Of all things! That fellow Carmon Phillips must have eight hands like an octopus! These are the businesses he operates: 1. Portrait studio and film developing and finishing; 2. Postcard dealer; 3. Magazine publisher; 4. Manager of a dance band—the Mellotones; 5. Stockholder in Ruidoso Enterprises, which developed Paradise Canyon, the Sky Ride, etc.; 6. Operator of a philosophical library, which receives mail orders from all the 48 states and around the world, too; 7. Operator of the Old Mill Trading Post which handles a wide variety of novelties, souvenirs, moccasins, jewelry items, etc., etc.; 8. Dealer for tape recorders in a wide price range; 9. Manufacturer of perfumes; 10. Does painting, sketching and wood carving as a hobby—but that's not all. Added to all those, he now has come up with a full line of Christmas items—including toys, beautiful lamps of all kinds and kindred items! Of all things! . . .

Movers are already at work hauling some of the houses located along U. S. Highway 70 in Hollywood and Green Tree to new locations, out of the right-of-way for the new, widened route now under construction. . . . Under construction on the hill south of Palmer Gateway is a new residence for the Quick family—which commands a terrific view of all that area. . . .

Samuel and Frieda Hiatt have received several inquiries from National Geographic magazine about a story they have proposed about the Mescalero Apache Indian reservation. Latest letter from the world-famous magazine asks them to send 100 photographs for the editors to scan. There has never been a story in National Geographic about the Apaches, the Hiatts said they have been informed. . . .

Mrs. Billie Clarke tells us since publication of news funds were wanted to erect a wrought iron cemetery name sign for Forest Park Cemetery here, about $75 in contributions have been turned in to her, which is more than a fourth of the cost. . . .

Neighbors of the Charles Simis family (the last name is spelled the same backwards or forwards) were startled to see colored icycles hanging from the roof of their house last week-end. Mrs. Simis says it's a trade secret how it is done. They were flaunting red, green and blue ones along with crystal clear icycles, too. The Simises live near the Billie Clarke residence. . . .

When Notre Dame snapped Oklahoma's 47-game win streak with that stunning 7-0 upset, friends of Bob Dodson of Roswell, former Ruidoso resident, sent him a "get well" card in all sympathy, along with a sport page headline they clipped from a newspaper reporting the sad news. Bob is a former Okie. . . .

Warren Tucker says he does not think he will be an applicant for the postmaster vacancy here since Jack Hull is retiring Dec. 31. Tucker said he had considered it about a year ago when he first heard Hull might retire, but he's not interested now, even though some friends have been urging him. . . .

Winner of the $25 gift certificate at Lorene's Style Shop, given by the new owner, Wanda Hiatt, in a formal opening observance last week-end, was Mrs. Vic Lamb. . . . Lincoln County State Senator J. G. Moore made his first public appearance since his recent heart attack at the Capitan filter plant dedication program Sunday. He said his doctors have told him he must take life pretty easy for a spell, working only half an hour a day for a long time, and then, finally, he can work part of half a day if he shows enough improvement. Glad to see you up and about again, J. G., really. . . .

Walter Schneider of Santa Claus Ranch, Inc., says he is to be joined with a stock salesman of Chicago to make a tour of Texas during and after the Christmas season to push the sale of $250,000 stock in the enterprise. . . . Tom Holbert made a good subject for an action picture ice skating early Monday on the Lindenwood pond beyond Alto on State Road 37. . . . Ronnie Garner has been getting all kinds of compliments on his display of arrowheads and Indian pottery now on view in the display case in the entrance hall at Nob Hill School. Not only is his collection one boasting a wide variety of artifacts, but it is arranged and displayed very cleverly. . . . Notice Lee Wimberly and son, James, unloading Christmas trees by the hundreds at their Hollywood residence, getting ready for the wholesale business in this line. Also noted some already cut and up for sale down at Green Tree. . . . We've noticed that this year our stores offer more and better Christmas items than ever before. Four stores especially have added stocks they haven't had before, including Bonnell Hdwe. & Building Supplies, Buckner's and Gordon Ulyatt's Ruidoso Variety, where, Gordon says, he's loaded this year with lots of those little toy items at 5c, 10c and 15c to help out in giving every little kiddo a toy in a class party or some similar event. . . .

* * *

Some of the folks operating stores here who offer gift wrap services for holiday or any other occasion have asked us to mention that now that the extra busy season is approaching in this line that folks might be a bit more thoughtful about giving the store operators more time to gift wrap items. "We have had customers ask us to gift wrap and wrap for mailing an item in a matter of minutes while other customers were waiting for us to serve them," one store owner said. Just a little thought ahead of time can relieve this problem, they suggest.

A couple of newspaper clippings handed us recently tell about some folks several Ruidosoans know. One, from the Deming Graphic, has a photo and a long story about Joe Deckert, 26-year-old rifleman, who has earned about 130 medals in ten years of target shooting at matches throughout the Southwest. He's been in the Ruidoso matches frequently, and always goes home with some honors. He won the George Trimble trophy as Coronado Match victor this year here. . . . The other clipping, from Courier-Journal of Louisville, Ky., has a photo and long story about Freddie Sheppard, Roswell, N. M., who is a "bug boy" at Keeneland Race Track near Louisville. The story quotes trainer Gerald Bless, also well known to Ruidoso Downs fans, as saying: "I could have started Sheppard riding, as he's already 16; in fact, several horsemen came to me at Ruidoso, N. M., where we were racing and wanted to use him. They'd been watching him in the mornings" . . .

* * *

Now this story is kind of one-sided for we only got the report from one party, but he declares it's true. Claud Peterson, in charge of spigots and thawing water lines here, says he figures if J. P. Bobo, Shorty King or D. E. Snyder ever get a deer, it'll be because someone else shot it for them, hauled it to town, dressed it and stuck it in their deep freeze for 'em. Here's why he feels that way. He says he escorted them on several hunting trips in the recent season, and that he can vouch for the fact they saw deer in large herds no more than 100 yards away in several places, but that all the guys ever did was knock a limb or two off a nearby tree branch—if they got their gun unlimbered in time to fire. "Why, we were even sitting at a campfire drinking coffee when one buck came up and looked over Bobo's shoulder. He never came close to getting it. Another time, a herd ran through the crowd, not by it nor around it—but through the crowd—and nobody got one. Maybe in five or six years they'll recognize a target and get some game—but I wonder."

* * *

Shades of the depression—haven't heard of this happening in many, many years. Some sneak thief raided Mamie Perry's chicken yard the other night and made off with every chicken on the place! . . . Ralph Brown reports last Sunday, being the first clear, pretty Sunday in several weeks, saw a lot of traffic in and out of the airport here. Planes came in from Albuquerque, Alamogordo, Roswell, White Sands—and one even came in from Louisiana. The couple in the Louisian plane had never been this far west and as soon as they landed they yelled for a car to rent to take them to the ski area so they could try their luck on the splints in the snow. . .

Radio, TV Service Firm Opens Here

Roy Barber has opened a new business here, offering radio, television and small appliance repair service. His shop is located at his home on First Street, and his phone number, not now listed in the directory, is 2960. Barber operated his own business in Arlington, Va., for several years prior to moving to San Angelo, Tex., where he was employed in the radio, TV and appliance service department of Sears Roebuck & Co. The Barber family moved here from San Angelo early this fall.

OCTOBER BOND SALES PUT COUNTY OVER ON YEAR'S QUOTA

S. E. Greisen, Chairman of Lincoln County's Savings Bonds Committee, anounces that residents of the County invested $23,126.45 in E and H Bonds during October.

During the first ten months of 1957, County residents invested $114,273.01 in E and H Bonds.

The County has now attained 108.11 per cent of its annual goal of $105,700.00, the chairman reports. He urges people to complete their Savings Bonds purchases before December 15, to make certain that they will be credited to this calendar year. He reminds that Savings Bonds make perfect gifts—the gifts that keep on giving. A free, beautiful gift envelope is available wherever Bonds are sold.

