OUR ELEVENTH YEAR.

Owing to the interest taken by a majority of our readers in the late election we suspended our 10 years' reminiscences of Lincoln Co., until the political clouds rolled by. When we stopped for rest we had just emerged from out the severe mines of precious metals distributed in White Oaks, Jicarilla, Nogal and Bonito. We now return to White Oaks, where we will invade the coal fields and mines yielding "black diamonds."

COAL.

Too much cannot be said of the White Oaks Coal and the extent of the field. From White Oaks it extends 25 or 30 miles in a N. E. direction and is about 10 miles wide. It is an excellent bituminous coal, making a No. 1 coke, is splendid for blacksmith purposes and is probably the best heating coal produced by any western State or Territory. The veins are from 40 to 54 inches thick, increasing in thickness as depth is gained, the coal dipping at an angle of from 15 to 25 degrees, the veins running regular and improving as depth is gained. The development of the coal fields is an industry yet in its infancy; most of the work, however, thus far done, has been prosecuted at White Oaks and at Salado Canon, about 25 miles S. E. of White Oaks.—This is owing to the very limited amount of coal in demand.

At the beginning of our remunerant era—A. D. 1882—what was known as the Williams Mine, was being worked in a small way for development.

The Coxtran Mine was opened a very little ways.

The Wells & Parker Mine was barely opened.

The Williams Mine was, in '83, purchased by Maj. J. J. Gordon, agent for the C. P. Huntington syndicate, as also surrounding coal claims, making with the Williams's 640 acres, 1,000 acres. These lands are yet owned by the same parties, but abandoned so far as any work being done on them.

The Cookson Mine is now in some 420 feet and shows well, but there being no market the mine is not worked. It covers 160 acres.

The Wells & Parker Mine covers 320 acres and has barely existed. It is in about 400 feet and supplies the small local demand, and the proprietors say they have by most expense. 150 tons a day could now be mined from the 3 mines named if demand existed for it.

A comet is reported to be on its way hither and is billed to arrive by Sunday night.

NOBODY FOOLED.

The Telegram of the [illegible] appears to have been under the minds that protection has been so [illegible] reap, practically, all of the benefits of the system. [illegible] that this is true. That for years [illegible] labor has been [illegible] by protection. The Lackawanna workingman, with a wife and children, and a few household goods, finds it extremely difficult to rid himself of the stress of hard times by coming to America. This is not the case with the goods which he helps to produce! They are taken by capitalists and moved to any part of the world where a good market presents itself with all the ease of water running down hill. If there are no tariff barriers to keep them out, these goods flow into America in a flood, inevitably closing down our factories and pounding down the reward of labor to the English standard. The workingmen of America have voted with the free trade party with their eyes open, and if they are the principal sufferers they must grin and bear it until they have another opportunity to set things to rights with their ballots.

Ripans Tabules cure the blues.

The late Chairman of the Democratic Territorial Central Committee is also editor of the Sun, a satellite which shines in Santa Fe. Before election he spelled his name "Crist," now he spells it "Christ." Whether this is because he has swollen in importance because the mongrel Joseph was elected, or that he wants to create a white frost to overspread the features of Max Frost, editor of the New Mexican, who spells our savior's name "Kyst," we know not, but incline to think it in very bad taste.

Ripans Tabules carry sunshine.

It is said that "a new broom sweeps clean." Cleveland is not a new but an old broom. It's a good mercy the democracy didn't employ a new broom—if they had they would have swept every Republican from off the face of the earth.

Hon. Trancilano Luna, of Valencia county, at one time Delegate to Congress, died at his home on Sunday last. The deceased was, in point of facial beauty and form of body, the finest type of Mexican we ever beheld. Added to his grace of person he was more than ordinarily equipped by nature and education. His death reaches far beyond his family and touches many hearts with which he was real in sympathy.

Right or Wrong.

[illegible]

Mrs. Lease wants the Kansas legislature to elect her as United States Senator. It would be a [illegible] thing to do, but it would probably doll breakfast made wrong in Turk's harem.

The Albuquerque Times of Tuesday, says: "One of the most lovable young girls who ever came to Albuquerque and grew up with its growth, was Rose Hopping, sister of William Hopping of the Albuquerque Foundry and George, one of the editors of the Old Abe Eagle. The family was one of the most popular on the Highlands and was one of the pioneer congregation of the Congregational church. Last Thanksgiving evening at that church, Miss Rose was married to Mr. William Bryce, and at the same time her brother William took to himself a bride. A few days ago the one moved into his new home and the husband of the other stood waiting with a heavy heart for the turn of the tide which was to leave him his beloved wife or carry her out on the limitless sea.—Yesterday at 1:30 her gentle spirit departed. Mrs. Bryce was ill only a short time and her death was a surprise to her friends."

The stricken brother left Tuesday for the home of youth and to be present at the laying away of his loved sister, on Saturday evening. We extend to our young friend, George, our sincere condolence.

The Toledo Weekly Blade.

