NUMBER 30, IN OUR 26th YEAR — Ruidoso, Lincoln County, New Mexico—Zip Code: 88345 — IN 2 SECTIONS — FRIDAY, JANUARY 7, 1972

By HUGH STILES

The month of January, in any given year, as the first month of a new year always serves as a premis for calling attention to many historical facts and records of all kinds in previous years. Checking back over Charlie Culver's official weather records which he so graciously gave to the Ruidoso News, and which by the way go back to June, 1945, our area may just have set a new snow fall record for the first week in January.

Checking Culver's official records back to January 1945 about the closest and it's a long way off is the 3.8 inches of snow that fell on January 3, 1945. In January 1960 we had a month's total of 23.50 inches with a little over 12 inches falling during the first seven days but not one January 3 or any first week of January in the last recorded 27 years even comes close to this first week in January 1972 snow fall. The first four days of this year we have had better than sixteen inches and nearly twice that amount on the Sierra Blanca Ski Area.

Speaking of records and stars our Ruidoso Village Street Department deserves a record round of appreciation for their dedicated effort in blading the streets late Monday night and all day Tuesday. Many of the department personnel including department head A. B. Chitwood worked over thirty six continuous hours to make the streets both passable and as safe as possible. Didn't hear of too many Cal Binders getting stuck but know of one gent [illegible] who got stuck over five times the first day it snowed [illegible] was embarrassing to have several Texans push and pull me out four of the five times I got stuck.

It may be a good thing that we can't completely predict just what the year 1972 will bring for the [illegible] of our people [illegible] to the mountains are getting in pretty good shape regarding land water and even possibly air. The lady stated "well. It's just that [illegible] Just that I'm so fond of pancakes doctor." "Is that all?" replied the doctor. "Why, I'm very fond of pancakes myself."

"Oh [illegible] really?" she [illegible] clasping her hands together with joy. "You must then come over to my house. I've got trunks and trunks and trunks full of them!"

It is really great to be able to report that most businesses in the Ruidoso area reached a near all time high in sales and services during the last month of 1971. In all probability over and above any other last month of any previous year. Fact of the matter if the first week of 1972 is any kind of economic thermometer, it looks like the new year has got off to a pretty fantastic start. Wonder how many of us realize that the real basic and fundamental truth regarding what made the surge in prosperity possible was completely [illegible] of man's hands [illegible] the Chamber of Commerce [illegible] village council [illegible] specialists and [illegible] Snow, like rain, [illegible] of the heavens or [illegible] and the [illegible] [illegible] can do is thank the good Lord for his [illegible]

WATER BOND PROJECT—

Ruidoso Council Gives Go Ahead On Priorities In Special Meeting

The Ruidoso Village council and village officials, meeting Tuesday in a special session called by Mayor George P. White, unanimously voted to proceed immediately with priority phases of the Oct. 5th voter approved one million dollar municipal water bond project.

Listed as top priority is the planned 40 million gallon off river raw water storage facility tentatively set to be located in the upper canyon area of Ruidoso.

The council instructed Village Engineer Jack Kannady and Village Water Superintendent Orval Nash to coordinate their plans and proceed with what they consider to be the project's water storage and water distribution priorities. The governing body requested that the two men complete engineering specifications for the project and advertise for installation and material bids as soon as possible.

The council also agreed that a formal request should be made immediately to the U. S. Forest Service for 12 to 14 acres of land located around one-half mile east of the Mescalero Apache Reservation in the Upper Canyon area of the village. The site would be used for the proposed 40 million gallon off river raw water storage facility.

The council previously had requested a similar sized tract of land from the Mescalero Apache Indians but decided to abandon their request because of the possible complexities involved.

Attending the special session were Mayor White, Trustees [illegible] Walter [illegible] and Don Riley. Also in attendance were Village clerk manager James [illegible] and Village Attorney John [illegible]

Ski Club Slates Important Meet

Council Approves Changes For Cree Meadows' "Thrill Hill"

Street construction changes by the village at the intersection of Cree Meadows Drive and Metz Drive, commonly referred to as "Thrill Hill", is expected to begin as soon as weather permits and funds are available for the council approved street alteration.

