Around Town

—By Nosey Waters—

The Lincoln County News editor said I did not stick to facts in my squawk about the Ruidoso News not getting its share of county legal notices and printing. By even policing what I wrote, he stepped into a bear trap.

Perusing the monthly list of disbursements by the County of Lincoln for the last 24 months—a record of expenditures by check—we find that a total of $8,057.73 was spent for printing, office supplies, publication of legal notices, business machines and equipment and those specially designed bound books (which neither of us can manufacture, as he pointed out.)

Of that $8,057.73 the Lincoln County News received more than one-fourth—or $2,420.26; Albuquerque firms, including Valliant, also Dorsey and business machine firms such as Frieden and Burroughs, received almost half—or $3,902.26; Roswell firms received more than one-eighth—$1,184.73, which includes Roswell Printing Co. and Allied Business Machines, who deal in office supplies just as we do, and machines; Bishop Printing Co. of Portales received $361.86; a Las Cruces firm received $18.00 and an Alamogordo firm $18.56; and the Ruidoso News received one thirty-second of the grand total—$252.04—or one tenth of what was spent with the Carrizozo paper!

He said I did not stick to facts when I said I was not asked for bids on printing when I HAD been asked for a bid on the county ballots in 1956—and did not submit one. That's wrong. I've been asked for two bids—Inice Hust asked me to bid on some vouchers—I did—and have printed two orders on them. I judge the expression I wrote that I was not given consideration for printing is true when you can see for yourself out of some hundreds of orders for printing and legal notices throughout 1956 and 1957—24 months—I have been given only two small printing orders and only a very minor portion of legal notices.

How can he advise the county purchasing agent that some jobs need to be printed outside the county because we do not have the facilities when he has never been in our printing office—even though I've called in his a dozen times or so?

Supt. J. H. Morris says there have been some inquiries as to why school is being held now on days when there is heavy snow on the ground, and why school was held on a Saturday recently. "We are required to have school 172 full days each term, and since we have set May 23 as the day for closing this year's term, if we miss any day because of inclement weather, we have to make them up on Saturdays." He explained that with the summer season in Ruidoso bringing a need for the young people to be at work during the tourist rush, especially the high school age children, that he does not deem it advisable to extend school days beyond the May 23 closing date, and for that reason, any day lost will be made up on a Saturday—and unless the weather is dangerously fierce, school will be held, even with heavy snow. . . .

Hollywood residents are hot after the prospects of getting street lights through that community, with assistance of the Community Public Service. Interested persons in that area have conferred with C. P. S. officials regarding the power company's offer to aid in setting up poles and lights. Henry Jackson and Carl Wright are among those who feel that a system of lighting the new divided highway through Hollywood can be worked out. They have had offers of assistance from several Ruidoso individuals and business firms regarding cost. Main problem now is payment of the monthly light bill—since there is no organized village of Hollywood, some responsible group must assume the liability. Jackson says funds for paying the monthly bill may be collected as much as a year in advance to insure continued service. Ruidoso Street Commissioner Tom Jones also is at work on a project to bring the lights into Ruidoso from the Hollywood stretch at the junction near the Hollywood postoffice. Hollywood may not get the mercury vapor lights Green Tree proposes to install, because the cost is too great, one spokesman said.

AUTO DEALER PROGRAM FOR JUNE CONVENTION

A committee of three, Harry Powell of Tularosa, Chevrolet and Oldsmobile dealer; Marvin Roberts of Carrizozo, Ford company dealer; and Nelson T. Turner, executive secretary of the New Mexico Automotive Dealers Association, met here at Navajo Lodge Saturday to plan a program for the 1958 NADA convention to be held here in June.

FOOT OF SNOW SMOTHERS PLAYGROUND AREA

Ruidosoans were treated to a fantastically beautiful sight here Monday afternoon when the sun broke through clouds that had enveloped the Playground of the Southwest for three days last week-end and early this week—dumping a foot of snow hereabouts.

Ruidoso's parks, the golf course, its winding roads among the hills and every tree in the canyon presented an ethereal, dream-like picture. The snow brought gladness to many, who enjoyed fun in the snow in various winter sports—it brought a slow-down in retail business in general and in the construction business particularly—and it brought hard work for those people operating wreckers, auto service stations and for peace officers of all departments—but, it brought much needed moisture to the thirsty woods, too.

Reports from almost every corner of the county brought news of heavy snowfall. West and southwest of Ruidoso the snow was much heavier. At least 16 inches fell at the Summit, the Mescalero Apache tourist lodge and cafe on U. S. Highway 70. Cloudcroft was buried in a snowfall equally as heavy.

Every tree in the canyon was loaded with pillows of snow, like a thin man stuffing for a portrayal of Santa Claus. Each house in the canyon vied with its neighbor to produce championship icicles.

Much heavier snowfall was noted in upper Ruidoso and in the Pinderosa Heights area—as much as 18 inches being reported.

More Snow at Midweek

At midweek additional snow flurries had added to the overall total at least another two inches.

Tom Hood and Tom Jones, Ruidoso village officials, were in Capitan Wednesday on Eagle Creek water business.

They reported a representative of the Army Corps of Engineers had been advised to withdraw as a participant in construction of a dam, a project that has been hanging fire many months.

New Minister Is Called By Presbyterians

The Rev. and Mrs. Paul S. Van Dyke of Victoria, Tex., are to arrive in Ruidoso the latter part of this month and Rev. Van Dyke will then assume the pastorate of the First Presbyterian Church, an official of the church announced this week. He succeeds the Rev. Wm. B. Holmes, Jr., who moved late last year to Van Horn, Tex.

Rev. Van Dyke has been pastor the last six years at Victoria, where he resigned to accept the call in Ruidoso.

Unless unavoidably delayed, he will preach his first sermon here Feb. 2, using for his theme, "Confidence in the Kingdom." Mr. and Mrs. Van Dyke will reside in the church manse located off Mechem Drive just beyond the drive-in theatre.

ROTARIANS INITIATE ONE NEW MEMBER

Ruidoso-Hondo Valley Rotary Club Tuesday noon welcomed a new member on the roll—Jake McDonald. He was presented with a club badge and pin by A. E. Hunt.

Andrew Hendrix of Alamogordo is a candidate for district governor of Rotary International this year, the club was informed, and its members expressed 100% approval of his candidacy.

The club met in a luncheon session at the O. E. S. building in Palmer Gateway.

WILLIAMS BUYS LOT

Johnny Williams, owner of Cree Meadows Golf Course, has purchased a lot near the golf course clubhouse from Juanita Frost of Abilene, Tex., Allied Realty Associates, who handled the transaction, reported this week.

71-Year-Old Man Passenger In Car Tumbling 250 Feet

Enock Flyum, 71-year-old Cherry Hill, Ark., resident, driving a 1950 Plymouth 4-door passenger car, survived a 250-foot plunge down a mountainside here Friday afternoon last week when the vehicle he was driving sideswiped two others and went out of control. Wayne Estes of Ruidoso was among those on hand to assist the man from the crumpled machine which turned over and over down the steep embankment near the Storm Ranch two miles west of Glencoe on U. S. Highway 70.

State Policeman Bob Jurney, who investigated, said Flyum, headed west, started to pass a car pulling a long trailer in a no passing zone on the high mountain road when G. B. Waltrip of Ruidoso, going east, loomed into view. Waltrip moved to the edge of the precipitous road, but could not avoid a collision and Flyum's car struck both Waltrip's 1956 4-door Chevrolet and the trailer he was trying to pass. Damage to the trailer was estimated at $100, damage to Waltrip's car $200, which suffered a crushed left front. Waltrip escaped unhurt. Flyum was in a very serious condition in an Albuquerque VA hospital where he was rushed after receiving emergency treatment in the local hospital. He suffered concussion and possible internal injuries. His car was a total loss after its plunge, Jurney said.

Lions Initiate Three New Members

Ruidoso Lions Club Tuesday evening initiated three new members—Dave Parks, John Sigler and Virgil Peters, in its regular supper session at Carrizo Lodge.

Plans were made to go to Alamogordo and meet with a club there next Tuesday evening. All Lions planning to make the trip are asked to meet at Nob Hill Restaurant at 5:30 p. m. Tuesday for transportation. The visitation will be in lieu of the regular meeting next week.

O. E. S. STILL HAS CALENDARS FOR SALE

Out of 200 1958 birthday and anniversary calendars ordered printed especially for Ruidoso and vicinity by Ruidoso Chapter No. 65 of the Order of the Eastern Star, there still remains about 40 copies to sell, an official of the O. E. S. said this week. The calendar lists hundreds of birthdays and anniversaries, and has a picture of the Ruidoso O. E. S. building. The calendars may be purchased at 60c each from Mmes. Mary Russell, Billie Clarke, Nora Lualiin, Pearle Bostian or Jo Leland, it has been announced.

TWO NEW MEMBERS FOR C. OF C.

President A. E. Hunt, assisted by various members of the Chamber of Commerce, are on a continuing drive to obtain "stockholders" in the C. of C. here, reporting one or two every week. To date there are 137 who have joined for the 1957-58 term. Latest to be added to the roll of community boosters are Bennett's Foodliner and L. P. Hair's Louis Philippe Studio. President Hunt said some members who have pledged monthly dues have dropped behind in their remittances, and it's working a hardship at this time on the C. of C. to pay even its ordinary obligations. He urges those who have been lax to hurry on in with their pledges.

Letters to the Editor...

U.S. MAIL

January 18, 1957
Ruidoso, N. M.

Dear Vic:

I wonder if the people in Ruidoso know what a really wonderful bunch of young men we have here? I am hoping that you will publish this letter so the ones who don't know may learn. Maybe in age they are still young but I think everyone in Ruidoso could learn something of human kindness and love from our Boy Scouts. And their's is a sincere feeling. They feel sure that if we can keep the troop active that we can teach some boy the bright side of life and make a solid citizen out of him, and keep him from going to some reform school. They even worry about some boys who have already gone, and discuss ways and means of keeping it from happening again.

Our last meeting included a program for the coming year and the troop decided to make a year long project out of some underprivileged, small children. This is their project. They intend to collect old and broken toys and repair and repaint them and distribute them next Christmas. If anyone has any toys, paints, brushes, what-have-you, if they will call and leave their address and name with Mrs. Redmann at the Chamber of Commerce office, phone 2005, the troop will be glad to call for them. Or, if anyone wishes to leave anything at the chamber office, we will pick it up there.

