New telephone number for your book: Cotton Owens' residence, CL 7-4687. . . . Our village council is now bending all its efforts towards a paving project for Ruidoso's Main Road. Engineer's costs, a pledge from the state highway department for financial help, and a time table on steps that have to be taken to speed it along is under consideration by the board of trustees. By law, an election must be held this April on a bond issue for such improvements, or we will have to wait another two years. The citizens may be polled on whether or not they want a four-lane or a two-lane road with sidewalk, curb and gutters. The state will aid in the former project, but not in the latter. . . .

ALAMOGORDO PUBLISHER TO BE CANDIDATE FOR BOARD OF EDUCATION

Alamogordo (Spl.)—Billie Holder, publisher of the Alamogordo Daily News, has announced he would run for a place on the New Mexico Board of Education, a position he now holds. Holder represents the Third Judicial District, which includes Dona Ana, Lincoln and Otero counties under the new state board set-up approved by constitutional amendment during the last general election.

Holder said he would file for nomination in the forthcoming primary election, on the Democratic ticket.

Under the new setup the state board of education is composed of one member from the state's ten judicial districts. Since the change became effective only in January of 1959, Holder is serving under appointment of the governor.

Holder has taken great interest in the education post, and has become well known among educators in this section of the state.

Holder moved to Alamogordo six years ago when he purchased the newspaper there from Murray E. Morgan, state land commissioner, and his brother Ralph. He has been active in civic affairs of the entire area.

Vehicle Plates Are Available In Ruidoso

Fred Greenwell, vehicle license plate distributor for Ruidoso and the area, has gnawed his fingernails down to the elbow.

The reason—

Only a very, very small percentage of motorists have renewed their 1960 plates to date and the deadline is creeping up fast. March 2 is the last date your 1960 licenses are legal without the 1960 patch on them.

He says, after looking at the calendar, he doesn't know if there are enough working hours left between now and the deadline to write up all the applications that will have to be handled by then. Better hustle on down so you won't get caught in the last minute long, long line that is expected this year, he warns.

W. T. Scoggin Announces For Re-election

Judge W. T. Scoggin, senior judge of the Third Judicial District, has announced his candidacy for re-election.

First elected in 1948, Judge Scoggin, who began the study of law in 1932, was re-elected in 1954. For six years prior to his election as judge he had served as district attorney, by appointment; assistant district attorney by appointment, and election to that office in 1944, serving to 1948.

Besides his legal experience, Judge Scoggin has also served as teacher and principal in the public schools, during which period he studied law. He took his bachelor of laws degree from LaSalle University, Chicago, in 1941. In the year prior, he had passed the New Mexico State Bar Examination, and in 1941 was admitted to the state bar.

Judge Scoggin, with a pre-law background of work with children as teacher and principal, who majored in psychology and sociology in graduate study, has set the pattern for a departure from the customary handling of both juvenile and adult offenders. His "Scoggin Plan" for work with juveniles, and his extensive use of probationary terms for adult law-breakers, have gained recognition not only in his native New Mexico, but all over the United States.

The judge, who was instrumental in re-writing the state's juvenile code, leans heavily on probation for juveniles; he is willing to give juveniles a "second chance" (sometimes more) on the theory that most youngsters, with selected help, can "straighten out." He has not failed, however, to keep his promises to youthful offenders that if they violate terms of probation, they'll be sent to the New Mexico School for Boys at Springer and the New Mexico Girls Welfare Home at Albuquerque. To bring home via the pocketbook that the parents are in great part responsible for the conduct of their children, Judge Scoggin assesses probation costs.

JUDGE W. T. SCOGGIN

Judge Scoggin laid the groundwork for "The Scoggin Plan" in 1953 when he promoted a program of co-operation between the juvenile judges and the state department of welfare for the collection of statistics on juvenile delinquency, on county district and state bases. All counties of the state's 33 are now cooperating in this project.

In the same year he reorganized the probation department within the judicial district and named as its head Kenneth Barnhill, who served until a few months ago when Barnhill became Las Cruces assistant chief of police.

A year later came the organization of the Third Judicial District Commission on Youth. Its purpose: A leadership organization for the prevention of juvenile delinquency. This is the first and only such delinquency-prevention program in the state. It has gained national recognition among members of the National Council of Juvenile Court Judges. It is essentially the "Scoggin Plan." The plan in essence sets the stage for recreation programs and counseling services, and numbers among the staffs, at district and county as well as city level, civic, youth and recreation leaders.

The New Mexico Commission on Youth sought the thinking of Judge Scoggin on the operation of the New Mexico Home for Boys at Springer. As a result, more humane methods of treatment of boys committed to the institution have resulted. The judge is a frequent visitor to Springer, not only to visit his wards from the three counties, but to observe first-hand the operation of the correctional institution.

The New Mexico Commission on Youth, in 1955, sought to amend the juvenile code of the state. Again, Judge Scoggin's views on youth and delinquency problems were sought. Under the broad powers of the juvenile code, Judge Scoggin established practices for juvenile court hearings to protect the civil rights of parents and children by providing for the appointment of attorneys to represent the child and his family. Defined rules whereby the welfare of society and the interests of the community are protected, require the appearance of a member of the district attorney's staff at all juvenile hearings where a felony is at issue.

