Lincoln County's state representative, W. G. (Bill) Shrecengost, called us Wednesday to say he'll be on hand Monday at Santa Fe for the special called session of the state legislature which will hear a recommended budget from the governor. Bill said appropriations this county would be interested in include money to be made available for use by the Lincoln County Memorial Commission in its continuing, long-range program in restoring Old Lincoln; an appropriation of part of $35,000 for one year's work of a two-year expenditure on the Valley of Fires state park west of Carrizozo. An additional section of land is sought to add to the one section already acquired for this purpose. Incidentally, a meeting of state, town and county officials is set for Monday to talk about further steps in developing the malpais, or lava beds Valley of Fires park—to include plans for roads into it, etc., says Bill. The representative also said what disposition will be made of the Ft. Stanton proposal—whether it will be retained as a tubercular sanitorium, with an added hospital for mentally retarded children, plus a forestry school for young men, or whether the tubercular sanitorium will be moved to the nike site near Roswell—all these questions will likely be up for discussion by the state lawmaking body—but only after considerable study by the legislators . . .

RUIDOSO RECOMMENDED FOR SUMMER PRESS MEET

The New Mexico Press Association's summer convention will likely be held in Ruidoso this year, but date and place are yet to be determined, along with other problems. In the winter session, held last week in Albuquerque, the Time and Place Committee for the summer convention, recommended Ruidoso as the next site. Gene Priestly, Las Cruces, chairman of the committee, told Commerce manager Bob Walker that if Ruidoso could handle the convention which would have an attendance from 200 to 300, it would be scheduled here. Walker is to advise Priestly of an open week-end date this summer when further plans can be made.

Attending the press meet from here were Vic Lamb, Dick Bennett, Pat Lamb and Roy Sizemore of the News staff.

IN BIG THAW—Street Department personnel help in thawing frozen water lines early this week, from left, Alfred Lane, Wesley Sherman and Ernest Lucero from the Village Street Department dig to locate frozen water lines, in one of the older sections of Ruidoso.

DAMAGE TO WATER SYSTEM IN 'FREEZE-UP' THIS MONTH MAY REACH $15,000

Estimates of the damage from freezing to the Ruidoso water supply system during the past two weeks might run as high as $15,000, Jim Hine, Village manager-clerk stated Monday. He said that city crews had worked up to 18 hours per day since Sunday, Jan. 12, when the unusual freezing condition and lack of moisture and ground cover caused frozen water pipes in many areas of the older section of Ruidoso which had not had trouble before in much colder temperatures.

The Water department was aided by the Street department, the Sewer department office personnel from the Village offices in handling the emergency. At one time there were 120 calls ahead and Monday morning, crews were still working to catch up on 75 calls that were still without water. No four-inch or any of the larger water lines were frozen. Hine said, however many of the unlooped lines in the upper canyon and in the older sections were frozen.

Two large welding generator machines, brought in from Roswell which were used for thawing pipes were returned to Roswell Tuesday morning. Arvel Nash, Village water superintendent, was busy Monday shutting off frozen and broken meters located in some of the summer cabins, unoccupied at this time of year. In a number of locations considerable new pipe had to be installed where lengths of pipe had split in the freezing. Hine said that Nash and many of his crew had an average of less than four hours sleep each night during the emergency.

Nash said that it wasn't how many hours of work or how little sleep he and his crew had but that it was their job to keep the water running and available for customers even if they did have to have men working around the clock. He said that business concerns and individuals were most co-operative and helpful with many of them furnishing the workmen coffee and doughnuts as they worked throughout the night.

There were also a number of business concerns called in to help in the emergency, Hine said, and also many individuals volunteered their services. One of the volunteers was Jack Mitchell, a Roswell contractor who has a summer home here. Mitchell's hobby is "witching" for pipes and water. He helped one crew locate a water line when the crew was digging about four feet from the line. The crew moved the digging and was over the line. Mitchell who didn't have any of his "witching" equipment with him used bent coat-hangers which he held loosely with out-stretched arms. When the hangers came together that indicated the buried water pipe, Mitchell said. Both Hine and a representative of the News tried to "witch" with the hangers at another spot where with Mitchell the hangers came together. When Hine held the hangers they seemed to move apart, that Mitchell said was the same as coming together. When the News reporter tried, the hangers didn't move, and Mitchell indicated that "some people just don't seem to have the knack." The pipe was there, however, exactly where the hangers moved together for Mitchell and where they seemed to move apart for Hine.

Barrow Is Relieved As Superintendent

By DICK BENNETT
(Ruidoso News Staff Writer)

Mrs. Gerald Tully, president of the Ruidoso Municipal School Board, accused the State Board of Education with giving way to "political forces" in the recommendations made by the State Board to solve Ruidoso's school problems.

The accusation was made in an open meeting of the Ruidoso School Board Tuesday night when the resignations of two former school board members, Mrs. Lester J. Hitchens and Mrs. Morrison Qualtrough, were accepted and three new members were sworn in. The new members are Jack Jennings, Ralph Petty and Dave Parks.

Mrs. Tully then called for nomination for vice-president of the board. Ralph Petty was nominated and elected. Dave Parks was nominated and elected secretary of the board. Parks was then asked to read the seven written recommendations made by the investigating committee of the State Board. Petty asked Mrs. Tully if she had any additional information pertaining to the recommendations. It was then that Mrs. Tully made the charges, reading a prepared statement. "The State Board of Education in the end, broke rank and gave way to political forces leaving Mr. Barrow in a position wherein he had no choice but to leave. Yet no fault can be found in his actions." After Mrs. Tully completed reading her lengthy letter praising Barrow and criticising the State Board's recommendations, Ralph Petty made a motion that Tom W. Barrow be immediately relieved of his duties as superintendent of the Ruidoso Schools. The motion was passed with all "ayes". Mrs. Tully, presiding, did not vote.

Mrs. Tully then called for the new secretary, Dave Parks, to read the minutes of the last meeting of the board Jan. 9. After the reading, Mrs. Tully said, "If there are no objections, the minutes stand approved as read." There were no apparent objections and the minutes of the

Wind Velocity Reaches 75 MPH Saturday Night

A number of tall pines were felled by the high winds and there was minor damage to property reported in the area.

RUIDOSOAN'S MOTHER PASSES AWAY IN ARKANSAS

Funeral services were held Wednesday this week in Morrilton, Ark., for Mrs. Margie Poteet, who passed away Jan. 18 following a heart attack. Burial was also in Morrilton. Survivors include a daughter, Mrs. Bill Boyer of Ruidoso and several grandchildren here. Mrs. Poteet had been in ill health for a long time and had been making her home with the Bill Boyers for the past ten years in Roswell and Ruidoso.

NO BILLS FEB. 1 FROM CITY

Water, sewer and sanitary department customers of the Village of Ruidoso will not receive the usual postcard bills for service on Feb. 1 this year for the month of January. Instead, they will receive one billing for two months—for January and February, on March 1, Village Manager-Clerk Jim Hine announced this week.

A delay in reading water meters because the city's water department and other city employees have been busy working on the water system freeze-up emergency is the reason for the two-month billing, Hine said.

