DECISION IN THE PADEN LAND CASE.

GENERAL LAND OFFICE,
Washington, Oct. 8, 1890.

REGISTER AND RECEIVER,
Roswell, N. M.

SIRS:—I have considered the case of Melvin G. Paden vs. Rolla Wells et al., wherein the record of the hearing was transmitted by your letter of August 11th, 1990.

The record shows that on Oct. 30, 1885, William Bonnell and William F. Blanchard, "located five acres of non-mineral ground as a millsite in connection with and for the benefit of the Martin Lode or Mine": that on January 26th, 1886, the plat of the official survey of the township, was filed in the local office: that on February 26th, 1886, Roll Wells, William Bonnell and William F. Blanchard, made application for a patent for the Martin Lode and Millsite: that on May 10th, 1886, Melvin G. Paden filed his protest against said application for patent: that on May 20, 1886, said Paden filed D. S. No. 2784, for Lots No. 10 of Sec. 25 and lot 1 of Sec 36, Tp. 6 S., R. 12 E. N. M. Prin. Merid., alleging settlement June 20, 1882; and that on Oct. 16, 1886, without any action had on said protested Mineral Entry No. 271 was made for the Martin Lode and Millsite; the Register's certificate of entry having issued to "Rolla Wells and William Bonnell, claimants of the Martin Mine, and William Bonnell and William F. Blanchard, climants of the Martin Millsite."

Said Paden in his protest, after showing his settlement and D. S. filing as above stated, alleges that the said Martin Millsite is situted and embraced within the limits of said Lot No. 10 of Sec. 25, and the said pretended millsite has never been used for mining or milling purposes, and is in no sense a millsite.

By letter "N" of June 11th, 1889, you were directed to order a hearing on said protest, which appears to have been held before Jones Taliaferro, special commissioner, Aug. 12, 1889, and also some depositions were taken by agreement before James Bryden, a Notary Public, Aug. 22, 1889.

On the record of the testimoney taken you rendered your decision, Aug. 4, 1890, to the effect that said Mineral Entry be held for cancellation and that the protestant be allowed to perfect his D. S. filing No. 2784, from which mineral claimants appealed Sept. 8, 1890.

The evidence shows that Paden built a home on his pre-emption claim in 1881; that he has resided thereon since 1882; that his improvements consist of a dwelling house, stable, barn, well, fence and 30 fruit trees, worth from $700 to $800; that he has raised alfalfa and millet thereon, and although not very valuable for raising agricultural products, that it is valuable for pasturage.

The evidence further shows that there was no attempt made to use the ground claimed as a millsite for mining or milling purposes prior to June 1887, when there was a building erected, part of which was on the Martin Millsite and part on another; that a so-called arastra was constructed under said building and on the Martin Millsite, but that it is utterly worthless for the purpose of crushing ore, and that at no time has the ground claimed been used for mining or milling purposes, but on the contrary, the building has been used as a horse stable, and at times by tenants working at a saw-mill.

Your decision is modified to the extent that said Mineral Entry No. 271 is held for cancellation only as to the Millsite, otherwise it is affirmed.

Notify the parties interested hereof, and in due time report action to this office.

Very Respectfully,
W. M. STONE, Comm'r.

THE NEW WEST.

Chicago. Oct. 14.—The public anniversary of the New West Educational commission of the Congregational denomination was held to-day at the First Congregational church. The Rev. Dr. Gunsaulus delivered the address.

Roswell has two physicans with very funny names. Dr. Skipwith and Dr. Bearup. One doctor, with a good strong American name, could not make a living in Cerrillos was it not for an occasional railroad or mine accident—Rustler.

Nearly a week after the defeat of the constitution, Major Caffrey, of the Lincoln Leader expressed his editorial opinion that the constitution had been carried by a fair majority. The ground of his opinion was that the Albuquerque Democrat announced the defeat.—Optic.

Why that old bottle scarred veteran never knew the Democrat to mislead its readers.—Democrat.

Ben Burges, assayer and metalurgist, formerly of White Oaks, N. M., but now of Ojo Caliente, Mexico, was a welcome visitor at this office yesterday. Mr. Burges at one time had charge of the Homestake Mill some years ago. Mr. Burges now owns a valuable mine near Ojo Calienta, from which he is shipping to the Mexican Ore Co., of this city.—El Paso Bulletin

FROM ALL POINTS.

