Around Town

—By Nosey Waters—

Thumbnail review of a quick week-end trip we made to Ft. Worth: Lots of new homes being built in those West Texas towns where banks are bulging with money—lots of new cars, too. You can figure on a BIG summer for Ruidoso, for sure! We saw Rodgers & Hammerstein's colorful, zingy "Oklahoma!" musical stage play at the fabulos theatre-in-the-round, the huge round Casa Manana in Ft. Worth that seats about 2,800 people and with all seats in a circle around the stage. Saw dozens of school buses from all parts of Texas bringing kids to Cow Town for the stock show. Our race-track No. 1 fan, Dale Robertson, was the big star of the rodeo. Ft. Worth is growing, so in time it'll take in Wichita Falls, Weatherford, Dallas, maybe Ennis. No kiddin'. Drove 35 miles an hour for 275 miles in the ice storm that swept down across the South Plains and Eastern New Mexico late Sunday—ice quarter-of-an-inch thick on roads, tree limbs, branches and twigs and on grass, shrubs, etc. Some wild ride! . . .

This story from Roswell paper should be of interest to many oldtimers: Eugene Francis Hedgecoxe, 69, Roswell, who way back before New Mexico became a state was a driver on the White Line Stage, carrying mail from Roswell to Carrizozo, died last week.

Mr. Hedgecoxe, retired, had been in failing health the last five years.

He had lived in Roswell since he was 9 and had been a cadet at New Mexico Military Institute in 1905-6.

In 1917 he drove the Roswell-Alamogordo passenger stage and later was a carrier of the local post office.

Son of Jasper G. Hedgecoxe and Pamelia Graves, he was a native Texan, born in McKinney on Aug. 18, 1889. He and Winifred Bonham were married in Roswell on Aug. 30, 1920.

Only survivors are the widow, and a brother, Earl J., both of Roswell.

Note from Peg Hunt, El Paso, says: "I had to go to San Antonio recently. A phone call said my Dad was in the hospital. (He is 89 years young.) Be seeing you all in May." . . . Jimmy Stennett, Lockney, Tex., says "We enjoy our visit so much when we come out there that we are already looking forward to coming out this summer." . . .

Mary Davis of Hollywood won the gift certificate offered by Lorene Parker in her opening day last week-end for her Lorene's Children's Shop in downtown Ruidoso. She said 150 people registered. Refreshments were served. The store received many lovely bouquets and lots of nice compliments, Lorene said, and she wants to thank everyone for coming by. . . .

She tells of the problems of a youngster who is much over-size. They now live in Tularosa, but spent part of last year in Ruidoso. . . . Mrs. Mamie Perry has presented Ruidoso-Hondo Valley General Hospital with a check for $75 to be used towards purchase of a wheel chair. The money came from the treasury of the now inactive Glencoe Woman's Club which disbanded a few years ago. . . .

Arnold should ought to bite Bones Wright's leg off. Arnold is that husky, handsome German shepherd that rides in the rear end of the C. & L. Lumber & Supply pick-up all time. His trouble is, whenever Bones is driving the pick-up, Bones forgets Arnold is in the back and Arnold is thrown all over the back end from one end of the canyon to the other. . . . Caught Henry Jackson with a silly, self-satisfied, slap-happy grin on his face one day this week. He was painting and fixing up his boat for a forthcoming fishing excursion, and it was snowing, sleeting and freezing outdoors! . . . Betty Carpenter of Ruidoso is in a Valentine style show at Eastern New Mexico U., Portales, helping with the props. . . . New sod and some extra fill dirt is being put down around the Gateway Church of Christ minister's home in Palmer Gateway. . . . Do you think it'll ever rain again in our canyon? Everybody thought the drought was broken, now we have to face the dread of fire! Let's all pray for rain!" . . . Rev. Wayne Joyce reports 26 people on hand for opening services of his new Ruidoso Baptist Church in downtown Ruidoso even though weather was rugged. He reports in his Wednesday evening services he will be preaching from the Book of Genesis. Everyone is invited to come and bring their Bibles, he says. . . . We know a guy, named W. L. McClellan, Box 182, Plains, Tex., who has the keenest children's size old-time stage coach for sale you ever saw. Anybody interested? . . .

The B. P. O. Does March of Dimes coffee session at Martin's Dine & Dance last Saturday morning earned more than $18 for the 1959 fund, we hear. . . . More than 200 persons attended a fish fry at Martin's Dine & Dance last Thursday evening when Mr. and Mrs. Martin Grindstaff, Mr. and Mrs. Roy Baker, Mr. and Mrs. Terry Easter and Mr. and Mrs. Bill Blakely were hosts. The fish were provided from the hosts' recent successful fishing junket to Old Mexico. . . .

Ruidoso Downs On Borderline Of Ice Storm

The east village limits of Ruidoso Downs was the borderline for a killer ice storm that stretched for hundreds of miles to the east, southeast and northeast late Saturday, all day Sunday and again on Monday this week. Roads were covered with mirror-slick ice in all directions to the east, across Texas and into other plains states. The road from Ruidoso Downs to Roswell was in a hazardous condition for many hours, with traffic slowed to a snail's pace. State police in that area were busy for more than two days helping motorists safely along the dangerous route.

Ruidoso received a light snow flurry late Monday that left about an inch of powdered snow on the streets here for Tuesday morning, which soon melted away. Temperatures for last week-end and early this week dipped to lows of 12 and 9 degrees above zero.

John Boylan Shows Paintings In Roswell

An exhibition of recent paintings, drawings and prints by John Boylan of Lincoln, opened Sunday in the new Paul Horgan Gallery of the Roswell Museum and Art Center.