"Water customers will get advantage of the rate for greater gallonage use, also, by billing for the total gallons used in two months—the bill will not be figured for each month," Hine declared.

R. C. Buckner Is Elected Bank Director

R. C. Buckner, longtime Ruidoso businessman and resident, was elected to the board of directors of Ruidoso State Bank in the 11th annual stockholders' meeting held here Saturday afternoon. About 25 persons were in attendance.

Buckner succeeds Jack Hitchens. All other board members, including Ralph Petty, T. B. Hood, Bruce Griffith, R. Jack Stewart, J. C. Powell, Jr., and Dr. James A. Beall, were re-elected

In a board meeting held later, all officers were re-elected as follows: T. B. Hood, president; Ed Wimberly, vice-president and cashier; D. R. Koehler, assistant cashier and branch manager; Larry L. McGregor, Mrs. Ogden Carroll and Mrs. George Brooks, assistant cashiers; Ralph Petty, chairman of the board; and Ed Wimberly, secretary.

In a report of progress for the year 1963, President Hood issued this prepared statement:

"The figures for 1963 show a decline in total deposits and total resources for the first time in your Bank's ten year history. Withdrawal from several large accounts, used by their owners for investments or expansion, plus withdrawal of a substantial sum by the New Mexico State Treasurer, account for some $650,000.00, making roughly a half million dollar increase in ordinary savings deposits and checking accounts.

"We feel fortunate in coming up with a net profit equal to last year's net. Total activity in the Bank increased materially in 1963, to the extent of 60% more checks handled, a 40% increase in total number of accounts, and substantial increases in loan, escrow, and other activity. This all resulted in substantial increases in expenses, particularly salaries and stationery and supplies. Interest paid on time deposits showed a very large increase, and taxes also increased. But we were able to increase our gross revenue substantially, which, combined with a favorable bond market, resulted in a net profit equal to 1962. Per share earnings amounted to $28.37, of which $7.50 was paid to you in dividends and $20.87 was retained as a part of the Bank's capital structure."

SUMMER RESIDENT'S MOTHER PASSES AWAY

Funeral services and burial was held in Austin, Tex., on Jan. 14 for Mrs. Duggan, age about 90, who passed away Jan. 12 in Littlefield, Tex. Mrs. Duggan designed and planned the town of Littlefield, Tex. Among survivors is a daughter, Mrs. Alice Duggan Gracy of Austin, Tex., who has a summer home in Ruidoso.

Savings, Loan Ass'n Charter Granted

Word was received Jan. 13 from W. J. Upton, Commissioner of Banking for the State of New Mexico, that he had given approval for the formation of the Corporation to be known as Ruidoso Savings and Loan Association and granted a tentative charter. Also, all necessary approvals from the State Corporation Commission have been obtained and filed of record in Lincoln County. A final charter will be granted when final approval has been received from federal authorities.

Fred S. Alexander, who is one of the principal organizers and will be president and a director of the association, has stated that he has now made applications to the Federal Home Loan Bank System with district headquarters in Little Rock, Ark., for the association's membership in that system and for insurance of savings accounts up to $10,000.00 by the Federal Savings and Loan Insurance Corporation. It is expected that this approval will be received within the next few weeks. "We hope and expect to have our opening sometime in the first part of February," Alexander said.

"The Association has arranged for temporary offices in the new R. O. White building and expects to build its own building in a convenient location when additional space is needed," a spokesman for the company said.

Alexander also advised that over 58% of the capital stock has been placed with local people, and it is expected that an additional 25% to 30% will be retained locally as it is the expressed intention of the organizers to have the Ruidoso Savings and Loan Association fully operated and controlled by Lincoln County residents.

"The Association is being established for the purpose of assisting in and being a part of the continued growth of Lincoln County," it was announced. "In the past, a very substantial amount of local money, running into several millions of dollars, has 'left home' so to speak; whereas we, in the future, intend to make long term mortgage financing easily and conveniently available to those local people who desire to do business with their neighbors and keep their money at home and working for the benefit and growth of the community as a whole," the company official said.

Burglars Slip Past Officers At Riverside

An area-wide search in the Riverside district Monday by state police failed to turn up the thieves who broke into the Riverside Rancho early Monday morning.

The break-in netted thieves between $300 and $400. State police said they had obtained fingerprints from the scene of the theft and are checking out suspects today.

State police from Alamogordo and Lincoln County set up road blocks in the Riverside area Monday. The road blocks were removed later in the afternoon, state policemen said.

Investigating officers said thieves gained entry through a window located in a part of the building used for dancing. Riverside is located about 32 miles west of Roswell.

The break-in and theft was discovered by state policeman Jerry Lewis, who lives in Riverside, after he was awakened by a barking dog.

Veterinarian Moving To Ruidoso About February 1

In a meeting of the Humane Society of Lincoln County held at the Whispering Pine Restaurant Tuesday night this week it was announced that a Veterinarian, Dr. Tom Montgomery from Clarendon, Tex., will be moving to Ruidoso to make his home and practice Veterinary Medicine about Feb. 1. Dr. Montgomery, who is married and has a son, graduated from Texas A. & M. He visited in Ruidoso recently, and originally had planned to move here about March 15. However, Joe Trutti, president of the Humane Society of Lincoln County, received a letter from Dr. Montgomery saying that he had found a house in Ruidoso and was moving here Feb. 1.

During the meeting, the much needed animal shelter for this area was discussed, also various money raising projects. The group decided to have a benefit buffet supper to be held at the Whispering Pine Restaurant on Friday, Feb. 14, with the tickets at $2 to be sold in advance by members of the society and with the Humane Society to receive $1 of each ticket sold.

'Walt' Crosby Started Real Estate Agency Here In 1944, Recalls Early Workers In Village's Growth

W. D. "Walt" Crosby, who has lived in Ruidoso since 1944 said last week that one of his reasons for moving here was: "Ruidoso has the best all-around climate." Crosby stated that he was born in Fort Stockton, Tex., where his folks were in the ranching business and that he later ranched in a number of states in the west and far west. Crosby said that after deciding to live in Ruidoso that he had been primarily engaged in the Real Estate business, selling ranches and all types of commercial and residential properties.

Crosby reminisced about Ruidoso during the years since 1944. He says he remembers when the first Chamber of Commerce was organized and mentioned some of the first directors and members, Wilbur Coe, E. E. Miller, Carl DeBord, Ezell Clarke, Pop Simpson and George Seely, were some he recalled.

Crosby stated that one of the first projects of the Chamber of Commerce was to list the permanent residents in Ruidoso. There were 218 at that time, Crosby said.

Crosby was also a charter member of the Ruidoso Lions Club, and was financial advisor when the Community Methodist Church was built here. He said he had served on a number of boards including the Ruidoso Municipal School Board and the Ruidoso-Hondo Valley General Hospital Board. He was also the first person to play the nine-hole Cree Meadow Golf Course, he said. Crosby still plays golf there practically every day and if you don't find him in his real estate office on Sudderth Drive, his friends will tell you, that you should try the golf course first.

