Around Town

—By Nosey Waters—

The Adult Men's Bible Class of Community Methodist Church has honored a retired Methodist minister living in our neighborhood, the Rev. Ben Hill, who lives in a home near the Emmett Reese place on Highway 70 east of Ruidoso Downs. The Sunday School class, which meets each Sunday at the church at 9:45 a. m., has named itself after the Rev. Mr. Hill. . . . Ruidoso Lodge, up at the first bridge on the Rio Ruidoso, is doing some extensive redomeling and renovating. . . . Last week's Las Cruces Citizen carried a photograph and an article about the helpy-selfy laundry, known as the S. & M. Laundry, opened not too long ago by T. M. Short and Harlan McCraw of Ruidoso. Short is pictured in the photo along with several customers and some of the plant's modern equipment. . . . Ann Evjen recently succeeded Mrs. Morrison Quaitrough as bookkeeper at Keeth Gas Co. office here. . . .

News notes from Ruidoso Downs: H. M. Reedy, returning recently from a visit in Arizona, says the country around Flagstaff reminds him a lot of the country around here. "They're doing a big business in winter sports and skiing," he said. . . . Mayme Rankin at the Villa Cafe says she has a regular clientele for her home made peanut pies, flavored with peanut butter! . . Louis Smith reports lots are beginning to move in Ruidoso Downs, with some sales completed last week, and another sale almost completed but the owner backed out of taking a big profit on a 210-foot frontage. . . .

Ewing Carter is at work putting a new masonry front on his feed store at Ruidoso Downs and enlarging the building housing that department of their mercantile firm. . . . Fine's Grocery in Skyland has a new telephone number you may want to write in your book—2276. . . . L. L. Butler and son, Charles, are eagerly awaiting a boat kit they're going to work on. It's an 18-foot half cabin, 59 inches wide, and will have a loading trailer. They will use it in Elephant Butte, Alamogordo Lake and other waters of the area, and probably will take it to some salt water for some fun. . . .

HOUSE FOR SALE — Manual training students of Ruidoso High School are building this two-bedroom house on a foundation which will allow it to be moved to any location a customer for the house desires. Pictured here are Barney Rue, at left and Billy Bobo, in Ralph McGuire's advanced shop class, getting practical experience in erecting the small home. It will be offered for sale on completion, and money from its sale will go to repay a loan at the bank for materials. Ruidoso businessmen underwrote the project, spearheaded by Jack Hull. More than two dozen students have assisted in building the house from the foundation up. Local contractors have advised and worked with the young men since the project began late in 1957.

Ministerial Alliance Lays Plans For Religious Census In Area

By Association Reporter

The Ruidoso Ministerial Association, at its meeting last Wednesday, voted to conduct a religious census of the community to begin Feb. 24. The work is estimated to take two weeks to complete. Anyone who is interested in this work and would help with the survey is urged to contact the pastor of his church.

The Ministerial Association also made plans for the observance of Holy Week. These plans include a Union Good Friday Service to be held at the Baptist Church. Other plans included a Maundy Thursday Communion service and the Easter Services for the community. Members of the Association are also working on publishing a revised "Church Calendar" to take the place of those now displayed in the community which have become obsolete, due to the changing of ministers and the time of services among the churches.

The next regular meeting of the Association will be on March 5 at Carrizo Lodge. Matters which should be brought to the attention of the ministers should be presented before that date. Officers of the Association are: Mark C. Cronenberger, president; E. J. Tankersley, vice-president; Hugh Bailey, secretary and treasurer. At the last meeting Rev. Paul B. Van Dyke, the new Presbyterian minister, was received into membership of the association.

Ralph Brown Aids In Eagle Control By Hunting Sheep Predators In Air

(Editor's Note: Ruidoso pilot Ralph Brown is given publicity in an article in this month's New Mexico Farm and Ranch magazine concerning the continuous campaign waged here for many years against eagles, described in the article's heading as "the scourge of the sheep predator and what's being done about it." The title of the magazine piece is Murder on the Range. The article is reprinted below.)

* * *

An eagle swooping off with a helpless lamb, a coyote dragging down a prize ewe—these are the nightmares that haunt the New Mexico sheep rancher, harassed by the constant threat of predator attack on his flocks.

The theme of predator control crops up time and again at gatherings of sheep ranchers in the state, evidence of the deep concern with which they view the situation. To fight the predator menace, ranchers operate control programs of their own, both individually and collectively, and they support the continuing activities of the Predator Control Branch, U. S. Fish and Wildlife Service, headed by Louis H. Laney in Albuquerque.

He Flies After Eagles

Right now one of the worst eagle situations in the state sheep industry is that in Lincoln County. For three years, Ralph Brown, Ruidoso pilot, has been flying over the Lincoln rangelands, seeking out and downing eagles, under a custom-hire arrangement with the Lincoln County Wool Growers Association. Cost per rancher has run around $12. Last spring, Brown killed around 200 eagles in Lincoln County.

"I fly a Piper Super-Cub PA-18," Brown told Farm and Ranch recently, "with a man riding beside me armed with an automatic 12- or 16-gauge shotgun. We cruise all the way from above 10,000 feet to down near the ground. When we spot an eagle, we move up fast on his tail, since the bird travels only about 35 mph at top speed. When he gets the eagle within a range of 60 to 80 feet, the gunner shoots out the front or the side of the plane. Forty-two is the biggest bag we've gotten in a day."

Puts In 125 Flying Hours

Brown said he'd been flying after eagles for about ten years now, off and on for individual ranchers. Last year was the first time he flew under contract, and he put in a total of 125 flying hours on the job, at an hourly fee. "We're starting earlier this year," he said, "and it looks like there are more eagles in the north end of the county than in 1957."

Do some folks complain about shooting down eagles? "Yes, but they're not sheep ranchers," Brown says. "Eagles are vicious killers of lambs. I've seen six or eight eagles chasing an ewe and lamb on the ground, and I've watched them surround their victims, kill them with their beaks, and carry off the young to their nest. Some ranchers east of Capitan Mountain have lost as much as 90 percent of their lamb crop to eagles in the lambing season. Goat raisers take a beating, too. And remember—there are not American bald eagles; they're Mexican or brown eagles."

Place Traps Atop Poles

Besides hiring "eagle-chasers" such as Brown, Lincoln County ranchers fight the birds themselves. "Methods used here are putting traps on top of tall posts where the eagle usually lights," Ralph R. Dunlap, Lincoln County extension agent, told Farm and Ranch. "The eagle can also be killed in the winter by killing a jackrabbit and putting strychnine inside him while still warm, then leaving the jackrabbit where the eagles roost (on windmills or such). This is specially effective during the winter when there is very little other food for the eagles."

