Lincoln County Fair opens in new building September 11 in Capitan

With an all-new exhibition building the 1970 Lincoln County Fair will all be held in one location at the fair grounds and their should be plenty of room for exhibits of all kinds.

The fair gets underway Friday, September 11 with judging for Junior livestock, home economics and horticulture exhibits, open home economics and horticulture, flower show and art show.

Exact information was not available Wednesday as to whether or not there will be roping and riding events on Friday but probably these events will be scheduled for Saturday due to the heavy schedule of judging for Lincoln County 4-H members on Friday.

The Saturday judging starts at 9:30 a.m. with range sheep. The fair parade will form around 10:00 a.m, and start down Capitan main street at 10:30 with both Capitan and Carrizozo school bands furnishing music. Arnold Boyce directs the Carrizozo band, Bartley McDonough the Capitan band.

The parade is under the direction of Bartley McDonough and the only requirement is that people build their own floats and enter the parade. First place prize is $10, second $7.50 and 3rd $5.00. There will be cash prizes for costume, best dressed cowboy and cowgirl, and best decorated bicycle.

Saturday afternoon will be for Lincoln County school students who like to rodeo. Events will be limited to stock available. Fletcher Hall is arena director assisted by Grady Eldridge, Mrs. Zane Leslie and Walt Jones.

Drug suspect dies in county jail

Patrolman Fishburn of the New Mexico State Police arrested Joe Cavatal, from Chicago, Ill. Aug. 26, 1970 on suspicion of use of drugs. He died August 29, 1970, cause of death pending autopsy report.

On August 29, 1970 Margaret E. Mellon, age 19 was arrested on the charge of unlawful use of dangerous drugs. She has been released on $1,000.00 bond to appear at later date. Albert Park Shaw III, age 23 and Nick Patterson, age 22, were arrested for possession of dangerous drugs. They have been released on $2,500. bond each, to appear for trial on September 10, 1970. They are all from Ruidoso.

The Lincoln County Fair books show the handsome new building at the fair grounds in Capitan. After you've admired this pictures, and if you haven't already done so, the fair board will happily accept your donation to help complete paying for the structure. Most recent names on the donor list are: Ed Guck, Treat & Treat, G. Peters, Hattie Lacy.

Don't miss the "old cowboy" riding up the street next to bank (back of fairbook cover) and on the inside front you can see Casey Luna's new cars and Smokey Bear museum at Capitan adorns the inside back cover -- all printed by the News --- natch.

People will move to Carrizozo if they can find housing, not always easy. The Roy Shaw family has moved from Ancho to the Charley Wilson house, the Bill Jersperson family of seven would locate here if housing were avaiable. Bill is coordinator for the Law Enforcement Planning Commission, with office in Carrizozo.

Front of magazine story (pages 299 to 345) in September issue of National Geographic is all about New Mexico. They'll be hard to get but well worth the effort. The author talked with Mark Sloan in Lincoln who told him. "Billy was killed all right, just a few month after he broke out of here. Right in that ranch house near Fort Sumner where Sheriff Pat Garret finally caught up with him. And not with a pistol, either, as Pat himself claimed and artists always draw it. Pat Garrett was too smart to go after Billy with only a pistol. He had a shotgun, and that's a fact, because our neighbor Lorenzo Spitz, whose father went over to see the body, told me his father said the Kid was not only dead but you could throwed a hat through him."

Have you noticed weeds, growing in small cracks of sidewalks and similar places? Reminds me of the quotation from Tamil, "The rock that resists a crowbar gives way to the roots of a tender plant."

Preacher Jim Reynolds told story Sunday of Baptist preacher in El Paso who was a top fund raiser. Incident happened where Methodist boy swallowed a quarter in church, mother was distraught, so church member called a doctor right away. Another church member asked, "Why did you call that Baptist preacher"? Reply, "If anyone can get a quarter out of that kid, Dr. Dorffan can".

This time of year we rummage through the clothes closet and mostly find old clothes we wish we hadn't bought in the first place.

Gayford Freeman's article "NM's Future -- a Challenge to Bankers and Other Residents" is reprinted in New Mexico Business with a lot of charts which bear out his points. Got to talk to him some day about Carrizozo. Shall we stay happy while losing more of the few business places we now have, or should we be unhappy enough to try to improve the situation -- that's our question to the Chicago banker and Lincoln County rancher.

Lots of people around Carrizozo like the old Chinese proverb that goes: "If everyone swept in front of his own house, the world would be clean." Some don't.

John Harkey says the community needs a meeting place and that the fire hall ought to be fixed up in top shape for this purpose. The fire boys can join hands with the town and see this job done, a place for political or any other kind of meeting. John was remembering when Carrizozo pitched in and by donated work and money built the corner place now housing Piggly Wiggly, which was used as a community hall for years, lots of big dances there and other meetings.

Swiped from Duffy -- Sign at army recruiting station: "We honor all draft cards." One of the troubles with running a bar is that the operator never has any steady customers. Army barber to recruit: "Wanna keep your sideburns?" Recruit: "Yes." Barber: "Catch!" Modern hospitals are well planned, but they lack one thing: a recovery room for the father -- near the cashier's desk.

Go sign expected for airport improvements

Mayor Johnson Stearns, Carrizozo town council and engineer Tom Mann have been working on a project at the airport which is about ready to go and will make this airport as fine as will be found in any small town in the southwest.

The project consists of extending the existing 4500 foot runway another 400 feet making a total of 4900 feet which will handle all planes operating in this area. Then the entire runway area will be paved, cost of extension and paving to be $97,823.00.

Turnarounds will be constructed, apron and strip to apron, fencing and access road plus some marking to be done which will bring the total cost up to $149,987.00.

The New Mexico Aviation Board is participating in the amount of $19,385.00, the Four Corners Regional Commission with $35,787.00 and the Town of Carrizozo with $10,700.00.

A request for the balance of the funds needed has been made to the Federal-Aid Airport Program and according to Tom Mann approval of these funds is expected in the near future.

Carrizozo Municipal Airport now has lighted landing strip, beacon light, exceptionally fine airport building, gas and oil facilities, car for transportation to town, and a clear path for landing from all directions.

Must Apply at Superintendent's Office for Free School Lunches

Applications for lunches taken at school office

A program of the federal government is to insure an adequate lunch for all needy children, which program has no connection with the office of Health and Social Services. The lunch program is based on total income of the family, not just one wage earner and people wanting their children to participate in the lunch program must apply at the Superintendent's office so the program can be explained and verified.

The main goal of the program is to see that every child has a nutritional Type A lunch. Families can get either free lunches or reduced lunch prices based on the following guideline set up by the State Department of Education, school lunch division.

Family Size	Income Level Free Lunches	Income Level Reduced Price Lunches
1	1920	2400
2	2520	3200
3	3120	3900

Vega Plans Snack Bar

Henry Vega has leased five lots across from old postoffice from Harkey Real Estate and plans to put in a snack bar and drive-in. He hopes to be in business by the first of next month.

ALL-AMERICAN FUTURITY SALE UNDERWAY TODAY

The ninth annual "All-American Futurity Sale" for foals of 1969 gets underway at Ruidoso Downs, Thursday, September 3. The sale, which is being handled by the Caldwell-Rouk Sales Co. of Ontario, California, will last four nights, ending Sunday, September 6. Approximately 250 yearling quarter-horses will go through the sale ring on these four nights, and represent the finest in quarter-horse racing breeding.

Firemen Organizing Ball Team

The Carrizozo firemen are practicing soft ball on Tuesday and Wednesday evenings. Fire chief Paul Pena told the News that they plan to schedule games with neighboring towns. Nat Palamorez is in charge of this activity.

Rebold To Be On TV

Friends of Father John Rebold, former pastor of St. Rita Catholic Church will be interested to hear that he is slated to appear on the TV show "The Name of the Game" sometime during September or October. He plays the part of a priest in the drama of a young Indian falsely accused of shooting a senator's son. The name of the play is "Little Bear Died Running".

READY FOR THE WARRIORS — You'll likely see this center lineup at Ruidoso Friday night when the Grizzlies play the Warriors. Center Marc Ellison snapping ball to Jody Wrye. Jim Speight on left, Willie Gallegos and Joel Barham backs.

GRIZZLIES VS. WARRIORS FRIDAY

County teams open football season

Capitan Tigers go to Dexter, Corona Cardinals go to Reserve and the Carrizozo Grizzlies take on the Ruidoso Warriers Friday to open up the 1970 football season.

Hard to say how any one of these games will come out. Inter-county rivalry makes the Carrizozo-Ruidoso game the big one and the Grizzlies are a lot more seasoned team coming off a win streak that led to the Class A state champship last year.

With nine returning lettermen and good pre-season workouts, the Grizzlies will be ready to play ball. If they are weak anywhere it will be in depth. Picture in the News last week showed a starting eleven, and some outstanding players backing them up, but not in every position.

Coach Eli Casey is new at the head coaching position in Carrizozo, his brother Pat formerly coached at Corona. Coach Casey has good help in Bob Barnett, Joe Moore, Gerald Lee and Bobby Vest.

Last year when the Warriors came to Carrizozo they faced a green outfit that had not jelled or decided they were on the field to play ball, game ended 34-14 in favor of Ruidoso. Later in the season it would have been a much different story.

It should be a real fine football game in Ruidoso this Friday night. The Grizzly squad includes:

Seniors - Joel Barham, Marc Ellison, Don Ham, Dan Harkey, Leland Jackson, Fred Padilla, Ray Roper, Lee Roy Zamora and Jody Wrye.

Juniors - Shawn Lock, Marcos Barela, Ben Bradley, Jr., Matt Ellison, Willie Gallegos, David Lee, Rusty Leslie, Carl Ortiz, Tony Padilla, Jim Speight, Jay Barnes and Gerald Wells.

