ENTERTAINMENT MAPPED FOR 'QUEEN FOR DAY' HERE NEXT WEEK-END

Ruidoso will play host to a "Queen for a Day," picked on a nationwide broadcasting system's radio program, next week-end.

The queen to be honored will be picked next Tuesday morning, June 17, 9:30 a. m., and local residents may hear the program on which she is chosen on any Mutual Network broadcast. In this area, Roswell's KGFL is a Mutual affiliate and may be found on your dial at 1400 kilocycles. El Paso's KSET is also a Mutual station, and is at 1340 kilocycles. The program is broadcast on radio by Jack Bailey of Hollywood. A film of the program will be made and screened on Mutual system's television stations the following day. On that day, pictures of Ruidoso will be shown to millions of televiewers.

The Queen for a Day is being sent here following an invitation written Jack Bailey by S. K. Kuykendall, owner of Vaughnland cabins, where the Queen and a guest of her choosing will stay three or four days. When Kuykendall announced that the publicity stunt was available to Ruidoso, numerous merchants here offered assistance in entertaining the lady and her guest.

Following selection of the queen, she is to fly into El Paso aboard a commercial airliner, arriving in the Sun City at 12:30 noon, Thursday, June 19. She will be met there by Ralph Brown of Brown Air service, and Kuykendall, and flown to this city. A big reception is hoped for for her as she lands at Ruidoso airport at about 2:30 next Thursday. Brown will have two planes meeting her, the extra ship for her luggage, he said.

In Ruidoso, one of the main items of honor for her will be as guest at the opening of the Ruidoso racing season Saturday next week. She will have a box seat all her own, and will be introduced to the crowd there.

Her itinerary for her visit here will include meals and cocktails at Furry's restaurant, Buckaroo lounge, Navajo Lodge, Cree Meadows country club, Nob Hill restaurant, Noisy Water Lodge, Spanish Nook cafe, Western cafe—and visits to various scenic spots. She will be offered tours of the Old Mill, Mon Jeau lookout tower, Wheeler's museum, attending the races, and other attractions.

Assisting Kuykendall in standing the cost of her transportation, meals and entertainment while here have been McCoy Variety, Warren Tucker, Roy Anderson, Joe Hawkins, Odell Spears, Ruidoso News, M. H. Thorn, Dr. W. D. Horton, Ezell Clarke, Ralph Brown, the Lions club, Furry's cafe;

Roy's Riding Stables, Nob Hill restaurant, Paul Douglass, Noisy Water Lodge, Spanish Nook, the Western cafe, Luther Bynum and Nolon Hart. The chamber of commerce also is assisting in arranging for her entertainment while in the city.

Ruidoso and Vaughnland are expected to receive thousands of dollars worth of free publicity through the unique program, Kuykendall said. Several firms here have already offered to contribute gifts for the queen on her visit to this city.

½ and ½ WIT & WISDOM —By Vix—

This week's paper marks the last issue in volume six of the Ruidoso News, meaning it's No. 52 (the final) in its sixth year. Next week we begin volume VII. The L. P. Bloodworths established the News May 16, 1946—one month and six years ago, but somewhere along the line some printer failed to put a successive number in about four of our issues—which brings our end of year issues a month behind. Our birthday was a month ago, we're trying to say—but we begin a new volume year next week—izzat straight? Confuses us, too. (Maybe somebody missed four issues in the early history of the News—that could have got us off a month.) Anywhere, we're not going to worry any more about it. Still puzzling, tho.

* * *

Boy, oh boy, things are going into high gear here now. Remember the front page of the Ruidoso News on Feb. 1? On that day we printed pictures of about a dozen construction projects under way, with a long news story telling of some 25 building jobs, including residences, new business buildings, remodeling work, etc., which reflected Ruidoso's growth in this, its biggest year.

Well, that could be repeated now, with some 25 new projects under-day—and—best of all, rumors are flying up and down the canyon—some of them with good foundation, about a bank for the city, an umpty-million dollar hotel of the Western Hills type recently opened at Ft. Worth, another big one down in Gateway—and on and on, and on.

