Around Town

—By Nosey Waters—

Two full pages of photos of the Old Lincoln Pageant, another feature section with photos on a "Loop Drive" out of Ruidoso to the North, plus all new pictures of other recreation found in this region are included in Carmon Phillips' new Pictorial magazine, due off the press about the middle of February. We saw advance proofs on the new publication—it is a whiz. Rodgers Litho of Lubbock is doing the job, and Rodgers came up in person to confer with Phillips last week-end over final corrections, etc., on the book. . . .

★ ★ ★

Dewey Gann, former village marshal here and now marshal in Clayton, flew into town last week-end with his wife, reporting the job of policing Clayton is a lot different than in Ruidoso. He has a ranch near there and says the extended cold and snow is now causing a hardship for the cattle in that country. We sure liked Dewey's suede jacket he was sporting. . . . Thanks to Tiny's Cafe this week for their nice plug for the Ruidoso News. . . .

Neal Logan returned to his home in Texas this week after serving as pharmacist in Roy Baker's absence for about ten days. The Bakers were with the Terry Eaters and the Martin Grindstaffs on a fishing junket to Guaymas, Mexico. The sextet brought home over 400 pounds of fish. They reported they saw Bill Blakely and his grandson there, and were expecting the Leck Cowdens down, too, with several Texas relatives and friends. . . . Have you noticed how neat our Forest Lawn cemetery is? A considerable amount of clean-up has been done in recent weeks out there. . . .

★ ★ ★

Clint Higginbotham, minister of Gateway Church of Christ, says partitions have been rearranged to increase the number of Bible class rooms from three to six in the church in Gateway. . . . It seems odd to us, in our visits up and down the canyon this week we heard not one single comment about the forthcoming school bond election when we're supposed to decide on a $120,000.00 issue for adding a combined gym and auditorium and some extra classrooms. Hope the folks are not too complacent. Let's be sure to vote!

★ ★ ★

Margaret's Cafe has been serving coffee free to all the volunteer, and paid workers, in the new Chamber of Commerce building. That's a nice gesture, especially during chilly days.

★ ★ ★

Not acknowledged before is a nice cash donation from Mr. and Mrs. S. B. Thompson of Temple, Tex., for the cemetery fund. . . . Several persons known in Ruidoso have a part in a play "Angel Street," to be given this Friday and Saturday nights in Alamogordo. Wm. V. Cheek, one-time attorney here, has a leading part, Col. and Mrs. Jay D. Smith, who had Perky Pine Playhouse here several summers ago, have parts, and assisting in the stage production is Betty Bennett of Hollywood. . . .

In Ruidoso last week-end to move their household goods into storage were Mr. and Mrs. Carl DeBord, whose address now is Santa Fe. Carl was named assistant state school tax collector, he told us. . . . A letter from Peg Hunt, who signed her note as "Old Timer," says this, "We look forward to getting our Ruidoso News every Monday. God bless you all, a healthy and happy New Year." She's in El Paso. . . . Letter from M. C. Hullender of Frederick, Okla., an artist who summers in Ruidoso: "I'm looking forward to spending another summer in Ruidoso, July 15 to Aug. 25. I have several new paintings to add to my art exhibit that have never been shown before. Best wishes to all my friends there." Hullender in 1958 won an award at the State Museum Show in Santa Fe. With a subscription renewal sent to the News he added $25 to be given the Ruidoso Chamber of Commerce, an amount similar to a gift he made a year before. . . . Mr. and Mrs. G. B. Waltrip have gone to California where Mrs. Waltrip is buying merchandise for a new business she will be opening soon in the building now occupied by Lorene's Style Shop. Mr. Waltrip said she would have sportswear and women's apparel. . . . Ted Bonnell, son of Mr. and Mrs. Kiel Bonnell of Ruidoso, was advanced to the presidency of Otero County State Bank in its annual meeting in Alamogordo last week. Other sons of the local couple who serve on the bank's board are Dorsey and Kenneth. Ted was formerly a vice-president. . . .

Four hundred postcards will be mailed to prospective donors in Ruidoso, Carrizozo, Hollywood and Ruidoso Downs early in February soliciting contributions for a Girl Scout fund. A committee, headed by the Rev. Mark Crenenberger, met last Thursday here to lay plans for the drive. The postcards will say that donations can be left with, or sent to Ruidoso State Bank, with T. B. Hood accepting them there, or at the Adobe, where Mrs. Bernard Rooney will accept them, or the Ruidoso News, where Vio Lamb will take them. The drive is set to close on Feb. 14 when bake sales will be staged at several stores here to help in raising the funds. . . . Ronnie Battles is installing the first hi fidelity stereophonic sound in the walls of a new home here ever put in in Ruidoso. It is for the Jodie Fillemans in Ponderosa Heights, and will include a pair of speakers set in the wall of a den, and also a pair to be set in the walls of the living room. Battles said a similar installation may be made in the new Gwenn Robbins home here. . . .

