Need for Doctor Stressed by CC

In a 3½-hour meeting Monday night at Navajo Lodge, Ruidoso Valley Chamber of Commerce board of directors put the need for another doctor here in top priority among several topics on the agenda. Dr. James Beall, president, told the board he had conferred with local physicians and learned from them they would welcome another doctor in the community. "They are definitely overworked, and we must try to help secure another man," he said. Four prospects were mentioned as possibly interested in moving to Ruidoso, two from out of state, it was disclosed in the discussion.

Also talked was the need for ambulance service here which may be discontinued March 1, according to an announcement from the present operators of the emergency facility, printed elsewhere in today's News.

A 15-minute color motion picture with narration on Alamogordo's potential, and in which Ruidoso's ski area and the Ruidoso Downs race track are featured as among recreational attractions of the area, was shown as part of the evening's program by the producers, Bill Gross and Bob Haliferty, who suggested Ruidoso might like to have a similar film made for publicity use on TV, at sports meetings and to invite conventions here. The board tabled the matter after hearing the two men's proposal.

Date for the chamber's annual banquet has been set for May 12, place and hour to be announced later. Charles Findley is chairman for the annual fete.

T. C. Delaney and Max McCoy were named on a committee to work with the Rotarians, Lions and the village of Ruidoso on a proposed new entrance sign on U. S. Highway 70 at the Y.

C. of C. Manager Don Stark reported he had discussed the prospects of Ruidoso-Hondo Valley General Hospital being approved for medicare service, and that two board members told him surveys and inspections are being made toward this end.

The board voted to provide Manager Stark with $50 a month expense money for the next three months to aid in subsidizing his travel expenses on behalf of chamber business.

The board also voted to join the Lincoln County Farm and Livestock Bureau.

Mrs. Hattie Lacy of Capitan Selected For Teacher Hall of Fame

By DIXIE SPARKS
(Ruidoso News Staff Writer)

On Feb. 10 Mrs. Rosemary Wildman, Eunice, of the Southeastern N. M. Education Association notified Mrs. Hattie Lacy of Capitan that she had been selected among the educators in the Southern District Hall of Fame. Mrs. Lacy will receive her award at the SENMEA convention's afternoon session in Roswell March 17.

Schools in the Southeastern district, of which the Capitan school system is a member, recommends their teachers for the S. E. district Hall of Fame. Among the six selected was Mrs. Lacy, formerly of the Capitan school system.

Mrs. Hattie Lacy received her teacher's degree from Sul Ross Teachers College, Alpino, Tex. in 1950. In the same year Mrs. Lacy became a member of the Kappa Delta Pi, an honor society in education. Mrs. Lacy had special training in remedial work throughout her training periods.

She began teaching in New Mexico in 1950, which included the schools in the Capitan school system. She was known for her work with the Indian school children at the Ft. Stanton TB hospital. Also she attended the graduation exercises of most of her elementary students. She was chosen as second place teacher of the year for the state of New Mexico in 1959. In the same year the graduating class of the Capitan High School chose her as the teacher to be honored in their year book. For the teacher of the year for state she was sponsored by the Capitan's Woman's Club.

During her teaching years at Ft. Stanton TB hospital during which she taught 12 straight years of 11 months per year, the former Executive Director, Kirby Monroe of the New Mexico Tuberculosis Association declared that "as she had more experience than anyone in the state of New Mexico in teaching tubercular children," could he have her assistance in preparing his lecture for the teachers' workshop on Education of the Exceptional Child, held at New Mexico Western College, Silver City in 1961. She said at the time she was honored to comply.

MRS. HATTIE LACY

Mrs. Hattie Lacy was retired in her 36th year of a most unique teaching career, when Ft. Stanton TB hospital was moved to Ft. Bayard. Her retirement was effective in May 1966.

One of the six selected teachers in the SENMEA district will be selected to the State of New Mexico Teachers Hall of Fame in the near future. Mrs. Hattie Lacy and Lewis Cummins are the only teachers of the Capitan school system to be selected to the S. E. district teachers Hall of Fame.

SNOWSTORM BRINGS NEEDED MOISTURE

A snowstorm that lasted almost 36 hours starting late Sunday night and running into the early hours of Tuesday brought some much needed moisture to the Sierra Blanca mountain range and foothills, freshened the ski slopes in White Mountain Park and alleviated a growing fire danger in this part of the Lincoln National Forest.

The snow measured almost six inches in depth in the Glencoe area, the News was told; measured up to 8 inches deep in the Ruidoso Downs community, and from 8 to 12 inches deep in Palmer Gateway to the western village limits on Sudderth Drive.