Refreshments were served between 2:30 and 4 p. m. and the artist was present to discuss his works. Boylan has been director of the Lincoln County Museum since 1952. Before going to Lincoln he was first director of the Roswell Museum Art School, and then acting director of the Roswell Museum. Boylan attended Oberlin College, and later came to New Mexico in 1946 where he studied painting at the University of New Mexico. He later continued his studies at the Art Student's League in New York City. In 1949 he was elected to the Society of American Graphic Artists.

Boylan's paintings, drawings and prints are represented in the collections of the Metropolitan Museum of New York, the Pennsylvania State University Collection, the Roswell Museum and Art Center, and in many private collections. In addition to his paintings Boylan has been engaged in the past few years in the problem of historic reconstruction of the old court room and the rebuilding of the Wortley Hotel within historic Lincoln town.

The present exhibition which will continue through the month of February will be composed of landscapes of New Mexico and Mexico and a number of figure studies. Several of the works have been loaned from private Roswell collections. Among these were works from the collections of Mr. and Mrs. Donald B. Anderson, Mr. and Mrs. Samuel Marshall, Paul Horgan and others.

Patient Cost Per Day At Ft. Stanton Figures $11.34; Progress During 1958 Noted In Annual Report Just Issued

(Editor's Note: The complete report of the medical director and the business manager of the fast growing Ft. Stanton tubercular hospital is reprinted here for the interest it might hold for the neighbors of the hospital in Lincoln County.)

* * *

1. This is a summarized progress report of the Fort Stanton Tuberculosis Sanatorium for the calendar year 1958. The areas of which we are particularly proud and in which we feel salient improvement have been made are: the numerous additions and modifications made to the physical plant, the improved patient and employee morale, the expanded program of treatment and the show of interest in the hospital by individuals and groups throughout the State.

a. Additions and Modifications

(1) A thirty bed wing was added to the main hospital wards. This building is completely furnished with modern equipment and includes a solarium, utility rooms and a nurses station. The contract cost was $85,851.58 for which $37,500.00 Hill-Burton participation was obtained.

(2) A 20 x 50 ft. frame building was obtained from government surplus at Walker Air Force Base and moved onto the quadrangle where it was rehabilitated and modified into a five bedroom guest house complete with lounge and bath. Station labor was used throughout; salvage and surplus materials were utilized; new expenditures required totaled only $1,468.00.

(3) An 18 ft. covered and enclosed ramp connecting the main hospital with Ward Four was constructed with station labor and maintenance supply funds. This is a definite asset to the hospital as it forms an uninterrupted corridor from the dining and examination areas through the entire group of buildings, and permits transportation of food serving carts from the main kitchen directly to the wards.

(4) The old operating room, which was not acceptable to the Public Health Service for use as such, was subdivided and remodeled to form an extension to the connection ramp, an examining room for EKG and BMR, a room for bacteriology incubators, and space for a blood bank unit.

(5) The treatment room adjacent to the operating room was remodeled for use as a clinical laboratory. This places the laboratory in the proper area on the first floor of the main hospital building. It had been in a most undesirable location in the basement of this building.

(6) A steel stairway was obtained from Walker Air Force Base surplus and installed and utilized as an acceptable outside fire-escape at the movie theatre building.

(7) The patients' Club House was remodeled and decorated. Until this was done, the ambulatory patients had no area acceptable for their social activities.

(8) Two buildings formerly used as bath-houses for the Hill Cottages were remodeled and converted into employees' living quarters.

(9) An unused room, 16 x 60 ft., in the rear of the dining area was remodeled, equipped and converted into a Bachelor Employees Day Room.

(10) A room in Building No. 5 was modified to a modern utility room. Sterilizers and plumbing fixtures were found in old stocks.

(11) The old kitchen in Building No. 4 has been converted into a patients' dining area.

b. Improved Patient and Employee Morale

Tangible examples of factors responsible for this conclusion include:

(1) Formation of Los Amigos Club—a patient organization which has active participation by all ambulatory patients, with the objective of providing constructive entertainment and recreation programs for the entire patient population.

(2) New furnishings and equipment in the patients' club rooms. Much of the furniture was built or re-finished in the Occupational Therapy Shop. Curtains were made by the patients.

(3) Christmas parties for adult and children patients.

(4) Christmas parties for employees' children.

(5) Recreation field, including baseball, volley ball, horseshoe, and shuffle-board facilities. Uniforms for the employee baseball team were procured from local donations. Enchilada suppers by the ladies of the station provided funds for the equipment.

c. The Expanded Program of Treatment

(1) The type of patient treated here has changed from convalescent and domiciliary types and a large number of infants and children to active treatment, both medical and surgical, of a high percentage of adults with varied stages of tuberculosis. This necessitates the purchase of much greater amounts of expensive drugs and increased surgical services. The level of medical care is kept up to the standards acceptable to the profession at all times, and the medical staff constantly strives to improve treatment programs by reviewing the current medical periodicals, attending scientific medical meetings, inviting medical groups to visit the hospital, showing audio-visual exhibits, discussing problems in our staff conferences, and in all ways available to it.

(2) A statistical report on admission and discharges is attached.

d. Impact of Outside Agencies

(1) Physicians from Chaves, Lin- [illegible]

Public Health Nurses from a number of counties made visits to the hospital to become more familiar with the program.

(3) The Board of Directors of the New Mexico Tuberculosis Association held one of its meetings here.

(4) An amateur theatrical group from Alamogordo put on a one act play and a number of variety acts for the benefit of our ambulatory patients.

(5) A group of students from the New Mexico State College presented a series of variety acts for the benefit of the ambulatory patients.

(6) A two day meeting of physicians, nurses, and technicians especially interested in diseases of the heart and lungs, was held here in November 1958. Eighty-five persons registered. The meeting was held on the invitation of the hospital, and was co-sponsored by the New Mexico Tuberculosis Association and the New Mexico Heart Association. It is planned to make this an annual event.