WORKS IN SOUTH AMERICA—Pictured here glancing through a scrapbook of pictures of South America are Mr. and Mrs. Temple Wallace of Ruidoso, who returned last year from a stay of several months in Venezuela. Wallace has had many years experience working with construction companies building huge industrial installations in Buenos Aires, in Venezuela and other South American countries. Wallace is expecting to be called back to Venezuela shortly on another such project. He and his wife operate Star Liquor and the Mint Lounge in Ruidoso between visits out of the state. A mounted bird on left in this photo is an alderado, akin to the crow family, which is found in South America. The red headed bird is only one of many souvenirs the Wallaces have of their visits. They own several dozen paintings by various South American artists which are on display in their package store.

The same concern also reported it has begun work on building a 10-unit masonry type tourist accommodation for Paul Smith, also of Carlsbad, to be located on Main Road in Ruidoso, just west of School House Camp Ground in Palmer Gateway. The new installation will be called Park Motel, the Millers reported.

The building firm said it was hoped both new motels would be open and ready for patronage this summer.

ALL IN A DAY'S WORK—Among the many varied and unusual cases investigated by our village police force was this puzzle which Village Marshal J. P. Bobo said turned out to be a blank. Arresting a visitor in the canyon on suspicion of being wanted, Bobo found in the turtle of the visitor's car a lunch box packed with several hundred dollars worth of expensive camera lens, along with a complete offset printing press with ink, rollers and other equipment. Bobo said there was suspicion the man had been using the printing press to produce bogus checks. Bobo holds one of the several camera lens, while in left background can be seen the printing press. Investigation proved the man was not wanted, although he did have a police record.

HUNT HEADS ROTARY CLUB

In an election Tuesday during their regular luncheon at the O. E. S. Hall here, Rotarians selected A. E. Hunt, insurance agent here and currently president of the Ruidoso Chamber of Commerce, to serve as president for the 1958-59 term. He will succeed Jim Littlefield. Tom Hood was elected vice-president and Bernard Rooney was re-elected secretary-treasurer.

Ruidoso was linked this week with 9,700 other cities and towns on six continents as the Rotary Club of Ruidoso commemorated the 53rd anniversary of the founding of Rotary. The birthday of this world wide fellowship of business and professional executives was observed by the local Rotary Club at its meeting.

In commenting on the program of Rotary, James Littlefield, president, said, "Rotary activities throughout the world are based on the same general objectives as those of our own club, the development of fellowship among business and professional men, the betterment of communities, leading boys and girls into good citizenship, the promotion of high standards in business and professions, and the advancement of international understanding, good will and peace."

Supplementing the international aspects of Rotary President Littlefield briefly outlined the history of the Rotary Club of Ruidoso which was organized in 1952 and which has 19 members. In commenting on its major projects Littlefield told something of the Mon Jeau project and praised Dan Swearingin for the work that he has done.

Also he said Donald Flohr was to be assistant ranger to St. Clair here.

Roy Anderson told the club he has just returned from Elephant Butte where he and his wife fished, and that the lake was holding more water than he had seen there in seven or eight years.

Kiel Bonnell reported on a trip he made to California, telling the club members he brought back five Shetland ponies, a stallion and four mares, which he hopes to form the basis of a herd for selling ponies commercially. He has them pastured up Gavilan Canyon.

LENTEN SERVICES SLATED AT EPISCOPAL CHURCH

The Rev. Charles W. Dawson, Episcopal vicar in Lincoln County, has announced a series of lenten services for Holy Mount Episcopal Church in Ruidoso with Holy Communion each Wednesday morning at 9 a. m., and a short evening prayer and litany each Wednesday evening at 7:30 p. m. through Wednesday of Holy Week.

Beginning in March Rev. Dawson has announced the beginning of special services at St. Anne's, Glencoe, when Holy Communion will be celebrated at 8 a. m. each first and third Sunday of the month in addition to the regular 9 a. m. services on the second and fourth Sundays.

CATHOLIC PRIEST AT MESCALERO SERVED IN CHINA

Father Hubert of the Mescalero Catholic Mission, who spent more than 12 years in China, was guest speaker recently at a meeting of the Tularosa Woman's Club. His talk concerned that country.

The music and arts committee, headed by Mrs. Nona Champion, was in charge of the program.

An invitation to attend a luncheon meeting Wednesday of the Ruidoso Woman's Club was announced by Mrs. Ben Dalzell, president of the Tularosa club.

The guest speaker sketched briefly the old China before going on to its present-day situation. He said China is made up of 52 different racial stocks, mostly Mongol, brought together to form one nation—with one culture. The history of China is the oldest continuous history in the world, according to the speaker, and its ancient picture language easily could become a universal one.

"Nine hundred years B. C., the Chinese believed in one God," Father Hubert said. "Even later, when they began to have a belief in pagan worship, they still devoted day each to the One Supreme Being."

Of the new China, Father Hubert, who was a "house prisoner" of the Chinese Communists for two years, told of things he heard there in 1947. He related that some concerned praise of our government officials—such as Lattimore and Hiss. He also said that the Chinese Communists have stated that they will take over the United States in the spring of 1960.

The priest warned that we need to be awake and alert and realize that Communism in China "is a great problem."

Beef Pie Sparkles

Plotting and planning to find some special trick or treat for a hearty dinner entree? If so, here's your answer. Simply note this array of individual beef pies, each ringed with fluffy whipped potatoes. Need more be said?

Fashionable and friendly in their dress attire are these individual beef pies. However Reba Staggs, meat expert and home economist, emphasizes the importance of the correct preparation method.

Meat for pie as well as stew is less tender and is therefore cooked by a moist heat method of cookery . . . cooking in liquid.

Individual Beef Pies

- 1½ pounds beef for stew
- Salt and pepper
- ¼ cup flour
- 3 tablespoons lard or drippings
- Water
- 10 small carrots, cut in half
- 10 small whole onions
- 2 cups cooked or canned peas
- 2 cups mashed potatoes

Mix together flour, salt and pepper. Dredge beef cubes in seasoned flour and brown slowly in lard or drippings. Add only enough water to cover. Cover tightly and cook slowly for 1½ hours. Add vegetables, except peas, and continue cooking about 45 minutes or until meat is tender and vegetables are done. Pour off cooking liquid and thicken for gravy. Combine meat, carrots, onions, peas and gravy. Arrange in individual casseroles. Force mashed potatoes through a pastry tube around the edge of each casserole dish. Place in a hot oven (450° F.) or under broiler until potatoes are browned. Yield: 4 to 6 servings.

Mr. Vic Lamb,
Ruidoso, N. M.
Dear Mr. Lamb:

Once again I am asking that you please place these checks in the proper hands.

