A SOLEMN DUTY FOR ALL AMERICANS

Gifford Pinchot, a Prominent Citizen of Philadelphia, and a Progressive, Gives Reason Why He is for Hughes

SAYS WILSON NEVER KEPT HIS CAMPAIGN PLEDGES

Philadelphia, Pa.
September 7. 1916

Mr. Thos. O. Luster,
Editor, The Outlook,
Carrizozo, N. M.

Dear Sir:

It is the duty of every American citizen to make and support openly his choice among the candidates for the Presidency. That duty is especially solemn this year because great events and great decisions are certain to confront us during the next administration. I am writing to give you my reasons for my own choice. If you care to lay them before your readers, please do so, but not before Monday morning, September 11.

I am neither a Democrat nor a Republican, but a progressive. Yet, there being no progressive nominee, unless I choose to support a candidate who can not be elected, I must vote for either Wilson or Hughes.

For many months after his inauguration, I thought well of President Wilson. In many respects I liked what he said about what he was going to do. He talked well and made a good impression. It was only when I began to check up what he said by what he did that I was forced to change my view.

In the end I came to see that President Wilson has a greater power than any other man in public life to say one thing but do another, and get away with it.

The facts which justify this statement are common knowledge

We have all heard him tell Germany publicly that she would be held to strict accountability; and have learned afterward that he had actually let her know secretly at the time, by the mouth of his Secretary of State through the Austrian Ambassador, that what he said he did not mean. We have all seen him prove that he did not mean it by his total failure to exact reparation, apology, or even disavowal for the murder of the Americans on the Lusitania.

I do not say that Wilson should have thrust us into war. There was no need of war. But there was need of courage to give us peace with self-respect. If Wilson had shown courage this country would not have skidded from one crisis to the next, again and again narrowly escaping disaster.

We have all heard him declare against intervention in Mexico, while actually intervening to dictate who should and who should not hold office there; and denounce war against Mexico co while actually engaged in war.

With war on every side of us, we all heard him, in his second annual message, solemnly assure the country that we had not been negligent of National defense. It was not true; and later on he himself proved that it was not true by proclaiming aloud the need for what he had solemly assured us we already had.

For more than a year after the world-war began, Wilson did not raise a finger to put us in a condition of defense. Only the proverbial good luck of America has kept us from paying the bitterest price for his unforgivable neglect. We have all heard him ridicule the idea of a greater navy, then declare for incomparably the greatest navy in the world, and then go back on that.

We have all heard him declare for exempting our coast-wise trade from tolls in the Panama Canal; and have seen him show our own people and the English that he did not mean it.

We have seen him elected on a platform which pledged him to a single term as President, and then become a candidate for another term.

We have all heard him declare for the Conservation of our natural resources, and have seen him neglect that policy, and refuse his help to defeat the Shields waterpower bills, the most dangerous attack on Conservation since Ballinger's effort to turn Alaska over to the Guggenheims

We have all heard him declare for efficiency in Government, and have seen him set the pork-barrel and throw efficiency away. I have known official Washington from the inside for six Administrations. In that time the Government business has never been so badly done and so extravagantly as it is now done under Wilson.

We have all heard him announce himself as the champion of Civil Service reform; and have seen him turn the Government Departments over to the spoilsmen as no other President has done in twenty years.

We have all heard him declare for pitiless publicity; and have seen him conduct the most secret administration of our time.

We have all heard him announce himself as President of all the people, and have seen him, as the most partisan President of his generation, flout and oppose the Progressives, whom now, because he needs them, he seeks to conciliate and enlist.

Worst of all is this: When every principle of freedom and equality for which our fathers fought was at stake in the great war, when our whole country eagerly awaited the leadership of the President, Wilson dodged. He refused to take sides on the greatest moral issue of our time. He advised our people to be "neutral even in thought," undecided between right and wrong

While our friends abroad were fighting for the principles we held equally with them, he taught us that profits and ease were better than self-respect. President Wilson has done our Nation the most serious injury that any leader can do to any people by making us flinch with him from a great moral decision. Thereby he weakened our hold as a nation on the principles which alone can make any people self-respecting, safe and strong. Having led us wrong on the ground that we must be neutral in the face of the deliberane breaking of the world's peace, he has just reversed himself again, and in his speech at Shadow Lawn now assures us that "No

E. W. HULBERT FOR COUNTY CLERK

Highly Respected and Honorable Citizen is Seeking Nomination on Republican Ticket for County Clerk

HAS A POLITICAL RECORD ABOVE REPROACH

E. W. Hulbert is this week announcing for County Clerk and the voters will welcome the chance to support a man who has a long line of efficient public service to his credit and is a citizen who is a credit to his county. Mr. Hulbert is a native of Kansas, having been born at Fort Scott. Some twenty-five years ago he removed to Lincoln County and established his residence at White Oaks where he engaged in the practice of law, and was actively connected with many of the flourishing interests of that time when White Oaks was the busiest place in the Southwest. Later he moved to Lincoln where he has resided ever since. Shortly after his coming to Lincoln he was elected Treasurer and Ex-officio Collector of the County. He discharged the duties connected with this office in a thoroughly capable and satisfactory manner and made himself a place in the hearts of the taxpayers during the time he served in this responsible place. Later he served with credit as county commissioner much constructive work being done as a result. He has been closely allied with county politics all these years, especially doing much work in the office of county clerk, which was placed in his charge at various times. He has also served as a district court clerk. Thus he knows the workings of the county's business from actual contact and aspires with reason to the office for which he announces his candidacy this week. Moreover he has been an unusually successful practicioner of the law and stands as one of the foremost attorneys in this part of the country.