PREPARE FOR CONCERT—Pictured here are a few members of Ruidoso's School Band, directed by LeRoy Gooch, who have been attending early morning practice sessions in the band hall in preparation for the annual band "pop" concert set for Thursday evening, Dec. 12, in the Nob Hill School Cafeteria. First Article of a Series—

It's Christmas Tree Time Again; Everyone's Help Needed In Move To Preserve Beauty Of This Area

By FRED SWETNAM
(Ruidoso U. S. F. S. Ranger)

As we are again in the "Christmas Tree season," the editor of the Ruidoso News has graciously consented to print a series of articles, explaining Forest Service policy on cutting Christmas trees in the Ruidoso area. The policy outlined in this first article and the following ones lists only the procedure being applied at the present time on the Ruidoso Ranger District of the Lincoln National Forest. As the other Ranger Districts on the Lincoln National Forest face different situations in regard to the harvesting and demand for Christmas trees, they in turn are applying different cutting policies.

The Ruidoso Ranger District has a total gross acreage of approximately 200,000 acres. However, within the National Forest boundaries are several thousand acres of private and New Mexico State lands. Thus we have existing in the area a "checker-board" pattern of land ownership. Many people arrive in the Ruidoso area, look out over the timbered hills and assume that all they see in land area is National Forest land. Much of the acreage surrounding the village limits of Ruidoso is State or privately owned. For example, in Township 11 South, Range 13 East, we have approximately the following breakdown on land acreages:

	approx. acres
Land in private ownership	8,480
New Mexico State lands	1,560
National Forest lands	13,000
Total	23,040

The land listed immediately above is roughly that area lying between the north boundary of the Mescalero Apache Indian Reservation and Eagle Creek on the north side. From west to east it is also the area between the Indian Reservation on the west and Gavilan Canyon on the east. This is an area that has been used for harvesting of Christmas trees for approximately 50 years, or since the establishment of the National Forest in 1906. Each year has seen an increase in demand for trees within the area as population pressures increased both within the immediate area and from surrounding outside areas. It is obvious that within the past few years the demand locally for Christmas trees has far outstripped the local supply in this immediate area. A frank statement of the situation is that we are faced with a choice between preserving "scenic recreation values" or the harvesting of Christmas trees. Without "Scenic recreation values" the future of Ruidoso would be limited. As previously stated the National Forest lands in the Ruidoso area are intermingled with State and private lands. Unfortunately, these National Forest lands have been cut-over the heaviest of all for Christmas trees over the years. Some of the cutting was under permit, but far too much was theft on a commercial scale and theft on an individual basis. The readily accessible National Forest stands in the area are now badly depleted of the younger trees of Christmas tree sizes. As a result of this situation the Forest Service in recent years has taken a firm stand on the regulation of Christmas tree cutting in the area. Public education on the matter has followed in the form of numerous talks to local civic groups and organizations such as the Lion's Club, Rotary Club, Chamber of Commerce, Women's Clubs, VFPace Council and the various church groups. The Ruidoso News has printed many articles outlining the situation, and generally has supported the recent Forest Service policy on Christmas tree cutting in this area. The civic groups have also been quite helpful on promoting the use and sale of Pinon trees as a substitute for the species which have been seriously depleted over the years. The Forest Service expresses great appreciation for the public support it has received in its attempt to direct Christmas tree harvesting to another specie of tree. This tree is the Pinon. As has been explained before, the Pinon grows in rocky grassland areas where it is an invader. It has lower scenic values, no timber value, and its cutting is not detrimental to the other values of the area in which it grows. In fact the cutting of a sufficient quantity of Pinon trees in grassland areas is highly beneficial to the stands of grass which furnish much forage for local livestock. Also where it is an invader, the Pinon assumes very good shape and proportion for Christmas tree use. The Pinon also gives off a pleasant "Pine aroma," which many people commonly associate with the atmosphere of the Christmas season. Many people raised on the western plains have never considered any other tree for use at Christmas time. In keeping with the true Christmas spirit we believe most folks will prefer to cut a specie of tree which should be removed for conservation purposes rather than cutting another specie which is in short supply and more valuable in place for scenic recreation value. As the very economic life of Ruidoso depends upon tourist recreation we believe that most of our citizens will better appreciate our Christmas tree policy after they have read and considered the series of articles on the subject which we have initiated this week.

(The series will continue next week and will take up the situation with regard to prohibition of Christmas tree cutting on the White Mountain Wild area and the Municipal watersheds in the Eagle Creek and Bonito Creek drainages. Law enforcement measures applied in recent years will also be discussed.)

RUIDOSOANS ATTEND FRED WARING CONCERT

Attending the Fred Waring program in El Paso Thursday evening from Ruidoso were: Ronnie Dodson, Dixie Capps, Darlena Jones, Jeanene and Ray Dean Carpenter and Mrs. Nannie Lou Dodson and Mrs. Bram Vanderstok. The group was met in El Paso by Nyles Lackey who is attending school there and who attended the program with them. After the program the entire group went backstage where they met Mr. Waring. He remembered Mrs. Dodson who had at one time attended the workshop and he also expressed concern over the group's returning to Ruidoso that night in the blizzard. However, they spent the night in El Paso, returning to Ruidoso Thursday at noon. They reported no snow at either Alamogordo or Tularosa, running into the snow just the other side of Mescalero.

BUILDS ADDITION

El Rancho is having a 16x32 foot addition built, with Ben Donathan & Sons in charge of construction.

The annex will include a bedroom and bath for the Gilliland family who operate the El Rancho Courts.

TEEN-AGE DANCE SCHEDULED SATURDAY

The third teen-age dance this fall sponsored by the Auxiliary of the Episcopal Church here, will be held in the American Legion Hall in downtown Ruidoso Saturday evening this week. Despite ice and snow and extreme cold last Saturday night, sponsors reported a fair attendance for the second "hop."

Thermometers Dip To New Low For November

Weatherman C. A. Culver reported here last Saturday morning that the thermometer dipped to a new low last week-end for November. The dip in temperature went to 17 degrees below zero on Nov. 22, last Friday night. Culver said his search of 13 years of weather records reveals that the only other low temperature to compare with that was on Nov. 26 in 1952 when the thermometer sagged to 11 degrees below zero.

The cold wave came after clouds dumped eight and three-quarter inches of snow here Thursday night. Snowfall was much heavier in the mountains above us. The Cedar Creek winter sports area measured snow at 12 inches from last week-end's storm.

Junior Play Delayed

Juniors of Ruidoso High School postponed their annual play, "Tumblin' Creek," from last Friday and Saturday nights, because travel was hazardous on local streets for residents here. The three-act comedy was given on Monday and Tuesday nights instead. School was not held here last Friday morning when traffic was unable to move about in the almost nine-inch snow for several hours that morning. The day lost will have to be made up before the current term ends, Pat Vallant, principal of Ruidoso junior high and elementary school, stated.

Few Skiers Here

Only about 40 ski enthusiasts used the Cedar Creek winter sports area last week-end. More than 100 sleds were counted, however, on the slopes in that region.

Green Tree Gets Covered

The community of Green Tree measured 13½ inches of snow Friday morning. It began falling there earlier than in Ruidoso and was reportedly much heavier.

Yes, we're located west on Highway 70—and after the new road is finished, we'll still be just around the corner, west on Highway 70. Easy to drive in, a nice spot to visit ANYTIME! Clayton Bennett's, the Trader.

JOINT THANKSGIVING SERVICE IS SET AT GLENCOE CHURCH

Members of Ruidoso's Holy Mount Episcopal Church were to join with members at St. Anne's, Glencoe, for Thanksgiving services at 8 a. m. Thursday morning this week there, the minister, the Rev Charles W. Dawson, has announced.

Canvass Is Held

The annual every member canvass of members of the local church was held Sunday with workers reporting in at 5 p. m. at the Vic Lamb residence. On the basis of first reports, the Holy Mount Church may set a budget of more than $3,000 for the calendar year of 1958, pledges and subscriptions already received indicate. An annual meeting will be held in January at which time a budget will be offered for the church membership to adopt.

DRIVE-IN THEATRE CLOSES FOR WINTER

"Thank you and see you next spring," Ed Wimberly, speaking on behalf of himself and his partner, Kenneth Newton, announced this week in reporting that the Mt. Vue Sho-Dyn Drive-In Theatre has been shut down for the balance of the winter. The scheduled double-bill for this week-end has been cancelled, he said, and announcement will be made early next year regarding the theatre's re-opening for the 1958 season.

Remember how cold it was the other morning and most people had trouble starting their cars? Those who had fine CHEVRON gas in their tanks started easily and without wear and tear on the battery. The BEST gas always costs less. You'll find it at Clayton Bennett's, west on Highway 70—no city tax.