I notice in the Ruidoso News that the Girl Scouts are on a fund raising drive and Mr. Payne and I want to add our bit to this work in Ruidoso.

Also we note that the Boy Scouts are trying to get uniforms and we'd like for the enclosed check to go towards a uniform for one of the Boy Scouts.

Ruidoso and all of us are grateful to you and the News for your role as a clearing house for these fine organizations.

We are looking forward to seeing all of you this summer.

Sincerely and gratefully,

There's a tingle of excitement in that word *limited* as long as we're describing a train.

But if we were speaking of the boy—describing the effect which spiritual neglect has on the development of the character of a child—that's a different matter! There's nothing thrilling about a soul that has been *limited* in its opportunity for religious expression and growth!

The churches of our community are here to give ALL our children religious training . . . to help ALL our families foster a spiritual atmosphere in their homes.

As we make use weekly of the opportunities our churches provide, the potential Christian growth of the child, the family and the Nation becomes UNLIMITED.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The Ruidoso Warriors will play five home games and three away in the 1958 football schedule announced this week by Athletic Director Cy Leland.

The Warriors open with the traditional game with Roswell "B" and have added a new opponent for the final game of the season—Estancia. The latter replaces Corona on the Warrior schedule. In addition, the Tularosa Wildcats return to the Ruidoso schedule next season for the first time since 1954. The game will be played here.

The complete schedule follows:

Sept.	5	Roswell B there.
	12	Hatch here.
	19	Capitan there.
	26	Tularosa here.
Oct.	3	Hondo here.
	10	Tatum there.
	17	Carrizozo here.
	25	Estancia here.

Final Home Game For Warrior Cagers Is Saturday Night

The Ruidoso Warriors, back on a winning stride after beating Hondo and Hagerman last weekend, play their final game of the regular season here Saturday night when they take on the strong NMMI Colts from Roswell.

There will be two games with the "B" contest beginning at 6:30. Next week the Warriors will enter the District 5-B tournament in Roswell. It will be played at the NMMI field house this year. A story on this tourney appears elsewhere on this page.

Warriors Open Tournament Play Against Favorites

The Ruidoso Warriors open the defense of their District 5-B basketball crown at the NMMI field house in Roswell next Thursday night at 9 o'clock when they take on the tournament favorite—the Eunice Cardinals. Eunice was seeded number one for the tourney, with St. Peter's, Dexter and Capitan the other seeded teams. If the Warriors win they play again Friday night.

The tournament opens Wednesday night with Hondo playing Carrizozo at 6:30 o'clock and Lake Arthur meeting Jal at 7:30 p. m. Capitan meets Hagerman at 9 p. m. Wednesday. On Thursday night Dexter meets the winner of the Lake Arthur-Jal match at 6 p. m. At 7:30 St. Peter's plays the winner of the Hondo-Carrizozo tilt. Semi-finals will be played Friday night with the final and consolation games scheduled for Saturday night. All contests will be played in the spacious NMMI field house.

Coach Ralph McGuire will take a squad of ten players to the tournament including Bob Pior, Royce Lackey, Jim Wilson, Rodger Pope, Jerry Reynolds, Harvey Bonnell, Bill Easley, George McGuire, Ronnie Wilson and Benny Jones.

Hagerman, Hondo Lose To Warrior Cagers

By CHAS. PADILLA

Tomorrow night the Warriors wind up their cage season when they meet the NMMI Colts in the Warrior Gym. This will be the last home appearance of six seniors who are members of the "A" and "B" teams and everyone who wishes to see the six make their final home appearance is urged to attend. The action will start at 6:30 p. m. as usual with the Warrior and Institute "B" teams tangling. Another attraction of the night will be the crowning of the Basketball Queen for the 1957-58 season. The coronation will take place during the intermission of the "A" game.

Last week-end Coach Ralph McGuire's Warriors came through with flying colors, defeating both Hondo and Hagerman by impressive scores. The two victories ended the disastrous seven game losing streak and cinched a winning season for the Warriors. Their record now stands at 11 won and 9 lost with only tomorrow night's game remaining.

Last Friday night the Warriors' formula to Hondo's full court press proved successful as the Warriors again and again pulled a fast break against the Eagles to defeat them handily, 55-42. The Warriors held a lead over the Eagles most of the way except in the first period when the Eagles held a two point lead and in the third quarter when the Eagles managed to knot the score, thanks to Gerald Maes' hot streak, Bob Pior and Rodger Pope paced the Tribe with 14 points each although Hondo's flash, Maes, snared scoring honors with 27 markers to his credit.

One of the features of the game was Maes' streak when he hit for 11 straight points in the first three minutes of the second half. This feat enabled the Eagles to threaten the Warriors for the last time in the third period.

The Warrior "B" team lost their encounter with the Hondo "Bees" as they could not catch up with the Eagles in the last quarter and went down to a 46-43 defeat. Benny Jones led the Warriors with 11 points in this game.

The score by quarters:

Ruidoso A	7	18	20	55
Hondo A	8	13	29	42
Ruidoso B	12	24	32	43
Hondo B	8	27	35	46

Saturday at Hagerman the Warriors pulled away steadily in the last period and went on to defeat the Bobcats by a score of 66 to 49. The victory avenged an earlier loss the Bobcats had dealt the Warriors. Pior again led the Tribe with 19 points, pressed closely by Pope with 17. Jerry Reynolds had 13 also for the Warriors. R. Barnett led the "Cats" with 16 tallies.

The Warriors poured in 19 points in the last period as compared with the Hagerman quintet's 8. The Warriors' full court press in the last period was the leading factor that caused the Bobcats to blow up. The Warriors had only a meager two point lead at the halftime intermission and an eight point margin at the beginning of the last quarter.

The Warrior "B" team lost their tussle with the Hagerman "B" 50 to 41. The Bobcats jumped to a 20-1 lead in the first period and the Warriors never managed to close the gap. Benny Jones and Charles Perry led the Warriors in the scoring column with 12 and 10 points. D. Barnett of the Bobcats led the "Cats" in the "B" game with as many points as his brother made in the "A" game.

The score by quarters:

Ruidoso A	13	29	49	66
Hagerman A	13	27	41	49
Ruidoso B	1	16	22	41
Hagerman B	20	32	37	50

The Warriors found their winning ways again last week-end, beating Hondo and Hagerman. We had lost to both teams earlier in the year so it looks like the boys are improving. This week we play NMMI here Saturday. First game is at 6:30.

Next Thursday we begin the District Tournament at NMMI in Roswell. In the drawing held Monday Coach Ralph McGuire drew Eunice for our first game. He feels that this is in our favor because they won't be as "fired up" as in a later game. With them out of the way we will stand a good chance of bringing home a first place trophy to match last year's. The game will begin at 9:00 Feb. 27. Let's all get out and root them to a big victory.