The unique Thunderbird Lodge, which has the most interesting setting in the canyon, built stairstep fashion on a steep hillside on Mechem Drive, is operated by both Mr. and Mrs. Crosby. It was built in 1945, and additions were made in the late forties.

Crosby has aided in the growth of Ruidoso Board of Realtors and the Ruidoso Multiple Listing Service, being a charter member and an officer in both groups here.

Pioneer Real Estater, Paul Douglass Says Ruidoso Frequently Suffers Growing Pains; He Aided In Progress

Paul H. Douglass stated last week that he likes Ruidoso and had liked it since 1948 when he first moved here from Merkel, Tex., and engaged in the real estate business. He said he believes that Ruidoso has a good future, although it may have growing-pains from time to time. He pointed out that numerous lending agencies are now competing to make real estate loans in Ruidoso, and that only a few years ago many of them would not consider any kind of loan here.

Douglass said he was one of the five men who helped organize the Ruidoso State Bank, and was also one of the first to build a home on the old Alto Road, now Mechem Drive.

The firm, Paul H. Douglass Real Estate, has been in the same location on Sudderth Drive for 17 years and handles all types of real estate.

Four licensed salesmen: Tom Jasper, Lila Morgan, Al Stalcup and James "Jimmy" Douglass, now assists Douglass with the numerous and varied types of property the firm handles.

Douglass and his wife have both been active in the Church of Christ and helped establish the church in Ruidoso.

Douglass is an avid hunter and has bagged many big game trophies. Colorado's mountain country is his favorite stomping grounds. In his office he has displayed a beautiful elk's head he bagged about five years ago.

Restoration On Courthouse At Lincoln

Work began this week on restoration of the historic first courthouse of Old Lincoln County, situated in the town of Lincoln, New Mexico. The new restoration is the 9th restoration project undertaken by the Old Lincoln County Memorial Commission in its program of preserving buildings which were important in New Mexico's frontier history. The historic building served as courthouse from 1869, when Old Lincoln County received its patent, until 1880, when the county purchased the famous Murphy Store in Lincoln, and transformed it into a courthouse. This second courthouse, now known as the Old Lincoln County Courthouse, is a state monument and a historic house museum.

The first courthouse, long an architectural landmark in the town, also served as schoolhouse in the settlement. In 1886, it was purchased by the Archdiocese of Santa Fe to use as a parish house for San Juan parish. When the church was changed to the status of a mission, the parish house, or convento, as it is now known, was abandoned. The State of New Mexico purchased the property in 1962 for the purpose of restoring it.

Plans for the restoration were executed by Frank M. Standhardt, architect, of Roswell. Work will involve the gradual straightening of a bulging adobe wall. When this has been accomplished, workmen can then proceed with making the building weather-tight.

Funds for the restoration were appropriated by the 1963 New Mexico legislature. They have been supplemented by a gift from the lawyers of Old Lincoln County. (The area now comprises present day Lincoln County, Chaves County, Lea, Eddy, Curry, Roosevelt, De Baca and Otero Counties.) Work is being directed by John Boylan, Commission curator.

Young Republicans Hear Suggestion For Overhaul of State Taxes In Training Session In Ruidoso

Merle H. Tucker, candidate for the Republican nomination for governor, called for an entire overhaul of the state's tax laws, voiced opposition to the pre-primary election law and said he favors four-year terms for state and county officers when he addressed the leadership training school of New Mexico Young Republicans here Saturday night.

Tucker, however, appeared vague on his position concerning liquor in what he called his "declaration of principles."

Concerning liquor, Tucker said in a prepared statement for delivery at the Ruidoso meeting: "Obviously the right answer in this field is still lacking. Any legislative action must be equitable for both dealers and public."

Tucker promised to spell out details of his nine-point declaration of principals as his campaign progresses.

He said the state's tax laws are "a hodge podge" and that taxes are "inefficiently collected, inequitably assessed and in many instances stifling to the expansion of business and the creation of new jobs." He said "our entire system needs overhauling."

Robert Jordan, also an announced candidate for the Republican nod for governor, said "the current administration is failing the state because of a lack of leadership."

"If we had a governor in New Mexico," Jordan said, "we would not have had the expense of the special legislative session, the highway program would not be bogged down by anti-bypass law, and New Mexico would not be saddled by a 'politicianed' pre-primary convention."

This is a MUST This Year . . .

With the new pre-primary convention system now the law of the state, it behooves every citizen who is a qualified voter to attend and participate in his precinct conventions, whether Democratic or Republican. The pre-primary convention nominations for state offices will begin at the grass roots—back at home in the local precinct meetings. Publication of dates for these meetings is an essential duty of precinct chairmen—their constituents must be informed of these sessions. Out of the precinct meetings will be named delegates, many of them instructed, to the county convention—from where they will go to the state party conventions. You should interest yourself more this election year in the precinct manipulations, machinations and official acts more than ever. Don't let a determined, well-organized minority stampede your convention—overiding the will of majorities. It's something to think about, act on and remember. This is a MUST in your civic duties.

Your Minister Writes . . .

By Pastor W. A. Vanzant
Gateway Assembly of God Church
God's Model Evangelist

Text Ephesians 4 11: we read that the Lord gave some Apostles, and, some prophets, and some, evangelists; and some, pastors and teachers. There is one man in particular whom the Holy Ghost called an Evangelist. His name was Phillip. In Acts 21 8 we read "And the next day we that were of Paul's company departed, and came unto Caesarea; and we entered into the house of Phillip the evangelist, which was one of the seven, and abode with him." Let us look at the picture God has given of this model evangelist.

The 8th chapter of Acts is God's hand book on evangelism. In it he has portrayed Phillip's ministry, and the story seems to be in three parts. The first centers around his public ministry in Samaria (v. 5-13). Phillip's ministry was spontaneous. He was so full of Christ, he had to preach him. The church had made Phillip a deacon. He had been appointed to serve tables. He was supposed to be a business executive, cluttered up with typewriters and stenographers and things like that, but when he went down to Samaria he suddenly turned out to be an evangelist. He was bursting with something and he could not keep it in! God be thanked for preachers like that. We do not want professional preachers.

We want men and women who preach for one reason only, and that is because they cannot be quiet. Oh, thank God for the spontaneity in a real Holy Ghost revival! Phillip went down to the city of Samaria, and preached Christ unto them (v. 5). Does it say he preached Pentecost? No! Preached holiness? No! Preached about Antichrist? No! He preached Jesus. The heart of the gospel is Jesus, God's own dear wonderful Son. What the world needs is Jesus. That is what the world is hungry and thirsty for, and the evangelist's job is to bring men and women face to face with Him when you are dealing with souls. Remember that the great thing is to make sure they have met Jesus. He only brings true salvation. They must receive Him. "He that hath the Son hath life; and He that hath not the Son of God hath not life." 1 John 5:12.

Unfreezing People
Some Folks Are Warm and Friendly . . . Almost All of Them Are. But,

occasionally one runs across a person that has allowed something to go sour in his associations with others. They're cold as can be . . . treat you kinda shabby once in a while. It's nice to have friends and acquaintances that don't freeze up on you over some petty thing. They have to be thawed out. As one hired man on the farm said when I was a boy "Some times you just got to go through the process of unfreezing some folks." I don't know what gets into them. It may be they want to tell people how to do certain things and how to think on certain issues and with whom to associate.