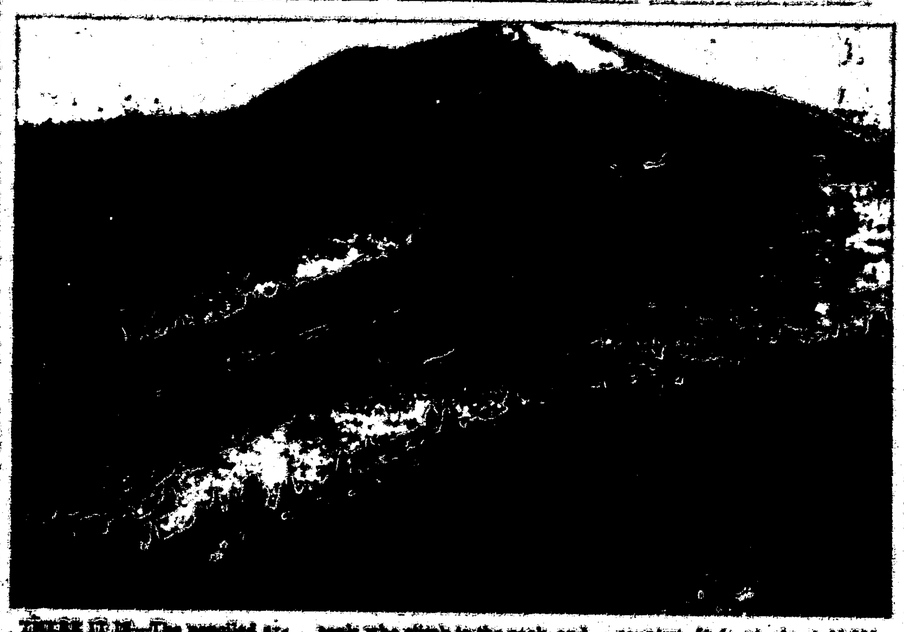
Now, for the troop itself. The boys would love to make their Scout House a show place of Ruidoso. They intend to make displays of most everything that applies to Scouting. So, if anyone has anything to contribute to this, they would be very grateful for it. Also including stuffed birds, animals, hides and antlers—and Indian artifacts.

To wind up this letter, I would like to point out the pride these boys have in our community. They felt that we should march in the parades in Roswell and at El Paso in the Sun Carnival and our own Aspencade, but they had no uniforms and felt that this would cast a reflection on our community. They would like very much to have uniforms and this is their method of obtaining them: If anyone wishing to help buy some boy a uniform calls the C. of C. office he will accept any job you may have, from baby sitting to wood chopping and there will be no charge. You may give whatever you wish. And, if you have an old chair, lamp, some appliance that doesn't work and would like to get it out of your way, we would like to have that, also. Who knows, we might be able to repair it, refinish it and sell it back to you.

And, neighbors, please remember this—a good boy is a busy boy.

J. B. Wall, Jr.

(Editor's Note: Thanks for this stimulating letter, Scoutmaster Wall. Let's take the letters "linqu" out of the awful term "juvenile delinquency"—you'll find it almost leaves "juvenile decency." Tell your boys we figure they're going a long ways towards erasing the "linqu," and adding that "c." V. L.)



THERE IT IS.—The parcelled arrow Sheep in this photo points out the shack that stands unannounced on the north slopes of Sierra Blanca. It is visited very rarely, now and then by some brave souls who climb to the peak, and sometimes by weary hunters who want to find a spell. The shack is a landmark to many old-timers of this area, but is seldom seen by visitors to this country. It is at about 11,500-foot elevation and has been standing for about 25 years. The photo was made from one of Brown Air Service's planes with Ralph Brown the pilot.

Tres Valles Garden Club Sets Date For 4th Annual Apple Blossom Fete

By MRS. JOHN THOMAS

The Tres Valles Garden Club will have its fourth annual Apple Blossom Festival April 19 in the Hondo gym at 8 p. m.

Some of the girls who would like to be contestants might peruse the rules given below for details of eligibility:

1. All high school girls from freshmen to seniors who are not married and are regular students in the Ruidoso, Hondo and Capitan high schools, are eligible.
2. Each high school may have four contestants. There cannot be more than one girl from each community of the high school district.
3. Each high school must hold elimination before April 1.
4. Each high school will sponsor its own contest.
5. Judges must be chosen who do not know any of the candidates.
6. All contestants must try out at the same time.
7. Names of the winners and their scholastic averages must be sent to Mrs. John Thomas, San Patricio, not later than April 7.
8. Princesses will be judged as follows:

HISTORIC STORE CLOSED IN OLD LINCOLN

Edward Penfield of Lincoln, visiting in Ruidoso Sunday, reported the historic Tunstall-McSween store, after being in operation 80 years, is now closed. Penfield owned and operated the place in recent years. The store figured prominently in the Lincoln County War. The State of New Mexico has purchased the building in a part of the long-range restoration program for the community of Lincoln. The store will be operated as a museum in the future. Penfield said he had no immediate plans for the future. His stock of merchandise was purchased by Harold Ely and it is now located in the Hernandez Cafe building.

Methodists To Honor One Of Its Members Sunday Evening

The Community Methodist Church will honor one of its members at the seven o'clock service Sunday night, Jan. 26, 1958.

The program will be modeled after the television program, "This Is Your Life." Ralph Edwards has given the church permission to use this type of program even to furnishing a model program and sheet music for "This Is Your Life."

Corsages will be given to the honoree, a gift from the church, and the program will be tape recorded and given to the honoree. It is highly possible that guests from out of town, or relatives, will be here to surprise the honoree.

"Don't miss this Sunday night program for you might be the one to be honored," Pastor Hugh Bailey said.

There will be a church dinner at the Cafeteria Monday, Jan. 27, from 11:00 a. m. to 2 p. m. and from 5 p. m. to 7 p. m.

A delicious meal for $1.00 will be served to benefit the Methodist Building Fund.

The Chairman of the Board of the Association of American Railroads says that this industry is giving special consideration to the utilization of atomic energy and nuclear physics on accomplishing research objectives. Known fields in which radioactive substances may be useful in railroading include power production, preservation of foodstuffs in lieu of refrigeration, and the changing of physical properties of materials to make them more suitable for desired purposes.

Snake bites and bee stings helped account for 52 deaths in a recent year, the National Safety Council says.

DEMO DINNER IS MONDAY IN CAPITAN

County Central Committee Chairman Hollis Cummins this week issued a reminder that a dinner will be served at 7:30 p. m. next Monday in the school cafeteria in Capitan as a kick-off for the 1958 Democratic election campaign. Tickets are $5 per couple, with the Capitan Band Boosters to get $3 of the $5, Cummins said.

State Democratic Chairman Ernest Tucker of Roswell is to speak, and several announced candidates for state Democratic nominations are due to be on hand.

County Wool Growers To Meet Feb. 1

By RALPH R. DUNLAP
(County Extension Agent)

Predatory animal control will start off the morning program of the Lincoln County Wool Growers Association annual meeting. It will be held at the Carrizozo Woman's Club starting at 10 a. m. Feb. 1. CHURCH MEMBERS CONTRIBUTE $80 TO GIRL SCOUT FUND

Rev. Mark Cronenberger, pastor of the First Christian Church, and leader of a current Girl Scout Finance drive here, said three churches last Sunday raised about $80 for the fund by taking special collections at the end of services. He said the Methodists reported about $10, the Christian Church about $10 and the First Presbyterian $01.

Catholic Church, Lions Give $25 Each

Rev. Cronenberger said this week he had received a check from St. Eleanor's Catholic Church for $25 in lieu of a special offering being taken there. Tuesday evening Ruidoso Lions Club voted to contribute $25 to the drive.

The finance chairman said that due to inclement weather this week preventing further solicitation among homes and business places that the drive would be continued as long as necessary.

FORMER RUIDOSOAN HAS SHAMROCK AGENCY IN ALAMOGORDO

Jimmy Palmer, long-time Ruidoso resident, and more recently a Conoco wholesale dealer in Lovington, now has the wholesale and retail agency for Shamrock petroleum products in Alamogordo, his friends here have learned. Palmer has a service station west of Alamogordo on U. S. Highway 70, just beyond the overpass.

HOSPITAL DIRECTORS ARE RE-APPOINTED

Directors of the Ruidoso-Hondo Valley General Hospital were reappointed in last week's meeting of the Lincoln County Board of Commissioners. They are L. L. Butler, Mrs. Emadair Chase Jones, Robert McDaniel, Kiel Bonnell and W. A. Hart. Terms of office are for two years starting Jan. 24.

OPEN BIDS IN FEBRUARY ON SALADO DAM EAST OF CAPITAN

The Upper Hondo Soil Conservation District has issued an invitation for bids on the huge Salado dam, proposed to be constructed six miles east of Capitan, Clem Weindorf, work unit conservationist, announced here Saturday. The project will cost an estimated $300,000.00, he said, and will include an earthen dam to be constructed of some 300,000 yards of rock and soil. It is designed as a flood retard dam, and should retard the swift flow of some 5,000-acre feet of water during floods after heavy rains, or in the spring run-off period.

Date for opening the bids is Feb. 13. Construction would likely get underway shortly thereafter, he predicted. "With this retarding wall to hold back the floods, we might see some of the springs come back to life in the lower reaches of this water shed," he added.

Green Tree Mayor Urges Big Vote

Mayor Jack Shriver this week said he was hoping for a full expression of the voters on the question of changing the name of Green Tree to Ruidoso Downs in the election called by the village council there for Saturday of next week, Feb. 1. "I do not know of any organized opposition here over the change, and I do not predict if it will be voted for or against," he declared, "but I do hope that every qualified voter will express himself so we will know what the majority wants. I want the majority to rule—whether it is for the change or against it. If everyone has their say by ballot, then we will know what the people want."

On advice of the Ruidoso News, the mayor said an article will be prepared for next week's publication defining qualified voters in the election. "We want every one to know whether they can or cannot vote in this election," he said.

Chino Heads Tribe Again

The Mescalero Apache tribal business committee has re-elected Wendell Chino to a fifth term as president.

An ambitious program of work for the coming year was set up in a committee planning session, it was announced.

Other officers include Amos Gaines, vice-president; Rudolph Treas, re-elected treasurer, and Mrs. Narcissus Gayton, re-elected secretary.

New and re-elected members of the business committee taking office at the meeting were Treas, Eric Tortilla, Alton Peso, Andrew Little and Mrs. Virginia Klinekole.

A publicity release from Mescalero accompanying the story of the board's election said projects planned for 1958 for the tribe was early development and production of charcoal and an employment activity for tribal members, and the promotion of a farming operation as well. There was also reference to continued interest in the community recreation program begun last fall. Announcement was made of the employment of L. L. Burner of Albuquerque in a managerial capacity to work with the tribe in the Summit venture. Burner was to enter his full time duties Jan. 20.

Another long-range project expected to add materially to the tribe's economic welfare upon its successful conclusion is the Mescaleros' continuing effort to settle tribal land claims against the U. S. government for the Apaches' original homelands. The local Apaches hold claims under both the Mescalero and Chiricahua tribes.

Chino today noted that the average age of the officers of the Mescalero tribe following the recent elections is approximately 33 years, and commented upon the evidence of youthful interest and enthusiasm in tribal affairs. He also noted the fact that two women currently are serving on the business committee—Mrs. Klinekole, wife of Bruce Klinekole of Three Rivers, former Otero county commissioner, and Mrs. Gayton, re-elected to the position she formerly had held with the committee.