RHS students were among those presented in Nannie Lou Dodson's music recitals Monday and Tuesday nights. On Monday Dixie Capps and Lana Vance were featured and on Tuesday most of Mrs. Dodson's students participated. There was some wonderful music both nights. Hope you were there. I heard Nannie Lou talking about another recital for duets and ensembles for later in the spring. Let's hope it works out.

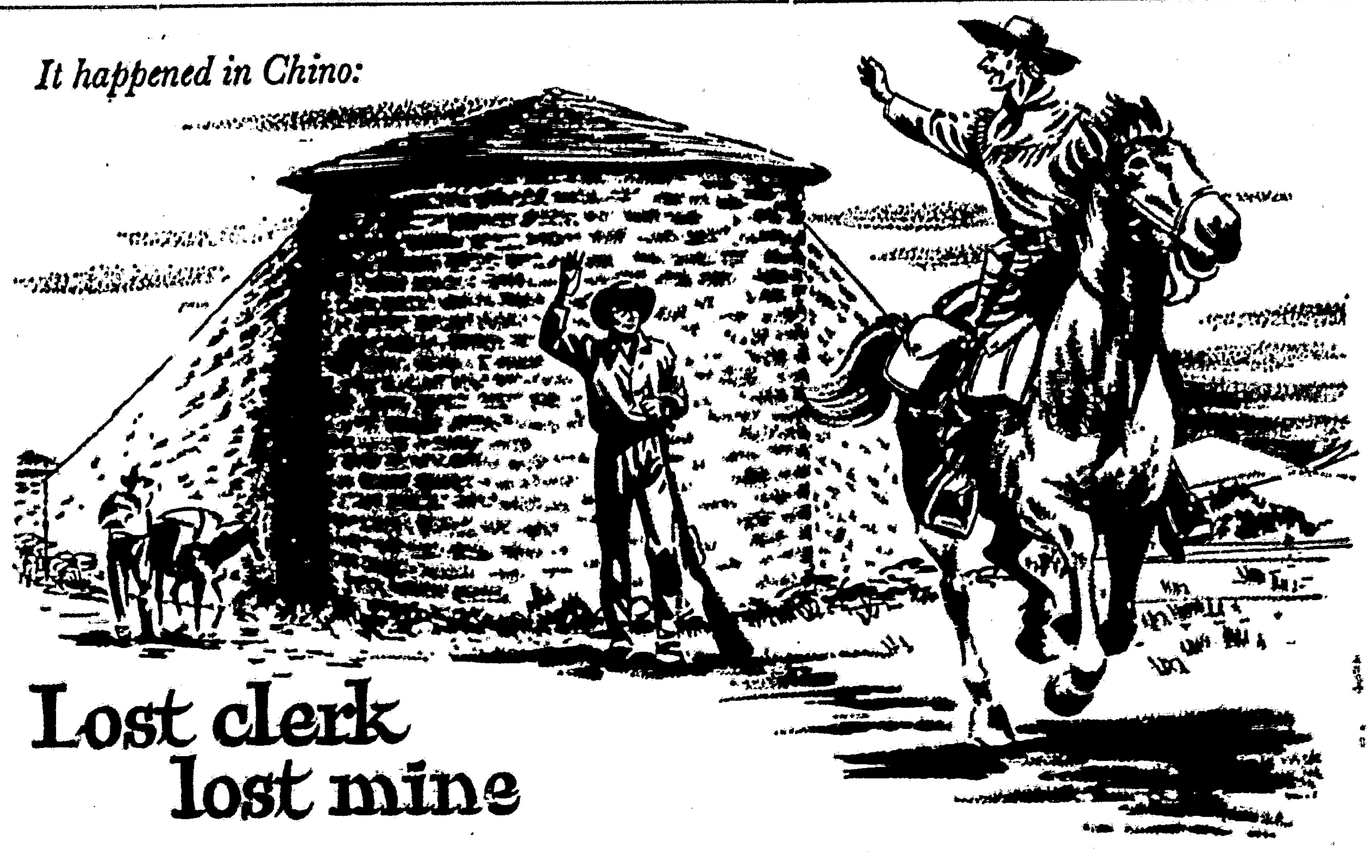
It happened in Chino:



Lost clerk lost mine

Sylvester Pattie said goodbye to his future in mining when he sent a trusted clerk to Santa Fe with $30,000 in gold bullion.

Pattie, a trapper along the San Pedro River, was the first American to operate Santa Rita's copper mine. In 1825 he and a party of trappers — with Apaches doggedly trailing them—hoped to save their furs and supplies by hiding them in an old mine opening.

The Indians, however, ran off their horses, took the furs and ransacked the supplies. The stranded Pattie, who was fortunate to escape with his life, investigated the mine. Satisfied as to its possibilities, he arranged to lease the property from heirs of Don Francisco Manuel Elguea, the first profitable owner-operator.

Pattie did well, developing the mines and a large ranch a few miles away.

In 1827 he sent his clerk to Santa Fe to buy supplies and equipment with $30,000 in gold. When a letter from the clerk failed to arrive as planned, Pattie's son, James, searched from Santa Fe to Chihuahua, Mexico, but never found him.

The financial loss was too great for Pattie, and with barely enough money to pay off his obligations, he was forced to give up mining and return to his traps.

Pattie's loss was typical of the hazards of the times. Today there are other hazards to the successful production of copper from low grade ore — and one of the most important is soaring costs.

In an effort to reduce this hazard, Kennecott is seeking economies in a wide variety of ways: through work simplification, expanded use of employee suggestions, improved methods, better use of supplies and equipment and the most efficient use of the work force.

This program is of tremendous importance to Kennecott and to New Mexico. It will help Kennecott continue to operate successfully. And successful operations mean continued benefits, including tax payments, that aid in the development of New Mexico.

This is the 4th of a series of advertisements pointing out highlights in the development of the copper industry in New Mexico.

Life Aboard Ship Is Interesting For Navy Son Of Local Couple

(Editor's Note: Rev. and Mrs. O. L. Oldham of Ruidoso Downs received the following letter from their son, Martin, in the Navy and aboard a ship. They thought Ruidoso News readers might enjoy the report he gives in this letter.)

USS St. Clair County
At Sea 27th day
9 February 1958

Dear Folks,

Good evening, well here I am back in Asia again almost that is, today we have been continuously at sea for 27 days, and day after tomorrow, however, we get to Okinawa, then we pick up some Marines to take to the Philippines, go to Japan then Okinawa, Philippines, Hong Kong, China, Japan then back to Long Beach, California, sometime the last of July. Anyway it looks like I am going to spend most of my life out here as last October makes 16 years in the Pacific Ocean, just before we left Long Beach, California, we had some new men come aboard and one was born in 1940, so I am beginning to feel old myself, however, I hope this is my last time over, the only thing is I have to think of a place to settle down which I am not sure of yet, because the last three years they send you to the place you want to retire, and I am not sure where I want to go yet, in fact I may stay out here, but of course I will be home this year sometime after I get back, by then I hope to know.