As in juvenile matters, Judge Scoggin uses the probationary course for adults in many instances. The ends of justice are met; the defendant is given a chance to rehabilitate himself in his own environment, and he himself pays the cost of the prosecution, not the taxpayer. The judge sets stiff terms of probation. He promises each probationer two things: that the charge will be dismissed against him if he completes the probation term satisfactorily, and, as weighty a condition as the first, he warns the probationer that he will be immediately sent to prison if he violates any city, county, state or national law. In the case of a gross violation or a heinous crime, especially with a defendant who has shown a proneness for trouble, the judge doesn't hesitate to sentence according to the state statutes.

State authorities report it costs the taxpayers of the state $3,000 per year to keep a felon in the state penitentiary. By close probation, a defendant foes the mark, pays for the monetary cost of his supervision, and Judge Scoggin says, his figures show that most probationers complete their term satisfactorily.

In 1956, Judge Scoggin hired an extra officer for the closer supervision of the probationers.

A year ago Judge Scoggin employed a clinical psychologist. At this time, the foundation for testing had already been laid. The psychologist probes deep into the background of juvenile as well as adult offenders, assists the judge in arriving at a decision fair to all concerned.

Judge Scoggin believes that a large portion of both youth and adult offenders display character defects or other symptoms of mental pathology, as contrasted with the acts of so-called "normal" law violators. The law calls for punishment of the offender; society must be ready to receive the offender after he has paid his debt to society. How the defendant conducts himself afterwards can be, in a large measure, determined by the punishment assessed. By extensive study of the background of the defendant, Judge Scoggin hopes to reach a decision where justice is served, society is protected, and the individual given a chance to resume a normal life afterward.

Joe Skeen Seeks Senate Post

Joe Skeen of Picacho announced during a visit in Ruidoso last Sunday that he would seek the Republican party's nomination for the office of State Senate in the primary election this spring. Skeen, born in Roswell, and the son of a ranching family that has had interests in Lincoln County since 1890, said he has also lived in Texas and in several west coast states but has been actively engaged in ranching in this county since 1951.

He is a member of the board of directors of the New Mexico Wool Growers, is a charter member of the Land Resources Committee, is a member of the New Mexico Cattle Growers Association and is president of the Deboullet Sheep Growers of New Mexico.

Skeen graduated from Texas A. & M. College with a B. S. in agricultural engineering, and for a year after his graduation, served as resident engineer on soil and moisture conservation projects at the Zuni Indian Pueblo with the U. S. Department of the Interior. He is married and served in the Navy in World War II, and after his discharge, then earned a commission as second lieutenant in the Air Force in college.

Extreme Cold Accompanies Fifth Snowfall

Extreme cold weather moved into the Playground area this week following the fifth big snow fall of this winter. A snowstorm over the weekend dumped 7½ inches of snow on top of remnants left from previous falls in the last few weeks, and then the thermometer began skidding downward.

Early Monday the temperature hit a new low of 14 degrees below zero for this winter (previous low was set in December at 13 below) and throughout Monday the mercury hung at the freezing point, never getting above it. Again, on Tuesday morning a low reading of below zero was reported by C. A. Culver, local co-operative weather observer for the U. S. Department of Commerce Weather Bureau, this time the figure dipping 9 degrees minus.

Hospital Asks Limited Visiting

Ruidoso-Hondo Valley General Hospital this week has issued an appeal to residents of this area to minimize their visits due to the epidemic of illness, including influenze, pennonia and other highly contagious diseases which have flooded the local institution with patients.

"We particularly ask those people who may have colds not to visit the hospital—and, it is to their interest, also, not to visit where so many people are ill with contagious diseases," Chuck Kuchar, manager, said.

"Your co-operation definitely will help prevent the spread of the current illnesses, we believe," he stressed.

Schools Note Absentees

Two of Ruidoso's three schools have noted an absentee ratio of about three times the normal amount this week, due in most cases to flu, colds and other illnesses, the principals said.

Principal Pat Vaillant of Junior High and Elementary School said those being absent due to sickness at that school was about three times the normal number, and Principal H. L. Traylor at Nob Hill Primary School said the same percentage of absentees had been noted there—but that not all could be attributed to illness. "Some of our smaller Indian children just do not come to school in weather as inclement as we have had this week," he explained.

Principal Dwight Watkins at Ruidoso High School said absentees there were about normal.

Funeral services for Severo Gallegos, native Lincoln Countian, who was born in San Patricio, and who died here 8:28 p. m. Wednesday in the local hospital, will be held Saturday at 10 a. m., with burial to follow in the Forest Lawn cemetery, Father Robert Auman, local Catholic priest, said early Thursday. Gallegos is survived by his wife by a fourth marriage, and several children including Lucas of Ruidoso and Severo, Jr., of Alamogordo. His age is in controversy, some saying he is only 96, while a son claims he is 103. As a lad he held a horse's reins for Billy the Kid when the latter made his much publicized escape from the jail at Old Lincoln.

He has been in failing health for several months. For many years he was a familiar sight on the streets of Ruidoso.

W. G. Shrecengost To Be Candidate For Representative

W. B. (Bill) Shrecengost, lifetime resident of New Mexico and operator of a ranch in the Hondo area, Sunday announced he would seek the Republican party's nomination for the office of State Representative in Lincoln County. He reported his intention of running for the office while conferring with other Republicans in Ruidoso.

This is the first elective office he has sought, he said, but at present holds several positions in various organizations in the state in the agricultural field.

