More about Eve Ball's book on Bob Crosby. She said she has only five copies left of the trophy edition, which has been bound in levi blue cloth. There were 175 of them printed. The regular edition will be issued in October. Illustrations are by the widow of the noted Texas Panhandle artist, Mrs. Harold Bugbee. Foreward is by Omar Barker and a cover portrait of Crosby is from Peter Hurd . . . Sam Hyatt says a couple of fellows driving up here from Roswell early Tuesday this week reported they saw a couple of elephants parked beside the road near Picacho. A circus trailer caught fire while traveling through the country and the pachyderms had to be unloaded—or we might have had roast elephant to report on. Quite a few passing motorists saw them, and wondered if they saw what they saw . . .

Ruidoso High students Mike Locke, Doug Conley and Ann Winkels' pictures were in the Alamogordo News last Friday along with other Boys and Girl Staters of the area who attended a banquet in Alamogordo one night early last week . . . Attending a community relations conference at Eight Canyon Job Corps Camp in the Mescalero Apache Indian Reservation last mid-week from this area were Mayor Lloyd L. Davis, Jr., Village Manager-Clerk Jim Hine, Attorney John Thompson, the Rev. Frank Crown, First Presbyterian Church minister; and from Ruidoso Downs, the Rev. Hugh Stiles, First Baptist minister and Justice of the Peace Alton Gray . . . Pinky Price, publisher of the Clarendon Press, whose plant produced the new Bob Crosby book—a story of Eastern New Mexico's famous rodeo champion, was here last week-end with his son, Kenneth, at the Eve Ball home and antique store where the first copies were placed on sale last week. Mrs. Ball collaborated in writing the book. Ab Gunter, who reported the event to us, says he is a longtime friend of the Prices. Bob's widow, Thelma, and son, Bob, Jr. make Ruidoso their home.

Ruidoso Downs is receiving big publicity this year, and some of the reason for this is its very colorful setting that photographs so well in still pictures and/or movies. Chatting with public relations man Walt Wiggins last week-end, we learned that the Carnation Company will have a motion picture company on hand this week-end at the race track to film horsemen, trainers, jockeys, racing stock and some of the crowd scenes and the races, and of course, the big All-American, for use in a 30-minute movie to be shown on TV, to sales meetings, feeding seminars, etc., to publicize some of their products made for horses. Wiggins said the Filmways commercial for RCA-Victor color TV sets to be seen on NBC network stations across the nation this fall and winter, made at Ruidoso Downs, will show the name of the race track, plus crowd scenes, etc. Then, Newsweek magazine has had some United Press-International newsmen on the ground here preparing a story for that publication, due in the next issue. The Los Angeles Times will have a special writer here for the All-American, and Mutual Broadcasting System will use tapes on their radio network of the running of the All-American while NBC will use film shot especially for them on their regular sports TV programs, Wiggins said . . . Speaking of the race track, we note where Ruidoso Downs provided the trophy for the grand champion junior star at the Billy the Kid Rodeo at Three Rivers last month.

James Stewart, Texaco station operator on U. S. Highway 70, was added to the police force in Ruidoso last month—sorry, we didn't report it sooner, Jimmy . . . Chairman Lloyd Bloodworth of the Old-Timers get-together function to be held during the Aspencade here this year, Oct. 8, says the committee will meet at the Woman's Club Thursday afternoon this week at 2:30 for some further planning. . . . Mrs. Bill Thompson, social director for New Mexico Military Institute says young ladies of this area are invited to attend a tea dance from 3 until 5 p.m. in the VMV hall on the campus of NMMI in Roswell Sunday afternoon, Sept. 11, to get acquainted with about 400 cadets at the school . . .

Horses claimed at Ruidoso Downs last week-end included: United Nations, 2nd, by Delmar A. Hallmark, owner, Ronald K. Hallmark, trainer, from G. Cummins for $1,250 . . . We just learned that these two news items we wrote for this column three weeks ago just didn't get printed—they got lost in the shuffle somehow. They were: Our reporter, Frances Eckert, gave us this note this week, and we thought it would fit in our column: "Six men with the Wanderlust Travel Service visited here last week-end. They were Barney Tiernan, Vic Puppa, Larry Johnson, Moe Goldman, Tommy Enriquez and Stan Johnson. Wanderlust is a Jack Dempsey owned company and these men left from Los Angeles, went first to Houston, where they watched an Oilers game and then attended the Houston Astros-Los Angeles Dodgers game at the Astrodome. From Houston they went to El Paso where they visited the Juarez Race Track and then to Ruidoso, where they attended the races on Aug. 7." . . . Our county board of trustees chairman, Ruidoso Downs resident Max Oliver, was one of the three winners of a $3,365.80 payoff in the Big Q at the race track recently . . .

The C. of C. here received an inquiry from a group of girls with the Y. W. C. A. and it said, in substance: "We'd like to know more about the fertility rites that are held in the fall on the Mescalero Apache Indian Reservation." . . . On page 4 of this section is a picture of our newslady, Elsie Williams, and while printing it, we thought we'd write something for this column about her—another one of our longtime faithful, loyal employees. She's been with us for more than six years, and has been

EIGHTH ALL-AMERICAN QH FUTURITY IS CLASSIC

By ALAN LAYTHORPE

Brilliant Top Ladybug made shambles of the qualifying trials Saturday to pace 12 contenders into next Monday's All-American Futurity, the richest horse race in the world at Ruidoso Downs.

The 400-yard classic will carry a record shattering gross purse of $430,600 with a whopping $198,300 awaiting the winner.

And the winner, if Saturday's trials are used as any kind of a yardstick, could easily be Top Ladybug.

Competing in the third of eight heats the daughter of Top Deck broke cleanly under Boyd Morris and tearing down the track in a dead straight line left all her contenders struggling in her wake, clocking the 400-yards in 20.30.

The filly, owned by Marvin Barns and Clary Spencer of Ada, Okla., already winner of the Kansas and Oklahoma Futurities, now looms a distinct favorite for the Labor Day classic.

The others who made it to the finals were Wilbur Wilson's Royal Super Boy and Walter Merrick's Chicamona, 1-2, in the first heat with times of 20.66 and 20.67 respectively; second heat winner Harlequin, 20.74; Sam Henderson's Dream Rocket, 20.73, Donald Haggland's Scarecrow, 20.79 and G. D. Turnbow's Off Limits, 20.80 all three being carried along by Top Ladybug's rapid pace in the third heat; fifth heat winner Go Dick Go, owned by Joe Leitner, timed in 20.74; and the final three from the seventh heat—Chester Maddon's Bright Rebel, 20.73, Robert Moore's Mr. Deck Moore, 20.79 and A. B. Green's Barbara 3, 20.81. The latter earned her place only after having to "shake" for the 12th spot as she tied Atagain's time.

There was heartbreak for others. Heavily favored Doll Bid, owned by Clarence Scharbauer, was the 1-5 choice in the fifth heat but was bumped heavily at the start and trailed Go Dick Go by one length at the finish—not good enough to earn a spot in the All-American.

Two others well liked, Hugh Huntley's Jet Too and Daniel Cantronova's Watch Ell, finished second and fourth behind sixth heat winner Lower Deck but none of them ran fast enough to make it.

Eighth heat victor Mr. Rocket Bar and heavily favored Roma Charge also failed as did Topette, winner of the fourth heat.

But the star of the entire afternoon was Top Ladybug. The filly, now a winner of nine of 11 lifetime starts, could easily be a very lopsided choice next Monday.

She has been beating these same rivals with monotonous regularity all year in the two races she lost—the Kansas Futurity and the Raton Futurity, she started slowly in the first and missed by a nose and a neck while in the latter she stumbled and lost her rider at the start. Otherwise she's always a winner.