"Although the active participation of women in tribal business affairs is not entirely unknown, it is somewhat unusual," the committee president commented. "However, the participation of women in tribal affairs has been long overdue in the opinion of many tribal leaders."

FRUIT GROWERS MEETING SET FOR FEB. 3

A county fruit growers meeting is planned for Feb. 3 at the Shrecengost home at Hondo at 7:30 p. m. Gerald Nielsen and John Durkin have been asked to discuss mite and insect control at the meeting. Mr. Nielsen recently spent a year in mite control research in Utah.

MAN GIVEN PEN TERM IN MOLESTING CASE

LaRoy Jackson, aged 25, who worked for a local tourist accommodation for a few months last year, was sentenced to from two to five years in the state penitentiary by District Judge W. T. Scoggin last week on charges of contributing to the delinquency of a minor. Local officers said he had molested a young girl here. He was bound over to district court in Judge H. M. Graham's court here in a hearing held earlier this month.

MOTHER OF RUIDOSOAN DIES IN TEXAS

Funeral services were held in Wichita Falls, Tex., Monday afternoon for Mrs. Martha Walkup, aged 87, who died there Sunday. She was survived by ten children, including a daughter who lives in Ruidoso, Laverne Walkup. Miss Walkup was unable to attend the services due to the severe storm which whipped northwest Texas Sunday and Monday. Mrs. Walkup was the widow of a contractor.

Man Believed Dead Three Days In Parked Trailer

A man identified as David Daniel Noser, 51, thought to be from Monrovia, Calif., was found dead in his trailer 40 miles east of Ruidoso in Lincoln County beside U. S. Highway 70 at 3:30 p. m. last Thursday. An autopsy was performed by Dr. A. S. Blauw. Death was thought to have been due either to a heart ailment or possibly monoxide poisoning.

The man had apparently been dead three days when found. He kept a log of his travels and last entry was on Jan. 13.

The trailer, a Kenskill, pulled by a 1950 Chevrolet panel truck, had been noticed at the roadside park beside U. S. Highway 70-380 on Tuesday and again on Wednesday.

Odell Parrish, New Mexico Police, who investigated the case, said he had seen the car-trailer on the spot Wednesday night while he was watching for speeders.

Discovery of the body was by three state highway workers, Frank Gomez, Fermin Pacheco and Fred Romero. Parrish gave their addresses as San Patricio for Gomez and Pacheco and Hondo for Romero.

The state policeman said the three were cleaning up the park site when one looked into the window of the trailer and saw Noser who was sitting in a chair beside the bed. One of the men said, "It looks like that guy is sleeping."

But curious, they investigated further, found the trailer door locked, and state police were called.

Parrish said Noser appeared as though he had become sick, leaned back in the chair, left leg over an arm of the chair.

He had been cleaning a bird cage while seated in the chair. Clean food had been put in a container while the water container was on the bed. The bird, a parakeet, was found dead.

Investigation by Parrish disclosed that Noser had been in the eastern states, had heart trouble and decided to return to California. He had stopped in an Amarillo cafe on Monday and there talked with a friend, telling him about his health and his plan to return to the Pacific Coast.

Leo Joiner, Hondo justice of the peace, conducted an inquest at Picacho Hill but result was awaiting word on Dr. Blauw's report.

Capitan Students To Form Cast Of Broadway Play

By ROBERTA SPRAGG

A cast of students from Capitan High School will present the Broadway hit, "On Borrowed Time," Friday, Jan. 31, at 8:00 p. m. in the Capitan High School auditorium. Their plan is to produce a play superior to the usual high school play.

"On Borrowed Time" was originally produced by Dwight Deere Wilman at the Longacre Theatre, New York, by a host of outstanding actors. It was also televised by KSWS-TV, Roswell, recently.

Members of the cast are John Miller, Ralph Vance, Barbara McGrew, Penny McKnight, JoAnn Marson, Judy Lockhart, Joe Freeland, Johnny Carabajal, Jerry Lobb, Joe Lee Smith and Roy Herrera.

Those who attend are assured a full evening of superior and unique acting.

According to National Association of Manufacturers' statisticians, 47.1 per cent of current defense spending is accounted for by the Air Force; 27.4 per cent by the Navy; and 23.5 per cent by the Army. The remaining two per cent goes for interservice projects.

B. & P. W. Meeting Is Re-Set Jan. 27

Inclement weather Monday this week caused postponement until Jan. 27 of the regular Ruidoso Business & Professional Women's Club meeting. Mrs. H. C. Caylor is chairman of the program on Health and Safety. There are two speakers lined up for the presentation.

The meeting will be at Gardenside Courts on Mechem Drive with Mrs Caylor, Mrs. Annie Lockley and Mrs. Marcelle Cunningham as hostesses.

CHRISTIAN CHURCH TO OBSERVE YOUTH WEEK

Throughout the nation the Christian Churches, Disciples of Christ, observe the last week in January as "Youth Week." The local Christian Church will have special activities this week in accordance with this custom. At the Sunday morning worship service several young people will take important parts and Miss Darlene Jones will sing a special solo for the occasion. Among other activities the young people of the Church will serve a chili supper from 5:30 to 8 on Thursday night. The public is invited to attend this supper. The money received will be used for the young people's activities of the church.

CUB SCOUT NEWS

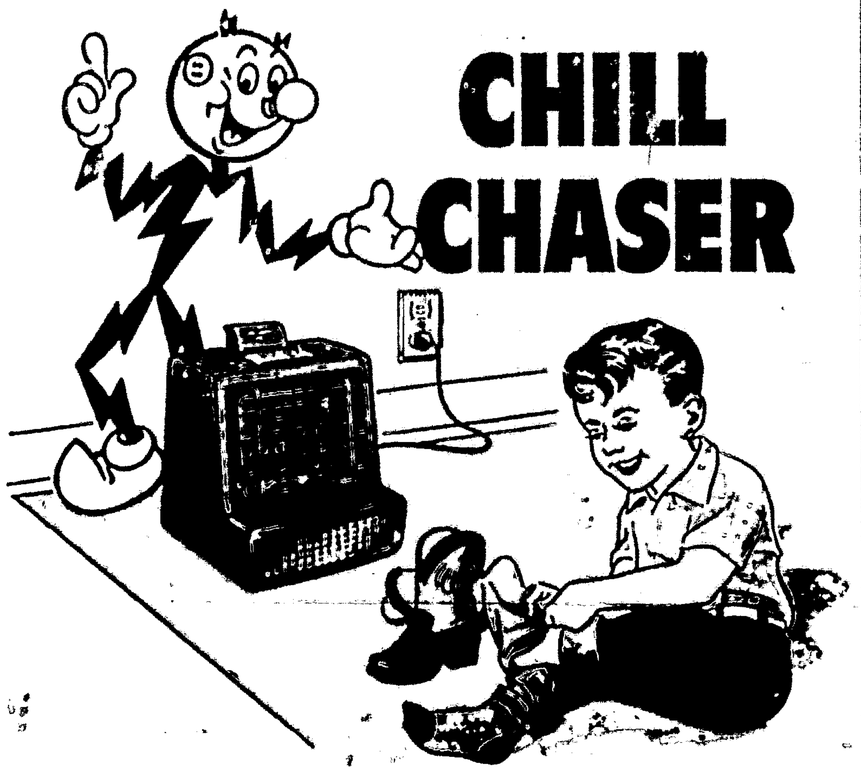
"Winter Leaves" was the theme of a hike last Thursday when the Mrs. Trotter's and Mrs. Looney's den of Cub Scouts made a trek into the woods. Winter leaves were collected to be used later in an achievement project Various animal tracks also were discussed.

Making the hike were Monty Coe, Rickey Smith, David Sheff, Harry Graham, Ronald Taylor, Butch Voiles and Mrs. Trotter.

Both Butch and David are new members of this den—Welcome, Cubs!

PRESBYTERIAN WOMEN HAVE BUFFET SUPPER

The Presbyterian women of the church held their regular monthly meeting Tuesday of last week at 7 00 o'clock p m. A buffet supper was served by Mrs. J. H. Littlefield and Mrs. R. V. Oberholtzer. The year's program was explained by Mrs Oberholtzer and Mrs. Frank Bert presented the Bible lesson. An effort to organize an evening group is being made. Those attending, besides the hostess, were Mesdames Frank Best, Scott Campbell, Jack Parnell, Tom W. Jones, Jodie Fillleman and Joe G Hawkins.



An ELECTRIC Heater

For extra warmth when you need it, just plug in a portable electric heater. It's the handy way to have quick heat where you want it. Ideal for warming up hard-to-heat areas or for supplementary heat in the bathroom, sickroom, nursery or home workshop. See your local appliance dealer soon for a portable electric heater.

AT SNYDER PARTY—When 150 friends gathered at the community-wide farewell party honoring Dr. and Mrs. D. E. Snyder, there was lots of conversation and some delicious refreshments were served from two lovely tables. The event was held in Carrize Lodge and was hosted by more than a dozen friends of the former mayor and his wife. They moved with their three sons Monday this week to Phoenix, Ariz. In top photo, from left, Mrs. Maudetha Jones, Mrs. Snyder, Mrs. Pat Valliant, Mrs. Ogden Carroll, Mrs. George Brooks are enjoying a visit, while in bottom photo, from left, Roy Baker, Dr. Snyder, George Fuchs and Truett Shults are engaged in a general confab near the fireplace at Carrize Lodge. Friends Honor Retiring Postmaster

Jack Hull, who retired Dec. 31 last year as Ruidoso's postmaster after 21 years, was surprised with a community-wide party at Carrizo Lodge last Thursday evening, attended by some 150 people. Several friends played host in the affair which began at about 6 p. m. and lasted for several hours. Punch and hors d'ocuvres were served from two beautifully appointed tables.

Highlight of the evening was the presentation of an electric clock to the honoree with an engraved inscription expressing appreciation to him for his faithful service as Ruidoso's postmaster. Cy Leland, Jr., made the presentation, pointing out Hull's many contributions in many ways to the better life for his neighbors and fellow citizens. The recipient had a hard time finding words to tell those gathered around him what the party and the gift meant to him—as the old saying goes—"words failed him." He said he was deeply grateful to all, and asked God's blessings on each.

JUST KEEPS BLOOMING—A plant that doesn't know it's winter time, for it just keeps on blooming, is on display in the home of Mr. and Mrs. J. D. Martin in Green Tree. Mrs. Martin is shown here displaying one of the cluster of blooms on the plant, a hoya, sometimes called a wax plant. RUIDOSO NEWS PHOTO

Exotic Plant In Window Of Home At Green Tree Just Won't Quit— It Keeps On Blooming For Weeks

There's an exotic plant entwined around the frame of a window in the home of Mr. and Mrs. J. D. Martin in Green Tree that doesn't know it's winter—it just keeps on blooming. Of exceptional interest the plant rivals the roses, larkspur, poppies, primroses and other outdoor floral beauties—proclaiming it's spring and summer when it's not.

