We're getting eager to try our hand at putting the "new look" News together. Tony Payton—skiier deluxe, writer par excellence, master of the eight-ball and capable judge and critic of many attractions on the human scene—did the makeup on the last two, for which we thank him.

w-w

Tony told one cutie about the family with five-year old boy that staked out a ranch in Nevada. The boy grew to manhood, did well in school, went into politics and became state senator, did his civic duties at every opportunity and was well regarded by all who knew him. Finally his day came at age 85 and with no relatives left his stone was inscribed by people of his community - so long stranger.

While you are thinking of people you know - don't forget Elfred Jones in hospital at Roswell. Elfred has done his full share of work for the town of Carrizozo.

Bernie Laabs sent us some clues on the Minocqua Lions Ice Break Up Contest. Contest is decided when crib sinks. We'll list the dates for you.

6:05 P.M.—April 20, 1971
10:34 A.M.—April 16, 1970
6:00 P.M.—April 19, 1969
11:07 A.M.—March 31, 1968
10:11 P.M.—April 14, 1967
10:18 A.M.—April 19, 1966

They have real nice prizes in this contest, first being outboard motor or aluminum boat, then deep freeze, plus three more. Payton has the tickets, three for $1.00.

Sixty years old last Thursday, that us and what better day of the week for a territory to become a state than Thursday. Wonder who will start up an observance of New Mexico's 60th anniversary in Lincoln County. Back in territorial days Lincoln County looked like this map -- the biggest county in the country -- and we ought to have the biggest celebration.

w-w

A common misconception among eastern people has been, and still is, that New Mexico is a land of snakes, rocks and Indians. Another misconception is spreading world-wide, and doing us no good what-so-ever. Edward Penfield's mother's cousin, Marian duPont-Curtis, lives in Dublin, Ireland. She sent Eddy a clipping from The Irish Times published in Dublin. It shows (Maybe we can make print to show you) picture of Four Corners Power Plant, said to be emitting as much pollution as the whole city of New York, situated in the north-west corner of New Mexico. Sure sorry about that publicity.

Contract for recreation facility signed

A contract was completed January 11 between the Town of Carrizozo and New Mexico State Planning Office whereby the State provide fifty per cent of the cost to acquire and develop outdoor recreation facilities with the approval of the Bureau of Outdoor Recreation and finance under the Land and Water Conservation Fund Act of 1965.

The direct cost for completing this project is estimated to be $335,585.00. The State charges the participant (Carrizozo Town) three per cent of the direct cost as administrative agent.

A resolution passed January 11 reads, in part, be it resolved by the Town of Carrizozo that the New Mexico State Planning Office is requested to provide funds for fifty percent of the actual cost, and further, that the Town of Carrizozo will bear fifty percent of acquisition, planning and development costs of the project amounting to $167,792.50 in cash and service.

The A. N. Spencer family is contributing to this project, on behalf of the Town of Carrizozo, in the approximate amount of $300,000.00. Quite a bit of this money will be used for operation and maintenance.

The new recreation facility will be located on 80 acres of land in the Country Club area on the south side of US 380 east of Carrizozo. Work is expected to get underway in the immediate future.

The first move will be to locate water by two methods, witching and geologic study of logs of five existing wells in the area. The recreation facility will need at least 500 gallons per minute from one or more wells. Existing on country club property will be used for drinking water.

As soon as Jay Withers with his dowser spots a likely location, and the geologist has checked well logs and come up with what he thinks the best spot, a pilot hole will be drilled, hopefully on the upper end of the facility. Plans are to let a contract for water well at the February meeting of the council.

The plan of work is for sprinkler system, lakes, greens, and administrative house and maintenance yard to be completed this year. Trees, picnic shelters and playground equipment will come along next year.

Massachusetts resident says --

You don't realize potential of area

Walter Wheelock, a former resident of Quincy, Mass., a licensed surveyor with family of six, will soon be a resident of Carrizozo, N. M.

When he decided to leave his home area and head for the wide open spaces, a couple of the first places he looked were El Paso and Albuquerque -- too big.

During his travels in this area he came upon Carrizozo -- just right.

Wheelock made contact with Tom Mann of Roswell, who is engineering the new recreation facility and made a deal to work for him. Tom thought that commuting a 100 miles might be stretching the route to work but it didn't bother this surveyor.

He looked over Carrizozo and liked what he saw, was impressed with the school, wants his youngsters in athletics, liked the other parts of town and has taken an option on the Lane Sister's house. Pretty soon the Wheelock family will be here to live.

"You don't realize the potential of this country," were his words.

Environment discussed at county commission meeting

Lincoln County Commissioners Don Stark, Charles Jones and Holt Lovelace met in regular session Friday and their first visitor was Michael Richardson, representing the New Mexico Environmental Improvement Agency. Richardson has offices at Ruidoso.

Phil Benfer, district conservationist at Capitan, was there for much the same reason. He asked the commission to set up meeting for discussion of Land Use Planning. Stark suggested that Benfer should work through the existing Land Use Planning Committee because planning is their business, he would have the blessing of the commission.

Richardson asked about the county landfill, established because the Ruidoso area needed some place to dispose of its garbage. Then Richardson suggested a county-wide garbage pickup service, known as the Green Box System in places where it is being used. Area residents fill the boxes, and a garbage truck come by once a month to empty them. Richardson remarked that there are lots of dumping grounds in the Hondo area, lots of trash along U. S. 380 out of Carrizozo.

Lovelace remarked that the county at one time had 400 barrels for garbage collection but that Sanitarian Fred Wood had turned thumbs down on their use and the county disposed of them.

Richardson said the Lincoln County canyons and rivers are getting hurt because they are now being widely used as garbage dump places.

Burning of trash was discussed. Richardson said that where a garbage-trash collection service is in operation -- as in Carrizozo and Capitan -- it is against the law to burn trash regardless of size of town. Tumbleweeds can be burned for reason that garbage people can't handle them.

A formula known as Wringlemann No. 1 which means 20 percent vision and Wringlemann No. 2 which is 40 percent vision is applied to lumbermill burning. Lumbermills can burn their waste just so no more than 40 percent of vision is obscured. It is against the law to dump any trash in any waterway.

The status of sub-division sewerage was discussed. Where tracts are subdivided into half-acre plots, the owners can have both well and septic tank. If there is a community water system, people with less than one-half acre may have septic tanks. It was reported that in several places water wells are now being used for sewerage disposal purposes, against the law but the law is not being enforced.

Richardson made the point that all of this discussion added to reasons why the county should have a land planning law.

