C.

DR. PRICE'S Pure Cream Tartar	[redacted]
ROYAL Contains Ammonia	[redacted]
GRIEVALENE Alum and Ammonia	[redacted]
Dwight's Cow Brand Alum and Ammonia	[redacted]
MOGANOR Alum and Ammonia	[redacted]
SNOW FLAKE Alum and Ammonia	[redacted]
CALUMET Contains Alum	[redacted]
HOTEL Contains Alum	[redacted]
TAKHALLI Alum and Ammonia	[redacted]
MILK Alum and Ammonia	[redacted]
SHEPARD'S Alum and Ammonia	[redacted]
Red Boy Contains Alum	[redacted]
FOREST CITY Alum and Ammonia	[redacted]
CHICAGO YEAST Alum and Ammonia	[redacted]
SNOW Alum and Ammonia	[redacted]
[illegible] Alum and Ammonia	[redacted]
BOSTON & WILD Alum and Ammonia	[redacted]

Above diagram was drawn and verified in all its details, by Prof. Peter Collier, who is pre-eminent as a Chemist, and Scientist. The illustration is made in accordance with his chemical tests of each brand examined.

The Carbonic acid gas was calculated to get the leavening strength and the qualitative analysis to ascertain the comparative wholesomeness, healthfulness and general usefulness of the leading Powders. The result of Prof. Collier's examination and test, reveals the fact, that, with but one exception, every brand tested contained either Ammonia or Alum, and a [illegible] Alum baking Powder.

Not one woman in ten thousand would use an Ammonia or Alum baking Powder if she knew it. Such Powders not only undermine the health, but sometimes transform a pillow or blanket into a complexion.

[illegible] Dwight's Cream Tartar Baking Powder, as shown by Prof. Collier's examination, is the only pure Cream Tartar Powder, and is recommended by Dr. Price's Cream Tartar Baking Powder, as being superior to all others. The purity of Dwight's Alum, Lime and Ammonia Baking Powder has never been questioned.

LOCAL ROUNDUPS

Luck sometimes makes a name but printers ink, well black and seven n. will give a long peculiar fame, when put in this peculiar column.

R. R. meeting to-night

Stewart the tinner ain't worth "a tinker's dam." Last Monday he stole out of town and fled to some other field, leaving a host of creditors to mourn their losses.

With this issue the Leader enters the tenth year of it's existence. It's new set of teeth has been cut and it's general health is robustuous. Selah!

Advice to Mothers.

Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never failing success by millions of mothers for their children, during the process of teething. It relieves the little sufferer from pain, cures all scurvy and diarrhœa, whether in the bowels, and wind colic. By giving health to the child it gives rest to the mother. Price 25 cents a bottle.

The White Oaks high school will open next Monday in the old Academy Building, with Miss Grace Love, late of Topeka, Kansas, as Principal. If there be any thing in a name the grace of love will spread like a blessed halo over this school. So mote it be.

The Leader has for sale a piano, an organ, 2 wagons, 2 carriages, 2 carts, 3 type writers, a watch, a soda fountain, a shot gun a stove and range, 2 bycicles, one for a lady and one for a gentleman—also a first-class sewing machine. Calvin Fisk is our agent for the sale of any or all of the above—See him at once for bargains.

Col. Herran is happy. For years he has worked in and out of season, expending time, money and [illegible]

[illegible]

The cellars are now cool, dark and open for the accommodation of guests. The first inmate was incarcerated on Saturday for drunkenness. He was a foreign born rooster, whereat an American rooster of kindred habits waxed exceeding jealous, saying Livingston should have waited an hour or two and given him the honor of dedicating that vestible to the temple of justice.

The World Receives.

The following of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unbounded, since Syrup of Figs was first produced the world was astonished with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to clean the system gently in the spring time or in fact, at any time and the better it is known the more popular it becomes.

R. R. MEETING.

A public meeting of the citizens of White Oaks and others interested in the construction of the El Paso, White Oaks & Denver R. R., will be held at Young & Tallaferro's Hall, this

FRIDAY EVENG, OCT. 2nd,

at 7½ o'clock, to consider the action of the El Paso Convention and arrange to carry out the same on behalf of White Oaks.

Let everybody turn out and hear the report of our delegation from White Oaks to the El Paso Convention.

☞ Ladies are specially invited.

Al. Parker, known to most if not to all of our people, and as suave and companionable a gentleman as ever lived in or out of Albuquerque, has spent the present week in White Oaks visiting relatives and friends, which embraces the entire community.

Geo. Centenfield left on Monday for California.

October is with us. Winter soon will be.

$100.00 REWARD

for the arrest of Jim. Conner.—He is about 5 ft. 11 in. high, 30 years old, light red and beard, sandy complexion, inclined to be freckled, large thin nose, spare built, keen blue eyes; had on old boots with ridged legs and striped pants. He committed highway robbery in this County, on the 10th day of September, 1891. The above reward will be paid on the delivery of his body to the Sheriff of Lincoln County.