Well, you know, you can't live peoples' lives for them and you will not get the same reaction to affairs of the day that are your reactions and your opinions. I feel like saying to some people, "Now, if I were in your place, I would proceed in such and such a way." But, you know what? They wouldn't do it. The differences in personalities and reactions are hard for some people to take and so they just up and get all "frozen up."

Al Jolson Had His Way

Some one once asked Al Jolson, popular comedy star of the Twenties, what he did when he ran into a cold audience. Experienced theatre people say that a cold audience is something which it is difficult to understand. Even the greatest stars will find themselves facing one some time or other. And that's true on the stage of life, too.

Al Jolson said, "Whenever I go out before an audience and don't get the response I feel I ought to get, what do I do? I don't go back behind the scenes and say to myself, 'That audience out there is dead from the neck up—it's a bunch of wooden nutmegs.' No, instead, I say to myself, 'Look here, Al, what's wrong with, you tonight? That audience is all right, but you're all wrong, Al.'"

Al Jolson put the blame, not on the audience, but on himself. Instead of giving up and putting on a poor show, with the excuse that the audience couldn't appreciate a good one, Al tried to give the best performance of his career.

Usually, before the evening was over, he had them applauding loudly, and begging for more.

A man doesn't have to have a career in the theatre to profit from Al Jolson's wisdom. Although, it is in a different way, we all are appealing to an audience in our relationships with other people. Who doesn't occasionally find a friend or a neighbor acting coldly for no apparent reason? And who hasn't been tempted to return coldness for coldness?

And yet, the only way to "unfreeze" anyone is with warmth. Like Al Jolson in the theatre, the person who will ignore the seeming coolness of others and will go right on being his warm, friendly self, will see his own warmth spread to them. I have tried it, myself, and it has worked. It has gone "against the grain" and my other nature told me to pay them back in their own coin but that always makes things worse. Kill them with kindness. "Love your enemies. It will drive them nuts."

SUNNY SIDE UP

by Jim Su

During the general strikes in England after World War I, many workers among the white collar class undertook to man the buses, trucks and railway trains. They did help to keep traffic moving, but no one will ever know how many tragedies were so narrowly averted.

One volunteer engine driver (called "Engineer" in the United States), performed the hitherto unknown feat of bringing the Liverpool Express into the Liverpool Station twenty-five minutes ahead of schedule. When the celebrated train ground and groaned to a stop, all of the passengers rushed forward in a body to thank the amateur driver.

How a medical student whose only mechanical experience had been with a motor bike ever got such an assignment as he did, was a great mystery to everyone. When he climbed out of the cab, his face was a sickly green, even through the soot and grime. He listened only a moment to the praise and congratulations of the passengers. Then, he interrupted: "Ladies and gentlemen—don't thank me—thank God. I only found out how to stop this thing ten minutes ago."

LETTERS TO THE EDITOR

January 15, 1964
Miss Lois Lane, Sec.
Student Council
Ruidoso, New Mexico
Dear Miss Lane:

Through you, as Secretary of the Ruidoso Student Council, I wish to express the deepest gratitude of our special investigative committee for the exemplary manner in which the student body and the student council conducted themselves while we were in Ruidoso on January 4th. All members of our committee were extremely complimentary concerning the frank, honest and candid statements made by students in the general assembly and the private interview with the student council. We think you are a "swell bunch of kids."

Personally, the contact with you students was the highlight of the entire two days of our investigation. Reports given to me on January 13th indicate that you have maintained this high level of good conduct under very trying and uncertain circumstances. For this I congratulate you and commend you. It is my personal opinion and fervent hope that your educational climate has already improved and will continue to improve rapidly during the next few weeks. You richly deserve the best educational opportunities that the State of New Mexico and the community of Ruidoso can provide.

Sincerely,
Virgil Henry, Chairman
Special Investigative
Committee

Mr. Vic Lamb, Editor
Ruidoso News
Ruidoso, New Mexico

Obviously there's no glamour in being a custodian but with your permission I'd like to tell you and the people of Ruidoso how one man (your Mr. E. H. Fuchs, my father) regarded the position and cared for your schools.

Except for one instance when he said something to the effect of "I certainly don't mind making changes so long as the people requiring those changes will think them through so the changes are really for the better", I've heard nothing of your controversy other than from the News.

Probably not many people realize that a custodian's job is year 'round; the summer months being sepnt preparing for the new school year, repairs, upkeep of grounds, and general maintenance which cannot be done during the school sessions.

Fewer still will realize how seriously my father took this job and the many, many extra hours and days he spent keeping your, and his, schools in top condition. He never stayed home a day in the summer to visit with guests, even his own children, if there was work to be done at school. Nor did he ever take a proper vacation. Your school always came first because it was his responsibility. Christmas and other holidays weren't vacations for my dad because there seemed always something which needed repair or special attention. Even Sundays he could usually be found at school.

He used a good many of his own tools (may no one decide he's stealing when he takes them home); his own vacuum cleaner for a paint sprayer at a time the school hadn't one; and, for years, used his own vehicle for school business which included trips to Albuquerque, Roswell and Santa Fe.

He almost always went back to check the locks if someone was in the building when he left and always when it was used for special functions.

He attended custodial conventions to learn the best and new ways of keeping your schools to the best of his ability. It is impossible for me to describe the pride he had in the way the schools were kept and the way he worked to keep them so.

It would be difficult to find a more honest man or finer person to be an example to your children. Mr. Fuchs does not smoke, drink or indulge in vulgarity of language or action. He is more severe in his judgement of himself than anyone else could be.

Against the curious charge of "tattle-tale"—he often worried about how much he should keep to himself in his position. A school is a public institution and the atmosphere critical to the development of young people, a fact he always kept in mind.

Whether or not he is re-instated, it will take a long time and a special sort of man to replace Mr. Fuchs. I hope you can find him, but I wouldn't want the job of looking.

Sincerely,
Sofora Fuchs Davis

(Ed's Note: Shades of "Teddy" Roosevelt, the guy who walked softly but carried a big stick. Here's a letter from Ruidoso's "Old Curmudgeon".)

The situation in the Isthmus, where Panamanians are demanding control of the Panama Canal calls for some clear thinking and positive action by the American government.

In the writer's opinion, there is no basis for agreement to renegotiate to perpetual lease of the Canal Zone. The mistake made in 1903 is that the United States Government leased the land instead of acquiring title to the area. No nation owned a square inch of this planet in the beginning. Each group took what it wanted and attempted to defend what it claimed. It is human nature to respect the rights of the strong and attack the first signs of weakness.

In its efforts to gain the good will of all peoples, the United States government has backed itself into an untenable position of weakness and must either give in on almost every demand made upon it, or come out with a new firm stand which will no doubt cause some unbelievers to get hurt for who in this world believes that "Uncle Sugar" has the guts to get tough with anybody—even a small country like Panama.

Since our government has, through many years of trying to placate everyone on every occasion, established a situation where anyone could come up with a claim and expect us to give them what they ask, the Panamanians have some grounds for expecting another windfall in the form of additional "rights" in the Zone.