Next thing you know the Ruidoso News is going to have to lay plans for putting out a daily paper here. When the time comes, we'll be ready. It's definitely Ruidoso's greatest year!

This week's thrill: Last Sunday our eldest boy in company with Jimmy Barnes, went to the top of Baldy by horseback and afoot, and at about the time we figured they were due to be on top, we hopped in Ralph Brown's sweet little Super Cub 125 and he flew us up there. We just wished and wished we had every resident and visitor in this canyon in the plane with us as we soared to 12,000 feet and more to view one of the most magnificent sights from the air we've ever enjoyed.

The country is breathtaking when seen from high above. The millions of trees form a carpet of varying green for miles and miles, and the open meadows give it a pattern you have to see to enjoy—you can't imagine it. We saw wild game trails on the rugged side of the White mountains, along cliffs so steep no hunter could get his game out if he got his deer or bear there. We saw aspens by the millions in the higher reaches of Baldy near the timberline. We saw the Ruidoso's three forks, the north, south and middle, each one's valleys and canyons different. We saw an eagle soaring there—and we saw several beaver dams the busy little devils had constructed by gnawing down giant aspens and hauling them into place.

The view westward from up there is wonderful, the giant lava flow, then the white sands to the south, and the other mountain ranges—all were seen from a different perspective—one that magnifies their awesomeness.

On slopes near Baldy's top are some unique formations, circles of grass greener than the other grass—all the circles of different size. Down through the ages, quite a few meteorites have splattered craters in these slopes, finally filling, but leaving a sponge ring to make grass taller and greener in circles of different sizes. That's my theory of them, Ralph.

WEATHER BUREAU KYTOON IS FOUND IN RESERVATION

Sighted from the air by Ralph Brown of Brown Air service while flying a passenger to Carrizozo Sunday, a U. S. Weather Bureau kytoon (a large rubber balloon with a metal tail like a kite), was recovered from the trees in the Indian reservation recreational area Tuesday morning by Victor Dolo, Mescalero Apache, who went into the woods after it when told of Brown's discovery. The kytoon travels at very high altitude, taking wind direction, and is tracked by instruments which can follow the metal tail.

Celebration Dates Set By Apaches

Another in the series of many attractions planned to entertain the thousands of visitors in the Ruidoso area, is the annual Mescalero Apache Indian celebration, at Mescalero, July 3, 4, 5 and 6.

On those days, the famed Indian dances will be staged, with some extra entertainment set for part of the four days. On July 3 and 4 a series of baseball games will be unreeled and on July 5 and 6, the annual rodeo is to be staged.

Admission is $1 for adults and 50 cents for children to the dances. The same charge will be made in the rodeo.

The Indian dancing will feature the horn dance, eagle dance, hoop dance, butterfly dance, dogtail dance and buffalo dances, to be staged day and night.

In the rodeo, bareback bronc riding, calf roping, saddle bronc riding, wild cow milking on foot, double mugging, break-away and steer riding will be on the program.

Concession stands will be operated on the grounds.

Ralph McGuire Elected to Faculty Of Ruidoso High

Ralph McGuire, well-known to Ruidoso valley residents, has been elected to the faculty of Ruidoso High school, according to an announcement this week by Supt. J. H. Morris. McGuire will have charge of the basketball program and will assist Athletic Director Cy Leland in coaching the football team as well as the track squad.

A graduate of New Mexico Highlands university, McGuire has a bachelor's degree with a major in Physical Education. He holds the distinction of being placed on the all-conference team in basketball at three different positions—guard in 1942, and forward and center in 1947 and 1948. He was a B-24 pilot during the war years.

McGuire is married to the former Phyllis Wilcox of Dexter and they have two children, Coe and George. Mrs. McGuire is a niece of Mrs. Wilbur Coe of Ruidoso valley. They have been residents of this area until six months ago, when McGuire resigned as president of the school board and moved to Roswell, where he was employed by the Gulf Oil company in Eastern New Mexico.