YOU WANT

a San Francisco paper and of course you want a good one. The WEEKLY EXAMINER fills the want completely, for it is the best. It gives you every week not only all the news, but the best literary and miscellaneous matter published on the American continent—that is its specialty; being the best. It wants your subscription—yours particularly—and offers not only to you, but to every other subscriber, one or more attractive premiums.

In the first place, it gives every subscriber, one of the magnificent etchings or paintings described below, and delivers it entirely at his address, postage paid.

"The Retreat from Moscow," by Meissonier.
"The Roman Chariot Race," by A. Vergnes.

Each of these pictures is 24x38 inches, and they are elegant works of art, showing every tint and color of the great original, three of which sold for $100,000.

"Women and Children First," by C. Rowley.
"Christ Leaving the Pretorium," by Giustino.

Each of these pictures is reproduced in photogravure, ready for framing, and will adorn the walls of the most refined homes.

Each subscriber has the choice of any one of these four pictures, which will be sent free of charge to any address, or given to any subscriber who calls for it at the office of the EXAMINER.

In the second place, it will give 5000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there may be, each and every one of these premiums—which range in value from 50 cents to $6,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as any of the Wells Fargo & Co. or any bank or commercial agency in San Francisco will assure you; and the leading men of the city will see that its premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can get it as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. Hearst, Publisher, San Francisco, Cal.

The Examiner and the Leader, the combined price of which is $3.50, will be sent you for one year, postage paid, for $3.00. Send the money to the office of the Leader and your subscription will be promptly forwarded to the Examiner, and you will receive therefor the Examiner's numbered receipt. You can get a Premium Supplement by applying at this office.

R. R. MEETING.

Pursuant to a call issued by the citizens of White Oaks a large and enthusiastic meeting was held in Young & Taliaferro's Hall, on Friday night of last week for the purpose of hearing the report of the White Oaks delegation to the El Paso R. R. Convention. An interesting feature of the gathering was the large number of ladies present, each and all wearing a "God speed" cast of countenance. Promptly at 7½ o'clock, John Y. Hewitt, Esq., called the meeting to order and after a few pertinent remarks as to the object of the meeting and the valuable and earnest efforts in behalf of the building of a railroad for the past five years by Col. T. W. Heman, nominated that gentleman as chairman of the meeting. Col. Heman's nomination and election was a graceful compliment on the part of the large audience and fully expressed the respect entertained by our citizens toward this gentleman for what he has done for White Oaks.

Before taking the chair Col. H. spoke eloquently of what had been done toward securing a rail road from El Paso here; of how, when the prize seemed almost within reach obstructions were thrown in the way and failure followed failure. Single handed, save with the help of the good people of El Paso, White Oaks, with her great and inexhaustible mineral resources, was unable to convince the outside world of what awaited them in our midst, but that since the great El Paso Convention the public spirited citizens of Denver, Trinidad, Pueblo, Las Vegas and El Paso have said, "We'll build the Denver, White Oaks & El Paso R. R." that El Paso donated the road already built, costing the sum of $163,000, and for her share will do more. Denver and Las Vegas have pledged themselves to do as well. He then spoke of the necessity of White Oaks doing it's part of the work; that $1,000 had been pledged by her delegates toward the expenses of making survey from White Oaks to Catskill, and suggested that as a part of the object of the meeting that three committees be appointed—one on survey expense, one on right of way and one on subscriptions to stock, each to be composed of five or seven members as the meeting might elect. Col. Heman's remarks were received with marked approval.

On motion of Mr. Wm. Watson, Capt. E. Mell Timoney was elected secretary of the meeting.

Local calls were then made for John Y. Hewitt, Esq., and on his coming forward he was greeted with applause.

Mr. Hewitt stated that as one of the delegates to the late El Paso convention he was unable to explain the great confidence he now had in the building of the R. R.; that the enthusiasm and sober declarations of the delegates from Denver, Las Vegas and El Paso at that convention, composed as it was of leading men, and some of national reputation, was enough, of itself, to make assurance doubly sure and that the road would be built. He told of the route selected from El Paso to Denver, via White Oaks; that the survey and route from El Paso to White Oaks had been accepted and that the delegates from each of the cities represented had pledged themselves to furnish the money to make the survey from White Oaks to Catskill; that White Oaks was pledged for $1,000 as it's share of the expense, which was light compared to the assessment imposed upon the other towns to be benefitted by the road, that he knew the people of White Oaks and that their reputation for enterprise was of itself a sufficient guarantee that they would sustain the action of their delegation—and that they would subscribe the $1,000; that if that was not enough for White Oaks share, that he, and the other White Oaks delegates, would make up the amount. As to the work of the committee on right of way, he believed that that committee could devise some feasable plan so as to make the loss of property over the route fall as lightly as possible upon small real estate owners. Said he fully agreed with the suggestion of the chairman that the three committees mentioned be appointed as it was necessary to take prompt and immediate action upon the survey expense, and right of way; that as to the committee on subscription to stock he did not think it's labors would be so great as the other two as subscription to stock might be confined to a few; but as to that matter he knew that the people of White Oaks would all to their share of the work required of them.