(7) The 8 & 40 from Roswell, the auxiliary of the 40 & 8, as a group visited the hospital at Christmas, with gifts for the patients.

(8) Several County Tuberculosis Associations have provided funds for patient welfare activities.

(9) Many individuals visited the hospital during the year and expressed interest in the welfare of the program.

e. Miscellaneous

(1) The motor transport fleet was augmented by: one 1½ ton state truck, one ¼ ton Willys Jeep, one ½ ton pick-up. These were procured from the Surplus Property Agency at a total cost, including new batteries and parts, of $428.86.

(2) Sixty-six surplus buildings were sold at public sale under the supervision of the Federal Regional Property Director. These have been removed from the hospital area. Four other buildings were declared surplus to the State with authority to demolish and salvage. A great quantity of useful material has been thus generated.

(3) An accelerated fire prevention program has been initiated. This includes not only the required standard fire drills, but employee instruction in the use of the inhalator-resuscitator equipment, and film showings on fire prevention and disaster evacuation procedures. New fire extinguishers of the "wet water" type have been procured through the County Commissioners Fund. This type is recognized for use on bed mattress fires due to increased penetration. An evacuation plan has been compiled and disseminated to patients and employees.

(4) Accumulative Patient Day costs through 30 November was $11.34. This considers the added 5% administrative deductions made by the Department of Finance and Administration, in the amount of $3,966.00 per month.

2. This report in no way purports to reflect a completed job at Fort Stanton. Many other projects are under consideration for the ensuing year. Some are actually in progress; others are deferred pending the availability of funds and manpower.

Art Tea Shows Meigs Work In Roswell

Wednesday afternoon this week from 2:30 to 5:30 p. m. the Fine Arts Department of the Roswell Woman's Club held its annual art exhibit tea, this year featuring the paintings of John Meigs of San Patricio. The artist spoke briefly to members and their guests and a wide variety of his work was on display. Meigs has exhibited across the U. S. and in major museums and galleries.

Meigs, an objective painter of the Southwest, who works in egg tempera and water color, has done many things for a livelihood before turning to painting seriously a few years ago, as a fulltime career. He was at one time a newspaper reporter, advertising layout man and free lance writer, and in Hawaii did a number of textile designs which were reproduced in fabrics used widely in the U. S.

To date Meigs has 14 one-man shows to his credit, including one at the Honolulu Academy of Arts, University of Redlands, and in 1958 the Texas Watercolor Society show awarded him one of its top prizes.

His work is represented in the collections of Texas Tech, the Snyder High School in Snyder, Tex., the Ball State College in Muncie, Ind., and the Roswell Museum.

Many private collectors have paintings by John Meigs and he is well known for his association with Peter Hurd on the South Plains Mural at Texas Tech.

He was instructor at the Summer Workshop of the South Plains Art Guild in Lubbock in 1958.

A $50 reward was offered by Long for information leading to the apprehension and conviction of the burglar or burglars and a reward of $25 for the return of the missing records.

MISSION WORK AT HOME AND ABROAD SPONSORED FROM OFFERINGS IN ANNUAL WORLD DAY OF PRAYER

A small pamphlet received this week by Mrs. Harold Jones, president of the United Church Women in this community, details as fully as possible the objects, purposes and end results of the annual World Day of Prayer which has been observed in this community for several years—being held in a different co-operating church each February.

As president, Mrs. Jones this week urged all churchwomen of the community, and women not identified with any church, to attend and take part in the program, to be held at 2 p. m. Friday, Feb. 13, in Holy Mount Episcopal Church. She has appointed Mrs. Carl Longabaugh of the Episcopal Church as program chairman here this year. Mrs. Jones said she was also urging churchwomen of Mescalero to attend the program here. It has been held in that community in previous years. Other neighboring communities also have a special invitation to attend, she stressed.

Quoting from the pamphlet, much information about the annual event is given here:

WORLD DAY OF PRAYER
Friday, February 13, 1959
Theme: LORD, I BELIEVE

History: This is the seventy-third observance of World Day of Prayer, which began in 1887. On the first Friday in Lent, thousands of Christians around the world will be united in a service of prayer and thanksgiving. Services begin on the Tonga Islands, west of the International Date Line, where Queen Salote leads her subjects in prayer. Throughout the day observances are held in one hundred forty-four countries, ending with the setting sun on St. Lawrence Island, Alaska.

Purpose: The purpose of the Day is to unite all Christians in a bond of prayer, to pray for all the peoples of the world, and to make an offering for Christian missions at home and abroad.

Sponsor: In the United States, the Day is sponsored by the General Department of United Church Women of the National Council of the Churches of Christ. Thousands of communities in the United States have World Day of Prayer committees composed of women from each church and organization co-operating in the observance. In more than two thousand of these communities, local councils of church women have assumed the responsibility for the promotion of World Day of Prayer. In others, an interdenominational committee is in charge of the observance.

Program: Each year the service comes from a different country. The service for 1959 comes from Christian women of Egypt.

Offering: The offering is used for interdenominational mission work through the Divisions of Home and of Foreign Missions of the National Council of Churches, after the cost of promotion and extension has been met.

Prayer of Penitence

O Lord, our God, great, eternal, wonderful in glory, who keepest covenant and promise for those who love Thee with their whole heart, who art the life of all, the help of those that flee unto Thee, the hope of those, who cry unto Thee, cleanse us from our sin and from every thought displeasing to Thy goodness; cleanse our souls and our bodies, our hearts and our consciences that, with a pure heart and a clear mind, with perfect love and calm hope, we may venture confidently and fearlessly to pray unto Thee, through Jesus Christ, our Lord.

Hondo Man Heads New Council Of Apple Growers

W. G. Shrecengost, Hondo, has been elected president of the newly formed New Mexico Apple Council, an organization to promote the apple industry in the Sunshine State. Organization of the Council was completed here recently during the annual meeting of the New Mexico Fruit Growers.