Currently he is serving as president of the newly formed New Mexico Apple Council, and is a member of the board of directors of the New Mexico Farm & Livestock Bureau.

He is to complete an advanced artillery course in the next few days at Ft. Bliss, El Paso, which he has been attending since late in 1959, to qualify for a promotion in rank in the National Guard. He has been a member of the 200th Group staff since 1948 and is now a captain. He will be qualified for a major's commission upon completion of the artillery course.

In the Air Force, he served as a sergeant during World War II, being based at several fields in the U. S.

He said Sunday he would map out and present to the voters a well-rounded campaign platform sometime this spring.

Shrecengost is married and is the father of two sons, Bill, four years of age, and Albert David, now nine months. He is a graduate of N. M. M. I., Roswell, the city of his birth. He majored in business administration at the University of New Mexico in Albuquerque.

Snow Storm Cuts Club Meeting Short At Apache Summit

(By CLUB REPORTER)

Members of the Mescalero Women's Club gathered at the Mescalero Apache Summit Lodge last Wednesday evening for a steak dinner and business meeting. Due to a severe snow storm, the club members were able to complete their meal, but had to by-pass the business meeting.

Frantic husbands were calling at the summit, cautioning their wives to take it easy coming home, and to drive carefully.

Bill Moore, the kind manager of the Summit Lodge, promised the ladies they could hold their business meeting there at some later date, with coffee on the house. He followed the last car load of members down the hill to Mescalero to see they made it home safely. After all, it was fun trying to get home in the blinding snow storm.

Attending were Mrs. John Carver, Mrs. Clinton Talley, Mrs. Paul Brucellas, Mrs. Albert Rennie, Mrs. Harvey Calsbeek, Mrs. Fleta Baldanado, Mrs. Juan Moore, Mrs. Charles Worthman, Miss Pita Cajete, Mrs. Glen Baze, Mrs. Patrick Wehling, Mrs. Bill Hickman, Mrs. Wilbur Parker and Miss Yolanda Domingue.

On Jan. 27 a pot luck supper for members and their families is planned with Mrs. Rennie, Mrs. Talley and Miss Domingue as hostesses.

Mrs. R. V. Oberholtzer Honored As Woman Of The Month

The Ruidoso Woman's Club in its meeting Wednesday, Jan. 13, chose Mrs. Ralph Oberholtzer as "Woman of the Month." She always gives generously of her time and means to many worthwhile projects in our community, it was determined in the selection.

The memorial candle was lit, and a tribute paid to the one member who had passed away during the past year, Mrs. Morris Standefer, followed by a prayer by Mrs. Sam Brown.

Guests introduced were Mrs. Ruth Kline Moss, Mrs. Chick Waltrip and Mrs. Elsie Williams.

The club voted to have a tea on Sunday, Feb. 14, to honor all past presidents who are still active members of the club. These are: Mrs. Tom Rigsby, Mrs. George McCarty, Mrs. Ike Kennedy, Mrs. Ernestine Sheill, Mrs. Cy Leland, Sr., and Mrs. Melvin Knox.

Mrs. Ed Sanders was appointed to fill a vacancy on the Ways and Means committee. Mrs. Melvin Knox, house chairman, reported that the remodeling of the kitchen was completed, with exception of a little painting yet to be done. The club discussed the proposed bridge lessons, which will be given at the clubhouse in the near future. A certified teacher has been contacted to teach the Goren point system, and there will possibly be a class for advanced players as well as for beginners.

Mrs. R. K. Knox gave the program which was on the 1960 census, "To Make Women Count in 1960." She gave a very informative talk on the tremendous preparations which were done in 1959 in order to take the census.

Delicious refreshments were served by the hostesses, Mrs. Ralph Oberholtzer, Mrs. Ernestine Sheill and Mrs. Paul Van Dyke.

'Cap' Cowan Remembers Chisum Bros., Recalls Visit Here In 1900

By ELSIE WILLIAMS
(Ruidoso News Staff Writer)

In 1895 when James "Cap" Cowan first came to New Mexico, he was a neighbor of the Chisum brothers, who owned the "Jingle Bob" ranch near Lake Arthur, then called Tar Lake. Young Cowan was a frequent visitor at the Chisum ranch, which was owned by John Chisum and run by his brother, Walter, who used to tell stories about Billy the Kid. Mr. Cowan remembers one incident which happened in 1899. East of Artesia, then called Stagman, there was a salt lake, which at certain times of the year dried up and left a four-inch layer of salt. The ranchers would cut blocks of salt for their cattle, and two ranchers got into an argument which ended by one of them shooting the other in the back as he ran over a hill. Court was held in the railroad depot, with six men on the jury, and the verdict was "self defense."

"Cap" Cowan was born on June 27, 1889, in Knoxville, Iowa, and came to New Mexico in 1895. He went to school at Hagerman and attended New-Mexico Military Institute in Roswell. Among his many interesting occupations was running a livery stable in Hagerman and owning trotting horses which he entered at the Roswell Fair every year. He was Superintendent of Buildings and Grounds at N. M. M. I. from 1917 until 1925, and was a captain in the National Guard during the first World War. He gets his nickname "Cap" from that military experience.