The Ruidoso Village council, meeting Thursday, Dec. 30, in a regular session, unanimously agreed on the Thrill Hill changes as presented to them by village engineer Jack Kannady.

Kannady told the governing body that a little over two feet of Cree Meadows Drive would be removed at the highest point at the dangerous intersection. He also stated that both the eastern and western slopes of the intersection would be partially filled to give greater driver vision of oncoming traffic. The plans also call for Cree Meadows Drive to be widened around ten feet at the intersection and then taper off over an approximate distance of 150 feet in each direction from the intersection back to its current street width.

Cost of the adopted project was estimated to be $3,200 with the main expense incurred by repaving over 1,200 square yards. The paving is not expected to be done until early spring.

Rosa McPherson, president of the Ruidoso Golden Age Club, appeared before the council and expressed the organization's interest in a community center for the village. He told the council members that the Golden Age Club wanted to offer their support and cooperation towards securing the community center building. Thirteen members of the Golden Age Club were present for the club's presentation to the council.

Four fire equipment companies responded to call for bids, issued by the Ruidoso Fire Department, for 1,200 feet of 2½ inch fire hose and 300 feet of 1½ inch fire hose. Mayor George P. White read the bids to the council members, they included Pyro Safety Co., Cimarron, N. M., $1,896; Thunderbird Sales Corp., Albuquerque, $1,902; Clark Equipment Co., Albuquerque, $2,304, and the Artesia Fire Equipment Co., $1,896.

The governing body referred the bids and the fire hose samples to Ruidoso Fire Department officials and requested that they recommend the best offer according to their respective local needs and requirements. The fire department accepted the Thunderbird Sales Corporation's bid of $1,902 based on the cost and their past experience with the Albuquerque fire equipment firm.

In other action by the council, the group agreed to purchase a 10'x20' metal building to house a fire truck at the Ruidoso Municipal Airport. Cost of the used metal building, owned by Fred Volquardsen, was priced at $200. It was noted to the council that the building is insulated and could be easily moved.

The council also agreed to purchase a $5 associate membership in the Ruidoso Board of Realtors organization, agreed to a special called meeting Thursday, Jan. 6, to consider the proposed request for land from the Mescalero-Apache Indians for use as an off-river raw water storage facility, and heard Mayor White report on his meeting with the Ruidoso-Hondo Valley General Hospital board in reference to recent gifts received by the hospital for their current expansion project. He told the council that $3,826 had been received in cash gifts towards the hospital bond as agreed between the county and the village. The village issued $180,000 in revenue bonds to assure the hospital's completion of their current expansion project.

Grazing Fee Increase Explained By BLM

The Department of Agriculture and the Department of the Interior announced today an increase of three percent in grazing fees for 1972 for federal lands administered by the Forest Service and the Bureau of Land Management.

The announcement said that an overall objective of grazing fee adjustments to reach fair market value, instituted by the Department of Agriculture and the Department of the Interior in 1969, remains unchanged.

Limiting the fee increase to three percent will serve to hold the line on ranch operating costs in 1972 and support President Nixon's Economic Stabilization Program, the announcement said.

The three percent increase in fees will result in an average increase of two cents per animal unit month (AUM). The average fee for grazing cattle on western national forests will increase from the 1971 level of 78 cents to 80 cents per annum. The fee for grazing on federal lands administered by the Bureau of Land Management will increase from 64 cents to 66 cents per annum.

The fee increase applies to the national forest in the 11 western states plus South Dakota and Nebraska, and national grasslands, and land utilization projects administered by the Forest Service and to federal lands anministered by the Bureau of Land Management in the 11 western states. Limitations on fee increase do not apply where fees are established by competitive bid.

Grazing permits involve permission to use designated public land areas for livestock grazing for a specified term. This use frequently involves other factors essential to effective livestock and land management. About 25,000 operators hold permits for grazing approximately 9 million head of cattle and sheep on the federal lands administered by the Forest Service and the Bureau of Land Management. Most of this grazing is in the western public land states.

These changes will be published in the Federal Register.

