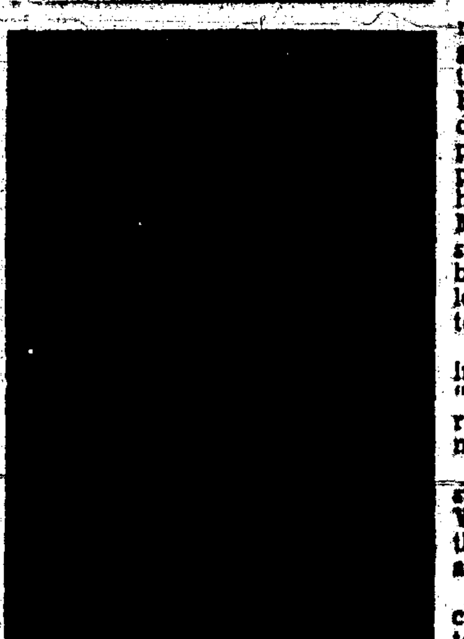
Repairing Of Main Road Due Within Next Two Weeks



FOR RE-ELECTION—Harold M. Graham has announced his candidacy for re-election as Justice of the Peace in Precinct 19 on the Democratic ticket. He also serves as police judge here and has filed for re-election to that office, also. Graham, a resident of Ruidoso for 15 years, once served as manager of the local hospital. In World War I he attained the rank of First Lieutenant in the artillery, serving in France, and in War II was a Lieutenant Colonel in the Quartermaster Corps in the South Pacific theatre of operations.

Mayor Jack Hull said this week repairing of Main Road would likely get underway in about ten days, after assurance last week from State Highway Commissioner John Sudderth the state would assist. "We plan to rip up the old paving and put down a new coated surface to handle our needs for this summer," Mayor Hull said. He added that considerable help from the county will be given the project, too, with the loan of equipment and manpower to get the job done quickly.

Hull said a "test strip" would be installed using the county's new "windrow" machine which picks up rocks and material as it moves along, making crushed rock for a base.

Hull said an engineer from the state highway department, Sherman Willis, was here last week to study the problem and assured immediate attention would be given.

Hull pointed out that now the city's sewer system is ready for customers to "tie-on" in most of the canyon, that such should be done now before the paving repairs are made. "We want as many sewer connections completed as possible to save tearing up our newly installed repair surface later," he stressed.

Honor Grads For '60 Picked

Gerald Tully and Beverly Watkins are valedictorian and salutatorian respectfully for the graduating class of Ruidoso High School for 1960. He has been outstanding in the student council and was president of the Honor Society for 1959-1960.

Gerald plans to major in engineering at New Mexico State University for the fall semester of 1960.

In achieving the honor of salutatorian for the class of 1960, Beverly Watkins compiled a grade A average of 9.312 for her fours years in high school. She has participated in many activities during her high school career. Included in these are: Homeroom officer, cheerleader, honor society, Girls' State representative, F. H. A. representative to the national chapter and has held various offices in the local, district and state F. H. A. chapters.

Beverly plans to major in home economics at New Mexico University in Albuquerque during the 1960 fall semester.

"The Faculty of Ruidoso High School is very proud to present these students as the valedictorian and salutatorian for the graduating class of 1960. They feel Gerald and Beverly have been an inspiration scholastically for the other students of Ruidoso High School. They are a credit to their home, church, school, state, and will reflect excellently on our public school system," Principal Dwight Watkins said.

Contract Let For New P. O. At Ruidoso Downs

Postmaster General Arthur E. Summerfield has announced a contract has been signed for the construction and rental to the Post Office Department of a new post office building in Ruidoso Downs.

The successful bidders are Mr. and Mrs. Ed M. Sanders of Ruidoso. Ground breaking and construction of the new post office is expected to begin in the near future, with completion due in September. The rental will run on a month to month basis for five years, with three five-year renewal options.

This modern post office will be located on the southeast corner of Central Avenue and Highway 70. It will provide 924 square feet of interior space, an outside loading platform and ample hard-surfaced space for parking and truck maneuvering. Specifications call for new modern lighting and equipment, including a low, open patron-service counter.

Summerfield stated, "This is another important step in the Post Office Department's modernization program authorized in the last session of the Congress to improve postal services for the public by providing new buildings and equipment, designed for efficient and economical mail-handling."

He said "Under the Post Office Department's unique commercial leasing program, the Department now is awarding contracts for new postal facilities at the accelerated rate of over five buildings every working day. To achieve complete modernization of the postal plant, a total of 12,000 post offices must be modernized or replaced due to lack of space and obsolescence."

Adding further details concerning postal service today, he noted that, "Our more than 35,000 post offices are handling a total of 62 billion pieces of letter mail and parcel post annually. This is an all-time record and an increase of more than 24 percent above the approximately 50 billion pieces handled annually only 10 years ago."

He pointed out that the postal facility to be built in Ruidoso Downs is typical of many others going up elsewhere throughout the country. "These new post offices," he said, "contain not only the modern patron service counters and eye-saving fluorescent lighting, but provision is made for patron service after regular business hours."

The Postmaster General also pointed out that the new post office in Ruidoso Downs, one of 1400 new post offices to be built in fiscal 1960, will remain under private ownership while leased to the Federal Government, and hence will pay local real estate taxes to bear its share of the cost of local government.

Lower Section Of Sewer System Put In Use

Ruidoso's new sewer system was put in use last week-end in the area lying east of Cook's Log Cabin store, Claudie Peterson, sewer department superintendent, reported this week. First connection on the service was by Whipple's restaurant in Palmer Gateway on Main Road.