Mayor Joe Roach, Fletcher Hall and Chamber of Commerce President Bill Hall, all of Capitan, were in Ruidoso Wednesday morning conferring with Executive Vice-President T. B. Hood concerning banking matters. They discussed a proposal which may develop into a source of considerable growth in the future for Capitan. . . . Community Public Service Co. announces its offices in Ruidoso will be closed each Saturday from now until June 1. . . . Note from H. C. Brown, in the VA Hospital in Albuquerque, says: "I saw Mr. Dell at the hospital here. He really got a kick out of hearing some one's voice from Ruidoso. He's a wonderful person and I am sure he would appreciate hearing from any of you. It's the least we can do. He said he'd heard about Okie Headquarters here—I didn't ask him whether good or bad. This is news—so don't kill me." . . .

The C. of C. could use a hot water heater and bath room fixtures in its new building here. Anybody got something that would work they'd donate, asks Mrs. Emma Redmann, secretary. . . .

Sunny Edwards, new owner of Cree Meadows Golf Course, forgot to bring us a cigar Monday when he came in to report the birth of the first grandchild for him and Mrs. Edwards. She is in College Station, Tex., with their daughter and her husband, who became parents last week-end of a boy, named Dot E. Reynolds II. . . . Steeple at First Baptist Church, Ruidoso, blown down in a windstorm some 18 months ago, has been replaced. . . .

WORK ON CHURCH BUILDING—The second Monday of each month volunteer workers turn out to help complete the expansion of the education and recreation building at Community Methodist Church, begun early in 1958. Often a dozen or more workers are on hand to assist, but when the News cameraman dropped by, only these six were on the job this month. They are, from left, the minister, the Rev. C. Edward Dillerline; the Rev. Ben Hill, retired; Mrs. R. K. Knox, Mrs. Earl Spears, Leon Farrar and Earl Spears.

U. S. Hiway 70 National Board Holds Meeting

Ruidoso Area Is Represented; Clovis Sign Planned

Ruidoso was represented by New Mexico U. S. Highway 70 representatives when the National U. S. Highway 70 Board of Directors met in Portales last week-end to formulate plans for further advertising the scenic, vacation, all-weather coast-to-coast highway that passes through Southern New Mexico.

Among business discussed was erection of a huge sign, scotch-lighted, east of Clovis to direct highway traffic southward from there on to U. S. Highway 70, and to show a map with all towns on the route indicated. Attending the meet from here were F. L. Richardson, N. M. association president; Ray Clarke, state vice-president, and his wife, and Mr. and Mrs. Wayne Wantlez. Mrs. Wantlez is state association secretary-treasurer.

Richardson said the national association would pay for about 60% of the cost of the sign's painting and erection, with the state association and local associations paying the balance of the cost, estimated at from $1,000.00 to $1,200.00. Richardson said he hopes to see each town along the route erect smaller, but similar signs, following the same color scheme and pushing the same slogans as found on the larger one. This can be done through local associations financing their own, he said he believed.

Two Escape Injury In Plunge Of Caterpillar

Two persons narrowly escaped death here early Tuesday morning when a 7-ton caterpillar, equipped with a back hole attachment, fell through the roof of a cess-pool on property east of Long's Oil Wells near U. S. Highway 70. Tom Loftis, driver of the machine, fell with it as it crashed into the hole, and an employee, working beside him, fell into the pool. The employee, Frank Bull, was dismissed from Ruidoso hospital a few hours after he was taken there for emergency treatment and a check-up. He received only minor bruises, it was stated. The cess pool was about 10 feet deep, but the caterpillar did not drop to the bottom. The back hole attachment aided in supporting the machine on one wall, and the cat's tracks held to the opposite wall. Heavy road machinery used by the L. B. Clarke Company in constructing U. S. Highway 70 here was used to extricate the caterpillar from the hole.

State Okays Burying Ruidoso Sewer Bonds

In its first meeting, New Mexico's newest state agency, the State Investment Council, Saturday approved purchase of $250,000.00 of Ruidoso's sewer bonds, voted last year as a part of the cost of a projected $650,000.00 improvement here. Announcement of Ruidoso's bonds being bought was given in the daily press Sunday along with names of other communities and districts whose bonds were to be purchased by the state from its permanent fund.

Langford handles the products here through Roy Bell Oil Co. of Roswell, with storage tanks for immediate delivery located on U. S. Highway 70 near Hollywood.

Mrs. Parker told the News this week she will be at market out of town for several days making purchases for her new business.

The building is being remodeled for the new business, and announcement will be made shortly of the opening date.

Letter to the Editor

CIVIL DEFENSE

Another word for civil defense is "self help." In case of a major catastrophe or if another war hits our country, self help will be of the utmost importance for the individual person, the family and the community.

There is a national civil defense organization giving guidance and advice to the local civil defense organizations. Every community in the United States has or should have such an organization and Ruidoso should certainly not stay behind in this respect for two important reasons:

1. We are surrounded by military targets and in the event of military attack, Ruidoso might actually become a danger area.