Other officers of the organization are Ernest Alary of Sandoval, vice-president, and W. A. Wunsch, State College, secretary-treasurer.

Serving the Council as directors will be Fred Dixon, Pena Blanca; John Thomas, San Patricio; Harry Kaiser, Albuquerque; Vincent Curtis, Sandoval; C. Y. Yates, Espanola; Ernest Sickler, Sr., Los Lunas; and Gene McDonald, Farmington.

About 150 apple growers in nine counties will comprise the membership of the Council.

Wunsch says the organization will initiate surveys on the number of trees and different varieties of apples grown in the state; collect and release data on apple production estimates; prepare apple displays for county and state fairs; provide growers with production and marketing information; and develop an overall promotional and advertising program for New Mexico apples.

The state's apple crop usually ranges from 600,000 to 900,000 bushels annually, Wunsch states. Substantially, all of the crop is moved to market by trucks from packing sheds in the Hondo Valley, Rio Arriba, Valencia, Grant, Sandoval, Bernalillo, and San Juan counties.

Predominating varieties grown in the state are Red Delicious, Jonathan, Golden Delicious, Rome Beauty and Winesaps.

'World Understanding' Is Topic Of Talk By Jim Littlefield

A program on "International Service of Rotary" was given for Tuesday's noon luncheon of the Ruidoso-Hondo Valley Rotary Club in the O. E. S. Hall in Palmer Gateway. Jim Littlefield was the principal speaker, pointing out the Rotary goal of "World Understanding" to be emphasized March 15 this year.

The club's policy of good will around the world is broken down into student exchange projects, touring of other nations by Rotarians and with world trade. The local club is in a unique position for hosting numerous summer visitors, some from other countries.

Littlefield emphasized the great number of Rotary Clubs around the globe. "Rotary should be justly proud of its foundation which sponsors fellowship scholarships—totaling 150 people at present. It has far reaching significance in world understanding," he stressed. "The foundation was begun in 1937 with a goal of two million dollars for the advancement of world understanding and fellowship. More than 1,200 young men and women from 67 countries have participated in the foundation fund on an exchange basis to date. If we can increase this number we can solve many of our world problems."

Visitors were Billie Holder, A. C. Donnell, Joe Miller, Gene Holland and R. T. Schrein, Alamogordo, and Perry Cooper, Hollywood.

Warren Tucker was introduced as a new member.

Warriors Play 2 Home Games This Week-End

The Ruidoso Warriors face two of the top Class B teams in the State here this week-end when they play the Jal Panthers Friday night and the Eunice Cardinals Saturday night.

Eunice is favored to repeat as State Champions this year. These games are scheduled to start at approximately 8 p. m.

Hondo Due Also

As preliminary contests, the Warrior Freshmen will play the Hondo first-year group Friday night and the B team will meet the Hondo B aggregation Saturday night. The games are set for 6:30 p. m.

Last week-end was the most successful of the year for the Warrior cagers. They defeated Carrizozo on the Grizzlies' court 38-35 Friday night and topped the Capitan Tigers here 59-51 Saturday night. In B games the Warriors lost at Carrizozo 26-29 and to Capitan 34-47.

Capitan, Carrizozo Bow To St. Peter's

The St. Peter's Crusaders of Roswell took a pair of basketball victories over neighbors Capitan and Carrizozo last week-end. Friday night the Tigers at Capitan fell 57-45 and the Crusaders moved past Carrizozo 49-46 in St. Peter's Hall Saturday night.

Barry Rodrigue was high for the Crusaders both nights, scoring 23 points against Capitan and 25 against Carrizozo.

St Peter's jumped to a 14-9 first quarter lead against Capitan and was never headed after that. But things were different against the Grizzlies.

Carrizozo took a 13-10 first quarter lead and led 24-20 at halftime. But the Crusaders came back in the third period with a 16-point output to 8 by the Grizzlies to garner the win. Both teams scored 14 points the final period.

St Peter's hit 37 per cent at the free throw line to Capitan's 40 per cent. The Crusaders hit 17 of 23 charity tosses for 73 per cent while the Grizzlies made 52 per cent. Capitan's high point men were Kerr with 19 and Lockhart with 16. Vega, with 15 and Herrera with 13 led for the Grizzlies.

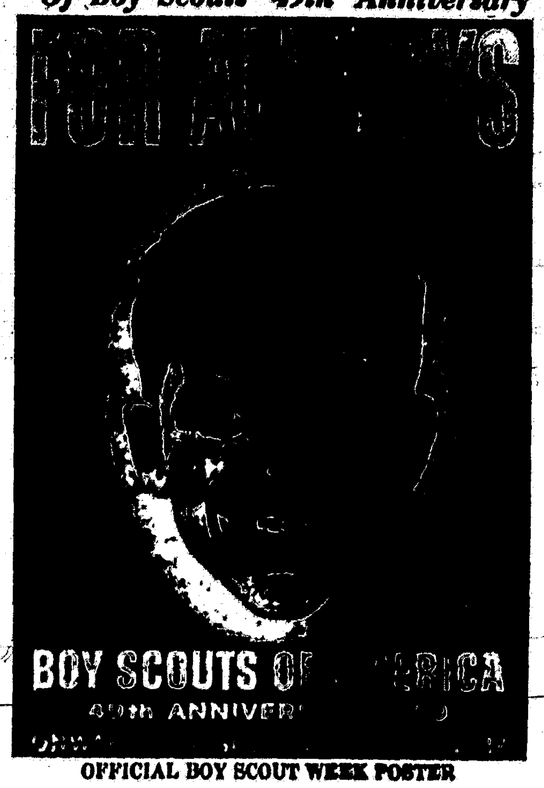
'A Scout Is Friendly' Is Theme Of Boy Scouts' 49th Anniversary



OFFICIAL BOY SCOUT WEEK POSTER

The nation's 4,780,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders observe Boy Scout Week, February 7 to 13, by launching the fourth and final year of the "Onward for God and My Country" program.