Republicans Set Lincoln Dinner In Albuquerque

National Republican Party Chairman, Senator Robert J. Dole of Kansas will be the keynote speaker for the annual Lincoln Day dinner sponsored by the New Mexico Republican Party according to Mrs. Edward Neff dinner chairman.

Mrs. Neff, who is also New Mexico's Republican National Committee Woman, said the dinner has been set for Feb. 12 at 6:30 p.m. in the Hilton Inn in Albuquerque. The $100 per couple dinner is the party's major fund-raising event of the year.

"We are delighted to have such an outstanding speaker and noteworthy personality," Mrs. Neff said. "This is the first time we have been privileged to have the National Committee Chairman speak to us, and we are expecting a capacity crowd for the event. In fact, we wouldn't be surprised to have 'standing room only'," she added.

Mrs. Neff plans to tour several central and eastern counties of the state this week to promote the dinner and to meet with Republican County Chairmen. She will be accompanied on the tour by State Finance Director Horton Stickles of Albuquerque and by Mrs. Tillie Simmon who is Regional Vice Chairwoman for Region 2.

The three were in Moriarity on Monday, Jan. 3 for an 8:00 a.m. breakfast at Blackie's Cafe.

From Moriarity, the group traveled to Carrizozo for a luncheon meeting at the Four Winds Restaurant. The meeting was arranged by Don Sanlander of Ruidoso, acting Republican County Chairman for Lincoln County and Ticket Chairman Don Stark, also of Ruidoso. A coffee and meeting was held at 3 p.m. Monday at the Nob Hill Restaurant in Ruidoso.

The group were in Roswell for a 7:30 p.m. meeting on Monday with party officials and other interested persons. Chaves County Chairman, Dr. Charles Plett, was in charge of the meeting at 207 N. Union in Roswell.

Mr. John White of Clovis, Regional Vice Chairman of Region 4, also attended a coffee for Mrs. Neff and her party in Portales at 2:30 p.m. Jan. 5 at the Plains Motor Hotel. Paul Coggins of Portales, Roosevelt County Republican Chairman, was in charge of the coffee meeting.

Mrs. Neff and her party then traveled to Tucumcari for a 7 p.m. meeting in the home of Quay County Republican Chairman Thomas Prescott, M. D. Lincoln Day Ticket Chairmen in Quay County are Mr. and Mrs. Bud Doss of Tucumcari.

Mrs. Neff, Mrs. Simion and Mr. Stickles were welcomed at a luncheon meeting at 12 noon Jan. 6 by DeBaca County Chairman Floyd E. Wood of Ft. Sumner. The group also made a brief stop in Santa Rosa on Jan. 6 to visit Guadalupe County Chairman Juan Perea and Guadalupe County Secretary John J. Coury.

Daily Use Permits Are Explained By Forest Service

Southwestern Regional Forester Wm. D. Hurst announced today that until Congress acts to renew the Land and Water Conservation Fund Act the Forest Service will sell only daily use permits for National Forest camping and picnicking sites.

"The program will continue as in the past," Hurst said, "with permits available from the same sources as before. The only change is that no annual permit, the Golden Eagle Passport, will be sold until Congress acts to authorize it." The 1971 annual permit expired Dec. 31, 1971.

For most National Forest recreation areas the use fee is $1 per carload. A few areas, where special services are provided, have additional charges.

Under the Land and Water Conservation Fund Act 60 per cent of the income from the sale of permits is appropriated by Congress on a 50-50 matching basis to assist state, county and local governments in planning, acquiring and developing outdoor recreation areas and facilities. The remaining 40 per cent is used to purchase additional Federal areas for recreation use.

WHAT IS IT?—One hardly needs to ask what make of automobile is covered with snow here. With only the rear view mirror showing, this car parked in front of the Bucky Morrison home, looked like a plaster image of the real thing. Snow covered trees and a "White" mountain in the background complete the beautiful winter scene.

The SILVER LINING

By DANIEL A. STORM

Well, here we are in a bright and snowy New Year — Starting off with high hopes for a good prosperous winter and a fine green summer with lots of grass and water and apples and many beautiful wild flowers.