Other sections of the system, including the area from Skyland up to the downtown region, was expected to be ready for customers to "tie-on" by the end of this week, and portions of the system in the north and western parts of town likely will be ready for tie-ins next week, Peterson said. An inspection held last week-end by state and federal health authorities revealed the system was ready to be put in use by stages, and a time-table on use of the various sections, progressively up the canyon, was worked out, Peterson said. The village of Ruidoso has yet to accept the project, but that will likely be done in early April, Peterson predicted.

"I hope all the people who possibly can will connect to the mains in those areas where we are ready for them," Peterson said, "because we want them to do that before we begin repairing Main Road here soon."

Bond Issue For Main Road

In Ruidoso, a general obligation bond issue has been called for by the village to augment funds to be offered by the State Highway Department to improve Ruidoso's Main Road for almost three miles. The bond money will be used to acquire rights-of-way where necessary and pay damages in a few cases where buildings will have to be set back. Amount of the bond issue is $100,000.00, the legal limit for communities of Ruidoso's size. Property owners along the route will also be assessed a portion of the cost, and the improvements will include sidewalk, curbing and gutter, with a maximum width driving surface and parallel or angle parking where needed.

Fire Damages Log Barn Dining Room

Fire shortly before dawn last Friday morning seriously damaged the Log Barn Dining Room, operated by Mr. and Mrs. Woodie Porter on Main Road near Leck's Lanes.

Firemen responded to a call in scant seconds, and were able to get the blaze under control almost immediately. Interior of the cafe on the west sustained the most damage, the fire believed to have begun in that region where the kitchen is located. The dining room was also damaged from smoke and water. Nearby buildings, although threatened by leaping flames that were a spectacular sight, were saved by the fire department's sudden and sure attack on the blaze.

Porter told the News at mid-week he had not yet determined loss in the fire, but that it was partially covered with insurance. Plans for the future were indefinite, also, regarding rebuilding, he said.

Porter asked the News to express his appreciation to the Ruidoso Volunteer Fire Department, neighbors and others for their assistance in the fire.

Angus & Bonito

By EULA CORDER

Spring is still holding full sway in the mountains. Lots of snow is melting in the high mountains and the spring run-off has started. The Bonito river is really up and rolling as the water is coming over the spillway at the dam. What we need now is for the Bonito river to be stocked with trout. Every week-end finds more tourists in our area and most are anxious to try their luck at trout fishing. From all inclinations, this will be a bigger season than ever before, therefore we want to do all we can to make the tourists visit a memorable one, so next season will find them back and also their friends.

Frank Stearns and "Budro" Morris were home over the week-end. The boys are helping shear sheep on a ranch out from Tinnie, N. M.

Saturday, Sharon Hayes went to Roswell for the day with some of her friends from Capitan.

Mr. and Mrs. Harold Sellers from Alamogordo have spent the past week at their cabin at Bonito City. Mr. Sellers has been building kitchen cabinets and other improvements.

Mr. and Mrs. Joe Purcell from Loco Hills spent the week-end at their place at Angus.

From Hobbs for the week-end were Mr. and Mrs. Wilder Porter and friends. The Porters have a cabin at Angus.

Saturday afternoon "Abe" Sanchez and Ben Pfingsten from Nogal were by the store. "Abe" is running for sheriff on the democratic ticket.

Visitors with the Tommy LaMays were Annie Mae's sister and family, Mr. and Mrs. Gordon Dockary from Socorro, N. M. Jan LaMay returned home with her aunt for a visit.

Arvel and Robert Runnels came home for the week-end. They are building a house in Jal, N. M.

Mr. and Mrs. Marlet Harrison from Roswell were visitors with the Charles Corders Sunday.

Visitors with Mr. and Mrs. Marvin Jones Sunday were Mr. and Mrs. Zane Kerr from Roswell.

Little Mary Lou Runnels celebrated her fourth birthday Sunday afternoon with a party given by her mother, Mrs. Arvel Runnels. The guests were Sandra Hayes, Tresa and Cindy Elam and Edythe LaMay. Also Mrs. Roy LaMay came and brought her very small daughter, Megan. The little girls were all dressed in their play-up dresses, real long and high heels. A very jolly time was had by all. After refreshments were served, the very tired but happy little girls were ready to end the extra nice Happy Birthday.

All voters who have not registered in Precinct 13, please be at the Angus community building on April 11. Registration will be held from 9:00 a. m. until 5:00 p. m.

FREAK EGG—Carolyn Fleming, left, and Linda Turnbough are looking at a freak egg, the second one like it, produced by a Rhode Island Red hen on the Henry Hale farm. Science teacher Dub Williams brought the egg for students to see. It was a size almost double the usual egg, measuring more than seven inches around, and 2¼ inches in diameter. Within the perfectly formed large egg was a second egg, complete with shell and yolk and white, just as the first one had.

The Ruidoso-Hondo Valley General Hospital Board members, the staff, the doctors and the management wish to express their deepest thanks and sincere appreciation to the general public, for making the new wing and the purchase of new equipment possible.

This has been a dream come true over the past 10 years, and has certainly demonstrated the faith and confidence you people have placed in us.

Needless to say, the dedication and open house was a huge success. Some 200 people visited the hospital for this occasion.

We appreciate the many nice things said by you nice people about this achievement, knowing full well it was made possible by your generosity and patronage.