Atty. Bill Payne, presented the Lincoln County Historic District Ordinance, at request of the commission. This ordinance is the same as one previously prepared except for minor changes

Lots of people break dog laws

If dogs would just stay in their own back yards there would be little trouble around town, but they don't do that and the trouble is more serious than a lot of people (all except maybe the dog owners) know.

In recent weeks three people have been bitten by dogs which could easily cause serious trouble. And, almost every day some body's chickens or pets are either killed or molested by dogs.

It becomes a question of whether or not people of Carrizozo want to abide by existing town ordinances -- or prefer to allow their dogs to run loose causing trouble for a lot of neighbors and people in general.

Carrizozo Town Marshal is asking cooperation, and wished to advise Carrizozo residents that he will do his best to enforce the ordinance concerning dogs.

Cardinals upset by Carrizozo

Carrizozo 79 - Corona 59

Saturday night the Carrizozo basketballers upset 7th ranked Corona High before a large crowd in Carrizozo. Paced by Lee, Ellison, and Gallegos the Grizzlies took the lead during the second stanza and was never challenged from then on.

David Brunson of the Cardinals got into foul trouble in the 2nd quarter and had to sit out the third. Brunson had kept Corona in the game while he was in the game. He finished the game with a total of 24 points while teammate Sanchez contributed 22 points.

Top scorers for Carrizozo were Lee with 24, Ellison 19, Gallegos 14, Monrreal 9, G. Chavez 7, Leslie 3, Lock 2, Marcos Barela 1.

The game was marred by upset Cardinal fans who felt the officiating was not up to par. The displeased fans made it known to Coach Lee of their feelings but to no avail as the coach was not officiating this game.

Scoring by quarters:

Triple overtime needed to decide Estancia game

Carrizozo 53 - Estancia 51

Carrizozo high school gymnasium was the scene of a hard fought basketball game Friday night. The Grizzlies who held a 10 point margin at halftime saw their lead slowly dwindle away. With only a few seconds remaining David Lee was fouled and had a one and one situation at the charity line, David converted both attempts to put the Grizzlies ahead 51 to 49. Estancia called a time out to set up their last shot. They selected Dial to take the final shot and he converted a 15 foot jump shot to send the game into overtime.

The overtime period saw both teams controlling the ball and waiting for a good shot at the basket. During the first two overtime periods neither team could score as defense dominated. Then in the third extra stanza, Gaby Chavez sealed the game as he shot over the outstretched arms of McMath for a Grizzly victory.

The Grizzlies were able to get a 10 point lead with the excellent outside shooting of Willie Gallegos (15 pts.), Christy Monrreal, and Gaby Chavez (10 pts. each), while David Lee chipped in with 8 points. Other scorers were Matt Ellison (5), Mike Barela (2), Shawn Lock (3).

BSP meets with Mrs. Perkins

Xi Beta Epsilon Chapter of Beta Sigma Phi met in the home of Mrs. Rand Perkins on January 3, 1972. Mrs. Frankie Sultemeier presented the program, "Background--Walls" from the book "The Home We Make." She said that there are many types of wall coverings, some of them dating from the middle ages. Walls shape the room and to accentuate that shape, we use strong treatments on walls. However, that is rarely the case and the simplest treatments are best. Materials that have a texture--preferable uneven--soften and break up the surface, and doors and trim add variety. She ended her program by showing samples of wall coverings furnished by Pecos Valley Lumber.

During the business meeting, conducted by Miss Sherrill Perkins, president, names for secret sisters for the coming year were drawn. The International Poetry Contest was announced and Miss Perkins suggested that we enter.

A bouquet of a dozen yellow roses was featured on the hostess' table. Refreshments of chips and dips, pizza snacks, cookies and candy were served by the hostess. Members present were Sandra Alford, Wanda Carnell, Pet Davidson, Geraldine Perkins, Sherrill Perkins, Jean Sultemeier, Katy Tracey, Joanne Washburn, Mary Anderson and the hostess. A former member, Eva Mae Holleyman, was a guest.

CORONA CHRISTMAS SNOWBALL

The first Christmas dance ever held in Corona became a reality, Tuesday, December 21st, 1971. The "Snowball" sponsored by the Corona Future Homemakers of America and "Colorado" providing the night's musical entertainment was a huge success.

Miss Tammy Owens, a freshman candidate was named the Snow Princess, and Mike Tracey, a senior candidate, the Snow Prince. Snowball King, Joe Lueras a senior was the crowner of our 1971 Queen, Miss Debbie Selman a sophomore from Corona High School.

The decorations were orange silk parachutes covering the ceiling, clusters of Christmas trees in each corner and a snowy Christmas scene at the right of the stage. The Christmas scene was a log cabin and lots of wintry snow.

The windows were glowing with aluminarials and the twinkling lights around the punch bowl finished off the decorations for a holiday dance.

The refreshments were old-fashioned cookies, candy, sandwiches and mock champagne as the punch.

The attendance was excellent and we feel everyone present had an exceptionally good time.

Smallpox vac not mandatory

The State Board of Health and Social Services has amended its regulations on the immunization of children entering school. Smallpox vaccination will no longer be mandatory but requirements for immunization for measles and Rubella--the light, short form of measles--have been added.

Another important change, according to Dr. Nancy McCaig, chief of the HSSD Preventive Medicine Section, is the redefinition of "school." Immunization requirements now apply to all children in Early Childhood Education facilities under the State Department of Education and all those in preschool and day care centers licensed by HSSD. Regulations still apply to pupils in public, private or parochial elementary and secondary schools.

Dr. McCaig said the reason for discontinuing smallpox vaccinations is the starling success of the World Health Organization's fight against the disease. Nearly all countries in the world reported smallpox cases as late as the early 1960s. Now smallpox appears only in India and the surrounding countries and in a few African nations.

Death from complications following vaccination is another reason for dropping the smallpox requirement. An average of seven to nine deaths from complications occur annually in the United States.

WHO predicts that smallpox will completely disappear from the world in five to seven years. The U. S. Foreign Quarantine Service will continue to require proof of vaccination from travelers returning from areas where there are still smallpox cases.

Dr. McCaig explained that the addition of measles to the required immunizations for diphtheria, pertussia (whooping cough), tetanus and polio results from a nationwide upsurge of measles. Increases are recorded for each of the last three years and the mortality rate is now one to one and a half per 1000 cases. There is a high rate of serious complications from the illness, Dr. McCaig said.

Rubella immunization, the second new requirement, is a follow-up on a crash program in New Mexico and other states to prevent an epidemic predicted by public health officials for 1970-71 or 1971-72. The outbreak failed to materialize because of the massive efforts to head off an epidemic similar to the one in the winter and spring of 1964 which left 35,000 to 40,000 deformed babies in its wake.