Although their time was not the fastest, Go Dick Go, a Florida-bred and Royal Super Boy both were impressive.

The former for a change broke alertly under Buddy Neismith and was never headed while Royal Super Boy startled both fans and Chicamona with a late surge that reproduced a nose win in the opener over the 2-5 favorite.

QH Champ Cup Is Saturday

The Ole Man, winner of two in a row against the best opposition on the grounds, heads a field of nine championship calibre runners Saturday in the headlining Ruidoso Downs Quarter Horse Championship Cup over a testing 440 yards. The event carries added money of $5,000.

The Ole Man, a late developing son of Three Bars, owned by the Red Bee Ranch of Wichita, Kans., polished off a good field Sunday that included many of his rivals in the Championship Cup. He will again be ridden by Curtis Perner and will share top weight of 123 pounds along with Mr. Bar Ell.

The latter, owned by Clarence Gattuis of Claremont, Colo., is another powerful finisher who has been right there in all recent races. Bruce Brinkley will be in the irons.

Others set are Suki Tadre, 117, Johnny Cox; Bar Request, 118, Charles Smith; Moore Go, 117, Dave Morris; Annie June, 121, Don Roberson; Savannah Jr., 119, Jack Wallace; Decketta, 121, Zack Collins, and Barbara Neil, 121, Don Allison.

The field includes the two past winners of the All-American Futurity, the world's richest race. They are Savannah Jr. (1965) and Decketta (1964).

Fleetest Sprinters Vie Friday

Nine of the fleetest sprinters on the grounds headed by recent impressive winners Barjan's Glory and High Fury, compete Friday in the featured 6 furlongs Chaparral Handicap.

Post time for each day of the four-day week-end of racing will be 1 p.m., a change from the normal 1:30 p.m.

Barjan's Glory, idle for a short period, made a smashing return last week against some of the better dash artists and came from dead last with a devastating burst of speed over the final three sixteenths to win going away. Even though he faces a tougher group Friday Barjan's Glory will be one to reckon with again. He will be ridden by Bruce Brinkley and will

Heavy Apple Crop Is Being Harvested

The description of the 1966 apple crop in the three valleys of Lincoln County this season range from "heavy" and "bumper" to "marvelous" as picking got underway last week.

The various varieties are now on sale at roadside fruit stands in the Ruidoso, the Hondo and Bonito valleys—and are redder and richer in flavor than they have been in years due to the extra wet summer, a veteran orchardist told the News.

The fruit stands have been featuring locally grown prunes, plums, peaches and pears, all of which have a brief market season, and generally are not displayed for very long. The apples, however, will be available for many weeks, and buying in this line has already become brisk.

WE ARE VERY GRATEFUL FOR THE WONDERFUL PATRONAGE
We have received since we have been in the jewelry business in Ruidoso the past seven years. We hope our efforts have brought to this community a service that has helped the Playground grow and one that has filled a definite need in enlarging our trade center.
To the homefolks as well as the summer visitors, we appreciate very much the support and interest you have given our store. We would like to urge you to drop in and get acquainted with the new owner, Carl Greenup, who is an experienced jeweler and a craftsman in his field. We are sure he will serve you in the same manner and with the same fine products you have become accustomed to from Whitlock's Jewelers.

Death Came to One Who Adopted Lincoln County As His Home

The death of William H. Gould in Alamogordo Aug. 17 was a reminder to his many Lincoln County friends of the years he spent at Fort Stanton. He came there and entered the Marine Hospital in 1926 after serving in the Merchant Marine on the Great Lakes.

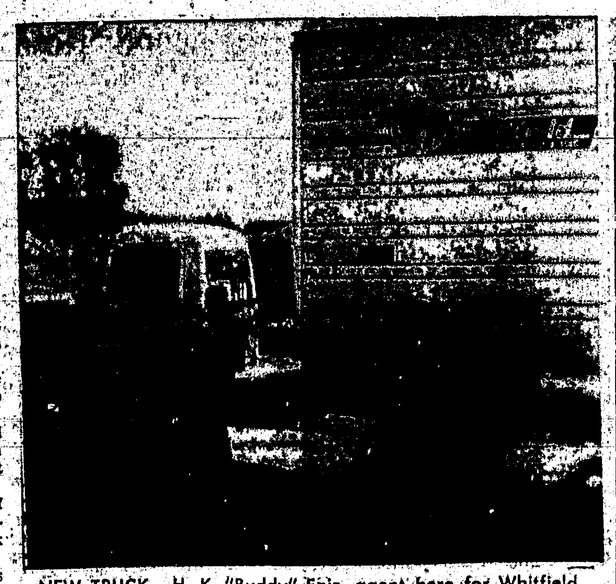
In Nov., 1929 he was well enough to take a position under civil service as a typist and clerk in the hospital offices.

June 3, 1933 he married Lois Hicks, sister to Mrs. Henry Peebles. Henry and Lynda Peebles ranched on the Mesa until his death when she sold and moved to Alamogordo. The Goulds were parents of two children who survive him—Thomas W. Gould of Phoenix, Ariz., and Mrs. Herbert L. Fletcher of Riverside, Calif.

In June 1953 when the state took over the operation of the Fort Stanton Hospital, Mr. Gould transferred to Holloman in the Inspection General's office. For the past several years, due to failing health, he had been unable to carry on his duties at Holloman. His widow, Lois, is still employed at Holloman in the Training Supervision Institute and plans to continue her position there.

Mr. Gould was born in Cleveland, Ohio on June 26, 1906 and was affiliated with the Congregational church there.

Services were held at Mullins-Hamilton Chapel at 10:30 a.m., Aug. 20 in Alamogordo with Masonic graveside rites at Angus at 1:30 in the afternoon. The Masonic Lodge of Carrizozo conducted these rites.



NEW TRUCK—H. K. "Buddy" Fair, agent here for Whitfield Transportation Co., is shown with new truck for his use in delivering freight in Lincoln County. Fair makes a trip every other day, to Capitan, then to Hondo and on to Roswell where he picks up freight, and on the way back to Ruidoso he delivers freight in the Hondo and Ruidoso valleys and then in Ruidoso area.

And That's How Regulations Are Born . . .

There are so many laws and regulations on the book now that we all have to walk a mighty narrow path to observe them all. And, the great number we have has certainly provoked many a person to say we've got too many laws on the books now — some of them should be junked.

But, folks bring the laws and regulations on themselves.

For instance —

Early this year Tom Jones, president of the Eagle Creek Inter-Community Water Supply Association, Inc. declared if folks didn't stop dumping cans, bottles, left-over lunches, old tires and a lot of other junk that would be hard to classify in one of our community's water sources, Alto Reservoir, that he would have to order fishing halted there. And, fishing has been pretty good on the whole in that new body of water. He wouldn't have made such a statement, nor been forced to come up with the threat of such a regulation, if folks had been courteous enough to respect the fact that's where we get some of our drinking water. Bad behaviour begets more rules and regulations. Now, when some of the local folks heard what was going on, they decided they'd try to forestall any such order from Jones — and they've been cleaning up the messes other folks have been leaving on the lake shore and in the water's edge —so fishing can continue.

Noting the large amount of rubbish and garbage left helter skelter around Bonito Lake and along roadsides and in nice picnic places in our forests — it's no wonder we have laws and penalties. Police action is necessary to make some folks behave.Note—we said some folks.

And, that's how regulations are born.

Dear Mr Lamb,

We visited your wonderful city last week and enjoyed ourselves very much. Ruidoso is our favorite vacation spot. We also subscribe to your paper and enjoy reading it.

Perhaps you could answer a question for me. When and why did they quit playing the National Anthem at the races? I think it is very unpatriotic. I love America. I believe that especially at this time of war and unrest we should stand up for our great country.