Sophomores - Michael Barela, Gabriel Chavez, Bobby Hobbs, Albert LaFave, Chris Monrreal and David Roper.

Freshmen - Alex Chavez, Eddie Chavez, Edward McGinnis, Freddy Nava, Steve Ortiz, Joe Padilla, Gilbert Sambrano, Rito Samora, Pat Sandoval and Jody Ventura.

Just a reminder to all homemakers that the Lincoln County Fair is just around the corner - September 11th and 12th to be exact, You will want to be getting exhibits ready for the big days. Fair catalogues listing all the classes and rules and regulations are available in the County Extension office. Come by or drop us a line if you need a catalogue. The books will also be advailable in limited quantities at Dean Hardware in Capitan.

Homemakers trying to stretch the family food budget will want a copy of the U.S. Department of Agriculture publication "Money Saving Main Dishes". Long on the USDA bestseller list, the bulletin has been updated for present-day homemakers fighting the battle of inflation. More than 150 recipes designed for the noon or evening meal are included in the revised version of the popular publication. Each recipe utilizes a simple method of cooking an economical cut of meat, milk, cereals, breads, and other foods are expected to make up the balance of the day's protein.

In addition to recipes, "Money-Saving Main Dishes" includes suggestions for planning a well balanced and appetizing meal around a main dish. Each recipe is accompanied by suggested menu. Economy of time and money has been considered in the selection of the main dishes and menus, and there are lists of time-saving and money-saving ideas. Copies of the revised edition of "Money-Saving Main Dishes" (H.G. 43) are available for 30 cents each from the Superintendant of Documents, U. S. Government Printing Office, Washington, D.C. 20402. Please include Zip Code.

Look your loveliest!

By Mildred North of Medical Arts

The wedding of Doris Austin and James Lynch III was a most lovely occasion. Radiant Doris was more beautiful than ever and Jim a most handsome groom — the champagne reception afterwards was a gala. All of our favorites were there, all lovely attired and too numerous to mention, our very favorite that afternoon was the glamorous and proud mother of the groom, Mrs. George Fettinger.

Some pleasures are forever—And for everyone. Like the crisp tang of September. Like a Strauss waltz. Like the joy of shopping at Medical Arts, Security Center.

Shopping can be such an adventure. So put on your walking shoes, take a big satchel and discover all the wonderful things in our store.

All kinds of goodies are coming in now — Candles for Halloween and Thanksgiving and shall I dare say, Christmas! Hallmark has everything these days for everything. Yes, you'll send Hallmark if you want to send the very best. Soon we will have a very fine selection of Hallmark books for children. The prices range from $1.00 to $3.50.

We have our own little salon with many beauty preparations and all kinds of "tips" for beauty sake. If you would like a free facial, please call me for an appointment. (Facials will be by appointment only).

Something very new is Creme 2000 — it's an over night or under make up benefactor for any skin—light as a moonbeam.

Not since Ten-O-Six Lotion was introduced 33 years ago, have we had anything as big as Creme 2000.

No, it doesn't produce overnight miracle cures. However, if you get into the routine of applying Creme 2000 nightly or anytime really, this is what it can do!

It's a new cosmetic complex that contains natural emollients and humidifiers. These emollients and humidifiers will gradually replenish the moisture you normally lose to age and to this not-so-perfect environment and climate of ours. With the moisture replaced, your skin will become smoother, fresher, more supple. You will also notice a softening of lines around the eyes. And, it's extremely effective in reducing blemishes and flaws, too.

Some day, most new creams will be made like this one. Until then, I can't think of any reason why you shouldn't enjoy our edge.

Most of us ignore our age — a few answer frankly. But these days more and more women are withholding the facts — and getting away with it. We live in a time when it is often easier for men to detect the age of a rock or a redwood tree than that of a member of the opposite sex.

There's no need to tell an out-and-out lie, but only to try to look our youngest. There are more and more reasons to look younger and prettier. We are less concerned about looking phony and more concerned about looking great.

You don't have to be bold to bat false eyelashes far longer than anyone could ever grow them.

We all "blush" continuously — it's not natural, but it's nice — makes the eyes look bigger and more sparkly.

(Men find it hard to keep up with all the ways today's women trim years off their looks).

How a woman feels about herself, her age, her life — these are the greater reality; and her looks, her care of herself, are only an outward manifestation. The excitement, the challenge, lies in the length of time the youthful look is able to last.

Take a hint from Peanuts — "Happiness Is"—

Now available — Jolen Creme Bleach, a marvelously safe cosmetic to quickly lighten excess hair on the face, arms and legs. Jolen turns dark hair pale blond to blend with your own skin tones. It's only $2.00.

You don't have to streak off to Elizabeth Arden's Maine Chance to enjoy the Seaqua bath line. Foaming Sea Bath is relaxing and refreshing. Getting you clean is the job of Creamy Moisture Soap or Sea Gelie. Massaged on after bath, Sea Smooth Lotion tones body contour. Grand finale, Sea Splash and Sea Dust powder. You can have your own "spa."

I am very proud of two of my loveliest L'Oreal girls — Angela McGregor, deep rich brownette, just back from Austria and Germany and I'm sure not a prettier girl in all Europe. Also Dee Buckman — a dazzling blond — when I see happy Dee, I know blondes do have more fun. We do have many beautiful girls in Alamo.

Lib Glover was in shopping yesterday looking extra, extra and a pretty blue bird pinned on her shoulder — Everyone should have a "blue bird."

All of us know that when we work for someone we really get to know them.

I work for Tom Hamilton.

I love my boss and all of my clientel very much. My life in Alamogordo has been very happy and rewarding.

I shall be very proud to work for Senator Tom Hamilton.

SMOKEY BEAR COUNTRY — By Margaret Rench

Award of appreciation to Austin

On 24th of July, 1970, Darrell Austin went beyond the call of his duty as a State Policeman to command the crew of rescue operations in the Capitan Mountains. We, as members of the Civil Air Patrol, New Mexico Wing, wish to present Trooper Austin this Certificate of Appreciation for work done not only in this mission but in others. Men such as he, are the ones who go the extra mile to give aid and comfort to their fellowman.

This was presented to Darrell Sunday by Lt. Col. Largin sano of Santa Fe.

This certificate is truly something nice. Darrell earned it. I am very proud for him.

Mr. and Mrs. A. E. Davis of San Angelo, Texas were guests of her brother, Mr. and Mrs. Howard Wright and family from Tuesday 25 thru Friday 27.

School is now in full swing. It is good to see and hear the children and the busses go by. It gives a lift of life to our town.

Mr. and Mrs. J. C. Germany and three children of Las Cruces spent this last weekend in Capitan with his mother, Mrs. Ernestine Germany. Saturday afternoon Jim who was three years old enjoyed many of his little friends who joined him at The Woman's Club Park for his birthday party. They had a grand time. Their refreshments were cake and ice cream. I wish you many, many more such happy birthdays dear little Jim.

Miss Jane Cozzens visited her sister Mr. and Mrs. Parsons in Fort Sumner last week and her nephew Bobby Parsons returned home with her to visit his grand parents Mr. and Mrs. S. M. Cozzens. He will remain until his mother joins him and she will go with him to Las Cruces where he will get started in the New Mexico State University there.

Guests of Mr. and Mrs. Ira Caster Friday the 21st were his parents Mr. and Mrs. W. D. Caster of Roswell. They enjoyed that day fishing on Eagle Creek.

Paul Grady returned Friday 21 from Roswell Rehabilitation Center after five weeks observation.

Mrs. Raymond (Presialiana) Trujillo underwent gall bladder surgery Tuesday the 25th at the Ruidoso Hospital. She entered the hospital Monday afternoon. At this time she is doing nicely. I wish you a good recovery.

Mr. and Mrs. Hilario Trujillo, Benje and Ida Jo returned Sunday night from one week vacation in California. They visited their two daughters Virginia and family and Peggy Trujillo. They also visited her niece and brother-in-law, Ray Marrajo, Stella Ann and Rose Mary. A nephew Eddie Padilla and family. They had a wonderful happy time and enjoyed every moment.

Mr. and Mrs. Sammy Castillo went to Bayard Tuesday to pick up their daughter Debbie who had been visiting her aunt and family Mr. and Mrs. A. Chavez. They returned that same night. Debbie started to school Thursday the 27th.

A crew of ten Indians from Magdelina arrived Monday morning to build ten miles of fence for the County. They are with Leroy McKnight. They have a good reputation for fence building. Leroy said they are good workers.

Each morning gets colder and it does remain dry. But the skies do indicate it is near Fall. It takes constant watering to hold the beauty in the yard. I have been asked so many times if I take care of my own yard. The answer is absolutely yes, indeed. I do have to do my own work. The yard work is good for the health and I enjoy it far beyond words. The beauty it gives is well worth all of the time and energy spent. It may not be done as well as if there was help but since that is impossible I accept it as it is and do my best to share the beauty with everyone.

Mr. and Mrs. Byron Withers of Fort Sumner stopped by for a few minutes as they were going through Capitan to visit Mr. and Mrs. Jack Shaw last Friday evening.

Mr. and Mrs. Virgil Wallace of Truth or Consequences, New Mexico spent this last weekend as guests of his sister Mr. and Mrs. Gerald Dean, Sr.

Mr. and Mrs. Guy Dean and family of Tucson spent last weekend with their parents. They stayed Saturday night with his parents Mr. and Mrs. Robert Dean and Sunday night they stayed with her parents Mr. and Mrs. Noble of Ruidoso and Monday they returned home.

Mr. Harold Dean of Bingham and Sally Ann spent Sunday night with his parents, Mr. and Mrs. Robert Dean.

Mr. Alfred Trujillo of Capitan and Miss Mary Ellen Galego of Roswell were united in marriage in Roswell last Saturday August 29th. They will make their home on the Ruidoso. He is employed with construction. She will work in a beauty shop as she is a beauty operator. I wish you worlds of marital happiness together.