Enough has been said to convince the small group of stranger of his ability; his large circle of friends know it already.

SHOULD BE CHANGED

Judge James E. Anderson, editor of the Tularosa Valley Tribune says that the democratic state ticket "is unassailable, not a man on the ticket that has an ugly record and that all have been tried and found "not wanting." The Outlook editor is inclined to believe that brother Anderson made a slight mistake in the spelling of that last word, and we would suggest that he change it to read as follow: "The entire democratic state ticket is now on trail before the people and after November 7tlf the people will say by their votes "NOT WANTED."

Geo. Castle who has been doing the electrical wiring on Governor McDonald's new home at the Bar W ranch has completed the work and returned to his home at Oscuro.

A HIGH TRIBUTE TO BURSUM

The Outlook editor had a conversation this week with one of the most prominent and prosperous business men in Lincoln County in regard to the candidacy of Hon. H. O. Bursum, candidate for governor on the republican ticket. This party who fought Mr. Bursum in 1911—in the class with a great many others—is now one of his greatest admirers and gives the following reasons why he is for Bursum:

"I am for H. O. Bursom for governor because he is better qualified and more competent to fill the office than his opponent, Ezekel C. De Baca.

"Because I know his attitude of heart and action toward every good cause. Because he is a gentleman at home, in public and in the conduct of the campaign in which he is engaged.

"Because his neighbors in Socorro county, where he lives, who know him best. and in adjacent counties, are his enthusiastic supporters.

"Because all kinds of defamatory stories were told and published on him in 1911 simply to accomplish his defeat, and he took them all good naturedly and did not make reply.

"Because he has intellectual gifts, and the independence to be the governor of this great commonwealth.

"Because he is a great man whom I admire and in whom I believe."

THE REVIVAL SERVICES

Rev. Jerry Jeter and wife, who began a meeting at the Methodist church last Sunday, have shown themselves to be loyal and conscientious evangelistic workers who are making their appeal in a very effective manner. All week the audiences at the church have been good, but a move was made Thursday into the new Real garage building, after the entire day had been spent converting the unfinished product into a regular tabernacle. A rostrum has been constructed to accomodate a large number of singers, the piano is there, and Rev. Jeter has a long space in which to operate as he proclaims the word of God. There are also seats for everybody and a hearty invitation to fill everyone. Electric lights have been installed, all openings closed except over head; in fact nothing possible has been left undone to make this place ideal for evangelistic services. The meetings are non-sectarian and both Protestan pastors are supporting the evangelist in every respect. One of the attractive features of the Rev. Jeter's work is his chalk-talks which precede every sermon. To say that he is handy with the crayon would be putting it mild. His pictures are real works of art, and the accompanying talks well-ordered and inspiring. All this week Mrs. Jeter has been giving a series of Bible Readings which manifest much careful preparation and have proven a source of great uplift to those who have availed themselves of the opportuniny. Carrizozo should count itself fortunate to have the services of these two consecrated workers of nation-wide reputation and make the most of its chance for spiritual upilft at this time.

MISS FANNY AUSTIN DIES AT LINCOLN

Remains Were Shipped to the Old Home in Kansas City, Mo., Sunday Evening for Interment

DECEASED WAS A SISTER OF MRS. W. L. GUMM

After a lingering illness of many months, Miss Fanny Deane Austin died Saturday afternoon, September the ninth, at the home of her sister, Mrs. J. W. Laws of Lincoln. Miss Austin was under the constant care of Doctor Laws in his sanitarium, but expert medical skill could not prevent the death which occured at two-thirty on the afternoon named above. Undertaker Ed. Kelley went over to Lincoln Saturday night and brought the remains to Carrizozo where they were prepared for shipment to the old home in Kansas City at which place interment was made. The body was accompanied to its last rasting place by a sister, Mrs. Stevens, who has been here for some time. Her mother, Mrs. A. C. Austin, a brother, F. F. Austin of Chicago, and Mrs. W. L. Gumm of this place are the other members of the family, and to them the Outlook extends its sincere sympathy and condolence.

MORE TROOPS TO BORDER

The passage of fresh troops to the Border continues almost daily, and Monday was the occasion of a stay of sometime in Carrizozo of the First Battalion of Ohio Engineers, U. S. N. G., en route to El Paso, the concentration point of the Eleventh Army Division. The division in question comprised four companies, numbering four hundred seventy-five men and officers, with Major Fred W. Fanning in command. The column, as it manuevered about Carrizozo, was headed by a band composed of enlisted men from the companies, and martial music was freely dispensed for the inspiration of the rank and file and the entertainment of the patriotic populace. The time here was spent in exercising the men and horses and in general relaxation from travel. The entire force of men was reported well and great interest was being manifested in the great country they were, many of them, enjoying for the first time. The majority of the soldiers here here Monday are citizens of Cleveland, Ohio.

IS COMING BACK

Donald E. Hawkins, a former resident of Carrizozo, writes from Parsons Kansas, that he has been away from the Sunshine State for about three years but does not intend to die any place else without he dies between now and the 20th of this month, which date he is due to arrive in Carrizozo.

GERMANIC ALLIES TAKE FORTRESS OF SILLISTRIA, ON THE DANUBE.