The plant makes a graceful tracery of vine and leaves with dainty flowers growing in clusters that have a texture like velvet. Their five white petals are almost translucent and are whitish with pink, star-shaped center, and in the center of the star is a tiny drop of nectar. In early evening the flowers give off a generous fragrance.

It is the hoya, and is more commonly known as a wax plant. This particular species is a native of China and Australia.

The plant blooms for at least four months, Mrs. Martin said. A secret for continuing bloom is to never cut off the brownish stem or stalk on which the umbel of flowers grow.

The Martins came to Ruidoso in 1949 from Norman, Okla., where he was a farmer. They operated Martin Pottery Shop and he also specialized in making keys and working as a gunsmith when they made their home here in Skyland. Two years ago they built a neat two-bedroom home in Green Tree and moved there.

Another interesting possession of the Martins, on view in their home, is an antique china cabinet, glassed all around, which once was in a home in the ghost town of White Oaks in northwestern Lincoln County. The cabinet was given the Martins by Paul Mayer.

Mr. and Mrs. Martin were wed in Oklahoma in 1919 and will observe their golden wedding anniversary next year.

Nora Sanchez Given Homemaking Award From Betty Crocker

Mrs. Hazel Arthurs, home economics teacher at Hondo, announced that the Betty Crocker Homemaker of Tomorrow in Hondo High School is Nora Sanchez of San Patricio, N. M.

She received the highest score in a written examination on homemaking knowledge and attitudes, administered Dec. 3, to senior girls in the graduating class. Her examination paper will be entered in competition to name this State's candidate for the runnerup award in the state. For her achievement, she will receive an award pin designed by Trifari of New York.

The national winner in the fourth annual Betty Crocker Search conducted among 327,000 young women in 11,000 of the nation's public, private and parochial high schools will be named April 17 at a banquet in the Waldorf-Astoria Hotel in New York City.

Educators Address Hondo P.-T. A.

The regular meeting of the Hondo Valley P-TA was highlighted by three talks given by administrators and a member of the high school faculty. Supt. Montes led off with a discussion of the academic responsibilities of the high school, stating that the Hondo High School meets the academic requirements set forth by the State Board of Education. Stressing the importance of the home, the school, and the individual himself in attaining success, he placed heavy emphasis on the latter by showing in a scale drawing the increasing necessity of self-discipline as the student advances into high school and college. Other matters touched upon were testing, homework, and the essay type of examination, all representing salient parts of the local high school program.

Robert McCrady, of the Science and English departments, spoke on his philosophy of education, bringing to his audience ideas accumulated from a broad background of educational experience which includes nine years as county superintendent in Ellis County, Tex., and two years' experience as director of instruction in the Waxahachie, Tex., Public Schools. Enhanced by a wide knowledge of philosophy, Mr. McCrady's talk showed how the teaching profession has reached a position not only precarious, but also a position that is most strategic. Tracing the source of this to the confluence of two streams pouring forth seven million students into the high schools of our country, Mr. McCrady gave a realistic picture of the dilemma created by those who seek true knowledge and those who want a better way of life. In concluding, he summed up his philosophy of education by saying that it was profoundly important to educate all students sufficiently to enable them to take responsible places in a democratic society.

Winding up the talks, Principal John Hamilton showed the value and place of extra-curricular activities in the life of high school students. He explained how the old school placed all the emphasis on mental development to the exclusion of the physical and individual development of the students. In today's schools the objectives help to bring about a better all-around growth and awareness of democratic living.

Mrs. Brink Randle, president, was in charge of the meeting, and the hostesses, Mesdames Ernest Booky, Glen Bradley and Al Booky served coffee and cake during the social hour which followed

Broadcasts Straight From The Heart

Only 1/20th of an in[illegible] in diameter and 3/4ths of an inch in length, this recently developed ultra-sensitive heart microphone is so small that it can be passed through an artery or vein into any part of human heart where it "broadcasts" on-the-spot sounds of heart-beat and blood-flow. With the help of a radiologist, a physician specializing in the diagnostic and therapeutic uses of x-ray, the mike is guided carefully and accurately into the heart, and operates without interferring noises from breathing, digestive activity or normal room sounds. Device also eliminates natural inaccuracies that may develop in use of the stethescope because heart sounds must travel through the lungs and body tissues of chest walls before reaching the stethescope—and finally the doctor's ears.

Richard Keith was in Roswell last week while his mother was in the hospital.

Warrior Win Streak Snapped

By CHAS. PADILLA

Ruidoso's winning streak was stopped last week at seven games when both the Hagerman Bobcats and the St. Peter's Crusaders defeated the Warriors, Hagerman by a score of 54 to 47, St. Peter's by one point, 45 to 44. The two defeats left the Warriors with a nine won, four lost record.

In the game Friday the Warriors were off to a slow start and when they did get hot in the last period, the Bobcats managed to match them goal for goal and maintain their seven point margin. Bob Pior was high point man for the Warriors with 15 points while Rhodes had 17 points for the Bobcats. The score by quarters:

Ruidoso	5	17	31	47
Hagerman	7	23	40	54

The Warrior "B" team also fared no better with the Hagerman "B," as they were defeated 47 to 62. George McGuire with 14 points was high point man for Ruidoso and J. Chavez had 19 markers for Hagerman.

Saturday the Warriors journeyed to Roswell only to find the St. Peter's Crusaders all fired up over their earlier two point loss to the Warriors and the Crusaders managed to eke out a one point upset over the favored Warriors. Even two free shots by Rodger Pope in the last 15 seconds could not save the game for the Warriors, his two points had put the Warriors ahead 44-43 but the Crusaders' Rodrique cleared the backboard after his teammates had taken the ball down court and missed two field goal attempts. Rodrique just lobbed the ball in with about five seconds left to give the Crusaders the game. Jerry Reynolds was high point man for the Warriors with 16 points, Rodrique made 22 for the Crusaders. The score by quarters:

Ruidoso	6	22	32	44
St. Peter's	11	20	37	45

In the preliminary the Warrior freshman team won over the frosh from St. Peter's 34 to 28. George McGuire was high for Ruidoso with 16 points and Baily and Ogas had 10 markers for St. Peter's.

This week-end the Warriors will go down the valley to play Hondo Saturday night. The NMMI game originally set for tonight has been moved to Feb. 22.

Two Women's Teams To Enter Keg Tourney In Midland

Two Ruidoso women's bowling teams, "Hazel's Beauties" and "Leck's Lanes," will go to Midland this Saturday and Sunday for some A. B. C. bowling competition. They are scheduled for team play Saturday morning at 8 a. m. Singles and doubles contests will be held at 10 a. m. Sunday at the Midland 40-lane Bowling Center.

Planning to make the trip are Mrs. Walter Faye Averitt, Gwen Robbins, Bonnie McEuen, Hazel Brittenback, Pauline Looney, Betty Tully, Fran Luallin, Lindy Samelson, Marvelle Struve and Ann Evjen.

Leck Cowden of Leck's Lanes here said a couple of men's teams will be picked after Jan. 26 for competition in a men's tourney to be held early in February.

Quarterback Club Hears Figures On Grid Lighting

Officials of Community Public Service Co. were on hand for last Thursday night's meeting of Ruidoso Quarterback Club at Carrizo Lodge, to discuss for the club costs of a proposed lighting system for night football games here. No steps have been taken yet to put the project in motion. The meeting last week was for the purpose of determining costs and types of equipment.

A floodlighted field, using ten poles at least 55 feet high, and with five 1,500 watt light bulbs on each pole, will cost approximately $4,500, the club was told. Ten poles instead of eight, five each side of the field, would provide much better lighting than is usually found on fields in towns the size of Ruidoso in this area, the club was told.

SEVENTH, EIGHTH GRADERS LOSE TO TULAROSA

Ruidoso Junior High's Seventh and Eighth Grade basketball team last Wednesday lost a 25-19 game to Tularosa in Tularosa. It was Ruidoso Junior High's third loss in five games played. A 7th-8th grade "B" team also lost in a 28-17 match. Inclement weather Monday caused postponement of a match with Mescalero.

A town team match with a Red Canyon basketball team was also postponed.

CORONA EDGES TULAROSA IN 48-46 THRILLER

Corona's Cardinals last Friday night edged past Tularosa's Wildcats by a one-point margin to take a 48-49 victory on the court at Tularosa. Mulkey of Corona was high scorer for his team and for the game with 16 points.

Conference Tourney For Junior Cagers Set For Feb. 14-15

February 14 and 15 seven junior high and elementary schools will have teams in the annual Sierra Blanca Athletic league basketball tournament, to be staged in Carrizozo. Games will be in the afternoon and at night on Friday and all day Saturday.

Hondo, Carrizozo, Capitan, Corona, Tularosa, Mescalero and Ruidoso will be in the contest, results of season play to determine seeding.

To date, Ruidoso's 7th and 8th graders have lost three matches and won two—beating Capitan and Mescalero and dropping tilts to Tularosa, Carrizozo and Hondo.

The 5th and 6th graders have lost only one out of four games—dropping a match to Capitan, but winning from Hondo, Carrizozo and Mescalero.

Scheduled for 11 a. m. Thursday this week were games with Corona here.

Taxpayer's Dollar anticipates that the 1959 federal budget will come to $72.5 billion, with defense spending accounting for $39-40 billion of that. Other forecasters look for a budget of as much as $74 billion.

TIGERS CLIP CARRIZOZO

By JERRY LOBB

The Capitan Tigers outscored the Carrizozo Grizzlies 37-21 in the first half of an exciting theriapa hed game at Carrizozo Friday, Jan 17. However, the Tigers' tremendous first half lead dwindled late in the fourth quarter and they managed to beat the Grizzlies by a mere four points.

Kerr, Lockhart, Vance and McKnight caught fire early in the first half and hit two field goals apiece. McKnight and Vance contributed two more charity tosses to give the Tigers a total of 18 points compared to 13 points netted from the efforts of Herrera, Firman, Laabs, Saucedo and Petty for Carrizozo.

The Capitan quintet literally exploded in the second period as Kerr, Vance and McKnight hit 6 8 and 5 points respectively for 19 points. Aguilar, Ortiz, Firman and Beltran took up the scoring end for Carrizozo with 8 points making their half-time score 21 to Capitan's 37.

The Grizzlies turned the tables on the Tigers in the third quarter as Aguilar hit from the outside five times for 10 points. Laabs, Saucedo and Beltran hit for four, two and one points to make the total 17 for that quarter. Vance popped the net with 7 points for Capitan. McKnight and Kerr salvaged 6. The third period score: Capitan 50, Carrizozo 36.