Mr. Alkie Hicks started Monday morning August 31st remodeling the Lewis Cummins home.

Mrs. Rench and Mrs. Maude Kingston made the usual business trip to Ruidoso last Friday. We took Miss Lou Harris to her doctor for her treatment and enjoyed dinner at Nob Hill. We always do enjoy that day out and the drive is beautiful. We meet so many friends and have a wonderful visit with them.

The dance given by the Lions Club at the new fair building was enjoyed by a nice crowd. The teenagers had a grand time. The Aggie Ramblers give such good music. I feel everyone that can should attend the dances when the Lions Club does sponsor them as they are a non profit organization. They give the money back where its most needed in the community.

Mrs. Kingston and I made a business trip to Carrizozo last Wednesday and on our return we made one to Lincoln. There were lots of tourists in the museums. Everyone so very busy.

A large crowd attended the funeral of one of our darling and dearest old friends Monday afternoon at the Methodist church. She was laid to rest beside her husband George A. Titsworth in the Capitan Cemetery who preceded her in death in October 1949.

Our memory of this dear lady was of the finest. I became a close friend of hers in May 1930 and it has been long cherished and lasting one. We enjoyed Star together and had many very happy times together until she went away several years ago. To know her was to sincerely love her. I know she is happy now resting there in the place she had planned. God will take care of her and give her rest.

Her family were loyally here with her. Her oldest son George A. Lane of Philadelphia attended as well as her daughter Mrs. Elizabeth Wilson of Minnesota. Her two granddaughters, Susan, and husband, Mr. and Mrs. Bob Ashurst of Cedar Edge, Colorado, Mrs. Carol Ann Schatzel of San Francisco, California. Her nephew Mr. Tibet of El Paso, Mr. George Titsworth and Mr. Allen Titsworth of Winsor, Missouri, Mr. and Mrs. Frank Titsworth of Tinnie. It was so good to see all of them. They were loyal to her in death as they were in life for they too did love her dearly.

If I have missed anyone it is not intentional.

Mr. and Mrs. James Howard and Mrs. Dorothy Ferris of Tularosa attended the Titsworth funeral services.

Mr. and Mrs. Bill Howard of Los Angeles, California and Mr. and Mrs. Tom Howard of Albuquerque spent one week recently with their brother Mr. and Mrs. James Howard in Tularosa.

My House

Of Old Things, By Jackie Silvers

Last week was a very quiet week for "My House" after a very busy three weeks of August before and an altogether very busy summer. "The Bottom Fell Out" so to speak and I believe our Democratic canidate for Senator, Tom Hamilton of Alamogordo has a point when he advocates the schools should start after Labor Day. I am sure I can't speak for the entire State but as for as the economy of Ancho, I can!

Out of state visitors came from Monroe, La., Ada, Okla., and Flagstaff, Ariz., and from New Mexico the visitors were from Albuquerque, Jarales, Carlsbad, Alamogordo, Ruidoso, Roswell, Las Cruces and Tucumcari.

Mr. and Mrs. Bert Penix were by on Monday for a very nice visit with us. Thelma finds so much of interest here, pictures of her mother and father and depot records signed by her father, the late J. M. Frame who was agent here in Ancho from 1918 to 1938. Mr. and Mrs. Frame made their home in the depot for a number of years, then built their own home on the old Morgan homestead. Thelma and Bert feel like they have "come home" again. Their visits are always a very great pleasure.

Mr. Efaw and Mr. Brown of El Paso, Texas were by to see us last Friday. They are Road Foremen for Engines of the S.P.Co. They work in different directions out of El Paso but met here that day and made a tour of "My House". We enjoyed their visit.

Mr. and Mrs. Jay Keel and two young sons of Ada, Okla. were guests of the L. Y. Jacksons last Friday and Saturday. Jay is L.Y.'s nephew. They all enjoyed seeing the relics and pictures of the "Old Timers" of Ancho and Lincoln County as they toured "My House".

Mr. & Mrs. Elliott of the Bates Ranch of Corona and their teenage daughter, Lori, were by for a visit with us. Lori is real interested in the things of the past. They were accompanied by their friends Mr. and Mrs. Gootsch of Las Vegas, New Mexico. Their visit was very much appreciated and enjoyed.

TRAVELING CAMPAIGN HEADQUARTERS — Congressman Ed Foreman with assistants Rick Montoya, and Larry Morgan stopped in Carrizozo last week to visit with people in their new mobile field office, "Bringing Congress back home to the people" is the slogan on the mobile. Congressman Foreman is talking with Dolly Chavez and Dorothy Boyce.

Rev. Dan Wright, Pastor of the Carrizozo Church of Christ, accompanied by Phillip Mixon of Carrizozo and Mr. Leon Heath of Monroe, La. paid us a very pleasant visit last week.

Tom Hall, nephew of the late Jim Hall was here for several days last week for a visit with the Gnatkowskis at their Jack's Peak home.

On Sunday Dr. and Mrs. Roy Shaw and two young daughters were here for a visit with us and a tour thru "My House of Old Things". They were accompanied by Dr. Shaw's mother, Mrs. Willie Shaw, of Alamogordo, New Mexico. The Shaws are now living in the Charlie Wilson home in Carrizozo. We had a nice visit with the Shaws and we miss having them in Ancho.

Mr. Bill Heckner has returned to his home in Los Angeles, Calif. after about three months spent at his home in the Jicarillas. Mr. and Mrs. Larry Lynch took Bill to Albuquerque on Sunday to board his plane for Los Angeles.

Charlie Haley has spent a couple of weeks on his property in the Jicarillas doing his assessment work. He was by to see us for a short visit on his way back to work on the Peter Hurd ranch at San Patricio.

Mr. and Mrs. Melvin Sechrist of Hawthorn, California have been guests of Jackie for a few days while getting their work done on mining claims in the Jicarillas. They will return to Hawthorne on Tuesday.

Mrs. Grace Preuitt Long, Mrs. Ima Sheppard and Alma Joy, all of Alamogordo were by for a very pleasant visit Sunday. They enjoyed a tour of "My House".

Apple packing started last week in the Hondo Valley. There is an excellent demand for these early packed apples. Red delicious were selling for $6.50 per box in Dallas last week.

* * *

Few fall contracts for calves have been made in this area although several other areas report some sales. Some 400 pound heifer and steer calves were selling for $35.00 and $38.50 per hundred weight respectively. Lambs are contracting for $26.00 to $26.50 per hundred weight in the Vaughn area.

The Lincoln County Fair on September 11th and 12th at Capitan will have another touch of the old time fair with many of the livestock on exhibit under the trees. The fat calves, sheep and fat lambs will be under the trees. As the livestock barn was destroyed by fire last week it is necessary that each exhibitor help furnish panels for their own sheep. Inside exhibitors will have plenty of room for their articles although tables will be in short supply. Anyone wanting a fairbook can get them at the County Agents office or businesses in Carrizozo, Capitan, Corona or Ruidoso.

There will be all day work day on Wednesday, September 9th at the Fair Grounds. Any and all help will be appreciated. If you can help, bring a hammer or other tools.

* * *

I recently went to the National County Agents Meeting at Oregon State University. On the way I visited the Colorado Fruit Experimental Farm, Dubois Sheep Experiment Station and Oregon State University Horticulture farm.

In Colorado they are trying different types of heating for frost prevention. One is a combined heating and sprinkler irrigation system. The Dubois Station has Rambouillet, Targhee and Columbia sheep under range conditions. They all have an excellent open face and good body size. They also have a few Lendrace sheep.

The Oregon fruit trees have been able to get 340 boxes from an orchard the second year after transplanting. These were Red Delicious and Golden Delicious in rows 12 feet apart and the E.M. IX trees from four to six feet apart in the row. Also at the same farm they were picking bush beans with a mechanical harvester. They could pick several acres an hour.

* * *

The Lincoln County Development Association will meet on September 9th at 7:30 p.m. at the Elks Lodge in Ruidoso on Highway 70 west. Preparation of the County booth for the State Fair will be the main item of business.

Temperature has great effect on certain alfalfa clones, a former graduate student of New Mexico State University, reported to the American Society of Agronomy in its annual meeting in Tucson August 27th. Charles "Rookie" Straley of Ancho who is now a doctoral candidate at Montana State University, said that temperatures significently affected pollen germination and pollen tube elongation, as well as self-fertility. Straley's work is expected to help the understanding of the breeding behavior of alfalfa so that high-speed yielding varieties can be developed for specific environments.

Old Lincoln Town

By Hattie Phillips

Mr. Dan Gomez who was very ill for a while is gradually getting his strength back and feeling better.

Young Bill Shrecengost had a nice trip before school started. He flew to Cape Cod to visit Mr. and Mrs. Irving Forbes and sons. Mrs. Forbes, the former Margery Shrecengost is Bill's aunt.

While there, he fished, swam, boated and had a ball on an island owned by the Forbes family. However he seemed glad to be back at home in Lincoln.

The Howard Abercrombies had an extended trip, all the way into Canada, where Mr. Abercrombie attended a convention.

They had a little trouble on the trip, a truck hit the rear of their pick-up which had a camper on it, damaging it, but no one was injured so they felt lucky.

While in New York City they saw a demonstration, during which the protestors were beating on cars and doing considerable damage, but were lucky enough not to get into the danger zone, themselves, they too were very glad to get back to Lincoln.

Mr. and Mrs. James Howard of Tularosa spent Saturday night and Sunday with the Edgar Phillips and on Sunday the Joe and Richard Phillips and John Werner families came for a picnic. Everyone enjoyed having Jim and Ethel there so much.

Myra Lou Pfingsten left last week for college. She is enrolled at Hardin-Simmons.