There is an unusual sacrifice of calves, cows pigs and even half-fat sheep just now. High priced feed is the explanation.

Shrewd speculators have lately been buying up a good many cheap calves. The only trouble is to find plases for them.

The Chloride Black Range is very indignant that the miners and cattlemen in the outlying districts are not protected from Indian depredations.

The rural Californian believes that there is no single article of import to that state which takes so much money out of that country as hog products do.

It is reported that farm lands in the neighborhood of Greely, Colorado, have largely increased in price since the potato crop has proved so profitable.

The cry of hard times is heard so often now-adays in the northwest that people get almost used to it, and think there is no remedy for it.—St. Paul Globe.

At the Union stock yards, Chicago, in the past few days the best beef cattle have brought but $2.50, while cows went as low as $1.65. Sheep brought $3.50 and hogs $4.25

Tell your lady friends not to salt fresh meat while frying until it is nearly cooked, Salting makes the juice of the meat run out, and consequently the meat is not so tender.

Chicago broke the record last week with 86,000 cattle and again this week with 87,200, making a total of 173,200. The total here for the same two weeks was about 90,500 including 4,600 calves, which beats even the dry weather period the last half of July and and all previous records.—Drovers' Telegram.

The Wilson Waddingham outfit in San Miguel county, are rounding up about 16,000 head of beef steers for shipment from various points to the eastern markets.

The demand for cattle is much greater than it was a year ago. The quality is not so good on account of the large number of feeders, who are curtailing the number they will fatten this winter.

Now that the constitution has been snowed under, some of the bought up newspapers are branding the citizens of New Mexico as un-American and non-progressive. The overwhelming defeat of the constitution stands as good evidence that the people of New Mexico are well awake, not only to their personal interests and prosperity, but free Americanism, for, by their united efforts they cast from them a document that was intended to draw them closer within the the clutches of the political bossess and land grabbers who have ever manipulated the affairs of the territory to the detriment of the welfare of the people at large. Such wild and idiotic babble from those papers is simply disgusting; but what may be expected of such men who have sold themselves body and soul in order that they might become the lackeys of the political bosses and opponents of the people?—Black Range

The Kingston Shaft changed editors just in time to give one whoop for the constitution and Mr. Webster which was immediately followed by the anti-constitutional snowstorm that spread far and wide over the land.—Black Range.

The Black Range is one of the very few republican papers in the territory that stood out to the end against the constitution movement.

Wolves continue to be a source of great loss to stockmen in this neighborhood. The boys working on the range kill them every time they get a chance, but they have other work to attend to. What is needed is for the state to offer a bounty that will induce men to make a business of exterminating these pests. A county or private bounty does but little good.

LITERARY NOTE.

Miss Julia Magruder, a daughter of the late General Jno. B. Magruder, of the Confederate army, who held the "Peninsula" against McClellan in the spring of 1862, begins in the New York Ledger of October 18 a serial entitled "Jephthah's Daughter." The story is an exquisite artistic adaptation of the Biblical tale.

An Emblem of War.

Jinks—Singular that the peaceful, mild eyed seal should cause so much trouble between Uncle Sam and John Bull.

Jinks—Peaceful nothing! Mild eyed, fiddlestick! Mars was nowhere compared to a seal as an element of war. First, civil war in my family about sealskin sacques; now a threatened war between two nations. Glad when the last seal is dead.—Pitisburg Bulletin.

C. H. Chamberlain, of Clark county, Kansas, considers deborning cattle to be less inhuman than castrating or spaying, and is convinced that the cattle can be handled in one third less shed room and with perfect safety to man and beast.

Otero is an unfit man to send to Congress. A representative of the people must have some other qualification than fostering his ill-gotten million acres of land to which he has no title.

District attorney Wade, a sucker of the public teat, says that the people of his county are unfit for self government. This is the fellow, Wade, who for the past two years has regularly drawn his salary as Dist. Attorney in this county, and during his entire term, he never has been at court or performed a particle of service as such officer. He is a good one to criticise. Of such men the g. o. p. delight to hear them air their superior judgment and morals.