2. If surrounding areas become danger areas Ruidoso might become an evacuation district.

In the first case, organized self-help for the community is obvious, in the second, we Ruidosoans might be faced with the problem of thousands of evacuees coming here from danger areas.

In order to be prepared for such situations it would be advisable to form a committee of residents before the actual need is here.

The mayor and council of the Village of Ruidoso invited me to form such a committee and organize the civil defense of our town. In order to do this I would appreciate hearing from Ruidoso residents who want to serve on such a committee. Please contact me within the next week and we will start an organized civil defense for Ruidoso.

Also, I plan to publish a short lecture about civil defense in our local newspaper.

12 GIRLS STAR IN CAPITAN ALL-SCHOOL PLAY

By CHARLES LOCKHART

"Twelve Angry Women," an adaptation of "Twelve Angry Men," will be presented at Capitan High School on Thursday, Jan. 22.

The play, using an all-woman cast, is a special version of the exciting drama first seen on Studio One over CBS-TV in 1958.

A nineteen-year-old boy has just stood trial for the fatal stabbing of his father. As the search for truth by the jury develops into a clash between the members, the suspense builds until the fate of the boy depends upon the vote of one juror.

Barbara McGrew, Capitan High School "Superior Actress of 1958," plays the role of the strongly opinionated, intolerant juror who is convinced of the boy's guilt. Judy Lockhart, veteran actress of four plays, portrays the quiet, truth-seeking woman of strength who has a reasonable amount of doubt whether the boy is guilty.

As the conflict between these two explodes, the rest of the jury is caught in a web of doubt as the excitement mounts until the foreman gives the verdict to the court.

Fred Miller, play director, is trying a new experiment in that he is using playboy staging. The audience will gaze and seem to live the roles themselves as they sit on three sides of the actresses. This is the first time the playboy has been presented at Capitan High School, and will provide a unique way of seeing a play as the audience will seem to be in the room itself.

The play and the movie "Twelve Angry Men" were outstanding hits and playwright, Reginald Rose, was awarded the "Emmy" in 1958 for the "best dramatic writing" for television. "Twelve Angry Women" is the same play for an all-woman cast with surprises that will keep you tense until the final verdict.

The action will start at 8 p. m. Thursday, Jan. 22, at Capitan High School. Admission is $1 for adults, $1.50 for adult couples, and 50c for students.

Ruidoso Telephone Co. in keeping with the growth of the community, is building an annex to its home office in Ruidoso on Main Road to add three new offices for personnel, and is adding additional telephone circuits within the village of Ruidoso, Jack Hitchens, manager, reported this week.

In addition, another permanent employee has joined the phone company staff, Mr. and Mrs. G. E. Robertson and son, having moved here from Gallup to make their home. He was formerly head of construction for the Bureau of Indian Affairs at Gallup and will serve in the local company in its construction department. This gives the local concern eight employees now, Hitchens said.

Two additional long distance trunk lines out of here are to be added this spring for summer use, to give Ruidoso a total of 10 long distance circuits, Hitchens added.

The twenty poles will cost $3,000 and the lamps will cost $230.00. Ninety percent of the cost was borne by generous gifts of area residents, Village Clerk Charles Culver reported.

Work on the broadway lighting is scheduled to be completed in 60 days.

Underground wiring and pole bases, costing around $11,000, was done by the highway department when the new highway was in its early stages of construction.

FUND IS RAISED FOR MERCURY LIGHTS IN HOLLYWOOD

With announcement last week that the Village of Ruidoso Downs would have mercury vapor lighting on poles in the street dividers through that community, a committee of Hollywood merchants began a fund to install a similar system in that community, adjacent to Ruidoso.

Long and Henry Jackson were to have solicited merchants and residents there, and interested parties in neighboring communities, to raise the cost of installing 10 light poles with mercury vapor lamps. By last week-end, almost all the money needed had been raised or pledged, Anderson reported.

Plans are to collect enough in advance to assure payment of the monthly light bill at least a year ahead early each year.

This midweek, a report on donations received for the project listed these contributions: Henry Jackson $50; R. H. Anderson $50; Prescription Pharmacy $50; J. A. Burns Lbr. & Supply $50; W. R. THE SILVER LINING

By Daniel A. Storm

Here it is real early in the morning again, and the wind blowing down the draw. What is the wind doing whipping up so hard this time of the year. We usually don't expect this 'til along in March. But everything in the world is upside down and backwards now anyhow.

Mostly I like the wind, I love the wind, I am a feller that can go to sleep with the rain pattering on the roof, or the crickets singing in the quiet summer night, or the snow covering up the earth, or the wind flying across the world.

But all *night now* I have been wondering whether I ought to jump up and run out side or fall down on the floor and make my 130 pounds as heavy as I can.