Thank you,
Mrs. Gary Thornton

News Items From Ruidoso News Issue of Aug. 31, 1951.

Several hundred oil men and their families were in Ruidoso this week for the annual meeting of the New Mexico Petroleum Industries Committee which was held at the Navajo Lodge. Gov. Ed Mechem was the principal speaker.

Mr. and Mrs. Lloyd Davis who recently sold the Navajo Lodge to Mr. and Mrs. Carl DeBord, are moving to Ft. Stockton, Texas.

Lloyd Davis came to Ruidoso in 1939 from Knox City, Texas, and built the Davis Bowling Alley in downtown Ruidoso.

Finals and semi-finals of the second annual ladies' golf tournament were played off Sunday at Cree Meadows Golf Course with Mrs. Jo Boswell of Roswell defeating the defending champion, Mrs. Gulette Hodde of Hobbs.

Herb Greggerson opened his square dance school at the Navajo Lodge Monday and at the present time there are 80 people enrolled from 12 states.

The Ruidoso Chamber of Commerce will sponsor Dollar Days again this year and are already making plans for the project. Nolon Hart, vice-president of the C. of C., is chairman of the Dollar Day committee.

Your Minister Writes . . .

By WAYNE PARKER
(Community Methodist Pastor)

People don't always mean what they say. They often say one thing and mean quite another. Psychologists have a term "listening with the third ear". It means ability to know what people are actually saying.

Listening with the third ear calls for real skill and sympathy. But we have all done it, especially with people we love quite dearly and know very well. Sometimes, however, it is difficult to know what people actually mean.

Saying: "Our minister is so spiritual."

What is really meant is: "He never steps on anyone's toes."

Saying: "Our minister is not spiritual enough."

What is really meant: "His sermons hit too close to home."

Saying: "The church is run by a clique."

What is really meant: "I don't want to give any time to the church, so a few people have to do all the work. I feel guilty about it."

Saying: "All the church ever talks about is money."

What is really meant: "I'm ashamed of how little I give to the church, but don't propose to do anything about it."

Saying: "I had too much religion as a child."

What is really meant: "Christianity doesn't mean anything to me and this is my excuse."

Saying: "There isn't enough Bible taught in the Sunday school."

What is really meant: "I'm not going to accept my responsibility to open the Bible to my children. We never read the Bible in our home."

Saying: "The church is full of hypocrites."

What is really meant: "I'm a hypocrite, but don't want my hypocrisy exposed."

Saying: "Why don't we go back to the 'old-time religion'?"

What is really meant: "I don't want to grow up to be a mature Christian, for then I might have to put up or shut up."

We could go on and on, but you get the general idea. No doubt you could think of some of your own.

SPECIAL FEATURE — Elsie Williams on behalf of the Ruidoso News presented Bill Adkins, manager of Chaparral Motor Hotel, four large photos of New Mexico Maids of Cotton made by this newspaper during New Mexico Cotton Ginners' conventions here the last four years. The photos of the 1963, '64, '65 and '66 Maid, will be framed to hang in lobby of Chaparral as tribute to the ginners for their picking Ruidoso as their meeting site and holding contest here each year.

Lambs and calves will be available again this year at the Lincoln County Fair being held next Friday and Saturday in Capitan. They will be sold at market price. If you are interested, contact Nancy Knight, John Cooper, or any of the fair board members.

The boys and girls must sell the lambs so that the lambs can be entered in the Carcass Contest. The lamb will be sold for 26 cents per pound plus slaughter cost.

I attended the wool school last week at New Mexico State University. They discussed the idea of certifying New Mexico wools—such as having tags removed, being sorted as to grade and scourable paint used. A committee was appointed to come up with recommendations at the annual meeting on this idea.

Dr. McFadden, from his studies of the wool market, said that fleece weight and clean wool were the two most important items that affected income to the rancher.

• • •

Activities for the Lincoln County Fair start with acceptance of entries on Thursday afternoon, Sept. 8, or Friday morning until 9:30 a.m. The judging starts at 10:00 a.m. with the judging of Junior Beef Cattle, home economics, flower show and Horticulture exhibits.

Saturday events include: The parade, sheep judging, and awarding of trophies. There will be a Kid's Rodeo each afternoon.

LAMB STEW . . . by jim

Philadelphia — We live in a part of Philadelphia known as East Falls, although for the first two months we were here we thought the name was East Faults for, well, for obvious reasons.

For some time now, though, I've thought East Falls might be an apt subject for a television visit—like Elizabeth Taylor's London or Sophia Loren's Rome.

I've had a hard time convincing the networks.

Nevertheless I've pressed ahead and made some tentative plans to film this Paris of the Philadelphia.

Since Her Serene Princess Grace Kelly once lived nearby, I thought she would be a perfect hostess. But since she now lives in Europe and I can't afford the price of her plane ticket here (unless she'd fly tourist, and I couldn't ask a Princess to do that) I decided I'd have to find another hostess.

Although she greeted the idea with what I shall charitably call a lack of enthusiasm I persuaded the second most famous resident of East Falls to lead the tour—my wife.

Since she works days, and my movie camera doesn't work so good after dark, we'd have to film it during her lunch hour—a misnomer since it's really a lunch 45 minutes, but that's hard to say so they say lunch hour. Oh, you know what I mean.

As I visualize it, the tour's got everything—city officials (a policeman lives across the street), industry (the Queen Lane Reservoir), transportation (The Norristown Branch of the Reading Railroad, by the way that's pronounced Redding), famous ruins (the empty hulk of the old Hohenadel brewery, sob), science (the Katz' and Tilden Pharmacies) and culture (a branch of the Free library.)

I'd planned to start the tour at the nearby Schuylkill River. I'm beginning to suspect strongly that Schuylkill is Pennsylvania Dutch for sewer. Since my wife objects strenuously to the noisome odors rising from the Schuylkill I guess I'll have to leave those pictures out.

Also, we can't film her boarding the Reading Railroad. By the time she rode down town and back her lunch hour (you know what I mean—45 minutes) would be over, so that's out, too.

The Queen Lane Reservoir won't allow visitors, and I've lost my library card.

Come to think of it, the Hohenadel Brewery ruins aren't so photogenic, and I owe money to both pharmacies.

And when I asked the policeman across the street to pose for a documentary, he asked to see my city street filming permit.

I did get some movies, though. Would anyone like to see about 50 feet of a backyard barbecue in East Falls—the Paris of Philadelphia?

School bells has rung once again and all these little fellers are back in the little red school house gettin their heds filled with knowledge. Aint it wonderful seein all these guys headin for school. What we got to do is watch a little more carefully cause some of the little tads are new at this game of bein out on their own and could dart right out in front of you.

Ive heard so many school yarns that are funny but thers one that sticks in my mind as bein quite funny.

A little furst grader kept comin to school without bein cleaned up and the teacher would wash him durn near ever day. One day she got a little put out with the situation an wrote his mother a note tellin her of the necessity of washin the little feller cause he smelled. The country mother answered quite promptly, "Dear Miss Jones please teach Tommy, dont smell him" signed Mrs. Brown.

Whether we teach em, smell em er wash em lets be durn sure we see em.

New Discovery Now Makes It Possible to Shrink And Heal Hemorrhoids Without Surgery
Stops Itch — Relieves Pain In Minutes

New York, N. Y. (Special): A world-famous institute has discovered a new substance which has the astonishing ability to shrink hemorrhoids without surgery. The sufferer first notices almost unbelievable relief *in minutes* from itching, burning and pain. Then this substance speeds up healing of the injured tissues all while it quickly reduces painful swelling.

Tests conducted under a doctor's observations proved this so — even in cases of 10 to 20 years' standing. The secret is the new healing substance (Bio-Dyne®) — now offered in both *ointment* or *suppository* form called *Preparation H®*.