The ski area received from 12 to 15 inches to put the trails in good to excellent condition, an official of Sierra Blanca Ski Resort said. The gondola, Lincoln and beginners' lifts were in operation during the week, and chains were not needed to drive into the area.

A warm sun Tuesday and Wednesday melted a great amount of the snowfall in the Ruidoso vicinity. School was dismissed for a day Tuesday here because of hazardous driving conditions for buses and other traffic shortly after dawn. State Policeman Bob Miller said only one minor wreck occurred on U. S. Highway 70 during the night Monday—that traffic moved generally without much problem.

Moisture in the northern part of the county was very light, disappointing to ranchers of the region, the News was told.

Winding up Heart Fund month are several activities this weekend. First will be the Heart Fund Dance, Saturday night at the Chaparral Convention Center. The program will open with a dinner, served at 7 p.m. This is included in the price of the tickets to the dance. Then the royalty which is determined by the amount of votes each received, will be crowned at 8. There will be a King and Queen of Hearts, a Prince and Princess and a Jack and Jill. The King and Queen are from the adults, the Prince and Princess from the High School and the Jack and Jill from the grade schools here. The dance will start at 9, with music by Tiny Lynn and his band. This group is from Clovis. "This is a good chance to have a good time and at the same time contribute to the Heart Fund and help people who really need help," one of the sponsors said.

Heart Sunday is Feb. 26. "On that day the volunteers of Ruidoso will be knocking on your door for your contribution to the Heart Fund," the sponsor said. The chairmen for volunteers this year are Mrs. Earl Allison and Mrs. Harry Eckert. Lots of volunteers are needed and any assistance you can give will be appreciated, they reported.

"If you haven't sent in your mailer yet, please do so now as the time is growing short," is the message from the Heart Fund Chairman for Ruidoso, Mrs. Van White.

Gas Tax Bill Would Increase Ruidoso, Capitan Receipts

Ruidoso would receive approximately $24,900 annually and Capitan an estimated $4,640 as its distribution of gasoline taxes if SB-166 becomes law, according to Gail Harris of Roswell, president, New Mexico Municipal League.

This compares to actual collections of $19,519 in 1965, an increase of $5,381, for Ruidoso, and $3,266, or an increase of $1,374 for Capitan at the same overall tax rate. The significant increase in revenue may be used for any municipal purpose, under terms of the bill, Harris said.

Harris noted that SB-166 was amended in the Senate Finance Committee last week to permit counties to share in the revenue, thus removing many objections from rural residents that—as the bill originally drafted—they would be paying an increased gasoline tax without receiving any benefits in return.

The amended bill does four things, the Municipal League president said: (1) It changes the state tax rate on gasoline and special fuels (diesel and LP gas) from six to seven cents a gallon; (2) It eliminates local fuel taxes which, petroleum spokesmen say, contribute to tax evasion, poor administration and market turmoil, thus gaining support of the New Mexico Petroleum Industries Committee and Petroleum Marketers Association; (3) It requires the state to redistribute the revenue from nine tenths of the seventh penny tax to New Mexico's 90 incorporated municipalities; and (4) It requires the state, similarly, to redistribute the revenue from the remaining one tenth of the seventh penny to New Mexico's 32 counties.

Harris said the revised bill was fair to both city and county residents because counties now receive four to five times as much motor vehicle registration fee revenues as do cities.

There's A Good Feeling . . .

Four lawmen, each representing a branch of law enforcement in this area -- from the Ruidoso and Ruidoso Downs village police departments, the State Police and the Lincoln County Sheriff's office, were picked to be honored with plaques citing their contribution to law and order by American Legion in a joint supper meeting with the Legion Auxiliary here Thursday night last week. The men have earned the recognition, and it speaks well for the public that they were. To us, it means the public, as well as the Legionnaries, appreciate the fine work they are doing and that there's a good feeling hereabouts for our lawmen. They are held in esteem and respect.

LETTERS TO THE EDITOR

University of New Mexico
El Paso, Texas
February 17, 1967

Mr. James L. Hine,
Clerk-Manager
Village of Ruidoso
Ruidoso, New Mexico

Dear Mr. Hine:

Your letter of February 14th, regarding the expansion of the sewage system, in Ruidoso, received and noted.

We are interested, in this or any other project, which will be of benefit, to the community. We have noticed, the great amount, of rubbish, such as beer cans, bottles, paper and other trash, which is thrown, in the Ruidoso and other streams.

We would like the following questions, answered, which we think will or should be of interest, to the people, who will pay the cost, of the proposed project.