Gains from the crash program will be maintained by making Rubella immunization mandatory and further inroads against the disease will result, Dr. McCaig said.

What About The Worm

A father was trying to impress his young son with the undesirability of staying out late at night. "No one who does ever amounts to anything," the father declared. "you go to bed late, you sleep late. And it's the early bird that catches the worm."

"Yes, but what about the worm," spoke the boy, thinking he'd trapped his father. "Wasn't it a mistake on his part to get up early?"

"Ten to one," declared the hip dad in a flash, "that worm hadn't even been to bed and was just getting home!"

Program on furniture

Xi Beta Epsilon chapter of Beta Sigma Phi met, Monday, November 29, in the home of Mrs. Kenneth Anderson. Mrs. Melvin Sultemeier presented the program 'Modern Furniture.'

Mrs. Sultemeier said that when we speak of modern furniture, we mean two distinct things. One is the modern style which began to appear in Mission furniture before the turn of the century and the truly modern furniture that goes back to the early craftsman of the Colonies -- those men who made things well and simply in any age. In modern furniture by today's designers function is important, simple lines are preferred. The use and the material dictates the design. The characteristics of good modern furniture are lightness in weight, line, texture and color.

President Sherrill Perkins conducted the business meeting. The group voted to order more pecans for sale during the Christmas season. During the meeting Christmas cards for shut-ins were addressed and signed by all members of the chapter.

Refreshments of tea sandwiches and nut bread were served by the hostess. Members present were Mmes. Rogene Alford, Butch Carnell, Jackie Davidson, Archie Perkins, F. W. Sultemeier, Melvin Sultemeier, John Tracey, Royce Washburn, Kenneth Anderson, and Miss Sherrill Perkins.

MAN'S BEST FRIEND!

Can be your neighbor's worst enemy!

Recently in Carrizozo three people have been bitten by dogs allowed to run loose.

Continuously, dogs on the loose are molesting and killing chickens and rabbits that belong to people other than the dog owner.

Carrizozo Town Ordinance requires that all dogs be penned or tied up.

When you allow your dog or dogs to run loose you are committing a flagrant violation of the law -- as well as causing much trouble around the town.

First to be desired is the cooperation of all dog owners. Failing in that it is the duty of Carrizozo Town Marshal to cite people for breaking the law, and-or catch up the stray dogs.

Respectfully,
Carrizozo Town Council

J. E. Knott measures cattle for program

J. E. Knott, a registered Angus cattle breeder from Ruidoso, measured the weaning and yearling weights and grades of 12 head of cattle during 1971, Lloyd D. Miller, exculive secretary of the American Angus Association, said.

The records which will help Knott breed faster gaining more efficient cattle were recorded in conjunction with the Association's Angus Herd Improvement Records (AHIR) program, Miller explained. They were processed on the association's modern computer data processing equipment at St Joseph, Missouri.

Farm total goes from 356 to 282

County's farms now number 282 U. S. Census Bureau reports Lincoln County showed a total of 282 farms in the 1969 Census of Agriculture, according to figures released by the U.S. Department of Commerce's Bureau of the Census.

In the last previous Census of Agriculture (1964) the number of farms reported in the county was 356.

Of the county's total farms in 1969, 204 are reported as selling $2,500 or more of agricultural products in the year, as compared with 193 in 1964.

The report also shows average farm size in the county was 7,030.9 acres, and average value of these farms (land and buildings) was $192,844.

Other figures from the report are:

1. Value of all farm products sold in 1969, $6,225,917; in 1964, $4,167,850.

2. Value of all crops sold in 1969, $365,186; in 1964, $224,879.

3. Value of all livestock, poultry, and their products sold in 1969, $5,859,346; in 1964, $3,939,616.

Reported for the first time in an agricultural census is information on the extent to which the corporate structure is being used by operators of farms from which agricultural products totaling $2,500 and over were sold. Including family farms using this type of business structure, 10 of the county's $2,500-and-over farms are incorporated.

WHITE SANDS MISSILE RANGE, N.M., Jan. 5 – Three long-time White Sands Missile Range employes, with service totalling more than 77 years have retired from federal service.

All native New Mexicans, they are Jose G. Duran of Las Cruces, Pedro C. Montoya of Mesilla Park and Candelario P. Trujillo of Capitan.

Mr. Trujillo, an automotive mechanic with Logistics Directorate, retires with more than 24 years that included a short stint in the U.S. Navy in 1945. The 55-year-old mechanic began work at WSMR in late 1955 and was assigned to Logistic Directorate's Equipment Management Division at Stallion Range Center prior to his disability retirement.

Bond sales increase

Charles Wood, Lincoln County chairman for U. S. Savings Bonds sales, has reported that sales in this county during November totaled $13,243.

This brought the county's 11-month total to $55,896—exceeding the year-long goal of $50,000.

Wood said sales in November a year ago were only $3,215.

Sales of Savings Bonds throughout New Mexico in November totaled $1.6 million and brought the yearly total through 11 months to more than $19 million.

Your Weekly Horoscope

January 15 through January 21, 1972

ARIES (March 21-April 19): Daily associate applies heavy-handed pressure in effort to force issue. Do not allow yourself to become piqued, Ari, avoid expletives. Thus you gain. Problem tends to diminish by midweek, and by last day you could even experience a modicum of glee.

TAURUS (April 20-May 20): Old love comes back to haunt you, Taurus, so hang on to your inner dignity. You gain strength. Ignore surroundings, however tacky they may be, and your feeling of despair turns to hope. You have much to gain, Taurus my love. Just peep over your shoulder and you will find one who will receive with an open heart.

GEMINI (May 21-June 20): You will question, question, question in week ahead. This is good, but do not expect answers to come easily. There is just no such thing as instant insight. Puzzle requires time for solving. Before noon of last day, you are offered friendship. Wrap yourself in the warmth of this wondrous gift.

CANCER (June 21-July 22): Self-seeking individual enters picture and suggests plan for future joint effort. Though picture painted is pretty, beware and press "reject" button. Time unfavorable. Concentrate on work. Gather all the threads together, dear friend, so on last day you can linger longer than usual with loved one.

LEO (July 23-August 22): Career demands intensify. Tensions mount. You make headway if you avoid donnybrook with daily associates. Shrug off negative comments. Consider the source. Before week slips away, take a couple of hours off to do a little preening. You'll feel and look better for it. Party invitation may arrive. If so, Go.

VIRGO (August 23-September 22): First day a dilly. Ideal time to gain what you desire from partner/mate. If you use diplomacy. Mid-week for getting nagging chores out of your hair. Get money matters under control. Make necessary telephone calls. Then you end week with eight ball in side pocket, instead of you being behind it.