We, as board members, staff and management, will endeavor to continue to serve you people to the best of our ability, and offer continuous good service, competent staff members and new and improved facilities as time goes by.

We wish to thank the Ruidoso Business and Professional Women's Club for conducting the silver tea and apron sale and for the splendid co-operation of the club members in assisting with our open house and for the generous contributors at the silver tea.

We would also like to thank Mrs. C. C. Chase for loaning us her beautiful silver service set for this occasion.

Our thanks go to the following people for the beautiful flowers sent: [illegible] Funeral Home of Roswell, Mr. and Mrs. L. L. Butler, Mr. and Mrs. Roy Baker of Baker's Pharmacy, Mr. and Mrs. H. H. Staler of Prescription Pharmacy and the Lloyd L. Davis family for the beautiful center piece.

We also wish to thank the many ladies who made and donated aprons and cookies for the silver tea, and Mrs. Wade (Sara) King for painting in oil the beautiful picture, Mrs. Elsie Caylor, who donated the canvas and Waltrip's Gateway Mill for the frame for the picture.

Not to be excluded from words of appreciation and gratitude are the staff of nurses, nurses aids, kitchen and maintenance personnel and all employees past and present who have through the years given devoted service to the hospital.

To each and everyone of you many, many thanks.

THIS IS
IN TRIBUTE
To Those Men Who Have Served Faithfully as Our City Officials in Years Past and Who Have Been Elected to Their Offices as Members of the
CITIZENS TICKET

Working diligently at their tasks of administering the city's business while our community has grown by leaps and bounds have been a group of volunteers elected to the office of mayor and trustee—and they deserve a word of thanks from us all for these and many more things they have accomplished:

They have sponsored and pushed to successful conclusion two major water bond issues to secure for our community a very fine water system that is adequate. This includes the installation of an all-new system when the old became inadequate, and the securing of additional sources of water to insure meeting the needs of our growth for many years.

They have put in use an efficient and safe sanitary system, for proper removal of garbage and its disposal, with modern equipment and a competent staff that does its job right.

They have sponsored and seen installed successfully a modern sewer system that is adequate for Ruidoso's needs for many years to come. It is now being put to use this spring for the first time. This cannot fail to enhance Ruidoso's development—and will be a guard for our safety.

These men who have served on Citizens' Tickets the last several years have all proved honest and diligent in the handling of the city's funds and have given many, many hours of their time and study to all of the city's needs, and have fought through the problems of "not enough money" to bring to us a smooth working city program that can truly be classified as one of the finest small town administrations in New Mexico. This has been done without wrangling, and always with the fullest co-operation of all in our official family!

New parks and recreation facilities, a competent and efficient police system and police court are among other things past administrations can point to with pride. We have a safety record on our streets, and a minimum crime record when you compare Ruidoso with other towns!

The city officials have worked hand in hand with our wonderful volunteer fire department to secure and maintain adequate fire fighting facilities for our protection.

There are many other good things our city enjoys because of the hard work and good government brought to our city through the Citizens Tickets of the past. Included in this is a new and adequate city hall where the city's business can be handled with efficiency and with order is something else we can all point to with pride.

The latest project brought to the community for it to work for and support is the improvement of Main Road, in which the present mayor and board of trustees can get full credit for. Work is to begin this year—if the $100,000.00 bond issue is passed next Tuesday—on a street that will care for our needs for many years. It will be secured with state help to save us much of the cost. Sidewalks, curbing and gutters will be some of the advantages, along with a maximum width—to get us out of the mud and to provide safer, speedier handling of the crowds of traffic we always have in our rush seasons. The present city administration, and the Citizens' Ticket candidates have all urged the people to support the bond issue.

When you go to the polls Tuesday to vote for a new mayor and trustees, consider the record—remember the fine things we now enjoy that were brought to us by Citizens' Tickets of the past. The new Citizens' Ticket pledges to continue its efforts along the same lines.

VOTE THE CITIZENS TICKET TUESDAY!

Lincoln National Forest Subject Of New Mexico Magazine Piece Written By Dorothy Guck

Lincoln National Forest is just about the most important natural resource in southeastern New Mexico, according to Dorothy Guck, author of an article in the April issue of New Mexico Magazine.

The article cites the many values of the forest as water, timber, forage for livestock, deer and other wild game, skiing in winter and hiking, horseback riding and fishing in the summer. From 30 to 40 per cent of the deer taken annually in New Mexico come from this forest, according to the article.

But Lincoln Forest has contributed more than mere resources, writes Mrs. Guck. It was here that Smokey, the black bear cub, was rescued from a forest fire to become an international symbol of forest fire prevention.

Because of Smokey's story, the article says, forest fires in U. S. National Forests have been cut in half and acreage of trees burned reduced more than that.

The issue contains a beautiful color photo of Sierra Blanca, and a caption calls attention to the fact that at Ruidoso cabins are oriented to obtain the best views of the peak.

Band At Capitan Earns Grading Of I, II At Meet

By BARBARA McGREW

The Capitan band was elated, but tired, Saturday, March 19, when they returned home after a long and busy week-end.

During the festivities Carol Bonnell, Glenda Peters, Betty Walker, Sue McCreary and Barbara McGrew played solos. Top grades were a I and a II.

Saturday afternoon the band played three pieces and earned a II for their performance. After the first pieces they were sent to a different room to sight read. The band earned a I on their sight reading.

Mr. James Van Dyke was very proud about bringing home such good marks from the festival.