The 49th anniversary emphasis is "A Scout is friendly."

Through their World Friendship Fund of voluntary contributions the Boy Scouts of America have helped Scouts in 48 other nations.

America will be represented by several hundred Scouts at the Tenth World Scout Jamboree next July 17-26 in Makiling National Park near Manila in the Philippine Islands.

During Boy Scout Week, honors will go to units that successfully carried out projects in traffic, outdoor, and home safety in last year's Safety Good Turn.

ICE STORM DELAYS RUIDOSO BOWLERS

About a dozen Ruidosans had to remain over in Midland Sunday night, unable to return home from a Traveling Bowling League engagement there, because of the severe ice storm which glazed highways in the area. Wright, Pauline Looney, Walt Averitt, Gwen Robbins and Mrs. Tom Walker. The group came home early Monday without mishap.

Hondo Corner

By FREDDA PERRY

Hello everybody! Well, things are rather quiet around here. Except for one basketball game last week-end, there's not much news. The Eagles dropped a thrilling game to the Floyd Panthers last Friday night by a score of 69-67. The teams fought it out until the last, and after one overtime the officials called a "sudden death" overtime. The Panthers got the tip-off and sank a basket for the final two points of the game. James Sanchez sank 26 points for high point honors, and Victor Piheda was behind him with 17 points.

This Friday the Eagles play the Hagerman Bobcats there, and Saturday night Lake Arthur travels to Hondo. GOOD LUCK, EAGLES!

Beatrice Sanchez, a senior here at Hondo High, was chosen as last week's outstanding student. Beatrice, as previously mentioned, was selected as the top citizen for the Daughters of the American Revolution contest, and is the editor of the annual yearbook, El Aguila. Beatrice participates in F. T. A., Pep Club and other activities.

Some of the students of American Government in the high school will be taken to Santa Fe sometime in February to see the New Mexico State Legislature at work. All juniors and seniors have completed an intensive study of American Government, and every student has been given an examination on the units work.

The students will travel by bus to Santa Fe on a Thursday afternoon, visit both the Senate and House of Representatives, and will come home Friday night.

Subscriptions to the High School yearbook, El Aguila, are now available to both Hondo students and outsiders. A $1.00 deposit is required, and the annual will arrive in May. LIGHT COMMUNITY

Nob Hill School

First Grade—Mrs. Matthews

We are moving along rapidly in the year's work. Two groups are half-way through the first hard-backed book, "With Jack and Janet." The teacher is very pleased with the progress in general.

We made Valentines Monday when it was too cold to go outside and are making plans and decorations for the Valentine party.

Everyone in the room can write to one hundred, and the number-words to ten. In art we are learning the primary and secondary colors and to recognize all of the color names and how they are made.

Paul Matthews visited us recently and directed the Rhythm Band. He taught us some new rhythm pieces. We are now learning to play "Frosty the Snowman." We made a picture of him Monday while it was snowing.

Birthdays Listed

Children at the Nob Hill School who had birthdays during January and ate at the Birthday Tables were:

Pre-First, First and Second Grades—Delores Garcia, Karen Coonie, Michael Bearce, Mrs. Barton, Pat Farrar, Marvin Ratliff, Colleen Donnelly, Truman Nelson, Warren Second, Larry Taylor, Wanda Kelley and Yvette Thompson.

Third and Fourth Grades—Quenda Shults, Kathy Traylor, Larry Graham, Leroy Trujillo, Lala Lester, (absent), Lester Hopkins, Rita Blake, Jane Cochran, Coe McGuire, Benny Silas, Tony Sharp and Barry Wilson.

Second Grade—Mrs. Sullivan

In our room recently we had a very interesting story on Tiny Talky, a new radio used at airports and other places.

This week we had a safety lesson on the use of scissors, knives and other pointed things that are dangerous. We showed each other how to pass such things to some one else and how to be careful with them when using them.

We have been studying about quart and pint jars and the measuring cup. We filled each with water to find out which was larger and how much.

Our room has given several dollars to the March of Dimes.

This week we have learned a Valentine song.

Our honor roll pupils in Spelling making 100% are Wendell Duffy, Larry Enjady, Eddie Sanchez, Clara Hobbs, Rodney Owens, Yvette Thompson, Laura Scott, Johnny Zinn, Richard Rice, Larry Taylor, Renee Nosker, Tommy Reynolds, Nancy Rose Ward, Tom Jones, Romona Corona, Robert Sanchez, Gareth Johnson, Nadine Gallegos, Ronnie De Clark, Mary Ann Barcus, Linda Ferguson, Howard Barton, Skipper Green, James Montoya, Amelia Aguilar and Mike Paquin.

First Grade—Mrs. Barton

We are glad to have Bobby Gene back in school. He has been out sick. Kenny Bunt and Clay Hull have chicken pox. Kathy Alvis has been out with tonsilitis, and Bill Ward has been out. We will be so glad for every one to be back again.

Those sitting at the birthday table from our room last week were Michael Bearce and Mrs. Barton.

We have been trying to see who can learn all the words on our word ladder. It is composed of all the words we have had in our readers. Those at the top of the ladder now are: Debbie Morrison, Robert Moore Jr., Lillian Randolf and Michael Bearce.

We have been getting ready for Valentine day in our room. We are making individual Valentine holders.

Sharon Joyce Adams has been ill this week. We will be glad to have her back.