The most popular and best known weekly newspaper printed in the country is the Toledo Blade. For more than twenty years it has had a circulation of 100,000 to 200,000 going regularly into every state, and territory of the Union. From fifteen to twenty-five tons of print paper is consumed in each week's and is regularly mailed to more than half of the post offices of the United States. It is a peculiarity that the Blade is the only weekly newspaper published that has regular subscribers in all parts of the United States. It is edited with special reference to the wants of all people in all sections. It is also made to interest every member of the family. Besides all the news of the world, it has Serial and Short Stories, Wit Humor, Poetry, Campfire, Farm, Sunday School Lessons, Young Folks, Poultry, Puzzles, Household, Answers to Correspondents, Etc., Etc. As a special feature for 1893, Mr. Robinson Locke, editor and proprietor of the Blade, has just sailed for Japan, and will contribute a series of illustrated letters on the manners and customs of that peculiar country and its people. These articles will be commenced some time in February or March, and will be worth to the readers of the Blade many times the subscription price. Every reader of this paper is invited to send for a specimen copy. The publishers of the Blade would be glad to send a specimen copy to every reader in this county. Subscription price of the Blade, one dollar a year. Five dollars in cash will be paid to any person sending in a small club of subscribers. Write for agents' terms, giving particulars. Address "The Blade, Toledo, Ohio."

$200 Reward for Ore Thieves.

The common experience of this camp shows that much is lost by the mine operators by the stealing of gold in specimens, if not in amalgam and bullion.—Therefore, the "Old Abe" Company offers a standing reward of Three Hundred Dollars for the arrest and conviction, or information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe Co., even the smallest specimen of ore. The rule of this company is to shoot specimens. Therefore, beware of the ore from this mine not by honestly held specimens. And as the receiver, with guilty knowledge, is as guilty in law as the thief, this offer applies to the holds of Old Abe specimens.

NEWSPAPER LAWS.

[illegible]

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscription.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrears are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or puts up a postal card notifying the publisher, leaves himself liable to arrest and fine the same as [illegible]

Newspaper Laws.

[illegible]

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of the periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

GRAND PREMIUM OFFER!

A SET OF THE

WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

Which we Offer with a Year's Subscription to this Paper for a Trifle More than Our Regular Subscription Price.

CHARLES DICKENS.

Wishing to largely increase the circulation of this paper during the next ... we have made arrangements with a New York publishing house whereby we are enabled to offer as a premium to our subscribers a set of the Works of Charles Dickens, in Twelve Large and Handsome Volumes, with a year's subscription to this paper, for a trifle more than our regular subscription price. Our great offer to subscribers eclipses any ever heretofore made. Charles Dickens was the greatest novelist who ever lived. No author before or since his time has won the fame that he achieved, and his works are even more popular to-day than during his lifetime. They abound in wit, humor, pathos, masterly delineation of character, vivid descriptions of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the age in which we live. The set of Dickens' works which we offer as a premium to our subscribers is handsomely printed from entirely new plates, with new type. The twelve volumes contain the following world-famous works, each one of which is published complete, unchanged, and absolutely unabridged:

DAVID COPPERFIELD,
MARTIN CHUZZLEWIT,
NICHOLAS NICKLEBY,
DOMBEY AND SON,
BLEAK HOUSE,
LITTLE DORRIT,
OUR MUTUAL FRIEND,
PICKWICK PAPERS,
BARNABY RUDGE AND CHRISTMAS STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER,
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

... County LEADER one year and full set of Dickens, for $2.75

Dickens' Works are always ready.

RIFLES

[illegible]

OUR coon barber, living here under the name of Maybury, shook White Oaks' dirt from off his boots last week and between two suns scooted. He was suspected of being John Davis, who some months ago committed such a fiendish rape on a banker's wife in Sedalia, Mo., as stirred up every citizen of the Puke State. He certainly wore scars precisely like those carried by the incarnate fiend, Davis. On Tuesday he was captured at El Paso. A reward of $5,000 was offered for his apprehension. Had he staid here a few hours longer his trip to Texas would have been unnecessary. He smelt the rat and pulled out, only to be gobbled elsewhere.

DO YOU WANT TO ADOPT A BABY?

Maybe you think this is a new business, sending out babies on application; it has been done before, however, but never have these furnished been so near the original [illegible] this one. [illegible] "I'm a Baby." This is the title of [illegible] you have [illegible] of the [illegible]

"I'M A BABY."

[illegible] we propose to send to you, transportation paid. The little darling rests against a pillow, and is in the act of drawing off its pink sock, the mate of which has been pulled off and flung aside with a triumphant coo. The flesh tints are perfect, and the eyes follow you, no matter where you stand. The exquisite reproductions of this greatest painting of Ida Waugh (the most celebrated of modern painters of baby life) are to be given to those who subscribe to Demorest's Family Magazine for 1893. The reproductions cannot be told from the original, which cost $400, and are the same size (17x22 inches). The baby is life size, and absolutely lifelike. We have also in preparation, to present to our subscribers during 1893, other great pictures by such artists as Percy Moran, Maud Humphrey, Louis Deschamps, and others of world-wide renown. Take only two examples of what we did during the past year, "A Yard of Pansies," and "A White House Orchid" by the wife of President Harrison, and you will see what our promises mean. Those who subscribe for Demorest's Family Magazine for 1893 will possess a gallery of exquisite works of art of great value, besides a Magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep every one posted on all the topics of the day, and all the fads and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion Magazine, its fashion pages are perfect, and we give you, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only $2, and you will really get over $25 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. The Bartholomew [illegible] Wagon.

The short-turn device and the other merits, of which there are many, are described in an illustrated catalogue, which, with address of local agent, will be sent free to any applicant.