You see, when the wind blows so hard it seems to lift this little frame house almost off the ground. The little house seems to shake and tremble, and I don't know whether it is going to turn over or not. If I stay in the house I might go rolling and tumbling along with it as it goes down the canyon like a tumble weed. And if I get out, I might lighten the house just enough for the wind to take it away. So I stay on inside for ballast.

You may think I am talking a little windy. But you don't know how hard the wind blows around here.

Some of the cedars are bending down almost brushing the ground in the charging gale.

One of these days I am going to tell you how really wonderful our cedars are. I guess if it were not for them our world would just about blow away.

So many tumble weeds have piled up against the old wooden back gate that they have finally assisted through and gone on down to the lower country. Is that the first time you ever heard of a gate being broken down by tumble weeds. There we go with Tumble Weeds again.

Now, friend, you might think I say the same thing over and over again always talking about tumble weeds and pinons, Cedars and Blue Birds. You might say, "here comes the same old soup warmed over."

But have a little patience and stay with me. When I say something, it is for your good.

The other day I was down talking to my faithful friend of many years, Louis Smith. Louis looks the same as he always did. His laugh has the same merry ring; he steps about with the same light springy stride. His eyes are the same color as in the years gone by—like the sky on a clear October day.

While we were talking Mrs. Smith came out, looking beautiful as always, and told me that while they were visiting in Texas, they saw the children had made Snow Men out of tumble weeds, coloring them all kinds of colors. What do you think of that?

Louis Smith lives at the first place coming from the East into the little city that has had three names in its lifetime. Louis has always made a top hand for us here. They do not make them any better than Mr. and Mrs. Louis Smith.

The Eagles dropped three consecutive games last week. On Jan. 13 the Capitan Tigers met the Hondo Eagles here and won by a close score of 60-54. Victor Pineda was high point man for the Hondo five. Friday and Saturday the Eagles met the Eunice Cardinals and Jal Panthers. The Cardinals' experience and outstanding ball-handling were too much for the Eagles, and Eunice came out on top with a walloping score of 72-41. High point men for the Eagles were James Sanchez with 21 points and Johnny Gomez with 10 points. Saturday night the Jal Panthers put up a terrific battle against Hondo. The first three quarters the Eagles were ahead, but in the final quarter Jal pulled ahead and won by a score of 58 to 51. Johnny Gomez took high point honors with 17 points with James Sanchez behind him with 15 points.

This week-end, Jan. 23 and 24, St. Peter's Crusaders and Ruidoso Warriors encounter the Eagles on Hondo's home court. Game time is 7:00 p m. for both games.

Mrs. Alma Bradley, Lincoln County Health Nurse, gave tuberculosis tests to both the grade and high school students last week. The tests are given in order to find the students who are either carrying the germ or are susceptible to the disease.

The Ruidoso Warriors play the strong NMMI basketball team here tonight (Friday) in two games with the B game beginning at 6:30. Tomorrow night the Warriors play two games at Hondo.

Last week-end the Warriors broke even in their Varsity games, winning here Friday night 72-69 over Hagerman and losing to St. Peters in Roswell Saturday by a score of 50-45. The "B" team lost to Hagerman Friday 24-40, and Saturday the Ruidoso Freshmen dropped their game with St. Peters 28-37.

A real barn-burner has developed between Klemm's and Hayes for top place, Hayes, smarting from a 1 to 3 loss to Clarke's Insurance a week previously, turned on the heat last Thursday night and were able to eke out four games from the begrudging Klemm's. Neither team can afford to sit on their hands as the Elks are beginning to click, having won four from Clarke's at the last meeting.

Capitan News

By DIXIE SPARKS

Hi. Boy, oh boy, am I loaded for bear—arrived home late this evening (Monday) and said Hi to granny and took off to the regular meeting of the Capitan Chamber of Commerce Thtre found out the Capitan road sign will soon go up at the Hondo junction of Hiways 70 and 380; Mayor Joseph Rench had a telegram from Senator Clinton P. Anderson that our sewer was "in the bag." That means Capitan will soon have a sewer system which we have long wanted and needed; and a rumor that may come true very shortly, only comment I can make now is this, every one I have talked to are very much in favor and makes us all feel good inside that our neighbors have faith (like us) of a "bigger and better" Capitan. The mill for the thorium mine is about ready to start. They are drilling another oil well across the highway and south of the Rodeo Bar; they are core drilling up around Bonito and findings are good. May mean another mill, or plant or whatever they call it, for here. Wonderful isn't it? Smokey Museum almost has a roof on, thanks to the untiring efforts of Mayor and Mrs. Joseph Rench, sponsors of the Smokey Bear dances. Last Smokey dance netted around $44. Our hats are off to them. I know one thing, I have faith in the future of Capitan. Oh, we may have to crawl first but we will walk longer and much better later on, and then we will be "bigger and better." Why? Because I believe in "a united effort makes a better community."