Five Band Members To Attend U. N. M. Game; Pop Concert Date Early In December

By BENNY SULLIVAN
(Band Reporter)

Friday, Nov. 29, five junior and senior boys are planning to attend the BYU-UNM football game in Albuquerque and march in the State-wide Marching Band. The band will be made up of 140 boys from all over New Mexico and will present a half time show at the game. The boys who are going to attend are Barry Swanson, Benny Sullivan, Charles Butler, Harley Parnell and Ronnie Dodson.

The band is working hard preparing for a Pop Concert to be held about the second week in December. Modern numbers, pop numbers, rock and roll, and several vocal solos will be featured. "This went over good last year and we hope it will do the same this year," said Band Director LeRoy Gooch.

Numbers to be featured are Pretend, Hold My Hand, Prairie Jump, Rock Around the Clock, Cachuca, Samba, Blue Moon, Begin the Beguine, South Rampart Street Parade, Pastels, and Night Clouds.

There will be no admission charge at the concert, but contributions will be received at the door. Funds raised will be used to defray costs of sending the band to the Sun Carnival in El Paso at New Year's.

Death Claims Young Texas Girl Paralyzed In Fall From Cliff Here During Vacation Five Years Ago

Linda's long fight is over—she died early this month at her home in Morton, Tex.

The courageous fight of the Morton teenager to "become well again" after she suffered a broken neck in an accident at Ruidoso, attracted area-wide attention.

Linda was 10 when she fell over a cliff at Ruidoso on July 3, 1952, just minutes after arriving at the resort for a holiday.

Made Terrific Fight

Since then she had made a terrific fight to become well again and was encouraged when she improved to a point that she could move a finger and scratch her nose.

She was paralyzed from her neck down after the fall. She spent six weeks in an El Paso hospital and then was taken to her home.

Linda kept up her school work and whiled away the lonely hours reading comic books and other material. She was proud of her membership in the Campfire girls.

Had Big Plans

She had big plans for the future like "going to buy a horse and ride." She wanted to grow up and be a nurse.

Tears filled the eyes of her mother who listened intently when she talked that way. The mother on such occasions quietly slipped from the room and returned later. She was always smiling when she faced Linda.

Folks of Morton started a Linda Cole Fund and it once totaled $1,500. It was used to buy various things she needed or wanted.

Survivors include her parents and two sisters, Glenda and Brenda, all of Morton.

PROUD CAPITAN RESIDENTS DEDICATE FILTER PLANT

A proud and happy Capitan community Sunday saw realization of four years of work, planning and dreams when it officially dedicated its $16,000 filter plant, a part of the new water supply system put in use on Nov. 8. Capitan joined with Ruidoso and Ft. Stanton four years ago to form the Eagle Creek Inter-Community Water Supply Association, buying water rights and land on Eagle Creek from the Southern Pacific Railway, to develop new sources of water for the communities.

Mayor Don Murphy, on behalf of Capitan, acted as master of ceremonies as several persons made brief remarks and the Capitan School Band played two numbers at a two o'clock program. Approximately 100 persons were on hand. Refreshments of doughnuts and coffee were served from a table set up in the filter plant building, lying southwest of the Capitan school buildings.

The Rev J. M. Kerr, First Baptist Church minister of Capitan, began the program with a tribute to the men who had worked so diligently and faithfully to improve the water problem for Capitan. He said "The new water system will stand as a monument to these men of vision in our community whom you all know—and will be a means of better living for us and others who will come to our wonderful climate to enjoy it with us." He also said it was a fine time to remember our late friend, Earl Harcrow, as he was one of those who was instrumental in this promotion.

Other speakers included H. H. Holcomb, associated with W. F. Turney & Co., engineers, who assisted in bringing the improved water service to the city. He told of the investment of the community in the project—$60,000 for laying about 6½ miles of pipeline from a junction with the Eagle Creek pipeline to the filter plant, and of the filter plant installation itself. "This plant assures you of as fine and pure water as any community no matter what its size—whether it be Alamogordo, Roswell, El Paso or Albuquerque."

Fletcher Hall, village commissioner and a member of the Eagle Creek board from Capitan, spoke of how proud he was and how proud Capitan was of the accomplishment.

Frank Boyce of Alamogordo, village attorney for Capitan and attorney for the Eagle Creek association since its inception, praised generously of the Southern Pacific Railroad in making the Eagle Creek water and land available to the association at such a great saving. "We bought all this for $10,000, and the railway told us we could make the down payment of $1,000 at our convenience." Boyce named Abe Gates, Harold Jones, Fletcher Hall, Don Murphy, the late James Earl Harcrow, Dan Kusianovich and Dan Swearingin, as among those who worked faithfully and diligently to bring the dream to realization for Capitan.

Mayor Murphy said that of the more than 200 water meters installed in Capitan, that 104 were active and were receiving the new water from the new source—and he called on others to join with their fellow citizens in patronizing the water service to help pay for the improvements finally completed. He recognized Swearingin from Ruidoso who was in attendance at the program representing this community.

The program ended with a benediction by the Rev. Patrick Lopez, Catholic minister of Carrizozo.

RUIDOSO GROWTH MAGNIFIES NEED FOR CITY MANAGER

Ruidoso's continuing growth in recent years points up more than ever the need for a city manager, city officials now declare.

First suggested here two years ago by retiring Mayor Dan D. Swearingin, who urged that plans be developed as soon as possible for the employment of a city manager-engineer, the current administration agrees with Swearingin's suggestion even more so now with expanded problems in all departments.

"We have reached the point in our growth where volunteer work on the part of a mayor and four commissioners is not sufficient," one village official said last week. "Elected city officials, busy as they can be in their own individual businesses, are hard pressed to give the city's growing problems the time that is needed. Detail work the mayor must now handle has grown out of all proportion to the time a volunteer administrator in that position can be expected to give."

The present mayor, Dan Snyder, spends several hours almost every day attending to matters of city business—going to the municipal building to assist in handling many problems that arise. This takes time from his own business—and points up the sacrifice he must make for this community, through loss of personal income and loss of possible future business for himself he might not regain because he is not available when called on at his office. The mayor is not the only member of the elected city family making such sacrifices. With several meetings necessary within a week's time on many occasions on pressing city business, many of the village commissioners are suffering personal financial loss because of being absent from their own personal work.

How to finance the jump to employing a city manager-engineer has delayed this step—but members of the present village council have been discussing the possibility more and more—and within a few months—they may be able to put in motion this progressive step. The council believes that a full-time city manager-engineer may effect economies in some departments of the city government to assist in paying the cost of this change. A village clerk likely can be dispensed with, and the salary now paid that employee may be added to the city manager-engineer salary. All of the present officials agree that a city manager-engineer will be costly in that employment of a man trained for that capacity will demand a considerable stipend.

First and foremost, saving of time for elective officials by allowing a city manager-engineer to take over many of the details the elective officials now handle is a good argument for this change. Secondly, long-range planning for the city's growth in its streets, its water system, parks, a sewer system—and in many other lines—is a 'must' that is becoming more pressing with additional subdivisions being brought in the village limits, with a growing population, and with changes and expansion being made throughout the community. Budget problems, financing, zoning and other such matters can be studied, with plans recommended and speedier action likely resulting with a city manager to guide the village council.

In short, Ruidoso has grown like a patch of weeds in recent years—without much planning or pattern. The ever-changing personnel of volunteer, elective city leaders cannot cope with the growth and the demands of such a rapidly growing community. The answer, plain and simple, is to get a city manager-engineer as soon as possible and let him grab a hoe and start in on this patch of weeds, lay out a healthy pattern for growth and future needs.

THE SILVER LINING

By Daniel A. Storm

Well, friends we have been asking for it and it looks like we are going to get it. We have been wanting lots of snow and it seems we are off to a good start what with "The Mountain" all mantled in shining white, and a heap of snow still lingering through the lower country on the steep shaded slopes and in the purple-tinted shadows of the pinon, cedar and juniper with here and there a patch.

The way the wind is whistling around the windows and eaves of the roof with it no later than November, makes me think I had better start building that wood pile as high as I can before the heavy snows fall.