First, the main object, in this expansion, according to your letter, is to stop the pollution, of our water supply. In order, to do this, everyone must discontinue the use of septic tanks. Now, we know that our water comes from the Ruidoso river, which is put, into the city mains, comes from above all septic tanks, so we do not have a pollution problem there. Our next source, is from the water shed, above and around the new lake.

Our question is, will all the people, in that area, come under the same law and requirement, which you say we will be under. Will the sewage lines, extend to the new development areas, which are going in, around Ruidoso. If these areas, are not required to stop the usage, of septic tanks, which are on the head-waters of our supply it would seem, that the entire project, would be doomed, as most of the pollution, actually comes from these areas.

To place these requirements, on the property owners, of Ruidoso and leave the tourist courts, stores, service stations, homes and cabins, which abound the head-waters of our water supply, to continue the use of septic tanks, would be discriminating and you know, in this age of our Great Society, we cannot have discrimination.

Thanking you for a reply, to our above, we remain.

Very Truly Yours,
/s/ Ralph Ashlock

Ruidoso Ranger District Works Hard To Plan For Millions of Visitors To Lincoln National Forest

By MARC VALEN
(Ruidoso News Staff Writer)

Recreation is the primary business in Ruidoso. The Ruidoso Ranger District of the Lincoln National Forest provides recreation for campers, picnickers, fishermen, hunters, skiers, hikers, etc. Visitors to this area spend over $15 million dollars a year, according to a survey by the New Mexico State University which is certainly a conservative figure. The Ruidoso Ranger District comprises 177,500 acres. Every year more of this area is developed for use by tourists.

One of the finest campgrounds in the country has been built on the South Fork of the Bonito. The expenditure on this campground is about $100,000. The road leading into the area cost $350,000.

The Bonito Lake area is now attracting many vacationers and tourists to the area. While here they enjoy the use of other facilities in the community such as restaurants, grocery stores, motels and filling stations. The tourists who come for other recreation, such as racing at Ruidoso Downs, can now enjoy the Forest Service's expanded facilities as well.

Picnic areas such as Oak Grove on the way to the Sierra Blanca Ski Area provide a place to picnic and enjoy the coolness of the high pines. Sometime in the future the mesa above the Ruidoso post office will be developed for recreation, a proposal that is still in the planning stage. A nature trail for hikers leading to the area is contemplated.

Each year more hunters find the Ruidoso Ranger District more attractive. The Forest Service's management of range resources makes possible the abundance of wildlife.

The Ruidoso Ranger District also provides employment for local residents. In addition to an annual payroll of well over $100,000, there is $50,000 a year budgeted for recreation, maintenance and construction. Many local people are employed on these projects.

The beautiful new ranger station recently put in use is certainly an asset to the community. The ample information center will help to guide tourists to all the "best" spots and help make their vacation a memorable one.

Three Groups Set Meetings This Week-End

Three groups are holding meetings here this week-end at the Chaparral Motor Hotel.

Friday, Saturday and Sunday will see about 75 people attending the regional New Mexico Dental conference.

On Friday and Saturday the New Mexico Association of College Students will convene here. An estimated 80 young people and counsellors will be on hand.

Saturday the New Mexico Chinchilla Association will hold a conference here with 100 people expected to attend.

Carrizo Lodge will host a group of 50 on March 3-4, from the White Sands Missile Range officers club.

About 25 ranchers and Forest Service personnel will be holding an annual dinner Friday night at the Holiday House.

Lincoln County Development Assn. Is Name Picked

In a meeting of community representatives last mid-week in Capitan, the Lincoln County Development Association was the name picked for the proposed county-wide chamber of commerce type organization. Community committee chairmen named included Valton Hall, Capitan; Butch Carnell, Corona; Jack Higgins, who served as the organizational chairman, from the Hondo Valley; Tommy Perteet, Ruidoso; Alton Gray, Ruidoso Downs; Lloyd Kirkpatrick, White Oaks-Ancho; W. G. (Bill) Shrecengost, Lincoln, and Carrizozo's post to be filled later.

Permanent officers named included Vernon Petty, president, Carrizozo; Don Stark, Ruidoso, vice-president, and Ralph Dunlap, Carrizozo, secretary-treasurer.

The group discussed the formation of committees as follows: membership, hunting and fishing, roads, agriculture, industry, publicity, budget, tourism and art. The executive committee was proposed to be composed of the officers and community chairmen.

One of the pieces of business handled was endorsement of the first annual Southwest Art Symposium scheduled here during the Easter holidays in late March.