The Carrizozo boys kept up their third quarter rally on both offense and defense throughout the final eight minutes of play. Beltran contributed six points along with seven more from his fellow team mates for a total of 13 points. Vance, McKnight, Vance and Kerr again came through for Capitan with two, two and one points respectively to give the Tigers a four point lead over the Grizzlies as the final period ended.

Score by quarters:

Capitan "A"	18	19	13	5
Carrizozo "A"	13	8	17	13
Capitan "B"	4	9	10	2
Carrizozo "B"	15	12	9	14

The Tigers have a full schedule ahead. Tonight, the Capitan five will take on the Hagerman Bobcats at Capitan, Saturday, Jan. 25, the Tigers will meet the Jal Panthers. This is also a home game for the Tigers.

The Warriors had two bad nights last week and were handed their third and fourth losses of the season. Hagerman and St. Peter's were the villians. We had defeated St. Peter's earlier in the year but they must have been out for revenge.

Let's all get out and root our Warriors to another victory over the Hondo Eagles this Saturday night in Hondo. They might try to extend our losing streak and we can't have that.

Snow slowed down our school work early this week. Report cards for the first semester were handed out Tuesday and some happy, some sad faces were the word of the day. Hope nobody was too disappointed.

About 25 students of RHS are now full fledged drivers since the semester ended last week. They were the group of driver-training students who received their licenses after passing the course and the regular examination given all prospective drivers. You may not know it but RHS regulations require students to take this course before high school graduation. That's about the best law we could have as far as traffic safety goes.

A big help to the students that came into being this year is the school's Saf-T-Pater that was paid for by the Student Council and the school system. It is a machine that checks the student's reaction time, field of vision, visual acuity, depth perception, and response to night glare. This enables the student to realize his own disability and thus compensate for it.

Forty new driver-ed. students enrolled Monday for second semester courses.

Capitan News

(By Mrs. Ethel Keathley)

Capitan has been treated with two snows since our last chat—the first one early in the week, only a heavy trace, and this morning (Saturday) a white world greeted us again. By mid-afternoon, some two inches had fallen. (Later: Capitan received additional snowfall Sunday and Monday as did the balance of the county.)

The Baptist Missionary Society met in its regular meeting last Wednesday at the church for their Royal Service Meeting. Subject was "The Golden Door," by Mrs. Jack Robinson. Eight members were present and seven took part in the interesting discussion.

The Baptist Youth Group met at Carrizozo Saturday night at the Baptist church in Carrizozo, when the Lincoln Baptist Association presented an interesting and instructive program. Last Sunday at 11 a. m. Rev. Harrold Gibdon of Ruidoso brought the message to the Capitan Baptist Church. He also preaches at San Patricio each Sunday evening at three. One candidate for baptism was presented at the Sunday morning meeting here. Although weather was rough, attendance was above the average. I haven't had attendance in the village churches recently but what I have had indicates the attendance falls short of what could be wished for. Our churches are a real blessing to our community—let's support them all.

The Round Table Club met Jan. 16 with Mrs. Ray Provine. The hostess served delicious roast goose for the 12 o'clock dinner. Following that a business meeting was held with nine members and one guest present. The guest was Mrs. Jim Howard. Needle work, or crocheting, occupied the members. The hostess provides the meats for the group and members are assigned different covered dishes. When Mrs. Provine explained activities of the Round Table to me I found they have a very pleasant visit together and get some work done, also.

The Church of Christ has now obtained a full time pastor for Capitan who will also look after the membership at Ft. Stanton. Preaching will be at least once a week over there as soon as a location can be arranged. The pastor's name is Lee—I couldn't learn his first name or initials. The family is living in the Warren Gaston rent property and they came here from Mayhill. There are five in the family, the parents and three children, the eldest aged seven. Services will be held each Sunday at 11 a. m. and 6:30 p. m.

Fletcher Hall, Sr., Albuquerque, recently visited Fletcher, Jr., and family. He returned to his home Jan. 12.

The Block Ranch community had six inches of snow last Sunday. The Brittons could not come in to church because of the heavy snow.

The Harlem Road Kings defeated Capitan's town team 61 to 51 last Sunday afternoon. Attendance was guessed at about 100.

Mr. and Mrs. Gil Peters and LaMoyne Peters attended the stock sale in Roswell last Friday. Father and son bought a nice young registered male to add to their growing herd of Herefords. Mrs. Peters said there were quite a number of ranch people from the surrounding country there, including Mr. and Mrs. Henry Peebles, Nogal Mesa; Lee Robinson and Mr. Wegie, who also made a purchase; Mr. and Mrs. Bill Edgar and Mr. and Mrs. Grady Eldridge, each buying two males, and who ranch on the north side of the Capitans, and from out Angus way, Mr. and Mrs. D. O. Jones, and some others.

Rev. and Mrs. Fred Whitley of the Nazarene Camp Grounds returned Jan. 19 from a district workers' mid-year convention held at the Nazarene Church in Albuquerque. Among highlights of the meeting was a trip to the C. Warren Jones Indian School near Albuquerque where refreshments were served. The school is one of several sponsored by the Nazarene Church.

In Capitan the N. F. M. S. met recently and elected a new president to fill the vacancy of Mrs. Carl Moore, who moved from here. What they did was something new under the sun, for they elected a man to this office—Lewis Cummins. For sometime now the Nazarene Missionary Society has included men among its members. This is Capitan's first male president of the NFMS.

It's opening time almost for the Golden Anniversary Revival effort. Rev. and Mrs. Charles Ed Nelson will close a meeting at Troupe, Tex., Jan. 26, and then will come here for the Capitan opening Jan. 29, 7:30 p. m. Remember, a warm welcome awaits you at the local Church of the Nazarene.

Messrs. Fred and Clarence Gehring and families of Grants visited their mother here a couple of days last week. When they returned home she accompanied them as far as Carrizozo and attended to business, returning on the bus that evening.

By 5 p. m. Sunday, Angus reported about six inches of snow.

Mrs. C. C. Belknap is happy to be at home again and is doing well, I think. She has Gerta Zamora to assist her. She told me Mrs. Gussie Titsworth is planning to go on to Florida before returning home.

Recent letter from Mrs. Roy Frazier, now living in Lordsburg. Mr. Frazier was section foreman on the old branch railroad into Capitan 18 to 20 years ago and called the old section house at old Coalora home. Her letter was packed with news of interest to old-timers here. Jean, the oldest Frazier girl, is now married and lives in Tularosa, and she is a mother now of a small daughter. Her husband, Jimmy—that's all the name she gave us—works for the Community Public Service Co. Mr. Frazier has not been too well this winter. Mrs. Frazier is desk clerk and switchboard operator in a motel in Lordsburg. She also mentions the Guthries' Ima who married Coy Frazier (twin brother to Roy). Her husband died and her oldest daughters are both married. She lives in Safford, Ariz. And Patricia Ann is the mother of two (how time flies!) Barbara, Ima's second daughter, is in Phoenix and she and her husband own and operate a motel, service station and store. Harve Guthrie died sometime in the past but Elan Guthrie is also at Phoenix and she says Ola Guthrie Evans and Oma Guthrie have beautiful homes. She didn't say where the girls live—I guess at Phoenix. She said Orren Guthrie is a cripple and in the hospital. He was injured by radioactive water and had to have his legs amputated. He is doing fine now after being very seriously ill. He will be released from the hospital when he gets some artificial limbs. He is in a wheel chair now. The Guthries haven't lived here for several years but many people are still here who knew them.

Mrs. Dee Hickman took me with her Jan. 15 to Carrizozo where I consulted my doctor. He was delighted with my progress, however, he does take a dim view of any long trips. I surmise his advice is good, but hard to follow sometimes.

Mrs. Macie Edmondson has not returned home as yet and it's rumored (hope it's only a rumor) she is in the Carrizozo hospital. A friend here tells me she is improved and would be home as soon as she was not liable to relapse—or words to mean about that. She's like Mr. Aldrich, seems to be able to bounce back soon after each set-back.

(Coming—next week in the Ruidoso News: Pictures of Capitan's junior high cheer leaders—also pictures of the leaders of the revival in Capitan. Watch for them.)

(Too Late for Last Week)

Mr. and Mrs. Tobe Foster and daughter of Alamogordo and Mrs. Al Roberson of Tularosa were visitors in Mrs. W. E. Lair's home recently. The ladies are Mrs. Lair's daughters and granddaughter.

Uncle Billy Ferguson is enjoying a visit which began just prior to Christmas, with Mr. and Mrs. Travis Werner of this city.

Mrs. Ed Guck is helping at Cummins' Grocery most week days. She can't give full time but is on the job most days. She is a worthwhile addition to any clerking force for she possesses a most charming personality.

On Jan. 9 Mrs. Carl Moore wrote she seems to be doing okay, physically, and in good spirits. Her comments indicate a wet and cold spell visited there about the time we had a big snow. She tells of blooming flowers, mustard greens 2½ feet tall in her back yard and remarked, "This is the country where you mow your lawns the year 'round." Barbette is doing some tutoring in addition to her school work and I guess Beulah is okay since her mother remarked she is now taller than either of her sisters. But, poor Rev. Moore. He has had to get glasses and part with some of his teeth, eventually all of them. Oh, well, it could be worse, after all, dentures are not a calamity.

Stop Freezing!

They've finally invented an inexpensive portable heater that will keep you warm just about anywhere on the farm . . . inside or out-of-doors.

Called the Knipco "Thrifty-50" heater, it's a compact, 42 lb., circulating warm-air heater that runs on kerosene and puts out 50,000 BTUs of heat per hour. An electric fan in the heater circulates a stream of warm air, so it can be used to heat work shops, sheds, pig pens and other farm buildings, or to "spot heat" outdoors. It's also used for thawing frozen pipes or pumps and preheating cold engines.

The Knipco heater sells for less than $100 and runs for 14 hours on a 5-gal. tank of kerosene. It's safe to use, with a valve that cuts off fuel if electricity fails. Completely insulated, it has a safe, built-in electric starter. The heater plugs in any regular 110 volt outlet. The heaters are manufactured by Knipco, Dayton 1, Ohio, and are available through farm implement dealers.

NEW STORY ANGLE FOR BILLY THE KID IN LATEST MOVIE

Legend has it that "Mr. Howard, that dirty little coward," really didn't do in Jesse James, but that the outlaw lived on in peace to a ripe old age. Likewise, stories have cropped up that Sheriff Pat Garrett actually didn't gun down his erstwhile friend, Billy the Kid, most notorious outlaw the Southwest ever produced, but instead helped him quit his lawless career to live under an assumed name as a peaceable rancher.

Such is the intriguing theory posed in Columbia Pictures' "The Parson and the Outlaw," at the Pueblo Theatre Friday and Saturday this week. Starring Anthony Dexter as Billy the Kid, the outdoor action drama, with print by Technicolor, co-stars Sonny Tufts, Marie Windsor and Buddy Rogers.