Coma Jackson of Alamogordo and I drove to Farmington Saturday afternoon for the executive board meeting of the New Mexico State Hairdressers Association. We didn't see much of the country going up but Sunday the city of Farmington was not quite as I had pictured it is built on rolling hills, up and down also there are, give or take a couple, eight new housing units just finished or in the last stages We enjoyed our breakfast with Unit 10 as hosts, and the board meeting. Then Sunday afternoon Unit 10 had its elimination contest. There were five contestants and five very beautifully styled models with the spring and summer trend "Sweetheart." The Redwood Lodge where we stayed and had our dinner Sunday evening treated us like royalty, the food was superb, the service excellent, the soft dinner music of semi-classical selections gave one a very relaxed and contented feeling. I was told the music was of their own service and the part time cook and bookkeeper was the selector of the music, one doesn't ever know does one? I admired his taste very much but then when it comes to music "I am a long hair." We drove back Monday and looking back is in sort of a basin with the Animas River, wide but not deep, running parallel with the town site and La Plata Mountains for a background. Farmington to Bloomfield is 15 miles of trailer homes, shacks, oil field equipment companies one right after another. Rising to the top of the plateau the surrounding country is one oil pump after another and roads take off in all directions like cow trails and many, many of them. This drive was through part of New Mexico I had not seen, and quite breathtaking, too. Some rock formations like they had been submerged in water all but topmost and left a layer effect as water receded. This brings to mind historians contend the Gulf of Mexico at one time extended to the Canadian border. I can buy that more now after seeing what I did. Albuquerque still has snow on some streets but, believe it or not the sand was blowing and we had strong head winds and sand rest of the trip home. We here in Capitan are one thousand feet higher than Farmington and in talking to the winner of the contest, Mrs. John Gilbert, I was informed they have a summer home in Ruidoso and go there each year. Small world no? Didn't mean to take up so much of your time reading this but thought you would like to read a little of the highlights of our trip. More I see of this state (my adopted state, too) the more I believe the Land of Enchantment. We thoroughly enjoyed every minute of our visit and they do make one feel welcome.

I was indeed most pleased to renew the friendship of Mrs. Sharp, wife of Col. Sharp, former Commander of Holloman Air Force Base, Alamogordo. She and Mrs. T. A. Spencer were in the shop Tuesday last. They have been in Baltimore, Md. and Washington, D. C., for the past three and a half years. Col. Sharp will now take up his duties as general chief of inspection at Sandia Base, Albuquerque. They were the house guests of the T. A. Spencers in Carrizozo. The two families met during the war while both were stationed in Oregon. Mrs. Sharp said the East was all right but they were happy to be back in New Mexico where they have so many friends.

Mrs. Champ Ferguson's sister, Clara, and her mother, Mrs. Brazell, of Carrizozo, were in Capitan Tuesday last and visited with Lorene in the drug store.

Mr. and Mrs. Baldwin were in from the Nazarene Camp at Angus. Both said the roads were still a little muddy but if they didn't have any more snow they would soon dry.

Mrs. Ruth Fleming (my cousin) was up from Rancho del Padre last Wednesday and had lunch with Granny and me. She was quick to return our visit for Granny and I drove down to see her Monday (first time since the car has been in the hospital) and we also saw Louise and Milt. Both were looking good and in the middle of remodeling the curio market which will be quite nice when they finish with it.

Mr. and Mrs. Archie O. Burnett, parents of Mrs. Marie Walker, Marie, Johnny and Alma drove to Las Cruces last Sunday, stopping enroute to show them where Marie used to live in Alamogordo and how much it had grown. While in Cruces Marie saw Mr. and Mrs. Leo Powell (Pansy), former residents of Capitan. The Powells are well, happy and say hello to all of their old friends. Mr. Burnett's sister, Mrs. Charles Franklin of McGrew, Neb., was visiting her daughter who lives in Cruces and they all took advantage of the time and a grand visit was had by all. The grandparents took Johnny and Alma to the Carlsbad Caverns Saturday and after Alma's birthday Tuesday the 13th they started on their way home but will go to see another sister in Arkansas first.

Horace Ellis made a trip to Albuquerque Tuesday, returning to Capitan Thursday. His trip must have been successful for he came back with smiles.

The Round Table Club met Thursday for its regular monthly meeting. The home of the W. W. Halls was the scene of the luncheon and hour of social enjoyment that followed. The ladies enjoyed a luncheon of ham, salad, vegetables, relishes, home made rolls, pumpkin pie, mints and nuts. The social hour was spent playing bingo, with Mrs. N. E. Britten winning grand prize and Mrs. James Black consolation. Members present were Mmes. J. D. Merchant, Ray Provine, James Black, Champ Ferguson, N. E. Britten, James Howard, Don Murphy, Mrs. Eltha Merrell, guests Judy and Norma Gay, with hostess W. W. Hall.

Mr. and Mrs. Hollis Cummins and sons drove to Albuquerque Friday. Hollis attended to business in Santa Fe and then returned to Albuquerque to spend the week-end with his sister, Jerry McClung, and family.