At the conclusion of Mr. Hewitt's speech the calls for Mr. Watson, another of the delegates to the El Paso convention, forced that gentleman to come to the front, when he was greeted with loud applause as another good and faithful servant who had performed his duty toward the people of White Oaks. He stated that he had not come to make a speech; that the audience had all read the papers and knew what the El Paso R. R. convention had done—"We have pledged ourselves to raise $1,000 as our share of the expenses of the survey, and I feel certain that you are here to sustain that pledge." [Applause.] "We have heard of railroads for the past eight years, year after year; we have expected a road, and year after year we've met with disappointment; but now, Denver, Pueblo, Trinidad, Las Vegas, White Oaks and El Paso proposes to build a road and they will build it. [Applause.] As a token of their earnestness El Paso leads the van by donating that portion of the road already built, the cost of which was $163,000, and they persuade us, and I know they mean it, $100,000 more." [Applause.]

Capt. Timoney moved that the following named gentlemen be appointed on the several committees suggested, to-wit:

Survey Expense—Wm. Watson chairman, A. Schinzing, Ed. R. Bonnell, U. Ozanne and Geo. R. Young.

Right of Way—Wm. H. West chairman, Jones Taliaferro, M. W. Hoyle, E. W. Parker, John A. Brown, M. H. Bellomy, and Dr. M. G. Paden.

Subscription to Stock—Jno. Y. Hewitt, chairman, L. W. Stewart, W. C. McDonald, Geo. L. Ulrick, J. P. C. Langston, A. Ridgeway, and Albert Ziegler.

The motion was carried with instructions that the several committees meet at an early date for the purpose of meeting upon the work assigned them.

Mr. Wm. Watson moved that this meeting be formed into a permanent organization until the object for which it met was accomplished.

Mr. Hewitt moved that when this meeting adjourn it meet again on the 12th inst., at same hall, to receive reports of the several committees so as to enable delegates to the Las Vegas Railroad convention to report action of White Oaks.

On motion the chair appointed the following gentlemen a committee to prepare an exhibit for the Denver Board of Trade of the mineral resources of White Oaks: Messrs Watson, Scholl, Heman, Parker and Schinzing.

Messrs Hewitt, Heman and Watson spoke eloquently of the interest the delegates from abroad and the citizens of El Paso felt in the revealing to them of the rich, varied mineral resources we possess as evidenced by the handsome exhibit our delegates carried to the R. R. convention at El Paso—it made them proud of being delegates from White Oaks as they listened to encomiums on all sides on our exhibit.

We wrote of our gold, mica, iron, silver, copper and lead—but who believed us? When we asked for a load and moved to tell the world what we had to give it—Not we—such men as Judge Parkinson of Denver, and Hough of Las Vegas, predicted that White Oaks was destined to become the greatest mineral camp in the United States.

We went to send an exhibit to Denver and arouse her Board of Trade as we did the El Paso convention.

Mr. U. Ozanne offered to carry exhibits from White Oaks to the railroad free of expense, which proffer was received with plaudits.

Chair appointed Messrs Hewitt, Woodland and Bellomy committee to secure funds for procuring the exhibit.

Mr H. L. Ross, of Trinidad, was called for and entertained the audience for fifteen minutes in an eloquent speech on the mineral resources of White Oaks, and was loudly applauded at his conclusion.

We admit our inability to present the proceedings of the meeting as satisfactorily as we would like to. This, however, we can say: Never was a meeting held in White Oaks that gave such general satisfaction of earnest determination to carry out it's purpose.

Cleveland and wife are father and mother of a daughter.

ARSENIC AND AMMONIA.

Remarkable Contrast in the Effect of Two Poisons on the Complexion.

The slow absorption of many poisons changes in some more or less modified form the complexion, but arsenic and ammonia show their effect about as quickly as any. The popular belief that arsenic clears the complexion has led many silly women to kill themselves with it in small continued doses.

It produces a waxy, ivory-like appearance of the skin during a certain stage of the poisoning, but its terrible after effects have become too well known to make it of common use as a cosmetic.

The effects of ammonia upon the complexion are directly the opposite to that of arsenic. The first symtom of ammonia poisoning which appears among those who work in ammonia factories is a discoloration of the skin of the nose and forehead. This gradually extends over the face until the complexion has a stained blotched and unsightly appearance. With people who take ammonia into their systems in smaller doses, as with their water or food, these striking symtoms do not appear so soon. The only effect of the poison that is visible for a time is a general unwholesomeness and sallowness of the complexion.