He attended Las Vegas High school, where he was an all-state end in football and all-district center in basketball. In making the announcement for the Board of Education, Supt. Morris said, "We are quite fortunate in being able to obtain the services of a man of the ability and character of Ralph McGuire for our school system."

OUTSTANDING MEMBERS OF HONOR SOCIETY FROM HERE LISTED

Las Cruces Alumnae chapter of Zeta Tau Alpha, lists these three area residents as "outstanding members" of Beta Nu Chapter of that society in a news release received by the News: Mrs. T. A. Bonnell, Miss Bessie Hale and Mrs. Walter Williams, nee Kathy Hale.

SKYRIDE'S 'DEADMAN' WEIGHS OVER 30 TONS

Last Sunday afternoon Bill Hart completed the pouring of over 30 tons of concrete on top of Moon mountain. This anchor will hold the cables at the top of the two-mile ride that is being installed at Ruidoso for the entertainment of visitors. The project is owned by Ruidoso Enterprises, Inc. Carmon Phillips, commenting on the huge hunk of concrete said, "Why you could have put a truck in the hole with room left over for my Crosley—certainly is a shame to put all that steel and cement in a hole and then cover it up."

Additional equipment has arrived. Two of the towers that will go in between the two terminals and support the cable are all bolted together and ready to be put in place. All of the upper terminal has been hauled to the top of Moon mountain and installation of this point should be completed by the middle of next week. Gustav Bruns and a crew of men have been cleaning the seats, dollies, gears and track readying them for painting.

"Folks have been telling us," said Carl DeBord, "that we can't make it by July first. We're still holding to that deadline and we'll make it too—especially if the crew at Magdalena can come over and help complete the installation. Carl Deckert is taking the skyride down and has promised to do everything possible to come over and help with the completion over here. If our luck holds and if Deckert doesn't back out on us we'll make it by then."

Temporary prices of 75c for children under twelve and $1.50 for adults have been set for the ride. These prices are far below the charge for similar rides over the states. Commenting on the price Phillips, secretary of the company, said, "We think these are the prices that will be charged. Similar rides get upward to $3.50. Golly—the wa ythings are now it costs 40c just to ride a merry-go-round for three minutes. We feel almost certain that the price will not be more than that and if we can find a way to lower it any you can rest assured we will do it. I believe, however, that after anyone has taken the ride they will feel that they more than got their money's worth."

The Corporation placed an order this week for two telescopes to go on top of Moon mountain. These telescopes are 36 power and are just the same as the one now located at the Old Mill. They are expected to be installed for opening day. With the aid of the telescopes folks will be able to see people moving around on the Mon Jeau lookout tower and will be able to tell whether a golfer is using a wood or an iron on Cree Meadows golf course, company officials said. The view from the top is magnificent, it was reported. One can see Mon Jeau, Baldy and all the mountains in the foreground. You can see all the way up the South Ruidoso, the golf course, most of the city of Ruidoso including the Palmer Gateway and a lot of Carrizo canyon. Star Hill and the Ruidoso lookout are far below. Comet Ridge, which lies back of the Ruidoso Osteopathic clinic, and the School House Government park is breathtaking.

Plans for opening day are being readied and it is expected that announcements regarding the opening will be made soon.

INSURANCE FIRM HAS DINNER HERE

Eastern New Mexico salesmen for American National Life Insurance company of Galveston, Tex., whose district office is in Roswell, enjoyed a dinner at Navajo Lodge last Friday evening, a prize they won for being top district in sales early this year. In charge of the meeting was Charles Johnson, district manager at Roswell. Johnson said about 30 salesmen with their families, about 50 persons in all, attended the supper from Roswell, Artesia, Carlsbad and Hobbs.

HIGHWAY EASEMENTS MUST BE SIGNED UP

Ruidoso's chance to wipe out a serious traffic hazard and to lay the groundwork for greater growth is in her hands today.