A lady from Arizona who was taking her son a friend of Schar Ward to NMMI for the current school term, stopped by to pick up Schar, about four miles east of Lincoln she lost control of her car, which careened across the road, rolled down an embankment over boulders, breaking out all windows and the windshield and damaging the car over all, terribly.

It is hard to understand how they escaped with only very minor injuries, no cuts from glass. Apparently they were not driving at a great rate of speed. Anyway they were certainly lucky.

Jon and Sharon Amastae left last Friday for Oregon State, where Jon will be working on another degree and Sharon will probably teach. Joanna Amastae flew back to Vicksburg, Miss. on Saturday. We hated to see them leave.

FIRES 700 SERIES — Marcos Villescos won a ball, bag and shoes by scoring the first 700 scratch series in league play at Carrizozo Rec Center with games of 226, 265, 217 for total of 708. The Center offers these prizes to all bowlers. Fred Vega recently had a 696 needing only a spare in the 10th frame but got a split.

Trophy and award winners will be announced Saturday at county fair

An array of attractive trophies and ribbons are to be awarded to the winners in the Lincoln County Fair September 11th and 12th.

The Fair, to be held at the Fair grounds in Capitan, will open with entries being taken between 8:00 a.m. and 9:30 a.m. Friday, September 11th. The judging of the Home Economics, Flower Show and Horticulture exhibits will be conducted beginning at 10:00 a.m. on Friday.

Changes have been made in the 4-H Home Economics classes so they will correspond to the classes at the State Fair. One exhibit will be chosen from each class for exhibit at the New Mexico State Fair in Albuquerque and one exhibit for the Eastern New Mexico State Fair in Roswell.

The trophy and award winners will be announced at 3:00 p.m. Saturday at the Rodeo Arena.

Steinepreis recommended that student council review student insurance program for possible change next year. School will buy check protector.

Some changes made in issuance of free passes to ball games. Police in uniform, working press, workers at game, doctors, ambulance drivers only will receive passes. Tickets price $1.50 and 50¢, pre-school age free.

Use of Title 1 money discussed, cannot be used for free lunches. Supt. Steinepreis recommended hiring another teacher aid or supplement to the elementary reading program.

Two split the jackpot

The Lincoln County News jackpot football contest is open to all comers, and when some of the older fans don't win the young ones will. The first jackpot of the year drew many more entries than an opening game usually does with the majority of them picking Carrizozo to win, which was the wrong way to pick this game.

Final score of 14-14 was figured accurately by a couple of youngsters, Anthony Vallejos and Lucy Lueras who will each receive $7.50 cash. Some other people including Dolly Chavez and Connie Morales 7-7, Isidór Gutierrez and Thelma Perea 12-12, Kim Vallejos 21-21.

Howard Wetzel and Isabel of Corona both picked the Corona-Reserve game but they didn't win for two reasons, wrong score wrong game.

Note to all fans -- just one entry allowed for each person. Really won't hurt until some person enters more than one card and has a winner -- we throw out all entries of more than one to the person.

Sure were a lot of people figuring Carrizozo at 14 point. Following list picked Carrizozo to win with 14. Tommy Lueras, Benita Otero, Donald Zamora, Selma Pena, Eugene Vega, K. Bancroft, Pres Pino, Orlida Luna, Michael Monrreal, Kinny Hoff, Edward Vega, Chris Vallejos, Mrs. Jake Herrera, Freddie Romo, Frank Vallejos, Joe Vega, Judy Vallescos, Govina Villescos, Fidel Ortiz, Bella Barela, Darlene Luna and Geneva Romo.

An equal number of fans picked Carrizozo to win giving Ruidoso 14 points.

There's another jackpot of $15 cash ready this week. Read the football ad and get your entry card at any of the business places listed there.

Darling Bid, a beautiful filly, brings $58,500 at All - American Futurity

The ninth annual "All-American Futurity Sale" came to a close Sunday, September 6, but not before several world records for a quarter-horse yearling sale were established.

The total sale prices of the 228 yearlings sold was a phenomenal $1,142,200.00, which was the first time a quarter-horse yearling sale had topped the $1,000,000.00 mark. Also the existing record for a sale average of this size was broken, when the 228 yearlings going through the ring averaged an amazing $5,009.00. Then to put the frosting on the cake, the record was broken for the highest-priced quarter horse yearling to ever be sold at public auction, not once, but three times.

The highest selling individual in the sale was Darling Bid, a beautiful filly sired by Double Bid and out of the grand running mare, Go Josie Go, who had brought a sale-topping price of $ $58,500, when the auctioneer's gavel had fallen. Second highest selling individual was Goldie Cause, another filly, sired by Rebel Cause out of one of the breed's leading broodmares, Goldseeker. Goldie Cause left the sale ring, after a price of $46,000 had been placed on her head. Still another yearling to top the old existing world record price was Duplicate Bid, another filly, sired by the Go Man Go stallion, Duplicate Copy, out of a very good running mare, Double Queen, who is in turn by Double Bid. The hammer fell after a bid of $42,500 was reached on the beautiful chestnut filly, who was consigned to the sale by Clarence Scharbauer, Jr., Midland, Texas.

The highest selling filly, Darling Bid, was purchased by Mr. Rulon Goodman, Oracle, Arizona. Bess Fish, Hollywood, New Mexico, was the purchaser of Duplicate Bid, while Vern Goodman, Tucson, Arizona was the high bidder for Goldie Cause.

Tigers lack experience, lose 14 - 0

With ten freshmen on a squad of 27 boys the Capitan Tiger football team is real inexperienced and had trouble getting organized in their first game at Dexter last Friday.

Dexter won 14-0 scoring twice in the first half. The first score came on an end run of nine yards, by Grassie, the second score on a 33-yard pass Shaw to Derrick. Dexter missed its first conversion and scored two points on run the second attempt.

Coach John Dickey says his boys settled down and played good ball the second half but they couldn't get their offense going. Made some good gains but nothing consistant.

Changes this week will find Sandy Loomis at tackle and either Sidney McDonald or Frank Najar at center. The Tigers are looking to get some blocking up the middle.

First Grizzly football game was wild

Carrizozo Grizzly football team under Coach Eli Casey opened the 1970 season with a 14-14 tie game at Ruidoso Friday night. The game had its wild moments and there were times when the Grizzly offense could have broken it wide open but at the final whistle the game had been decided by a strong Grizzly defense vs. a big and tough Warrior offense.

Carrizozo kicked to Ruidoso and after two or three plays the Grizzly defense rocked the Warrior ball carrier loose from the ball and Zozo recovered but didn't score. The Warriors got possession again only to fumble and this time the Grizzlies hit pay dirt for the first score of the game on a sweep by Ray Roper.

The kick for extra point was good but called back on clipping penalty and bad snap from center ruined the second try for extra point. Score Carrizozo 6, Ruidoso 0.

The Grizzlies kicked and after a couple of series of downs the Warriors punted. Ray Roper took the kick and running with some real fine blocking went all the way to the end zone making it a 12-0 ball game. This time the Grizzlies went for two, a pass from Jody Wrye to Matt Ellison was good, score 14-0 in the second quarter.

Coach Casey complimented Marc Ellison on his line play, Ellison was the outstanding lineman in this game on both teams without a doubt.

The Warriors got a big break late in the second quarter. The Grizzlies knew they had Jackson open for a pass and the play was called to him. The ball was tipped by their big 74, it hit a Warrior helmet and fell right in the hands of the Warrior tackle who ran it to the 25. Ruidoso went on in to score, 14-6 as the half ended.

Carrizozo received to start the second half and marched to the 8-yard line but fumbled at that point. From then on it was back and forth between the 30-yard lines with neither team making pay dirt. Their offense was big and tough with lots of depth but the Grizzly defense fought harder and was tough to penetrate.

In the fourth quarter with about 2 minutes on the clock Ruidoso scored on a dive play starting at the 50 and traveling all the way to the 3-yard line. Coach Casey said that David Roper did the near impossible on this play. He was knocked down, yet got up and caught one of their fastest boys. Ruidoso punched the ball in from the three and threw for the two points, Miller to Boehm which tied the game.

The Grizzlies took the kickoff and ran it back to the Warrior 19 but the play was called back and the ball was put in play around the 15. With about 1:20 to go the Grizzlies moved the ball to the Warrior 30 and there the game ended.

Casey figures that Jody Wrye called a good first game, working under a new coach and with a different lineup in front of him. Jim Speight drew praise as linebacker, being a little over anxious was his only trouble. Carl Ortiz played on the kickoff team and was first down the field every time, doing a fine defensive job. job.

Looking ahead to Friday the 11th Casey figuring this game is about like Ruidoso playing Albuquerque -- that's the way it will be when Carrizozo plays Tularosa here Friday. Tularosa beat the Alamogordo B team last week 12-0 and Casey says if that is the same Alamo team that scrimmaged here -- Tulie is good. Tularosa is an AAA school, Carrizozo Class A. If the Grizzlies can get by this week without serious injury they'll be heading down the field to some tough games in their own class, like with Cloudcroft that beat Mountainair last week, and Mountainair the next week.

"Beginning Day" in ol' fashion way

Gamma Tau Chapter of Beta Sigma Phi observed "Beginning Day" in an Ol' fashion way with a barbeque and barn dance at the Black Hills ranch of Mr. and Mrs. Wally Ferguson. Hilight of the evening was the "right from the heart" welcome by Johnson Stearns, followed by the Lord's Prayer. After a delicious meal of rolled roast beef, beans, chili, potato salad, cowboy biscuits and home-made ice cream; Beta Sigma Phis, their families and guests "kicked up their heels" to the hoe-down music of Bill Bates, John Snow and Roy Shaw. Blanche Straley was presented with a small gift, as she will be leaving our chapter to attend Nurse's School in Roswell. Members present were the hosts, Mr. and Mrs. Wally Ferguson and children, Mr. and Mrs. Jack Hefker and Melody Kay, Mr. and Mrs. Bill MacVeigh, Mr. and Mrs. Billy Means and children, Mr. and Mrs. Paul Payton, Mr. and Mrs. Bobby Shafer and Billy Bob, Mr. and Mrs. Johnson Stearns and Linda Blanche Straley and children, Miss Phoebe Taylor and Mr. and Mrs. Alton Whittaker.