Mescalero News

By Mrs. E. P. Breuninger

The Melvin E. Fairbanks family honored their son, Lowell, on the evening of Jan. 15 at a dinner. Guests were Father Hubert and Miss Marjorie Prelo. Lowell has joined the U. S. Navy. He left for service on Jan. 16. Lowell is a graduate of the Tularosa High School.

The Agency Relocation Officer, Mr. Neal Jensen, will be at Mescalero on Jan. 23 to interview all interested members of the Tribe who wish to relocate.

New officers elected for the Mescalero Tribal Business Committee on Jan. 11 are: Wendell Chino, re-elected president; Amos Gaines, vice-president; Rudolph Treas, treasurer; Narcissus Gayton, secretary. Other members of the committee include Eric Tortilla, Virginia Klinekole, Andrew Little, Rufus Sago, Alton Peso and Wheeler Tissnolthtos. Sub-committees of the Business Committee were also appointed consisting of Executive Committee; Welfare; Reservation Improvement, Land Assignment, etc.; Finance and Loan; Law and Order; Natural Resources, Forestry, and Agriculture; Domestic Water and Irrigation; Social; Health and Education; Mescalero Land Claims; Chiricahua Land Claims; and Tribal Court Judges.

Mr. Dee Sturges, CPA of Albuquerque, audited the books of the Mescalero Cattle Growers' Association during the week of Jan. 6 to 10.

The Cattle Growers' Association Board of Directors held a regular meeting on Jan. 17 at the Agency Office. Plans were made for the annual membership meeting to be held on the first Friday in February which will fall on the 7th.

Mr. and Mrs. Sam Chino honored their grandson, Pete Valdez, Jr., at a dinner at their home on Jan. 14. Pete is in the Armed Forces and was home on a few days leave.

Due to the heavy snowfall at Mescalero, the Bent-Mescalero School was closed on Jan. 20. The snow was much appreciated by children of the community, since so many of them were seen out sliding on banks and hill sides. Also, Mescalero offered many beautiful sights—saw several people out taking pictures of the snow.

Mr. Ed Cata made a business trip to Gallup, New Mexico, on Jan. 19.

During the course of a very enjoyable evening at the community hall Saturday evening where the hall was opened for people of the community to enjoy TV, play games, etc., the electricity went off. Many of the residences in and around Mescalero Community were without electricity until noon the next day.

Laff and You'll Live Longer

A little tot, in church for the first time, watched the ushers pass the collection plates. When they neared his pew, the boy piped up so every one could hear—"Don't pay for me, Daddy. I'm under five."

—o—

Steno Sue: "Gee, how you looked mighty sharp in that red dress last night. Did you have a good time at the party?"

Steno Lou: "Yes, darling. And that's just the trouble. I'm taking that dress straight back where I bought it."

Steno Sue: "How come?"

Steno Lou: "They told me I couldn't go wrong if I wore it to a party."

—o—

Distraught Wifey: "Dear, our new maid has burned the bacon and eggs. Would you be satisfied with a couple of kisses for breakfast?"

Hubby: "Sure! Bring her in and get the heck out of here."

—o—

Steno Flo: "I'm bored with marriage. Elmer hasn't kissed me since my honeymoon."

Steno Jo: "You ought to divorce him."

Steno Flo: "I can't. Elmer isn't my husband."

—o—

Catty Cora: "I saw Myrtle at the beach last Sunday."

Safety Sadie: "Sure enough? I heard she has a new bathing suit. What color was it?"

Catty Cora: "I really don't know. She had her back turned toward me."

—o—

Louie: "Your girl's spoiled, isn't she?"

Dick: "No, it's just the perfume she's wearing."

Life's Darkest Moment — A WEBSTER CLASSIC

Dorothy Thompson looks at education: "Most American parents do not want their children to be educated. They want them to be trained for a specific function. They despise 'useless' knowledge. So our high schools are forced to teach everything under the sun, typing, home economics, mechanics, parenthood, and many other things that young people once learned at home, in specialized schools, or as apprentices. But a real educational institution is not a job factory. . . ."

Here...
you'll find a Faith
to live by...

It's quiet inside. Quiet with the peace of centuries, for this is God's House.

Within these walls, the worries which loomed so large outside become less fearsome... for the first time perhaps you see them in their true perspective. If this alone were the reward of Faith, it would be enough. But there is more.

Faith is a source of strength, a reservoir of power that helps you meet the needs of every day. By worshiping with your family each week at your church or synagogue, you're giving them a measure of security no amount of money could buy. The Faith to hope... to grow... to live by.

Give them a Faith to live by

TO OUR VISITORS—
Things to See and Do
In the Playground Area
Of Ruidoso & Lincoln County

You have probably never visited any place in America with such a wide variety of scenic, historic and entertaining attributes. Make the most of your visit here—explore any and all of the places recommended below to give you your most delightful vacation.

All of these things listed are within 60 Miles of Ruidoso—

Lincoln National Forest—
With its campgrounds, scenic trails and drives. Three riding stables here provide horses for riding into our forest which surrounds us.

Cedar Creek—
Winter sports area and park-like shrubs and evergreens

Golf Course—
One of the most beautiful golf courses in the world is Cree Meadows.

Mescalero Apache Indian Reservation—
Can be entered in the recreation area west of here, or you may visit at Mescalero, on U. S. Highway 70.

Lake Bonito, Bear Canyon—
Scenic mountain lake offering a wonderful drive through the mountains. Several abandoned gold mines with tumble down buildings and their caves can be explored.

Nogal Lake, Nogal Mesa—
The mesa is scene of the annual Summer Cowboy Camp Meetings.

White Sands National Monument—
Stupendous deposit of pure white gypsum.

Lava Beds—
The Mal Pais is a fascinating and different attraction.

Fishing—
Ruidoso offers three commercial trout lakes, also there is fishing in season in the Rio Ruidoso, in nearby lakes, or fishing year 'round in Hondo river.

Old Lincoln Courthouse—
In Old Lincoln town, with three museums and once where bitter Lincoln County War centered, and where Billy the Kid killed two guards in his escape from the jail there.

Big Game—
Deer, antelope, bear, wild turkey and bobcat are found on rides into the mountains here.

White Oaks—
Old ghost town once thickly populated and once having newspaper, stores, saloons.

The Three Valleys—
Scenic ranchland and mountains.

Capitan, Capitan Gap And Indian Gap—
Beautiful orchards, ranches along Ruidoso, Hondo and Bonito. Home of internationally famous artist, Peter Hurd; screen star Lindo Darnell; author, writer Dan Storm and Louise Massey and Milt Mabie, radio and screen entertainers.

Ruidoso Downs—
Popular summer race track, with horse racing each week-end in summer.

Night Clubs—
Numerous clubs with entertainment.

Churches—
In the immediate area are nine churches of various denominations.

Climate—
The most wonderful in the world—you will especially enjoy our autumn season when fall foliage is a riot of color.

Mon Jeau Look-Out—
Drive to the top of this forest look-out tower, 10,000 feet high.

Fort Stanton—
99-year-old fort once policing Apache Indians, later used as Merchant Seaman Hospital, now a state TB sanitorium. Where Territorial Gov. Lew Wallace visited and where Gen. "Black Jack" Pershing once stationed learned to play his poker.

Cloudcroft—
High mountain resort area.

Artists, Art Schools—
Ruidoso is home of several resident artists, including Harris Shelton, Reynolds Jones, Martha Graves, and others, and art schools are held each summer. Ceramics studio also operates here in summer.

Mayhill Nurseries—
Giant greenhouses growing many beautiful flowers shipped to wide area.

Wheeler Museum—
Most unique privately owned museum in New Mexico.

Ruidoso Lookout Tower—
Gives panoramic view of Playground of the Southwest.

Ruidoso Sky Ride—
Unusual cable car lift to top of Wildcat Mountain on U. S. Highway 70.

Dowlin Mill, Blazer Mill—
Both in immediate area, pioneer adobe structures once housing flour mills, both over 100 years old. Dowlin Mill in Ruidoso now grinding flour each summer. General Pershing, Lew Wallace, Billy the Kid and Pat Garrett were among early day visitors at Dowlin's Mill in Ruidoso.

Carrizo Lodge—
With unique history, museum and scene of square dance schools, bordering on Indian reservation.

Fun In Downtown Ruidoso—
With skating, bowling, shooting galleries, bingo, theatres, children's rides, billiards, and many curio stores.

Places To Dine—
More than 50 restaurants and dining rooms to choose—some of them with specialties.

Green Tree Indian Aqueduct—
Stone aqueduct built over 900 years ago to carry water from Palo Verde Springs into Ruidoso Valley.

Indian Ruins—
Ruins and pictographs of various Mogollon settlements at Glencoe, near Capitan, in Ruidoso area.

Airport—
Paved runways long enough to accommodate two-engined planes.

—and at further distances, but still within 4 to 5 hours' drive are: El Paso and Juarez; Holloman Air Force Base (Guided Missiles) and White Sands Proving Ground; Carlsbad Caverns; Original Atomic Bomb site; Bottomless Lakes; Albuquerque and Santa Fe; Elephant Butte Lake; Truth or Consequences.

Don't Risk Losing Coins In The Mail, Postmasters Advise

If you have coins which you don't care about, deposit them loose in the mails. You can demonstrate your indifference by taking some odd pieces of silver and a cereal box top or soap coupon and starting them off to New York or Chicago in an ordinary envelope. In most instances your gamble will pay off, but occasionally you will lose. Acting Postmaster L. F. Dryden of Ruidoso and his postmaster associates all over the country take little notice of the wins. But postmasters everywhere become mighty concerned about the losses, for their implications are far beyond the value of the money itself.

There are rare occasions when most everybody finds the need for sending coins by mail. When this is so, a coin card should be used, or the coins should be fastened by tape to a piece of ordinary cardboard about the size of the envelope. When a choice can be made, however, a check or a money order should be used. These are the proper methods of mailing money under any circumstances.

The important reasons for taking loose coins out of envelopes are obvious. Envelope paper is good for the purposes it is intended to serve, but it sometimes gives way to the weight or the wearing action of bits of metal. This is particularly so if the envelope is run through a stamp cancelling machine. When the machine tears the envelope and the coins fall out, the post office which recovers them can neither send them back to their owners, nor on to their destination, for there is no way or there are no methods of identification.

Besides the loss of money by the sender, the postal service loses too. Coins are hard on cancelling machines and sometimes cause expensive repairs. If the envelope is hand stamped—which it should be and usually is—the cost of proceeding is greater than that of processing the conventional without as bulky enclosure letter. Sometimes much more important than either of these items is the temptation to trifle which easily detectable money presents to all those through whose hands the envelope passes.

So the point is this: If you're determined to gamble, do so. But don't do it through the mails.

Weekly Snow Arrived On Schedule

Saturday afternoon the snow began and by Sunday night we had had at least six inches and it was still snowing. This one was a wet snow filled with moisture and will do a great deal to help the pasture land for the coming year.

Last Sunday the Bill Van Pelts entertained the Ernest Bloods and Mrs. W. N. Hightower at dinner.