SMOKEY IN WOOL — Smokey Bear is pictured in this serape, woven by an Indian in Mexico, and given to the Smokey Bear Museum in Capitan for raising money. Pictured are, from left, Mrs. Pearl Sodesback of Pearl's Cafe, and Mrs. Virgil Wallace, who have been taking the serape to nearby towns to raise funds for the museum building. It is to be exhibited in Ruidoso in the next few days.

Gift Serape To Raise Funds For Smokey Museum

By DOROTHY GUCK

The Capitan Smokey Bear Club is selling chances on a Smokey Bear serape to raise money for the completion of the Smokey Museum in Capitan. The brilliantly colored wool rug was hand woven by an Indian in Old Mexico. The weaver neither spoke nor understood English, yet his duplication of the picture sent to him of Smokey, the American fire prevention bear, is remarkably accurate.

Mr. and Mrs. Bill Holmes, former owners of the Smokey Bear Motel in Capitan, donated the rug to the club. Mrs. Virgil Wallace, present owner of the motel, and Mrs. Pearl Sodrback of Pearl's Coffee Shop are taking the serape to some of the neighboring communities to display the handiwork. Mrs. Margaret Rench is also showing the serape.

The lucky winner of the serape will be chosen April 8. Ray Bell had the Smokey rug on display in Santa Fe and Albuquerque last fall. The proceeds from this venture will almost pay for the log building on U. S. 380 which will be open to the public in June. The Forest Service, SCS, and New Mexico Game Department will furnish the exhibits for the interior of the building. The pictured life story of Smokey and displays of the natural resources and wildlife of the Capitan Mountains should prove interesting to the many tourists who visit this area.

Tb. Skin Tests Given Lincoln County First Graders

By DIXIE SPARKS

Mrs. Alma Bradley, Lincoln County nurse of the New Mexico Department of Public Health, will be on hand Wednesday morning at the Ruidoso post office parking lot in Ruidoso, to help with the Chest X-ray Mobile Unit that will be stationed there. The unit will be in Ruidoso Wednesday, April 13, and the hours are as follows: 10 to 1; 2 to 5; 7 to 9; one day only.

Nurse Bradley reports that she gave skin tests to the first graders of Lincoln County (those that signed up for the test) and did not find one single positive reactor. But remember she only tested the first graders who signed up to be tested. Also, that the high school students show a higher rate of positive reactors. The reason? Only about 50% of the high school students sign up for the testing.

As this is a program for the adults, the children are skin tested in school, Nurse Bradley stresses that the parents, relatives, and friends of a positive reactor school child be x-rayed Wednesday so the Health Department may find the person responsible for infecting a number of people. Too, that an early diagnosis means a shorter period of hospitalization and curing of the patient at an earlier stage.

Nurse Bradley also reports a small per cent of positive cases in Lincoln County, much less than expected; she again stresses that, to keep the per cent down by joining the adults and children having their chests x-rayed Wednesday in Ruidoso.

Nurse Bradley will have a list of the lady volunteers of Ruidoso for the paper next week, who will help with the chest x-ray mobile unit in Ruidoso.

"Remember this x-raying of your chest isn't compulsory but if there is a doubt in your mind, take advantage of the x-rays being given and banish your doubt once and for now," sponsors say.

History Of Women Bowlers Recounted On Tenth Anniversary

By WALT AVERITT

The New Mexico women bowlers will be celebrating the tenth anniversary of their association at the state tournament this year at Red Rooster Lanes and Wylie's Lanes in Roswell March 26-27, April 2-3, 9-10.

Way back when, in 1951, there were only 950 members and eleven city associations, Carlsbad, Clovis, Albuquerque, Espanola, Eunice, Gallup, Hobbs, Las Cruces, Los Alamos, Santa Fe and Tucumcari in the NMWBA. In these ten short years, the number of city associations has almost doubled, now being twenty-one and there is more than seven times as many members, which is over 6800, with about 4,000 of those having joined during the last four years.

The first State Tournament was held in Albuquerque with 55 team entries, 111 doubles and 222 singles. Our hats off to Roswell this year as being "hostess for the largest," with 158 team entries, 345 doubles and 690 singles.

All the scratch champions were from Albuquerque last year and are scheduled to be back this year to defend their titles. Team event—Impo Bag Co. with 2594. Members were: Billie Giomi, Alice Farrell, Mary Lou Steen, Evelyn Moore and Julie Hartman. Doubles—Evelyn Ricard and Mary Scalzitti with 1137. Singles—Bennie McNeely with 557, who also had 1692 for all-events.

Winners of the handicap events represented two of the other cities entered last year. Team—Sun Dial Beauty Shop, Alamogordo, 2808. Doubles—Mary Sherfick and Nancy Stach, Hobbs, 1230. Singles—Margaret McElyea, Hobbs, 610. But no one could top Bennie McNeely's 1812 all-events.

Looking over the record breaking scores throughout the state, that have been recently reported, such as: the FIF Team of Albuquerque with 2619, Miss Carol Naglich of Gallup with her 279 game and Gloria Contreras of Albuquerque with a 675 series, it appears that some other record breaking scores may be rolled in Roswell this year. Let's go gals!