Christmas in the hospital was very wonderful. I opened many a beautiful Christmas package. And many gifts were brought to me in person. Bill and Scotty McGuire brought me a book entitled "One Thousand Beautiful Tulips."

Collins Walker from over on the Bonito at Angus paid me two fine visits and brought me some favorite Western stories to read.

My two little Christmas trees are still in the room. One is a little pine tree brought by Helen and Phil Haiste' And the other is a beautiful pinon decorated with orange, green and yellow "Ojos de Dios" — Those early Spanish-Indian Christmas decorations, all prepared by Father John Miner.

The last few days I have received some Christmas remembrances from Peg and Leola Pfingsten.

All in all, this has been one of the most blessed Christmases-New Year seasons of my entire life, and I do not know how to thank you all. All I can say is, "May God Bless and keep you every one."

My dog, Shady Logan, is in good hands at the home of Mr. and Mrs. Ed Hebert. Mrs. Hebert is the former Jo Morrison. I thought I might let him say a few words here in the Silver Lining"

Dear Friends:

Thanks to so many of you "The Ridge Runner" will be up and around one of these days. And I want to thank all of you from the bottom of my heart.

One of the greatest things for the Ridge Runner is for him to know that I have a good home here with Ed and Jo Hebert. They treat me as one of the family. There is a nice cat here in the house. And a very friendly Daschund. I have the finest of food and a good warm place to live, and the care of loving friends.

There is really no way to repay a great kindness such as the Heberts have done for me and the Ridge Runner.

But God remembers all this. And all the kindness you good people all over this great neighborhood are written down in the Great Book. You people have given me and Dannie one of the best Christmas-New Year seasons we have ever had.

Friends, never fear, our Ridge Runner is in good hands. We have as fine a doctors and nurses here as anywhere in the world. I hear that Dr. Annala has made a [illegible] on Dannie. This will help a lot.

I want to thank Dannie's fellow workers for staying by him so well through all of this:

Joe Nail, Leo Joiner, Conrad Keys, Albert Saraldo, Rudy Tafoya, Jud Judkens, Anselmo Rael, Arturo Gallegos, Ed Hebert, Cliff Bryan, Bob Herndon and Ray Reed.

Also my gratitude goes out to those who are helping look after our place: Paul Jones, Dale Browning, Pat Dunahee, [illegible] and Betty Lambert, Mike Rosales, and all of our other close neighbors and long-time friends.

(This includes [illegible] in the neighborhood — [illegible] and I do not have an [illegible] in the world.)

Folks, it is times like these that brings out the best in me all; and again I thank you one and all from the bottom of my heart. I hope to see all of you during the New Year, and until then, I beg to remain,