Oh, but it is wonderful to have a snowy winter. We have lots of time to sit by the fireplace dreaming and watching the snowflakes fall outside. We can catch up on our letter writing, and our reading and our resting and thinking, planning and just plain living. A cold winter makes folks thankful for the simple joys and blessings of this life. It makes us plan ahead and try to have some foresight.

KEEPING BUSY—A couple of busy bees are Wm. N. "Bucky" and Claudine Morrison, pictured above in their Lighthouse Laundry here with some of the new equipment they have installed since they bought the business six months ago. The machinery with which they are posing is called a shirt machine which completely finishes a shirt in only a few minutes. The laundry has numerous other modern appliances for speedy, efficient laundry service. Coupled with the friendly atmosphere at Lighthouse Laundry are very reasonable charges, which has helped the Morrisons keep very busy, thank you, even though the winter "season" has brought the usual slump in trade for some lines. "Bucky," a native Ruidosoan, served four years in the Air Force, stationed most of that time at Davis-Monthan Field near Tucson. It was his ambition all the time he was in uniform, to return to Ruidoso to make this his home. His wife once attended school in Ruidoso, in her sophomore year. She is the daughter of the J. D. Guys of Tatum.

And it draws us all closer together in the spirit of helpfulness.

Friends of the Birds

But there is one thing that worries me about a hard winter. Of late years it has been so warm of a winter time that many of the little birds that usually journey to a warmer climate spend the winter here in these mountains and valleys.

Now with this cold weather ahead of us, I am afraid that some of these little bird friends will get their signals crossed and be caught in one of these storms. It isn't that they can't stand the cold so much. Because they can always find shelter in the thick thick boughs of the cedar and juniper.

The trouble is that it is hard to find food. And here is where the friends of the birds come in. I have a friend and neighbor who is a real friend of the feathered little folks of the skies.

Since first she came here years ago, Edna C. Schierenberg has been running a way station, a boarding house, and yes, a hospital for the winged creatures who journey to and fro in the skies above this earth.

Edna is the owner of the La Huerta Cherry Cider and Gift Shop here in the valley. Folks from all over the world have stopped by for the refreshing cherry cider, for the gifts which come from the far corners of the earth, and for the pleasure of meeting this fine person with the sunshiny personality.

Let me get back to Edna and the birds for just a moment. These creatures care so much about her that one built a nest and raised her young in the mail box. Perfecto Sanchez, the mail man, was ever so careful and tender with the mail so that the nestlings would not be disturbed. The birds know a good man when they see one, and were not afraid of Perfecto.

Thankfulness of A Tired Bluebird

At Edna's feeding stations all the birds in the book come by to feed. And there are a few that are not in the book—rare little fellows that no one seems to be able to name.

A couple of winters ago, Edna was watching the birds outside her window when suddenly the congregation of feeding birds gave way and into their midst came staggering on his last wings a beautiful red breasted Western Blue Bird with white abdomen. He had finally made it to the feed station, but he was too far gone to eat any of the feed. Edna took him inside and fed him with an eye dropper and spoon. (Mrs. Schierenberg is accomplished in the diet and medical realm).

The beautiful little creature fought nobly for life, nestled in the kind and skillful hands of Edna. He just barely turned his head and out of the beautiful eyes shone a light of gratefulness for great kindness. Then the gallant bird lay still.

Edna was in tears.

"If only I could have saved him," she said.

But that little Blue Bird in his bird Heaven now will always be happy because he has for a little while known the deep kindness of the heart of Edna C. Schierenberg.

A Hero

Edna was a hero on the front lines in World War I as a combat nurse. And she is a hero in everyday life. She is forever doing for others. Making clothing and dolls for neighbors' children and other kind things.

Edna has been a hard and unselfish worker all her life, never sparing herself when she can help others. Yet she remains ever youthful. Her blue eyes flash and twinkle in her smile and her golden hair is without a trace of gray.

She is a devoted member of the Episcopal Church and is compiling a history of Saint Anne Chapel of Glencoe. Let us all be grateful that we have such a one as Edna C. Schierenberg for a friend and neighbor.

RUIDOSO P.-T. A. TO SPONSOR CUB SCOUTING

An estimated attendance of almost 200 people heard Pete Meyers, district Scout executive from Roswell, present an interesting talk on Cub Scouting and as a result of this talk the Ruidoso Parent-Teacher Association in its meeting last Wednesday night voted to sponsor a cub pack. Earl Hickam was appointed by P-TA President Clem Weindorf to act in organizing a pack here.

A Thanksgiving play, presented by classes of Mrs. Ruth Moore, Mrs. Ramey and Mrs. Hicks was greatly enjoyed.

Weindorf read a letter from the American Legion Auxiliary expressing thanks for the part the P-TA had in the Legion Auxiliary convention held here last month.

Mrs. Waddell's room won the room count at Nob Hill school, Mr. Perry's room in the junior high and the Seniors won in the High School.

Plans were discussed for the Christmas stockings.

The association adjourned to meet next on Dec. 12.

Mescalero Club Plans Gifts For Hospital

Patients at the Mescalero Indian Agency Hospital this year will be remembered with Christmas gifts by the Mescalero Woman's Club.

This decision was made at a business session of the club last week. The project will replace the club's annual Yule gift exchange among its members.

Reports were given of the recent Fourth District convention at Tularosa.

A morning coffee, held during the conclave, was staged by the Mescalero club as a courtesy for members of the Tularosa Woman's Club, who were hosts for the event.

Mrs. Paul Clements, president, presided.

The club hall was decorated with autumn flowers and leaves, and a seasonal decor was repeated on the refreshment table.

An assortment of fancy cookies and candies was served with coffee. Mrs. Viza Elliott and Mrs. Nancy McCarty poured.

Plans for the club's regular Yuletide meeting will be announced later. A program in keeping with the holiday season is being arranged for the event.

NEW! We have chenille bed spreads, matching bathroom sets and rugs, cactus TV lamps, moccasins, other gift ideas at Clayton Bennett's, west on Highway 70.

Under all is the land. It's wise to own some of it. See Allied Realty Associates.

Girl Scout Leaders Are Named; Work Shop Planned

Girl Scout leaders elected during a meeting at the home of Mrs. James R. Lackey in Palmer Gateway Thursday afternoon here included: Mrs. Tom Hood, elevated from Neighborhood Commissioner to District Commissioner for Lincoln County; Mrs. Carl Wright, Neighborhood Commissioner; Mrs. R. K. Knox, Troop Consultant, and Mrs. Bram Vanderstok, Troop Organizer.

Plans were discussed for the Girl Scout Leader Training Course to be held Dec. 2-3-4 at Carrizo Lodge with sessions at 9:30 to 11:30 a. m. and 1 to 3 p. m. each day. A Christmas Workshop on the final day will give instructions in making Christmas decorations, cards, novelties, etc., and anyone interested is invited to attend any or all of the meetings.

WIVES OF CITY OFFICIALS HONORED IN LUNCHEON

Wives of Ruidoso's official family were honored in a luncheon extended Tuesday noon here at Carrizo Lodge. Mrs. Vic Lamb was hostess. Attending were Mrs. D. E. Snyder, wife of the mayor; Mmes. Pat Valliant, Tom Jones, T. B. Hood and Jack Little, wives of village commissioners; Mrs. L. F. Dryden, wife of the village clerk; Mmes. Raymond Buckner and Dan Swearingin, wives of former mayors, and Mrs. Bernard Rooney, interested in many civic affairs in Ruidoso.

FOR QUALITY WITHOUT QUESTION

BY COCA-COLA BOTTLING CO., ALAMOGORDO

YES! You Can Find the Latest Styles in Ready-to-Wear Right Here at Home—Local Stores Feature Variety

This is the first of a series of more than a dozen photographs to be printed by the Ruidoso News showing fashions available for holiday wear or for gift giving—from The Adobe, The Treasure Chest, Brunell's, Lorene's Style Shop and Mannie's Toggery. All local residents were used for models. You'll find just what you want right here in the Playground of the Southwest!

AT MANNIE'S TOGGERY Ada Lu Gragg poses with this fine cashmere all wool western lady's blouse made by Panhandle Slim, featuring expert tailoring with painstaking attention to details. The all wool gabardine pants are made by Levi Strauss of California and provide excellent fit, plus trim lines. The boots are hand-made by Tony Lama of El Paso, and are of black kangaroo, easy on the feet and made to fit exact by expert craftsmen. The Mallory U-Roll-It hat has a wire in the brim so you can roll it to your own taste, and it has another feature—it is Cravenetted against rain and sun.