Western Newspaper Union News Service.

London, Sept. 12.—Important gains are recorded for the allies on the Somme sector in the French and British official statements. On a front of more than a quarter mile the British gained 300 yards east of High wood, and northeast of Pozieres captured 600 yards of German trenches. German casualties, according to the British, were extremely heavy. Likewise, the French, forcing the attack in the Verdun sector, captured a whole section of German trenches east of Fleury. Fighting on three fronts, the Rumanians have dealt hard blows at the armies of the central powers. In southeastern Rumania, Rumanian troops and Russian troops have driven the Bulgarians from the fortified town of Bazardjik. The Bulgarians also were forced to evacuate another town in Dobrudja. In northern Transylvania the Rumanians have occupied Olah Toplitza and a number of other towns. Bucharest records the repulse of an Austrian attack south of Mehadia on the Danube. The fall of Halicz, southeast of Lemburg, in Galicia, appears imminent. Austrians are reported to be blowing up the forts in Halicz and Russians are said to have occupied some of them. It is unofficially reported that the Russians on the left bank of the Dniester are bombarding the retreating Austrians.

On the Somme French have captured a small wood east of Belloy-En-Santerre and the British have taken a German trench in the High wood.

Berlin asserts that a British enterprise in High wood and a French attack against the Berny-Deniecourt sector failed.

The French war office says 7,700 Germans have been captured since Sept. 3.

Official announcement was made at Berlin that the German and Bulgarian forces that are invading eastern Rumania have captured the Rumanian fortress of Silistria, on the Danube, sixty miles southeast of Bucharest.

West of Lake Ostrovo the Serbians, after a violent engagement, captured a height. On the rest of the front only artillery engagements have taken place.

In an attack on the Trentino, Austrian forces broke through the Italian trenches, but a counter attack, Rome says, recovered a great part of the lost ground. An Austrian attack in the Tofana zone was repulsed by Italians.

German casualties in the war during the month of August, according to a compilation at London from the German casualty lists, totalled 240,960. This brings the German total since the beginning of the war, as compiled from the same sources, to 3,275,000.

Anti-Tuberculosis Societies Plan Sale of One Million Dollars' Worth of Red Cross Christmas Seals.

Three hundred million Red Cross Christmas seals are being printed in Cincinnati for the annual holiday campaign to be conducted under the joint auspices of the American Red Cross and the National Association for the Study and Prevention of Tuberculosis.

The campaign for the sale of Red Cross seals this year will be larger than ever before. Although in 1915 the sale reached the record total of 80,000,000 seals, bringing in $800,000, it is expected that this year at least 100,000,000 seals or $1,000,000 worth will be sold. The sale will be organized from Alaska to the Canal Zone and from Hawaii to Porto Rico. Every state and territory in the United States will have seals on sale. New organizations will be working in a number of the western states, including Montana, Utah and Wyoming. Distribution of the seals is now under way.

CAUGHT IN THE ACT

Frank A. Hubbell recently brought suit against the New Mexican for libel, asking $50,000, and it is probable he accomplished the object of the suit with the second issue of that publication after the filing of the papers.

Mr. Hubbell was no doubt desirous of calling general attention to the fact, as well known to the New Mexican, that the courts of New Mexico had reinstated him in office after his removal for political purposes, and that under the law he was entitled to all the emoluments of the full term to which he was elected by the people of his county.

When you sift all the charges of the New Mexican down to the real grain, you find that they are all chaff, and no grain. Hubbell was removed from office by Otero, for political purposes, and the courts refused to permit the outrage to stand as a blot on the public record of the man. At the time Otero was in considerable disgrace with many people both Democrats and Republicans, because of charges made in connection with certain land deals, and while we are not informed as to the facts, it is much more than possible that Mr. Hubbell was not an admirer of the methods of the territorial administration in handling the timber lands of the educational institutions, and was removed from office for that.

Whatever may have been the cause for the removal of Mr Hubbell by his political enemy, which was repudiated by the courts, the New Mexican has been caught in the act of trying to deceive the people of this state who are not acquainted with the facts by suppressing part of the record, something which would not be done by a real newspaper, but might be done by disreputable party or personal organs, bent on injuring some one. "The truth, the whole truth, and nothing but the truth," is the motto of a real newspaper, and the suppression of a part of the record is the same thing as misstating the other part.

Of course, if the New Mexican had told its tale to the voters and added that the courts reinstated Mr. Hubbell in office after a full review of the case, it had nothing to stand on. And it didn't tell it all.—Las Cruces Citizen.

A SOLEMN DUTY FOR ALL AMERICANS

(Continued from first page)

nation can any longer remain neutral as against any wilful disturbance of the peace of the world."

It is bad enough that Wilson's foreign policy has left us, as the War draws toward its end, without a friend among the great nations of the world, and without the respect of any one of them. What is worse is that he has kept us from standing up for what we know to be right.

The ignoble standard of profit over principle which Mr. Wilson forced upon the country in our foreign relations, he has applied to himself as president. In what he has said, done, and left undone the record shows him steadly dominated by political expediency

These facts, and many others like them, have forced me to see that what Mr. Wilson says is no sign of what he has done, or of what he will do. The one thing his record shows is that what he stands for now he is not likely to stand for long. I do no care what his platform or his campaign declarations may be, because the common experience of us all has taught us that to him they are simply "molasses to catch flies."