Many people are slowly absorbing ammonia poison without knowing it. The use of ammonia in the manufactures has greatly increased of late, and it is unquestionably used as an adulterant in certain food preparations. Official analysis have plainly shown its use even in such cheap articles of every day consumption as baking powders. The continued absorption of ammonia in even minute quantites as an adulterant in food is injurious not merely from its effect upon the complexion but because it destroys the coating of the stomach and causes dyspepsia and kindred evil.

Professor Long of Chicago, is authority for the statement that if to fifty million parts of water there is one part of ammonia, the water is dangerous.

THERE is a little matter that some of our subscribers have seemingly forgotten entirely. Some of them have made us many promises, but have never kept them. To us it is a very important matter. It is necessary in our business. We are very modest and don't speak about it, says an exchange. The LEADER is in the same boat and wants to get out of it. Every subscriber receives a statement of account each week following the address on his paper and has no excuse for remissness. We want our local readers to notice their status this week for next week they will be called upon by a big collector, and his call will mean business.

Serious Danger.

Thousands every man, woman or child living in a region of country where lakes and rivers abound, should be conscious of malaria in their blood. Fever and ague, biliousness, kidney complaints and constipation are but indications of the presence of this poison in the system, and should be promptly removed by the use of Hostetter's Stomach Bitters, which is also a certain and effectual remedy for the worst cases of intermittent and remittent fevers.

Testing the Baking Powders.

Comparative Worth Illustrated.

BY PROF. PETER COLLIER, LATE CHEMIST IN CHIEF OF THE DEPARTMENT OF AGRICULTURE, WASHINGTON, D. C.

DR. PRICE'S (Pure Cream Tartar)	[redacted]
ROYAL (Contains Ammonia)	[redacted]
UNRIVALED (Alum and Ammonia)	[redacted]
Taylor's (Alum and Ammonia)	[redacted]
MONARCH (Alum and Ammonia)	[redacted]
SNOW BALL (Alum and Ammonia)	[redacted]
CALUMET (Contains Alum)	[redacted]
HOTEL (Contains Alum)	[redacted]
TALBAYNE (Alum and Ammonia)	[redacted]
MILE (Alum and Ammonia)	[redacted]
SHEPARD'S (Alum and Ammonia)	[redacted]
DOG DOY (Contains Alum)	[redacted]
FOREST CITY (Alum and Ammonia)	[redacted]
CHICAGO YEAST (Alum and Ammonia)	[redacted]
CROWN (Alum and Ammonia)	[redacted]
SILVER LEAF (Alum and Ammonia)	[redacted]
DODSON & MIDGLEY (Alum and Ammonia)	[redacted]

Above diagram was drawn and tabulated in all its details, by Prof. Peter Collier, who is pre-eminent as a Chemist, and Scientist. The illustration is made in accordance with his chemical tests of each brand enumerated.

The Carbonic acid gas was calculated to get the leavening strength and the qualitative analysis to ascertain the comparative wholesomeness, purity and general usefulness of the leading Powders. The result of Prof. Collier's examination and test, reveals the fact, that, with but one exception, every brand tested contained either Ammonia or Alum, and a number both.

Not one woman in ten thousand would use an Ammonia or Alum Baking Powder if she knew it. Such Powders not only undermine the health, but ruin the complexion, imparting a sallow or blotched complexion.

Fortunately, Price's Cream Baking Powder, as shown by Prof. Collier's examination, is the only pure Cream Tartar Powder found free from adulterants, and the highest in strength. All authorities report Dr. Price's free from Ammonia, Alum, Lime, or any other adulterant. The purity of this brand of Powder has never been questioned.

It indicates the Powder containing either Ammonia or Alum.

★★ indicates the Powder containing both Ammonia and Alum.

While the different starts some of these Ammonia or Alum Powders to be of higher strength than others, it must not be inferred that they possess any value. All Ammonia or Alum powders should be avoided as dangerous, no matter how high their strength.

SCHOOL AND CHURCH.

—There will be thirty-five Japanese attending Ann Arbor University and high school this year.

—Methodist students at Michigan University are to have a $35,000 denominational headquarters.

—The faculty of the University of Pennsylvania have voted to admit students without distinction of sex to all the college courses. This action requires the indorsement of the trustees.

—It is said that there are more Jews in New York City than in Jerusalem itself, the number being nearly 90,000. They keep up their distinctive worship and maintain forty-nine synagogues.

—The Presbyterians and Episcopalians have decided to erect substantial headquarters at Chautauqua before another season. The Presbyterians will build near the heart of Chautauqua with stone material.

—A Chinese guild is to be established in New York where the 500 pupils in the twenty-five Sunday-schools in that city may find entertainment and instruction during the week. A reading-room, games, gymnasium, bureau of information, an infirmary, and attractions peculiar to the Chinese are to be provided.