CARMON PHILLIPS PHOTO

AT THE TREASURE CHEST—Walia Thomas is wearing a smart coat dress made of English tweed. Her coat is of lovely red Harris tweed. The luscious lining has the sign of "good luck" quilted on either side and personalized with the owner's name. Price for this exquisite garment is $76.75. The Treasure Chest will take your measurements and you may bring a picture of any coat, suit or dress you wish made up, make selection of material and color wanted from a wide variety of swatches of English woolens, tweeds and cashmere. Satisfaction is guaranteed.

RUIDOSO NEWS PHOTO.

MAKING LIKE A MANNEQUIN—Barbara Pearson poses in Brunell's window for this picture, giving the casual look for young debs. She's wearing a Lampl avacado cardigan complimented by a tiny neck scarf. Her straight skirt also styled by Lampl is heavy all-wool and cashmere in a soft Nile green which is one of their match mates. She is carrying a real good looking 100% wool tweed car coat by Mary Lane. It has a racoon collar which can be worn with or without the coat. Her purse and shoes by Town and Country are a sculptured suede to match.

RUIDOSO NEWS PHOTO

NATIVE HAWAIIAN DRESS—Wearing the Paka Muu Muu is Tatania Eldridge. The Paka known also as sweetheart and holomuumuu, is one of the native dresses of Hawaii, made of exotic tropical prints—all fast colors. The sleeves may be turned over the shoulders. The plain lining gives a bolero effect. The slits on either side of the skirt are lined with the same plain lining of sleeves. In style and in comfort they are worn on the islands for day or night. Ideal for TV and home or party dresses they are in sizes from 8 to 40 and are at $13.50 up.

Too Many Letters End Up In Postal Dead Letter Office

Postmaster Jack Hull wonders which among you who read this are parents of "stillborn" mail. Have you ever been to a post office morgue to see the sad corpses collected there?

If you were a writer you could find in the dead letter files of the postal service rich materials for any sort of creative effort: a romantic tale, a murder mystery, a story of international intrigue, a human interest yarn, a treatise on governmental efficiency and economy, or a discourse on parental neglect. This is especially so at Christmas time, when the number of letters and packages which can neither be delivered or returned is several times the shocking figure for the other months of the year.

Why is it that thousands of letters with their infinite variety of messages fail every day to accomplish their missions in life? Postmaster Jack Hull says there are many reasons, some the result of misunderstandings, others the consequence of carelessness. Sometimes mail is sent on its way with no address at all. Infrequently, though too often, the stamps are left off and the addressee fails to respond to the notice that mail is being held for postage. Occasionally, the sender transposes the number in a street address. In other instances, the ill-fated letter is directed to the wrong post office. Once in a while the addressee moves and fails to leave a forwarding address. The most frequent error is that of furnishing insufficient address and omitting the return address.

Unfortunately, many persons are not aware that since April of 1950 directory service has been given only the following categories of mail: registered, certified, insured, c. o. d., special delivery, special handling; perishable matter and parcels of obvious value; international mail, except circulars, mail from overseas Armed Forces. Before April of 1950 directory service was given all first-class mail. The revised regulations have made it imperative that the mailer provide an address which is accurate and complete. Though have with dead letter mail would not exist if the public would exercise these simple precautions:

1 Make the address complete and accurate.
2 Supply a complete return address.
3 Be sure that all writing on the envelope is legible
4 Check mail before depositing it to see that the proper postage is affixed.

Don't gamble on the loss of business, friendships, gifts, family heirlooms, and other items of value.

"The postal service is anxious to deliver all mail as accurately and as expeditiously as possible," says Postmaster Jack Hull. Making immediate delivery is less expensive, less troublesome for everyone concerned, and quite in harmony with the desires of the Post Office Department to give good service. Someone has calculated that 10 pieces of proper mail can be handled in less time than is required to process one piece of dead letter mail. If to the time and money losses which dead letter mail imposes upon the postal service one adds the disappointments and heartaches which the sender and the intended receiver apparently undeliverable items are checked by the most experienced clerks and deliveries made where possible, if the clerks cannot provide the missing information out of their personal knowledge, the letter is consigned to the dead letter office

experience, the total cost to all concerned becomes incalculable.

It is Postmaster Hull's logical philosophy that if a letter is worth preparation, it is also worth delivery. Particularly is this so if the letter contains a gift, or is sent by air mail, or has some other special qualities. Much of the problem that post offices now

Lake Arthur, Ruidoso Teams Clash In Basketball Opener Friday Night

The Ruidoso Warriors open the basketball season here Friday with two games with Lake Arthur. Coach Ralph McGuire announced that the starting lineup for the "A" game would be selected from Bob Pior, Royce Lackey, Rodger Pope, Jim Wilson, Benny Jones, Jerry Reynolds and Ronnie Wilson. Starters for the "B" contest would not be set until shortly before the game.

Fans are reminded that the first games at Ruidoso this year begin at 6:30 instead of 7 o'clock as in the past. Admission is 75 cents for adults and season tickets will be available at the door tonight which will admit the bearer to nine games for $5.00. This is a saving of $1.75 and the tickets are transferrable.

The Warriors tonight begin a 21-game schedule in defense of their District 5-B crown. Every team in the district will be played at least once and most of them twice before the tournament Feb. 27, 28 and March 1. Last year the Warriors took the 5-B crown in an overtime contest with Eunice, and went on to place second in the Regional and then wound up in second place in the State Tournament in Santa Fe. This was the most successful season in history for the Ruidoso cagers, and all concerned are hoping for another good year this season.

Next week the Warriors play two games meeting St. Peter's here on Friday night and playing in Carrizozo Saturday night.

Beaded belts, leather belts, authentic Indian jewelry, and for the most appreciated gift, genuine Navajo Rugs, they're always welcome. Other Christmas ideas at Clayton Bennett's, west on Highway 70.

—By—
BARRY SWANSON

Well, the Juniors had quite a time but they finally put on their play, "Tumblin' Creek." The snow postponed it until Monday and Tuesday of this week. It surely was a swell play. Hope you all saw it.

• • •

The defending district champion Warriors will start the basketball campaign this Friday against Lake Arthur. Coach Ralph McGuire will start Bob Pior, Rodger Pope, Royce Lackey, Ronnie Wilson and Jim Wilson. Pior and Lackey were All-Staters on the team that took second place at the State Tourney last year. Both Wilsons were letermen on the same team and Pope is a 6 ft. 4 in. transfer from Carrizozo.

The Frosh team starters will be Benny Paul Jones, Lee Glascock, George McGuire, Jerry Curry and Allen Pagel. Remember the games start at 6:30 so be sure and be on time and really back our teams.

• • •

Yolanda Manley of Star Cafe promised the Warriors a big dinner if they won the State title a few weeks ago. True to her word the football team and the coaches were her guests for a swell meal last Tuesday night. Thanks a lot, Yolanda.

• • •

Let's not forget the Quarterback Club's Community football banquet at Nob Hill School Dec. 10. Everyone is invited to attend and give the Warriors some post-season congratulations. Ben Collins, head football coach at TWC, will be the main speaker. All the boys will be presented with individual awards as is customary when the team wins the State crown. The tickets are $1 for adults and 50c for children and may be purchased at the banquet.

• • •

The "War Whoop," RHS's bi-monthly newspaper, reports about 35 student hunters getting their deer during the regular season. The biggest one was Allen Pagel's 11 point buck. I surely do feel sorry for these hunters that didn't get theirs. (Would anyone like to buy an old, but unused hunting license???)

Junior High and Elementary Notes

Eighth Grade—Mr. Parks

We have a new girl in our room. She is Judith DeClark. She came from Oklahoma.

Bill Hoffing has resigned from our school and moved to Albuquerque.

The class favorite song is "Black Slacks." Favorite show, "Loving You."

Our boys have started to practice basketball at the gym.—Geraldine Padila and Joy Collins, editor and reporter.

Seventh Grade—Mr. Williams

Some people were sorry that there was no school Friday because of the snow. But then some people are crazy!!

We had our six-weeks tests last week. We are finishing them up this week.

We will get out for Thanksgiving Thursday and Friday. All of us are glad!

Quite a few people out of our room are going out of town for the holiday.