The republican candidate for Probate Judge, one Montoya, of Lincoln, at the late election, discovered that he had put the wrong ticket in the poll box. He cannot read, and when informed of his error went into a passion and demanded the return of his ticket. Voters, you can choose between this specimen and Michael Cronin, when you cast your votes for Judge.

Republicans are boasting that Saunders, the alliance candidate is asssisting them to elect George Sena, clerk. Democrats be on your guard; do not be deceived—if there was a ghost of a chance for Saunders, we would say alliance men stay with your candidate. In this case, by a few democrats voting for Saunders, it might throw the election to Sena, which is to be deplored beyond anything that could occur.

The Catholic church did not have much to do with the defeat of the constitution in Dona Ana Co. The parish priest of Las Cruces advocated its adoption in a public speech; and, at Raventon the priest must have been the fellow who cast the one vote against. What were some of the priests of other churches doing? We know of one who delights to tell his hearers what punishment is in store for New Mexico in the future. Some Protestant priests can be very bitter and extreme republican partizans, and even office holders and candidates, but the G. O. P. cannot see anything improper in that.

Otero talked for nearly an hour in Las Cruces the other day and quit without having said anything. Whenever Otero attempts to make a speech in public, he makes a sad spectacle of his ignorance and inability. During the canvas in 1888 at White Oaks, he made an effort at a speech, and so disgusted his hearers that parties who were in some instances disposed to vote for him voted for Antonio Joseph.—Otero will not make any speeches in Lincoln county, as avery effort would reduce his vote in November.

The Albuquerqe Democrat, in giving the late returns upon the vote cast, has been fortunate. They placed the figures so reliable that the official count is verifying their accuracy. The Democrat places Joseph's majority on Nov. 4th, at 4,970, while some of the territorial papers claim 5,000 as his majority. We are of the opinion that the Democrat, with their record for accuracy can be relied on and their statement of 4,970 will be about correct, if any difference, slightly exceed the figures.

Maxy Frost, of the republican persuasion, should lay the Optic's advice to his so—we mean his recollection, and not do any more cursing of priests, about the constitution. He has done more now than he can smooth over between this and election day. Besides Maxy is the sort of fellow you can hardly believe under any circumstances, and decidedly not when he has had time to reflect over what he is going to say.—Albuquerque Democrat.

Scipio Salazar is the nominee of the democrats for County treasurer, and is entitled to every democratic vote in the county. Scipio Salazar is not a fair weather democrat for office. From his advent and previous to his arrival in Lincoln county, he has been and always a democrat; voted the ticket and worked manfully for the democratic ticket in every campaign, spending his time and money for the democratic ticket. The republicans are making an especial effort to knife Scipio Salazar, by circulating all kinds of campaign lies concerning him, and they are running a man against him who in no sence has a claim upon a democrat or a Mexican citizen for their votes. The republicans hope and pray to beat Salazar, so that they can claim to the Mexican voter, hereafter, that had he been a republican he could have been elected. They desire to beat Salazar for party supremacy; so every democrat and democratic neighbor should vote for Salazar. He is capable, honest and competent and can give as good a bond for the faithful performance of the duties of Treasurer as any man in Lincoln Co.

Cruz Galliegos, of the Hog ranch, wherever that is, will make the race for representative. Who brought out this brilliant and cultured gentleman, is merely to be conjectured; there is no one who desires to be responsible for the insult—especially to Tom Tillotson, by placing the name of Cruz Galliegos in the place of Tillotson, on the ticket. One a born gentleman whom it would have been creditable to have as an opponent and now the burlesque of Cruz Galliegos, to pose as a candidate for the important office of representative. Such a farce is an insult to every respectable voter in the district, more especially to the native born citizens, who will be asked to vote for him because he was born in New Mexico. Galliegos is a resident of Raventon, whom the people of his own voting precinct, if left to themselves, would not invite to even an humble local position. For respectable republicans to be asked to vote for Galliegos, is an insult to their better judgement, and who they expect to insult the most by such a candidate, time will tell.