Here I am talking about myself, first I want to thank you for the present, that is something I never get enough of is pens of any type, because it seems like 90% of my work is records, I actually only spend about 1 hour a day taking care of sick people, the rest of the time writing up reports and on each man I keep all kinds of records, and most of the writing is done by hand, so thanks a lot, I am better off on this ship, however, because I only have about 100 men, usually I have had around 200 like the O'Bannon and Cockrell. The candy was good too, what I got of it, John's Mike ate most of it so I left the rest for him, I was up to see them the 5th of January just before me and John left. We also get back about the same time, however, we are going to different places and won't be able to see each other out here.

Also I am glad you got the presents from me all right, not much but I thought you would like them, the horse's heads were for Dad, they were hand carved by the Igarout natives of the northern mountains of the Philippines, the tribe there is the real native like our Indians, in fact they are a head hunter tribe, but that is illegal now. So they do these hand carvings, out of Mahogany, same as the Caribou (or water buffalo) I sent you. The Caribou is the important animal of the Philippines as they could not farm without it. The table cloth and the stole were hand woven out of Pineapple cloth also am glad you like them, will try to get you some more things this trip. Since I will be coming back with the ship, and can bring them, would have sent you more before but I am afraid of mailing them.

I don't hear much from the rest of the family but guess it is much my fault as theirs because you know how I am about writing, was also really disappointed when I could not have come home Christmas, that is one bad thing about having a medical specialty, especially in my case, where my specialty is small ships by myself, is being the only medical man with the ship, I did not even get a full day off on Christmas because I had some sick people aboard to take care of, and I am the only medical man aboard. But, however, I would not trade my specialty for any other in the Navy, because for one thing I have closer contact with the crew, and too I hear the troubles but we also do not have a Chaplain either so most of the time I am one they tell their troubles to because they know that the medical man is similar to the Chaplain in that their troubles are confidential. I only hope that in the past 16 years that I have helped some of the younger people, and other ones too, in their time of troubles, but a lot of times it is hard because I have no one to turn to myself, except in my silent thoughts and prayer.

Well folks I guess I will sign off for now and my prayers are also always for you, take care of yourself, and God Bless you and keep you.

Excuse this typewriter for the mistakes, it is almost as old as Dad's old Oliver.

Your loving son,
Martin.

Capitan News

(By Mrs. Ethel Keathley)

Mrs. Darling was a visitor in Ruidoso one day last week-end.

Mmes. Flatley, Charles Jones, Bill Hall and LeRoy McKnight attended the Ruidoso Woman's Club meeting in Ruidoso last Wednesday.

Patients from Capitan in the Ruidoso-Hondo Valley General Hospital have been Miss Rose Devara and Mrs. Flora Chavez.

News reached me late last week of the death of two more pioneer Lincoln Countians, however, both have moved away from here. The first was Mrs. Agnes Hightower, sister of the late Messrs. Fred, Al and Ed Pfingsten, and aunt of Mrs. Gil Peters of Angus. Mrs. Hightower died at San Bernardino, Calif., and was buried there. She had been confined to her bed for about a year. A daughter, Hazel Marlow of El Paso, has been with her mother most of the past year and Mr. Marlow and daughter went out at the time of Mrs. Hightower's passing. Burial was at San Bernardino. Incidentally, her departure marks the end of a large and honored pioneer family in this section. True, their descendants are with us, but Mrs. Hightower was the last of the Pfingsten family who had a hand in changing this country from a wild wilderness to its present state. Agnes was my friend and I grieved to hear she is gone.

The second death to report is the departure of Mrs. Lizzie Jennings of Globe, Ariz., who resided for years near old Parsons where she and Mr. Jennings reared a large family. Two of the sons, Tom and Buck, preceded their mother in death. Mrs. Jennings was a prisoner of a wheel chair for more than 20 years, suffering from something akin to arthritis. She was 82 years of age. Mrs. Hightower was probably between 70 and 75.

I forgot to share last week a letter I received from our mutual friend, Mrs. Carl S. Moore, in which she said "I led singing at prayer meeting Wednesday night so I'm better, don't you think?" I do because she already had related that she made a fishing trip to the coast recently with Mr. Moore and others. "Of course I sat on a soft cushion and watched them catch crabs and eels—it was a great treat to get out and see things," she wrote. She also mentioned her doctor said she might wait six weeks before returning to him for another check-up. Speaking of Capitan she said, "Hope all the folks are well and over the flu."

A. B. Zumwalt, Sr., made a quick trip from his home in Artesia last week in order to be present for the funeral of Mrs. Flov Skinner, who was his sister.

The Ferguson brothers, Billy and Wally, also were here briefly because of their grandmother's demise. Billy is in the armed services and Wally is in college.

Our old neighbor "Happy" Morris filled my gas tank again recently and told me Ken and wife had paid the Morrises a visit a recent week-end. They are fine, he said. He promised me some news for my column and I can scarcely wait. Even though the Morrises live in Ruidoso now, they are still one of us.

Mrs. Key has been ill at home for some time now, but she reports she's much improved—gaining in strength slowly.

Mr. and Mrs. Bill Hall had the privilege of a week-long visit from their son Tommy recently who is a student at the University in Albuquerque.

Some of our local fishermen have been to Nogal Lake recently and report success. Sounds like cold fishing to me.

Mr. and Mrs. Bill Hall took the Methodist Youth Fellowship group to a meeting at Las Cruces recently.

The Chuck and Chat Club had its regular monthly meeting last week at the Walker Jones Ranch. Walker Jones is Charley Jones' father. His ranch is 35 miles east from the Block ranch. About 20 members were present and two visitors. The host and hostess prepared the meat, baked ham and roast beef. Balance of the menu was brought by members and a wonderful get-together resulted. New officers were elected last week, Mrs. Owens as president and Mrs. N. E. Britton, secretary.

Mrs. Julia Hale, former resident of this village and daughter of Mrs. Grace Comrey of Nogal is visiting her mother, friends and Cousin Ben and Mrs. Ben Greisen and family. Julia calls Seattle, Wash., her home. She looks quite well and happy. Hope she gets around to greet her old friends here. Just now I hear she's out at her mother's home at Nogal.

Thursday, Feb. 12, Mrs. Lon Merchant, a ranch man's wife on the north side of the Capitans, had surgery in a Roswell hospital. She was reported recovering satisfactorily.