This week, legal papers for securing right-of-way easement for straightening, leveling and widening our main highway street were received by Mayor W. D. Ratliff. They were sent here after three succesive trips to the state capital by our representative, L. S. "Heavy" Drake—and now they must be signed by property owners along whose land the route goes.

Some of the property owners involved have stepped forth and very generously given the footage necessary to complete this project hurriedly. With the future of Ruidoso in their mind—they did a very unselfish thing—but one which will, in the long run, increase the value of their property with the improvements that we will secure.

Others are holding back wanting money for their easements. In some few hardship cases, this is proper and right—and their reasonable demands must be met. We hope there are none who will kill this project just because of selfish and unreasonable demands for money. After all, their footage can be secured through the courts, so it will speed the project to offer asements either free or for only a small sum.

Keep uppermost in your mind this thought—that correcting the serious road curves in our highway street will SAVE LIVES, and will contribute greatly to the growth and expansion of Ruidoso.

The easements must be completed within 86 days from this date, or the fund allocated to make these fine improvements will be lost to Ruidoso. This is a job that must be done quickly.

THOUSANDS EXPECTED FOR OPENING OF RACES

Thousands of visitors are expected in the Ruidoso area next week-end with opening of the biggest racing season yet by Ruidoso Racing association in Hollywood park. Stanley Cochran, manager at the track, said this week some 500 thoroughbreds and quarter horses are stabled at the track, many of them having been here for several weeks, getting ready for the big season.

New equipment at the track includes an electric starter gate, and many improvements in the stands and quarters are completed. First day of racing will be on Saturday, June 21, with the seventh annual quarter horse futurity trial runs as the main attraction. Pari-mutuel wagering is legal at the Hollywood track, an attraction that draws horse race fans from a three-state area.

The races this year will last through Sept. 1, with 25 days of racing. Ten or more races daily are on the card. Races will be run on week-ends.

Six New Members Are Secured In C.C. Drive

Six new 1952-53 memberships have been received in the annual drive by the Ruidoso Chamber of Commerce this week, including Ben Roy, Clarke's Insurance Agency, The Adobe, Arrowhead Curios, Carmon Phillips, Photographer, and Elton Ellis of Roswell, New Mexico. Total number of new members now stands at 61, one hundred less than 1951-52.

A majority of the memberships expected have been promised in July to complete the proposed budget, set at $6,000.00 for the new fiscal year. If this goal is attained, one-half of the budget, or $3,000.00, will be allocated to committee project funds, enabling the various committees to activate the program of work outlined from reports of surveys mailed to the general membership last month.

Much is expected of the Chamber of Commerce as Ruidoso grows and develops, and much can be accomplished with a fully paid budget by the 15th of August, as planned. Several committee projects are underway, and many will be initiated in the late summer and early fall.

Business memberships are set at $30.00 and in multiples thereof. Associate memberships are $15.00 and in multiples thereof. Those who have not been contacted for 1952-53 membership by a member of this committee, may send checks to the Chamber of Commerce office, and receipts, membership cards and stickers will be forwarded by return mail.

Work Begins On 'Back Nine' At Cree Meadows

Earth moving machines started last week leveling and grading sites for tees and greens for an additional nine holes at Cree Meadows country club, a dream of the operators, Mr. and Mrs. Joe Palmer, since the course was established.

They announced last week-end that the "back" nine would be ready for play this summer, even though temporary greens would have to be used. By next summer, the entire 18 holes will be in perfect shape. Addition of the back nine will put the local course in a class with every fine golf course in the nation and should set the stage for some big tournaments, drawing big name golfers, within a few years, it is believed.

Boots Anderson Open Engagement At Buckaroo

The popular Boots Anderson, who features sweet and popular music, and who has entertained customers at The Buckaroo Cocktail lounge the last four years, opens her fifth season at that same night spot on Saturday, June 21.

In the winter months, Boots entertains at the Peacock in Albuquerque, returning here each summer.