Mr. and Mrs. Frances, former owners of the Pine Lodge, were in Capitan last week on business. It was awfully good to see them again and they expressed a desire to move back to Capitan. All of us would like to see them return.

Mr. and Mrs. J. L. Black and Mrs. T. A. Spencer motored to El Paso Sunday afternoon and plan to return Monday sometime.

Earl Dowl died of a heart attack while visiting in Roswell. He is the nephew of Mrs. Rose of Fort Stanton.

Ed Downing of north of Capitan and Lincoln, died Sunday night. He had been ill since early fall with encephalitis, taking a turn for the worse quite recently. He was greatly liked. Capitan and vicinity sends sympathy to Mrs. Ed Downing in her hour of mourning.

I will stand in the corner with my face to the wall for ten whole minutes because I wrote something and it did not happen. Circumstances beyond anybody's control happened and we didn't have the March of Dimes coffee at Mrs. Cummins. We will have something but what I can't say right now (I know what it is but they don't) but if they will, we will, and we will have it. If the young fellows are not too stiff and old? We are trying to get up a basketball game between them. If it happens there will be another news item about it elsewhere in this paper. The Mother's March will be Jan. 31. Fort Stanton and Capitan mothers will march at the same time ending with coffee and doughnuts at Mary Werner's. Again I am asking the impossible—folks give and give for they whom you help will and do thank you from the bottom of their hearts.

Mr. and Mrs. Jess Gutherie are the proud parents of a baby boy born Sunday, Jan. 18.

March of Dimes Basketball Games

Tuesday, Jan. 27, the Capitan High School gym will have two games, proceeds to go to the March of Dimes drive. The preliminary game will be between the 7th and 8th graders. Main event will be between the High School team and a town team if the town team can take it.

The evening promises to give you your money's worth, so plan to attend and give your donation to the March of Dimes and in turn have a good time. See you

Vernon Searcy is handling 1959 vehicle license tags at his Gulf station.

Two Capitan H S exes are on the N. M. State U freshman basketball squad—Penny McKnight and Ralph Vance.

Mrs. Frederick Wright and Ed Downing, both of Capitan, were admitted on the same day, Jan. 16, as patients in St. Mary's hospital in Roswell.

Remija Aguilar, Ft. Stanton, was admitted as a patient Jan. 12 to St. Mary's Hospital in Roswell.

That's all for this week, see you next week, Lord willing. Dixie.

Sheep and lambs on feed for market on January 1, 1959 in New Mexico totaled 62,000 head, according to the New Mexico Crop and Livestock Reporting Service. This includes animals on wheat pasture in the Clovis area and those in feed lots on that date but does not include sheep on alfalfa pastures in the Pecos Valley destined for entering feed lots after January 1. The 62,000 head compares with 42,000 head a year earlier and 23,000 on January 1, 1957.

A Piece OF THE PICTURE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"For Thy love we thank Thee, Lord . . . for Thy help we pray."

Just a few words, rooted in gratitude. But gratitude means so much . . . to the Giver . . . and to those who receive!

To God it means that we are not too busy enjoying His gifts to understand His love.

To us it means that we have not forgotten the *heart of life*. We haven't lost sight of the spiritual center toward which the Church constantly points our vision. And to our children it means a family life based on faith and prayer.

Of course, our "blessing" or "grace" is only a small part of the Christian Life to which the Church calls us. But, like every piece in a puzzle, it belongs there!

And the sooner we put all the pieces in place, the sooner we'll understand the WHOLE PICTURE.

The L. M. Jones family went to Roswell Saturday to attend the basketball game there.

Mr. and Mrs. Dink Gann from Clayton, N. M., and Mr. and Mrs. Lowell Morgan from Socorro flew in Saturday to spend the week-end with friends. Both couples formerly lived in Ruidoso.

Mr. and Mrs. Wilbur Wimberly from El Paso spent Sunday here visiting the Lee Wimberlys.

Angus & Bonito

By ZULA CORDER

There were more people up the canyon this past week-end than there has been since hunting season. After all the beautiful weather we have been enjoying in the mountains the folks from the neighboring towns of New Mexico and Texas are coming up for drives in the mountains. There have been several up looking at lots, wanting to find a place in the mountains to build a summer home.

Mrs. John LaMay's mother, Mrs. Brown from T. or C., N. M., is staying with Mrs. LaMay's children while she is in the hospital. We are glad to report that Mrs. LaMay is much improved.

Lois Kelley of Ruidoso came out Thursday afternoon for a short visit with the Corders. Then Sunday p. m. "Red" Kelley was out doing some work on their cabin.

One night last week Sharon Hayes stayed at Ft. Stanton with Patricia Henderson.

Up from Lovington last Wednesday was Odell Black, his mother and Aunt, Mrs. Williams. Odell had been to Carrizozo to render the taxes on his lots here at Angus, and came back by Corders for a visit.

Week-end visitors at the Barnie Hayes was Barnie's brother and family, Mr. and Mrs. Pete Hayes and son Jimmie. They also brought Barnie and Ruth's little granddaughter up for the week-end, Kathy Millsap, all of Lovington.