Since our last chat the weather reminds me of the proverbial woman who can't make up her mind. We've had a couple of traces of snow, above zero weather followed by Indian summer type weather. I'm not packing my winter duds, however.

Mrs. Cummins has been very ill recently, but she has stayed on the job because there was no one to substitute for her. Mrs. McClung returned to be at home in Duke City last Wednesday because her little daughter wasn't well and needed a mother's care. Hollis and Mrs. Sellars arrived home Thursday morning after a cold trip from Oklahoma. They encountered icy, slick roads between Tishomingo and Capitan. Now Mrs. Sellars is ill with a cold. She's been away since before Thanksgiving to visit a brother, but is glad to return here.

Rev. Fred Whitley returned Saturday from Albuquerque where he had been doing some manual labor. He couldn't make the trip to church Sunday morning, but Mrs. Whitley came with Mrs. Peters.

The N. E. Brittons attended the game Saturday night between Capitan and Tularosa at Tularosa, which Capitan won by two points.

The W. M. U. meetings have been held at the Baptist Church on Wednesdays recently, Feb. 5 and 12. Mrs. Anderson is very enthused over their studies of the Bible. The little ladies of the Baptist Church are also busy having recently re-organized and at Valentine, remembered some of the older ladies, including myself and Mrs. Hipp, with valentines. Mrs. Greisen tells me that although her mother can no longer see the cards, she thoroughly enjoys hearing them read to her. As for me, I too enjoyed my valentines from these little ladies very, very much. It was a commendable thing they did, pausing to remember those who no longer move swiftly, or perhaps not at all.

It is expected Mrs. Gussie Titsworth will return soon from an extended visit to Philadelphia, also going on to Florida for a visit there. I'm not sure of the date she's expected home.

Mr. Aldrich is reported improved although he's still in the hospital.

Well, folks, that's all I know except that Mrs. Hickman motored to Carrizozo Wednesday and I hooked a ride. She attended to various business chores while I began by a visit to my doctor for a regular monthly check. He was happy with the findings, reporting my heart has gained noticeably in the last three months—so much he reduced my heart medicant. However, like the groundhog, even though I did see sunshine (health-wise) I returned to hibernating. If a little rest helps, perhaps more is in order. The doctor recommended rest and diet and the diet is slowly but surely diminishing my poundage. In the doctor's waiting room I had a nice visit with Lee Robinson, northside rancher, who was also in for a check-up. He reports everything is good at his ranch. He lived many years out Angus way. I also visited with Mr. Baker before returning home, since I'm no longer agile and my wheel chair was home, he came to the car window to chat awhile, saying some very nice things regarding my recent writings in his paper, also mentioned my column here in a very nice way. I want my bouquets, if any, while living. Therefore I naturally enjoyed the compliments, not only from Mr. Baker but those I've received from many of my friends, some vocal, some written. Thank you every one. Now I'd better exit before the editor grabs scissors and waste basket. See you next week, I hope.

Pallbearers for the funeral of Mrs. Skinner last week were Gil Peters, LaMoyne Peters, Arvell Rummells, Ralph Dunlap, Alva Sitton and Glen Zumwalt. Honorary pallbearers were O'a Atcheson of El Paso; Mrs. Alva Sitton, Rosaline Dunlap, Pearl Stearns, Lydia Peebles, all of Nogal; Mrs. Lee Beall, Alamogordo; Mrs. Ed Gurk, Capitan. Rev. Bill Lytle of the Presbyterian Church of Corona officiated in the funeral rites.

Myles W. Gaston has re-opened his service station in downtown Capitan. He was a business visitor in Ruidoso Saturday.

Mrs. Lon D. Merchant was admitted to St. Mary's Hospital in Roswell as a patient Feb. 12.

Mr. and Mrs. Loyd M. Coffman, Capitan, are parents of a daughter born Feb. 12 in St. Mary's Hospital in Roswell.

Hondo School News

Hondo High Honors Alumni

February 4th was Alumni Night at Hondo High School and twenty-eight graduates of Hondo High School made their appearance at the special recognition ceremonies held in their honor. The Alumni Night was held in conjunction with the Hagerman-Hondo basketball game and as the graduates entered the gym, they were presented with a pin signifying their statures as graduates and indicating the year of their graduation. Then, during the half of the "A" game, Patsy Nunez asked the graduates to stand as their names were called. Everyone was asked to join in singing "Auld Lang Syne," while the Hondo High Pep Band under the direction of Mr. Charles Waltrip, provided the accompaniment. The Pep Band then rendered the familiar and nostalgic "Alma Mater," which proved a fitting finale to the impressive ceremony.

The following graduates were in attendance: Viola Trujillo, Rosella Gonzales, Freda Kimbrell and Melvin Chavez, class of 1957; Diana Montes and Caesar Salas, class of 1956; Helen Aragon and Leroy Montes, class of 1954; James Kimbrell, class of 1952; Mrs. Nellie Jones and Johnny Montes, class of 1951; John Sandfer, class of 1950; Libby Austin, class of 1949; Juan Montoya, class of 1947; Pauline Nunez, class of 1946; Mr. Albert Gomez, class of 1944; Albert Montes and Mr. McKinley McTeigue, class of 1943; Mrs. Juan Montoya and Robert Gutierrez, class of 1942; Miss Elsie Kimbrell and Mrs. Andrew Fresquez, class of 1940; Mr. Dick Fresquez, class of 1936; Mr. Dan Salas, class of 1935; Andrew Fresquez, class of 1934, and Mrs. Ethel Maez, Mr. F. Lydia Chavez Reigns As Hondo's Valentine Queen

In keeping with the tradition of hearts, candles and queens, Hondo High School students held their annual general election to determine the Valentine Sweetheart of Hondo High for the year of 1958. Each class first elected a candidate to represent them. The Freshman candidate was Lydia Chavez, the Sophomore candidate Juanita Torres, the Junior candidate Lydia Chavez, and the Senior candidate Nora Sanchez. The girls selected the following boys to serve as their escorts: John Blea, Freshman; Anthony Fresquez, Sophomore; Richard Sanchez, Junior, and Benjamin Chavez, Senior.

During the half of the Carrizozo-Hondo basketball game Saturday night, the lovely queen candidates, dressed in breath-taking formals, marched to the stage with their escorts and paused while the Student Body president, James Sanchez, announced the lucky winner, Lydia Chavez, Junior class candidate. Then as Lydia Torrez from Hondo played the March music, the happy queens and her court walked majestically from the stage amid the applause of well-wishers.

Letters to the Editor...