Mr. Cowan married Miss Hallie Robertson from Rising Star, Tex., in 1911 at Hagerman and they had three children. Their first son, Gerald, passed away in 1926 at the age of 14. Their daughter, Marion Jo, majored in Art at the University of New Mexico and was scientific illustrator for the government in Albuquerque and was also a licensed architect. She painted water color pictures of the kachina dolls which the university has in its museum, and then carved the figures from these paintings. Mr. Cowan now has both the paintings and the figures, as well as numerous other works of this fine artist. Miss Cowan was 29 years old when she passed away in 1952. She was awarded a medal posthumously and a certificate for commendable service by the U. S. Department of the Interior.

The Cowans' second son, Hal, after finishing college at the University of Arizona, joined the FBI in Washington, D. C., and later worked in Denver and San Francisco. He passed away in 1956. Mrs. Cowan died in 1946. In spite of all these personal tragedies, which sometimes makes a person bitter and resentful, "Cap" Cowan is a cheerful and charming gentleman, who, when you talk to him, gives you the impression life has been very good to him.

In the year 1900 when he first came to Ruidoso, the old Ike Wingfield home was the only place here and across the street was the Wingfield stable and a small store and post office. "Cap" Cowan has spent the summers in Ruidoso since 1917 and has owned the same property here since 1926. He was purchasing agent for the Southwestern Public Service Co. in Roswell until 1928, when he became manager for the Roswell Country Club. He held this position for 10 years and during the second World War was storekeeper in the sub-depot at Walker Air Base. He has been a Ruidoso resident since 1945 and has practiced his trade as a carpenter here.

Mr. Cowan was recently remarried to the former Mrs. Ethel Jones of Seymour, Tex., and Mr. and Mrs. Cowan are now enjoying retirement in this community, which Mr. Cowan has watched grow from a one-house wilderness to the good size town it is today. The Cowans enjoy their hobby of collecting arrowheads and one of their favorite recreational activities is horseshoe pitching.

Game Department Says 5,000 Deer Slain In 1959 Hunting Season Here

By FRED HARRINGTON
(Biologist for State Game Dept.)

Preliminary studies by the New Mexico Game and Fish Department indicate that approximately the same number of deer were killed in game unit 16 of this area this year but by fewer hunters.

Check stations operated by the department in this area checked 3,329 deer, 147 turkeys and 13 bear. 32.8 percent of hunters checked were successful, as compared to 29.1 percent in 1958. Overall hunter success may reach 50 percent since it is impossible to determine the number of hunters repeating.

Although the stations were not designed to obtain total kill, it appears that the total number of deer harvested from unit 18 may exceed 5,000. A state-wide hunter questionnaire is used to determine the approximate total numbers of game harvested in the state, and will not be available until late in the year.

The two stations in this unit were located at Pine Lodge and on U. S. Highway 70, west of Roswell, where biologists were checking age, sex, area of kill and condition of the animal. Age was determined in order to place the animals in separate age categories. It was discovered through research that in a healthy herd, the kill will consist of at least 33 percent one-year-old deer. This indicates that not only are an abundance of fawns being produced, but they are also surviving the first winter. This year the check station sample shows that the one-year-old age class constituted 37.0 percent of the total kill.

On the other hand, before either-sex hunting was established in this area, the herd was a stagnant, unproductive population, consisting largely of animals eight years old and older, which had long-since outgrown its food supply and was damaging the range.

The effect of the past series of either-sex hunts has been to bring the deer more nearly into balance with their available food supply, thin out the old, unproductive deer, and increase the annual reproduction. The herd as it exists would increase by more than half each year if not cropped correspondingly.

Many problem areas still exist. Most of these areas lie in the more inaccessible terrain, which sees very little hunting pressure. By the same token, the deer may have been overcropped in some of the more accessible and easily hunted areas. Field studies during the coming spring and summer will determine the over-all picture.

Skiing Excellent At Cedar Creek This Week

Skiing conditions were excellent at Cedar Creek Run during this week, with 12 to 14 inches of packed snow.

Leck Cowden, who is in charge of the concessions there, said the skiing should be very good this week-end too. Plans were to take movies of winter sports activities in Ruidoso Wednesday this week for the Chamber of Commerce, with Tit Thompson, Ken Newton and Dr. Bram Vanderstok taking part, Cowden said.

Carrizozo Outlasts Capitan Quintet

Carrizozo's Grizzlies held on to a slim lead through the final period at Carrizozo Friday night to nose Capitan's Tigers 50-48 in a District 5-C battle.

The Grizzlies held a 29-25 lead at halftime but the Tigers caught them to tie the count at 35-35 at the three-quarter mark. An early basket in the final period put Carrizozo up and they held that lead to the final buzzer.

Jerry Beltran with 15 and Bob Crenshaw with 12 led Carrizozo scoring. Kerr hit 25 for Capitan.

For the last week or so there has been much discussion on the topic of Rock and Roll music played on KYAP. Some of the townspeople seem to think it is turning us into a bunch of juvenile delinquents. Different students have definite views on this subject. Ella Ruth Jackson has this to say. "Different people have different tastes in music and I think everyone is entitled to their own preference. In the twenties it was the Charleston, in the forties it was the swing bands and now it is Rock and Roll." Marie Rowlinson says that she believes that "Station KYAP is about the nicest thing that ever happened in Ruidoso and I also think that they divide their music up very well to include everyone's taste."

St. Peter's Hits Hondo, 75-36

St. Peter's Crusaders had no trouble in moving past the lightweight Hondo Eagles 75-36 in a contest played in Roswell last Tuesday night.