"Happy Thanksgiving."—Randy Holley, reporter.

Mr. Perry's Room

We are going to have a Thanksgiving party Wednesday, Nov. 27.

We are going to play games, and tell stories of Thanksgiving.

We have been decorating our room. Diane Turnquist and Georgina Badillo drew a picture on the black board.—Dee Long, Teddy Bennett, reporters.

Sixth Grade—Mrs. Mosley

We are planning to have a Thanksgiving play Wednesday in our room. The name of its is "You Are There—at the First Thanksgiving." All of us will take part but those with speaking parts are: Johnny Brooks, Joe Lucero, Jack Pilgrim, Terry Welton, Odessa Alexander, Martha Ann Collins and Pat Hutson.

Ross Smith's parents, Mr. and Mrs. McDonald, were called to Cisco, Tex., one day last week on account of the illness of Ross's grandfather. Ross is staying in the Gerald Thompson home while they are gone.

Lyn Medlin and her family will visit in Texas during the Thanksgiving holidays.

Bill Stirman's sister, Peggy, who is a model in El Paso, will spend Thanksgiving here with her family.

Fifth Grade—Mrs. Hawkins

Shirley Hicks is going to have her grandparents for Thanksgiving.

Patsy Allen got a new Eskimo coat this week.

Emily Gilliland got a new pair of skis, and her kinfolks are coming for Thanksgiving.

Yolanda Loaste went to Alamogordo Sunday.

Shirley went to her uncle and aunt's house Saturday.

We have Thanksgiving pictures all over our room.

We all gave reports on Abraham Lincoln, Ulysses S. Grant, General Robert E. Lee and Clare Barton.—Pat Lamb, reporter.

Fifth Grade—Mrs. Traylor

We have been making reports of Thanksgiving. We are making borders to decorate the room.

We are learning how to spell the 48 states and place them on a map.

We had some interesting reports on the Civil War and lecture on the opaque machine.

We were happy to have Mrs. Weindorf and Mrs. Morrison visit us during our reading with the Controlled Reader.

Tony Sanchez, Richard Wantiez, and Viola Sanchez, reporters.

Dear Mr. Lamb:

Enclosed please find my check in the amount of $10.00 as a donation for the sign at the Forest Lawn Cemetery.

I am sure you will see that this gets into the proper hands. Thank you.

Very truly yours,
Carol M. Hunter.

SIX SECOND SERMON

". . . He shall judge between many peoples, and will decide concerning strong nations afar off: and they shall beat their swords into plowshares, and their spears into pruning-hooks; nation shall not lift up sword against nation, neither shall they learn war anymore." (Micah 4:3).

Excessive speed is the most prevalent violation occurring in fatal auto accidents, according to the National Safety Council.

Auto accidents kill more persons under 65 years of age than any other type of accident, the National Safety Council says.

A motorist is injured every 23 seconds, the National Safety Council estimates. One person is the victim of a motor vehicle accident every 13 minutes.

Fourth Grade—Mrs. Hicks

Each one in our room was glad that he was home to play in the snow Friday.

Billy Quarles went to Bonito Lake and Capitan Saturday.

Richy Hollis went to Santa Fe Sunday.

D. D. Swearingin went skiing Friday.

We are very glad that Freddy Trimble is back with us.

Gene Jarvis was bird hunting and saw a red fox Sunday.

Robert Vanderstok went to the ski run and tried his luck a little. In the evening he sledded down steep hills all the way down to the car.

Our room enjoyed our Thanksgiving play.—D. D. and Robert, Reporters.

Second Grade—Mrs. Sullivan

Everyone enjoyed the holiday last Friday. We are looking forward to Thanksgiving now.

The following pupils have been present every day the third month of school: Larry Graham, Chuckie Loftis, Carl Reese, Jerry Reynolds, Tommy Valliant, Wanda Ferguson, Kathy Imlay, Querida Shults, Monique Vanderstok, Mark Zinn and Dian Parsons.

The following students are to be commended for being present every day since school began: Larry Graham, Chuckie Loftis, Kathy Imlay, Mary Zinn and Dian Parsons.

Our room enjoyed the Thanksgiving Operetta given by the fourth grade last week.

Second Grade—Mrs. Reese

This is a short school week because of Thanksgiving. We made some nice Thanksgiving books to take home.

The snow was so nice last week and most of the children enjoyed making snow men, sledding and just being out in it.

We had several November birthdays—Richard Keith, Mary Evelyn Estes, Alfred Pena, Mike Graham and Ervin Chavez. The class sang Happy Birthday to all of them and they got to sit at the special birthday table for lunch.

Glen Hill spent last week with his grandparents in Rodeo. He and his family are moving to Pecos, up near Santa Fe, the last of this week. We certainly hate to lose Glen and we will miss him.

Our class wants to thank Mrs. Morris, who did such a nice job last week while our teacher had the flu.

First Grade—Mrs. Waddell

The children enjoyed their day off last Friday. Many of them built snowmen and played with sleds.

Sunday Tom Jones played with his sled on the ski run.

Rosemary Wilson has new shoes.

Helen Pearson plans to visit her grandmother in Texas for Thanksgiving.

Richard Rice made a big snowman Sunday.

Kenny Fisher has some new blue jeans.

Stevie Loftis has a new sled.

Peggy Gilliland went sled riding Sunday.

Lynna Brooks has two new warm shirts.

James Swetnam has a new food freezer with a turkey for Thanksgiving.

Patricia Fowler has lost a tooth.

Tommy Reynolds has new shoes.

We wish to thank all the parents who attended P-TA Thursday night and helped us win the room count.

The Thanksgiving program by the fourth grade was enjoyed by our room. We had been reading stories of Pilgrims and Indians. And the play helped them to come alive for us. Thank you fourth graders and teachers for an enjoyable play.

The following children ate their lunch every day last week: Albert Randolph, Carol Porter, Jack Hobbs, Linda Ferguson, Ramon Sanchez and Richard Rice.

Stevie Loftis, Sonny Taylor, Susie Kelley, and Yvette Thompson have perfect attendance so far this year.

The following children have not been absent for the past four weeks: Jack Hobbs, Tom Jones, Tommy Reynolds, James Swetnam, Jack Valliant, Linda Ferguson, Patricia Fowler, Peggy Gilliland, Nancy Ward, Rosemary Wilson and Richard Rice.

First Grade—Mrs. Jones

All of us enjoyed the snow and a holiday. We had a lot of fun playing in the snow and building snowmen.

We are on the wrong side of the building right now—it is too hard to work when we can so easily look out the window and watch the "cats" and "carry-alls" that are so busy on the new highway. We hate to lose that much of our playground but we certainly do enjoy watching the machinery work.

All of us are so proud to be reading in "Tip" and all are doing a nice job of it.

Monday morning at "Share and Tell" time, there were several of us sporting new shirts—Edward Guthrie, Skip Green, James Montoya, and Nadine Gallegos, Mike Ortiz, Johnny Zinn and James Montoya had new blue jeans!

Salina Barcus has a pretty new dress.

Clara Hobbs tells us that her family has a new blue and green Ford. Karen Yuzos says that her family has a new cocoa and white Chevrolet.

Robert Sanchez has a new belt with a very pretty belt buckle on it. Dorothy Story has a new doll.

Ricky Scott has a new sweater.

Eldon Randall went to Roswell last Tuesday.

Herchel Smith, Priscilla Aguilar, Ricky Scott and Johnny Zinn ate all of their lunch every day last week.

We certainly enjoyed the Thanksgiving play put on last week by the fourth graders. Mrs. Ramey and Mrs. Hicks are to be congratulated for a job well done.

Happy Thanksgiving to everyone!

GIFT WRAP IDEAS

Wrap the Christmas gifts you make, or those you buy, with thin sheets of cotton covered with multi-colored glitter. This new gift wrap material also is ideal for tree or mantel decorations. Thicker sheets of cotton batting, used inside gift boxes, will protect fragile objects like glassware and pottery and will prevent jewelry from scratching.

CONTINENTAL LOOK

Prominent on the men's fashion scene this fall will be this all-purpose cotton coat by Rainfair. The coat, treated with Zelan for rain protection, has a plaid cotton lining and continental stand-up collar. It is washable and Sanforized.