Panamanians claim that we are exploiting a natural resource, their geographical position, which they seem to think is the only possible location for a canal. Engineers have considered other areas in Nicragua, Guatemala and Southern Mexico, where sea level canals could be dug. A sea level canal would be much more economical to operate and would allow more rapid travel through the canal.

Could we not profit by a past mistake and acquire, by purchase, (as in the case of the Virgin Islands), the Louisiana Purchase, Alaska and Florida) a suitable site, which would be United States' territory, where we could operate a sea level canal with all labor being performed by U. S. citizens.

We could then quit paying the rental on the lease "in perpetuity" of the Panama Canal Zone and it would revert to the Republic of Panama.

The canal is obsolete, too narrow for many of our large naval vessels and some merchant ships. But, since it is in constant use, it would be difficult and expensive to widen the present canal. Why not change over to the offensive and come up with a new, modern canal adequate to serve the needs of our Navy and merchant marine and have the foresight to buy the land instead of leasing, and use all American labor instead of haggling about what percent of American labor could be used?

It is common knowledge that the U. S. government supported the Panamanians in their revolt against Columbia, and then negotiated a lease of land for the canal from the Panamanians. Would it not be practical to get out from under a disagreeable situation in the Canal Zone by outright purchase of another site? Since there is more than one suitable site for a canal across the Isthmus, one of the four governments involved will likely be willing to cede us the land for a cash consideration.

Panama's "assets" of geographical position is a myth. There are other locations just as good in Nicaragua or Mexico. If Panamanians insist on taking over, we should buy and pay for a suitable location and give up and get out.

Cabin, Grass Fires Keep VFD Hopping

The Ruidoso Volunteer Fire Department answered a call Tuesday morning just before noon to the W. A. Moore summer cabin on School House Road, above the Midway Garage.

W. A. Moore of Clovis stated that he came to Ruidoso Monday to look after some of his property here and had just stepped out of the house and was on his way to a neighbor when what seemed to be an explosion occured in the house. No one was in the house at the time, he said.

The VFD soon extinguished the flames which seemed to be centered in a burning divan which was carried from the house.

The volunteers also had a busy day Saturday when they made three runs. The first was to a grass fire in the vicinity behind Lillie's Restaurant. Two other fires were almost at the same time at about 8:30 p.m. One, the E. J. Burke residence behind the telephone offices, which was nearly a total loss, Fire Chief Bob Moore reported. The other fire was in Brady Canyon at the Caudle residence where the damage was reported not excessive.

Dollar Day Bargains will be offered by merchants of the community on the third monthly Dollar Day, Monday, Feb. 3.

We send our sympathy to Mrs. Plor of Biscuit Hill who recently was bereaved by the loss of her sister and before that, a great niece.

We erred in reporting in last week's paper in that we stated that "Bud" Bradshaw was associated with Goodyear Tire. Instead, "Bud" has a Bargain Barn located in the shop formerly occupied by Lincoln Office Supply and "Bud" says "We have anything you want, if we don't have, we'll get it—if we can't get it, you don't need it."

We received a card from Dr. Earl Cockrum of Ice-O-Rama and "Doc" writes from Mexico City where he and Jerry Paul, an instructor for Ice-O-Rama, are vacationing. They are due back home Sunday.

Lee Sherman spent Sunday in Roswell on business and left Monday for a vacation in Northern California.

The March of Dimes is on in full swing and the Chaparral is sponsoring a March of Dimes dance to be held at a later date, which we will announce as soon as we find out. Let's all get behind Carl Jorren and Eleanor and go over our quota.

Jackie Green, having returned from six months stay in Fairbanks, Alaska, reports that she paid 59c a pound for lettuce, 59c and 69c a pound for tomatoes, 50c for a quart of milk. They ate lots of moose and bear meat. Eggs were $1 and $1.20 a dozen. She paid 89c for a can of tortillas—there were 18 in the can.

What local gent had to move into the dog house for having a "butch" flat top hair cut? No names, but he is the only man we know who has a dog house large enough to accommodate both him and his dog.

Tribe Suffers Losses Over Week-End

Drops Contests To NMMI and Capitan

Fortune failed to shine on the Ruidoso Warriors last week-end as NMMI and Capitan were victorious over the Tribe Friday and Saturday nights.

The Warriors were thoroughly whipped by the NMMI Colts Friday night, 95-53, in a game filled with fouls and free throws at Roswell.

Both teams scored close to half of their total points from the charity line as most of the action saw both squads marching back and forth up and down the floor from foul line to foul line. The Warriors finished the game with only four players on the court as six players fouled out. There were 43 infractions committed by the Tribe and 32 by the Colts.

Three Warriors hit in the double figures, but the Tribe was unable to contend with big Ron Nelson of the Colts who hit 31 counters to lead both teams. Nelson's season average is well over 20 points per contest.

The Institute cagers opened the first quarter in a flourish and jumped out ahead of the Warriors, 23-14. Although the Colts held the nine-point margin at the end of the first period, the Tribe made quite a game of it until the second half, pulling up within one point of the victors in the second quarter.

At the start of the second half the roof fell in on the Warriors as the Colts increased the margin to 70-42 before the quarter ended.

The final period found the Warriors sinking 12 free throws and the Colts 11, but the NMMI crew managed to increase their lead even further in the foul filled final stanza.

Paul Arnold was the Colt's second leading scorer with 16 while the Warriors' top scorers were Larry Bizzell with 12 and George Pearson and Johnny Hale with 10 points each.

Capitan Wins Tight One Over Tribe Saturday Night

The Warriors had their troubles again Saturday night as everything the Tigers shot seemed to go in the bucket as Capitan came out on the tall end of the score in a close contest, 67-66, at Capitan.

The Tigers came out of the dressing room hotter than a firecracker in the first period and the Warriors found themselves down by the score of 21-17 at the end of the quarter. the margin was increased further by the end of the half as the Warriors were able to hit the basket for only eight markers and the Tigers went in at the midway point leading 37-25.

The Tribe came back in the final two periods to outscore the Tigers, but could not overcome the big margin.

Bill Stirman and Johnny Hale provided the big push for the locals in the third period as Stirman popped in eight points and Hale added six in the catch-up try.

Stirman was high point man for both squads with 18 markers while Hale contributed 14 and Howard Andrews marked up 12 points. Mike Randall of the Tigers tossed in 16 markers and Pete Carabajal counted 12 for the winners.

Bees Win By Two

The Warrior understudies had somewhat the same experience as their older brothers in the preliminary contest, but came up with the win over the Cubs, 64-62.

The game was close until the final buzzer as the lead see-sawed back and forth all night. In the first period the Braves held a 16-15 advantage and at the half the game was tied at 32-32.

With the win the Warrior Bees ran their string of victories to four straight, and five wins against four losses for the season. To date the Braves have won over Cloudcroft twice, Capitan twice, and Lake Arthur on one occasion.

Steve Miller held high point honors for the locals with 22 markers, followed by Allen Ross with 13 and Silvario Candelaria with 11 counters. Mike Randall of Capitan led all scorers with 25 points.