Leading the onslaught was Barry Rodrigue, who scorched the nets for 36 points—32 of them coming on shots from the floor and the other four at the free throw line.

Two other Crusaders, Dave Bailey with 12 and Leno Hendricks with 10, also scored in the double figure column.

The pacemaker for Hondo and the only Eagle to hit in two figures was Vic Pineda, who notched 17 points on eight field goals and a charity toss.

The Crusaders roared to an 18-8 lead at the end of the first period and increased it to 45-30 at half-time. The 12 points in the second stanza was Hondo's best output for the evening.

BOND IS SET FOR MADRIDS AT $1,000 EACH

Bond of $1,000 each was set for the two Madrid brothers of Roswell at Carrizozo and the pair is still in county jail there, Sheriff S. M. Ortiz told the Ruidoso News Wednesday. They are to be arraigned Jan. 26, and the attorney representing them is Albert Riviera, Alamogordo, Ortiz said.

Richard Madrid, whose release from the State Boys School in 1958 made statewide headlines, faces an aggravated assault charge.

Richard and his brother, Henry Madrid, both of Roswell, surrendered at the Chaves County Sheriff's office Tuesday after learning they were sought in an alleged stabbing attack.

The complaint was signed by Ramon Arias, Hondo, who said he was stabbed during a fight near Hondo Saturday a week ago. Arias told officers the Madrid brothers tried to take his wife, 16, from his car and that he suffered a knife wound during the fight which followed.

It was Richard Madrid who was given a pardon by former Secy. of State Natalie Buck during the absence from the state of then Gov. Edwin L. Mechem. The pardon was signed by Mrs. Buck in November, 1958, just before Madrid reached his 18th birthday. After reaching 18, he would have been transferred from the Boys School to the State Penitentiary to serve out the remainder of a term for rape.

Mrs. Buck was acting governor during the absence of Gov. Mechem.

County Farm, Livestock Bureau Opens Drive

The Lincoln County Farm & Livestock Bureau's annual membership campaign, delayed because of inclement weather for about two weeks, is to get going in high gear this week-end following a kick-off dinner at the Village Inn in Carrizozo Thursday night this week.

Membership committees will be soliciting in all parts of the county in the next few days in the hopes of hitting a quota of 264—the same as was reached in 1959. Walt Wilson of Ancho is heading the membership drive in his position as organization director.

Gov. Burroughs To Be Honored At Demo Dinner

County Democratic Central Committee Chairman Hollis Cummins of Capitan said this week he had a commitment from Governor Burroughs of New Mexico that he would be present the night of Monday, Feb. 1, for a Democratic fund raising dinner to be staged in the Capitan High School building in Capitan. The dinner will begin at 8 p. m. and other state and area candidates are expected to be on hand as well as the guest of honor.

Tickets for the banquet will be $8 per couple or $3.50 for a single plate, Cummins said. Tickets will be on sale in a few days at several places in the county, Cummins added.

Portales Couple Buy Rodeo Bar Near Capitan

Sale of the Rodeo Bar, subject to approval of the transfer of the state liquor license, was announced last week. Mr. and Mrs. Chris Starr of Portales, who operated a farm in that region, have purchased the bar, located about three miles east of Capitan on U. S. Highway 380. It was formerly owned by Hugh Calhoun, who is to go into a new business in Roswell, Starr said he had learned. At present the Starrs are staying in a cabin they have on several lots they own in Gavilan Canyon, near the Charlie Martin residence. They will move to a home near the bar about Feb. 1, at which time they are to take possession of the property. The bar has a service station in connection, with Mobil petroleum products featured.

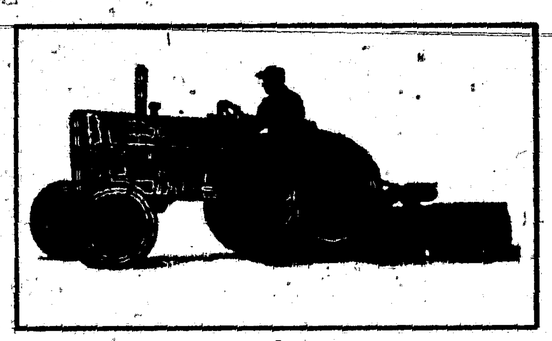
By every measure—simple power . . . rugged, long life, quality construction . . . ease of operation . . . all-around economy—the new John Deere "440" Crawler is tailor-made to the low-cost power requirements of all types of industry.



It's the highly mobile new "440" for use by contractors of all kinds, public utilities, farms, counties, municipalities, manufacturing concerns, and many others. Optional: New clutch-type direction reverser and John Deere built-in power steering.

Here truly is low-cost power with a heavy-weight punch—the new John Deere Wheel-Type and Crawler Industrial Tractors. And that word "Industrial" is important! For these are industrial tractors from top to bottom . . . ruggedly built from grille to drawbar . . . and designed inside and out to fill definite needs in industrial work of all types . . . cut to rock-bottom such jobs as earth moving, materials-handling, sand-and-gravel work, maintenance, and many other—often specialized—jobs in contracting, construction, utilities, manufacturing, and public works. WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium-and heavy-duty models.