Alan Johnsons were here last Wednesday from Carrizozo.

Jesse A. Isaacks, New Mexico Veterans Service Officer from Las Cruces, was here last week on his regular visit to the county.

Gladys Thompson of Ruidoso and Lorena Pollard of Dallas recently visited the Bill Van Pelts.

NOTICE TO BIDDERS

Sealed bids will be opened in the office of the Village of Green Tree at 7:00 p. m. January 28, 1958, being the session of regular meeting of the Board of Trustees, for removal of one 200,000 gallon steel water tank 40 feet in diameter, 24 feet in height, from Ruidoso to Green Tree, a distance of approximately 7 miles. The tank is to be dismantled, moved and reassembled ready for use, with 2 outlets and one intake. The Board of Trustees reserves the right to reject any or all bids.

The Bill Dingwalls of El Paso spent the week-end with the George Dingwalls. On Saturday they all drove down to Carrizozo to see the Alan Johnsons.

Messrs. Charlie and Lawrence Peebles made a business trip to Carrizozo Thursday of last week.

Dr. and Mrs. J. H. Johnstone and daughters Rita Jean and Ruth Ann of Ysleta, Tex., and Mr. and Mrs. Jerry Pearce and daughter Lillian of El Paso drove up Sunday for the day at their Gavilan Canyon home to enjoy the snow storm.

The George Dingwalls visited at the Peebles' ranch last Thursday.

The J. B. Hightowers were in Alamogordo the past week-end.

D. A. Kincaid and John Von Rosenberg of Albuquerque were here the past week-end on business.

The Don Watsons of Roswell were callers at the Bill Van Pelts Friday.

Louise Runnels and Mary Lou enjoyed a visit at the Peebles' ranch Thursday on their way from Bonito City to Ruidoso.

Dr. and Mrs. Frank Parsons and Mr. and Mrs. Jim Gagnon of El Paso spent the week-end at the Parsons cabin at Eagle Creek Lodge.

Party Honors Jack Hull

Carrizo Lodge was the setting last Thursday evening for the party in honor of Jack Hull who recently retired after twenty-one years as postmaster at Ruidoso. A host of friends came to pay their respects to a man who had served them well for many years. He was presented with a gold clock from the group who played host and hostess to the affair.

The Lincoln County Chapter of National Association of Postmasters of the United States was delighted to pay its respects to a fellow worker and join as a sponsor in the affair.

Letter to the Editor

January 13, 1958
Aila, Oahu

Dear Vic, Joan, and Family:

Just a few lines to say "Hello" and let you know about our latest addition.

December 31st brought us a new income tax deduction, our third daughter, Geri Lynn. She weighed 7 pounds, 9 ounces at birth. She was born at Tripler Army Hospital in Honolulu.

We are all fine. Had a fabulous Christmas—never saw so many lovely gifts in all my life. The

girls were quite thrilled with the toys Santa brought them.

Well, I'm beginning to count the days 'til we start home—early November. I'm quite anxious to show my family off to relatives and friends. Am making plans to stop in Ruidoso on our way to the east coast, if time permits. Last I heard from Mother and Ralph, things were fine with them. Don't know if you've heard, but my sister, Susie, and her husband have a baby boy—named after Ralph—born in November. Guess the folks are plenty busy spoiling their only grandson!

Thanks so much for sending us the News; am enclosing a check for a year's subscription.

Hoping all is well with you folks. Best wishes for a Happy New Year.

Aloha,
Marsha Lasher.

Laff and You'll Live Longer

A little tot, in church for the first time, watched the ushers pass the collection plates. When they neared his pew, the boy piped up so every one could hear—"Don't pay for me, Daddy. I'm under five."

—o—

Steno Sue: "Gee, how you looked mighty sharp in that red dress last night. Did you have a good time at the party?"

Steno Lou: "Yes, darling. And that's just the trouble. I'm taking that dress straight back where I bought it."

Steno Sue: "How come?"

Steno Lou: "They told me I couldn't go wrong if I wore it to a party."

—o—

Distraught Wifey: "Dear, our new maid has burned the bacon and eggs. Would you be satisfied with a couple of kisses for breakfast?"

Hubby: "Sure! Bring her in and get the heck out of here."

—o—

Steno Flo: "I'm bored with marriage. Elmer hasn't kissed me since my honeymoon."

Steno Jo: "You ought to divorce him."

Steno Flo: "I can't. Elmer isn't my husband."

—o—

Catty Cora: "I saw Myrtle at the beach last Sunday."

Safety Sadie: "Sure enough? I heard she has a new bathing suit. What color was it?"

Catty Cora: "I really don't know. She had her back turned toward me."

—o—

Louie: "Your girl's spoiled, isn't she?"

Dick: "No, it's just the perfume she's wearing."

Dorothy Thompson looks at education: "Most American parents do not want their children to be educated. They want them to be trained for a specific function. They despise 'useless' knowledge. So our high schools are forced to teach everything under the sun, typing, home economics, mechanics, parenthood, and many other things that young people once learned at home, in specialized schools, or as apprentices. But a real educational institution is not a job factory. . . ."

LIKE a crossword puzzle but only in glass. Skilled artisans are busy these days assembling the fittings for North America's newest and most modern hotel, the Queen Elizabeth in Montreal, which will open next Spring. Above, a workman assembles the parts of one of the many stained glass windows which will be a feature in some of the public rooms of the $20,000,000 structure which will have 1,216 rooms and is 21 storys high. INS

The first American governor of New Mexico, Charles Bent, was killed and scalped by Taos Indians during the brief anti-American uprising of 1847.

Here...
you'll find a Faith
to live by...

It's quiet inside. Quiet with the peace of centuries, for this is God's House.

Within these walls, the worries which loomed so large outside become less fearsome... for the first time perhaps you see them in their true perspective. If this alone were the reward of Faith, it would be enough. But there is more.

Faith is a source of strength, a reservoir of power that helps you meet the needs of every day. By worshiping with your family each week at your church or synagogue, you're giving them a measure of security no amount of money could buy. The Faith to hope... to grow... to live by.

Give them a Faith to live by
Worship with them this week

TO OUR VISITORS—
Things to See and Do In the Playground Area Of Ruidoso & Lincoln County

You have probably never visited any place in America with such a wide variety of scenic, historic and entertaining attributes. Make the most of your visit here—explore any and all of the places recommended below to give you your most delightful vacation.

All of these things listed are within 60 Miles of Ruidoso—

Lincoln National Forest—
With its campgrounds, scenic trails and drives. Three riding stables here provide horses for riding into our forest which surrounds us.

Cedar Creek—
Winter sports area and park-like shrubs and evergreens

Golf Course—
One of the most beautiful golf courses in the world is Cree Meadows.

Mescalero Apache Indian Reservation—
Can be entered in the recreation area west of here, or you may visit at Mescalero, on U. S. Highway 70.

Lake Bonito, Bear Canyon—
Scenic mountain lake offering a wonderful drive through the mountains. Several abandoned gold mines with tumble down buildings and their caves can be explored.

Nogal Lake, Nogal Mesa—
The mesa is scene of the annual Summer Cowboy Camp Meetings.

White Sands National Monument—
Stupendous deposit of pure white gypsum.

Lava Beds—
The Mal Pais is a fascinating and different attraction.

Fishing—
Ruidoso offers three commercial trout lakes, also there is fishing in season in the Rio Ruidoso, in nearby lakes, or fishing year 'round in Hondo river.

Old Lincoln Courthouse—
In Old Lincoln town, with three museums and once where bitter Lincoln County War centered, and where Billy the Kid killed two guards in his escape from the jail there

Big Game—
Deer, antelope, bear, wild turkey and bobcat are found on rides into the mountains here.

White Oaks—
Old ghost town once thickly populated and once having newspaper, stores, saloons.

The Three Valleys—
Scenic ranchland and mountains.

Capitan, Capitan Gap And Indian Gap—
Beautiful orchards, ranches along Ruidoso, Hondo and Bonito. Home of internationally famous artist, Peter Hurd; screen star Linda Darnell; author, writer Dan Storm and Louise Mazey and Milt Mable, radio and screen entertainers.

Ruidoso Downs—
Popular summer race track, with horse racing each week-end in summer.

Night Clubs—
Numerous clubs with entertainment.

Churches—
In the immediate area are nine churches of various denominations.

Climate—
The most wonderful in the world—you will especially enjoy our autumn season when fall foliage is a riot of color.

Mon Jeau Look-Out—
Drive to the top of this forest look-out tower, 10,000 feet high.

Fort Stanton—
99-year-old fort once policing Apache Indians, later used as Merchant Seaman Hospital, now a state TB sanitorium. Where Territorial Gov. Lew Wallace visited and where Gen. "Black Jack" Pershing once stationed learned to play his poker.

Cloudcroft—
High mountain resort area.

Artists, Art Schools—
Ruidoso is home of several resident artists, including Harris Shelton, Reynolds Jones, Martha Graves, and others, and art schools are held each summer. Ceramics studio also operates here in summer.

Mayhill Nurseries—
Giant greenhouses growing many beautiful flowers shipped to wide area.

Wheeler Museum—
Most unique privately owned museum in New Mexico.

Ruidoso Lookout Tower—
Gives panoramic view of Playground of the Southwest.

Ruidoso Sky Ride—
Unusual cable car lift to top of Wildcat Mountain on U. S. Highway 70.

Dowlin Mill, Blazer Mill—
Both in immediate area, pioneer adobe structures once housing flour mills, both over 100 years old. Dowlin Mill in Ruidoso now grinding flour each summer. General Pershing, Lew Wallace, Billy the Kid and Pat Garrett were among early day visitors at Dowlin's Mill in Ruidoso.

Carrizo Lodge—
With unique history, museum and scene of square dance schools, bordering on Indian reservation.

Fun In Downtown Ruidoso—
With skating, bowling, shooting galleries, bingo, theatres, children's rides, billiards, and many curio stores.

Places To Dine—
More than 50 restaurants and dining rooms to choose—some of them with specialties.

Green Tree Indian Aqueduct—
Stone aqueduct built over 900 years ago to carry water from Palo Verde Springs into Ruidoso Valley.

Indian Ruins—
Ruins and pictographs of various Mogollon settlements at Glencoe, near Capitan, in Ruidoso area.

Airport—
Paved runways long enough to accommodate two-engined planes.

—and at further distances, but still within 4 to 5 hours' drive are: El Paso and Juarez; Holloman Air Force Base (Guided Missiles) and White Sands Proving Ground; Carlsbad Caverns; Original Atomic Bomb site; Bottomless Lakes; Albuquerque and Santa Fe; Elephant Butte Lake; Truth or Consequences.