LIBRA (September 23-October 22): Trendy newcomer arrives to stimulate your thought processes. Bon mots fly like ping pong balls. You serve your share, Libra. Game ends on friendly note. And that, my friend, is only the beginning. Rematch is scheduled. You are soon to be liberated from shackles which bind. Whee!

SCORPIO (October 23-November 21): You meet successful rival, Scorp. Tendency will be to look for flaw in this person's character. Forget it. This is no time for pettiness. Stand up straight, like a little toy soldier, and stare this cat straight in the face. From eyeball-to-eyeball confrontation, you gather strength. You'll see.

SAGITTARIUS (November 22-December 21): Stumbling block is put in path on road to success. You cannot remove it alone. Seek help, Saj, from one who is stronger and wiser, or plan on taking different path. The one you're on may be crooked, anyway, and in changing you just could find a straighter trail.

CAPRICORN (December 22-January 19): New places and faces are highlighted, Cap. Old bugaboos fade. Confidence in future grows. Energy may be low, but your spirit soars. You are center of attention as friends rally round. Take off your boots, put your tootsies up, and enjoy, enjoy. You deserve it all, love.

AQUARIUS (January 20-February 18): Change is everywhere, Aquari. Observe, listen, learn. Do not be misled by scalawag who suggests that ALL change is progress. Not so. Use that nifty noodle of yours to sort wheat from the chaff. With the wheat, bake bread, remembering that love is the ideal leavening agent.

PISCES (February 19-March 20): Week ahead will be busy, busy, busy, Pisces. Events are shaping which will have direct influence on your behavior. Overdue message arrives. Forget any gratification, and channel energies toward long-term goal. Advice offered from pin-headed Know It All. Ignore it.

Long road to AA state title

If you were a gambling man, or a liberated gambling woman, he-she would know that the odds in Double AA basketball in New Mexico are stacked considerably higher than in the other classes.

There are 23 teams in Four AAAA, 24 teams in Three AAA, and 73 teams in Double AA. The surviving two or three teams that make the AA finals could beat a lot of the AAA and AAAA teams -- the road is that rough.

A new publication, "New Mexico Basketball" covers the field pretty well. The accompanying reverse print shows the several teams in districts one through eight.

In District 1 everyone is picking Cimarron to win, with four starters from the team that compiled a 22-4 record last year. Clayton, Des Moines and Mora are figured at the top at the start.

District 2 with 13 schools is big and tough. Last year's champion was Mesa Vista, beaten in the regional and finishing 21-5. Pecos, St. Catherine's, Pojoaque and McCurdy are certainly in the running.

Schools in District 3 are more familiar to us. Estancia has already beaten Corona but only by two points which really does not decide much except maybe a championship at the end of the season. Corona was 21-6 last year, Estancia 16-12. Cuba could be a surprise, Encino was 16-9 last year and at least that good now. Estancia has eight lettermen from last year's 16-12 team.

District 4 is small but consistantly springs winners, like from Cliff voted the team to beat this year, or Animas, a team that was in the state tourney two years ago. We'll be seeing several of these teams in holiday tournaments.

The big interest in Lincoln, Otero, Chaves and Lea counties will be centered on District 5 where the Ruidoso Warriors are a near unanimous choice to run away with the championship. Lots of dribbles before that happens. Ruidoso got nine of ten votes from coaches for top team.

Capitan was 4-26 last year and are not doing well this year, 0-4 last week. Cloudcroft was 4-21 a year ago but is on a winning streak this year and with ten lettermen back the Bears could get tough.

Dexter does not have many bad seasons, 24-6 last year and the Demons think that with a little luck they could take it all this year. Eunice has taken the state title twice in the last three years, which breeds success. Eunice lost all five of their starters from last year's 29-2 state championship squad.

Hagerman has no way to go but up and this does not seem to be one of their good years in basketball. Hondo has a new coach, Jim Tyson, and a small team, it will be a learning year for the Eagles. Jal is off to a 1-5 season that we know of, and may toughen up later in the year.

Lake Arthur had troubles last year and went 9-12 but this year appears different, last week, the Panthers had won 5 and lost 0. Jal will average 6-feet with three starters returning. Ruidoso is looking for its best year but the Warriors are in a tough league, 2-3 last week but they must have something to impress all coaches of District 5. One of Ruidoso's losses has been to Socorro, a potent team.

Leaving the best till last, the Carrizozo Grizzlies have some things going for them this year that have been missing in the last decade. Probably Coach Gerald Lee would rate defense and ball handling at the top of his weapon list, but then you need some money in the bank and there are several Grizzlies that make scoring seem easy. More than that the 1971-72 Zozo squad had quickness and height to help out where needed.

The holiday tournaments will help a lot of basketball fans shape up their winning choices -- and Lincoln County will be able to sort out its best team--for the time being.

District 6 has Dora and Fort Sumner, two powerhouses, plus Elida as the outsider with chance to get in. Elida will have a real tall and experienced team. Floyd has eight lettermen and should win a bunch. Grady went 18-8 last year, has new coach and could be in the running.

Melrose has some fine athletes but not much size. They're going to play "Slow down" basketball. Texico was 16-8, not a bad season, they could come on good. Tatum has only one way to go from last years 3-20 season. Hard to see them as contenders.

In District 7 Santa Rosa is always tough and is the overwhelming favorite to repeat as district champion. Little Mosquero has five starters back and is looking for a great season. Amistad is also a small school that went 15-9 last year. There are 18 boys in school. House is not rated as powerful this year.

Logan may pick up some but they need to contest several teams in their district, 12-13 last year. San Jon has been a big one many seasons, got some fine sophomores this year, and could have good season.

Vaughn has almost an entire team back from .500 season a year ago, should win some but not the championship.

District 8 is out in Indian country where they run fast to make up for size. Tohatchi, Rehoboth, Laguna-Acoma and Zuni are all mentioned as possible district champions. Crownpoint has four starters returning but they were 10-13 a year ago. Kirkland Central was wiped out by graduation.

Navajo Mission is short and inexperienced. Quemado has 14 boys in school, tough pickings for a basketball coach. Ramah played six games last year, lost them all. Rehoboth is rated strong, watch the tourney at Estancia. Thoreau was a loser last year, not counted on being a whole lot better. Tohatchi is a new school but had 23-4 record and played in the state tournament. Zuni has almost its entire team returning with their 9-12 record. They'll have to perk up to win.

And there you have it -- the toughest basketball conference, and the most interesting, in the State of New Mexico.