Hughes, on the other hand, is a man of his word. His record as governor of New York proves that. It shows him to be honest, fearless, and free from the domination of special interests and corrupt pnliticians. So far as the Conservation policies are concerned, both what he said and what he did could hardly have been better. I am confident that under him these policies will be safe. He is a strong man who will dodge no moral issues, and he will give us an honest and an efficient administration.

As a Progressive I believe in Nationalism. So does Hughes. I am certain that under Hughes the progressive policies will fare better than under Wilson, and that the safety, honor, and welfare of the country will be in immeasurably surer hands.

I can not vote for Wilson because I can not trust him. He does not do what he says. Hughes does. Therefore my choice is Hughes, and I shall work and vote for him.

Very truly yours,

REPUBLICANS WILL SHOW UP RECORD OF DEMOCRATIC INEFFICIENCY

Sins of McDonald Administration Both of Omission and Commission, to Be Laid Frankly and Fully Before Voters.

STATE HEADQUARTERS GETS DOWN TO SYSTEMATIC WORK.

Friends of Governor McDonald Make Desperate Effort to Deny Flat Repudiation of Governor in Democratic State Convention.

Santa Fé, N. M., Sept. 14.—Republican state headquarters are down to hard and systematic work in a campaign for the election of the whole Republican ticket from top to bottom, which will be waged vigorously and aggressively in every county and in every precinct in New Mexico from today until November 7th. Under the driving direction of the new state chairman, W. H. Gillenwater, who is recognized as one of the most efficient organizers in the state, campaign activities began to hum early last week and the work has been going forward since with increasing momentum.

Right at the start Chairman Gillenwater gave out a statement in which he brought directly to the attention of the people the repudiation of Governor McDonald by the Democratic state convention, when the governor's skillfully covered attempt to force his re-nomination was openly and overwhelmingly defeated at the hands of a large majority of the delegates, who refused to stand sponsor for a campaign of defense of the McDonald administration. To the assertion that the governor, in taking the nomination for lieutenant governor, behind Ezquiel Cabeza de Baca, of Las Vegas, the present lieutenant governor, was seeking virtually a return to the executive chair behind the skirts of a candidate with whose limitations as an executive and with whose precarious health he is fully acquainted, the governor's friends have made the reply that his acceptance of the nomination for lieutenant governor was a heroic evidence of party loyalty and public spirit. It was not anticipated that friends of the governor and his personal newspaper organs would admit the repudiation now generally admitted; but the proof they advance is unexpectedly transparent.

The Governor's Uneasy Stockholders.

Friends of Governor McDonald assert that the governor has served during the past four and a half years at a tremendous sacrifice to his own and the interests of the foreign stockholders who are the principal owners in his great cattle and land holding corporation. These foreign interests, they assert, have become restless and have demanded that the governor return to his knitting and to the further earning of dividends. They say that the governor could have had a re-nomination at any time he asked for it, but that his private interests forbade him asking. They say this in face of the well known fact that the executive proposes to launch first into an immediate sixty day campaign which will absorb and hold his entire attention, both from the business of the state and the business of his great cattle corporation; and of the further fact that because Mr. de Baca, the candidate for governor, is just from a sick bed and that the state of his health is uncertain in the extreme, that Mr. McDonald may be called upon at any time, should de Baca win on the hundredth chance, to resume full control of the executive office. The explanation given for the governor's eagerness to get into the ticket, regardless of dignity and position has made Republicans laugh and has caused Democrats generally to smile behind their hands.

McDonald's Administration on Trial.

The fact is that the Democratic party, in convention assembled, faced a proposal to go to trial before the people on the record made by the McDonald administration. They refused to do it. Their reasons for not doing so were voiced frankly and openly during the convention. The governor and his friends, by a last minute convention trick, forced them to do so in spite of themselves; for while running for lieutenant governor the popular impression is that Governor McDonald is actually running for re-election, and it becomes the duty of the Democratic campaigners to take up his defense and the defense of his administration, whether they wish to do so or not.

Republicans Grab the Opportunity.

The Republicans, candidates and campaign managers have grasped the opportunity with considerable satisfaction. They are ready for an aggressively offensive campaign against the Democrats on the McDonald administration's written record. Being practically certain that Governor McDonald would force the Democrats to defend him the Republicans have bee' preparing for many months with a careful, searching inquiry into every detail of four years and a half of wasted opportunity in the conduct of state affairs, and a period filled from beginning to end with administrative blunders which range from the ludicrous to the most gravely serious.

With the record in their hands the Republicans are going to the people in this campaign with simple statements of the facts. They feel that nothing more than this showing will be necessary to convince New Mexico that its experiment with a Democratic administration has proven too costly to risk repeating.

Campaign Parties Take Stump.

Early last week three campaign parties took the field in the first long campaign tours. H. O. Bursum, candidate for governor; William G. Sargent, candidate to succeed himself as state auditor, and Alexander Read, candidate for district attorney in the Santa Fé district, have spent the past week in San Juan county. They have been received with enthusiasm. Frank A. Hubbell, Republican candidate for the United States Senate, and a party of the state committeemen, has been speaking in San Miguel and Mora counties. Charles A. Spiess of Las Vegas, Republican national committeeman for New Mexico, has been in the Pecos valley. Four more campaign parties will go out the first of next week and from that time on speakers will be almost constantly in every county in the state. It will be a campaign designed to take the plain, hard facts to the people and to give every voter in New Mexico an opportunity to acquaint himself at first hand with the Democratic record and with the men who aspire to congressional and state office on the Republican ticket, to meet them and talk with them and to get their views upon state and national administrative policies.