Jal Here Saturday

'ZOZO ON SLATE FOR FRIDAY NIGHT

After two disappointing games last week-end the Warriors travel to Carrizozo Friday night and host Jal here Saturday night with hopes of getting back in the winning column. The Tribe's season record stand at four wins and six losses.

In district competition, the Warriors stand somewhat better with a 3-2 slate while St. Peter's of Roswell is on top of the stack with a 4-1 conference record.

The Grizzlies of rival Carrizozo lost two district games last week, one to St. Peters and the other to Cloudcroft to bring their conference standing to 3-3. The Crusaders of St. Peters had little trouble with the Grizzlies, winning 88-60, but the Grizzly men gave Cloudcroft quite a scare before losing, 55-54.

This week-end contest marks the first clash between the Warriors and the Grizzlies and both teams need the win to stay in good standing in the conference race.

Mike Voss of the Grizzlies has been burning the nets with a near 20-point average to lead the Carrizozo scorers in nearly every contest this season.

The Grizzlies have a well rounded floor game and the contest should be something to watch, with both teams needing a win to stay in contention for the sub-district crown.

On Saturday night the Tribe will play host to Jal in another first and this battle also should prove to be a thriller.

The Panthers dropped a game to Eunice last week-end, 56-47, and Eunice gave Class A power Lovington quite a contest last week-end, losing 64-56 and this indicates the Panthers will be a team to contend with in the 5-B race.

Game time for Saturday night's home game is set for 6:30 p.m., for the B team game and 8:00 p.m. for the varsity game.

St. Peters Trips Grizzlies, 88-60

Coach Ronald Bohl's St. Peter's Crusaders put on one of their finest scoring performances at Roswell last Friday night as five men hit in double figures to dump Carrizozo, 88-60.

Leading the Crusader attack was Co-Captain Larry Fields who burned the nets for 31 points, getting 28 from the floor and three via the free throw line.

Joe Murray popped in 19 points while Brian Gratton got 12, Wayne Dillon, 10, and Steve Scarano, 10.

Crenshaw paced the Grizzlies with 19 points while Voss hit for 17.

Tularosa Tops Cloudcroft, 62-55

Tularosa's Wildcats grabbed a 12-7 lead in the first period and held on for a 62-55 victory over Cloudcroft at Cloudcroft last Friday night. It was the 13th win of the season for Tularosa against two defeats.

Gil Lopez scored 25 to lead Tularosa with Goyo Rocha adding 13 and Robert Candelaria 10. Mike Hendrickson hit 10 for Cloudcroft with Mike Rogers adding 13 and Coleman 12.

Hondo Eagles Win Week-End Games

Hondo completed a successful week-end by topping Capitan last Friday night, 80-55, and defeating Lake Arthur Saturday night, 72-48. Both games were played at Hondo.

The Eagles jumped to an early lead of five points in the first period and steadily pulled away for the victory over Capitan's Tigers Friday night. The Eagles increased the margin at the end of the half and also in the third period to take the lopsided win.

Hondo's Eloy Torrez held game honors with 22 points while Capitan's Mike Randall scored 18 in the loss. Pete Carabajal backed up Randall with 15 counters.

The week-end proved very successful for the Eagles as Saturday night the Hondo crew slapped down Lake Arthur smartly, 72-48.

Sonny Sanchez led the way for the Eagles in the victory hitting for 15 markers. Hondo's conference record stands at three wins and one loss.

CLOUDCROFT TRIMS CARRIZOZO, 55-54

Cloudcroft took a squeaker from the Carrizozo Grizzlies at Carrizozo Saturday night, winning 55-54.

Mike Voss had 18 points for the losers while Hendrickson had 16 for Cloudcroft.

Tex Barron May Be Given State Post

Quentin "Tex" Barron, until the end of this month manager at Ruidoso Downs race track, Friday confirmed that he has discussed with "a friend in Albuquerque" the possibility of his taking a post in state government.

Among the posts mentioned, he said, were Revenue Commissioner, director of the Dept. of Development and head of the state's exhibit at the New York World's Fair.

The last post recently was filled. The revenue slot is now filled by Charles Brunacini, former Bernalillo County manager. Brunacini has been in ill health. But, from Phoenix where he is on 60-day leave of absence, Brunacini said he is regaining his health steadily.

The director's post at the Dept. of Development is vacant.

Barron was State Fair manager here until a year ago, when he left to fill the Ruidoso racing position. His one-year contract was not renewed by the Ruidoso Racing Assn. at its annual meeting last Wednesday.

"I took this job on a year's contract, and the year has ended," Barron said. "I think this is going to continue to be a successful race track." He did not comment on his reasons for leaving Ruidoso.

Barron declined to identify the individual with whom he discussed the possibility of a state post. And he said he has no plans for after Jan. 31, when his Ruidoso contract ends.

"I would accept the Revenue Bureau job if it were offered," he said. "It would be a very challenging position."

In the past, Barron has been largely associated with the Republicans. It was under Ed Mechem, then governor and now senator, that Barron took over as State Fair chief.

Barron came to the State Fair as assistant manager. Prior to that his experience was with the Farm Bureau, both in several eastern and midwestern states and at the national level.

"A report of last week's stockholders meeting of Ruidoso Racing Association here just didn't turn up any "dissension" that Albuquerque newsmen were hunting for. An article in the Albuquerque Journal, prepared by the United Press International, was written to indicate the newsmen looked for a squabble, but didn't find one. The report said Tex Barron had resigned as track manager. A stockholder contacted by the Ruidoso News said that Barron's one year contract expires as of Feb. 1, and that it was not renewed. The Albuquerque report of the meeting here follows:

Ruidoso Racing Association board members and former members failed to indicate Thursday if there was dissension as a result of a Wednesday stockholders' meeting in which Tex Barron resigned as track manager.

Ernest Hanson of Roswell, a former board member who was eliminated from the board Wednesday when the board was cut from seven to five members, was asked Thursday if he felt there was dissension over the move.

"I wouldn't be prepared to comment on that," Hanson said.

However, Hanson expressed no displeasure that he no longer was a board member and said other board members did not seem disturbed by the new arrangement.

Hanson said the decision to cut the board membership was suggested by the major stockholders to make the board easier to work with and easier to get members together for meetings. He said the measure was passed at a stockholders' meeting Wednesday.

Fred Standley of Santa Fe, also eliminated from the board, said he wasn't a candidate for membership of the new board.

"The fact is," he said, "it was so doggone far away and financially burdensome to go down there (to Ruidoso Downs) once a month, I suggested they eliminate me.

"But I wasn't eliminated in the sense that I was a candidate, because I wasn't."

A new board member, T. A. Spencer of Ruidoso Downs, said the change in the size of the board was made before the election of the new board members and "by all the stockholders."

In addition to changing the size of the board, the resignation of Barron was accepted by the board. Barron was not present for any of the meetings. His reasons for leaving were not disclosed.

Barron was in Albuquerque Wednesday according to State Fair Manager Finlay MacGillivray. MacGillivray said Barron paid a short visit to the State Fair office. Barron was State Fair manager prior to taking the job at Ruidoso Downs about a year ago.