Letters to Editor

Trotters, N. D.
December 15, 1971

Editor,
Lincoln County News
Carrizozo, New Mexico

Dear Editor;

In this most modern day and age, it seems almost impossible to find people living with in this great land of ours, who were and still are getting by with out the use of from one to three telephones.

Well, here in the Badlands area of western N. D. and eastern Montana, some 100 families had been with out the use of the phone, since back when?

However, at 1:00 p.m. this was all changed. Because in rural area which carries the name of Squaw Gap, N. D. the most modern Telephone System was officially linked with the World.

Now, naturally those of you who have always had access to a phone would hardly think of this gathering as anything special. However to those of us that were in on this hook up it was of even greater importance than the launching of the men on the moon. Because it now gives these people the same chances of the city folks, that of saving money or spending it, borrowing money or loaning it just by the wag of the jaw bone. Yes, it even gives some a chance to swap recipts or garden plots.

Some might say, well, why not drive over and discuss these things with that same person. Simple because there are times that the driving is just not advisable.

There are a few ranchers with a distance of from fifteen to twenty miles to drive just to get their mail. The weather and roads some times prevent them going after the mail for two weeks.

This telephone business meeting was held in a community hall, with seating capacity of about 180, but it was estimated there were some 230 to 250 packed within the walls of that hall and the school house which sits across the road from the hall was also filled with people. The standing crowd in that hall was so well packed that if one needed a handkerchief it was much easier to borrow your neighbors than the futile struggle in trying to get your own.

There were many well wishers, many news men and many people who had an active part in the installation of the telephone system. After many acknowledgements and a variety of introduction there were the usual number of speeches. Then two long distant calls were placed and listened to by all present. One to the Secretary of Agriculture and another to the N. D. Congressman.

The manager of the Phone System then wished all present, A Merry Christmas and the meeting was adjourned.

So after reading this if any of you are still in doubt just give me a Call. Wishing all in Lincoln County - A Wonderful Christmas and A Prosperous New Year.

Sincerely,
Leonard Hall

January 3 storm made eventiful trip from Tularosa

CAPITAN - By Margaret Rench-

I, at this time desire to express our heart felt thanks to our Sheriff Mr. Sanchez so kindly gave us a place to stay warm during the snow storm Monday night Jan. 3. A group of eight who were Mr. and Mrs. Otho Lowe, Mrs. Tom Pope, Mrs. Marion Raley, Mr. and Mrs. Jack Shaw, Mrs. Doris Pounds and Mrs. Rench. Who were returning from an Eastern Star School of Instruction, in Tularosa. It was raining just flooding there and we decided to come home instead of finishing the school. After dinner we headed home. Mrs. Thelma Apgar, Mr. and Mrs. Acker and Mrs. Gretchen Lindsay in one car left from the Church. Mrs. Catherine Eaker, Mrs. Agnes Hein and Miss Frances Degner left ahead of us. We stayed together as best we could. We had such a hard time to get to Carrizozo. Roads were closed in all directions. All rooms full. The bus had to remain in Carrizozo until Tuesday morning. All slept on the bus. How grateful we were to have had such a warm room to stay in. A percolator and coffee was furnished us. Thank you so much. We appreciated your kind thoughtfulness.

We did get home Tuesday at 10:15 a.m. It was two below zero the night before. How lucky we were to have arrived safely in Carrizozo.

Thursday night Jan. 6, Mr. and Mrs. Otho Lowe and Mrs. Tom Pope, Mr. and Mrs. Jack Shaw, Mrs. Doris Pounds and Mrs. Rench attended the regular meeting of the Eastern Star at the Masonic Hall at Carrizozo.

Mr. and Mrs. A. C. Price and three children of Amarillo enjoyed skiing at Sierra Blanca and then came by at noon to visit their uncle Mr. and Mrs. Otho Lowe on Thursday and spent the night and left Friday morning.

Mr. and Mrs. J. C. Harris and Tracie of Hollywood spent a few hours visiting his aunts Miss Lou Harris and Maude Kingston last Sunday night.

Mr. and Mrs. Bill Stewart of Roswell visited Mr. and Mrs. Charles Pepper last Saturday afternoon.

Mr. and Mrs. Tom Pope left Capitan Dec. 20 to spend the Christmas holidays with their son Mr. and Mrs. Dick Pope in Santa Barbara, California. They were in the flooded area for six days and when it cleared they came home.

Mr. and Mrs. Knapp of Little House Barbeque purchased the Capitan Bar from Cora Dutton last week and have taken possession. I wish you success.

Mr. and Mrs. Tom Pope celebrated their 40th wedding anniversary Jan. 1. I wish you many more very happy years together.

Capitan played basketball at Hondo with them and won both games and Saturday night Ruidoso played with Capitan here and Capitan lost both games.

Hap Allen recently broke four ribs. Saturday found Mrs. Allen taking care of the automatic laundry due to his illiness. I wish you a good recovery.

Miss Jane Cozzens of Alamogordo spent Friday through Sunday with her parents Mr. and Mrs. S. M. Cozzens and reports Mr. Cozzens remains the same. Very weak. She drove to Capitan and enjoyed Sunday dinner with Mr. and Mrs. Lewis Cummins before returning to Alamogordo.

Mr. and Mrs. Willie Romero, and two sons and Martha Romero spent the New Years holidays with their relatives in Grants.

College students home for vacation are Sharon and Snadie Jobe, Mike Nail, Buddie Hall, Kaye Cornelius, Jim Don Wright, and Myrna Pfingsten.

Mr. Harold Dean and daughter Sally Ann of Bingham spent last Sunday with his parents Mr. and Mrs. Robert Dean.

Mr. and Mrs. George McBride of Mescalero visited her sister Mrs. Allie Taylor last Sunday.

Mr. Otho Lowe was installing Chaplain for the Ruidoso Eastern Star Chapter last Saturday night, at their hall. The installing officers were Mrs. Easterling, Installing Marshall was her husband J. B. Easterling, Worthy Matron is now Clara Jester, Worthy Patron, Frank Adams, Cond., Doris Littlefield, Assoc., Cond., Marion Raley. Seventy-eight attended.

The second day of this year started out warm and quiet and a few hours a terrific cold west wind arrived and spent the day. Really felt like winter it should be at this time of the year.

Mr. and Mrs. Charlie Goodrum of Roswell spent several hours visiting Mr. and Mrs. Charles Pepper last Sunday.

Mr. and Mrs. Alfred Hobbs their daughter and her boy friend of Port Lavaca, Texas, enjoyed lunch with Mr. and Mrs. Gerald Dean Sr., last Friday and spent several hours visiting them. You can remember Joe Hobbs who lived here for many years and is now deceased. Alfred is his brother. I am glad they do come to our country occasionally.