OSCURO

Will Keehn was in town last Tuesday on a short visit with his father. He reports plenty of rain in the north east part of the state where he and his brother, Frank are drilling.

Attorney and Mrs. Hamilton accompanied by their sons, and Mr. and Mrs. Thos. O. Luster came down from Carrizozo Sunday afternoon by auto, calling on a number of their friends in Oscuro and vicinity.

Mrs Herbert Edwards and little son who have been visiting her parents Mr. and Mrs. Chas. Thornton returned to their home in Maricopa, Arizona, last week.

Adolph Gschwind spent several days last week in Polly assisting Cornelius Boge to remove the casing from a well.

Mr. and Mrs. Chas. Thornton were visitors in Carrizozo last Thursday.

COUNTY SCHOOL NOTES

Mrs. M. L. Blaney has consented to act as chaperone of the children winning the State Fair trip in the Boy's and Girl's Industrial Club contest this fall. Each county is allowed to send ten members and interesting plans have been made for the comfort and pleasure of those who have faithfully carried on the club projects.

The school term opened Monday at White Oaks with Prin. A. W. Wyatt, Miss Fonta Smith, and Mrs. Wyatt as teachers: at Escondido in charge of Miss Mary E. Smith: at Gallo Cannon with Miss Elsie Brown teaching: at Capitan Gap in charge of Miss Ida Coleman: and at Capitan with Supt. C. Y. Belknap, Miss Alva Beattie, Miss Muriel Baker, and Clare V. Koogler teaching the Lincoln County High Schooll and in the grades Mrs. G. E. de Nisson, principal, assisted by Misses Mary G. Howard and Margret Mathes.

Escondido patrons are rushing the building of a new school house: Baca Canon also expects to build a new one this fall: both districts are to be commended in giving the children better opportunity for good schooling.

County School Superintendent, Mrs. Gumm visited the Jacks Peak and Jicarilla District the past week and found both doing very well. These schools are taught by Mr. and Mrs. Burnett. The new building at Jack's Peak is to have a cistern and a good fence if not more extensive reapirs before another term. Many new settlers in this part of our county shown in the increased attendance in the schools.

QUESTION CRAZE SEIZES THE G.O.P.

Democratic WORLD Long Had Monopoly of This Idiocy But Opposite Party Is Infected.

STRING OF INTERROGATIONS TO FEASE WILSON IDOLATERS

Questionnaire No. 1—Will All the Wilson Notes Be at His Notification?—How Did Fool Free Trade Hit Your Line of Business Just Before the Battles Began?—When the War Babies Die Will You Weep at the Funeral?

The question habit grows. You may ask a question of any one. Why should the dear old public escape? Here are a few from The New York Sun for the man in the street:

Do you approve of the Rivers and Harbors loot?

Do you want four years more of watchful waiting with the National Guardsmen undergoing military training in a tropical climate in midsummer?

Do you hold that the duty of the United States is to serve humanity and let its own citizens be killed and outraged?

Do you feel proud of notes with nothing behind them?

What do you think of the Vera Cruz adventure?

Would you like to have been an American soldier at Carrizal?

Do you love Carranza?

Do you believe in a financial regime conducted largely in the interest of one section of the country?

Do you desire to cut the Philippines loose in order that Japan may gobble them?

Do you want four more years of Daniels?

Do you approve of wrecking the diplomatic service to provide jobs for deserving Democrats?

Are you in favor of inflation?

Do you believe in preparedness for a flood of cheap European wares as soon as peace comes?

Have you noticed the significant increase of imports in the past year, despite the war?

How did fool free trade hit your line of business before August, 1914?

And your friends?

Were you all cheered up by the Underwood tariff bill?

Do you think the doubling of the income tax is fair while millions' worth of competitive imports come in free?

Where are you going to be when the war babies die and business slips back to the cold, hard, normal basis?

Can you conceive of any possible good to you or to the country from another Presidential term like the present one?

Will you perpetuate sectionalism, greed, ignorance, stupidity—general ineptitude in Congress?

ATTRACTS BUSINESS MEN.

Mr. Hughes has not tried to scare anybody, but has merely portrayed the errors of the present Administration and set forth certain principles on which the affairs of the country should be managed in the future.

FARMERS SIZE UP HUGHES AS "PRETTY GOOD FELLOW"

Fargo, N. D.—Charles E. Hughes campaigned for the first time among the sturdy farmers of the eastern part of North Dakota and left behind him the reputation of being a "pretty good fellow."

He was forced to undergo a critical scrutiny before the verdict was given.

Mr. Hughes preached the doctrines of government efficiency, Americanism, tariff as protection to the farmers and preparedness, and in each instance won applause, despite the fact that the farmers are not the strongest advocates of the last named issue.

They cheered for preparedness the loudest when Mr. Hughes told them that it meant not militarism, but ability to uphold national honor.

As they cheered for Mr. Hughes, one broad-shouldered old farmer said "It's because there's something about him that makes you believe he's telling the truth."

DENIES ASSAILING MR. HUGHES.

Percy Mackaye Writes He Never Saw "Authors' Letter" With His Name Appended.