Board President B. M. (Red) Keohane of Roswell would give no reason for Barron's resignation. He said it would be effective Feb. 1.

Keohane said the size of the board was cut because it was felt a seven-member board was "too unwieldly."

New Members

Named as new board members were Phil Richardson of Nogal, N. M., and Spencer. Re-named to the board were Keohane, J. B. Ferguson of Wharton, Tex., and Fred Kallof of Phoenix, Ariz.

Eliminated from the board were Standley, Hanson, John Allen of Roswell and Melvin Tottemhoff of Carlsbad.

Hilarious Harlem Clowns Scheduled Here For February 1

Return engagement by popular demand!

If you're seen them before, you know that it's the Harlem Clowns tradition to stage a better-than-before show but if you haven't seen them before, you're in for a real treat when the merry madcaps of the hardwood play in the Ruidoso High School Gym here Saturday night, Feb 1.

For 28 years, the Harlem Clowns have been criss-crossing the country to bring equal parts of top-flight basketball and side-splitting comedy to the nation's sports fans.

More fun than a barrel full of monkeys!

This was the line used by a mid-western sports writer years ago to describe the Harlem Clowns, fabulous basketball wizards and court comics.

The Clowns have never stopped. Now a national institution, they gained their reputation on more than a quarter of a century of traveling around the country, playing a seven games per week schedule for five months out of every year.

They were originated by Al "Runt" Pullins, one of the greats of comic basketball. It was he who first tacked the name Clownball" on this style of play.

Pullins was a member of the original Harlem Globetrotters team in the late 1920's. He broke with Trotter boss Abe Saperstein in 1934 and went on the road with his own now-famous Clowns.

This is the 28th year for the Clowns and they have played thousands of games in the United States, Canada, Mexico and Hawaii.

No town is too big—nor too small—for the Harlem Clowns. They have played before thousands—and also dozens.

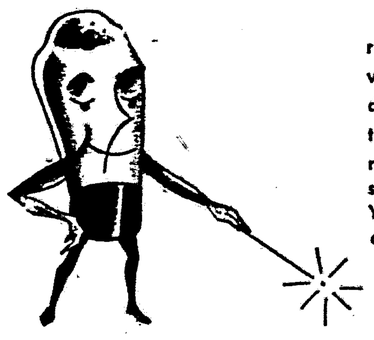
TO OUR CUSTOMERS—

In earlier announcements, we have kept you informed of Ruidoso State Bank's transition to electronic bookkeeping machines.

You have probably wondered about the effects of this transition on your checking account. Actually, the only change in your present routine will be the use of an account number. This account number becomes your electronic signature to these complex machines.



MR. R. S. B.

Several of our depositors have already received their account numbers, along with a supply of pre-printed checks and deposit slips. You can help speed up our transition into this new system by beginning the use of these checks and deposit slips as soon as you have received them. Your account number should appear on all checks and deposit slips. By using these checks, no change in your check writing habits will be required. We will continue to furnish additional checks imprinted with your account number as you need them.

Your account number will provide a double protection. This number, together with your personal signature, will serve as an extra safeguard for your account.

While each account will be distinguished now by a number, as well as your signature, each check will still need to be examined by an old-fashioned pair of eyes. Banking is still a "personal service" business.

These are the few simple rules that must be followed to assist both you and us in faster, safer and more accurate record keeping:

1. Use only checks that have your account number imprinted thereon.

2. Use deposit slips that have your account number printed thereon. The deposit slips will be entirely different from the type you are familiar with and have been using in the past. Please do not attach anything to these new deposit slips with staples or paper clips, just have your adding machine tape loose with the deposit slip.

Dear Vic and Joan:

I think it is about renewal subscription time so am sending a check.

Though Ruidoso has grown so much and so many people whom I do not know that I feel almost a stranger, yet I look forward with enthusiasm to Saturdays when the paper usually comes.

With the kindest remembrance to you both and all my old friends,

Sincerely,
Lucile Gough

Dear friends Vic and Joan:

Find enclosed a check for $4.50 to renew my subscription for another year. Sometimes I think I'll not renew the paper again after being gone for 10 years, but then you come up with bold headlines like the school controversy and I do it again.

One has to live in Ruidoso for a number of years to really understand that squabble. I was amused by the letter from the Oklahoma man wanting a member on the school board. Well this Coloradoan sure don't want any part of it. I just learned a lot about school laws, etc. by reading of it in your paper. The information was worth the price of the subscription but I am also so thankful I teach in the system I do where our problems are less explosive but no less important. This is my tenth year here. Fred Allan is a sophomore and I want him to finish here. Home towns are wonderful security for youth. We are so proud of ours here and I am proud of the way Ruidoso youth reacted there too.

I was in Ruidoso last June to attend the Frederick Taubes Art Colony and to attend to estate business. I attended Colorado U. part of last summer and will go again for four weeks this summer.

Good Luck,
Dorothy Riley

Edited by Marsha Locke and Martha Collins

"Helping to provide new hope for the handicapped is one of the best ways for a teen-ager to prove he stands for juvenile decency, instead of juvenile delinquency," 17-year-old Georgina Badillo of Ruidoso declared today.

She made the statement in accepting appointment as chairman of the Lincoln Teen-Age Program (TAP) for the 1964 March of Dimes. She will supervise the activities of Lincoln teen-agers in fund-raising activities during the January campaign.

"We teen-agers often see schoolmates who suffer from some kind of crippling disease," she said. "This gives us a great incentive to work for a program like the March of Dimes which is doing something to help improve the future of birth defects and arthritis victims."

Georgina cited the nationwide network of March of Dimes financed treatment centers where thousands of children and teen-agers are already benefiting from improved technique of treatment. In addition, she said, research supported by the March of Dimes is making progress in the search for means to prevent many birth defects and arthritis problems.

Of special interest to teen-agers, Georgina stated, is the Health Career Awards program under which local National Foundation chapters are offering scholarships for college work in medicine, nursing, physical and occupational therapy, and medical social work.

"It's a real incentive to young people to enter the important and satisfying health field," she said.

"Teen-agers have the desire to help the helpless and the enthusiasm to raise money to finance it," Georgina explained. "I hope we'll have a real turnout of volunteers for TAP in Lincoln County to put the January March of Dimes over the top."

old board stood approved by the new board.

In other matters taken up by the board, George P. White was made acting or temporary superintendent to replace Tom W. Barrow. The Winter Sports Program submitted by George White, principal, was approved by the board after some discussion. It was also decided that the parents should be polled for their reaction to the winter sports and physical fitness program. Bowling, swimming and square dacing were among other activities suggested.

The board authorized payment of .50 cents on the dollar for a disputed bill of $770.35 from the Colonial Refining and Chemical Co. for roofing.

The board then set Wednesday, Jan. 29, for its next meeting and adjourned to go into executive session to discuss applications received for the post of superintendent and other matters.

In the executive session, the acting superintendent, White, recommended that two principals, Pat Valliant in the high school and Mickey McGuire in the junior high and elementary school, be reinstated in their offices as acting principals on a temporary basis. McGuire had been in his office since his removal by the old board late in 1963 doing principal chores, but Valliant had been placed as a classroom teacher. Whether the two will be restored as principals on a permanent basis is yet to be determined.