Much credit goes to the fine Executive Board of the NMWBA, for the increasing growth in New Mexico women bowlers, whose members are always on hand to advise and encourage the bowlers in each city association in every way possible. State officers: President Ina Berkey, Farmington; first vice-president, Walter Fay Averitt, Ruidoso; second vice-president, Nancy Stach, Hobbs; secretary, Evelyn Ricard, Albuquerque; treasurer, Edna Sullins, Santa Fe; sgt.-at-arms, Ann Vidal, Gallup. State directors: Alamogordo, Pauline Looney; Albuquerque, Jodie Frizzell; Artesia, Bernie Baldwin; Belen, Mary Jane Nunn; Carlsbad, Lil Hill; Clovis, Myrtle McGill; Eunice, Sue Gravas; Farmington, Frances English; Gallup, Helen Garing; Grants, Eloise Young; Hobbs, Mary Davis; Las Cruces, Lois Bryan; Los Alamos, Jessie Moore; Lovington, Marilyn Mitchell; Portales, Vi Payne; Raton, Elizabeth Segatta; Roswell, Sally Clark; Santa Fe, Alice Stewart; Silver City, Zoe Gaylord; Socorro, Nelma Holloman, and Tucumcari, Joyce Bolin.

And too, the officers and members of each city association certainly deserve much, much credit for the interest and increase in America's most popular participation sport.

The 1960 Woman's International Bowling Congress Championship Tournament is being held in Denver beginning April 21, and the largest entry of more than 58 teams that this state has ever had to represent her at a National Tournament, is another first for her Tenth Anniversary. Some of the cities being represented are: Alamogordo, Albuquerque, Artesia, Carlsbad, Clovis, Farmington, Gallup, Grants, Hobbs, Las Cruces, Los Alamos, Lovington, Raton, Santa Fe and Socorro. Here's to good bowling, gals, and may you all come back winners at National.

At the NMWBA Executive Board meeting held at the Holiday Bowl in Albuquerque Jan. 30, the first vice-president, Walter Fay Averitt of Ruidoso, was elected as State Delegate for New Mexico to the WIBC Convention in Denver May 16-17.

The season for trout fishing in New Mexico south of U. S. Highway 66 will be from April 1, 1960 to March 31, 1961, it was announced this week by Charlie Bird, of the Fish and Game Department at Capitan.

The season for Bonito Lake will be from June 1 to Sept. 5, 1960, and the bag limit is 12 fish. There is no minimum length this year and the possession limit is 24 fish a day. Fishing hours at Bonito Lake are 4 a. m. to 8 p. m. and for the Ruidoso, Carrizo and Eagle Creek rivers fishing is allowed 24 hours a day (year around fishing in this area is allowed only at Nogal Lake and in the Rio Ruidoso). When buying a fishing license, everyone is urged to ask for a copy of the fishing regulations. The Fish and Game Department is working almost around the clock now in order to stock all the streams before the season opens April 1, Bird said.

BONNIE McEUEN ROLLS 634 AT LECK'S LANES

Bonnie McEuen, a member of Lindy's Alto Store team, with a 158 average, strung six strikes together for a 236, then went on with a 208-190 for a 634 series. This is the highest series any woman bowler has had in League play at Leck's Lanes. We don't blame you, Bonnie, for having an "oddity" of a 30 pin drop each game—we would have been a "little" nervous, too!

Bonnie has just recently replaced Lindy Lindamood, who is unable to finish out the season with his team this year. She will not have bowled the required two-thirds of the games of the league's schedule, in order to be eligible for individual or special league prizes, but she is eligible to join the women's "600 Club" of the state, proudly wear her "600 Club" pin, and bowl in "600 Club" tournaments.

Zoning, Planning Panel To Get New Consultant

(Left Out Last Week)

In a special called meeting last Thursday night of the Ruidoso Zoning and Planning Commission, held jointly with the Village of Ruidoso Board of Trustees, and with Don Hopkins of Santa Fe, State Planning Commission Director, it was determined that a contract with Harlan Bartholomew and Associates for making a master plan for Ruidoso would be ended.

The zoning and planning commission acted on one of three suggestions from the state director for future work—voting to ask the state agency to secure for Ruidoso a planning consultant who could work with several communities of the state. It was felt the plan adopted might cost the village less money, and the same results might be obtained as expected from the St. Louis firm. The St. Louis firm, in its first year, had conducted a traffic survey for Ruidoso and vicinity, which had not been as complete as desired, the group meeting decided. A proposed subdivision regulation submitted for study by Ruidoso for this area was also deemed not satisfactory.

A master plan to cover Ruidoso's growth and needs for many years is the main objective of the zoning and planning commission. The original objective can still be obtained with the change in consultants, members of the board believe.

In a second meeting of the commission, a regular session, held Monday night this week, two preliminary plats for proposed subdivisions, were approved—one from Mrs. Della Hale for development of three quarter-sections into lots, to be additions to the new Wingfield Homestead property—and one from Dan D. Swearingin for a first addition to his Indian Hills Subdivision, in which 14 lots were mapped out on a tract of about 15 acres.

Next regular meeting of the zoning and planning commission will be held the third Monday in April when further study, with representatives of the Lincoln National Forest in attendance, will be made on lands in this area in the forest boundaries which might be ear-marked for future village use.

VISITORS FROM EGYPT—Othman Hady Farahat, front left, superintendent of the Abis area Alexandria, Egypt, United Arab Republic, and Salah Hekywi, head of agriculture and land reclamation section, near Cairo, toured Lincoln County last Thursday with Clem Weindorf, back left, Upper Hondo Soil Conservationist District superintendent, and Howard Hendricks, Roswell SCD superintendent. The two men are viewing irrigation and soil reclamation practices in the U. S., and have visited in California, Arizona and New Mexico, and now go to Colorado and Texas. They are pictured when they visited the Ruidoso News office.