Your lovingly, ever the same,
—Shady Logan

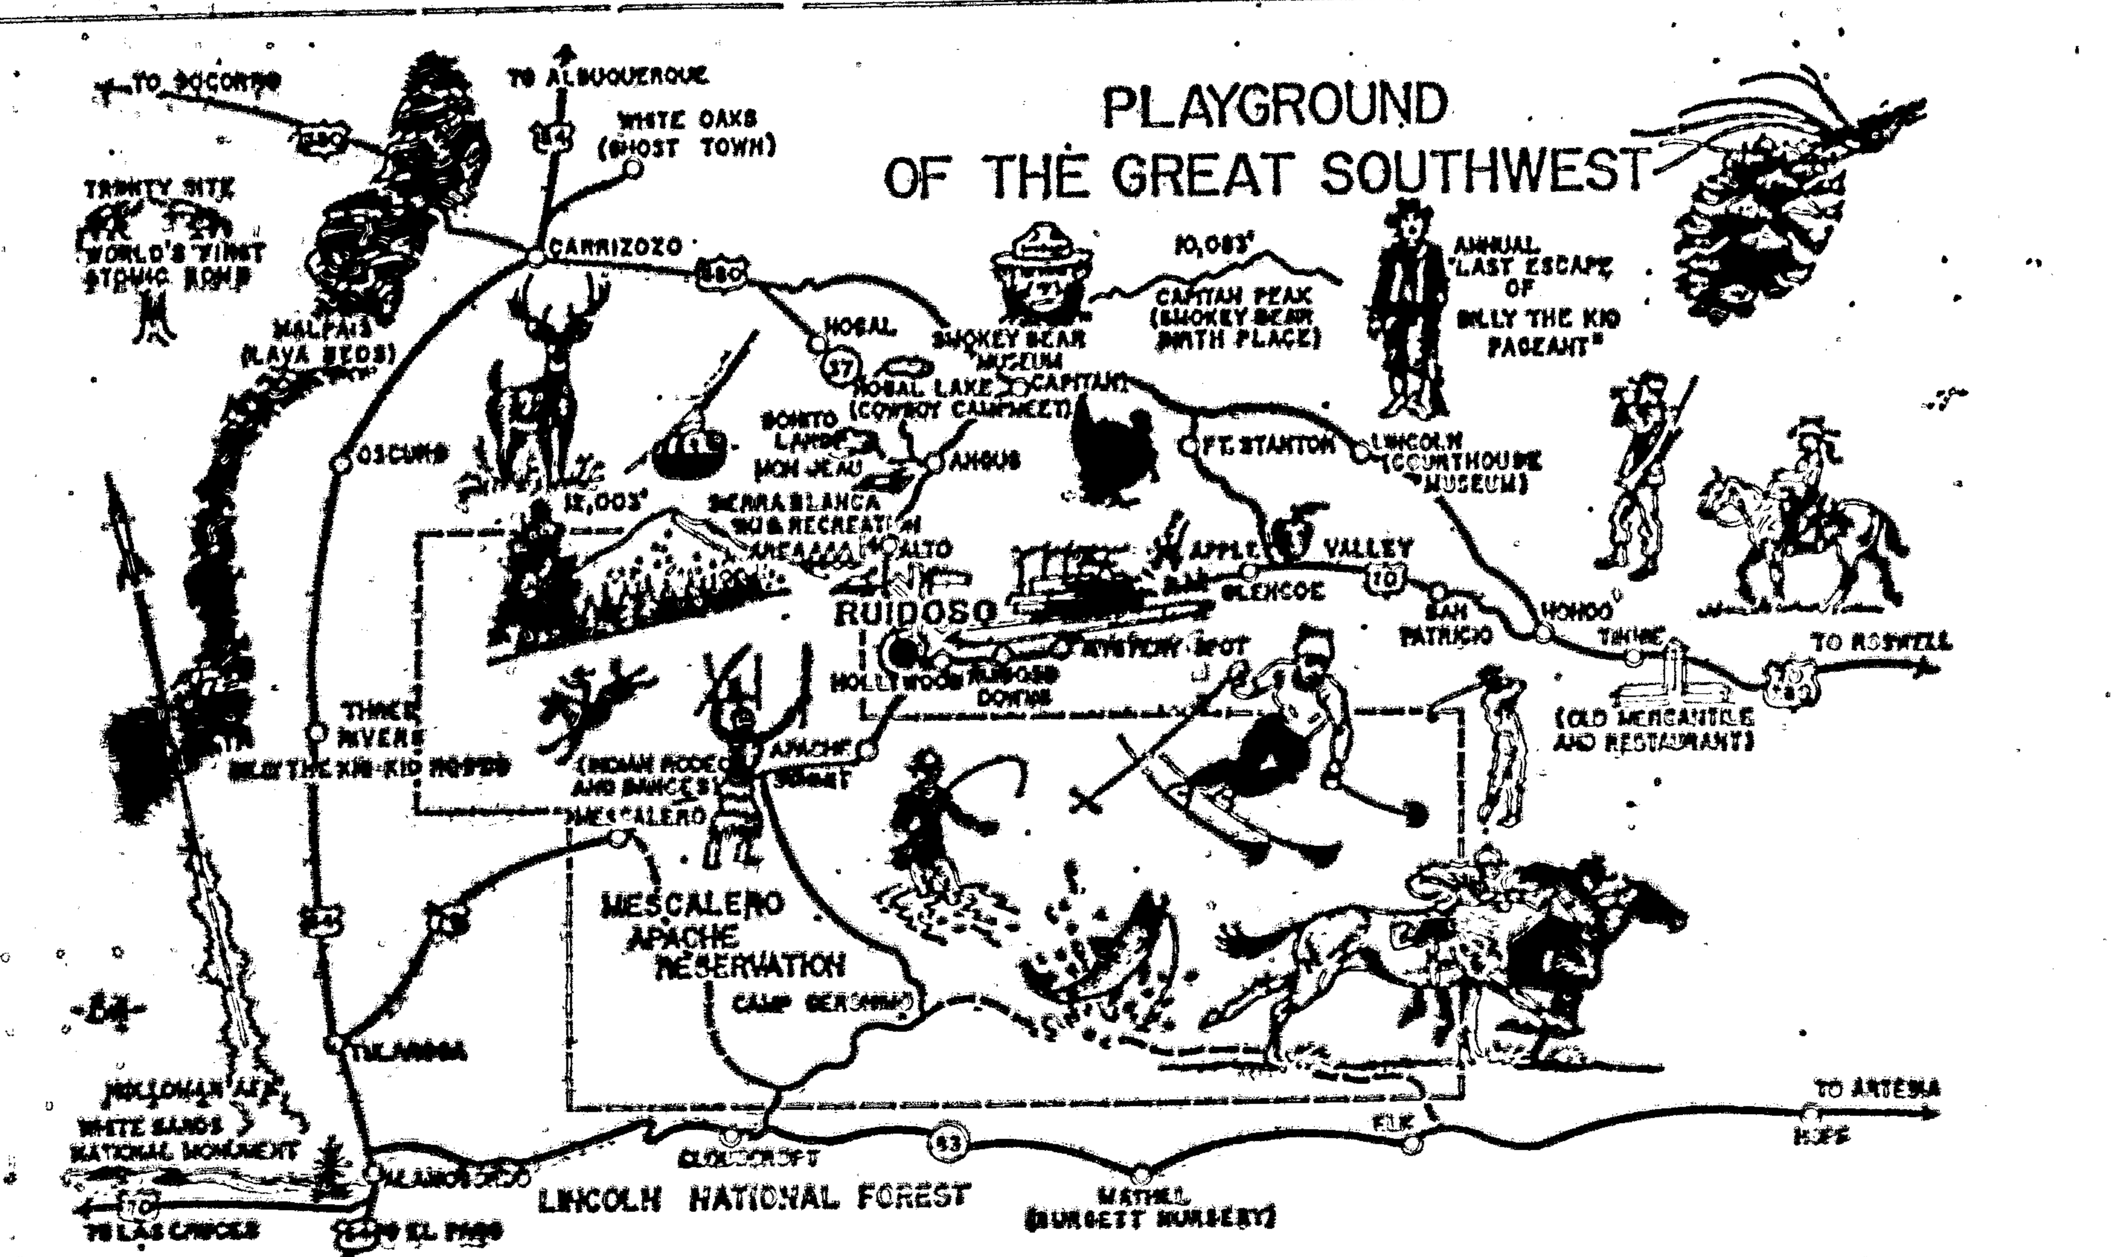
Graveside services will be held in the James Canyon Cemetery near Cloudcroft Friday, Jan. 7, at 2 p.m. for Mrs. Cora Hadley, 87, who died Tuesday, Jan. 4 at the home of her daughter, Mrs. Jesse Evans in Ruidoso Downs. Rev. Elvis Worden will officiate.