The prepared statement printed below was read during this week's board meeting by President Mrs. Tully:

To Whom It May Concern:

"Mr. Tom W. Barrow was hired by the Ruidoso Board of Education for the position of Superintendent of Schools after careful consideration of many applicants. It is a matter of record that Mr. Barrow came into this position with the highest of recommendations from the Educational authorities in Santa Fe. He is pleasant to meet, presents a most excellent appearance, and his bearing represents everything a successful educator has need for. Our educators in Santa Fe were correct in every respect. He came to build education and upon taking over on July 1, 1963 he began an earnest and sincere effort to get our educational facilities into high gear.

"The sequence of events from that date until Jan. 9, 1964, when the Board who hired Mr. Barrow lost their quorum through resignations, a series of actions took place that placed the job of Superintendent of Schools in Ruidoso in the position of being untenable. From July 1, 1963 until Jan. 9, 1964, a general harassment from without the school and within sabotaged every effort of the Board and Mr. Barrow to maintain, and or, build a school system creditable to the State of New Mexico. It created a situation wherein authority within the school system broke down, and upon an appeal to the State Forces saw those authorities give way to political forces.

"Through all this ordeal Mr. Barrow kept his composure and acquitted himself in a gentlemanly manner. He was caught squarely in the middle of a situation not of his making, and went down to the wire battling for a better educational system. A smear campaign stripped him of all opportunity to properly defend himself or his position, and culminated in the resignation of a majority of the Board that hired him. The local Board found not one iota of fault with his work or his actions. After investigation of our trouble, the State authorities in Santa Fe recommended the path of action taken by the local board which was so necessary if we were to have a school here of their liking or ours. The State Board of Education in the end, broke rank and gave way to political forces leaving Mr. Barrow in a position wherein he had no choice but to leave. Yet no fault can be found in his actions.

"The Board of Education in Ruidoso, New Mexico, would like to go on record as saying that this area has done great injustice to a fine educator, and a distinguished gentleman. There is no recommendation that this Board can make that will rectify, or amend the great damage done to the integrity of their man. It can only say that the wreckage created was not of their doing and that to the best of their knowledge Mr. Barrow represents everything necessary to lead any community towards better education, anywhere. This Board would like to make it clear that Mr. Barrow has fulfilled every qualification necessary to make a successful Superintendent, and has done so under duress, which in the final analysis is the true test of the individual. We heartily recommend and endorse Mr. Barrow as a dedicated educator and one who cannot help but succeed in any field of his choosing. Our greatest regret is that he leaves us.

/s/ Wynema Tully, Pres.
/s/ Pearl Hitchens, Sec."

Minutes of the School Board
Regular Meeting
January 9, 1964

The meeting was called to order by the president, Mrs. Tully, at 7:40 p.m. Members present were: Mrs. Wynema Tully, President; Mrs. Pearl Hitchens, Secretary, and Mrs. Joyce Qualtrough, member.

There were a large number of visitors present, whose names were not taken down.

The minutes of the preceding meeting were read by Mrs. Hitchens. As there were no additions or corrections, the minutes were approved as read, and were to be signed and placed in the permanent files.

Mrs. Qualtrough made a motion that the State Board of Education be requested to immediately send the local Board their recommendations in writing on the school situation. These recommendations were given verbally at the time the officials from the State Board were here, but were no submitted in writing. The local Board felt they should have them in writing before the recommendations were acted upon. Motion was seconded by Mrs. Hitchens and carried.

A letter from Ralph Bonnell was read by Mrs. Tully in which he submitted his resignation from the Ruidoso Board of Education. Mrs. Hitchens moved that Mr. Bonnell's resignation be accepted, seconded by Mrs. Qualtrough, motion carried.

Current warrants and vouchers were presented for approval and signing. Mrs. Hitchens moved that these bills be approved, seconded by Mrs. Qualtrough, motion carried. All approved warrants and vouchers were signed at this time.

Mrs. Qualtrough read a letter from Mr. Lamb of the Ruidoso News apologizing for one of the errors printed in his newspaper, and stating that a correction would be made.

Mrs. Qualtrough made a motion that the Attorney General's decision be requested on the following question: "Can a duly elected member of the Board of Education remain on the Board after moving out of the school district?" Motion was seconded by Mrs. Hitchens and carried.

Mrs. Hitchens moved that Earl Hickam be appointed to the Board to fill the unexpired term of Dr. W. D. Horton, who resigned in December. Mrs. Hitchens stated that Mr. Hickam is well qualified for the Board, and that he and his wife are both active in PTA and have three children in school. Motion was seconded by Mrs. Qualtrough and carried. Mr. Hickam was sworn in as a member by the president, Mrs. Tully.

The majority of the visitors present had been very rude since the beginning of the meeting, making unkind remarks and laughing when one of the board members spoke. Mrs. Hitchens and Mrs. Qualtrough submitted their resignations from the Board at the same time, and these two ladies then left the meeting. As there was not a quorum present to either accept their resignations or continue the meeting, Mrs. Tully declared the meeting adjourned at 8:15 p.m.

Legion Picks Hunt On Liaison Committee To Work With NMEA

A. E. Hunt of Ruidoso was appointed a member of the liaison committee of the American Legion, New Mexico Department and the New Mexico Educational Association at the Mid-winter Conference of the New Mexico American Legion held in Albuquerque last week-end.

Other members of the education liaison committee appointed were: Dr. D. H. Reed, national American Legion committeeman; G. Y. Falls, Boy's State director, and Charles Wood, N. M. E. A.

The committee supported the $270 State support level plan for educational appropriation plans now being discussed This would increase the present state support level from $258 per pupil. The committee urged all local American Legion posts to talk to educators in their communities, to support the $270 per pupil state support level.

MEETINGS RESUME BY JEHOVAH'S WITNESSES IN CAPITAN

Jehovah's Witnesses will resume their meetings at the Kingdom Hall, Capitan this week-end. Friday evening the ministry school followed by the service meeting will be held at 7:30 and 8:30 respectively. Sunday at 3 p.m. the Bible lecture "What Hope For Lasting Peace?" will be delivered by J. W. B. Dobbins. The Watchtower study of "Avoiding the Plague from the Spirit of the World" will be at 4:15 p.m. Sunday.

Meetings were not held Jan. 17-19 because ministers with Jehovah's Witnesses were attending a convention in Deming. John F. Sutherland of Brooklyn, N. Y., the key speaker, spoke on "The Bible Triumphs In A Scientific World" to 775 at the convention's high point.

"If you like history, philosophy, science, travel, wise sayings, heroic tales of adventure, romance or even a glimpse of the future, you will find the Bible fascinating reading. This Divine library that can be carried in one hand, is a book of instruction. Also, it is easily understood when read in modern, living language. It proves true science and true science proves it," Sutherland stated.

ALL STATERS—Going to Albuquerque this week-end for participation in the annual All-State Band clinic and concert are these three Ruidoso school band members, from left, Burly Cantrell, Ann Winkels and Pat Lamb. They will be accompanied by School Music Director LeRoy Gooch.