James A. Tomlinson, of Eddy, has been announced as a candidate for Councilman, vice C. B. Eddy declined, and Cruz Galliegos also announced for Representative, vice T. C. Tillitson declined. Who is responsible for this last and most ludicrous break on the part of the Republicans, no one seems to know. Tomlinson under his own signature, has announced himself as a candidate for Judge in the new county of Eldy. And it is currently reported that he declines to run for the council and that whoever has placed his name before the public had no authority from Tomlinson. No matter, Tomlinson is so well known in this neck of the woods, and his career will no doubt be made public to the citizens of Eddy, who have not learned the record of Tomlinson while probate judge of Lincoln county. The old residents of White Oaks, to a man, repudiate Tomlison and his acts. For the good name of Tomlinson he should confine himself to the local office of new Eddy county, and not try to bite off something he cannot chew. Watch the vote Tomlinson will receive in White Oaks should he continue to run for councilman. When we are fully advised as to the correctness of Tomlinson's candidacy, we will have some very interesting matter for the readers of the INTERPRETER.

Capt. E. McB. Timoney, the hero of Raventon and the republican leader of White Oaks, is in the field for Clerk of the Court in this new 5th District The only thing that will interfere with Timoney's success, will be the defeat of Cruz Galliegos, in which event his friends propose to demand the place for him for making the sacrifice. Galliegos as a defeated candidate will have strong claims upon his party friends for the clerk's office. In the event Galliegos' appointment, Timoney could be urged for chief deputy.

Judge Axtell's confinential circular, assessing republican officials 5 per cent. of their annual salaries for the purpose of promoting the cause of the land grabbers' constitution, proves conclusively that the republicans were arrant hypocrites in professing that they wanted to keep politics out of the constitutional fight. Governor Prince and Judge Axtell, will you please join us in prayer. Maxy, kindly step aside. This isn't a "coon" prayer meeting.—Santa Fe Sun.

Passed away very suddenly, but timely,—the repudlican rump constitution—on Tuesday, the 7th of October. The remains may be found on ice at the New Mexican office. They have so far not been claimed even by the coroner, and it is feared they will have to be consigned to a pauper's grave. Of course, if the next legislature should happen to be republican, the people will be assessed for funeral expenses. But the next legislature will be democratic. Then what?—Santa Fe Sun.

Why—that's what.—Albuquerque Democrat.

Tom Hughes, in his paper, The Citizen, says:

"The action of a few republican leaders in this county gives convincing proof that an insane asylum is needed in this territory."

Tom could find company for the poor deluded, in *White* Oaks.—Leaders of the g. o. p. are in a state of insanity of a mild type, which bids fair to become contagious among the g. o. p. ranks.

Judge A. A. Freeman, has arrived at Santa Fe, where he is met by Judge McFie. As to the District to which he will be assigned, nothing definate can yet be announced as it has been decided that all the Supreme Court Justices, will meet in conference at Las Vegas on November 7th, when detail will be fully arranged.

Information has been received that a corruption fund of $700 has been placed in the hands of republican workers, by outside parties for the purpose of defeating Roberts and one or two others of the democratic ticket. This money is in the hands of men who are expected to distribute the money to buy floaters. Democrats be on guard and report any case of bribery to the committee.

Please take notice that the Democrats voted almost solid for a free coinage bill and that the Republicans voted almost solidly against it. We find silver is yet controlled by the London market, and always will be until we get free coinage. If silver is to be placed upon an equal footing with gold the Democrats wtll have to do it, as the Republicans have voted against it. —Socorro Adv.

Mr. Chas. Weidman candidate for Treasurer on the Alliance Ticket and A. C. Storm, candidate for Assessor on the same ticket, were in White Oaks and Texas Park this week, interviewing their alliance friends. Both gentlemen would make creditable officials. But in common with Alliance candidates where three candidates are in the field, there is no earthly show to elect them. Every vote is merely assisting the Republican candidate.

Geo. Sena boasts that with his prestige among the Mexicans, he can carry the whole republican ticket to glory. His workers here are for Roberts as against Thornton, and everything else on the republican ticket is being traded for Sena. Sena's friends at White Oaks are slaughtering everything on the g. o. p. ticket for Sena. They say, "we cannot elect anyone else," and they cannot come within 200 of electing him if the Democrats of the Alliance will vote for Tellitero. A vote for Saunders is a vote for Sena.

ELECTION PROCLAMATION

BY THE BOARD OF COMMISSIONERS OF LINCOLN COUNTY.