She plays the piano and organ, and is one of the few entertainers who can play two solovoxes at the same time.

OPEN DAIRY-KEEN STORE HERE

Featuring malts, milk shakes, orange drink, sundaes and Dairy-Keen cones, Eugene J. Fox and Randall C. Ryde of the faculty of N. M. M. I., Roswell, have opened a Dairy-Keen store in the building formerly occupied by Byron Autry's Ruidoso Printing Co., near Brunell's Dep't. store here.

Mr. and Mrs. Wallace Alexander of Carlsbad have purchased the Earl Wright home in Brady canyon, reports Walt Crosby, real estate man here. The house has three bedrooms and is located near Thunderbird Lodge.

Tournament Dates Set For Golfers

Cree Meadows annual invitational golf tournaments, for men and women, have been dated for late in July and early August, according to Mr. and Mrs. Joe Palmer, operators of the famed country club.

The ladies' third annual contest opens on July 28 to run through July 31. On that day, the fifth annual men's tournament opens, to run through Aug. 3. A free barbecue is planned for the opening days and the ever popular calcutta pool will be set up on both opening days, the Palmers announced.

Jo Boswell of Roswell will be defending champion in the women's tournament, and old dependable Clyde Blackwell, also of Roswell, who has copped the title several times, will be on hand to defend his 1951 victory.

Demos To Meet Next Tuesday At Green Tree

A meeting of all Democrats in precinct number 10 has been announced for Tuesday, June 17, in the Green Tree fire hall at 6:30 o'clock in the evening.

Purpose of the meeting will be to elect a precinct chairman and chairwoman; and also to elect nine delegates to the county Democratic convention to be held in the American Legion Hall at Capitan at 8 o'clock on June 21.

Precinct 10 includes that part of the Ruidoso Valley beginning at the Wilbur Coe ranch and extending up through the communities of Glencoe and Green Tree to approximately the location of the home of Brother Miller, at Hollywood.

Present democratic precinct chairman of precinct 10 is Dan Storm of Glencoe; chairwoman is Mrs. Jesse Harris of Green Tree.

R. C. Nunez, Lincoln county Democratic chairman, has emphasized that this is an important year to the Democratic party, and urged all democrats to attend the precinct and county meetings.

Nunez reminded Lincoln county members of the Democratic Party not to forget the Democratic dinner to be held at Pearl's cafe in Capitan at 7:00 o'clock the evening of June 21.

41 Are Here From Girls' Town

A group of 41 girls and sponsors from Girls' Town at White Face, Texas, are visiting in Ruidoso for their second year. The girls, ranging in age from 15 months to 17 years, stayed in Turner's cabins in Ruidoso.

In charge of the delegation was Mrs. Eva Horne and Mrs. McDaniels. The group arrived here last Monday and was expected to leave sometime Saturday morning. While they were here they went to the shows, skating and bowling free of charge, thanks to the many kind merchants of Ruidoso. The girls and their sponsors were very pleased with the hospitality of the people in and around Ruidoso, they declared.

Girls' Town was founded by Miss Amelia Anthony.

Mrs. Pearl Carter Heads New Ruidoso Firm

Ruidoso Enterprises, Inc., held its first official meeting last Sunday evening at the Navajo Lodge and bought 278 acres of land from the White Mountain Development company and in a surprise move named Mrs. Carter as president of the organization. The organization is building the giant sky-ride here.

Mrs. Carter, it was reported, has long had a desire to help promote Ruidoso into the finest resort town in the west and felt that this move was in that direction.

Reporting on the meeting Mrs. Carter said, "The land we bought from the White Mountain Development company comprises all of Cedar creek from back of Cree Meadows club house all the way down to where Cedar creek enters the Palmer Gateway. We're going to make it and Moon mountain into one of the finest spots in the southwest. We have plans to landscape the top of Moon mountain for picnickers and sightseers. This entire area would have been logged out shortly if we had not bought it. We didn't want that to happen. Those trees are worth much more tourist-wise than they are cut down and made into houses."