—New York churches have a not unusual feature of a table placed near the platform for the purpose of stenographers. The young men are not reporting for the papers, but are mostly clerks in law offices who have studied shorthand and go to church for practicing purposes. Some of them reduce the sermon to typewriting and sell copies to members of the congregation.

—A novel method of raising funds has been tried by a Sunday-school in Burlington, N. J. Some time ago 250 new five-cent pieces, called "talents," were distributed among the scholars and teachers, with instructions to do whatever in reason they could to increase the sum. Lately the talents were called in, and, notwithstanding all the scholars did not make returns, the sum received was $687.

—The correspondent of a Toronto paper says that one of the reasons why the English church is so weak in Canada is its open fee system of fees. In the diocese of Toronto there is an authorized schedule of fees which the clergy are entitled to exact for the performance of certain duties. The fee for marriages, for instance, is $4. An additional fee of $1 is exacted for a certificate. The fee for burials is $2, and $3 if at a distance. In this case also a certificate entitles an additional fee of $1. For publishing the banns of matrimony, the fee is $1 in advance. Nothing is charged for baptism, but if a baptism certificate is desired $1 is charged.

NORTHERN PACIFIC

[illegible]

To John [illegible]

YOU, and each [illegible] are hereby notified that the undersigned, [illegible] Northern Pacific Land Company, [illegible] Lode, the Gilt Edge Lode, the Lode and the Connecticut Lode, situated on the east side of Sun Mountain, in Nevada Mining District, Nevada County, State of California, and recorded in Book [illegible] of Mines, page [illegible], and [illegible] labor and improvements upon the said claims during the year ending December 31, 1889, the following sums:

On the Sunset Lode, [illegible] dollars.
On the Gilt Edge Lode, Twenty dollars.
On the [illegible] Lode, [illegible]
On the [illegible] Lode, [illegible]
On the Connecticut Lode, [illegible]

and that the said sums of [illegible] dollars, being the proportionate amount required to be expended on said mining claims for the year ending December 31, 1889, under the provisions of Section 2324 of the Revised Statutes of the United States, and the amendments thereto, and if you shall fail or refuse to contribute your proportion of said expenditure within one year from the publication of this notice, your interest in said claims will become the property of the undersigned, as provided by said Section 2324 of the Revised Statutes of the United States.

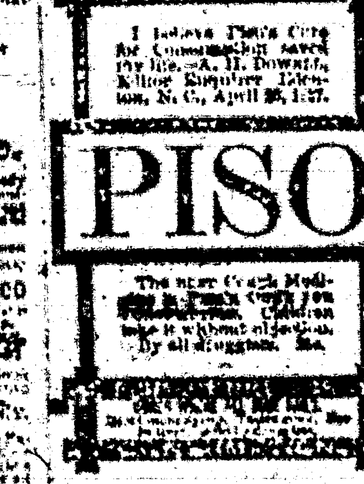
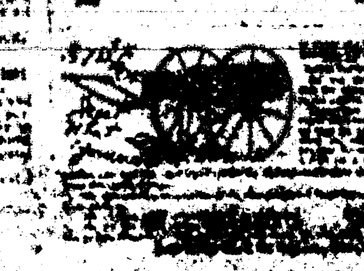
One Month's Treatment for $1.00

[illegible]





Free Reading Matter.

There are various schemes for supplying reading matter at a trifle above actual cost. What would you think if you could get good literature free?

Drop a postal to G. T. Nicholson, G. P. and T. A., A. T. & S. F. R. R. Co., Topeka, Kan., and ask for a copy of "To Monterey Palace Car." You can also get free copies of "A Sea to Bay by Rail," "Guide to San Diego Bay Region," "Las Vegas Hot Springs Guide," and folders relating to Texas, California and Kansas.

Newspaper Law.

Dr. Tuckerman, chief of the Washington bureau, has been asked to collect and compile the decisions of the U. S. Courts on the subject and give to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to have their papers continued.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are liable until they have settled the bill and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address they are held responsible.

5. The courts have decided it fraud for persons to take periodicals from the office and leaving them unclaimed, is prima facie evidence of intentional fraud.

6. If a subscriber orders a newspaper to be sent to a given address, he is responsible to the publisher for the price of the paper until he orders it discontinued, and the subscriber is not responsible for the publication sent him after he orders it discontinued, if the publisher continues to send it until the subscriber pays up all back arrearages and orders it discontinued.

7. The postal laws are such that publishers can put the subscription price of their papers so low that unless payment is made in advance they will inevitably be a loss to publisher.

[illegible]

Excellent Train Service.

The present schedule of train service on A. T. & S. F. R. R. from New Mexico is an excellent one.