Electronically Balanced Wheels
Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable
Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line
A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

REV. TOMMY MASTERS

Communism Subject Of Speech At Baptist Church

Rev. Tommy Masters of the Bible Baptist Church of Wichita Falls, Tex., will speak at the Ruidoso Baptist Church in downtown Ruidoso on Tuesday, Jan. 26, at 7:00 p. m. The subject will be "Communism: Will our grandchildren live under Communist rule in the United States?" Khrushchev said that they would. William Z. Foster, the head of the Communist party in the U. S. A., thinks they will, the Rev. Masters says. "Communists are working day and night to that end. Shall we let the most ruthless form of tyranny ever known to man take over our country?" he asks.

The Communists could win the cold war and take over without firing a shot, if we allow them to do so, he says. Startling facts will be given showing the progress already made by Communists in this country. "Is it too late for us to wake up? Hear this timely message," urges the pastor, the Rev. Wayne Joyce.

The Beautiful and Blessed Snow

Recently a letter was received from a city friend saying that they had "escaped" with four inches of snow when we had about fifteen in Ruidoso. Snow in a city, what a contrast to snow in the mountains and forest. We did not escape but were blessed with fifteen inches of snow. Snow, what a blessing now as it changes the already beautiful landscape into an enchanted fairyland. The sight of Sierra Blanca with its solid snow capped summit, the clouds resting lightly upon it, the snow swirling about it, tinted with the radiant sun's rays is a sight unsurpassed for sheer beauty in a land of many scenic wonders. Add to this the flowers, grasses, greener pines resistant to the deadly mistletoe, valley fruits and grains, water for the trout, a water supply for Ruidoso, not to speak of Alamogordo and Holloman Air Base. Add to this the convincing evidence that the White Mountain Park is a possible/peerless ski area and we see that the snow is a beautiful and blessed asset. All this more than counteracts the effect of the freezing and thawing on our poor main thoroughfare and the problems created for the city and traffic.

But, the greatest blessing of the snow can be easily overlooked, namely, as a symbol of the Word of God, coming down from heaven making us pure and productive in His Kingdom even as the snow affects the earth. Heed the promise, "For as the rain and the snow come down from heaven and water the earth . . . making it to bring forth and bud, so shall my Word be that goes forth out of my mouth." Jesus tells us that when the Word falls into honest hearts, "it brings forth fruit some thirty, some sixty and some a hundred fold" in love, joy and peace. This is even more important to the human heart than the snow is to the earth.

The question then becomes, if the snow blesses the earth as it does, what do we do with God's Word to make society pure and productive, a question the best of us cannot answer too well and the least of us can make an honest try.