Mr. and Mrs. Carter own Carters 40 Acre Lodge and Indian Trading post in Ruidoso.

TRI-STATE HIWAY 70 MEETING SET HERE MONDAY, JUNE 23

Ezell Clarke, president of the New Mexico U. S. Highway 70 association, this week said plans were shaping up for a fine program of work and entertainment for the Tri-State Hiway 70 association officers conference here on Monday, June 23. A turkey banquet, an address by a well-known speaker and a round-table discussion are among items on the agenda.

In town this week to aid in planning the program was Johnny Perkins of Wickenburg, Ariz., organizer for the Association.

ANNUAL C. C. BANQUET SLATED MONDAY NIGHT

Ruidoso Chamber of Commerce annual banquet, at which projects for the new year will be outlined, a report of the past year's activities will be heard, and a financial report will be given, is set for Monday night at 7:30 p. m. in Navajo Lodge here.

Master of ceremonies for the evening will be Vice President Joe Hawkins. New officers and board members for the 1952-53 year will be introduced, dinner music will be enjoyed, and other entertainment will be offered.

Claude Simpson, manager of Roswell Chamber of Commerce, will be principal speaker of the evening. He is expected to bring a message of interest to all civic-minded citizens.

Tickets for the banquet at $2 per plate may be secured at the Chamber of Commerce office, at the Navajo Lodge or from directors of the organization.

Chamber of Commerce officers and members from several neighboring cities are expected as special guests at the meeting.

Mrs. Elmo Barnes, manager of the local chamber of commerce, said at least 125 persons are expected to attend the fete.

CLAUDE SIMPSON

S. K. Kuykendall New President Of C. of C.

Directors of Ruidoso Chamber of Commerce, meeting Monday night, unanimously elected S. K. Kuykendall president of the Chamber of Commerce for the 1952-53 year. He was named head of the civic group when Vic Lamb, previously elected, told the board he could not take the position.

Kuykendall is operator of Vaughnland cabins here, and will have in the executive family of the C. of C. four other persons interested in operating tourist accommodations here.

He called on board members and the membership, also, to assist in what he felt would be the chamber of commerce's biggest year of service, in view of the community's rapid expansion that appears imminent.

Other officers of the chamber of commerce are Joe Hawkins, vice-president, re-elected to that post for another year, and Luther Bynum, treasurer, named to that post when Kuykendall was elevated from treasurer to prexy.

The C. of C. is currently engaged in a membership drive which will be concluded in August. The new officers take over the reins of the organization in July.

Funeral Is Held In San Francisco For George Trimm

Funeral services were held in San Francisco Thursday for George C. Timm, 74, who came to Ruidoso a year ago to make his home. He passed away last Saturday in the hospital here. He had been ill about six months.

Survivors include the widow and an only child, Mrs. Joe Hawkins, and two grandchildren, Timmie and Joanna Hawkins. The Joe Hawkins family accompanied Mrs. Timm to San Francisco Monday for the final rites to be held in the Golden Gate City, his home for many years.

STATE GINNERS TO MEET HERE

Members of the New Mexico Cotton Ginners association are to meet here in convention Monday at Navajo Lodge. Carl DeBord, owner of the lodge, said approximately 40 people will be in attendance at a luncheon at noon. Registration will begin early Monday morning, with Mrs. Elmo Barnes, manager of the Ruidoso Chamber of Commerce, at the desk.

RESERVATION REPRESENTED AT MEETING

Mescalero Apache Indian reservation was represented in the recent New Mexico Cattle Growers' association meeting in Portales, held June 6 and 7. Attending from Mescalero were: Fred Pellman, Asa Deklugie, Art Blazer, manager of the registered herd; Eric Tortilla, Isaac Kahzo, William Magoosh and Kenneth Zirker.

First day was a registration and a general business meeting at which Dr. Snyder gave a very informing talk and discussion on two recent outbreaks of anthrax in New Mexico, the latest outbreak being in Roosevelt county.