Percy Mackaye, playwright, whose name appeared as one of the signers of the so-called "authors' letter," published in the newspapers last week, knew nothing about the matter until after publication, according to a statement given out yesterday at Republican national headquarters. The letter attacked Charles E. Hughes' criticism of President Wilson as "non-constructive" and propounded ten questions for Mr. Hughes to answer. In a letter to Mr. Hughes Mr. Mackaye said:—

"My attention has just been called to an open letter addressed to you, printed in the New York Herald of August 2, signed by a number of professional writers, among whom my name is included. I beg to send you this word, to say that I did not sign the letter and never saw or heard of the letter until it was shown to me in print."

It was stated at Republican headquarters that neither Mr. Hughes nor any of his staff had seen the letter except as it appeared in the newspapers.

SEEK PROGRESSIVE AND LABOR VOTES ON FALSE CLAIMS

Democrats Posing as the Enactors of Legislation Which the Indisputable Facts Show to Be of Republican Origin.

AUTHORITY ON SOUND SOCIAL LAW CITES 11 GLARING CASES

Organized Labor Resents This Deception and Running True to Form Will in November as at Many Previous Elections Indignantly Smite Those Who Without Justice Lay Claim to Its Gratitude—Even the Much-Touted Federal Reserve Law Is Based Entirely on the Statistical Research of a Republican Administration.

That "No class is more instant than labor to condemn and punish those who without foundation lay claim to its gratitude" is the assertion of John Williams, ex-commissioner of labor, apropos of certain false claims set forth by Vance McCormick, Democratic National Chairman, in behalf of his party.

Chairman McCormick caused to be published in the New York Times, on July 31, an appeal for Progressive and Labor support, based on "twenty measures enacted by Congress while President Wilson has been in the White House," and for which he claims credit for the Wilson administration and asks Progressive approbation. Commenting on this statement, the former Commissioner of Labor says:

"Students and promoters of sound social legislation will do well to examine this list for it contains a number of items of unusual interest.

"We may well believe that it was with a great deal of pride that Mr. McCormick contemplated the record of his party and that he drew a vivid mental picture of Progressives flocking to the support of Mr. Wilson because of the things claimed on behalf of this administration.

"It is a pity that in the interest of truth, which knows neither Democrat, Progressive nor Republican, we must mar this remarkable statement. Nevertheless, it is our duty to call attention to the fact that in his effort to induce support for Mr. Wilson the Chairman of the Democratic National Committee has fallen into a glaring error. We have no desire to disparage the achievements of the Wilson administration, but we must enter emphatic protest against any attempt to pad the Record.

"Mr. McCormick claims 'twenty measures enacted by Congress while President Wilson has been in the White House.' This claim we dispute. More than one-half are measures enacted under a Republican administration and were approved by ex-President Taft, and for others the Democratic administration deserves no credit.

"Lest anyone think that this is a groundless assertion we herewith furnish the record which can easily be verified:

From among the twenty pieces of legislation cited by Chairman McCormick, I select the following:

(1) Eight hour law on government work. In effect March 1, 1913. Signed by Mr. Taft.

(2) Eight hour provision for post office clerks. In effect generally August 24, 1912.

(3) Eight hour provision applicable to the manufacture of ordnance for the government. In effect January 1, 1913. Signed by Mr. Taft.

(4) Children's Bureau. In effect April 9, 1912. Signed by Mr. Taft.

(5) Industrial Commission Law to investigate industrial relations. In effect August 23, 1912. Signed by Mr. Taft.

(6) The phosphorous match law. Enacted in 1912, effective as to the importation of white phosphorous matches January 1, 1913, and as to the manufacture of such matches July 1, 1913. Signed by Mr. Taft.

(7) The Department of Labor Law creating a department with a secretary who shall be a member of the President's Cabinet. In effect March 4, 1913. Signed by Mr. Taft.

(8) The Parcel Post Law. In effect January 1, 1913. Signed by Mr. Taft.

(9) The Federal Reserve Law which, while passed during this administration, is based entirely on the vast work of investigation and compilation done by the Monetary Commission, during the Taft Administration, and closely follows, except in certain details, the legislation recommended by that commission.

(10) The eight-hour law for the District of Columbia, was fathered and put through by a Republican, Senator La Follette.

The anti-trust law antedates the Cleveland Administration — although President Cleveland never enforced it. From time to time, as with all great legislative acts, it has been necessary to amend or add to it, and the anti-trust law of the Wilson Administration was merely such an amendment, a logical development of the original act.

(11) The Commerce Court was actually abolished during the Taft Administration, although it has not been demonstrated that its abolition was a wise step.

"Any statement hereafter emanating from Mr. McCormick will be subjected to the closest scrutiny. The errors in his first effort are inexcusable and can only arouse resentment among labor men and social workers. No class is more instant than labor to condemn and punish those who without foundation lay claim to its gratitude.

"Will Mr. McCormick explain his padding of the Record?"

(Signed) JOHN WILLIAMS,
Ex-Commissioner of Labor, New York State.

Singleton—Didn't you find it pretty hot last night out your way?

Wedleigh—No! I arrived home late and got a very cool reception.

It's Foolish to Suffer

You may be brave enough to stand backache, or headache, or dizziness. But if, in addition, urination is disordered, look out! If you don't try to fix your sick kidneys, you may fall into the clutches of kidney trouble before you know it. But if you live more carefully and help your kidneys with Doan's Kidney Pills, you can stop the pains you have and avoid future danger as well.