In addition to actually shrinking piles — Preparation H lubricates and makes bowel movements less painful. It helps to prevent infection (a principal cause of hemorrhoids).

Only Preparation H contains this magic new substance which *quickly* helps heal injured cells back to normal and stimulates regrowth of healthy tissue again. Just ask for Preparation H Ointment or Preparation H Suppositories (easier to use away from home). Available at all drug counters.

TEXAS FIRM ANNOUNCES CONDOMINIUM PROJECT

The Palisades, Inc., a Fort Worth firm, announced in a series of newspaper advertisements appearing in a number of newspapers of the area, including the Ruidoso News, a condominium apartment complex to be built on State Road 37 at the north edge of town across the road from Brown's Air Service.

Included in the project is an administration building to contain a coffee shop, gift shop, beauty shop, barber shop and general offices. A lighted pitch and putt 9-hole golf course and enclosed heated pool are also planned, along with beautifully landscaped grounds. Asphalt paved parking will be provided.

Buyers of the condominium apartments may enter an agreement with the operators to rent their apartment to other people when not being occupied by the owners, the announcement said.

The Palisades apartment complex will be located on 14 acres of land. The apartments can be bought for $1,650.00 down with the balance to be paid off in 15 years at 7%. SCHOOL YEARBOOKS DUE IN SEPT. 10

The 1966 Tomahawk, Ruidoso school yearbook, will be received here from the publishers about Sept. 10, Mrs. Barbara Isham, journalism instructor and sponsor of the annual in the 1965-66 school year, reported this week. She said a large number of young people who are going away to college have been asking when they might be received, and she has had word from the printers that, due to difficulty encountered in reproduction of a color picture, it was decided to eliminate it from the book, and for that reason, there was a delay in putting it together. She said graduates who are going away to college may report their mail address to her and she will forward their annuals, or she will deliver them to the parents.

Log Cabin By the River Best Tells Of Ruidoso's Vacation Attraction

(Editor's Note: This is another in the series of articles concerning Ruidoso's beautiful and interesting homes.)

By JOAN LAMB

To many people the real Ruidoso means a log cabin by the river. And indeed if such a type house had never been built there might not even be a Ruidoso today. So the home we are writing about this week is truly a real Ruidoso cabin and it is right on the river, amidst the tall pines, and except for modern conveniences, a room added and a porch enclosed, it is much the same as when it was built in 1937. It is the cabin of the Lloyd Bloodworths, located across the road from the Lazy T Courts, and because it bore the number 13, the Bloodworths believe it was the 13th cabin built here.

Mr. and Mrs. Bloodworth established the Ruidoso News in 1946 and after selling the local paper in 1951 have continued to be active in Chamber of Commerce work and other public relations work.

The cabin was built by Bob Lander of the Lander Lumber Co. of El Paso. The Bloodworths paid the then almost unheard sum of $350 for the house and lot that is 70x300 feet. Before the Bloodworths bought the lot however, they leased it from Mr. Chase and then when the lots were put on the market, they were able to buy it three years later. The house is on solid rock and naturally one of the first questions raised was did the flood of 1941 do any damage. The answer was no, and we could believe it when we saw the rock that the cabin sits on—solid rock it is.

The cabin wasn't even winterized and besides the screened in front porch overlooking the river, only contained a living room and kitchen, so the Bloodworths decided to close in the porch for the living room, added a fireplace, then in the living room they had four bunks built in. We can just imagine what a wonderful time their four children had going to bed at night in their bunk beds, before a roaring fire, with snow probably almost up to the window sills.

Mr. Decker drew the plans for the remodeling and he charged 25c an hour for his labor. In place of presenting a bill, he just cut a notch in the lumber to mark the number of hours he worked.

There was no place in Ruidoso to buy furniture so the Bloodworth boys made most of it, including beds, floor lamp and dining table and benches and this same furniture is still used and enjoyed today not only by the boys who built it but their children, too, for the cabin is always open to any member and friends of the family and seldom a week goes by that doesn't find some member of the family there, for there is room for 17 to sleep.

Hanging on the walls are wild animal hides of badger, polecat, fox and wolf and deer heads that the boys killed and pictures and mementoes that the children and grandchildren drew and made.

At the windows are the original curtains of wool sacks and in the bedroom, curtains of salt sacks that the Bloodworths brought from their ranch at Sonora. Goat rugs, Mexican, Spanish and Angora, about 30 years old were also brought from the ranch and are still used on the floors.

One thing that the Bloodworths did buy, and probably which gave them hours and hours of enjoyment, for they are a very musical family, is an upright piano at least 200 years old that they purchased at Ft. Stanton 25 years ago.

Mrs. Bloodworth has used the Spanish colors of red, orange, blue and green in decorations. One unusual piece of furniture is a lamp, made of cow vertabrae and painted in these colors.

For years the family enjoyed their food cooked on a wood stove, but that now is gone. The double car garage has been turned into a guest house, but these are about the only major changes.

Last October the Bloodworths observed their Golden Wedding anniversary and there were 30 members, the entire family, present from as far away as New York and Portland, Oregon. They have not had a death in the family for 50 years, but it is to the log cabin on the banks of the Ruidoso that they all return to year after year and relive again their happy childhood spent in the most lovely of locations.

COUPLE OF BIG ONES—The Aero Commander twin jet at left, and the DC-3 prop transport at right, owned by Atlanta Refining out of Dallas, were a couple of big capacity planes stopping off at Ruidoso's airport last week-end here. Port should be crowded this week-end with All-American QH Futurity expected to bring track fans and horsemen from all parts of U. S. to Ruidoso.

The annual drive for members in the Ruidoso Valley Chamber of Commerce which is currently being held, so far has produced only half of the potential membership in this area, it was reported this week. New members in the past week include Bill Pippin Real Estate, Navajo Spirits Drive-In, Chaparral Hotel, and Claude Hutcherson of Plainview, Texas and Ruidoso.

Women are better pedestrians than men. Men are involved in seven out of every ten fatal pedestrian mishaps.

Mr. and Mrs. Robert Pereau of Ruidoso have purchased the Ruidoso Variety Store from Mrs. Oscar Samelson. The store, located in the downtown area of Ruidoso, has been renamed Mountain Variety Store. The Pereaus took over the store Friday last week and plan to add new stock, Mrs. Pereau reported. Mr. and Mrs. Pereau have three sons, Greg, 14; Doug, 12, and Jory, 9. Mrs. Pereau will be in charge of the store most of the time and with Mr. Pereau and the older sons assisting. Pereau is employed with the Job Corps Center at Mescalero.

Mrs. Oscar Samelson will continue to teach fourth grade at Nob Hill School. The Samelsons had been operating the store for the past seven years. They purchased it in 1959 from Mr. and Mrs. Gordon Ulyatt.

AROUND TOWN—

a resident of Ruidoso for close to 20 years. She first worked for Carmon Phillips when he had a curio store in downtown Ruidoso where Clarke Ins. office is now, then she worked for another old-timer couple, Mr. and Mrs. Raymond Buckner at their gift store before going to work for Brunell's Department store. She left for a try at California, but came back to join the News at our invitation, and we think it was a good idea for all concerned. She's never late to work, meets and serves all our customers in such a warm and friendly style it makes us especially proud, and she has continually built up a growing list of friends and acquaintances which certainly has been of great aid in helping the Ruidoso News to grow, too. A native of Norway, she has found this area very much like her native land. She is a skier, and has been a pilot—and she is a bowler of no mean skill. She has two fine children, a daughter, Mrs. Herb Brunell, Jr., and a son, Harald, now in Albuquerque. We'd like to put in print here what we think of her—we certainly are proud she's part of the News team . . .