He emphasized vaccination in and around contaminated areas, and asked that all cattle men keep a close watch on their cattle, and report immediately any unnatural actions of cattle such as stiffness, paralysis, or sudden death. Delay in treatment may mean death of the entire herd, and infested grounds for many years.

Executive secretary, F. E. Mollin, discussed several topics—Beef control was taken off in March, but so far has helped the producer very little because beef is now in a class with champagne and very few people are eating the choice cuts as they are eating the cheaper cuts with fancy names.

He pointed out the precautions that should be taken to prevent any further spread of the foot and mouth disease that recently occurred in Canada.

He emphasized the importance of meat inspection and forest improvement, suggesting that all cattlemen running on the forest land get together with the forest department and work out a program for forest and cattle improvement.

He also advocated brucellosis control, but didn't want to see it become mandatory for everyone to test and vaccinate.

Jim Mitchell, manager of producers Livestock Marketing association, San Antonio, Tex., discussed the trends of cattle in the United States. He seemed to think there would be less cattle in 1952 than the 83 million shown for 1951. He recommended that any one feeding out fat animals should be careful this year, and that the price would depend on the winter, the weather, Washington and the whims of Joe Stalin.

The next quarterly meeting was set for September in Silver City, New Mexico.

A well arranged tour was conducted Saturday afternoon, emphasizing planted pastures. The following grasses and clovers were advocated where water is available: brome, orchard and the fescue grasses, ladino and madrid clovers. For dry areas, weeping love grass was advised.

LINCOLN TOWN IS SITE FOR 'OLD TIMERS DAY' ON SUNDAY, JUNE 15

Old Lincoln Town, home of several fine museums, is again the site for the annual Old Timers' Day, to be held this year on Sunday, June 15, opening at 10 a. m. A full day's program is planned, with a wide variety of entertainment listed by officials of the Lincoln County Historical society, sponsors of the affair.

Wilbur F. Coe, Glencoe, is president of the society. Other officers include Dan Brenton, Carrizozo, secretary; and Mrs. Ruth Martin, Lincoln, treasurer.

Program for the day will include music by Hondo High school band; Lincoln schools' string band; square dancing by groups from Ruidoso, Ft. Stanton, Hondo, and Roswell; fiesta dancers from Hondo High school, songs by Angela Gonzales, Glencoe; and an address by Gov. Edwin L. Mechem.

Authentic Indian dances by Jimmy and Terry McNatt of Mescalero; cowboy songs by Composer Bruce Griffith of Green Tree and an old fiddlers' contest is also carded. L. P. Bloodworth of Ruidoso and Albuquerque will be master of ceremonies.

All who attend are invited to bring a basket lunch and eat under the trees at Lincoln. There will be hot dog stands and soft drinks for sale on the grounds. There'll be free coffee for everyone, served from a big pot, promises Coe.

Old Timers from the eight counties that once formed the giant old Lincoln county are expected to be on hand for the big day.

Following the Old Timers Day, the Lincoln Historical society also will sponsor the widely known "A Day in Old Lincoln" pageant to be staged this year at Lincoln town on August 17 at 8 p. m. In the past the two events were held on the same day.

Coe said it was hoped an amphitheatre, to be built in a natural bowl in the hills back of the old courthouse museum, will be ready for the pageant in August. The bowl, when completed, may be used for other public programs in the future, Coe said.

TEXAS SCHOOL GROUP CAMPS IN CANYON

A group of 84 Brahmans from Flour Bluff, Texas, were in the canyon a few days last week. The group, which hails from near Corpus Christi, had their mothers along as sponsors. They camped out at School House Camp Grounds.

MESCALERO

(By Mrs. Reino Sarlin)

The sum of $5,000 has been set up by the Mescalero Business committee for improvements to the corral and rodeo grounds and to the feast grounds. Work is under way with Rufus Sago in charge, assisted by Anthony Treas, William Cansler, Roscoe Tortilla, Fred Shanta, Ed Morgan, Paul Choneska, and Nelson Kaydahzinnie. Because of the amount of work necessary on the rodeo grounds, desired work on the feast grounds will have to be delayed in part until next year.