Schools Receive $14,369 In Aid

The Ruidoso Municipal Schools have received $14,369 from the federal government under PL 874, George White, Superintendent, stated this was more than had been expected at a special meeting of the Ruidoso School Board Wednesday evening this week. The meeting was to have been held Monday but was postponed until Wednesday because of lack of the three member quorum required.

The board agreed for White to go to a joint meeting of The New Mexico School Board Association and the New Mexico School Administrators Association to be held in Albuquerque March 17-18. It also agreed for Mrs. Gerald Tully to go to the National School Board Meeting in Portland, Ore., April 22, 23 and 24 as a representative from Ruidoso.

The board ended the evening's work by going into a closed executive session to discuss personnel in preparation for issuing contracts for the next term.

Letters have been mailed to a large number of college and university art departments, to members of art associations, and others who might be interested, inviting participation in the programs to be set up as well as in having exhibits here. Considerable interest has been expressed in replies already received, it was reported.

Dates for the affair are March 23-24-25-26 and it will be held in the Chaparral Convention Center.

AMBULANCE SERVICE—

(Continued from Page 1—Sec. A)

the loss is too great to bear for a strictly non-profit public convenience.

Lucas pointed out that ambulance operators in other areas were suffering from the same deficits, and that funeral homes in New Mexico and adjacent states, were for the most part, discontinuing this service.

In a statement released to the Ruidoso News this week, Lucas mentioned that a temporary contractual agreement had been entered into between his firm and Albert Jay, to operate Chapel of Roses equipment until March in the hopes that a more permanent arrangement could be worked out for Jay by and on behalf of village or county governments by that time. As of this date, no such arrangement has been worked out, so it looks like Ruidoso and this area may be without ambulance service on March 1, Lucas concluded.

Warriors Drop Final Game

Ruidoso High School Warriors dropped the final game of their regular scheduled season away from home Saturday night, losing to Dexter's Demons by a narrow squeak, 62-61.

The two teams were neck and neck throughout the first half with 12 points each at the end of the first quarter and 18 each at half-time. Ruidoso went out front in the third quarter, but Dexter overtook the local quintet in the final frame to win.

Tommy Surface tallied 24 points and Kenny Conklin 15 with Sosa putting 11 on the scorebook for the Demons. For the Warriors, Tommy Valliant and Allen Baker scored in the double figures.

First game for the Warriors in the District 5-B tourney this week-end at Artesia is scheduled for 8:00 p.m. Thursday against the winner of the Cloudcroft - Lake Arthur match that was to be played at 11 a.m. Thursday. If Ruidoso wins, the Warriors will then at 8 p.m. Friday take on the winner of the Hagerman - Carrizozo match which was slated for Thursday afternoon. Top - seeded Ruidoso drew a bye in the opening bracket Thursday morning.

Capitan is scheduled to play Dexter 9:30 a.m. Thursday morning in the opening match of the tournament. Hondo has a bye early Thursday, then plays Eunice at 2 p.m.

'Zozo Splits Hondo, Capitan Cage Battles

Carrizozo Grizzlies' varsity basketball team split games last week-end, dropping a 59-55 battle to Hondo's Eagles and winning over Capitan's Tigers, 78-75.

Friday night on their home court, Carrizozo could not hold on to a hefty 28-21 lead established by half-time. The Eagles cut that to 38-45 in the third quarter. The Eagles came from behind with a surge in the final quarter to score 21 points to overtake the Grizzlies. Top scorers for 'Zozo were Tommy Ortiz with 15, Toby English with 14 and Mike Petty with 10, and for the victors, Irvin Brady with a hot 23 and Gilbert Montes with 18.

In the B game, Carrizozo won, 56-39 with Elberto Guiterrez making 17 for Hondo and Ben Stuteville scoring 19 for Carrizozo.

Saturday night at Capitan the Grizzlies led all the way to beat the Tigers 78-75. Scoring in the double figures were Irvin Aldaz with 25, Dee Chesser with 14 and Eddie Torres with 12 for Capitan, and Tommy Ortiz with 23, G. Lucero and Max Zamora 11 each and David Vega and Eddie Luna 10 each.

In the B game Capitan smothered the Carrizozo junior squad, 82-67 with Irvin Aldaz poking 24 in the basket followed by Eddie Torres with 16 and David Torres with 14 for Capitan, and Stuteville of Carrizozo being tops with 23 for the Grizzlies.

In those cases where the lines are not described as being placed in streets or alleys, the lines shall be placed in public easements or rights-of-way which have been or are being in the process of being obtained and which are located in or along the property described. The plats should be consulted in order to further determine the location of the lines.