Wednesday night, the Municipal Building sign was recovered in the street in front of Top Hat Bar in downtown Ruidoso.

MR. AND MRS. ROBERT WINDHAM

HOUSING DEVELOPMENT—
(Continued from Page 1—Sec. A)

in a second phase, is deliberating a more complete outline of the proposal. He said he has every confidence the F. H. A. will give approval to the financing of it.

"El Dorado" is the name of the development, so stylishly designed and so modern in concept that it will create its own market, Windham said.

Mr. and Mrs. Windham have been visiting in Ruidoso off and on for several weeks working at finalizing the "El Dorado" development. Windham has offices in California and Texas, and also has been working in Phoenix on this project, he said in a long distance call to the Ruidoso News Sunday from the latter community. He is expected back in Ruidoso this week-end for further work on the ground on the development.

A model of the project was displayed at a recent meeting of the village of Ruidoso board of trustees when he gave a summary of his plans. The model is on view now in the lobby of the Pan-O-Rama Motel here. It shows about 80 houses with the two-storied apartment. Windham said that state, regional and national officials of the Federal Housing Administration have been in Ruidoso to study the potential and to make an on-the-site inspection of the property and the potential for "El Dorado." State officers came here from Albuquerque, regional from Ft. Worth headquarters, and national from Washington, D. C. He declared that two years have gone into planning, studying the potential, and acquiring acreage.

In his discussion of the project with the village trustees in June Windham said the project would include 88 FHA insured $30,000 own house homes, each with 3 bedrooms and two baths; and a two-and-a-half story multifamily rental apartment building with 28 two bedroom apartments and 13 one bedroom apartments, plus 14 studio type apartments.

With the apartments there would be a tennis court, children's swimming pool and play area, adults' swimming pool and recreation area, a community owned clubhouse with golf fairways and putting greens.

The village officials received his proposal with favor, minutes of the meeting noted.

MODEL OF EL DORADO—This model of 88 houses and two-storied apartment complex amidst pines of 32 acre tract in northern part of town is on view at Pan-O-Rama Lodge here. Proposed development is estimated to cost from $3½ to $4 million. Construction may begin on first phases in spring of 1967 says sponsor, Robert Windham.

FROM HERE — John Lyon, Ruidosoan, is chief pilot and manager of Aviation Department, Atlantic Richfield Company, with the company's JetStar.

Ruidosoan John Lyon Logs 250,000 Miles In 7 Months as Pilot for Atlantic Richfield

John Lyon has flown over a quarter of a million miles since the first of the year for Atlantic Richfield Co., carrying its top executives to all parts of North America and several countries outside the continent.

As chief pilot of a major integrated oil company, he not only takes the controls of the No. 1 ship of a 10-plane fleet of aircraft, but also serves as manager of aviation in charge of 24 pilots, mechanics and other personnel.

The 42-year-old Lyon, whose home now is Dallas, and who has lived in Ruidoso several years, but who makes his headquarters now in Philadelphia, has flown as many as 4,000 miles in a single day. Recently, he flew from Dallas to Philadelphia, back to Dallas and on to Los Angeles in the sleek Lockheed JetStar which is the pride and joy of Atlantic Richfield—flying time less than 7½ hours. The four-jet plane cruises at a speed of 560 miles an hour, has a 2,000 mile range, carries a crew of three—pilot, co-pilot and flight engineer—and will carry nine passengers.

Lyon is one of the most vociferous advocates of a company fleet of aircraft. "We view our planes as a major tool of business, just as we do ships, tank trucks and other forms of transportation," he said. "Its most important asset is the flexibility and speed with which we can move top executives of the company. With the JetStar, for example, we can cover in one day air travel which might, in some cases, take two or three days on commercial airliners. Our pilots hold airline transport ratings and our standards equal or exceed those of commercial airlines."

The Atlantic Richfield fleet includes the JetStar and a DC-3 based at Philadelphia International Airport; a Falcon (twin jet) and a DC-3 at Dallas Love Field; a DC-3 at Lockheed Terminal, Burbank, Calif.; a DC-3 at Charlotte, N. C. Municipal Airport and a Turboprop Beaver, Twin Cessna and two single engine Cessnas at Calgary Municipal Airport, Alberta, Canada. All of the Canadian aircraft are float or ski-equipped for water or snow landing depending on the season.

The chief pilot estimates these planes will fly nearly 2,500,000 miles during 1966—equal to about 100 times around the world.

Lyon learned to fly during World War II, serving as a fighter pilot in P-40's and as an aircraft and gunnery instructor. After the war and a short stint with Continental Airlines, he went to work as a pilot with Valley Refining and Pipe Line Co., Roswell in 1946. Except for three years in the management of ski slopes and part ownership of ski shops at Ruidoso, he flew for various oil and drilling companies in New Mexico until September, 1965, when Atlantic Richfield purchased the JetStar and employed him as pilot.

He and his wife have been partnershere with the Ed Wimberlys in Sierra Blanca Ski Shop.

Four months ago, he was named chief pilot and manager of aviation of the Richfield company.

Warrior-Grizzly Tilt Friday Blasts Lid Off Grid Season

Ruidoso High School's Class B Warriors and Carrizozo's Class C Grizzlies will blast the lid off the 1966 gridiron season here Friday night this week in an opening game for both squads to start at 8 p.m.

Head Coach Ken Newton named his prospective starters for the Warriors' initial game Wednesday, reporting he would likely call on Rick Scott for the quarterback slot; Elmer Adanandus, halfback; Alfred Pearson, fullback; Allen Baker, flanker back; Tony Sharp, center; Dennis Nosker, Johnny Armstrong, guards; Mark Sloan, Frank Butts, tackles, and Butch Faubion and Tim Leftwich, ends, for the offensive eleven, and on defense, Mike Payne, quarterback; Jack Valliant, line backer; Wade Lane, halfback, Raymond Taylor and Danny Jost, guards, and Neal Williams, flanker back.

Others on the local squad who have been sweating out practice and with hopes to get into the skirmish include Pat Farrar, Dale Perry, Bob Roberts, Tommy Parr, Elliott Kahze, Wilton Howell, Mike Stevenson, Bill Chitwood, Junior Ojier, Steve Long, Alfred Pena, Rick Coy and Mitch Locke.

The locals begin their Class B conference play in District 3 on Sept. 23 with Tularosa's Wildcats here. Last year the season record ended up a sad 1-9, but Newton told the News recently he thought the Warriors stand a very good chance at winning district at least this fall, and the Tribe might even advance further up the ladder.

Coach Bernie Laab's Grizzlies, winners of the State Class C title in 1964, are touted as the team to beat for the title this year. He has 18 lettermen returning, and among those are seven starters. He told the News his starting line-up would likely be: Max Zamora, quarterback; Scott Schaeffer, center; Robert Baker and Albert Gallegos, halfbacks; Toby English and Bill Hightower, guards; Manny Monreal and Eric Lynch, tackles; Tommy Straley and David Vega, ends, and Tom Ortiz, fullback. Mike Petty and Tommy Sidwell will likely work as ends during the game, too, he added.

Others on the squad include Stephen Archueletta, T. Martinez, Tony Ortiz and Jim Locke.

Coach Newton reported the Warriors will spend their evening trying to bottle up fullback Ortiz, a 240-lb. crusher who will likely carry the Grizzlies into the title races. 'Zozo opens District 2C conference competition next week, Sept. 9, against Vaughn at Carrizozo. Coach Laab said they have seven conference matches.

Newton reported the Grizzlies are in step to go into Class B in 1967.

Ruidoso school band, directed by LeRoy Gooch, will provide a halftime show for the first game, he reported this week.