Mrs. Gil Peters and Mrs. Barnie Hayes went to the March of Dimes Tea held at Mrs. Cox's at Nogal Friday.

Charles Corder went to Roswell Friday after supplies for the store.

J. D. Faulkner's father from Ft. Worth, Texas, was a visitor last week in the Faulkner home at Bonito Lake.

Mr. and Mrs. Joe Purcell of Loco Hills, N. M., came up to their cabin at Angus over the week-end. The Purcells brought Mrs. Purcell's mother, Mrs. Dansby from Swenson, Texas, with them to show her the beautiful country. This was Mrs. Dansby's first visit here and she really thought the mountains beautiful. She said, "I love Texas, but this is so beautiful I would love to live here."

Week-end visitors at the "Idle Moments" cabin were Mr. and Mrs. C. T. Sparkman, daughter Claudia Kay and friends Lennie Lane and Bob Patterson, all of Lovington. C. T. Sparkman is now a subscriber to the Ruidoso News, so he can get a first hand report on what is taking place in Ruidoso and the surrounding area.

Joy Reil and friend from Roswell came by Sunday afternoon for a visit with the Corders and Sparkmans. Joy had been to Carrizozo for a visit with her parents, Mr. and Mrs. Vincent Reil.

Tom Bragg from Parson Canyon and Fred Coe of Ruidoso stopped by the store Sunday afternoon. Fred was helping Tom haul some wood up to his place, getting ready for the next snow storm. It is always a pleasure to see Tom as he has a cheery greeting and smile for all. If ever one could have the pleasant outlook on life as Tom has after 84 years, with never a complaint or gripe wouldn't this old world be a wonderful place to live?

Mr. Homer Allison, Sinclair dealer of Ruidoso Downs, was out one day last week delivering a load of gasoline to Corder's Store and Station. Mr. Allison reported that Ray Dean Carpenter is some better since he was taken back to the Parkview Memorial Hospital at Dallas, Texas.

Mescalero Apaches Are Subject Of New Book

It hardly seemed worth fighting for—"miles of burning desert intervened between wooded mountain ranges and fertile valleys."

But fight for it the Mescalero Apaches did. And in a different way they're still fighting for it—for the land, their ways of life and for themselves as a tribal unit.

The fight wasn't easy then . . . and is not easy now.

This is the story told by C. L. Sonnichsen, a professor of English at Texas Western College in El Paso in his new book, "Mescalero Apache," just published by the University of Oklahoma Press.

The professor is no stranger to the New Mexico and Southwestern scene. His earlier books include "Cowboys and Cattle Kings," "I'll Die Before I Run" and "Ten Texas Feuds."

The professor makes no bones in his detailed, entertaining and significant research among the Mescalero Apaches his feeling that they were perhaps more often than not treated shabbily by the U. S. government.

There is evidence to support his feeling, not a private view at all. For instance, the cover says that "cruel and revengeful as these Indians were at times, they always had more than sufficient provocation and a catalog of the sins committed against them is revealing, even spalling to a white reader."

Sonnichsen shows a clear and revealing insight not only into the history of the Mescalero Apaches, but into their beliefs, feelings and their hopes for the future. As he says:

"The Mescaleros have much to be proud of today and much to hope for the future. If the government does not liquidate them too soon—if they can get themselves educated fast enough—if they can continue to be Indians but learn the white man's methods, there will be a better day for all of them."

Mrs. Mamie Perry was a guest of Ruidoso Woman's Club in its regular meeting Wednesday afternoon last week.

Dan Storm was lay reader at Holy Mount Episcopal Church last Sunday in Ruidoso.

The Gerald Tullys were recent business visitors in Roswell. They were there to see about trading for a new station wagon, but hadn't done it the last time we heard.

Surveyors have been in this area running preliminary lines for the next improvement of U. S. Highway 70, which will be re-routed for most of the way, it appears. A new contract for another section is to be let in the near future, we have been told.

Mrs. Jim Tully and Mrs. Gerald Tully were in Ruidoso Tuesday evening to attend a women's auxiliary meeting of their church. Mrs. Gerald Tully said that although Ruidoso had only a light snow flurry, snow fell in the Glencoe area almost all day Tuesday.

he declared. He explained the sonic boom, a sound or explosion, a pressure and sound wave, which startles many New Mexico residents in these modern days with faster-than-sound aircraft flitting about our skies. He said it is a sound of security preparation for war's eventuality. "There's nothing to be alarmed about when you hear it, people are usually startled by it because they are not expecting it." He said people must adapt to modern progress in the skies.

Visitors included Raymond River, Big Spring, Tex.; Cap Arrington, Roswell; Bryant Sisco, Ruidoso, Col. McCurdy and P. T. Schrein, Alamogordo.