Safford, Ariz.
February 15, 1958

Dear Vic:

When I read this excerpt from your fine paper in the Arizona Republic this morning, it seemed a good time to "clip and mail." Don Dedera writes a daily column, and is widely read, so this insures a good fanfare for the Snyders' arrival in Phoenix. Our best wishes for the best of everything for them.

Our Ruidoso News arrives each Monday, and Joe, Deedee and I look forward to reading every word. Though we have been gone only four years we find many new names and feel we don't know "everybody" anymore.

Deedee is a high school senior this year, and is on the honor roll. John Cree is doing his third grade work with alacrity.

Best regards to all the Lambs.

Sincerely,
Dorothy G. Palmer.

(Editor's Note: The clipping she referred to is reprinted below from the (Phoenix) Arizona Gazette, and is similar to one printed in the El Paso Times recently in Hooten's column.)

"Ruidoso's loss is Phoenix's gain.

"When Dr. D. E. Snyder moved here from that New Mexico city recently, the Ruidoso News devoted a full page to him. 'Thank you, Don,' was printed three inches tall, and the typically western 'sentiment' below his picture included:

"'We regret exceedingly your resignation as our mayor, and the fact that you and your very fine family will be moving from our community. We all owe you much, much more tribute than this in repayment for the time, the energy, the thought, the work, the planning, the service you have given us'."

Ruidoso, N. Mex.

Dear Mr. Lamb:

Enclosed is my check to renew your good paper for a two year term. The old saying a dollar saved is a dollar made was never truer, and this looks like an easy way to save a dollar; I surely do not want to be without your newsy paper, so keep it coming.

My daughter Mozelle and I are flying to Manhattan Beach, Calif., this week to attend the wedding of my niece, Dora Lynn Chaltwood, to Lt. Bert E. Cowden on Feb. 14th. Mozelle is to be the Junior Bridesmaid and is looking forward to the occasion. We are also looking forward to returning to Ruidoso about the middle of May.

Best regards,
Mrs. Barney Hopkins.

Mr. Vic Lamb,
Ruidoso News,
Ruidoso, New Mexico.

Dear Mr. Lamb:

I was surprised and delighted to see an excellent photograph of one of my Guatemala skirts in the Feb. 14 issue of the Ruidoso News. Thank you and Mrs. Barber for this nice bit of publicity.

It is interesting to belong to International Traders and I am learning a lot about trade with merchants in Europe, Asia, New Zealand and Australia. I am anxious to receive a small shipment of Nielloware from Thailand. The process of making Niello jewelry is quite elaborate, requiring great skill and precision, and it has been made in Thailand only, since the 13th century. They also make bronze flatware that looks like gleaming gold. It is beautiful. Will have some of it before the season opens.

Enclosed my check for another year of Ruidoso News.

Very truly yours,
Edna C. Schierenberg.

BUYING AT HOME is much like the Golden Rule, "Whatsoever ye would that men should do to you, do ye even so to them."

EVERYBODY RECOMMENDS IT FOR EVERYBODY ELSE, But . . . the sad fact that some folks who preach buying at home don't practice it much, doesn't keep it from being a wise habit. There always will be people who regularly stand in their own light, even when they know better.

Unlike the Golden Rule, the principle of buying at home has few moral aspects. It's just a matter of good hard dollars and cents, and fuller living.

Because somebody else does . . . or doesn't . . . is no good reason to give away what is ours.

Yet that is just what we're doing when we spend our money off somewhere else, with the excuse that our neighbors are doing it.

Let's quit watching them, and examine our own habits, reminding ourselves selfishly that of each dollar we spend, nearly one third goes to pay for community progress and upkeep.

But it's no soup in our pot, no schools for our kids, no churches for our souls, nor increment for our property, if it is some other community.

Contributed by a Reader.

Mr. Vic Lamb, Editor
Ruidoso News
Ruidoso, New Mexico

Dear Mr. Lamb:

The New Mexico March of Dimes has once again enjoyed the generosity of the people of New Mexico in a very successful 1958 fund drive.

The great part of that success is due to the wonderful support given the March of Dimes by the Ruidoso News. Without your telling the story behind our appeal that "Survival Is Not Enough" and the continuing need for funds for the rehabilitation of the polio stricken, many lives would be less bright today.

On behalf of the thousands for whom the vaccine came too late, allow me to express our sincerest thanks.

Sincerely yours,
Morry Yasbvin, State Chmn.

Nob Hill School

Second Grade—Mrs. Sullivan

Everyone wants to thank our room mothers for the lovely Valentine party which they gave us last week.

Visitors present at our party were Mr and Mrs. Peebles, Mrs. Taylor and Mrs. Loftis.

Wanda Ferguson is the only one in our room having a birthday in February. A birthday cake was served in the cafeteria to all in school who had February birthdays.

Those on the honor roll in Spelling and earning stars were Danny Graham, Leonard Hicks, Carl Reese, Kathy Imlay, Bobby Salas, Chuckie Loftis, Michael Blake, Martha Yearout, Dion Parsons, Amy Salas, Mary Lou Jansen, Gene Enjady, Frankie Candelario, Sandra Posey, Tommy Valliant, Freddy Herrera, Monique Vanderstok, Quenda Shults, Vera Turnbough, Lala Lester, Gary Turner and Beverly Taylor.

Third Grade—Mrs. Cunningham

We want to thank Mrs. Duncan Williams, Sidnia Cunningham and Mrs. Edith Johnson for the nice Valentine cookies we had for our Valentine party. We want to thank Paula Williams for decorating our napkins and the following for the cokes: Mary Aguilar, Dennis Nosker, Silverio Candelario, Gerald Miller, Sharon Wilson, Jean Kelt and Gale Cooper.

Our candy sale was successful thanks to the following mothers: Mrs. Charlie Martin, Mrs. Silvano Sanchez, Mrs. W. M. Zinn, Mrs. J. T. Wilson, Mrs. Petra Aguilar, Mrs. V. A. Miller, Mrs. Dorris Massey, Mrs. Alfred Turnbough, Mrs. Janice Cooper, Mrs. Duncan Williams, Mrs. C. V. Cunningham and Mrs. Kenneth Nosker.

We have started multiplying by 2's in Arithmetic and are working hard.

The following have made 100 in spelling the last several times, at least once: Frankie Alexander, Silverio Candelario, Gerald Miller, Bonnie Salas, Ross Scott, Mary Aguilar, Roberta Lawing, Diane Martin, Amie Sanchez, Cathy Massey, Paula Williams, Carolyn Sue Mayhon and Jean Kelt.

We are sorry to lose Lester Hopkins who has moved to Artesia.

We have already spent $5.00 of our candy sale money for some phonics records.

We have several new library books. We are so proud of them.

The entire 3rd grade is working hard in Science. Right now, we are mounting the birds we have been drawing in boxes.