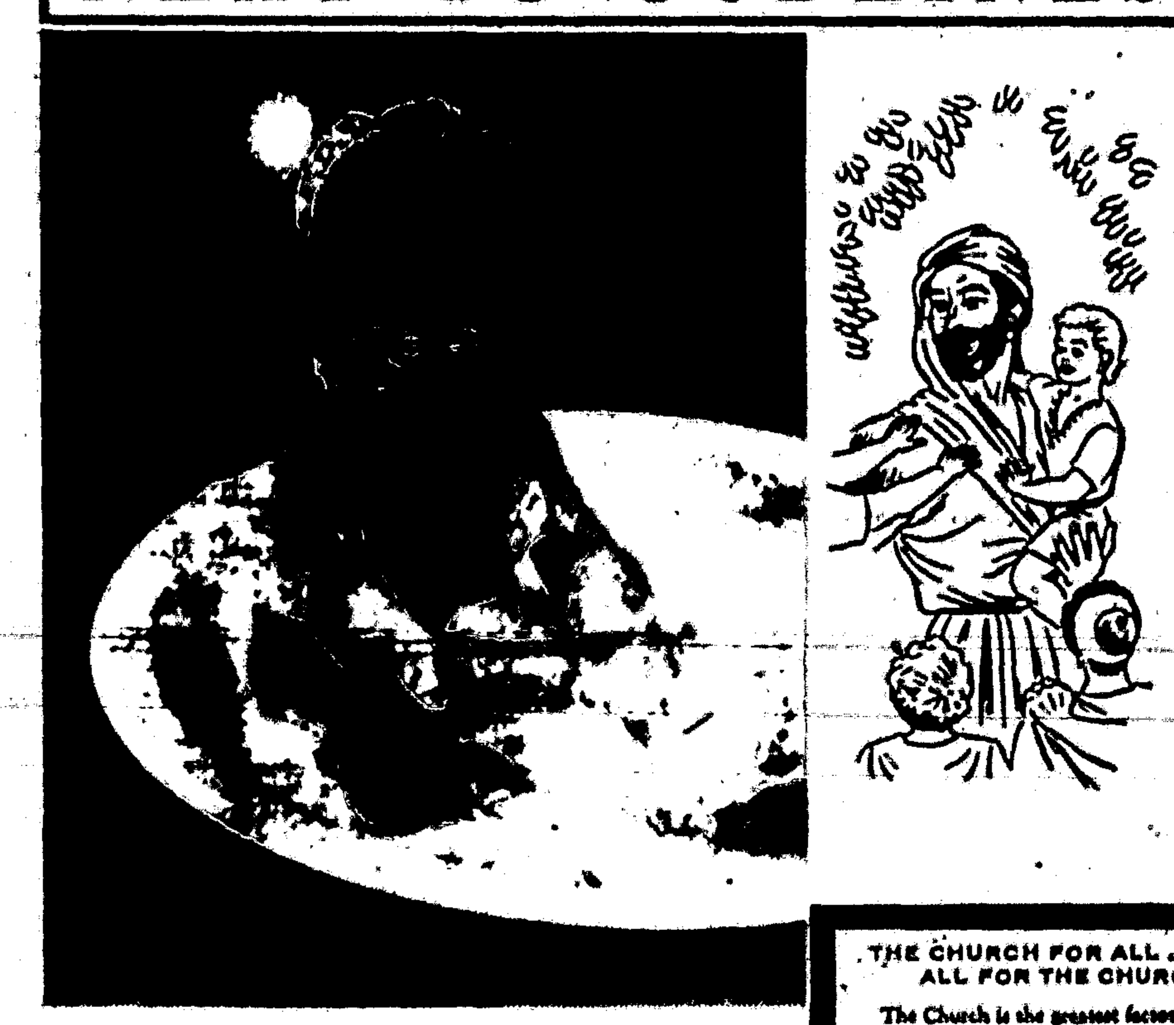
NEXT TO GODLINESS



Soap became a part of his daily life long before he understood its use. He's still more concerned with its bubbles than its cleansing properties—but he knows soap is mighty important.

And no one ever thought of postponing his bath until he was old enough to make decisions for himself!

Wise parents never postpone a child's religious training. Long before he is able to reason, he needs the character-building and guidance of the Church. Christianity should become important to him in his daily experience before its truths can be fully grasped by his mind.

We are f o r t u n a t e that our churches are equipped to instill a vital Christian faith in the youngest child. Fortunate is the boy or girl whose parents begin his r e l i g i o u s training in their church's Nursery or Beginners' Department.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Capitan News

Hi! Mr. and Mrs. Virgil Wallace of Lovington, N. M., have purchased the Smokey Motel from Mr. and Mrs. Bill Holmes. Mr. Wallace is the brother of Mrs. Gerrel Dean, who, with her husband, recently purchased the Black Hardware. The Wallaces have plans for extension of the Smokey Motel and will start with remodeling of the house. They will take possession of Smokey Motel Jan. 25.

Bill and Adalaide Holmes do not have any plans right now. They plan, however, to take an extended vacation to the south of Phoenix, Ariz., then later to drive on down the west coast to Mexico. Upon returning to Capitan plans will be made for their future but they will not be leaving Capitan.

Mr. and Mrs. Chris Starr of Portales, New Mexico, have purchased the Rodeo Bar from Mr. and Mrs. "Roary" Calhoun. Mr. and Mrs. Starr will take possession around Feb. 1. As neither of the owners could be contacted at the time of this printing, do not know if any plans have been made for the Rodeo Bar.

Mr. and Mrs. "Roary" Calhoun will move back to Roswell on giving possession of the Rodeo Bar. They do not have any plans for the future but will take a month long vacation during which time they will visit their son, Mike, at the Christian Bros. school in St. Joseph, Mo., "Roary's" mother in Chicago and Mrs. "Roary's" sister in Georgia. They, however, will not leave us completely because they are looking for cottages in the Ruidoso vicinity, so our loss will be Ruidoso's gain. Treat them nice Ruidosoans for they are "swell" people.

Hollis Cummins, County Democratic Chairman, is to attend a Demo meeting in Roswell one night next week.

Mrs. Aline Roby and two sons of Gallup visited their father and mother and grandparents, Mr. and Mrs. D. C. Williams of Capitan. Enroute to Capitan they stayed overnight in Albuquerque with Mrs. Roby's sister, Pauline and her family.

Mrs. Keathly had a letter from Norma, Garth Hyde's wife, in California and she stated that Garth was in bed with the flu for the second time. She and Buddy had a slight case of the flu but not as bad as Garth. They are in the vicinity of California where the flu epidemic is raging.

The Eugene Petrees, formerly of Aztec, N. M., arrived in Capitan Friday night last and spent the night with Eugene's mother, Mrs. Petree, leaving Saturday morning for Artesia, their new home.

Jack Aldrich returned to the Ruidoso hospital last Friday evening with another heart attack. On this writing he was resting as well as could be expected.

Three members of the Bill Randles family are in the Carrizozo hospital. They are Bill, Paul and Mike. Geraldine and Jan are at home, so far, Paul and Mike were taken to the hospital earlier in the week but Bill was taken early last Saturday. The flu that is raging over the nation as well as in New Mexico is the reason for the three being hospitalized.

Mrs. Pearl Soderback has had her sister and friend, Mrs. Madaline Sharp and Mrs. Hazel Rasmussen, respectively, of Downy and Maywood, Calif., visiting them this past week. They planned to leave Monday of this week, weather permitting.

Unofficial report of the progress of the mill east of Capitan; the rebuilding will start as soon as the debris has been cleared away. Report is that the heat of the fire was so intense that the huge steel girders were bent as if copper wiring, not steel. Late summer should see the completion of the mill.

A birthday party was given for Louis Powers Soderback last Sunday by his mother, Pearl Soderback, and his aunt, Mrs. Madaline Sharp. Helping him celebrate his 13th birthday were some 15 playmates of Louis'. They were served ice cream, cake, balloons and sugar daddies. Congratulations Louis, one only reaches their 'teens but once and we all waited impatiently for them.

Fletcher Hall has been quite sick from having the mumps. Wonder if he would like a sour pickle?