Letter to the Editor

January 30, 1959

The Ruidoso News,
Ruidoso, New Mexico.
Dear Mr. Lamb:

Mr. H. Plissner, 345 W. 58th St., New York 19, N. Y., wrote to the Editors of several foreign countries to advise its readers that there are unlimited numbers of Americans who wish to send their magazines to them. The response was rather overwhelming, for he received about a thousand letters a day. I wrote to Mr. Plissner that I would be glad to send Time and The Reader's Digest, and am now mailing Time to four High School boys in Kerala, South India, and the Reader's Digest to a young woman who is a first year pharmacy student at the University of Indonesia, Bandung, Java. Postage on Time is 10c; Reader's Digest 12c, surface (boat) mail and the magazines arrive in about 6 weeks. An air letter (10c available at any P. O.) should be sent to advise that the magazines are being sent.

I now have two more names: the manager of a "fair price shop" in South India; perhaps someone in Ruidoso would like to send their magazines; V. M. Francis, Fair Price Shop No. 4, Kurumannu P. O. via Palai, Kerala, South India.

Here is one that someone from St. Eleanor's Church may be interested in. He is the Rev. Jose Plakkoottam, St. George's, Elivali, P. O. Kurumannu, via Palai, Kerala, S. India. He is a native of South India, a Roman Catholic priest, who was ordained in 1953. He wrote that his brother is also a priest and his sister is a nun. Just about 1% of South India's population are Christians.

Saturday Evening Post, Life, Reader's Digest, Time, News Week, seem to be the magazines that are of most interest. A stamped addressed envelope sent to Mr. Plissner at the above address will bring the name of someone who is interested. I think that the project is very much worth while as it gives the overseas recipient an idea of what America (the USA) and Americans are like. And in these perilous times the USA needs all the friends we can possibly have.

Very truly yours,
Edna C. Schierenberg.

113½ Del Gado
Santa Fe, N. Mex.
2-1-59

Dear Vic:

Lois and I are finally settled in a nice apartment, where we hope to live during our stay in Santa Fe. Please send our paper to the above address.

We visited a few minutes with Hollis Cummins and his wife at the Democratic Victory Dinner in Albuquerque last week. Hollis is due a "big hand"—for leaving his business on a busy Saturday, making the trip to Albuquerque to represent Lincoln County at the $25.00 per plate dinner—His job, as our County Chairman, carries no salary yet he spent $50.00 plus expenses to represent the Democrats of Lincoln County. I felt extremely sorry for him—because there was not ONE other Democrat who came. Everyone in New Mexico should have heard the inspiring speech by Sen. Lyndon Johnson, who was introduced by Sen. Anderson as the next president of the United States. The entire program was wonderful—one of the best, that it has been my privilege to attend—dinner was served to 1156 people.

New Mexico is a big state—every segment of it is after everything they can get. Those who get the most are the ones who show their faces, get acquainted with those who are in a position to help. Ruidoso needs more "goers" to meetings, conventions and parties. It would certainly help to get the many things we need. Recently I attended a luncheon meeting of the New Mexico Highway Users Ass'n and a dinner meeting of the New Mexico Restaurant Ass'n. I was happy to represent Ruidoso, in my humble way, but I needed help from others from Ruidoso. I visited with Fred Phelps at both meetings.

My work is most enjoyable—if I can ever be of service to you or anyone from Ruidoso and Lincoln County—please let me know and I will try to help.

Lois and I extend a most cordial invitation to visit us when in Santa Fe.

Yours truly,
Carl DeBord

P. S. My landlord's name is Lamb—no relation to you—he says he would like to meet you.—C. D.

I noticed in a recent magazine article that they have developed a new living insecticide called Thuricide. At present, it is only for experimental use. This insecticide is actually a bacteria that causes blood poison in the worm stage of leaf chewing moth type insects. Manufacturers say it will not harm any other type of animal, such as fish, bees and human beings.

A cattle breeder school is planned at the State College on Feb. 24-25. Some of the subjects to be discussed are feeds, and feed additives for beef cattle, herd improvement and a review of this year's feeding experiments.

* * *

The apple leaf analysis recently completed by Dr. Nour brought to light some of the pressing needs of the orchards in the Hondo Valley. Out of 61 samples, only four were not deficient in phosphorous. In the Limacher Bros. orchard, phosphorous was up to the minimum requirements on the fertilized plots, but lacking in the unfertilized plots. Last year, they applied fertilizer to four rows and skipped four rows. These same fertilized plots showed high in nitrogen.

* * *

One of the items most discussed at the recent State Fruit Growers meeting was new apple varieties of red sports off of the present red delicious apples. Some of the red sport varieties mentioned were Starkrimson, Red Spur, Red King, Imperial Double Red Delicious, and Topred.

The reason for the varieties is the growers want their apples to color earlier to hit the market first at a high price.

These new varieties could possibly replace the older varieties of red delicious apples, but they may not be as adopted in other ways, such as time of bloom, frost hardy, and other factors affected by climate. If a grower is planning to put in more trees consider the new varieties, but it might be best to try a few first. Also, the new varieties require another variety for pollenation, so be sure to plant every fourth row with Golden Delicious or Jonathan for pollenation. Another variety you should include in any planting is Rome Beauty. It blooms late and will set fruit more often than any other variety. It is often called the "bread and butter" apple as it pays the expenses of the orchard when the other varieties don't hit. In 1953, several growers told me that it was the first time in 17 years that they did not have a crop of apples on their Rome trees.

In ordering trees, it is best to order a well grown whip as it can be pruned as you want it and a better set of scoffold branches formed.

A freezing fog moved into the mountains late Saturday night and early Sunday morning and everything was covered with ice. It continued all day Sunday and Monday. Then Monday night a light snow began falling but by 9:30 the stars were shining. So once again we have been lucky on missing the bad weather that has hit the rest of the country.