We are so proud of how well we are doing in Mrs. Moore's writing glasses. We think it is fun, too.

Third Grade—Mrs. Moore

The third grade enjoyed a Valentine party Friday afternoon. Sidnia Cunningham and Cynthia Hickam each decorated a large Valentine box and brought them to school to be used at the party. The boys' Valentines were put in one box and the girls in the other. Mrs. Stanley Cochran made and served fruit punch to the children.

The room wishes to extend a thanks to Mrs. Cochran and to the other mothers who sent cookies and candy, napkins, cups, and helped in any way to make the party a success.

February birthdays are Melvin Yuzos and Rebecca Yuzos.

Pictures taken last week have been given out to the children.

In the last third grade news, the name of Cynthia Hickam was omitted as a block design Captain.

Large lunch stars were earned last week by: Albert Randolph, Jack Hobbs, Richard Rice and Tommy Reynolds.

They were: Tom Jones, Donny Klein, Stevie Loftis, Richard Rice, Jimmy Swetnam, Merridy Johnson, Sonny Taylor, Jack Valliant, Linda Ferguson, Peggy Gilliland, Susie Kelley, Nancy Ward and Rosemary Wilson.

Gloria Hickam brought a beautiful "dezert rose" rock to school for us to see.

Peggy Gilliland enjoyed playing at White Sands on Sunday.

This week we are having to say "goodbye" to two of our pupils, Merridy Johnson moved on Monday and Jimmy Swetnam will leave on Friday. We hate to lose these children.

The class received a letter from Patricia Fowler, a former classmate, who now lives in Texas. We were glad to hear from Patricia and we are writing her a letter.

Sonny Taylor and Donny Klein have February birthdays and were entitled to eat at the birthday table on Tuesday.

First Grade—Mrs. Matthews

Thanks to Mrs. Shier, Mrs. White, Nora and "Sister" Rue, Mrs. De Clark, and Mrs. Jeffreys for the lovely Valentine party refreshments. Everyone had a wonderful time.

Laff and You'll Live Longer

A minister, returning home late one night from a sick call, noticed one of his parishioners staggering down the street.

"Let me help you to the door," said the minister, guiding the inebriated member of his flock gently home.

At the door the besotted man pleaded with the minister to come into the house with him. But the minister demurred on the grounds that it was too late.

"Pleash, Rev'ren'," the man beseeched him. "Jusht for a minute. I want the wife to see who I been out with tonight."

Manager Needed For Apache Charcoal Plant, Says Editor

By BILLIE HOLDER
(Editor, Alamogordo News)

The Mescalero Apaches are all set and ready to go with a charcoal factory. They have made quite a number of experiments, several trips to various distribution outlets, and feel that with the raw material on the reservation, with their labor supply and with some money they can develop a sizeable industry. They are all ready with all those ingredients, but they now are in need of someone with organizational ability to take over the project and get it into operation.

They need a manager. They prefer that the person have some knowledge of the job at hand, and of course marketing experience would be highly valuable.

The charcoal industry for Mescalero's Indians would benefit them in many ways. They need to be cutting out more of the timber than they are because they now have no profitable use for what must come out. And they need some economic strength—some of their people need jobs. And the Southwest is using more and more charcoal as years go by. It is a natural, and we're going to do everything we can to help them find a manager.

At the present time they plan to make their charcoal in "chunk" form and not make bricquets out of it. This has many advantages, they say, some of them being there is less waste, it starts easier in that it is not packed so tightly, and the reasons go on and on.

But the main thing is that they are making progress, and when they find a manager for their operation they will get an actual business operation into swing. It will benefit the entire area.

Ruidoso Doctor Tells Of Need For Sewer System In Community

(Editor's Note: With Ruidoso property owners to vote April 1 on a $250,000 bond issue to pay a portion of the estimated $500,000 sewer system projected for this community, the Ruidoso News has asked Dr. Bram Vanderstok to air his views concerning the need for such a system here. His article appears below.)

PREVENTATIVE MEDICINE AND PUBLIC HEALTH
By BRAM VANDERSTOK, M. D.

Disposal of human excreta is one of the great preoccupations of civilized mankind. The primitive Eskimo lives indiscriminately with his children, dogs and household wastes, but the more civilized nomadic Indian of Labrador is very careful to take his drinking water from the upper reaches of the stream on which he is camped and to dispose of his excreta on the lower side. With the advances in civilization, and as homes have become more permanent and living more complicated, the difficulties encountered in waste disposal and the dangers therefrom, have multiplied enormously. Thus, it has become a truism that the system for waste and sewage disposal that is encountered in any given community is a direct index of the stage of civilization and the degree of development of that community.

Nature has provided for a very satisfactory system of safe excreta disposal in nitrogen cycle, but this process takes time, requires much space and is accompanied by a rotting process with very disagreeable odors. It is obvious that this natural nitrogen cycle is all right in areas which are very lightly populated. In growing communities this system very quickly becomes too slow since excreta are constantly added before the chemical process of the nitrogen cycle is completed.

There are three systems of disposal commonly used, namely the sanitary pit privy still used here and there (let us not talk about it); the septic tank, as used in Ruidoso, and the water carriage sewage disposal system as used in most cities in civilized countries.

The septic tank is acceptable for rural homes which have an adequate water supply under pressure and that cannot be connected with a community disposal system. The sewage is discharged into a tank which is buried in the ground. After digestion of the material occurs, the effluent overflows and is distributable through the garden in the subsoil by loose-jointed earthen tiles. This system does not function correctly in the presence of too much grease, therefore kitchen wastes should never be discharged directly into the septic tank. One can see that the septic tank system also involves a time factor for the digestion, or chemical destruction of the fecal material, and if the supply to the septic tank is faster than its capacity to process, we will see a saturation of the soil with undigested fecal material. With the growth of our local population, the areas of contaminated soil will increase and will produce a danger for the drinking water supply.

The sewage system is the answer to this problem in places where the septic tank system becomes inadequate due to the density of the population. For the most part, communities have discharged sewage into adjacent rivers, lakes or into the sea. This method works very well if the body of water is very large and the volume of sewage very small and if other communities do not take their water supply from the lower reaches of the river or lake into which the sewage has been discharged.

In Ruidoso we do not have a river suitable for such a purpose, since all the water of the Rio Ruidoso is used in the lower reaches. We have no lakes and not too much sea in our neighborhood. Therefore, it might be necessary to have a sewage treatment plant in connection with a sewage system in order to render the great bulk of sewage non-noxious before it is discharged wherever it is deposited. These various devices for the purification of sewage are based on sound bacteriologic methods as well, in the breaking down of the complex nitrogenous products of sewage into their end products, when they can again be utilized by plants.