Guests included Mr. and Mrs. Miles Waldon and Neal of Mountainair, Mr. and Mrs. Melvin Sultemeier and Mr. and Mrs. Holt Lovelace of Corona, Mr. and Mrs. Paul Horney and children of Vaughn, Mr. and Mrs. Stuby Huey, Mr. and Mrs. Billy Littlefield, Mr. and Mrs. Butch Allen and son, Mr. and Mrs. Ronnie Eldridge and daughter, all of Capitan, Mr. and Mrs. J. B. Howell of Roswell, Mr. and Mrs. Max Schiff of Silver City, Mr. and Mrs. Bill Bates of Tularosa, Mr. and Mrs. John Snow of Organ, Mr. and Mrs. Bobby Stearns and Johnny Bob and Steven of Nogal, Mr. and Mrs. William Gallacher, Sr. and Dr. and Mrs. Roy Shaw and mother of Carrizozo.

Good friends, good food and good music! This was "Country" and it was beautiful!

The first meeting will be Thursday, September 10, in the home of Elizabeth MacVeigh. Secret Sister names will be revealed and gifts exchanged.

Valley 4-H going to fair

Hondo Valley 4-H club members are busy preparing their exhibits for the Lincoln County Fair this week-end. The finale for their club year was an evening weiner roast at the White Sands, recently. Transportation was furnished by George Sisneros and Paul Pacheco, one truck being driven by Junior Leader, Ray Sisneros. Teen leader, Cristina Pacheco led the club in games and songs as they watched the beautiful full moon rise on the white sands. Other members attending this event were: Josie Polaco, Yvonne Salas, Judin and Robin Rich, Beatrice Sanchez, Carmen and Beatrice Romero, Elizabeth Candelaria, Carlos Pacheco, Cecelia Pacheco, and guests Christie Sisneros, Lynne Sisneros, Tony Dominguez of Roswell, and Mr. and Mrs. Domingo Dominguez of El Paso, Texas.

Mrs. L.L. Carnell gives program on The Land

Xi Beta Epsilon of Beta Sigma Phi held their regular meeting September 7, in the home of Mrs. Rogene Alford.

Year books were passed out by Mrs. Rand Perkins and Mrs. Rogene Alford.

The roll call was answered by each member giving a New Mexico fact or current event.

Mrs. Melvin Sultemeier, president, was in charge of the business meeting. Plans were made to begin our friendly venture at Mountainair, New Mexico on October 5.

Mrs. L. L. Carnell was in charge of the program, The Land, from our original program books, Light Many Lamps in New Mexico. She gave facts on the land, including area, mountains, plateau, plains, rivers, lakes and water resources. Cities, avis, flora, grasses, fauna, climate and weather. Each member joined in a discussion.

Members in attendance were: Mrs. Ken Anderson, Mrs. L. L. Carnell, Mrs. Jack Davidson, Jr., Mrs. Benny Hendricks, Mrs. John D. Holleyman, Mrs. Archie Perkins, Mrs. Rand Perkins, Sherrill Perkins, Mrs. Melvin Sultemeier, Mrs. Tom Tyree and Mrs. Rogene Alford.

Attendance Up At Quivira

Travel to the Gran Quivira National Monument for the month of July was at an all time high, according to Superintendent Calvin R. Cummings, there were 4,046 visitors recoreded.

This is more than the yearly totals for the year prior to 1953. In that year there were 5,067 visitors.

August 1st and 2nd 1970 there were 422 visitors to the Monument, this is more than the yearly totals for the war years of 1943 or 1944.

Educate your college-bound students before they go away to school. Teach them how to launder their own clothes. When the kids are at home, mother sees to it that the wardrobes are properly laundered and dry cleaned. Away at school, it's another matter. Most dormitories have coin operated laundry rooms where students take care of their own laundry. If there isn't one on campus, there will be one nearby.

The first thing to teach them is to read the instructions and not to overload the machine. Tell them to set the dryer for durable press because improper drying can bake new wrinkles into the fabrics. Be sure they know which clothes can be washed together and which ones can't be washed at all. You may think that girls know all of these things about their own clothes, (and most of them do) but most boys know nothing of the family laundry. Imagine the mother's distress when her college student washes his new blue sweat shirt with his white clothes? Don't laugh-I know it happens. Alert them to the dangers of too much bleach. Teach them how to use various laundry products such as fabric softner. Tell your student to stay with his clothes in the laundry area as they may fit someone else and not be there when he returns.

Coin-operated dry cleaning equipment is also advailable in most areas. The average student can manage a week's washing and drying in about an hour for about 75¢.

Look your loveliest!

By Mildred North of Medical Arts

"Whatever you do, whatever you say, it's got to come from your heart!"

We should think of these words every day.

Getting directly to the heart of things means cut out the nonsense, don't take detours, avoid being bogged down by foolish obstacles, and accentuate the positive.

Think about having a personal trademark, a certain something that is specifically and delightfully yours and that people will remember and associate with you. Perhaps you already have a personal trademark but haven't learned to exploit it properly.

Have you ever realized that you never actually see your own face? Think about it for a minute. You see a reflection of your face in the mirror. You see photographs and portraits. You may see your "face" in your children who look like you. Or the reaction of people who look at you. But all the days of your life, the one face you carry with you twenty-four hours a day is the one face you will never see in the living flesh.

An irony of life—that the face we present to the world is the one we never truly see ourselves.

Every woman needs to become a portrait painter with a sound knowledge of the anatomy of her face and the artistic skills to create the most beautiful picture possible.

Making up your face is like doing a three-dimensional self-portrait in glowing color. You have to know about contour, about shading, about texture —and all in relation to the basic canvas that is your complexion.

Eyes, nose, mouth — consider each phase separately to see what improvement can be made. Then, view all three in combination to judge how they balance and harmonize with each other.

For instance, if your eyes and nose are large and your mouth is almost nonexistent, your portrait-painting problem is both to improve the contour of your mouth and to bring your mouth into better proportion with the other features by making it larger.

As for expression, all you have to do is walk along the street and watch mouths. The tight, taut, down-turned mouth makes the person wearing it ugly no matter what the rest of the face or figure is like.

The woman who habitually wears a disgruntled, sour expression is going to find it "frozen" on her face. After the age of thirty, the face becomes a reflection of personality as well as beauty. Laughing eyes and a smiling mouth become part of the permanent expression. As lines inevitably begin to appear, laugh lines are certainly more becoming than frown furrows and pout marks.

It's fine to look ugly in order to scare your opponents, but even then, you can generally win more with a smile.

Let's be our own critic — "Are we letting ourselves go?"

We should either make a decisive jump forward as an individual, or start slipping backward into drab facelessness.

You've never dyed your hair? Okay, dye it now. Hair coloring is quick, safe and socially acceptable. You've always wanted to be a blonde? What's stopping you? You've secretly hankered to try bangs or streaks or to simply redo yourself — Close your eyes and be transformed. There's no reason for you not to make whatever beauty changes you want.

Start paddling fast in the opposite direction if you are slowly heading for the falls in an old faded loveboat!

This fall has certainly been the fall for lovely weddings.

Linda Ness and Michael Cummington were married August 29.

A wedding that couldn't be anything else but beautiful, with such a pretty bride and maid of honor, Carl Ann Ness.

Marie and Carl, it just "ain't right" for two such beauties in one family.

CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega.

We also call it "the little car that does everything well."

Because it does.

Everything? Everything.

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?

Numbers speak louder than words.

The wheelbase is 97 inches.

Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5½ feet.

Weight: 2,190 lbs. for the sedan.

Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.)

Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

Three cars and a truck.

Vega turned out so well that we couldn't turn out just one.

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

September 10th is Opening Day.

All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.

Plants of the Southwest

By Angie Previne

The black or bluish purple fruits are found in large quantities in the Sierra Blanca and many other areas. They grow in clusters some can be quite large, as much as several pounds. I prefer not to mix the juice with other fruits, however some people like apple juice with elderberry. The jelly recipe given in the Sure - jell package is good. Use some under ripe berries with the ripe. The jelly will jell nicely.

Wild grape (Vitis Arizonica)

The wild grape is found near Capitan and Angus areas, the vines usually produce fruit each year. They bear fruit often with a white waxy cover and in clusters as the cultivated grape. The fruits are small, quite tart and may be used for jelly as well as grape juice.

Wash grapes, pick grapes off stems, a few stems may be left without altering flavor, as it is a time consuming job, since the fruits are small. Place into a kettle and half cover fruit with water and simmer until juice is free running, mashing will often make a cloudy product. Strain through a jelly bag or cloth. The Sure-Jell recipe for concord type grapes may be used satisfactorily. Some people use 3/4 to one cup sugar to 1 cup of juice, without the Sure-Jell, making a fine jelly.

Grape juice may also be canned or frozen by standard methods.

Raspberry (Rubus Strigosus)

The most flavorful jelly and a favorite is the raspberry found and gathered on the Capitan Mountains about September 15th. Ripe raspberries were found last of July and first week of August in the Bonita area, above the Bonita Dam, while on a field trip in this course. Jelly is preferred to jam as the seeds were rather hard and bother some. The color, taste, and odor is unexcelled. It has a high tart flavor that is considered delicious by everyone. The fruit is a typical raspberry about 1/2 inch wide, red in color, is found near streams as well as open mountain meadow areas in patches in the ponderosa pine.