A fast express leaves El Paso, Deming and Silver City early each morning, [illegible] from Winslow to Los Angeles by daylight, arriving at Kansas City evening of second day and El Paso morning of third day, [illegible] of Superintendent. This train carries Pullman palace sleepers from El Paso to Kansas City and Los Angeles to Chicago, with Pullman tourist sleepers Los Angeles to Kansas City and a direct connection at La Junta for Pueblo, Colorado Springs and Denver, and at Barstow for St. Louis via the Texas Pacific Ry.

The train from San Francisco (with palace sleepers to Kansas City and tourist sleepers to Chicago, Kansas City and Denver, and Pullman sleepers attached at Las Vegas [illegible] through without change to Denver [illegible] Chicago and St. Louis.

The Santa Fe route also by daylight, fast express, [illegible] reasonable rates to meet the patronage of the traveling public. [illegible] Agent, or write [illegible] T. A., Topeka, Kansas.

C1889.O

THE SAN FRANCISCO WEEKLY CALL is a handsome eight page paper. It is issued every THURSDAY, and contains all of the important news of the week, gleaned from every quarter of the globe, complete up to date of publication. It contains interesting special correspondence from all of the principal cities of the world and a vast amount of the best selected and original general literature. It furnishes the latest and most reliable financial news and market quotations, and gives special attention to horticultural and agricultural news, and is in every respect a first-class family paper, appealing to the interest of every member of the household.

THE MORNING CALL

(SEVEN DAYS A WEEK)

is a live metropolitan daily. It has the LARGEST CIRCULATION and is recognized as being the LEADING NEWSPAPER of the Pacific Coast. Either of the above papers We will send postpaid as a premium on receipt of the following subscription price for the combination:

The Morning Call Daily (without Sunday issues a week) $5 a year. The Weekly Call and Leader $3.50.

WORLD

Under one management.

ATCHISON, TOPEKA AND SANTA FE

now employs the Atchison, Topeka and Santa Fe

In the hands of young men the great system has been so carefully managed that it has gained a reputation second to none for quick time, safety and the luxuries of travel. It is fast becoming the popular route for transcontinental travel, in connection with the Southern Pacific railroad.

It has opened up an almost unlimited field for pioneer enterprise in the far West. No other railroad can carry a man, who is seeking a new home, to golden opportunities such as are open along the thousand miles of this great system.

Special low rates are given to wide-awake immigrants.

For all the information you desire write to

WANTED

Under one management

A Journey in Search of Health

In the hands of young men this great system has been so carefully managed that it has earned a reputation equaled to none for convenience, safety and the luxuries of travel. It is fast becoming the popular route for transcontinental travel, in connection with the Southern Pacific railroad.

It has opened up an almost unlimited field for pioneer enterprise in the far West. No other railroad can carry a man, who is seeking a fortune, to golden opportunities such as are open along the thousand miles of this great system.

Special freight rates are given to settlers and immigrants.

For all the information you desire write to

W. F. WHITE,

General Passenger Agent,

Topeka, Kansas

Or W. L. MALCOLM, Eastern Agent, 410 Broadway, New York

SEYMOUR'S SHEARS AND SCISSORS

TANGLEFOOT

SCHOOL AND CHURCH.

—There will be thirty-five Japanese attending Ann Arbor University and high school this year.

—Methodist students at Michigan University are to have a $35,000 denominational headquarters.

—The faculty of the University of Pennsylvania have voted to admit students without distinction of sex to all the college courses. This action requires the indorsement of the trustees.

—It is said that there are more Jews in New York City than in Jerusalem itself, the number being nearly 90,000. They keep up their distinctive worship and maintain forty-nine synagogues.

—The Presbyterians and Episcopalians have decided to erect substantial head quarters at Chautauqua before another season. The Presbyterians will build near the heart of Chautauqua with stone material.

—A Chinese guild is to be established in New York where the 500 pupils in the twenty-five Sunday-schools in that city may find entertainment and instruction during the week. A reading-room, games, gymnasium, bureau of information, an infirmary, and attractions peculiar to the Chinese are to be provided.

—New York churches have a not unusual feature of a table placed near the platform for the pianos of stenographers. The young men are not reporting for the papers, but are mostly clerks in law offices who have studied shorthand and go to church for practicing purposes. Some of them reduce the sermon to typewriting and sell copies to members of the congregation.

—A novel method of raising funds has been tried by a Sunday-school in Burlington, N. J. Some time ago 200 new five-cent pieces, called "talents," were distributed among the scholars and teachers, with instructions to do whatever in reason they could to increase the sum. Lately the talents were called in, and, notwithstanding all the scholars did not make returns, the sum received was $637.

—The correspondent of a Toronto paper says that one of the reasons why the English church is so weak in Canada is its peculiar system of fees. In the diocese of Toronto there is an authorized schedule of fees which the clergy are entitled to exact for the performance of certain duties. The fee for marriage, for instance, is $4. An additional fee of $1 is exacted for a certificate. The fee for burials is $2, and $3 if at a distance. In this case also a certificate entitles an additional fee of $1. For publishing the banns of matrimony, the fee is $1 in advance. Nothing is charged for baptism, but if a baptism certificate is desired $1 is charged.