Mrs. Hadley was born near Sweetwater, Texas on July 29, 1884. She had made her home with her daughter in Ruidoso Downs for the past 25 years. Her husband, Victor C. Hadley preceded her in death 25 years ago.

Surviving are three daughters, Mrs. Jesse Evans, Ruidoso Downs; Mrs. Orval Bookout and Mrs. Jed Miller; two sons, Elver Hadley and Everett Hadley; 13 grandchildren; 30 great-grandchildren and four great-great-grandchildren. Mrs. Hadley was a member of the Methodist Church.

Pallbearers will be Alfred Hadley, Derald Bookout, Corvin Hadley, Floy Varvel, Dwayne Baird and Jim Wilson. Honorary pallbears will be Rex Lewis, Carri Curtis, Kenneth Potter, John L. Parker, Warren Carpenter and Charlie Carpenter.



TO OUR VISITORS—

THINGS TO SEE AND DO IN THE PLAYGROUND AREA OF RUIDOSO & LINCOLN COUNTY

You have probably never visited any place in America with such a wide variety of scenic, historic and entertaining attributes. Make the most of your visit here—explore any and all of the places recommended below to give you your most delightful vacation.

All of these things listed are within 60 Miles of Ruidoso—

National Monument— Stupendous deposit of pure white gypsum.

Lava Beds— The Mal Pais is a fascinating and different attraction. Recently designated Valley of Fire State Park.

White Sands

Fishing— Ruidoso area offers several trout lakes, also there is fishing in season in the Rio Ruidoso, in [illegible] lakes, on Mescalero Reservation east of Alto Reservoir, big new Ruidoso lake 5 miles north of town.

Old Lincoln Courthouse— The old Lincoln town, with dance museums and once where bitter Lincoln County War centered, and where Billy the Kid killed two guards in his escape from the jail there.

Big Game— Deer, antelope, bear, wild turkey and bobcat, are found on rides into the mountains here.

Lincoln National Forest— [illegible] campgrounds, mobile-trails and drives. Two riding stables here provide horses for riding into our forest which surrounds us.

Golf Course— One of the most beautiful golf courses in the world in Cree Meadows.

Cedar Creek— Forest Service camp area and park-like shrubs and evergreens adjoining Ruidoso.

Mescalero Apache Indian Reservation— [illegible]

'Round School

By LINDA WEBB

Now that the Christmas holidays are over, it is time for students to settle back into the daily routine of school work again. Semester exams will soon be here along with deficiency reports. . . . Half of the school year is almost gone. To some it seems that time has flown and to others it has seemed a century. To the graduating seniors this year, the second semester will at first not go quickly enough, but as the time draws nearer, they will not find time enough to do all the things that have to be done: Senior play, sneak day, announcements, and finally graduation! . . . The Warriors have been playing great basketball and were proudly declared "All Tourney Champs" in the pre-holiday tournament held here in Ruidoso. Four Ruidoso Warriors, Reeves McGuire, Gordon Howell, Blane Miller and Corky Conley were named to the "All Tourney Team" selected from all the teams who participated. Coach Hood received a Winning Coach's trophy. . . . The Ruidoso High School library has ordered some new books to increase their selection of reading material for the students to choose from. Some of the books on order are: "ESP in Life and Lab", "God is for Real, Man", "My Appalacia", "Understanding the Stock Market", "American Indian Mythology", "Antique Automobiles", "World of Rod McKuen", and "Yeutushenico Poems". The books are due any day. . . . Mary Shaffer, who has been a student in the Ruidoso school system for three and a half years will be graduating this semester. Mary has the required credits and will be attending Eastern New Mexico University in Portales next semester. Mary was a member of many activities in Ruidoso including National Honor Society, Student Council, Future Homemakers of America, Future Teachers of America, Pep Club and Distributive Education Clubs of America. . . . An Elks' sponsored teenage western dance was held at the Elks Lodge Saturday, Jan. 1. The Graham band entertained and there was quite a crowd. Party hats and noisemakers were handed out to celebrate the New Year. Another dance was set for Jan. 29. All teens are welcome. . . . The Speech class play, "Sleeping Beauty" is progressing fine. The play will be performed Jan. 27.

38th YEAR HERE—Billie Clarke, Ruidoso resident since January, 1934, this month began her 38th year as a resident of the Ruidoso area. In addition to her daily responsibilities at the Ruidoso State Bank, Mrs. Clarke is also active in the insurance field, handling life and hospitalization, and active in community projects. (Ruidoso News Photo)

January, '72 Marks 38th Year Here For Billie Clarke

January, 1972, for Ruidoso's Billie Clarke, marked the beginning of her 38th year as a resident of the Ruidoso area, a distinction not held by many present day Ruidoso residents.

Mrs. Clarke stays extremely active with her many responsibilities, many of which had their beginning when she arrived in Ruidoso from Stamford, Texas with her late husband Ezell Clarke, in January, 1934.