Add a small amount of water to fruits and simmer, crush fruit while cooking. Takes a shorter time than the other fruits. Strain and proceed with recipe in Sure-Jell for red raspberry.

Chokecherry (Prunus Virginiana)

This is a rather small fruit that grows on shrubs or small trees depending on area it is found, usually dark purple, almost black in color and grow in clusters similar to wild grapes. Some people consider the flavor too strong to use alone and often mix it with apple juice before making jelly. Pectin is recommended as this is very low in chokecherries. Chokecherry syrup may be made by using the jelly recipe with only 1/2 of the pectin. This syrup is good for pancakes and ice cream topping.

Pricklypear cacti (opuntia spp.)

The fruit starts to ripen in Sept. and can be gathered into October in the Capitan Mountain area. The fruits are purplish-red and have few spines, however they should be picked with kitchen tongs and never touched with the hands. The fruits should be washed well by spraying or swishing in the water. Then hold them with tongs and slice into halves so that the juice will cook out easily. Place into a large container, cover completely with water and cook until tender. Strain through a colander first, then through a heavy cloth. Do not crush fruit at cooking time or while straining. The juice will be gelatinous.

Recipe from Lincoln County News weekly newspaper - Carrizozo, New Mexico, Mrs. J. T. Clegg.

3 cups beautifully colored juice
1/4 cup lemon juice
1 package of sure-Jell
Stir these together, and bring to a boil, then add
4 1/2 cups sugar
Again bring this to a rolling boil, boil for 2 minutes.
Pour up and proceed the same as for other jellies.

This is one of the easiest to make and I have never had it fail to jell. A very clear, red and tasty jelly is obtained from the pricklypear cacti.

Gooseberries or currents (Ribes pinetorum) (Ribes inerme) (Ribes woldii)

Ribes pinetorum is a gooseberry which bears large, prickly berries that turn purple at maturity and should be picked with kitchen tongs or leather gloves. These are quite sweet and cook very quickly into a thick jam. The spines seem to disappear during cooking. I have never made a large amount. This year in this class I found them in more abundance and more accessible. My plans are to gather a large quantity about the 10th of August and use the recipe of one cup of cooked fruit to 3/4 to 1 cup sugar depending on the tartness of the berries. Then cook into a thick jam.

The current (Ribes inerme) is often called wax current, it is different from the above one, being smaller, globe shaped, red in color, usually smoother and tart. Jelly with the Sure - Jell red current recipe may be used. Also pies, using a fruit pie recipe, are made from these currents.

The (Ribes wolfii) is found in large quantities but it is not the best flavored. It might be worth experimenting with in the future.

One of the popular nuts found in this area is pinon (pinus edulis), brown in color and often up to 1/2 inch long. It is harvested in the fall after cones begin opening and seeds are about ready to fall. It may be eaten raw or roasted. They are a rich, oily nut high in nutritive value, Harrington's book, page 325 lists protein 14.6%; fat 61.9%; carbohydrates 17.3%; ash 2.8% with a fuel value per pound of 3,205 calories.

The walnut (Juglans major) found along streams in the grass land and mountain areas is small, but tasty.

The yucca (Yucca baccata) often called Spanish Bayonett in this area produces fleshy fruit 5 to 8 inches long. Some were gathered on a field trip and to my surprise are quite edible. They were cut into quarters and the seeds were removed, the fleshy part was pressured for ten minutes at ten pounds pressure, they were salted before cooking, seasoned with butter and pepper. Dr. Moir, instructor boiled his in salted water, stated they were easily over cooked. The flavor was somewhat like zucchini squash.

A large variety of greens is found in this area that are usable for salads and potherbs like spinach. These are fun for the homemaker to try for different taste sensations.

Lambs Quarters (Chenopodium Album) (C. berlandieri) is gathered in the early spring and through out summer if rains have prevailed. The annual plants have a whitish covering on the leaves and stems and are found in waste ground or fields. The leaves and stems of the young plants are used and cooked same as spinach. Once a person overcomes the feeling of eating weeds, they enjoy eating these greens. I freeze some every year and mark the containers "weeds". Salt, bacon fat or bacon pieces and vinegar are the best seasonings.

Another plant quite commonly used in New Mexico and found in many areas in the state is common purslane (portulaca oleracea). This plant is used the same as above, however some people object to the somewhat mucilaginous texture and use it mixed with bread crumbs and eggs and bake in the oven until done.

The Russian Thistle (Salsola kali) is used in the same methods as above. It may be dressed up with bacon strips and hard boiled eggs or mixed with other greens like mustard as it has more bland taste.

Two plants that have been used by me for salad are watercress (Rorippa nasturtium - aquaticum) and violet (Viola Canadensis).

Watercress grows partly submerged in water and is best picked in early spring before blooms appear, the taste is not as "hot" or "peppery", however some people do not object to the strong taste. It is good in any combination green or vegetable salad. My favorite is watercress and cucumber with vinegar and oil dressing.

The wild onion (allium cernuum) with stems six inches to two feet tall, leaves flat to nearly round, flowers in clusters with each individual flower stalk meeting at a common point and the cluster nodding, flowers whitish to rose is found on plains, hills, and mountains.

The onion (allium geyeri) is similar to (allium cernuum) the flower cluster is upright on the main stalk. They both have the characteristic "onion" odor. They may be used the same as their cultivated relatives.

The use of plants studied in these areas for home beautification is possible, however it must be remembered plants taken from one life zone to a completely different zone might prove a disappointment. These plants will not survive. Some will maintain life in a slight change if transplanted at correct times for particular plants. Shrubs and trees should be small, about two feet or less for the average person to transplant successfully. There is a shrub which I plan to get for my yard to replace the bridal

Turkey Buzzard has new home

Phil Haist of Ruidoso sent picture and notes to the News about a young turkey buzzard found by Bernard and Marie Rooney in a cave up Carrizo Canyon. It was hard to get the buzzard to eat at first, had to force canned dog food down the bird's throat.

At first the young buzzard would bite and blow a sort of hissing whistle at the sight of any person. In about two weeks he/she was gentle enough not to attack by pecking. The bird has a curved beak which draws blood easily.

The estimated age now is about four months. It flies a little, six to eight feet, still has baby feathers but is changing rapidly and probably will fly away some day soon.

The picture shows the buzzard on Rooney's gloved hand. Turkey buzzards have a keen sense of smell and keen sight. It is claimed that they can see a rat while soaring a mile high. Phil says that no one has proved that they can't, something for a qualified bird watcher to answer.

They must have lots of wild life around Bernards Hideway in the Hondo Valley. The family cat caught an eight-inch lizzard which bit down on the cat's paw and elicited an anguished howl of pain.

Final note from Phil -- I'm in favor of equal rights for women. They've taken advantage of us long enough. Thanks Phil, from one buzzard to another.

SMOKEY BEAR COUNTRY — By Margaret Rench

Let's make this parade a big one

Remember the Fair is this weekend. Do think of that and attend. The parade will be Saturday morning. Be certain to decorate your bicycles, cars and get your costumes ready. We need floats. We want horses and all of the posse, etc. Lets make this a big one and a success too. We know that besides our Band we will have Carrizozo and Ruidoso Bands and perhaps the Corona Band. The more the merrier.

The Corona Band Director, Sherrill Perkins has been in Europe and just recently returned. Therefore we did not have a word but we do want them. Those lively bands make everything perk with grace and pep.

Leota Pfingsten of our school also went to Europe and returned after school started. She will have lots to report to us which always does make me very happy.

Be certain to patronize the various High Schools at the fair. Also the Junior Booths at most of the athletic events.

The Fire Department news is that a new siren has arrived and will be installed near the Water tank.

The Fair Parade judges will definitely be Hugh Stiles and Wayne Estes.

Chaplain Kline attended the Portland Legion Convention recently and when it was over he flew to Travis AFB San Francisco, Calif. September 4 he was to fly to AFB in Western Okla. He says it will be a treat to stay home for awhile. That is a happy busy vacation.

Mr. and Mrs. J. C. Germany and family of Las Cruces will be home this weekend.

Vera Beall of Lincoln was pleasantly surprised with a birthday luncheon last Thursday. Those attending were Hattie Phillips, Lincoln, Emelia McKnight, Tinnie, Loraine Cox of Nogal, Lorene Ferguson, Corrine Provine, Eltha Merrell and Pat Flatley of Capitan. Vera was presented with beautiful flowers and the afternoon was spent playing Canasta.

Mrs. Stoneman, better known as Aunt Mollie, will be 85 years old Thursday, September 10. I wish you many good healthy and happy birthdays.

The remodeling of the Lewis Cummins home is at this time a mess but that has to be to do the work necessary to make it beautiful as that will be when finished. I am so happy for you for you will truly enjoy it. Do not mind the mess. Just smile on and soon it will be finished.

Mr. and Mrs. Bill Caster and seven month old Brian of Silver City spent a week with his parents Supt. and Mrs. Ira Caster. While here Mrs. Bill Caster's grandmother passed away in Denver, Colo. She and Bill left on Thursday to attend the funeral services Saturday. Thet returned Sunday. Little Brian stayed with his happy grandparents from Thursday through Monday. They liked and enjoyed that. They returned to Silver City Monday where Bill is in college.

Clara Lowe returned home from the Ruidoso Hospital last Saturday after being there over one week. Her sister, Mrs. Maude Eshom is staying with her for awhile during her convalesence. I wish you a good and complete quick recovery Clara.

I attended the regular meeting of the Eastern Star in Carrizozo last Thursday. All of us enyoyed that meeting as it was our first meeting since June.

Mr. and Mrs. Lewis Cummins are the proud grandparents of a new grandson born Sunday noon Sept. 6 in Arcadia, Calif. to Mr. and Mrs. Ted Cummins, weighing 7 lbs.-12 oz. They do not have a name for him at this time. Therefore that will follow later.