Word was received from Virgil Hall in South Dakota that his father isn't getting any better. Virgil and his sister, Mrs. Louise Joiner of Hondo left last Tuesday a week ago to be at the bedside of their father.

College students home from their respective schools for the mid-term vacation are Ralph Vance, State College, Las Cruces; Sally Cloud and Rose Marie Houck, Western State, Silver City.

Newlyweds R. G. and Judy (LaMay) Stewart were Capitan visitors Saturday and Sunday a week ago.

The Smokey Bear Dance was held last Saturday night. To those of you who braved the snow and icy roads to attend, our thanks, and God's blessings for everyone. More attended than was hoped for and more wanted to come but could not on account of the weather. Mrs. Alice Morris of Tinnie won the cake donated, per usual, by Dorothy Guck. Coffee, sandwiches and etc., were donated by Hollis Cummins, Pearl Soderback, Jenkins Gen. Store, Ann Earling, Dorothy Guck and Adalaide Holmes. Our thanks again, guys and dolls, for your most wonderful cooperation. $15.00 was sent in for Smokey Bear in memory of Joe Rench, Jack and Ann Earling, Joe and Emily Sims and Jack and Rosa Hasler. There is enough money for material now and work for the fireplace will be given by Elisa Baca of Roswell and friends of the late Joe Rench. Elisa Baca was an apprentice of Joe's. As soon as the weather permits the work will be resumed.

This is all for this week folks. Before I close may I leave you with this thought. There is a passage, God is Love, God is Truth and His truth shall set me free. How wonderful and how simple. Because God's law of love and truth are simple, man with his rules, regulations and yes, symbols, has complicated the simplicity of His love. If man were to refuse to recognise fear, resentments, cast out greed and power then would not His Love and His Truth set us free?

See you next week, God willing.

CONSTIPATED?
Medical reports show how folks over 35 can establish regularity

After 35, irregularity often becomes a problem. What you need is something that aids nature and helps establish regularity. Such an aid to regularity is the daily use of SERUTAN. Here's medical evidence: A group of men and women took SERUTAN daily under medical supervision. In case after case SERUTAN, taken daily, helped establish regularity. So, for real relief from constipation after 35, try SERUTAN, powder or granular.

Last week I found many of the farmers in the Tularosa area are switching to natural gas engines from electric motors for their irrigation pumps. If you are planning on putting in an irrigation pump especially using electricity as power, it will pay you to inquire into getting one of these motors. You should also contact the REA representative in your area as to the load requirement for the line before you get an irrigation pump.

Highlights of the recent Fruit Growers Short Course indicate that dormant oil or a combination of dormant oil and lime sulfur are best for the delayed dormant spray to control overwintering orchard pests such as clover mites and scale, along with lime sulfur controlling powdery mildew. The McDaniel or two-spotted mite will require control after they come out in the spring as it overwinters as an adult in the weeds and trash around the orchard. For the two spotted mite use Guthion, Trithion, Diazanon, Systox, Kelthane or Sulphnone. Also Tedion looks good but has not been cleared for use on apple trees.

The use of Napthalene Acetamide looks good for use in thinning apples after bloom. Those growers on a panel were very enthusiastic about its use. They found that used according to direction, 2-4 days after bloom showed the best results, no overthinning occurred if the spray was put on after bloom. One of the problems was that it left one apple in every cluster which is even then too many apples left. Another problem was use in orchards of mixed varieties especially those blooming late, such as Rome, as each variety had to be sprayed according to its bloom date. If a Rome tree was sprayed along with other varieties, the Rome is likely to be in full bloom and be over thinned.

The idea of thinning is to produce the largest crop with the highest quality.

Lamb marketing will be the theme of the program. Bob Chandler of the Texas Livestock Association will tell the group about selling through a commission company representing the selling.

J. R. Stauder, Extension sheep specialist, will tell the group about management system and how it affects herd improvement. Jack Ruttle will explain to the group the use of new sampling device for wool.

The afternoon program will be devoted to the meeting of the Wool Growers Association. Action will be taken on eagle and predatory animal control work along with other items of business.

Commission selling of lambs might be to your advantage, so plan to attend the meeting.

Cattle and sheep in the Corona area are reported to be getting "snow blind." If this is the case why haven't we heard about snow blind livestock from areas that have snow for several months? I would more readily suspect that the cattle and sheep are eating a poisonous plant causing them to seem snow blind. Locoweed is one of the plants that can cause symptoms which can be mistaken for snow blindness. Plenty of feed, especially hay, will be the best help in getting the animals back on their feed and will help stop any possible losses from poison weeds.

The Fruit Growers will meet at the Bonnell Ranch at Glencoe Feb. 1 at 7:30 p. m., to make plans for the coming year. Dr. Nour, horticulturist, and John Durkin, Extension entomologist, will talk to the group on chemical apple thinning and insecticides for 1960.

The Hondo Valley 4-H Club will meet at the Harrington home on Jan. 28 at 7:00 p. m., to reorganize for 1960. A film on tractor maintenance will be shown.

Laff and You'll Live Longer

A sweet old lady, always eager to help the needy, spied a sad looking man standing on a corner. She walked over and pressed a dollar into his hand, saying "Chin up."

The next day, on the same corner, the sad old man shuffled up to the lady and slipped $10 into her hand. "Nice picking," he said in a whisper. "He paid nine to one."