Except as shown on the plans on file in the office of the Village Clerk, such improvements shall more particularly consist of and include the following: The sewer improvements shall include excavation, trenching, pipelaying, and backfilling; removal and replacement of any paving and other obstacles; collection lines being vitrified clay pipe, being 8 inch or 10 inch in diameter, depending upon the particular engineering needs; tees for service lines to be located downstream at the low point of the property; wyes; manholes to be installed as required and to be constructed of clay brick, or reinforced precast concrete, and the manhole floor to be concrete; all more particularly as shown on the map, plans and specifications on file in the office of the Village Clerk. It is expected that the lines will be located in the specified streets, alleys, rights-of-way and easements in the approximate location shown on the plats, but the exact location may vary according to engineering necessities.

The estimated total cost of said improvements, including engineering, legal and incidental expenses is $586,333.80 of which it is estimated that $170,500.00 will be defrayed from sources other than special assessments, and $415,833.80 will be assessed against each tract or parcel of land in the assessment area (i. e., against each tract or parcel of land abutting that portion of the streets, alleys, rights-of-way or easements in which of through which the sewers shall be installed, or located within 25 feet of such portion of said streets, alleys, rights-of-way or easements), on an area or square foot basis (i. e., each tract or parcel to be assessed a portion of the aggregate dollar amount to be assessed in the entire District, in the proportion that the area of said tract or parcel bears to the area of all assessable tracts or parcels in the District); provided, further, that an equitable adjustment will be made for any irregular lots or lands and for any tract or parcel not specially benefitted by any improvement, so that the assessments according to benefits are equal and uniform. In all cases, the assessment shall be in accordance with special benefit.

All persons interested are hereby advised that the preliminary plans, showing each type of sanitary sewer, the type of material and approximate diameter of all trunk lines, collection lines, mains and laterals, an assessment plat showing the area and an addendum to the assessment plat showing a description of the property to be assessed and the maximum benefits estimated to be assessed against each tract or parcel of land in the assessment area, said estimate of benefits being computed on the aforesaid basis and a preliminary estimate of the total cost of each type of construction theretofore and hereinabove designated, said estimate being made in a lump sum and by unit prices including therein, without limiting the generality of the foregoing, the advertising, appraising, engineering, printing and such other expenses as in the judgment of Quinton Daniel, a competent engineer of Alamogordo, New Mexico, duly licensed as an engineer under the laws of the State of New Mexico, is necessary or essential to the completion of such work of improvement and the payment of the cost thereof, are on file in the office of the Clerk in the Village Hall at Ruidoso, New Mexico, and may be inspected by any property owner, or other interested person, during the regular office hours. Any interested person may also ascertain in the office of the Clerk a description of the property to be assessed thereagainst, and the maximum amount of benefits estimated to be conferred on each tract or parcel of land. Reference is made to such for further detail.

On Friday, the 10th day of March, 1967, at the hour of 7:30 o'clock p.m., at the Village Hall, in Ruidoso, New Mexico, the owners of the property to be assessed, or any other persons interested herein, may file a written protest or objection and may appear before the Board of Trustees and be heard as to the propriety and advisability of making such improvement, as to the cost thereof, as to the manner of payment therefor, and as to the amount thereof to be assessed against the property to be improved.

The Board requests that any property owner or interested person wishing to make protest or objection, make such protest or objection in writing at the office of the Clerk before the time set for such hearing. There Are Still Students In School Needing Immunization, Doctor Says

(Editor's Note This is another in a continuing series of articles on our public school system the News has been printing as a public service.)

• • •

"We are still trying to get some of the school children immunized who should have been immunized before the school year started," Dr. O. K. Fair said today. Dr. Fair is District Health Officer for the New Mexico Department of Public Health.

"While parents are bringing these children in to their family physicians," he said, "they should take the occasion to have their preschoolers immunized also. During the first few months of their lives, all babies should be immunized against tetanus (lockjaw), diphtheria polio and whooping cough. Too, they should be vaccinated against smallpox before their first birthday."

Dr. Fair said that parents should contact their regular doctors to be sure all their children have had these inoculations. After the initial immunizations, parents should keep children on a regular schedule of boosters to maintain their protection. "When family physicians are unavailable, parents should take the children to the local health department for the immunizations."

Despite recent success against these diseases in the United States, he noted, they are still a clear and present danger. Gains were made against disease only by a widespread and continued acceptance of immunization protection. But, the health officials point out, there are hundreds of deaths each year because of these five diseases. Most of the victims are children.

"Although it is not required for entrance in school in this state, it is strongly recommended that all children in the first few grades receive immunization against measles. This disease is spread mainly in the schools. It is usually the school children who carry it home to the smaller children."