Vicky and Becky Taff of Jal spent a week visiting their grandparents Mr. and Mrs. Hap Allen through the holidays.

Robert Sherrill spent Christmas with his grandparents in Carrizozo and then went to Roswell to visit other relatives.

Mr. and Mrs. Willie Romero, Martha and family spent the New Year's holiday in Grants visiting relatives.

Guests of Mrs. Edna Burch for the holidays were four of her five children and their families. The absent one called her.

Mrs. Oma Lair spent Christmas with her granddaughter Norma, Mr. and Mrs. Woodell of Lubbock, Texas and returned last Wednesday.

Mr. and Mrs. Lewis Cummins went to Albuquerque last Thursday to visit Mr. and Mrs. S. M. Cozzens. Also visited Mrs. Collins and Laura, and returned Friday. Mr. Cozzens is much weaker.

Miss Jane Cozzens, of Alamogordo, who had spent all of the holidays with her parents and brother Wayne and family came to Capitan last Sunday evening and attended Church then drove on to Alamogordo as school started Monday morning.

Historical Association To Meet Jan. 22

The White Oaks Historical Association will hold their regular meeting in the electric building in Carrizozo, Saturday, January 22, at 7:30 p.m.

Business adgenda will include nomination of officers for the coming year.

Malpais trail work started

Carlos Tipps, area supervisor for the State Park Department, was in Carrizozo recently to tell us that work has been started to put foot trails through the Malpais extending out from the group shelter at Valley of Fires State Park.

There will be about 3000 feet of trails five feet wide constructed under present plans.

Two men started working December 23 and will continue until the job is done. This program was worked out by Jim Dillard, State Park Director, and will add considerable to the interest of the park west of Carrizozo on US 380.

Henns enjoying their new home

LINCOLN NEWS -- By Hattie Phillips

Walter and Nora Henn and Mrs. Julia Henn are enjoying their new home immensley. It is very attractive. They still have work to do but comfortably situated in it.

We had from 9-12 inches of snow around here which we appreciated greatly even, if it was hard to travel in.

Al Booky's brother Ernest Booky of Hondo was hospitalized recently for a back injury. He is out of the hospital and able to move around some.

Mr. and Mrs. Robert Cumpsten who spent the holidays with their daughter, her husband and children the Allbright family in Dallas, Texas, are back at home again. They also visited enroute with Mrs. Cumpstens sister, and family who lives in Sterling City, Texas.

Mr. McGinnis was able to leave the hospital and go to their home in Roswell to recuperate. Hopefully, they will be able to come back too their home in Lincoln soon.

Barney Aldaz has been sick with a bad cold for the past week but is feeling almost normal again.

Mr. and Mrs. Christobal Zamora flew to Washington State for a visit with their son Joe and his wife. They had a wonderful time while there.

Mr. and Mrs. Elfigo had most of their children including Domingo Griego and family from California and Cipriano and family from Colorado, home during the holidays.

Tony Payton who was in Carrizozo putting out the News while Mr. and Mrs. Paul Payton spent the Christmas holidays in Ellsworth, Kansas, left Monday morning for Clayton for a visit with relatives.

Salinas UPCoach

By United Press International

Army Salinas, a graduate of Eastern New Mexico University, Tuesday was named the Class A Coach or the Year by United Press International.

The 27-year-old Salinas guided Hagerman to a runnerup spot in Class A this past season, only two seasons after the school inaugurated its football program.

Hagerman, which was 8-1 this season before losing to state champion Carrizozo in the title game, placed four players on the Class A All-State team.

The state champion Grizzlies, the champions for the third year in a row, led the balloting with seven players on the offensive and defensive units.

State scoring champion Willie Gallegos led the balloting on the offensive unit and was also named the Back of The Year in Class A by voting coaches and sports writers.

Gallegos led Carrizozo's potent offense by scoring 154 points, including 22 touchdowns. Joining him in the all-state backfield were Navajo Mission halfback Tim Bedonie and a pair of quarterbacks, Gaby Chavez of Carrizozo and Gary Harrell of Hagerman.

A total of eight Class A teams were represented on the first team units. Capitan and Navajo Mission both placed three starters. Dulce had two players on the teams, Melrose two and Texico and Reserve one each.

Melrose tackle Gary Holloway gained berths on both the offensive and defensive units and his all-around ability earned him the Lineman of the Year honor.

Carrizozo's offense, which averaged 39 points per game this season in rolling up an unbeaten mark of 9-0, placed five starters on offense. Besides Gallegos and Chavez, the Grizzlies also had end David Roper, tackle David Lee and center Ben Bradley selected.

Here is the 1971 Class A All-State team:

OFFENSE: Ends-David Roper, Carrizozo; Greg Fuller, Reserve; Tackles-Gary Holloway, Melrose; David Lee, Carrizozo; Guards-David Johnson, Navajo Mission; Bobby Jenkins, Capitan; Center-Ben Bradley, Carrizozo; Backs-Willie Gallegos, Carrizozo; Tim Bedonie, Navajo Mission; Gary Harrell, Hagerman, Gaby Chavez, Carrizozo.

HONORABLE MENTION: Ends-Doug Harrison, Texico and Chick Charley, Navajo Mission; Tackles-Mike Montoya, Roy and Fred Luna, Mountainair; Guards-Randy Skaggs, Texico; Joe Reed, Melrose and Bill Pollard, Hagerman; Center-Alan Haile, Texico; Charles Hester, Melrose; Washington Jonah, Dulce and Eugene Armijo, Reserve; Backs-Fred Sisneros, Capitan; Sammy Apodaca, Vaughn; Gordie Burrell, Cloudcroft; Jim Speight, Carrizozo and Melvin Bannister, Hagerman.

DEFENSE: Ends-Wilford Charley, Navajo Mission; Bobby Jenkins, Capitan; Tackles-Gary Holloway, Melrose; Loren Gibbs, Texico; Linebackers-Vincent Maria, Dulce; Jim Speight, Carrizozo; (tie) Christy Monrreal, Carrizozo and Rufe Dunnahoo, Hagerman; Backs-Albert Maestas, Dulce; Joe Flores, Hagerman; Gary Harrell, Hagerman and Ted Sisneros, Capitan.

HONORABLE MENTION: Ends-Johnny Hidalgo, Reserve; Steve Ortiz, Carrizozo; Shawn Lock, Carrizozo; Tackles-Fred Luna, Mountainair; Bobby Arthur, Navajo Mission; Riley Norris, Hagerman; Shawn Lock, Carrizozo and Sam Guierrez, Vaughn; Linebackers-Tim Bedonie, Navajo Mission; Mike Chance, Cloudcroft; Rick Compton, Cloudcroft; Ben Bradley, Carrizozo; Backs-Albert Steward, Texico; Jerry Garcia, Melrose; Dave Johnson, Navajo Mission; Rocky Sanchez, Mountainair.