Rotarians See Motion Picture On Holloman AFB

A color motion picture on "The Holloman Frontier," story of research towards conquest of outer space at Holloman Air Development Center near Alamogordo, was shown the local Rotary club in its noon luncheon here Tuesday noon in the O. E. S. Hall. Col. J. W. McCurdy, public relations officer from HADC, gave a brief talk following the showing of the film. Some quotes from his address, as reported by the Rotary reporter: "Man has conquered all of earth's surfaces but one—UP."

BUSINESS FIRMS INCREASE IN COUNTY

Statistics related today by C. R. Knapp, manager of the El Paso office of Dun & Bradstreet, Inc., reflect the growth of business firms in Lincoln County during the past year. Figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1959 totaled 217 manufacturers, wholesalers and retailers in this area as compared to 206 in January, 1958, an increase of 5.4 per cent for the period.

The Reference Book, incidentally, lists only manufacturers, wholesalers and retailers. It does not include some of the service and professional businesses such as beauty and barber shops and stock and real estate brokers. Thus, the figures for businesses in Lincoln County would actually be higher than the 217 quoted above.

Nob Hill School

Second Grade—Mrs. Sullivan

There are several out of school because of chicken pox and other illnesses.

Our science work the past week has been about deer, their habits and how they live in the winter time, with deep snow on the ground.

We are very sorry to lose Debbie Sue Grant who is going to Japan to live for three years. Her daddy is stationed there. Her mother and two little brothers will accompany her.

Our class has learned two new songs the past several days.

Our honor roll students in Spelling last Friday were: Wendell Duffy, Eddie Sanchez, Clara Hobbs, Rodney Owens, Yvette Thompson, Elizabeth New, Laura Scott, Stevie Loftis, Johnny Zinn, Salina Barcus, Richard Rios, Renee Nooker, Tommy Reynolds, Nancy Rose Ward, Sonny Taylor, Wanda Sue Kelley, Karen Yunez, Romona Corona, Robert Sanchez, Nadine Gallegos, Ronnie De Clark, Mary Ann Barcus, Skipper Green, Amalia Aguilar, Luanne Lopez and Wayne Story.

Wanda Sue Kelley celebrated her eighth birthday recently with a lovely party at her home.

First Grade—Mrs. Reese

We are having lots of fun learning some Spanish in our room. Cyrus Leland, Colleen Donnelly and Cindy Sue Harris are also teaching the class a little song in French.

Melinda Duncan and Dedra Nicodemus are back with us after a siege of chicken pox. We are glad to have them back. Now Scotty Wright is out with chicken pox.

Janice Bierwalt has a new TV set at her house.

David Estes is proud of his daddy's new delivery truck.

Ray Ted Browning went to El Paso over the week-end and helped his daddy bring back 3 cows.

Cyrus Leland's family has a new Plymouth and Jim Peebles' family has a new Chevrolet station wagon.

We are starting to make some nice Health scrapbooks and are learning about the importance of keeping healthy and strong.

Joe McKnight Family Building New Home

(From Roswell Record)

Joe McKnight of Picacho reports trailer living isn't comparable to a house when you have a couple of active boys. Joe and Mrs. McKnight are building a new home at Picacho, but meanwhile are living in a big trailer near where the new house is going up. Joe is doing most of the work on the new home himself, and recently he got tangled up in a power saw which almost sliced off a finger. The finger is healing, however.

The Joe McKnight ranch is located 16 miles south of Picacho, and when his sons got to be school age, something had to be done to get them closer to school. So, the McKnights will live at Picacho during the school months and on the ranch in the summer. The new home is located on a 135-acre farm the McKnights recently purchased at Picacho.

McKnight is the man who introduced Barbary Sheep to New Mexico. He has many of them running on his ranch near Picacho, but reports 81 of them "escaped" the fence around his ranch and are running wild in the Hondo Valley. He predicts that eventually the Barbary Sheep, which is hard to hunt, will become the No. 1 game animal in New Mexico—replacing the deer for top spot. They reproduce quickly, and with 81 running loose, soon there will be 162, then 324, then 648, etc. He says Barbary Sheep have been spotted north of Roswell and far to the south of the Hondo Valley. Barbary Sheep seek the rough, high country, but will graze on the plains. Men who hunt them have to be hunters—otherwise they come home empty handed.

Friend Of Late Percy Bigmouth Pays Tribute

Accomplishments of Percy Bigmouth as a leader in the community activities of the Mescalero Apaches were recalled last week in the wake of Bigmouth's recent death on the reservation.

Son of a famed Apache scout, Bigmouth, the younger Bigmouth became a leader of the modern Apaches, served as a Boy Scout leader and made two trips to Washington on behalf of his tribe, it was recalled by Richard Bond, of Alamogordo, also known as Chief Waterfall.

Bond recalled that Bigmouth worked "side by side" with the renowned Fr. Albert Braun in the building of the Mescalero Catholic church which stands now as a landmark along Highway 70.

"He was a fine citizen and a No. 1 Christian man," Bond declared in eulogizing his long-time friend.