New Restaurant To Open On Highway 70

A new restaurant is now under construction at the Skyline Motel on Highway 70 east of Ruidoso Downs. F. M. Chancey, owner and operator of Skyline Motel, announced this week that the opening date has been set for April 15. The restaurant, which will have all the latest equipment, will seat about 60 people and will be managed by Wayne and Thelma Hough who have been operating a cafe in that vicinity.

Rehearsals Underway For Hondo Fiesta

Upwards of 60 high school students have been rehearsing for two weeks in preparation for the eighth annual Mexican Fiesta to be held at Hondo on April 22 and 23. Because of the huge crowds attending the past two years, two consecutive performances are scheduled this spring to more comfortably accommodate the many people who enjoy this very colorful type of entertainment. The Hondo, New Mexico, Fiesta Dancers offer one of the most colorful programs of this type to be presented in the state of New Mexico by a group of high school students.

The group received national recognition a year ago when it participated in the National Folk Festival in Nashville, Tenn. There, the New Mexico dancers captivated the hearts of the Nashville audiences and the participants from some 27 states. This year the fiesta dancers have been invited to attend the Festival again. It is to be held in Washington, D. C., on June 1, 2, 3 and 4. The invitation has not been accepted as of this date.

This year's fiesta entitled La Feria de las Flores, the Flower Fair, will undoubtedly be the best ever to be presented, sponsors predict.

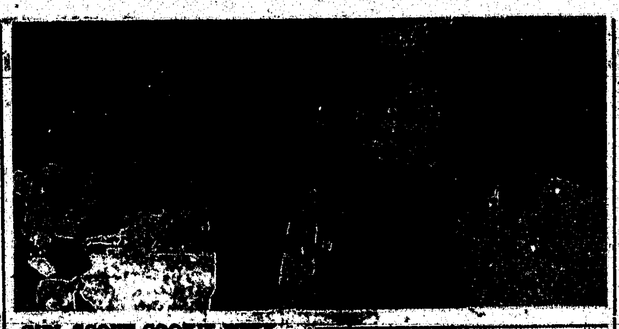
FIVE NEW MEMBERS JOIN LIONS CLUB TUESDAY A

Five new members joined Ruidoso Lions Club at the regular meeting at Carrizo Lodge Tuesday night. They are Dr. C. H. Tate, Charles Kuchar, Dwight Watkins, Bill Tucker and Charlie Cantrell. The group voted to pay the tuition for two boys to go to Albuquerque next summer to a music festival at the University of New Mexico. During the dinner the Lions were surprised by seven Lionesses who came to eat dinner with the club members. Next Tuesday night will be Ladies' Night and games of bingo and dancing are planed as the entertainment following dinner.

FT. STANTON DOCTOR TO ATTEND MEET

At the Annual Meeting of the New Mexico Tuberculosis Association, to be held at Western Skies Hotel, Albuquerque, on April 1st and 2nd, the recent Arden House Conference will be a major subject of discussion. The Arden House report indicated that TB can be eradicated if TB case-finding methods are improved and expanded and if prompt and effective drug treatment is initiated and followed for active cases. The Arden House report and recommendations will be presented by Dr. Richard M. Burke of the Oklahoma State Health Department who was a representative at Arden House.

Attending the annual meeting from this area will be Dr. H. C. Jernigan, Medical Director of Ft. Stanton TB Hospital and member of the Board of Directors of the New Mexico TB Association.



GIRL SCOUT COOKIE WEEK—Was opened with two pictures of local Girl Scout groups presenting Editor Vic Limb with a box of their famous goodies. He had just received the box from Jane Cochran, left, of the Intermediates and Joyce Lackey, Senior Girl Scout, when this photo was made. Accompanying the girls to the News office were Leaders Mrs. James Lackey and Mrs. Stanley Cochran. The cookies will be sold by local Girl Scouts the next ten days.

Girl Scout Cookie Week Starts Here Today

The week of April 1 through 11 will be Girl Scout Cookie week throughout the nation, the state, and of course, in Ruidoso where there are several active troops. Mrs. James Lackey, in calling attention to the sale, which will be held in this area in the next few days, starting today (Friday), said the following might be of interest to the women readers of the News. It is a recipe for using Girl Scout cookies in making chocolate mint pie:

A half box cookies make a chewy mint-flavored Brownie pie. This is the kind of rave-product dessert always needed for party or bridge club refreshments or to top off a company dinner menu. Finished with topping of sweetened whipped cream and garnished with curls of shaved chocolate, the pie is handsome enough to grace the center of the buffet table.

Minted Brownie Pie

14 chocolate mint cookies
3 egg whites
Dash of salt
¾ cup sugar
½ Tsp. Vanilla
½ cup chopped nut meats
Sweetened whipped cream
(½ to 1 cup heavy cream)

Chill cookies in refrigerator a few minutes. Break, cut or roll between folds of waxed paper to even crumbs. Beat egg whites and salt together until soft peaks form. Gradually beat in sugar, beating until stiff peaks form. Fold in cookie crumbs, nut meats and vanilla and spread in buttered 9-inch pie plate. Bake in slow oven, 325 degrees, for 35 minutes. Cool thoroughly. Serve with sweetened whipped cream on each wedge; or spread sweetened whipped cream over top, chill 3 to 4 hours, and garnish with curls of shaved unsweetened chocolate.

FOREST RECREATION COMMITTEE REQUESTED

Rep. Joe Montoya (D-NM) has urged the House Agriculture Committee to approve a bill to provide for long-range multiple-use programs for national forests.

"Improved and extended fire and insect control, he said, were but two of many features which should be authorized.