Mrs. Lonnie Hardin underwent an emergency appendectomy Sunday evening at the hospital in Alamogordo. Last reports are that she is now doing nicely.

The transfer of Albert La Rose to the San Carlos Agency in Arizona is official. He expects to leave here June 23, although Mary plans to stay on through the week of the feast to help out at the store.

Mr. and Mrs. Ray Quast were in El Paso Tuesday to see their recent house guests board the plane for their home in Washington, D. C.

Marshall Woodward and Reino Sarlin attended the Lions club state convention in Roswell Sunday as official delegates of the Ruidoso chapter. Except for the unaccustomed heat, they enjoyed the events of the day, which included midget auto races, barbecue and stunt night.

The Juan Baldonado family is vacationing this week. They planned to see Denver, get in some fishing, and to visit at the Spradleys' Tres Piedras ranch on their way back.

A baby was born to Mr. and Mrs. Stewart Belin Sunday, June 8, at the hospital in Alamogordo.

Red Brown, KROD, El Paso, will be the official announcer at the Mescalero Rodeo July 5 and 6, according to the feast committee.

Daily Vacation Bible school will begin at the Reformed Church mission in Mescalero June 16. Sisters' School at St. Joseph Mission here began Monday of this week.

Miss Dolly Jane Yazzh is on duty at the telephone switchboard after regular office hours and on week ends during fire season. Incidentally, no fires since the report last week.

State Crafts Show Dated For July At Las Vegas

This year the Statewide Crafts show will be presented in Las Vegas for the first time by the Las Vegas Fine Arts committee. The exhibitors will include craftsmen from all parts of New Mexico, who work in the field of metalcraft, jewelry, ceramics, lapidary, leathercraft, weaving and woodcarving. Because the sponsors wish to maintain the "open-door" policy for the exhibition, every New Mexico craftsman may enter the show. Entry blanks are available from all chambers of commerce offices over the state, listing regulations and dates.

The crafts show has been an annual event in New Mexico for the past three years, beginning under the sponsorship of the New Mexico Alliance for the Arts with exhibits held in Santa Fe. This year the exhibit is to be presented in Las Vegas for the first time in the Gallery of Arts and Crafts of New Mexico Highlands university.

Exhibitions will open with a reception on Sunday, July 13, and will be on view through August 3 to afford visitors to the Cowboy's Reunion an opportunity of seeing the craft work.

Additional information may be obtained from the Fine Arts Committee, 235 Moreno, Las Vegas, N. M.

State Aid Given 24 Disabled In County

Santa Fe (Spl)—Aid to the disabled in Ruidoso and Lincoln county is being received by 24 persons in 21 families, Alva A. Simpson, Jr., state director of the Department of Public Welfare, reported.

The total monthly cost of such assistance, Simpson said, is currently $895, which is an average of $42.62 a family or $37.29 per person. The amount of payment, the welfare head pointed out, varies according to individual need.

Assistance is granted, Simpson said, to any needy person 18 years old or older who is permanently and totally disabled and is not receiving old age assistance, aid to dependent children, or aid to the needy blind. Disability is determined by a complete physical examination.

Other eligibility requirements indicated by the welfare director are that the disabled person be a resident of New Mexico for one year, must not have made—in order to render himself eligible for assistance—an assignment or transfer of property, must be without cash or other resource, and must not be under institutional treatment for psychosis or tuberculosis.

The federal government pays 60 percent of aid to the disabled, Simpson explained. The state contributes the remaining 40 percent.

Further information as to eligibility requirements, the welfare director said, may be obtained from Mrs. Eileen O. Whittaker, county director, court house, Carrizozo.

P. S. You lucky people living up there in an enchanted land, and do not know it. How can the load you carry be heavy when those trails leading to Old Baldy are out of the shadows toward light—light is love, and darkness is behind you! K. E.