Birthplace of Rumaldita Trujillo

In the Christmas issue of the Lincoln County News was a feature story by Fredrika Powell that we enjoyed reading. We think it will interest our readers to see what was once Richardson, New Mexico where Rumaldita was born.

Photo taken in 1911. Courtesy of Bonacio and Sofia Vigil of Dexter, New Mexico.

Home of Manuel and Maria (Trujillo) Vigil, in Richardson, New Mexico. To the left is the chapel where Rumaldita lived in three adjoining rooms at the rear. The frame building to the right was at one time used as a schoolroom and Post Office (Est. 1895 Andrew Richardson, first Postmaster). No trace of these picket and adobe buildings, built sometime about 1880 are now visible. All of the families once living in Richardson, located north of the Capitans and a few miles east of Encinoso, moved away during the depression leaving only Adonio Montoya (who married Antonia Vigil) and Beatrice Vigil Sedillo today, in what was once a small but thriving community.

Back row - left to right: Manuel Vigil; his daughter, Francesquita, holding her brother, Manuel; Natirida Fresquez, holding Beatrice Vigil (Sedillo); Antonia Vigil (Montoya) holding her daughter Mary Montoya. Front row - left to right: Tomas Fresquez; Daniel Vigil and his brother Benancio, age 7 -- the girl to the right is unidentified.

Dawg-gawnit!

The Red Lodge Montana City Council will meet next week to consider or take action on a number of important matters, such as seeking bids for sewer reconstruction.

In the midst of their busy agenda, though, we hope the aldermen will take time to act on a comparatively minor problem that runs the risk of becoming a major one.

The problem is what to do about the free-running dogs in Red Lodge. In two precious sessions, the council members talked about the problem but stopped short of taking effective action.

It may be that aldermen are reluctant to try for a leash law, perhaps fearing that residents don't want to keep dogs fenced-in, chained, leashed, or otherwise kept under the control of their owners.

It's doubtful that the majority of residents prefer having dogs run free and in packs, posing potential harm to other dogs, children, and even adults.

Yet, for those who doubt the wisdom of a leash law, consider the following questions:

Will a free-running dog never bite, nip, or even playfully scratch a child, realizing that such action could instill a life-long fear of dogs?

Will a free-running dog refrain from chasing children on bicycles or mothers with baby carriages?

Will it remember to look both ways before crossing a busy street?

Will it never run in packs, knowing that dogs in packs have been known to attack small children and pets?

Will it never run and play in a neighbor's flower garden or cause damage to a lawn?

Will it avoid eating poisons left for rodents?

Will it stay out of private business establishments, such as grocery stores and meat markets?

Will it never get lost?

Will it never chase a car?

Will it avoid trying to walk on thin ice on a pond?

Will it never get into a fight with another dog?

Will it beware of broken glass and sharp objects in alleys?

Will it know enough to refuse "candy" or "free rides" from strangers?

Will it avoid attacking disease-carrying rodents?

If there's any dog owner in Red Lodge who can answer yes to all of these questions, then his dog shouldn't be put on a leash or behind a fence.

His dog should be put on television.

Way of the West

Guess you all know that Zozo Grizzly basketball team is doing rather well, wins over two big ones last week and we'd say this team is not anywhere near its peak. Must be some desire there to bring them through three OT periods with Estancia. There will be tougher teams ahead -- sure hope those boys keep moving on up the ladder.

This is feudin' country but we see no reason at all to fan the flames that arise from the several athletic contest happening several times each year. Referees are all bums to game losers. Home crowds are rowdy and rough--at least to the losers. Players do not show good sportsmanship, so they say many times. You can hear bad words most regularly when Ruidoso, Carrizozo, Cloudcroft, Capitan, or Corona get involved in contests.

Officials are selected by all schools at start of football and basketball seasons. The lists of those selected are then sent to schools on the schedule for approval or disapproval. You would presume that any officials used in Lincoln County have been approved by both teams, but sometimes it does not work out that way because of sickness or other reasons -- substitutes will be assigned which may not be approved by either school, but such can't be helped.

We've been to games where crowd noise and comments were pretty bad. Carrizozo fans (a few of them) took their turn during game two years ago at Capitan but that situation was stopped before it got out of hand. At our state championship game, News reporter on Hagerman side all the time, the comments were sure not helpful to the Zozo team, fact was the fellows on the sideline wanted several Grizzlies cut down to size. But, it was not far from normal. The same threats would be hurled from Zozo bleachers on more than one occasion.

Got to remember that the whole business of good conduct, sportsmanship, and vocal expressions on the part of any town, or school, does not mean that the entire town is either good or bad. When it's bad, you can count on the trouble makers being a small minority.

w-w

We've yet to attend a game in Carrizozo, Capitan or Corona where sportsmanship on part of players was bad enough to make print, or even bad enough to cause censure. Crowds at sports events have been equally good. Payton has been to most of the contests--we'll back up our thinking, and in the meantime expect people in Lincoln County to support their home teams in a sportsmanlike manner.

Speedy trial in cold courtroom

A jury was empaneled Monday by Judge E. Forrest Sanders, presiding judge of the Third Judicial District, to hear the case of Dale Trujillo vs. Salvador Ortiz, both of El Paso.

The plaintiff, nor his attorney, did not appear, whereupon Judge Sanders had Sheriff Ernest Sanchez call for the plaintiff by name at both the front door and back door of the courthouse.

The sheriff reported no answer from the plaintiff. Then Judge Sanders ordered his action against Ortiz dismissed and the court and jury proceeded with trial on a counter claim by defendent Ortiz against Trujillo.

It was a brief trial. The jury awarded Ortiz an amount of $69,000.00 damages against Trujillo. The jury was released at 11:00 a.m.

The court and jury had to do their work in a cold court room, no heat again Monday, January 10, 1972.

CARRIZOZO 73, MOUNTAINAIR 41

Carrizozo took a big first period lead and never relinquished it to defeat a strong Mountainair five, by a score of 73 to 41.

All-district David Lee paced the Grizzlies with 29 points 19 of them coming in the first half. Lee was also outstanding on defense. Christy Monrreal and Gaby Chavez also chipped in 6 points each in the first half assault that gave Carrizozo a 37 to 17 halftime lead.

Willie Gallegos had a total of 9 points in the contest and kept pressure off of David Lee. Matt Ellison caught fire in the last quarter and finished with 11 points. Other scorers were: Shawn Lock (4), Gaby Chavez (8), Christy Monrreal (6), Mike Barela (4), and Alton Wilson (2).