"I think the improvement of recreational facilities in our forest lands would be a tremendous morale factor to countless individuals and their families throughout my entire state," he added.

"And I think the committee and the Forest Service will agree that there is much room for improved camping and picnic areas.

"New Mexico has had millions of visitors to our forest lands throughout the years, but with more facilities the visitor population would be increased tenfold."

CANYON ECHOES

Mr. and Mrs. Herbert Smith and Mrs. Rita McLaurin attended the installation of officers of the White Shrine in Artesia on Saturday, March 26. Installed as one of the new officers was Mrs. R. K. Knox of Ruidoso.

Capitan News

By DIXIE SPARKS

Hi! I drove to Ruidoso Saturday to see Vic about publicity on the Chest X-ray Mobile Unit that will be in Carrizozo April 11-12, Ruidoso April 13. He was scheduled to be at the dedication of the new wing to the Ruidoso Hospital. I went with Vic and was very glad I did so. I felt privileged to be one of the Capitanites to offer our congratulations to the people of Ruidoso in their achievements of city betterments (and they are many, by the front page of the Ruidoso News, have you read them?) They spoke about how fortunate they were to have the new wing as all of the beds were filled but two, including the new wing. By being fortunate, that they had the beds available when they needed them. Oh, why can't Capitanites work together for our Village betterments, instead of just a few "ole" faithful ones that have, can, and will work for Capitan's betterments? For instance what happened to the petition for the branch bank? It would be better and "more profitable" for Ruidosoans not to help Capitan get a branch bank but instead they want to help us to help ourselves. To give a quote, "people, as a whole, are good, so long as we, as individuals, allow them to be." Come on, folks, let's help our neighbors to help us to help ourselves and we can achieve so much more, within our homes, within our village, and within our County. The below was given to me and I think it fits right in here:

"It Isn't The Town, It's You."

If you want to live in the kind of a town,
Like the kind of a town you like,
You need not slip your clothes in a grip,
And start on a long, long hike.
You will only find what you left behind,
For there is nothing that is really new,
It's a knock at yourself, when you knock your town
It isn't the town, it's you.
Real towns are not made by men afraid
Lest somebody else gets ahead,
When everybody works and nobody shirks,
You can raise a town from the dead.
And if while you make your personal stake
Your neighbors can make one too,
Your town will be what you want to see
It isn't the town, it's you.

—Old Mac's Scrapbook.

The Round Table met at the home of hostess Mrs. Altha Merrill. St. Patrick decor was used throughout the living room and dining room where luncheon was served with the traditional "Irish" dish of corn beef and cabbage. Due to the absence of the program chairman, Mrs. Grace Murphy, the ladies spent an afternoon of sewing and visiting. Club members attending were Mmes. Pauline Britten, Marie Eagar, LaVon Hall, Ethel Howard, Frances Shaw, Emily Sims, Corrine Provine, Lorene Ferguson, Angie Provine and special guest, Patty Hall Collins.

Johnny and Ethelyn Werner and children were week-end visitors with Travis Werner and with the Eagar Phillips of Lincoln.

Charlie Provine was a week-end visitor in Capitan.

I have a correction to make folks. I wrote in my column last week that Eddie Provine and family visited his mother, Mrs. Altha Merrill. Excuse me, Mrs. Corrinne Provine. I did not mean to give away one of your sons to another mother, even though she said she would be glad to have him.

Mr. and Mrs. Matlock of LeRoy, Ill., were visitors in the home of Mr. and Mrs. Jack Aldrich last week.

Ivy Kennedy, Mrs. Harkey and Mrs. Lee Robinson were Capitan visitors last week.

Mr. and Mrs. Fred Kveton of Abernathy, Tex., parents of Mrs. Ray Provine, are visiting the Provine family for a few days.

From the members of Smokey the Bear Club and the people of Capitan, our thanks and God bless each one of your donations to the Smokey Museum. The Soil Conservation donated $50.00 and "Go Gulf" Glover of Alamogordo donated $100.00. People do have faith in the future of Capitan, betcha.

Capitan was visited by four officers from Holloman Air Force Missile Development Center in Alamogordo last week. The officers were here to look over the businesses and homes of the people claiming damage from the repercussion of the sonic boom. They were: Lt. Col. C. A. Harris, Col. Lambert, Col. Walker and Major Gadewicz. If at any time you have plaster fall in your home from the repercussion of the sonic boom, please call Jack Aldrich, EL 4-2461 immediately, these instructions were left Jack by the officers visiting Capitan.

Mr. and Mrs. Bert Cheney have been on a vacation for the past two weeks. They visited Bert Jr. and Pearl, plus the family in Houston, Tex. They will also visit Arkansas and other states before returning.

A sing-spiration was held at the Huey home last Sunday. There were a number of out-of-town people attending, in fact there were around 50. Barber Wells and his four-year-old daughter sang a duet which was well received by those attending the sing-spiration. The Wells are from Carrizozo. Out-of-towners were from Carrizozo, Alamogordo, Tularosa and of course Capitan was well represented. There will be a sing-spiration every fourth Sunday at the Huey home in Capitan. Need I say that the public is invited?

Capitan High School Band with its director Mr. Van Dyke drove to Ruidoso and Hondo Thursday and gave concerts to the high school students there. They gave their first concert in Ruidoso at the High School around 10:50. Approximately 2:30 they were in Hondo and gave the students a concert there. They returned to Capitan about the time school was let out.