Last Saturday night the Ruidoso Warrior fans were treated to a scrimmage on the local athletic field with three teams participating, Eunice's Cardinals, Jesuit of El Paso and the Warriors each took turns on defense and offense against each other, with the coaches closely watching their charges and explaining how they wanted their players to play, both on offense and defense.

Ruidoso again will field a small, inexperienced team, with the bulk of the players being sophomores and juniors. At one time during the scrimmaging Ruidoso had four sophomores in the backfield running offensive plays.

The Warriors' depth is unusually shallow, with weight being the number one problem.

If Ruidoso can get through a few games without any serious injuries, with the players getting a taste of battle, Coach Newton and his assistants could mold a pretty safty defense.

Saturday night the Warrior forward wall gave the backs plenty of time to get their passes away, unfortunately the ball failed to hit the mark or were broken up on most of the plays.

Although outmanned, both by weight and experience, the Warriors gave up only three TD's, one by the aerial route and two from scrimmage on running plays. Jesuit of El Paso managed two counters against the Warriors, while Eunice scratched once against the locals.

AT SCRIMMAGE—When football squads from Ruidoso, Eunice and Jesuit high school of El Paso met for scrimmaging Saturday night last week here, Coach Ken Newton, at right, reviewed the action in the practice sessions after each 'quarter.' About $150 was grossed from a barbecue staged by Warrior Booster Club so fans would come out to get acquainted with 1966 Tribe members.

Kemp served as president of the Association from 1961 until 1964, at which time Russ Donihoo was elected to serve as president. Serving on the board in 1961-62 were: Dub Phillips, W. A. Thompson, C. D Wooten, J. J. Phillips and Jack Strong. In 1962-63: A. P. Frazzini, Fred Hardy, C. D. Wooten, Jack Strong, J. J. Phillips and C. A Allison. 1963-64: Tommy Rupert, Jake Cascio, F. Cappellucci, F. C Hardy, A. P. Frazzini, Gerald Bloss, J. J. Phillips, Oral Pickard and G. I. Martin. 1964-65: J. J. Phillips, chairman; Charlie Allison, Frank Cappellucci, Jim Curry, Ken Gaston, Wade Johnson, Jack Strong, Clayton Tolliver and C. D. Wooten.

In 1965, the members elected C. D. Wooten, president; Charlie Allison, vice-president, and Bailey Bond, George Cosper, Ken Gaston, J. C. Geary, J. J. Phillips, Clayton Tolliver and Ted Wells to serve on the board. The board members elected Wm. J. Tolliver as manager to serve for the ensuing year.

HORSEMEN'S ASSOCIATION—
(Continued from Page 1—Sec. B)

Unless an owner or trainer declares himself out, he automatically becomes a member of the association when registering a horse onto the track. The income for the association is derived from one percent of the winning purses and the $5.00 pony fee.

Membership in the association protects trainer, owner, trainer's wife and owner's wife for medical and hospitalization up to $500; grooms and exercise boys are protected up to $300.

Early in 1966, the association became incorporated as a non-profit association under the laws of the State of New Mexico, for the purpose of promoting the general welfare and health of persons and animals connected with horse racing in the State of New Mexico and to perform any act which will be beneficial to horse racing in the State, and to expand, contribute, disburse and otherwise handle and dispose of any and all funds and property of the corporation for the accomplishment of the purposes stated above.

The annual meeting for the election of the board of directors is held each year at Sunland Park. This year it will be held on Monday, Oct. 17, at 7:30 p.m.

The directors receive no compensation and give unselfishly of their time and efforts to carry out the purposes for which the organization was formed.

The business is conducted at each of the four tracks from a mobile unit which has headquarters at each track. Mrs. Cecile Greenwood is the secretary-treasurer of the association.

carry 115 pounds.

High Fury was a wire to wire winner in his last outing and will carry 115 pounds and possibly rider D. W. Whited.

All of the other seven in the field for the $3,000 event have won here this summer;

They are Kancity Kid, top-weighted at 120 pounds, with no rider named at entry time; Car Top, 118, John Summerow; Mighty Julian, 115, Grady Overton; Haddie, 116 with returning Dave Morris up; Ranagong, 116 back at his best route with Bill Rock in the irons; Despacho, 117, Larry Byers, and Vantee, 115, J. Eleven In Ruidoso Mile Sunday

Pompicall, already winner of the Governor's Handicap and the C. C. Cooke Memorial here this year, tops an entry list of 11 stakes stars competing Sunday in the premier event for older horses this summer, the $10,000 added Ruidoso Mile.

Pompicall, owned by Hal Bogle of Dexter, and trained by John McCaslin turned in a smashing performance last week in closing strongly to win the Cooke Memorial over 7½ furlongs and will be better suited by the added half a furlong here. The son of Khal Man will carry 118 pounds and regular rider Bill Rock.

Prince Len, a four time winner this summer, will tote high weight of 119 pounds as he seeks his third added money win. The son of New Prince will again be ridden by Don Roberson.

Denver invaders Silken Star and Red Jess are burdened with 117 and 118 respectively and warrant respect. The former, a daughter of Silky Sullivan runs just like papa, unleashing a powerful finish in most of her better races. Red Jess runs the opposite—speed all the way. Lanky Jack Arterburn will be in to ride Silken Star with Dave Morris picking up the mount on Red Jess.

Others set are Quality Belle, 114, Lou Meaux; Bell-Call, 111, Grady Overton; Kancity Kid, 112, D. W. Whited; Bay Ruler, 115, Larry Byers; My Charge, 117, Bruce Brinkley; Ruidoso Downs Derby runner-up Nepanta, 110, Boyd Morris with Royal Actor, 109 on the also eligible list.

All-American Futurity is 'Big Daddy' of All Quarter Horse Races

Seven editions of the All-American Quarter Horse Futurity have gone by the board with the eighth slated for decision Labor Day, Sept. 5.

The brainchild and pet project of master "promoter" Gene Hensley, the All-American Futurity can lay claim to being the savior of quarter horse racing

With the All-American to lead the way other tracks picked up the gauntlet and today quarter horse jackpots all over the country are popping up with the Ruidoso Downs classic the big daddy of them all.

As the All-American climbs in value each year to where it is now the world's richest horse race, quarter horse owners and breeders have something to shoot at

Today it pays to breed and race a well bred quarter horse because big money can be won. In the past the money was not there and the majority of owners and breeders raced their stock purely for the sport.

The establishment of the All-American by Hensley has put the quarter horse industry on a level with their thoroughbred elders.

Back in 1959 with Hensley and his staff wielding the big clubs, work began in earnest on the first All-American.

The total pot at stake was slightly under what was expected when the gross value reached $129,686 and again the following year when "only" $130,244 was gathered for the second running.

But Hugh Huntley, who was to go on and win two more editions of the great classic, was not the slightest bit disappointed when his Galobar scooted home on the front end to collect $64,843 for his 400-yard sprint.

In 1960 a pair of Coloradoans, C. G. and M. Whitcomb, gleefully carted $65,122 to their bank after favored Tonto Bars Hank bolted home first under Curt Perrier as Three Deep and Dale Robertson's Rebel Cause had to settle for the minor awards.

Much hard work and promotion went into the 1961 running of the race and all were well rewarded as the All-American, now beginning to make horsemen throughout the world sit up and take notice, grossed a bulging $202,423. This was already an all time quarter horse record and more was still to come.

Huntley, a short, smiling Californian, was on hand for the 1961 race as his brilliant Pokey Bar, ridden by the now retired Ken Chapman, walloped a good field to take first money of $101,213. Both the gross purse and the first money were new all time marks.

Pokey Bar not only provided Huntley and trainer Newt Keck with their second All-American wins, but the brilliant two-year-old ran the 400 yards in 20.1, a race mark that still stands today.