Mr. and Mrs. Alton Phillips and daughter of Lubbock, Texas spent Labor Day weekend with her parents here, Mr. and Mrs. H. G. West.

Mrs. Harold Armstrong, who had surgery in the Medical Center in Roswell recently is home in Roswell at this time and doing fine. Iwish you a good recovery. Take care of yourself.

Mrs. Glenda (Leslie) Armstrong who stayed with her returned and picked up Rene Michele, her daughter who had been with her grandparents Mr. and Mrs. LaMoyne Peters during her absence and they returned to their home in Roy, New Mexico.

Mrs. Ellen Faye Cornelius had the bad news of her 49 year old brother's serious heart attack, L. A. Greenfield of Plainview, Texas, Sept. 2. He will have to remain in the hospital for awhile. I wish you a good recovery.

Mr. and Mrs. Jack Shaw returned Sunday evening from one weeks happy vacation in Delta, Colorado. Their children Mr. & Mrs. Jeff Shaw of Silver City and Mrs. Michael Riska of Clovis joined them there. They fished and caught lots of nice fish. It did rain a couple of days otherwise it was lovely weather.

They fished at Blue Mesa Dam on the Gunnison River. They said there were millions of people with trailers and camper. They had not ever seen so many as were there and everyone seemed to be happy and enjoying the outing.

They attended the Nazarene Church services of which Garth Hyde is the Pastor. They enjoyed it so very much. His sermon was Labor and he did give a good one. Garth is one of our own boys of which we have always been very proud.

Mr. and Mrs. Richard Long and family of El Paso spent Labor Day here with her parents Mr. and Mrs. Claudio Montoya. They went fishing Saturday. Mrs. Long is the former Agatha Montoya. It was a joy to see and talk to her.

Mr. and Mrs. Archie Fuch and two children who had been here for some time visiting relatives and friends left last week for New York. They purchased a new trailer home and took it with them.

Mr. and Mrs. Milton Jones attended the Jones Family reunion at the J. B. Fuqua's in Moriarity.

Mike Jones who is 94 years old also attended.

All sisters and brothers were there. There were 32 in all. Seven children and most of their children. What a happy time to be together again on Sunday August 30.

Mr. and Mrs. Harvey Lang, newly weds of Deming, New Mexico, are spending two weeks with her brother Mr. and Mrs. John Able and family.

It was nice meeting you and I wish you many happy and delightful years of wedded bliss together.

The Smokey Bear Museum will close not long after the Fair. Ther has been over 4000 visitors there this summer.

Laura Lee Lacy will go to Roswell September 15 to attend East N.M. University. She will live in dorm. I wish you happiness and good knowledge there. Study hard.

Mrs. and Mrs. Kingston made a business trip to Ruidoso last Friday and Sunday afternoon and visited with Miss Lou Harris. We noticed the immense crowds at the races. They could not take all of the cars, some had to be parked outside. And when they were dismissed, what a traffic jam! It looked like a city. We were glad not to be in it. It was OK to be on the outside looking in on the traffic. Certainly everyone had to drive with care.

Our City was full of travelers all of the holidays, going and coming. Everyone seemed to be happy and to be enjoying their holiday.

Mr. and Mrs. Lee Smith went to Clovis last Saturday and spent Sunday and Monday with their daughter, Mr. and Mrs. Jim Kerr, Rocky and Tammy.

Last Friday night Mr. and Mrs. Billy Wrye, Stephanie and Cynthia of Albuquerque visited her parents Mr. and Mrs. Lee Smith. They also attended the football game at Ruidoso. Carrizozo played with Ruidoso there.

Mrs. Kingston and I enjoyed the day in Roswell last Tuesday. It was cool as there were clouds until 3 p.m. then it was truly hot for us. We had a very nice day. Willa Mae Luck joined us for dinner at Furrs. She went with us until we left for home. It was a great day though we were plenty tired on our return.

The Lions Club dance recently was a success. Their recent contributions were $60 for cheer leader uniforms another $50 for County Muncipal building. They purchased the balls, bats and gloves for the Sierra Blanca Boys Camp.

Mr. Bartley McDonough received a special award from the outgoing Dist. Governor Ray of Dist. #40 M. Lions International.

Our football team has eleven the remaining part of the squad is young and inexperienced but I am counting on those uoung men to forward and make a strong team.

We have 225 children enrolled from Grade 1 through 12 in our school.

The new teachers are: Miss Helen Pierce, first grade. Mr. Melburn Gossett, Shop and Athletics Head Basket Ball Coach. Mr. Robert L. Charnock, Science and Math.

There are 33 in the advanced Band with Francisco Trujillo as Drum Major. Assistant Drum Major is Patty Dobbins.

There are 41 in the beginning Band.

Friday September 11 is a school holiday. Also September 11 we play football with Reserve here.

Following Friday September 18 we play Carrizozo here.

It appears the Band trip will be October 2 at Tatum.

We plan to march in the Lincoln County Fair Parade September 12. At the Eastern N.M. Parade (the date uncertain at this time.) In the Aspencade Parade Oct. 10.

The faculty besides the new teachers are Second Grade-Leota Pfingsten. Third Grade-Opal Peters. Fourth Grade-Rafelita Pryor. Fifth Grade-Lois Aldrich. Sixth Grade-Louise Ferguson. Seventh Grade and Spanish-Ofelia Salas. Maurilda Perry-Commercial subjects. Bartley McDonough Music and English. Home Ec. and P.E. - Angelina Provine. English and Librarian-Emma Jean Hall. Athletic Director, Science and History-John Dickey. Office Clerk-Joan Pumphery. Teachers Aide-Dorothy Lacy. Principal-Jack Mayfield. Supt. -Ira Caster. The school board-Zane Leslie. Pres. John Able. Secretary - George McBride. Hank Lacy and Pat Huey are members.

We had a trace of rain this Monday September 8 at noon hour. Only a trace.

Rocket Wrangler wins big money

Rocket Wrangler, a chestnut colt owned by Mr. John R. Adams, Guymon, Oklahoma, led from start to finish to become the twelfth winner of the "world's richest horse race", the "All-American Quarter-Horse Futurity," run September 7, at Ruidoso Downs, N. M. The purse for this year's All-American" was a tremendous $670,000.00, with the winner of the finals receiving a paycheck for $178,488.00, in addition to various breeder's awards and nominator's awards. Rocket Wrangler had also won the "Rainbow Quarter-Horse Futurity" at Ruidoso Downs earlier in the year, and his victory in the "All-American" pushed his yearly earnings over the $200,000.00 mark. The beautiful chestnut colt was purchased last year by Mr. Adams from the Elizabeth Hobson Estate, while Mrs. Hobson was both the breeder and the nominator. Rocket Wrangler is the son of the thoroughbred stallion Rocket Bar, who stands at Harriett Peckham's Buena Suerte Ranch, Richmond, Texas. He is out of the excellent running mare, Go Galla Go, a daughter of Go Man Go.

Running second in the "All-American" was Bunny Bid, a Double Bid-Easter Rose, colt bought by the Bunny Bid Sundicate at last year's "All-American Futurity Sale", for $8,500. Bunny Bid earned $83,817.00 for his fine effort, raising his lifetime earnings to the $100,000.00 level. A Jet Deck colt, Tony B Deck, owned by Mr. Anthony Buford, Caledonia, Missouri, finished in the third-place slot, which was $39,195.00 to his owner. See Him Go, running under the colors of Tom S. Neff, Colorado City, Texas finished fourth place, bringing home a check for $27,738.00.

Southwest Plants

wreath, which freezes in bud each spring. The Holodiscus has similar leaves and growth pattern but blooms in July and August with compound flower clusters drooping in beautiful fashion.

It was suggested seeds be gathered of some of your favorite blooming flowers and planted in your own garden.

I have grown many sedums in previous years and as a result of this class many more were found and are growing in a special place. The Stonecrop, Rose Crown, Roseroot are common names for (sedum rhodanthum) and (sedum integrefolium).

The amount of material that can be found for drying and using in fry arrangements is fabulous. Fruits, stems, twigs, wood pieces, and mushrooms make good additions for winter bouquets.

The leaves and flowers picked at different seasons and pressed between sheets of newspaper, weighted down with something heavy, if a flower press is not available, are used for making decorative placemats. These are made by placing your design on contact paper and cover with a sheet of clear contact paper, trimmed with pinking shears or razor blade. These are attractive and fun to make. The small flowers and leaves have been used to make attractive stationery.

This course was a privilege to take with the guidance of knowledgebale Dr. Moir, who made it interesting and educational.

The three books in bibliography by Arnberger, Dodge, Flowers of the Southwest Deserts, Patraw may the Southwest Desets, Patraw, may be purchased for one dollar each and are highly recommended, if one is interested in plants and names, but if interested in usage for food, Harrington's book is the best.

The area which was studied is located in the Lincoln National Forest in the Capitan, Cloudcroft and Ruidoso, New Mexico. This area includes:

1. Desert - 4000-5000 feet elevation
2. Desert - Grassland 5000-6000 feet elevation
3. Pinyon - Juniper 6000-7000 feet elevation
4. Ponderosa Pine 7000-8000 feet elevation
5. Douglas Fir 8000-10,000 feet elevation
6. Spruce - Fir 10,000-12,000 feet elevation
7. Tundra - Alpine - 11,500-13,000 feet elevation

The most interesting and valuable plant to me were the freshy fruits. Most fruits are definitely characteristic in themselves and easy to recognize once you become familiar with them. Most are closely related to commonly cultivated ones examples are raspberry, strawberry, grape and wild rose. They are low in calories, but do have a repuation of being high in essential vitamins.

(Rhus trilobata) commonly called Skunkbush in this area maybe made into a kind of drink like lemonade by gathering, washing and cleaning out stems and leaves; one handful of berries tied in a porous cloth and boiled in 1 1/2 quarts of water for 10 to 15 minutes, the fruit occasionally being crushed. Sugar is added to individual taste to the orange colored liquid to be served hot or cold.