Whereas, By law it is made the duty of the Board of Commissioners in each county of the Territory of New Mexico to proclaim elections to be held in their respective counties for the purpose of voting for candidates for the different offices during the two years following the general election, held for that purpose.

Whereas, the first Tuesday after the first Monday in November, is designated by the present law in relation to elections for holding said election.

Therefore, the Board of County Commissioners of this county of Lincoln, in regular session, held in Lincoln, County seat of said county, the 8th day of October, A. D. 1890, have ordered as follows, to wit:

That on Tuesday, the fourth day of November, A. D. 1890, at 8 o'clock a. m. of said day, an election will be held in the various election precincts within the county of Lincoln, including the parts thereof designated as Eddy and Chaves counties, Territory of New Mexico, at which election candidates will be voted upon by the legally qualified voters in each precinct, for the following officers, to wit:

One Delegate to the United States Congress.

One member of the Territorial Council.

One member of the Territorial House of Representatives,

Three members of the Board of County Commissioners for each of the counties of Lincoln, Chaves and Eddy.

One Judge of the Probate Court for each of the counties of Lincoln, Chaves and Eddy.

One Clerk of the Probate Court for each of the counties of Lincoln, Chaves and Eddy.

One School Superintendent for each of the counties of Lincoln, Chaves and Eddy.

One Assessor for each of the counties of Lincoln, Chaves and Eddy.

One Sheriff for each of the counties of Lincoln, Chaves and Eddy.

One County Treasurer for each of the counties of Lincoln, Chaves and Eddy.

One Coroner for each of the counties of Lincoln, Chaves and Eddy.

By order of the Board of Commissioners of the County of Lincoln, Territory of New Mexico.

IN WITNESS WHEREOF, I have placed my hand and ordered the seal of said Board affixed, attested by the Clerk of the same, at Lincoln, N. M., this the 8th day of October, A. D. 1890.

ATTEST: GEO. CURRY, Clerk. } M. CRONIN, Chairman Board of County Commissioners, Lincoln County, N. M.

The rump legislature taxed Lincoln county $12,000 for judicial and other court expenses last year and appropriated $3,000 to defray court expenses in Lincoln county. Where did the ballance, $8,000 go to? The Max Frosts and others in and about Santa Fe can walk the streets in fine clothes and bigger salaries, while the poor devil of a witness or juror sells his certificates at Lincoln for 25 cents on a dollar, in store pay. The hotel people refuse them for board bills. To remedy this, voters must send a new set of law-makers to the legislature to oust the land grabber and extravagant practice at the expense of the tax-payer.

Vote for Richardson and McDonald, from this district. The people all over the Territory are in for a change in the legislature and are going to have it. $8,000 a year of a steal on one item alone is rather more than Lincoln county can stand.

TEAMSTERS.

You work in all weather. You want an "all-weather" coat. In fact, the best waterproof coat in the world. No frail rubber affair that will rip before the week is out. Rubber coats more, and lasts but a short time. Four teamsters out of five wear the "Fish Brand" waterproof clothing. They are the only teamsters' waterproof coats that are light, strong, durable, and cheap. They cost very little, and last a long time. They never get sticky or peel off. The buttons are wire-fastened, and never come off. They are absolutely waterproof and wind-proof. Until you own one you will never know the comfort of a rainy day. DEMOCRATIC PLATFORM.

We, the Democratic party of the Territory of New Mexico, in convention assembled, reaffirm our allegiance to the time-honored principles of the National Democratic party as enunciated in the platform adopted at St. Louis in 1888,

We demand the free coinage of silver.

We arraign the National Republican party for squandering the surplus revenues in the treasury in order to furnish a pretext for increasing tariff taxation on the necessaries of life—for depriving Democratic constituencies of their representatives in Congress and arbitrarily seating republican candidates who were not elected by the people—for adopting an arbitrary and unconstitutional system of rules in the House of Representatives and thereby suppressing the rights of the minority—and for attempting to pass the Lodge election bill to suppress free elections and subvert the rights of the states, in utter disregard of the Constitution of the United States—and practically for giving awarded seats in the Senate of the United States to two Senators from the state of Montana, who were not lawfully elected thereto.