NOTICE FOR FINAL PROOF.

[illegible]

To John C. [illegible] of the County of [illegible] State of [illegible]

YOU, and to all to whom it may concern: That the undersigned, [illegible] has filed in this office his sworn application for the purchase of the [illegible] section [illegible] in Township [illegible] North, Range [illegible] West, in Lincoln County, Territory of New Mexico, and that said proof will be made before the Clerk of the District Court at Lincoln, Territory of New Mexico, on Monday, the [illegible] day of December, A. D. 1890.

He names the following witnesses:

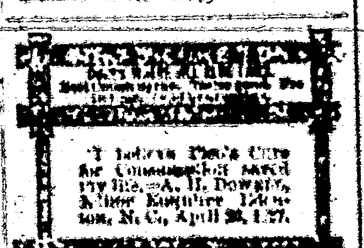
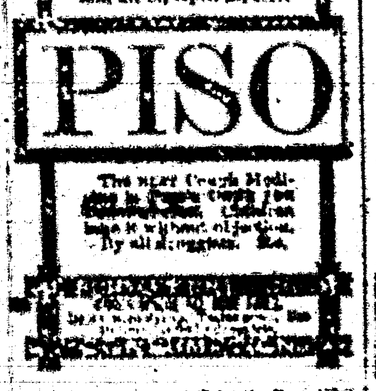
PRINTERS' INK.

A JOURNAL FOR ADVERTISERS.

Is issued on the 15th and 30th days of each month, and is the representative journal of the art of advertising. It indicates the successful advertiser how, when, and where to advertise; how much to advertise; what to say in his advertisements; how to deal with advertising agents; how much money to expend—in fact, discusses in every point that relates to profitable advertising. Advertising is an art practiced by many but understood by few. The publishers of PRINTERS' INK understand it, and their advertisements have been a source of profit to them for twenty-five years. A year's subscription may be the dollar's worth of a lifetime. Sample copies Free. Address:

GEO. P. ROWELL & CO., Newspaper Advertising Bureau, 10 Spruce St., New York.





KNIGHT'S Blood Cure.

A sound and [illegible] remedy [illegible] years. A positive cure for Dyspepsia, Sick and Nervous Headache, Constipation and all diseases of the Blood, Stomach and Liver.

One Month's Treatment for $1.00

Free Reading Matter.

There are various schemes for supplying reading matter at a trifle above actual cost. What would you think if you could get good literature free?

Drop a postal to G. T. Nicholson, G. P. and T. A., A. T. & S. F. R. R. Co., Topeka, Kans., and ask for a copy of "To Mexico by Palace Car." You can also procure free a copy of "Ancient Babylon" if you send "Guide to San Diego Bay Region," "Las Vegas Hot Springs Guide," and folders relating to Texas, California and Kansas.

"Newspaper Talk."

Dr. Tuckerman, editor of the Workman, Cleveland, has [illegible] to [illegible] and compile the decisions of the U. S. Courts on it subject, to give to the Washington Post, results of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to continue subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are liable until they have settled the bill and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and papers are sent to the former address they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for is prima facie evidence of intentional fraud.

LOCAL ROUNDUPS

Lockhart makes a name but printers ink in black and solemn. Will place your peculiar name, when put in this peculiar column.

We are in receipt of a very interesting California letter from Mrs. N. W. Lane, but it will appear next week.

MONDAY, Oct. 12th, our store will be closed until evening in respect to Atonement Day.
Goodman, Ziegler & Co.

THURSDAY Wm. Watson bought from M. Whiteman the sightly lot located at the north-west corner of White Oaks Avenue and Pine Street. Consideration $1,000.

ADVICE TO MOTHERS.
MRS. WINSLOW'S SOOTHING SYRUP, for children teething, has been prescribed by one of the best female nurses and physicians in the United States, and has been used for forty years with never failing success by millions of mothers for their children. During the period of teething it is invaluable. It relieves the child from pain, cures dysentery and diarrhœa, griping in the bowels, and wind colic, by giving health to the child it rests the mother. Price 25c. a bottle.

THIS week M. W. Hoyle purchased the Whiteman store building. Consideration $4,000. This is good property and was sold dirt cheap.

COL. CRONIN will please accept our thanks for the two bottles of cordial which he sent us this week from his Lincoln pharmacy. It filled "a long felt want."

JUDGE CRONIN spent a couple of days in town since our last issue. No man in the county has so many staunch friends in this bailiwick as Col. M. Cronin.

THE Las Vegas Free Press says: With the Denver, Las Vegas & El Paso railroad built Las Vegas will be the Denver of New Mexico and White Oaks the Pueblo.

BY the terms of our contract with the Price Baking Powder Co. they were given choice of position for their ads., and choosing our first page crowds us this week as it will next, after which we will again have elbow room.