Hustling Man, owned by Texan J. B. Ferguson, was the 1962 victor as a new record in money was set. The winner scurried home in 20.3 with Clifton Detiege in the boot. Ferguson padded his bank account a further $96,425 from the overall gross of $222,850—the latter figure another record.

Huntley, now known as the Futurity Hunter, came up with another brilliant filly in 1963 named Goetta.

Sent off as the favorite, Goetta was hustled to a victory by lanky Charles Smith as Mr. Tinky Bar and Tiny Watch trailed. Goetta made the 400 yard scamper in 20.3. The race now was worth a record shattering $285,000 of which Huntley stuffed a check for $127,500 into his ample wallet.

Many people felt this must be the peak for the All-American.

Only two thoroughbred races rivaled the $285,000 grossed. They were the combined Arlington Washington Futurity and the testing mile and a sixteenth Garden Park Stakes.

But Hensley was not a man to be satisfied with being a rival to anyone.

He wanted to obliterate any record the All-American didn't own.

In 1964 a bulging grandstand witnessed the first quarter horse race to top the $300,000 mark when the All-American grossed an eye catching $302,-860.

The brilliant filly Decketta broke on top and was never headed in providing owner Wilbur Wilson with first money of $134,030 for the victory. Boyd Morris was the lucky rider as the pair traveled the 400 yards in 20.3.

In 1965 the All-American became THE race.

No longer did it trail the Arlington-Washington Futurity or the Garden Park fixture.

The All-American was number one.

Number one in the world!

Thoroughbred fanciers now sat bolt upright and took notice.

They could not envision a quarter horse track in such a remote region of the country as Ruidoso Downs, N. M. putting on such a rich event.

But that Ruidoso Downs date mark was going to be read and seen by millions.

Why?

Because the 1965 All-American Futurity grossed an unbelievable $419,460 as 12 of the most brilliant quarter horses entered the starting gate down the 'chute and the rainbow arching 400 yards to the pot of gold awaiting the fastest.

The pot of gold last Labor Day was $192,730.

Nothing like it had been seen before.

There wasn't a challenger left at the top.

The All-American now was supreme.

And the winner would easily be the all time record money winner in the quarter horse ranks.

For the world's richest race the weatherman was not at his cooperative best. It was raining and overcast and heavy rains had made the track sloppy.

But this was right to Savannah Jr.'s liking.

The greying son of Everett Jr., owned by a father and son team of Oklahomans, J. R. and R. E. Cates, led every step of the way under lean Jack Wallace's handling and took home the pot of gold. Art's Model, now deceased, and Rapid Volley were next across the line but the glory belonged to Savannah Jr.

He had won the world's richest race.

For one thing it insured the Everett Jr. colt of a chance at stud. It also placed him at the top of the heap, made his owners successful breeders and provided trainer Ted Wells, Jr. with his first All-American success.

In seven short years the All-American grew more than $290,000 in value.

The 1966 edition of course will set two new records. The overall purse will be a new record while the winner will collect more than any other winner has ever won any place, anywhere.

But that's the All-American.

The world's richest horse race.

WINTER INTERLUDE—The News camera caught this wintertime scene on the Rio Ruidoso shortly after a snowfall. Ruidoso experiences several beautiful snows each winter that leave the evergreens loaded with big pillows of snow. Tiny pines will sport a blob of snow atop their uppermost branches that resembles a giant scoop of ice cream. While there is sledding and the building of snowmen and snow forts in town, there is the king of mountain sports on the slopes of Sierra Blanca Ski and Recreation Area, one of the Southwest's most popular ski spots operated by the Mescalero Apache Indian Tribe 16 miles northwest of here in the Lincoln National Forest. The Sierra Blanca attracts skiers from many states and its season lasts from Thanksgiving to Easter.

HORSEMEN PLEASED WITH BIGGER PURSES AT STATE FAIR RACES

By CECILE GREENWOOD

Members of the New Mexico Horsemens Association expressed pleasure this week in the increased purse to be offered this year at the New Mexico State Fair (Sept. 15-25). Ken Gaston, of Roswell, a director of the 2000-member organization which represents the owners and trainers of race horses in the State deemed it a step forward in New Mexico Racing, and expressed the hope that the increased size of the purse would ". . . help make this the most successful state fair in the history of the State."

The Horsemen's organizations had been at odds with the State Fair Board over size of purses offered at the State Fair Race Meet. The Association had pressed its claim that the purses were not only below the national average, but were the lowest percent of handle offered in New Mexico. The horsemen pointed out that the short duration of the meet made their entries very expensive.

According to the horsemen, their investment in racing stock and equipment make them the largest investor group at the Fair; and they have not received a fair slice of the handle in the past. Said spokesman Gaston, "our financial contributions total more than those of all other fair concessions combined." Wm. J. Tolliver, Manager of the organization said today: "We have made a lot of progress, but there is still room for improvement. We are going to be working harder for increased purses for the people we represent, the New Mexico Horsemen."

Both men expressed disappointment in State Fair Board member, Mrs. Fern Sawyer Dunn's statement to the Albuquerque Journal that the Directors did not speak for the reputable owners of horses in the state.

Said director Gaston ". . . that is like saying the representatives in our government do not represent the people. Our present board was elected by all owners and trainers actively engaged in racing in 1965. At our meetings with the State Fair Board, both the New Mexico Horsemen's and New Mexico Breeder's Associations have been represented. If this does not constitute true representation, then who," asked Gaston, "would be qualified to represent the horsemen of New Mexico?"

Ken Gaston, widely known owner, trainer and breeder of race horses in the State is on the board of directors of both associations. He has successfully raced thoroughbreds at major race courses in the United States. Other members on the board of NMHA are: President C. D. Wooten, Vice-President Charlie Allison; Bailey Bond, George Cosper, J. C. Geary, H. M. Gray, Jr., J. J. Phillips, Clayton Tolliver and Ted Wells, Jr. They receive no compensation and give unselfishly of their time and efforts to carry out the purposes for which the organization was formed—"To promote the general welfare and health of persons and animals connected with horse racing in the State of New Mexico and to perform any act which will be beneficial to horse racing in the State of New Mexico."

Manager Wm. J. Tolliver of El Paso is the son of Clayton Tolliver, well known Texas and New Mexico rancher and horseman.

Members of the NW State Fair Commission are G. T. Hennessee, Albuquerque; Rex White, Los Alamos; Karl K. Butt, Clayton; Fern Sawyer Dunn, Nogal; T. D. Neal, Eagle Nest; P. D. Torres, Deming; James B. Barber, Grants, and Finlay MacGillivray, manager.

Down At The DOWNS

By ALAN LAYTHORPE

Of the 73 horses that competed in Saturday's All-American Futurity Trials sons and daughters of Top Deck were by far the dominating factor.

A total of 13 were offspring of Top Deck, a thoroughbred son of Equestrian. The big gun of course was the flashy filly Top Ladybug. Others were Femme Fatale, Upper Deck, Golden Deck, Top Show, El Producto, Lower Deck, Barbara 3, Mr. Deck Moore, Miss Topetta, Stepping Star and Thunder Deck.

In the past Top Deck has sired two winners of the All-American—Hustling Man in 1962 and Deckette in 1964.

The great Go Man Go, a son of Top Deck, ranks second to his daddy with seven representatives in the trials while immortal Three Bars is third with five. Then comes Moon Deck, yet another son of Top Deck, with four.

Three Bars holds the record for siring the most All-American wins with his sons, Galobar, Tonto Bars Hank and Pokey Bar winning the first three runs down the 400-yard straightaway.

In fact Three Bars and Top Deck kin had the race to themselves until Savannah Jr. rolled home last year and provided sire Everett Jr. with a claim to fame.

Go Man Go representatives that competed in the trials were Off Limits, Rockette Bar Go, Go Always, Go Coon Go and Shanghai Pierce.