Thanksgiving Day will be a happier, more meaningful day...

for a "thank-you visit" to your church or synagogue——

It's a story we all know and love—the first Pilgrim Thanksgiving. The excitement in their little homes must have been pretty much as it is today—the tantalizing smells of roast turkey and pumpkin pie—the bustle and rush of eager children—it must have been a wonderful day!

But before the Pilgrims sat down to their feast they observed the true meaning of Thanksgiving. They all gathered together in their meetinghouse to give thanks for the good they had received, for survival through a long year of hardship, and to pray for the strength and courage to keep their faith in this strange, new land.

This Thanksgiving, why not take your family to your house of worship. A quiet hour of prayer and thanks will make your holiday so much more meaningful.

Wherever you are . . . whatever your beliefs may be . . . take time to offer your words of thanks . . . just as the Pilgrims did more than 300 years ago.

"How do you do, my dear?" said the old lady to the little girl.

"Quite well, thank you," was the polite reply.

There was a pause and then the old lady asked, "Why don't you ask how I am?"

"Because," said the child calmly, "I'm not interested."

It's foolish to worry about confused, miserable teenagers. Give them a few years and they'll turn out to be normal, miserable adults.

Whistling the woman driver to a stop, the traffic cop plodded over to the car and said wearily, "Lady, can't you see all of those one-way signs on this street?"

"Why of course, officer," said the matron innocently, "but I was only going one way."

—o—

A Russian peasant, asked to compare the old way of life with the new one said: "We're better off. In the old days when my wife did the laundry, I had to help her. Now she just says: 'Take off your clothes and get in bed. I want to do the laundry'."

Here is a story about the art of being a diplomat.

An ambassador failed to recognize a young lady and when she reproached him with: "Why, Mr. Ambassador, you don't remember my name!"

"No," he replied glibly, "for when we last met I was sure your beauty and accomplishments would soon compel someone to change it for you."

The salesman breezed into the office of Julius J. Grouch one sultry afternoon. "Hi, Willie," he greeted the office boy, "haven't seen you in a long time. How's your boss standing the heat?"

"Haven't heard," came Willie's terse reply. "He's only been dead a week."

$8751.93 BUDGET IS RECOMMENDED FOR PRESBYTERIAN CHURCH

Published last week-end in their weekly bulletin for Sunday was a recommended budget of $8,751.93 for 1958 for members of Ruidoso First Presbyterian Church. Among items in the budget were $3,200 for the pastor's salary and car expense for the pastor, a $1,250 principal and interest payment on the Presbyterian manse and a $950 payment on principal and interest for the church building. Set aside for benevolences was $500. The balance was for general church expenses.

LATEST KETTLE FILM HAS NEW PA FOR MA

Teamed with a new co-star, Marjorie Main is at the Pueblo Theatre this midweek in "The Kettles on Old MacDonald's Farm," latest in the hilarious series of Universal-International comedies based on the adventures and mis-adventures of Ma and Pa Kettle.

The new Pa Kettle is Parker Fennelly, veteran of stage, radio and television, who is probably best known to the public for his long run as Titus Moody on the late Fred Allen's radio show.

Co-starred with the elder couple are pert and pretty Gloria Talbott and handsome John Smith, and it is the machinations of Ma and Pa Kettle to bring about the marriage of these young lovers that forms the plot basis for the new comedy.

A "Fun To Eat" Dessert

Festive for all occasions is this fluffy-light and creamy dessert, beautifully garnished with canned cling peach slices and mint leaves. Made with quick-cooking tapioca, it's a "cinch" to make and fun to eat.

Peach Tapioca Cream

1 egg white
2 tablespoons sugar
1 egg yolk
2 cups milk
3 tablespoons quick-cooking tapioca
1/8 teaspoon salt
2 tablespoons sugar
1/2 tespoon vanilla
Canned cling peaches, sliced

Beat the egg white until foamy. Add 2 tablespoons sugar and continue beating with egg beater until meringue stands in soft peaks. Set aside.

Mix egg yolk, milk, quick-cooking tapioca, salt, and 2 tablespoons sugar in saucepan. Cook and stir over medium heat until mixture comes to a full boil (5 to 8 minutes). Pour a small amount of hot mixture gradually into meringue, blending well. Quickly stir in remaining tapioca mixture. Add vanilla. Let stand 15 to 20 minutes; stir. Serve warm or cold. Makes 4 or 5 servings.

Arrange sliced cling peaches in sherbet glasses; cover with quick-cooking tapioca. Garnish with additional peach slices.

TO OUR VISITORS—
Things to See and Do In the Playground Area Of Ruidoso & Lincoln County

You have probably never visited any place in America with such a wide variety of scenic, historic and entertaining attributes. Make the most of your visit here—explore any and all of the places recommended below to give you your most delightful vacation.

All of these things listed are within 60 Miles of Ruidoso—

Lincoln National Forest—
With its campgrounds, scenic trails and drives. Three riding stables here provide horses for riding into our forest which surrounds us.

Cedar Creek—
Winter sports area and park-like shrubs and evergreens.

Golf Course—
One of the most beautiful golf courses in the world is Cree Meadows.

Mescalero Apache Indian Reservation—
Can be entered in the recreation area west of here, or you may visit at Mescalero, on U. S. Highway 70.

Lake Bonito, Bear Canyon—
Scenic mountain lake offering a wonderful drive through the mountains. Several abandoned gold mines with tumble down buildings and their caves can be explored.

Nogal Lake, Nogal Mesa—
The mesa is scene of the annual Summer Cowboy Camp Meetings.

White Sands National Monument—
Stupendous deposit of pure white gypsum.

Lava Beds—
The Mal Pais is a fascinating and different attraction.

Fishing—
Ruidoso offers three commercial trout lakes, also there is fishing in season in the Rio Ruidoso, in nearby lakes, or fishing year 'round in Hondo river.

Old Lincoln Courthouse—
In Old Lincoln town, with three museums and once where bitter Lincoln County War centered, and where Billy the Kid killed two guards in his escape from the jail there.

Big Game—
Deer, antelope, bear, wild turkey and bobcat are found on rides into the mountains here.

White Oaks—
Old ghost town once thickly populated and once having newspaper, stores, saloons.

The Three Valleys—
Scenic ranchland and mountains.

Capitan, Capitan Gap And Indian Gap—
Beautiful orchards, ranches along Ruidoso, Hondo and Bonito. Home of internationally famous artist, Peter Hurd; screen star Linda Darnell; author, writer Dan Storm and Louise Massey and Milt Mable, radio and screen entertainers.

Ruidoso Downs—
Popular summer race track, with horse racing each week-end in summer.

Night Clubs—
Numerous clubs with entertainment.

Churches—
In the immediate area are nine churches of various denominations.

Climate—
The most wonderful in the world—you will especially enjoy our autumn season when fall foliage is a riot of color.

Mon Jeau Look-Out—
Drive to the top of this forest look-out tower, 10,900 feet high.

Fort Stanton—
99-year-old fort once policing Apache Indians, later used as Merchant Seaman Hospital, now a state TB sanitorium. Where Territorial Gov. Lew Wallace visited and where Gen. "Black Jack" Pershing once stationed learned to play his poker.

Cloudcroft—
High mountain resort area.

Artists, Art Schools—
Ruidoso is home of several resident artists, including Harris Shelton, Reynolds Jones, Martha Graves, and others, and art schools are held each summer. Ceramics studio also operates here in summer.

Mayhill Nurseries—
Giant greenhouses growing many beautiful flowers shipped to wide area.

Wheeler Museum—
Most unique privately owned museum in New Mexico.

Ruidoso Lookout Tower—
Gives panoramic view of Playground of the Southwest.

Ruidoso Sky Ride—
Unusual cable car lift to top of Wildcat Mountain on U. S. Highway 70.

Dowlin Mill, Blazer Mill—
Both in immediate area, pioneer adobe structures once housing flour mills, both over 100 years old. Dowlin Mill in Ruidoso now grinding flour each summer. General Pershing, Lew Wallace, Billy the Kid and Pat Garrett were among early day visitors at Dowlin's Mill in Ruidoso.

Carrizo Lodge—
With unique history, museum and scene of square dance schools, bordering on Indian reservation.

Fun In Downtown Ruidoso—
With skating, bowling, shooting galleries, bingo, theatres, children's rides, billiards, and many curio stores.

Places To Dine—
More than 50 restaurants and dining rooms to choose—some of them with specialties.