Don't Risk Losing Coins In The Mail, Postmasters Advise

If you have coins which you don't care about, deposit them loose in the mails. You can demonstrate your indifference by taking some odd pieces of silver and a cereal box top or soap coupon and starting them off to New York or Chicago in an ordinary envelope. In most instances your gamble will pay off, but occasionally you will lose. Acting Postmaster L. F. Dryden of Ruidoso and his postmaster associates all over the country take little notice of the wins. But postmasters everywhere become mighty concerned about the losses, for their implications are far beyond the value of the money itself.

There are rare occasions when most everybody finds the need for sending coins by mail. When this is so, a coin card should be used, or the coins should be fastened by tape to a piece of ordinary cardboard about the size of the envelope. When a choice can be made, however, a check or a money order should be used. These are the proper methods of mailing money under any circumstances.

The important reasons for taking loose coins out of envelopes are obvious. Envelope paper is good for the purposes it is intended to serve, but it sometimes gives way to the weight or the wearing action of bits of metal. This is particularly so if the envelope is run through a stamp cancelling machine. When the machine tears the envelope and the coins fall out, the post office which recovers them can neither send them back to their owners, nor on to their destination, for there is no way or there are no methods of identification.

Besides the loss of money by the sender, the postal service loses too. Coins are hard on cancelling machines and sometimes cause expensive repairs. If the envelope is hand stamped—which it should be and usually is—the cost of processing is greater than that of processing the conventional without as bulky enclosure letter. Sometimes much more important than either of these items is the temptation to trifle which easily detectable money presents to all those through whose hands the envelope passes.

So the point is this: If you're determined to gamble, do so. But don't do it through the mails.

Weekly Snow Arrived On Schedule

Saturday afternoon the snow began and by Sunday night we had had at least six inches and it was still snowing. This one was a wet snow filled with moisture and will do a great deal to help the pasture land for the coming year.

Last Sunday the Bill Van Pelts entertained the Ernest Bloods and Mrs. W. N. Hightower at dinner.

Alan Johnsons were here last Wednesday from Carrizozo.

Jesse A. Isaacks, New Mexico Veterans Service Officer from Las Cruces, was here last week on his regular visit to the county.

Gladys Thompson of Ruidoso and Lorena Pollard of Dallas recently visited the Bill Van Pelts.

NOTICE TO BIDDERS

Sealed bids will be opened in the office of the Village of Green Tree at 7:00 p. m. January 28, 1958, being the session of regular meeting of the Board of Trustees, for removal of one 200,000 gallon steel water tank 40 feet in diameter, 24 feet in height, from Ruidoso to Green Tree, a distance of approximately 7 miles. The tank is to be dismantled, moved and reassembled ready for use, with 2 outlets and one intake. The Board of Trustees reserves the right to reject any or all bids.

Party Honors Jack Hull

Carrizo Lodge was the setting last Thursday evening for the party in honor of Jack Hull who recently retired after twenty-one years as postmaster at Ruidoso. A host of friends came to pay their respects to a man who had served them well for many years. He was presented with a gold clock from the group who played host and hostess to the affair.

The Lincoln County Chapter of National Association of Postmasters of the United States was delighted to pay its respects to a fellow worker and join as a sponsor in the affair.

Letter to the Editor

January 13, 1958
Aila, Oahu

Dear Vic, Joan, and Family:

Just a few lines to say "Hello" and let you know about our latest addition.

December 31st brought us a new income tax deduction, our third daughter, Geri Lynn. She weighed 7 pounds, 9 ounces at birth. She was born at Tripler Army Hospital in Honolulu.

We are all fine. Had a fabulous Christmas—never saw so many lovely gifts in all my life. The girls were quite thrilled with the toys Santa brought them.

Well, I'm beginning to count the days 'til we start home—early November. I'm quite anxious to show my family off to relatives and friends. Am making plans to stop in Ruidoso on our way to the east coast, if time permits. Last I heard from Mother and Ralph, things were fine with them. Don't know if you've heard, but my sister, Susie, and her husband have a baby boy—named after Ralph—born in November. Guess the folks are plenty busy spoiling their only grandson!

Thanks so much for sending us the News; am enclosing a check for a year's subscription.

Hoping all is well with you folks. Best wishes for a Happy New Year.

Aloha,
Marsha Lasher.

First Indian Woman Leader Writes Of Plight Of Fellow Red Men; Holds Associate Presidency In Newly Formed SW Indian Welfare Commission

By DEL BARTON
Associate President—Woman's Council Southwest Indian Welfare Commission, El Paso, Texas

(Editor's Note: This is the first writing from the first woman leader in the newly organized Southwest Indian Welfare Commission sponsored by the Texas Sons of the American Revolution's El Paso Chapter. Mrs. Barton is an Indian and writes from a different perspective than most about her own people and their plight.)

* * *

The government guardians of our democracy are very tired of that old max um, "Lo the Poor Indian."

It has been, and continues to be, a constant nagging (and at times embarrassing) irritation. They have always presented the attitude that if they ignore it long enough it will go away.

They are wrong. It will not go away. It is going to become more irritating than ever, for this embarrassing thorn in the side of liberty is being honed to a fine point by the Indians themselves.

Despite the difficulties we Indians are facing, there are those of our youth who are taking up the coup stick of our forefathers. We are preparing ourselves to wage battle for possession of a small slice of that democracy we have heard so much about and of which we have seen so little. The old maximum is more than a tirecome irritation to the red man; it is a piercing fact.

Aiding the Indian in his adjustment to a civilization which was forced upon him does not pay this government the double indemnity that aiding the oppressed of other nations pay. There is not a solitary benefit to be gained by assuring the Indian the freedom this government demands for the Israelite, the Korean or the Chinese. There is only justice, and as far as the Indian is concerned, American justice is bargained for on the sales counter of prestige.

The Indian lacks the necessary bargaining power. We have no armies. We are subject to the draft in the armies of our oppressor. Our lands are useless for strategic bases. If coveted they always have been (and still are) usurped without regard to our feelings in the matter. We have no power to threaten alliance with another nation for we reside in the concentration camps of the land of "life, liberty and the pursuit of happiness." Further our hearts and our loyalties lay with the home-land of our forefathers and the resting places of our ancestors. We are a conquered people, held under the clenched fist of a democracy wallowing in the false virtue of "freedom for all."

The Indian has come to the realization that it is he, himself who must demand and fight for his own freedom. He has learned that to await the pleasure of his captor is to die in the disgraceful gutters of starvation and abasement. He is learning the use of the white man's weapons—the false promise, broken word and political blackmail that were so fatal to his own civilization and are still the weapons used to conquer his hopes and his dreams.

The Indian traditions — his hopes, his ideals, his culture and religion were (and are) classified as barbaric. His very way of life was classified as decadent. He was stamped a heathen—a savage; a heathen because his beliefs did not coincide with those who coveted his lands; a savage because he fought to the death with every means at his command to save his home and protect his children and his right to life.

He was crushed, cursed and killed even while this nation dedicated itself to the establishment of those very things it deprived the Indian. The very Constitution of the United States of America of which they are so proud was fashioned after the constitution of the Iroquois confederacy. They named their towns, their counties and their states with Indian names. They cultivate and eat of Indian corn and they bask in self-satisfaction while smoking Indian tobacco and the Indian lives in misery, the orphan of that great movement of freedom.

Even in this hour, scientists throughout the world seek to probe into the mysteries of life and life after death. They strive to find what they call reliable evidence of "spirits" who commune with those who still retain the power of the heart-beat. Not too many years ago the white man scoffed at the Indian for his possession of that very knowledge and called him a heathen because he practiced it as a matter of every-day course as he talked with his ancestors and conversed with his God.

He was scoffed and his culture was scorned. His knowledge was ridiculed because the white man was sure that only his own particular belief was the only belief; his way of life the only way of life.

Suppose, just suppose that the Russians who at this moment are calling this government a "decadent system" and the peoples of this land an "un-enlightened" peoples because they believe in God, were to come to these shores and wrest this land away from the American.

Who of you would sit back and not fight to the last inch of land, to the last blade of grass and the last bullet in your gun, to hold this land and this way of life?

And suppose you lost? Who of you would accept the fact that the Russian way of life was better; that their civilization was good and the opportunities they offered better than what you have known?

Who of you (should the Russians place you in designated areas, often where it would be impossible for you to scratch even a bare living from the ground) would be satisfied? Who would cease to teach his children of the fate which had befallen you and who of you would try to convince his children that they should accept these new ways as being better than that of their fathers?

Who of you would say, "I accept your Godlessness for it is better than that which I have known all my life"?

Ask yourself these questions and consider the thoughts in the Indian mind.

There have been those, throughout the years, who have sympathized with the plight of the red man. There have been those who would have helped this situation if they had been able; and there have been those who have felt keenly the great sin of this "civilized" century, but sympathy from the whittling benches of the land has not been enough. While these few ineffectual words have been uttered Indian children have died of hunger and disease, Indian men have been bowed into a lethargy of hopelessness and Indian mothers reduced to beggary.

But the drums of his desire that have been beating only in the councils of the Indian heart are now sounding in the minds of the more fortunate — those Indians who have had the advantages of off-reservation education. They are rising up and uniting, forgetting old tribal barriers and building slowly (but surely) a council of the red man—demanding justice for all American Indians from the Atlantic to the Pacific, from Canada to Mexico.

To the Pueblo and Navajo Indians of New Mexico, corn is a sacred substance, used as a symbol for all fertility. Corn meal, ceremonially ground, is scattered in various directions on most rituals.

Writing in The Reporter, Carroll Kilpatrick says: "The movement away from the farms has not meant the development of corporate farms in this country but rather the strengthening of the family farm. The proportion of family farms to the total number has held steady in recent years. The trend is toward larger mechanized farms operated by a single family with little or no outside labor."

17 Hondo Students Are Listed On First Semester Honor Roll

(By J. A. HAMILTON)

Hondo High School students and teachers are stretching themselves this week after a rigorous testing session which marked the end of the first semester. All students, grades nine through twelve, took examinations lasting an hour and a half in each of their subjects. Essay type tests were stressed over the objective type so that the students would get more practice in written expression and organization of material learned. On Thursday, these tests were discussed and reviewed, and all students had an opportunity to rest their tired hands and recuperate from writer's cramps.

The semester scholastic honor rolls include the following 17 students:

"A" Honor Roll—Della Fresquez, Freshman; Juanita Torrez, Sophomore; Patsy Joiner, Sophomore; Nora Sanchez, Senior; Ora'ia Montoya, Senior.

"B" Honor Roll—Ben Sanchez, Freshman; Beatrice Herrera, Freshman; Evangeline Montes, Sophomore; Effie Sanchez, Sophomore; James Sanchez, Junior; Josephine Salcido, Junior; Freddy Perry, Junior; Becky Silva, Junior; Stella Trujillo, Senior; Lupita Salas, Senior; George Romero, Senior; Patsy Nunez, Senior.

Lupita Salas, a Senior, took the best citizen honors from Della Fresquez by a very slim margin of one point. Lupita's total for the semester was 110, Della's was 109. Della is still a Freshman, and it looks like she is heading for a very successful high school career if this year is any indication.