Collins Walker went to Hobbs the first of the week on business. Then this week-end Mr. and Mrs. Collins Walker went to El Paso to visit with their daughter and husband, Mr. and Mrs. Jimmie Stikes. The Walkers took their little granddaughter Cheri Lin back home, who has been visiting them for a while.

Mr. and Mrs. Walter Anderson of Lovington are spending a few days at their place on the Bonito.

Mike Randel of Capitan spent the week-end with Kent Hayes. The boys had a big time roaming the hills.

The Roy LaMays had a house warming Saturday night celebrating the finishing of their new living room.

Mrs. A. B. Zumwalt of Nogal, mother of Mrs. Gil Peters, has been quite sick but is some better now. We sincerely hope Mrs. Zumwalt will soon be up and feeling fine. Mr. and Mrs. Zumwalt will celebrate their 61st wedding anniversary the 13th of this month. Congratulations to this fine couple.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	121	1-8
Monday	Psalms	139	1-24
Tuesday	Psalms	77	1-20
Wednesday	Psalms	19	1-29
Thursday	Psalms	104	1-35
Friday	Psalms	148	1-33
Saturday	I Kings	19	9-18

Mt. Whitney in California: 14,496 feet high! Just one of the spires of the Cathedral we live in.

When God made this world of ours he gave us many a glimpse of Himself. In the towering peaks we see His dignity—in the fertile plains, His providence—in the wild storms, His wrath—in the shimmering rainbow, His mercy—in the mighty falls, His strength—in the mirror lake, His peace.

But to reveal His Love—the greatest quality of God's nature—He gave us His Son, Jesus Christ . . . born in a stable . . . slain on a cross . . . risen to reign forever.

This world is the Cathedral in which men worship Him. Its altars are the churches to which the faithful throng.

Life is God's gift: To live in His Cathedral . . . and work . . . and play . . . and WORSHIP!

Capitan News

By DIXIE SPARKS

Hi—It's a grand "ole" world and what makes it so grand are the very nicest of people who inhabit this little "island called earth." Still contend the "best people on earth" are in Capitan and vicinity. This all leads up to one thing, my very deepest gratitude to the people who supported the Capitan March of Dimes, God bless each and every one of you. The business houses with March of Dimes containers, Pearl's Coffee Shop, Hall's Drug Store and Cummins Grocery for their Coffee Day, Bill Hall, Supt. of Capitan schools, basketball coaches Mr. Hasler, Mr. Gutherie, High School basketball team, and the town team for the March of Dimes game, the Capitan Woman's Club members for their Mother's March, Mrs. Charles Dawson and mothers of Fort Stanton, also Mother's March, Mrs. Travis Werner for her wonderful hospitality following the Mother's March and last but not least by no means you wonderful people who gave and gave, for if you had not the March of Dimes would not have been such a success. So again may I say thank you and "they" do too. Speaking of "best" people's here's one from Bonito (vicinity of Capitan). Had a letter from Louise Runnels and here is the gist of her letter: quote "Reading your news of Capitan I get all enthused about Capitan and want to write my rich uncle to hurry and give me mine so I can help Capitan." Unquote. How about that? If only the villagers could get Capitanitis like that we would really have a "United Effort Makes a Better Community." Thanks, Louise, for your letter. Makes me feel good inside. At least one is reading my news and wants to help. Reminds me of the fable the hare and the tortoise. Well, Capitan may be a tortoise now but just you wait, we'll make it but for sure.

Lorene Ferguson told me she had had a letter from Mrs. Charlie Ferris in Tularosa. One item of interest. They had just returned from Albuquerque where they visited the Brooks family. Dorothy said Charlie and Gary were well and all send their hellos to all their friends in and around Capitan.

Mrs. Bill Holmes drove her father, Monroe Howard, over to Hot Springs (it's still Hot Springs, can't think of T. or C.) last Sunday. They had tried a couple of times and had to turn back on account of the weather. They both plan to take the baths and the reports coming back are good. Bill is "batching" while Mrs. Bill is gone.

Mr. and Mrs. Vernon Gierhart and yours truly drove to Alamogordo last Friday on business. While there I ran into a few of my friends. Was good to see them. Gee, but Alamogordo is still growing. Seems like they said 400 hundred more families are moving into Alamogordo. I'll still take Capitan and vicinity.

Mr. and Mrs. Travis Werner drove to Roswell Thursday last.

Mr. and Mrs. John LaMay moved to Nogal last Saturday where they will make their home. Malcom Petrees helped them get moved.

Anybody want a diamond? Mrs. Keathly wrote Granny on her way home they plan to stop by the only diamond mine in the Americas. The company does not mine the mine in the usual way. They encourage the tourist to hunt the diamonds and small ones tourist can keep but they take the large ones with, of course, a percentage going to the finder. There have been some nice size diamonds found. The weather in Arkansas isn't too warm, but then are we? Mrs. Keathly states she will head for home around March 1.

Talking to Bonnie McEuen Friday and the bowling team was to leave Saturday morning around 7:00 for Midland, Tex. I think she called it the Traveling team and they hold second place in the state. I understand Bonnie is quite a good bowler and took several prizes at state last year. The bowling alley in Midland is 40 lanes, and a beautiful place so I know Bonnie had a wonderful time.

Joan Miller, Capitan, was admitted as a patient Jan. 26 to St. Mary's Hospital in Roswell.

Not much this week, folks, except we are in the middle of a snow storm, I love it, hopes it keeps up. See you next week, Lord willing, Dixie.

The Thrill That Comes Once in a Lifetime — A WEBSTER CLASSIC

"Because of greatly improved range conditions and better cattle prices, we expect more than twenty-five hundred of our six thousand members to attend the 45th annual convention in Albuquerque on March 22, 23 and 24," said W. I. Driggers, Santa Rosa, President of the New Mexico Cattle Growers Association. "Hotel and motel reservations which are already pouring into Albuquerque definitely indicate this will be the largest convention of our association in the past ten years."