Officer Charlie Bird of Fish and Game Department reports poor fishing in the past week at Nogal Lake. Don't go 'way folks, Charlie will think of something to get them to bite for you. (Ever hear of "Ben Hur," the perfume that makes an awfully good fish bait? No, I mean it, really it does.)

It was stated at the Chamber of Commerce meeting the other night that the people of Capitan could not send a delegate to Washington for the proposed road to the Ski Run in vicinity of Capitan and Ruidoso but that the money that had been raised would be sent to Ruidoso to help them with sending their delegate.

If you have read the Ruidoso News this far to read this, then you saw the picture of the serape being held by Mrs. Pearl Soderback and Mrs. Millie Wallace. The history behind the serape is worth the 50c a chance to win it. Pearl and "Tranky" will be in Ruidoso to sell chances on the serape to Ruidosoans, even before you read this column. On Saturday Pearl and Millie will invade (take by storm, as only those two can) Roswell, to sell chances. Good luck girls.

Remember folks, the Chest X-ray Mobile Unit that will be in Carrizozo April 11 and 12, in Ruidoso April 13. Also that this is an adult program as well as for the younger adults.

Well folks, this is all for this week but before I sign off may I share this with you? You have looked at a clock, the face, and maybe wondered about the inside but have you ever thought of this; that for the outside to work the inside must or should function in perfect harmony together to give you the time of day? Such is the inner and outer of man—"when the outer becomes as the inner and the inner becomes as the outer, then the two shall be as one." Such words He spoke over 2,000 years ago. What a wonderful spiritual existence for present day man—the inner and the outer of man, working in perfect harmony with each other to become as one to Him of all (God).

See you next week—God willing, Dixie.

The Spell of a Story

Think back, grown-up! There haven't been many joys in life that compare to the thrill of being read to. Remember—we came to know most of those stories by heart—and we loved them more each time we heard them.

Robin Hood and Little John—King Arthur and Sir Launcelot—they became old friends. And the heroes of our Bible stories—David and Daniel and the Boy Jesus in the Temple—they lived before our eyes as though the centuries had melted away.

These stories helped to mold our lives. They taught us courage and faith. We sought to be like the heroes we loved.

Today, grown-up, your child needs the right stories. Are you taking advantage of the Church's program of religious education for youth? Are you giving your youngster the best start in life by making yours a worshipping, a church-supporting home?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Owners Of Property In Ruidoso Who Live Outside Village Limits Can Vote On Street Bond Issue

There is only one exception to a rule that a person may not vote in a city election if he does not live within the municipal limits, the attorney general's office says.

This exception is if the person holds property within the municipal limits and he is voting in a bond election where his property would be taxed to pay for the bond obligation. Evidence of having paid taxes on property within the village, along with the voter's registration certificate must be provided the election judge to be allowed to vote, the ruling also said.

WOOL PRICES BETTER

Wool from Lincoln County sold during the past week was averaging 5c more per grease pound than last year at this time. J. P. McKnight sold his last week for 55c, whereas he received 50c last year. George Butts received 49c, whereas he got 43c last year. At present wool is lighter shrink than last year but a few windy days may change the shrinkage quickly.

With several growers selling during this week, price trends will become better established, County Agent Ralph R. Dunlap predicted.

Ruidoso Students Attend Convention Of Student Councils

By AMY AGUILAR

Eleven Ruidoso High School Student Council members went to Alamogordo Friday and Saturday, March 25-26 to represent the school in the Tenth Annual State Association of Student Councils convention.

Some of the important events on Friday were: Registration, touring of Holloman Air Force Base, assemblies, luncheon, and a trip and picnic to White Sands. On Saturday there were assemblies, nominations and election of state officers for the coming year, a report on the national convention by the state president, Mike Currier, addresses from the various guest speakers, discussion groups, a dinner and dance. Entertainment was provided by some of the Alamogordo high school students.

Students from Ruidoso attending were: Shelby Miller, president; Cruz Padilla, vice-president and candidate for state vice-president; Denese Short, secretary; Amy Aguilar, reporter; Jeanie Harris, George McGuire, Rita Smith, Rexene Howell, Alfred Lane, Pat Bell, Ginny Dryden and Robert Lee, sponsor.

The students stayed at the Rocket Motel.

According to Shelby, the convention was of great benefit to all who attended and the new ideas learned by the students, will help to improve the council in many ways.

McKinney Oil recently obtained the area distributorship for Fina petroleum products, covering most of Southern New Mexico. The local station recently was repainted with Fina's trademark colors to make the changeover to the new products.

Tourist Association To Meet April 5 At Noisy Water Lodge

The Ruidoso Tourist Association held its first meeting of the year on March 23, at Noisy Water Lodge. This association was started in May 1959, when the Ruidoso Racing Association's Public Relations men reported to the Chamber of Commerce and motel owners that the constant complaint throughout the Southwest was "We can't get accommodations" or "We spend money on telephone calls and can't get reservations."

The association was formed, telephone services engaged and then one call was all that was necessary for a person to make a reservation. This saved the tourist money, brought more people to this area and made it much easier for the tourist. The telephone number was publicized by the Ruidoso Downs race track and its personnel.

The group voted at its last meeting to open the membership to all businesses in this area. The next meeting is set for Tuesday night, April 5, at Noisy Water Lodge. A pancake and sausage dinner will precede the business meeting and a small charge will be made for the dinner. Reservations can be made by calling CL 7-2196.

The association serves Ruidoso, Hollywood and Ruidoso Downs, therefore all business people are urged to have a representative at this meeting.