As heretofore, we reiterate, that the General Government has been and still is, heedless of the rights of New Mexico and its obligations under the treaty of Guadaloupe Hidalgo in failing and refusing to pass such a law as will secure the prompt and speedy settlement of land titles in New Mexico,

We declare that the natsve population of New Mexico are entitled to the lands held by them or their predecessors under the laws of the Republic of Mexico, and that their rights thereto should be respected.

We endorse the course of Hon. Antonio Joseph, our delegate in Congress as a zealous and faithful public servant, at all times tireless in his efforts in behalf of the people of New Mexico, and heartily commend him for re electivn.

We denounce the action of L. Bradford Prince Governor of New Mexico in requesting the quartering of United States troops in the county of San Miguel to overawe the people under the pretext of resistance to the civil authority, when no process was in the hands of the officers of the law unreserved, as in keeping with the spirit of contempt for the civil authorities usually reserved by the Republican party.

We arraign the Republican party of New Mexico for reckless disregarding the will of the people and turning out of the last Legislature duly elected Representatives in order to secure a majority sufficient to pass iniquitous measures over the executive veto,

We arraign them for passing a libel law contrary to the spirit of the age in order to suppress free speech and a free press; for the passage of a change of venue law in the interests of a single corporation and thereby so increasing the cost and delays of litigation as to amount to a denial of justice; for passing a law changing the practice in taking appeals to the Supreme Court, applicable only to a limited number of cases in which Republican members of the Legislature were either parties or attorneys; for assuming the powers of the Territorial Executive in order to place in office incompetent and corrupt party favorites; for passing a law authorizing the competition of convict with honest labor; and for passing many other outrageous laws subversive of the rights of the people.

We condemn them for failing and refusing to enact such legislation as would secure to the Territory an efficient public school system, and for a manifestation of general hostility to public educatoin, as shown by their defeat of the effort to establish such a system by the last Legislative Assembly, as well as their denunciation of the Perkins' Bill for the reason that such a system for the education of children or the masses would require the taxation of large land grants,

We condemn the Republican party of New Mexico for placing the management of the Penitentiary in the hands of a Board composed of perpetual incumbents of public office, which Board, in defiance of public opinion, has given employment almost wholly to relatives of the members thereof, and turned what was intended to be a reformatory institution into a house of debauchery.

We denounce the prostitution of the Courts by packing juries to secure wholesale indictments for crime against innocent persons as a means of intimidation for political purposes, and as a further means of rewarding a horde of party strikers who are kept in attendance on Courts as witnesses, term after term, while refusing the accused the speedy trial guaranted by the law of the land.

We declare ourselves in favor of the unqualified repeal of the Act of Congress of 1889 restricting entries on the public lands, and thereby retarding the progress of the Territory, and of the repeal of the law prohibiting the investment of foreign Capital in our mining industries.

We condemn the Republican party for passing such an act, authorizing the holding of a Constitutional Convention, as deprived the Democratic counties of the territory of any opportunity to secure a fair or equal representation in said Convention, and for attempting to foist upon the people a Constitution framed in the interest of that party alone, and discriminating in favor of the few as against the masses.

We declare that the Constitution so framed would, if adopted, deprive the people of the State of the right to elect the judges of the Supreme Court, while providing for the election of the judges of the District Courts by districts so constituted as to render such right valueless. We further declare that said constitution denies to the Executive the power usually conferred by such instruments, and makes him the mere puppet of the Legislature by subjecting him to suspension from office upon impeachment without trial. We further declare that said Constitution so limits the power of taxation upon personal property as to enable all large property interests of individuals and corporations to escape the just burdens of the government, and inequitably and unjustly authorizes the same to be imposed upon particular articles and occupations.

We further declare that this proposed system of taxation will not produce, by property tax, sufficient revenue to support a State government and meet the public obligations, thereby rendering it absolutely necessary to impose a tax upon particular articles and occupations, thus making the masses pay for the benefits of the government received by the property of the few.

We further declare that said Constitution makes such an arbitrary and partisan apportionment for the election of members of the Legislature as to virtually disfranchise opponents of the Republican party. We further declare that the action of pretended adjourned Convention, on the 18th day of August, 1890, was taken without color of legal authority and without the presence of a quorum of said original Convention, and that the manifest object of a change in the date of the submission of said instrument to the purpose defeating a full and fair expression of the popular will thereon.