Junior High and Elementary Notes

Eighth Grade—Mr. Parks
Mr. Williams is starting a Science club. It will start at 9:30 on every Saturday if possible.

Note: News from Mrs. Mosley's room was misplaced by the school news editor this week—sorry.

School Paper Issued
Dave Parks' Eighth Grade issued the first newspaper ever published for Junior High and Elementary School last week-end. The paper costs 20c a month and has news items concerning athletics, school personalities and classroom work. Parks said all of the pupils in his room worked on the paper. It is printed on a duplicator machine. Cartoons enliven the several pages.

For 33 years we've been fooling the public, we must be terrific to last that long. Clayton Bennett, The Trader.

READ THOSE WANT-ADS!

mendation covering character, personality and scholarship of the applicant from at least one person in authority in each school.

Two or three letters of endorsement from responsible persons, not related to applicant.

The Exalted Ruler or Secretary of the subordinate lodge in the jurisdiction of which the applicant is resident must sign the lodge endorsement (printed upon the application blank) certifying that he has reviewed the application and verifies the substantial accuracy of the statements.

Applications that do not conform substantially to the foregoing requirements will not be considered.

Only students of outstanding merit, who show an appreciation of the value of an education and who are willing to struggle to achieve success, have a chance to win our awards. Experience indicates a scholarship rating of 90% or better and a relative standing in the upper five per cent of the applicant's class are necessary to make the group that will be given final consideration for the awards.

All scholarships are in the form of certificates of award conditioned upon the enrollment of the student in an undergraduate course leading to a degree in a recognized college or university. Upon receipt of notice of enrollment from the proper officials, Elks National Foundation check for the amount of the award will be forwarded to the college or university to establish a credit for the student.

Filing of Applications
The application, verified by the proper subordinate lodge officer, must be filed on or before March 1, 1959, with the Secretary of the State Elks Association of the State in which the applicant is resident, in order that it may be judged by the Scholarship Committee of said Association and, if approved as one of the quota of applications allotted to the State, be forwarded to our Chairman not later than April 1, 1959.

The officers of the subordinate lodges are requested to give notice of this offer to the principals of the high and preparatory schools and the deans of the colleges in their vicinity.

Mary Guck Given Gold Cup Award In FB Talent Contest

Miss Mary Guck, daughter of Mr. and Mrs. Ed Guck of Capitan, was presented the gold cup which she recently won in the State Farm Bureau Talent Find Contest. Mrs. Joe Skeen made the presentation at the Lincoln County Farm Bureau meeting in Capitan Jan. 28.

Mary is the vocal and accordion pupil of Mrs. Leota Pfingsten. She purchased her accordion four years ago with funds obtained through the sale of a prize-winning 4-H lamb from the Peebler' Rambouillet flock. She won the FHA sponsored talent contest in Capitan in 1956 with her rendition of "The Shifting Whispering Sands" as a representative of the Lincoln County Farm Bureau, and with the same performance went as far as the state finals in the junior division of the Farm Bureau Talent Find contest in Raton last year.

In 1957, Mary again won the Capitan FHA talent contest, donating her winnings both years to the Farm Bureau scholarship fund. In November, Mary presented a medley of songs of New Mexico at the State Talent Find in Roswell and finished third among seevnteen contestants in the junior division. She is a sophomore at Capitan High School.

Details Announced For Elks Annual Scholarship Awards

The Elks National Foundation Trustees announce seventy thousand dollars in scholarship awards will be distributed at the 1959 Grand Lodge Session. This announcement of the "Most Valuable Student" awards should be of interest to the students of every community who are leaders in their schools and colleges. For 25 years these awards have made it possible for many superior students to continue college courses under favorable circumstances. The awards offered this year are:

	Boys	Girls
First Award	$ 1,200	$ 1,200
Second Award	1,100	1,100
Third Award	1,000	1,000
Fourth Award	900	900
Fifth Award	800	800
Fifty $600 Awards	30,000	30,000
	$35,000	$35,000

Eligibility
Any student in the graduating class of a high or college preparatory school, or in any undergraduate class (except senior) of a recognized college, who is a citizen of the United States of America and resident within the jurisdiction of the Order, may file an application.

Merit Standards
Scholarship, citizenship, personality, leadership, perseverance, resourcefulness, patriotism, general worthiness and financial need are the criteria by which applicants will be judged.

Form of Application
The Foundation Trustees furnish a blank entitled "Memorandum of Required Facts," which must be filled out in typewriting and made a part of the student's presentation. The Trustees do not furnish any other blank nor do they insist on any special form of application. Experience has shown that the interests of the applicant are advanced and the time of the Trustees is conserved by orderly, concise and chronological presentation on paper approximately 8½ x 11 inches (the usual business-letter size), bound neatly at the left side in a standard binder or cover (8½ by 11½ inches) which can be procured at any stationery store. Remove all letters from envelopes and bind the letters flat. Exhibits evidencing notable achievements in leadership, literature, athletics, dramatics, community service or other activities may be attached, but the applicant should avoid submitting repetitious accounts of the same aptitude. Elaborate presentation is unnecessary. Careless presentation definitely handicaps the applicant.

The bound application, with exhibits and letters, must not weigh more than ten ounces.

In addition to the "Memorandum of Required Facts," which should be first in the cover, other details needed are:

Recent photograph of applicant. (Not a snapshot.)

A statement of not more than 300 words prepared by applicant summarizing activities, accomplishments and objective of further education which the applicant thinks qualify him for one of the scholarship awards.

A letter of not over 200 words from a parent or other person having knowledge of the facts, presenting a picture of the family situation and showing the applicant's need for financial assistance to continue in school.