Green Tree Indian Aqueduct—
Stone aqueduct built over 900 years ago to carry water from Palo Verde Springs into Ruidoso Valley.

Indian Ruins—
Ruins and pictographs of various Mogollon settlements at Glencoe, near Capitan, in Ruidoso area.

Airport—
Paved runways long enough to accomodate two-engined planes.

—and at further distances, but still within 4 to 5 hours' drive are: El Paso and Juarez; Holloman Air Force Base (Guided Missiles) and White Sands Proving Ground; Carlsbad Caverns; Original Atomic Bomb site; Bottomless Lakes; Albuquerque and Santa Fe; Elephant Butte Lake; Truth or Consequences.

Capitan News

(By Mrs. Ethel Keathley)

M. F. Embrey, game warden who resides in Capitan very graciously provided me with the following information: (Editor's note: Names of hunters injured in the Capitan area and extent of their injuries leads off the news from Embrey, which was extensively covered in front page articles in last week's Ruidoso News—so they are omitted herein. Thanks anyway for the extra effort in this. VL). A large number of hunters were lost during the hunting season, some of them overnight, but none suffered more than slight frostbite before being found. (Editor's Note: Brown Air Service of Ruidoso was called to assist in finding two hunters lost on different days in the area around the Jones and Bonnell ranches in the Ruidoso Valley.) Due to bad weather conditions in the northern part of the state, this area caught many more hunters than usual. Most of them bagged their deer. The most common violations were leaving campfires unattended and failing to tag game after killing it.

I feel indebted to Mr. Embrey for the above information. He took time out of his very busy life to write it all out for me, for which I am very thankful.

Just a few minutes after hunting season closed Monday, Nov. 18, by actual count 15 deer were counted all in one drove and that one could almost believe they were aware the season was over. Therefore they were safe 'til another open season, for they were busily running and playing, one could almost believe, in celebration and thanksgiving they had escaped.

Early Wednesday, Nov. 20, Mr. and Mrs. Dee Hickman left Capitan for Durant, Okla., where Mrs. Hickman's father is critically ill.

Mrs. Pearl Soderback plans to entrain Nov. 30 for Downey, Calif., where she will visit her parents and sisters.

Mrs. Della Harcrow of Artesia and Mrs. Billy Graham of Roswell, who have been working during the hunting season in Pearl's Coffee Shop left Nov. 19 for their homes but plan to return Nov. 30 to work while Mrs. Soderback is on her visit to homefolks.

Mrs. A. N. Spencer of Carrizozo was in Capitan Thursday of last week.

Mr. and Mrs. John Merryfield, California, are visiting Mr. Merryfield's mother and other relatives, including a brother and sisters.

School Superintendent Hall and family are moving into one of Pearl Soderback's apartments.

Vernon Searcy of Ruidoso was in Capitan Nov. 18. Since it has been cold recently he probably has sold lots of gas. It truly has been like winter lately—snowed again Thursday and Thursday night. At 8 a. m. Friday the temperature was 12 above zero and at 4 p. m. I looked again—same reading. I forgot to look at 12 M. At 5:30 p. m. the reading was 10 above. I hear the school bus from Pine Lodge failed to arrive in Capitan Friday and Capitan schools dismissed at 1 p. m. due to snowy roads. We hear Alto had 12 inches. I would guess 5 or 6 here. No one I've asked measured it—and I certainly didn't. I wouldn't read the outside temperatures if I had to poke my nose out. I fortunately can read mine and remain inside, even so, just reading it gives me a shiver sometimes.

The Roundtable Club met Thursday, Nov. 21, with Mrs. Pauline Britton at the Block Ranch. All members were present and two guests from Ft. Stanton. A pleasant time was had by all.

Champ Ferguson spent a few days in the hospital this week but is home and working now.

Mrs. C. C. Belknap is yet in the hospital at Carrizozo, but is improved. However, she will not come home for a few days yet.

Mescalero News

By Mrs. E. P. Breuninger

A fall harvest festival was held in the basement of the Reformed Church on the evening of Nov. 19. The church Ladies Aid organizations from Whitetail, Carrizo and Mescalero had on display and for sale various embroidered dresser scarfs, napkins, pillow cases, etc. Two large bed quilts and small quilts were auctioned off. Mrs. Ann Thompson of the P. H. S. Hospital bought a beautiful large quilt with white background, blue runners and quilted in colors in the center. Other items were auctioned off during the course of the evening. The Youth organizations of the church sold cakes, pies, coffee, and lunch. The children also swarmed around a fish pond where packages of dolls, little cars and other miniature items were fished out.

C. Patric, Area Forester, Gallup, was at Mescalero on official business Nov. 18 and 19.

The square dance club at Mescalero is proving to be very popular. These dances are scheduled for Thursday evenings at the community hall. Herb Greggerson of Carrizo Lodge in Ruidoso is teaching the group the various dances and steps.

Mr. and Mrs. Stanley Venego visited their son, Harrington, at the Albuquerque Indian School Nov. 21.

A community Thanksgiving dinner is being planned by the Mescalero Tribe at Mescalero Nov. 26. Venison, beef and wild turkey will be the main course, with all the trimmings added. A committee of three has been appointed by the Tribe to plan and make the preparations.

Melvin Fairbanks spent last week in Gallup attending the supervisory training course at the Area office.

The C. O. Talley family will make a trip to Amarillo, Tex., Nov. 27 to see their new grandson and on to Oklahoma to visit relatives during the Thanksgiving holidays.

The Mount Barners will entertain the Clausine Vincents for Thanksgiving dinner at their home in Whitetail on Thanksgiving day.

Mrs. Nona Blake and Mrs. Fern Kaydahzinne left for Albuquerque Nov. 15 to visit Martin Blake, husband of Nona and father of Fern, at the Bernalillo County Indian Hospital.

Darrel Kazhe, son of Mr. and Mrs. David Kazhe, is expected home during the Thanksgiving holidays.

The Paul Clements planned a trip to El Paso Nov. 23.

Justin Mendez and Miss Imogene Martine were united in marriage in Alamogordo Nov. 5.

are written for our benefit, 'Comfort your hearts, and establish you in every good word and work.'

Many people would really get in a hurry to arrive on time at the place of departure, providing there would be a place. The best thing is to be ready at all times, for we know not the time and place of His coming.

So, get ready, get set, to go. Don's be left. Be right. Be prepared when He calls, you won't need a ticket.

Begin now, laying the cornerstone of your celestial home above.

In reply to last week's answer about my chimney. Thanks to FAITHFUL READER, but, still, 'Smoke gets in my eyes,' 'cause I got no chimney stretchers and MAN! that chimney is solid (rock I mean) with a hole in it. The U. S. Gov't is OKAY (I mean that) but there is no pamphlet put out by them titled "Rock Stretching Made Easy" or sumpin' like dat.

Secondarly, it would be quite difficult for me to take the chimney apart rock by rock and move the whole works to a lower elevation. This ain't practical man. Maybe I could move the house and the chimney would go along, at least the SMOKE would go, 'cause where I go dat SMOKE go.

Thricely, little ol' me can do nuttin' to change the elevation that is so important in the draft of a chimney. Reason: Some men were up here recently looking fo' dat elevation, they kept lookin' but found it was all used up. Did I ever tell you about "The Man Who Found a Nickle Growing in a Potato?" Please Advise,

Yours truly,

CLOSE UP—If this picture comes out it should be one of the closest close-ups in animal photography. The two-week old fawn was found by an Ontario guide, hungry, lonely and frightened, after its mother had abandoned the tiny creature alongside a Canadian National Railways section worker's house in Algonquin Park, Ont. The rail worker brought the fawn inside where it was fed and then posed before a youngster's camera. INS

Minute Sermonette
'A Ticket To Heaven'

Have you ever thought about buying a ticket to Heaven? Who would we go to for information concerning this? Wouldn't it be wonderful to be able to know what time the departure would take place, and from what place it would leave?

Were we to know the time, many of us would begin to straighten up our lives, others then beginning a self purification proocess. We pack our suitcases for an earthly trip, but how could we store or pack the things to take to Heaven? Keeping in mind that only our spirit gets to go, leaving the tangible and material things behind.

Our financial wealth will not buy us a ticket. We must do many things in good word and deed. Looking to Verse 17 in 2nd Thessalonians, Chapter 2—these words