Scoring by Quarters:

Corona Wins Over Capitan

The Corona Cardinals were going good Tuesday night on their home court with Capitan as the opponent. The Cards hit for 84 points while the best the Tigers could do was 40. Lloyd Cartwright with 18 was high man for the Tigers.

Capitan's weekend games included win over Hondo 82-52 Friday, and a loss to Ruidoso 79-46 Saturday.

Agriculture is biggest industry

By Ralph Dunlap

Agriculture is the nation's biggest industry--with assets totaling $318 billion--and the nation's largest employer. Between 14 and 17 million people work in some phase of agriculture--from growing food and fiber to selling it at the supermarkets. This adds up to about one out of every five jobs in private enterprise.

Farming uses 4.6 million workers--more than the combined payrolls of transportation, the steel industry and the automobile industry. Another two million people provide the supplies farmers use for production and family living.

Between the farm and the dinner table, it requires the services of eight to 10 million people to store, transport, process and merchandise the products of agriculture.

R-R-D

Biological conditions make a rat control program more effective in the winter. The reproduction rate of rats is slower in winter, and second, there is usually a shortage of food. Also, starving rats die from diseases, and fourth, hungry predators prey on them.

To take advantage of these conditions, start with a thorough clean-up program to elimate shelter and food for rats. Rats will seek shelter in implement storage areas that have dense weed growth. They like wood and trash piles and old sheds that are not frequently used. Such places should be cleaned up and sheds repaired or destroyed. Buildings that are used for storage of feed or grain should be rat-proofed by sealing all entrances except doors and windows with hardware cloth or metal flashing.

Clean up sources of food such as spilled grain, livestock feed and pet food. Grain and feed in sacks should be placed on racks at least six inches off the floor to discourage rats from nesting in and around them.

Here are some hints for keeping your place free from rats:

Fix any leaky faucets and other sources of water around grain storage areas.

After the clean-up and repair program, set up bait stations in all areas where rats are likely to roam. Baiting is only effective if most other sources of food have been eliminated and if the bait stations are continually supplied with bait.

The anticoagulant baits are very effective and are less hazardous to use than arsenic, strychinine, phosphorus, and other highly toxic poisons. However, a good supply of bait must be kept available to the rats for at least two weeks and preferable longer. Water baits of anticoagulants can also be used especially where it is impossible to eliminate a food supply.

Ready-mixed baits containing warfarin, Fumarin, diphacinone, Pival, PMP, or Prolin (warfarin plus sulfaquinoxiline) are available under many trade names. They are all equally effective against roof rats, Norway rats, and mice.

Place the bait and some water under a cover of some type to keep pets and livestock from getting to it. A wooden box with small openings at each end and a hinged lid is ideal. Place your bait station where there are signs of rat activity or where rats might be attracted.

Temperature key for polyester

By Mary Ellen Payne

The temperature--whether washing, drying or pressing--is the key for the best care of polyester clothing. When washing polyester, use the warm, not hot, water temperature setting. This way you'll avoid the set-in wrinkles that can occur when too hot water is used.

If you should get set-in wrinkles, try washing the garment again using the same temperature, this seems to relax the fabric enough to release the wrinkle-set condition. Then, remove the garment from the washer immediately after it stops to prevent the wrinkles from being re-set. Tumble drying garments also helps remove wrinkles. Again remove the articles from the dryer immediately after it stops to prevent deep-set wrinkles.

For pressing, keep the temperature low. Set the iron temperature at the synthetic setting to press polyester fabric. If the temperature is over 300 degrees, the fabric will glaze and appear shiny.

Packaged cereal grains that are to be cooked should not be washed, according to the U. S. Department of Agriculture. To do so removes valuable nutrients, especially the B vitamins. Except for macaroni products, it is best to cook cereals and rice in just enough water so the water will be completely absorbed.

SCMRA meets Jan. 18

The South Central Mountain Resource Area will hold an Executive and Steering Committee meeting in Ruidoso Tuesday, January 18, 1972, at the Chaparral Motor Hotel to discuss the latest actions of the organization. A report of progress on project measures will be discussed.

At the afternoon session, the guest speaker will be Vince Yeege of the Bureau of Business Research. His organization has researched several potential economic benefits for income for other areas.

It would be beneficial for all people in the area to attend this meeting beginning at 10:00 a.m., and help support our area.

Environment discussed at county commission meeting

Continued From Page One

and some major changes in area of administration.

The complete text of the Historic District Ordinance will be printed in the News next week. The county would be divided into three districts, Lincoln, White Oaks, and all the rest of the county.

The commission thought it a good ordinance, that people ought to have the opportunity to express their opinions. A hearing was set for January 28, at 1:00 p.m. in the commission room in Carrizozo.

Atty. Payne and committee composed of Art Salas, Gene Baker, Bert Pfingsten, Al Bookey, performed the service of preparing the ordinance on a voluntary basis.

Sheriff Ernest Sanchez told the commission that his department had made application for a federal grant of money to buy a fully equipped car for the department. The decision on this money will be made January 29 and the grant is expected. In the meantime the sheriff's department has deputy in using his own car, not equipped with radio. Sanchez asked permission to buy radio, about $900.00, which would be returned as part of the grant. This request was approved.

Lovelace asked about jail survey. Sanchez said the inspector said that Lincoln County jail was one of the best in the state, heating has been fixed (Ed. note--heat went out again late Sunday), plumbing being fixed. Inspector recommended that prisoners be brought in by the back door instead of through the sheriff's office.

The sheriff's department is in need of a drug identification kit. In many instances they pick up people with material that might be drugs and no way to prove anything. Will apply to the Law Enforcement Planning Commission for this equipment.

O. E. Blankenship owner of Baker's Acres, and Rex Lind asked permission to vacate the Acres, will put in a transit trailer park. Permission granted.

Jim Davis, Rust equipment salesman, met with the commission in the afternoon.

Jerry Reed, with the Law Enforcement Planning Commission met with the commission with request for funds to assist in establishing a library with film projectors to be used at clubs and schools and at round-table discussion in the county. The idea being that if people have more knowledge of drugs they would not be so widely used. The commission thought well of the suggestion and committed $500 to the project.

Berrie Burk of Alamogordo and Thomas Goodrich of Capitan, representing the Forest Service, met with the commission in regards to a cooperative right-of-way agreement for the Angus road. Good progress is being made on the project.

County Agent Ralph Dunlap and HDA Mary Ellen Payne were in to discuss projects they would like to see started this year. Funds will be requested under Emergency Employment Act to train a young man in horticulture in Lincoln County. They expressed desire for vocational training in schools of the county.