AT the mouth of the Brazos River, Texas, deep water, deep enough for any seagoing vessel, has been assured, and a young city named Velasco has sprung up there.

OUR Public and High Schools open propitiously. The former had 47 pupils in the month of Sept. and 48 during this month. The diminution was occasioned by several of the more advanced scholars entering the High School. This is the first week of the High School and it starts out with an enrollment of 23 students with an additional three slated for next week. Mrs. Lane has already ingratiated herself in the affections of her pupils and the confidence of patrons who have the cause of education at heart.

DEAD.

The tall, manly form of Jeff. D. Grambles lies prone in death; his big heart has ceased to beat; his noble soul has cleft the azure sky and now stands in the presence of it's Creator. After battling with fever for some three weeks his brain finally absorbed the disease, and as Thursday morning took it's place in the calendar Jeff's immortal spirit went out with the life of Wednesday.

Jeff came here in 1881, since which year he has been an indefatigable worker and so bore his moral equipoise as to command the respect of everybody. Some four years ago he married a Texas lady who with one of two children given them survive to mourn their irreparable loss.

He was aged 29 years on the 16th of last month hence was cut down in the prime time of life.—Since the "Old Abe" developed into a bonanza the deceased was it's foreman hold'n that position up to the date of his demise. On the announcement of his death on Thursday morning all mills closed down and every miner made preparations for the funeral, and in the afternoon all places of business were closed while stone-masons, mechanics and laborers outside of mineral lines suspended work in respect to his memory and to attend the obsequies. The public and high schools also closed their doors after dismissing their scholars.

The Congregational Church was crowded in the afternoon when Rev. Burke read passages from the Bible, hymns were sung and an opportunity given to take a last look on the face of the departed, after which the funeral cortege, which was very large, wended to the cemetery, where, under the auspices of the Knights of Pythias, and after the rendition of their impressive burial service, Jeff, as he was familiarly called, was laid away. Vale.

Thursday about noon, Mrs. Seymour, mother of the late Manville Seymour, departed this life, aged about 92 years. We have no data save that she was a Christian lady, who, bed-ridden for years, patiently awaited the call of her Master.

The World Enriched.

The facilities of the present day for the production of everything that will contribute to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced the world was enriched with the most perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time, and the better it is known the more popular it becomes.

THE LEADER has for sale a piano, an organ, 2 wagons, 2 carriages, 2 carts, 3 type writers, a watch, a soda fountain, a shot gun, a stove and range, 2 bicycles, one for a lady and one for a gentleman—also a first class sewing machine. Calvin Fisk is our agent for the sale of any or all of the above—See him and secure bargains.

CONSUMPTION CURED.
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and lung complaints, after testing its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his fellow sufferers. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 820 Power's Block, Rochester, N. Y.

MARLIN RIFLES EVERYWHERE
The Marlin Fire Arms Co.

MRS. ELLA G. TIMONEY.

White Oaks Book Store, P. O. Building

Takes pleasure in announcing to the people of White Oaks and Lincoln County that I am in receipt of a large consignment of School Books from the American Book Co. Parents and Secretaries of School Districts will have their orders very promptly filled at prices fixed by the Territorial School Board.

I also have in stock a fine selection of the newest and choicest editions of Book Novels, Sea Side Libraries, Globe Library. All the prominent Magazines.

Also—Choice and Select Cigars, Foreign and Domestic Toilet Soaps and Perfumeries, Combs, Hair Brushes, Playing Cards by the pack or gross, Albums, Calendar and Alarm Clocks, Slates, Slate Pencils, and a host of Notions too numerous to mention.

A Perfect Success. VII

The Rev. A. Antoine, of Refugio, Tex., writes: As far as I am able to judge, I think Pastor Koenig's Nerve Tonic is a perfect success, for any one who suffered from a most painful nervousness as I did. I feel now like myself again after taking the Tonic.

Cured Entirely.

CINCINNATI, Ohio, Feb., 1890.

I, the undersigned, hereby state that my son had epilepsia fits over two years, but was cured by Pastor Koenig's remedy—entirely. I make this statement out of gratitude.
JOHN NUENLIST,
512 Race Street.

The undersigned, knowing the above-named J. Nuenlist's family, is fully convinced of the truth of above statement.
F. M. SCHAUER,
Pastor of St. Francisens Church.

The Gold Bar.

$200 Reward for Ore Thieves.

The common experience of this camp shows that much is lost by the mine operators by the stealing of gold in specimens if not in amalgam and bullion. Therefore, the "Old Abe" Company offers a standing reward of Two Hundred Dollars for the arrest and conviction, or for information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe Co., even the smallest specimen of ore—the rule of this company is to prosecute all specimen. Therefore none of the ore from this mine can be honestly held as specimens. And as the receiver will be quite knowledge as to guilty in large as the thief, this office applies to the holder of Old Abe specimens.