The wild rose (rosa spp.) provides a fleshy, somewhat like a miniature apple, the fruit called a "hip" red or orange-red in color. Rose hips are high in vitamins A and C. The New Mexico State Health Department published monthly news bulletins to new mothers which gave mothers a recipe for making "Rose Hip Tea" as a substitute for orange juice.

Crush 2 tablespoons fresh or dry rose hips add 1 quart water and simmer for 10 minutes, add small amount sugar or honey, serve hot or cold.

The jelly and jam making fruits are: Elderberry (Sambucus glauca), Wild grape (Vitis arizonica), Raspberry (Rubus strigosus), Chokecherry (Prunus Virginiana), Prickly pear cacti (apuntia spp.), Gooseberries (Ribes pinetorum), (Ribes inerme) Elderberry (Sambucus glauca).

Les Carnell attended the junior rodeo in Socorro Sunday and came home with a third place in both steer riding and pole bending.

Champion tree climber at the fair

ALBUQUERQUE — One of the most unusual and offbeat acts ever booked for the New Mexico State Fair has been lined up for the 1970 exposition which opens on Sept. 17.

He is the world's champion tree climber, Danny Sailor, who took the title by scaling a 100-foot tree in 37 seconds.

Sailor, a genuine Canadian lumberjack will be a featured free attraction twice daily during the upcoming 11-day fair.

The clincher of his act is, after he has scaled the giant tree, he tosses his hat in the air and then beats it to the ground--in a mere six seconds.

Before he does that final dramatic bit of show business, Sailor does a series of stunts and acts -- including dancing the Charleston.

His twice-daily shows are being co-sponsored by KOB Radio, which will provide the public address announcements and introductions for the performances.

He was a featured attraction at the 1965 Seattle Worlds Fair and he has performed his act on TV's "Hollywood Palace".

Sailor, who now lives in Canada is a native or Oregon, and has competed with lumberjacks from his home state to Maine. He is 6'2" tall and weighs close to 200 pounds.

The 33rd annual New Mexico State Fair -- The Biggest Show In New Mexico -- opens in Albuquerque on Thursday, Sept. 17.

Successful week for Lincoln County 4-H

Corona 4-Her's had a successful week end at the Bernalillo County 4-H Rodeo. Members from Corona attending were Ward Alford, Lon Holleyman, Tawnya Alford, Joan Alford, Karen Holleyman and Bunk Mullins.

Tawnya Alford placed second in the Junior Girls Goat Tying. She won a headstall and a pair of bits.

Joan Alford placed second in the Junior Girls Barrel Race and received a $25.00 hat.

Karen Holleyman won the Barrel Race and placed second in the senior Girls Goat Tying. Karen received a belt buckle for the Barrel Race and a headstall and a pair of bits for the Goat Tying. Karen tied for the All-Around Cowgirl with Barbara Ward of Bernalillo County. The rules state that in case of a tie the Trophy Saddle will be auctioned off and the proceeds split between the contestants. This proved to be a successful week for Lincoln County 4-Her's, as they are taking their winning ways out of the County.

Round-Up

By Ralph Dunlap
Lincoln County Agent

Screw worms were found in the Pine Lodge area early last week. Ranchers in that area should be especially watchful for any screw worms in their animals. Sterile screw worm flies were released in the area as well as the affected herd sprayed to help control the outbreak. This is the first known case of screw worms in three years.

Lambs in the Picacho area were reported to be contracting for fall delivery at $26.00 and $28.00 per cwt, for wether and ewe lambs respectively.

Anthrax was the cause of the death of eight horses in the Willard area according to Dr. Robert L. Pyles, USDA veterinarian. The affected area is quarantined. The last known outbreak of anthrax was in 1962 in the Taos area. The anthrax bacteria makes a spore which may survive 50 to 100 years. Therefore once an outbreak occurs in an area the livestock must be vaccinated every year for the disease.

No one else in the Estancia Valley has lost animals to anthrax and none have become ill or showed signs of the disease. The incubation period is about a week and the period before the inoculation takes effect is about a week. It was August 4th when the last horse died. Anthrax was mentioned by Moses in Exodus and was the most feared plague in Europe during the Middle ages. The great French bacteriologist Louis Pasteur developed the first successful vaccination against disease.

Changes made at Lincoln County Fair

There has been a change in the livestock exhibit at the County Fair. The breeding sheep and fat lambs will be judged on Saturday starting immediately after the parade. The sheep do not need to arrive until Saturday morning. The beef and dairy cattle will be judged on Friday, September 11th starting at 10:00 a.m. Livestock will not be required to stay Friday night. The cattle pens are still useable but the livestock barn burned down about two weeks ago.

September and October are big months for county and state fairs in New Mexico. The State Fair starts on September 17 in Albuquerque. The success of a fair depends in part on the number and quality of exhibits. One of the first things an exhibitor should do is obtain a premium list or fair catalogue from the county agent or fair board. From the catalogue find out just what can be exhibited and the rules for exhibiting. Tips on fruit and vegetable exhibitors:

When exhibiting crops or other products, make sure the exhibit is the required size or quantity. If it is smaller or larger than specified, it will probably be disqualified. Quality and uniformity are the main factors in selecting items to exhibit.

The first quality consideration is that the entry be typical of the crop or variety of crop. Next, the quality of each specimen making up the exhibit is considered. Only sound specimens free of disease, insect damage or other blemishes should be selected.

quarterback when Junior Guavara was injured and did well for a beginner. Bronson Cummins played halfback and looked good, played halfback and looked good, another freshman, Kenny Jones, did well. Ted Sisneros, a sophomore transfer filled the right halfback slot and looked fine.

The Tigers didn't lack for spirit, just made too many mistakes in the first half particularly.

The Tigers play Reserve at Capitan Friday.

Lincolnn Co. jury hears mistrial

Two jury cases on charges of unlawful use of drugs moved to Lincoln County from Otero were heard in District Court last week. The case of State of New Mexico vs. Bennett Miles McGuire and Walter Eanef charged with possession of depressant or hallucinogenic drugs resulted in a mistrial from improper questions asked by the State. This case will have to be reset.

The second trial, State of New Mexico vs. Grant Velanoy and Lloyd Covens was heard Sept. 1-2. Charge was unlawful use of marijuana and the defendants were found guilty by the jury. Judge Richard Stanley presided, date of sentencing has not been set.

Two Carrizozo school classes attended these trials during their regular school periods, these were citizenship and U. S. History classes taught by Arnold Boyce.

My House

Of Old Things, By Jackie Silvers

Last week was a very good week with visitors from Alvarado, Texas and Denver, Colorado but mainly they were from these towns in New Mexico. Clovis, Albuquerque, Roswell, Ruidoso, Hobbs, Fort Sumner, Capitan, Alamogordo, White Sands M. R. and Holloman A. F. B.

Mr. and Mrs. H. B. West of Capitan, our very good friends, came to see us bringing with them their daughter, Mary Lou Phillips, son-in-law, Alton Phillips and granddaughter Geraldine all of Lubbock, Texas. Their visits with us are always a pleasure and meeting their daughter and her family was indeed nice.

Mr. and Mrs. Mahan and friends Mr. and Mrs. Kayser of Albuquerque, New Mexico were by for a visit with us and a tour through "My House." Mr. Mahan had much to tell us about White Oaks as his father was a freighter for the "Old Abe" mine and Mr. Mahan was born in White Oaks in 1890. He also lived in and attended the schools of Rabenton and Jicarilla. He was acquainted with many old timers of areas.

Last week Mr. and Mrs. Tommy Knight, Barbara Allen and Dan went to Las Cruces, New Mexico to spend the weekend with Nancy's mother Mrs. L. L. Roby. They entered Dan for another year at State University and returned home Sunday. Mrs. Roby's daughter Betty Patterson her husband Pat and two youngest children Nancy and Brett had flown in from Boise, Idaho so the Knights had a very enjoyable weekend with the family.

Danny Bryant and his mother Mrs. Bryant of Alamogordo came to see us last Tuesday. They were accompanied by Mrs. Bryant's sisters Mrs. Corene Lancaster of Ruidoso and Mrs. Martha Shortes of Salinas, California. They enjoyed the tour of "My House of Old Things" and we enjoyed their visit very much.

On Tuesday of last week George Clayton and his daughter Cheryl of Mentone, Texas were here to see us for a most enjoyable visit. George lived here with his family the late, Mr. and Mrs. Ruben Clayton, during the 1940's. The Claytons were a well known and well loved ranch family here and in Texas. Cheryl will attend New Mexico University at Albuquerque. George ranches at Mentane. It was really a pleasure to see George again and to meet one of his lovely daughters. George is the father of five children.

Mrs. Gene Mix and her two children of Las Cruces, New Mexico were here to see us Sunday. Her husband, Gene, lived here in his childhood and attended the Ancho school. Randy and Anna took a tour thru "My House" while Mrs. Mix and I had a visit about "the past". Gene suffered a very bad accident several months ago and is in very critical condition. Mrs. Mix showed the children the old Mix home. They had visited Gene at the hospital in Las Vegas, New Mexico.

The former Johnnie Hamilton, granddaughter of W. J. Balow, who made his home here in Ancho for many years, was by to see us last week. She was accompanied by her husband and two little children. They had just returned from a tour of duty in Panama and will now be stationed in Florida. Johnnie told us her mother, Lucille Rudy of Roswell, is an L.P.N. and doing fine. Her grandfather Bill is doing well for his age, late 80s. Bill and Lucile will be remembered by many Lincoln County friends.

Mr. and Mrs. Gil Peters of Capitan came to see us. Their guests, Mr. and Mrs. Tom Bell of Hobbs accompanied them. Our visit with these "Old Timers" was most enjoyable.