Three Bars, still producing class runners though 26 years old now, was represented by Three Cookies, Pool Bar, Three Charges, Old Felix and Laurita Bar.

Davis Developments

DAVIS DEVELOPMENTS, the firm that developed PONDEROSA HEIGHTS (in five units), COUNTRY CLUB ESTATES, PINECLIFF (residential and commercial), and TOWN & COUNTRY NORTH, with combined sales of over 1800 building sites in these four beautiful subdivisions, now announces with great pleasure a new and exciting area development in partnership with Charles R. Rumbaugh.

LINCOLN HILLS COUNTRY CLUB and BUILDING SITES, located approximately 3 miles east of the Alto intersection and situated on the most beautiful mesa and rolling woodlands in any mountainous region. LINCOLN HILLS will offer an excellent 18-hole golf course with magnificent fairway building sites and many other equally beautiful building sites within a short distance of the golf course. A limited number of condominium and lodge locations will also be available. Lloyd Davis, Sr. and Lloyd Davis, Jr. of Davis Developments and Charles Rumbaugh of Charles Rumbaugh Real Estate, principals in LINCOLN HILLS, both through their respective reputations and by a clause in the sales contract and Warranty Deed that the front nine holes of the golf course and the club house will be completed within 18 months of this date and that the back nine holes will be completed within 36 months of this date (both with a 60 day inclement weather clause); and further guarantee that the water lines for a domestic water supply and the water will be completed based on the same schedule. LINCOLN HILLS COUNTRY CLUB, the golf course lay-out and the beautiful building sites must be inspected — you will be amazed by the vistas of the Sierra Blanca, Jicarilla and the Capitan Mountain Ranges all from this enchanted mesa which afford a full circle of grandeur. May we suggest, strongly, that you take the opportunity soon to treat yourself to a tour of LINCOLN HILLS COUNTRY CLUB. A call at our office will ensure you of a glimpse of the greatest single real estate value currently available in the Ruidoso vacation area.

Davis Developments in their previous four subdivisions have constructed over 35 miles of water lines and roads at a cost of over one half million dollars and we were the first in developers in Ruidoso to offer the lot buyer a public water supply with the cost of the lot. Charles Rumbaugh developed Sun Valley subdivision located north of Alto which contained over 200 building sites and also guaranteed and delivered water to the lots. Mr. Rumbaugh built the very successful High Country Lodge at Alto and is completing his second year of operation there.

As a bonus this is all located in "RUIDOSO, YOUR RESORT CAPITAL". Where else can you find the tall beautiful pines; a babbling mountain stream; Ruidoso Downs, an excellent race track with the richest horse race in the WORLD, the $500,000.00 All-American Futurity; Sierra Blanca Ski Area; a major ski area with fabulous snow conditions and miles of challenging trails; and marvelous golf courses; all with scenic grandeur unexcelled anywhere? Why . . . only in Ruidoso . . . OF COURSE!!!!!

On all Davis Developments properties, we attempt to establish terms to suit the individual buyer

Bonito Water

by LOUISE COE RUNNELS

About seven inches of rain fell on the Bonito Country last week and Bonito Dam is running over the spillway.

There's lots of fruit in the valley – all the old fruit trees are loaded.

Bryan and Jeanette Cozier and Nina and Hugh Truitt had an enjoyable trip last week. They went to Lincoln town and had lunch with Pearl Boderback at Wortley Hotel – then went on down the valley to Hondo and visited Bert Pfingsten at his apple shed. Bert showed them all through the shed which was a real treat. On up the Ruidoso Valley they enjoyed their visit at Glencoe where they saw beautify pears at Mayme Perry's and Gladys Nosker's orchards.

Mr and Mrs. Harvey Talley have a new grandson, Henry Orville, born to Mr. and Mrs. Billy Talley.

Irvin Crockett from his ranch north of Carrizozo was on the Bonito last week. He brought a young boy along who is visiting him from California. Irvin stopped for a visit with the Runnels families.

Desperado Kid, John Philipot was on the Bonito doing assessment work for C. E. Degner last week and this week he and John Rush are at work in Kraut Canyon on mines.

Last week Mrs. Fred Sweet from Alamogordo and children and friend, Mrs. Maurizet and children, drove over to the Wilson ranch at Ancho and back to Bonito City on their way to Alamogordo. Mrs. Maurizet, husband and children are from France and will soon return. Mr. Maurizet has been at Holloman AFB on a Swiss project.

Friends and relatives of Mrs. Fred Sweet will be glad to know "Rosie" has been going to school the last couple of years and is now going to be employed by the Hayes Co. that is moving to Alamogordo. She leaves this week for Nashville, Tenn. for training to become a supervisor.

While we were having rain and work slowed down, John Emde from Ruidoso spent some time fishing at Bonito Dam.

Mr and Mrs. Bob Williams from their Eagle Creek home were on the Bonito for a visit last week.

A couple of Jacks—Jack Shaw and Jack Aldrich from Capitan were on the Bonito for a drive last week and to fish a little.

Jim Sands, biologist, from the Fish and Game Department, and Charlie Cockerell, Fish and Game Conservation Officer, had a cup of coffee and business chat at Bonito City last week. Jim Sands is doing research on grouse in this area.

Our new school bus driver for Alto and Bonito route this year is Kenneth Ramey. Trankie Silva, Bud Darling and Kenneth were here last week going over the route to help Kenneth get acquainted.

It was good to have an old-timer and wife, Mr and Mrs Fred Tully from El Paso, stop by Bonito City last week and hope they will be back soon. Fred has some old pictures of the old Alto schoolhouse and other places near, that are valuable—also a lot of good stories. Fred is the brother to Jim and Gerald Tully at Glencoe.

Mike Voss, Laurie Voss, Kathy Milburn and Lori Milburn were here from Carrizozo to get Dusty Voss Friday. It was Dusty's last day working for the Forest Service. He is leaving for college in Oklahoma soon. Mike Voss plans to return to N. M. State University.

Bob Shook is on the Bonito to stay a while. He has been in Albuquerque the past two years. He is husky, healthy and has new ideas.

Mr and Mrs Puss Plumber from Odessa are spending a few days at the Bonito Osos Cabin and Monday made a pleasure trip to Alamogordo.

Mr and Mrs Ben Dalton and children from Capitan fished at Bonito Dam Sunday evening after joining the crowd at the Woman's Club picnic at the Woman's Club Park in Capitan. It was a real fine dinner with many bringing food and joining in games and meeting teachers and parents, and I might add Shirley and Sid Goodloe had tomatoes to slice—nice tomatoes—good tomatoes, and too, Sid did a good job as announcer. Hats off to that young family—the Goodloes.

Mr and Mrs Fred Whitley from Capitan were on the Bonito last week to get peaches.

Lawson Watson from Cedar Creek was a visitor here Saturday.

Mrs. Miles Williams, Sr. and daughter, Joan Husky from Albuquerque, were here a short time Sunday evening to se eour antiques and did buy some "Snuff Bottles".

A Carrizoso teacher, Phil Scanlin and children who came to Carrizoso from El Paso were by Sunday evening to see our antiques the Nogal Hill and got initiated to our roads and scenery but loved his trip. Mrs. Scanlin missed the beautiful drive, but their four children, David, 7; Patricia, 5; Robert, 3, and Lorena, 1½ were along.

Tom Kemp from Capitan fished at Bonito Dam Sunday evening.

Lulu Runnels, Mary Lou Runnels and Louise Coe Runnels enjoyed the Woman's Club picnic at Capitan Sunday at the Woman's Club Park near the old Peter's Store.

It's sweeping the country—the new idea in carpeting for use indoor or outdoor — by Ozite. Just think of the many ways you can use it. You'll be amazed at the low cost, too. Gambles.