We therefore call upon all patriotic citizens of New Mexico to go to the polls on October 7th next, and vote against the proposed partizan Constitution, to the end that all advocates of Statehood for New Mexico may without regard to present or future party affiliation unite in an honest effort to secure from Congress an Enabling Act, for the submission of a fair and just Constitution.

Remarkable Eulogy.

Chauncey M. Depew either considers that ex-President Cleveland is no longer among the possibilities of presidential candidates, or else he is convinced that he and Cleveland will be the national standard bearers in 1892, and so desires to begin in time with the pleasant amenities of the campaign. We judge this from the remarks made by Mr. Depew at a New York dinner, given at the Astor house, by John Russell Young to General Roger A. Pryor, recently elevated to the New York bench by Governor Hill. Depew and Cleveland were present, as well as General Sherman and other distinguished guests, Depew said:

"If I were asked to name the most forceful character in American life, the man who best represents the energy, the unswerving determination and the courage of the true American, the man who knows duty and it alone when public service commands it, the man who wars in war and is for peace, I would name Gen. W. T. Sherman; but if I am to name the typical American, the man who loves and believes in his country beyond everything else, the man who, determining once in what direction his duty leads, cannot be swerved from the path—the man who is doggedly persistent in what he believes to be right—the man who thinks not of self, but of his country and its needs, I would name Grover Cleveland. What he has accomplished is the very highest attribute to the possibilities of American citizenship. A country lawyer in the city of Buffalo, he shed luster upon the high profession which he had chosen. As the mayor of his native city he presented as his record a clean and economical administration. Coming into the highest position in the land without previous experience and with scarcely a precedent to guide him in the conditions which surrounded him, he won the affection of his party and commanded the respect and admiration of his opponents. I find myself in one of the proudest positions of my life in being permitted to present to you Grover Cleveland as the typical American."

No democrat could have said more, many would not have said as much. Mr. Cleveland replied, "If what has been said of me is true, I occupy a prouder position than I ever dreamed of occupying."

The scene around the New York custom house on the night before the McKinly tariff bill went into effect are said to have been unparalleled for excitement among merchants who had got out of the point of arriving by steamer, but too late to be entered before the custom house closed. But at the last moment the complaisant secretary of the treasury ordered the custom house kept open until midnight so that incoming steamers might enter their cargoes and save the great importers money. Now, if the higher tariff is good for the people, why were Wall street merchants favored at the expense of merchants in other parts of the country? The receipts for the day up to 3 p. m. were $1,154,583,46 and for the past week $7,045,000. The average receipes per day at the custom house are about $500,000 or say $3,000,000 per week. Immense amounts of merchandise were entered between 3:30 p. m. and 4 o'clock midnight, and over $1,000,000 was lost to those whose vessel arrived a little after midnight. Will those whose time of entry was extended sell their goods at old rates? Oh, no! Will they not therefore put these millions saved into their own pockets? Certainly. Will not the people who buy have have to pay the enhanced profit? Yes. Did not the secretary of the treasury therefore unjustly discriminate in extending the time to Wall street merchants? And by what authority.—Stock Grower.

AN OLD SORE HEALED.

I had a painful, annoying sore on my leg, near the knee, that troubled me for over two years. I tried various remedies, but the sore, instead of healing up, continued to grow larger, and to cause me more pain until I began to look for a crutch. Through the advice of a friend, who was cured of a similar trouble, I took S.S.S., and in a few weeks was cured entirely. The sore healed up, and there is not even a scar left to mark the place.

MR. LEE. "Well perhaps I'll subscribe and for a specimen Copy; for, if it is anything like what you say it is, it will please and instruct the whole family."

MRS. LEE. "I see that W. Jennings Demorest, the publisher, 15 East 14th Street, New York, is offering to send a Specimen Copy for 10 cents, so we can't lose anything, as each number contains a 'Pattern Order' entitling the holder to any Pattern she may choose, and in any size, which alone makes each copy worth 25 cents; and I just want a jacket pattern like Mrs. Allen's. The subscription price is only $2.00 a year, and I must say I can't see how they can publish so elegant a Magazine for so little money."