A Colorado Case

J. K. May, 318 Main St., Sterling, Colo., says: "I was helpless with pain in my back and my limbs were stiff and sore. I couldn't sleep well at night and had to pass the kidney secretions too often. Soon after using Doan's Kidney Pills, I improved and gradually the pains left. My kidneys are now in good shape."

The Vital Point.

A beautiful young lady interviewed a fortune teller on the usual subjects.

"Lady," said the clairvoyant, "you will visit foreign lands and the courts of kings and queens. You will conquer all rivals and marry the man of your choice. He will be tall and dark and aristocratic-looking."

"And young?" interrupted the lady.

"Yes, and very rich."

The beautiful lady grasped the fortune teller's hands and pressed them hard.

"Thank you," she said. "Now tell me one thing more. How shall I get rid of my present husband?"

RAIL TROUBLE AND FOREIGN WAR HIGH LIGHTS OF SIXTY-FOURTH CONGRESS.

MAKES 252 NEW LAWS

PRESIDENT PLEDGES RENEWAL OF RAILROAD LABOR LAW CONSIDERATION.

Western Newspaper Union News Service.

Washington.—The first session of the Sixty-fourth Congress, which adjourned September 8, was concerned chiefly with national defense. The crisis in Congress over the international situation followed Germany's naval order to sink armed belligerent merchant ships without warning. Introduction of resolutions warning Americans to keep off armed merchantmen caused President Wilson to halt diplomatic negotiations and go to the Capitol to demand a "showdown." The result was tabling of the Gore resolution in the Senate by a vote of 68 to 14 on March 3, and of the McLemore resolution in the House by a vote of 276 to 142 on March 7.

Immediately afterward the President sent to Germany and read to Congress a note threatening to sever diplomatic relations unless the German government "immediately effected a modification of its methods of submarine warfare."

When the gavel fell Congress had directed reorganization and re-equipment of the army and navy, for defense of the country at the unprecedented cost of $655,000,000, with authorizations that will increase the total in three years to nearly $800,000,000. With all other expenditures, appropriations were brought to the grand total of $1,637,583,682, the greatest aggregate in the country's history, and exceeding that for the last fiscal year by more than half a billion dollars.

Expenditures necessitated by preparedness and the calling into action of military forces to meet the Mexican emergency, demanded revenue legislation in the closing days of the session. Congress responded by doubling the normal tax on incomes, creating an inheritance tax, munitions tax and miscellaneous excise taxes to raise $205,000,000 and by directing sale of $130,000,000 Panama canal bonds.

Congress established a tariff commission; a government shipping board to rehabilitate the American merchant marine; a workmen's compensation commission to administer a new uniform compensation law; a farm loan banking system; a child labor law, enlarged the system of self-government in the Philippines and enacted many other important laws which had been contemplated by the administration.

List of Appropriations.

Appropriations for all purposes were:

Agriculture	$24,948,852
Army	267,596,530
Diplomatic and consular	5,355,096
District of Columbia	12,481,007
Fortifications	35,748,050
Indian affairs	10,967,644
Legislative and executive	37,925,690
Military academy	1,225,043
Navy	313,300,095
Pensions	158,065,000
Postoffice	222,937,679
Rivers and harbors	40,598,135
Sundry civil	128,209,285
Permanent appropriations	131,074,673
Shipping bill	50,100,000
Deficiencies	72,500,000
Rural credits	6,100,000
Good roads	6,000,000
Floods	3,000,000
Grand Total	$1,637,583,682

Railway Legislation Next Session.

In a formal statement President Wilson, speaking of the work of Congress, gave notice that the remainder of the railroad program would be pressed at the new session.

The immigration bill, the corrupt practices bill and the bill to permit combinations of American exporters to meet foreign competition abroad went over.

Opportunity for Well-Earned Rest.

The President congratulated the leaders on the opportunity for a "well-earned rest," and officially informed them that he had nothing further to communicate to the Congress.

During the session 17,800 bills and 642 resolutions were introduced in the House. Of these 252 bills became laws and 33 public resolutions were adopted, in addition to 150 private bills and resolutions passed.

Speaker Clark and Republican Leader Mann exchanged the usual felicitations and Vice-President Marshall thanked the members of the Senate for their courtesy, and the long, laborious session ended.

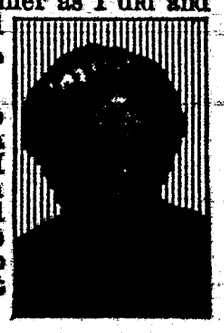
A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

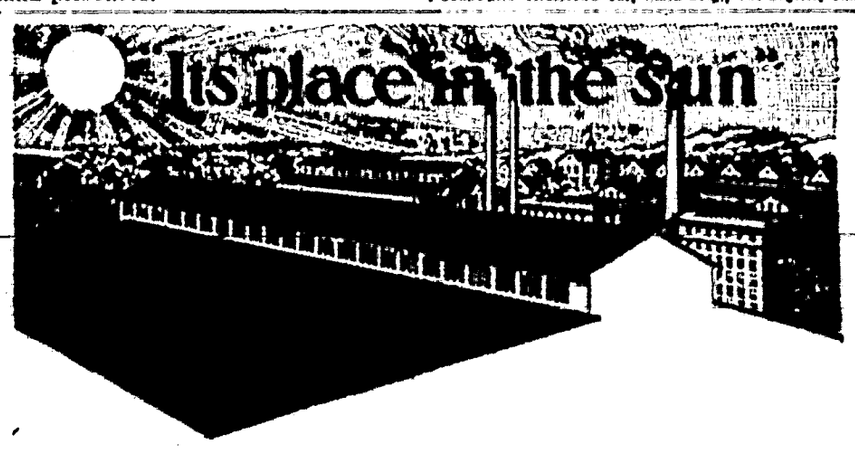
Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.



Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISTLING, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.



TO hold "its place in the sun," is the avowed purpose of a great nation's conflict. To hold "its place in the sun," is the object of every business in the great fight for industrial and commercial supremacy.

To be able to hold "its place in the sun," is the supreme test of an asphalt roof. It is the sun, not rain or snow, that plays havoc with a roof. If it can resist the drying out process of the sun beating down upon it, day after day, the rain or snow will not affect it except to wash it clean and keep it sanitary.

Certain-teed

Roofing

takes "its place in the sun" and holds it longer than other similar roofing, because it is made of the very best quality roofing felt, thoroughly saturated with the correct blend of soft asphalts, and coated with a blend of harder asphalts. This outer coating keeps the inner saturation soft, and prevents the drying out process so destructive to the ordinary roof.

The blend of asphalts used by "The General" is the result of long experience. It produces a roofing more pliable than those which have less saturation, and which are, therefore, harder and drier.

At each of the General's big mills, expert chemists are constantly employed to refine, test and blend the asphalts used; also to experiment for possible improvements. Their constant endeavor is to make the best roofing still better.

The quality of CERTAIN-TEED is such that it is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply). Experience proves that it lasts longer. Behind this guarantee is the responsibility of the world's largest manufacturer of roofings and building papers.

The General makes one third of America's supply of asphalt roll roofing. His facilities are unequaled, and he is able to produce the highest quality roofing at the lowest manufacturing cost.

CERTAIN-TEED is made in rolls; also in slate covered shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or outbuilding.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

SCHOOL NOTES

The regular High School enrolment is now forty-three with two specials.

Basket ball is the air and prospects of the usually strong team of girls and a light, but enthusiastic, agregation of boys. They expect to be in demand for the field day events, as basket ball has never failed to hold a prominent place of interest at this time.

Rev. Jerry Jeter, the evangelist, entertained the student body Monday morning with aseries of cartoons. The interest manifested was intense and the excellent work made its appeal to all the ages shapes and sizes.

All concerned are anxiously awaiting the completion of the new school room, anticipating the advantages of more room and permanent location of every department for the year's work ahead,

An improvement committee composed of the Principal and four upper classmen has been appointed to render more attractive the high school assembly. It is intended to perpetuate this plan from year to year, seniority being the qualifications for membership as well as enthusiasm and ability to beautify the surroundings.

Another movement for school improvement is the leveling of all of the new property to be used as a play ground. This will afford ample room for baseball, basket ball, tennis and other sports, and the Superintendent expects the new arrangement to forstall many misdemeanors by providing the necessary space for "blowing off Steam." The townspeople are earnestly requested to boost the movement, and it has already been approved by the school board.

Let us make this by far the best school year Carrizozo has ever known.

RAILROAD MEN HANDED LEMON

The "Watchful Waiting" policy of the administration at Washington has been exemplified once more. The president forced through Congress, by a strict party vote, a bill that has handed the railroad man a lemon. It is as full of jokers as a circus is of clowns. It does not go into effect at once; it is carefully drawn so that it cannot go into effect until after the election in November. Wherever our sympathies may lie with reference to the rights or wrongs of the railroad men's strike, it is certain that the administration, with the assistance of Gompers and a few of his assistants, has been playing fast and loose with the American public and also with the railroad men. They are carrying a jug of water on each shoulder.

Under the Act, the commission to be appointed by the president says whether or not the Act shall be enforced. Who will be president when that commission turns in its report to Congress next April? We think we know. Most constitutional lawyers whom we have consulted think the Act is wholly unconstitutional. If so, what then? The railroads, the railroad men and the public will be just where they started. That will leave to a Republican president, the heir of Mr. Wilson's the burden of settling the labor question with the railroad men. Possibly the the president sees the writing on the wall and has had some Daniel to interpret for him sufficiently to get out from under before the avalanche comes.

JUDGE POPE IS DEAD

Judge Wm. H. Pope, for the past four years U. S. district judge of New Mexico, and formerly associate and chief justice of the Territorial supreme court, died of pernicious anemia at Atlanta, Ga., Wednesday morning.

He had been in Georgia since June in the hope of regaining his health. He was 46 years of age.

The funeral will be held tomorrow at Santa Fe, where Judge Pope had resided for years.

In the loss of Judge Wm. H. Pope New Mexico loses one of its greatest christian characters and a foremost citizen.

Fruits and vegetables furnish iron and phosphorus—and are therefore good for all people; and especially those for whom the doctor would prescribe those chemicals as tonics. Watercress, asparagus, cauliflower, lettuce, apples, onions, cherries, apricots and peaches are all rich in these elements, as are peas and beans.

Can't Get Ahead of Plumber.

"I say," asked the wrathful customer over the telephone, "what do you mean by charging me overtime in your bill? You didn't put in any overtime on my work." "Yes, I did," replied the plumber, soothingly. "On that evening when you kept me waiting while you told me what you thought of me for putting in a full day on a two-hours' job."

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying Ballard's Snow Liniment.