She is currently head of the Ruidoso State Bank's insurance department, among other responsibilities at the bank, and is also in partnership with her son, Roy Clarke, Ruidoso, as co-owners of the Ruidoso and Carrizozo Chapel of Roses Mortuaries.

Perhaps one of her first loves is insurance. She and her late husband opened the Clarke Insurance Agency in Ruidoso in 1944 and in April, 1970, she sold her interests to the Perfect-Parks and Associates firm of Ruidoso. Mr. Clarke died in 1957.

She has represented, since 1947, the General American Life Ins. Co., and sells, through this company, life and hospital insurance. She recently stated, "A lot of people thought when I sold Clarke Insurance Agency, I was completely out of the insurance business. On the contrary, I have retained my Life and Hospital Insurance Licenses and still service and sell life and hospital insurance policies," she continued, "I service and sell insurance policies to our area residents through appointments either made through my office at the bank or from my home."

Outside of her official duties at the bank and her life and hospital insurance vocation, she is active in many community and civic organizations and activities. She is chairman of the annual Old Timers Aspencade Celebration, chairman of the Ruidoso Cemetery Board, member of the Beta Sigma Phi Sorority, and a member of the Ruidoso Community Methodist Church.

New Mexico WEATHER

For Week Ending Jan. 2

Temperature: High, 58; low, 25

Precipitation: Dec. 27 to Jan. 2, trace; Dec. 1 to Dec. 31, 1.00; normal for December, 1.33. Jan. 1, 1971 to Jan. 2, 1972, 21.82; normal Jan. 1 to Dec. 31, 20.96.

Weather Summary—

Scattered mostly light showers in mid-week and in south again on Saturday. Some localities in mountains and south totaled ½ to 1 inch. Temperatures continued to average above normal especially at night. Temperatures averaged 5 to 10 degrees above normal in Eastern Plains.

"The Constitution does not provide for first and second class citizens." —Wendell Lewis Wilkie.

Toll Free Service Told For Taxes

Speedier and more convenient tax service will be available to New Mexico taxpayers through expansion of the IRS telephone tax assistance, it was announced today by Maurice E. Johnson, District Director of Internal Revenue.

The expanded telephone tax assistance is now in effect and will enable taxpayers in New Mexico to reach the IRS Albuquerque office by simply placing a local toll-free phone call anytime during normal business hours. Previously, some taxpayers could reach IRS only on certain days or by paying for a toll call.

Mr. Johnson said the telephone number to call for tax and economic stabilization assistance and information is 843-2607 or 843-3101; in Roswell 622-1670; and for the rest of New Mexico the number is 1-800-432-6080.

The expanded telephone service will enable many taxpayers to take care of tax and economic stabilization matters that formerly required a visit or a letter to IRS. For instance, a taxpayer with a question about a tax bill or notice may now be able to get the answer quickly by phone.

The expanded telephone service will not only be more convenient for many taxpayers, Johnson said, but will also be more helpful. By concentrating phone service facilities and personnel, IRS can give more effective and responsive attention to taxpayer inquiries. A matter that formerly took weeks to settle by letter or personal visit can now be handled during the course of a phone call.

"New" Math Classes Set By Eastern For Ruidoso Area

Two mathematics classes, "Elementary Numbers Concepts" and "Mathematics for In-Service Teachers", are being offered in Ruidoso as spring semester extension classes of Eastern New Mexico University.

In the course on "Elementary Numbers Concepts", instructor Tom Beidelman will provide a background in both the spirit and content of modern mathematics. "Mathematics for In-Service Teachers" is a graduate level course designed to provide teachers with up-to-date information on the teaching of math.

Registration for both classes will be at the first class meeting beginning at 7 p.m. Jan. 13 in Room 1A of Ruidoso High School. The classes are scheduled to meet from 7 to 9:30 each Thursday evening.

The "new math", as it is sometimes called, is designed to encourage children to make discoveries for themselves, to see relationships, and to make generalizations, explained H. G. Codling, director of extension at Eastern. Teachers and parents interested in learning how math is being taught to their children will receive instruction in the use of sets, equations, inequalities, real numbers, negative numbers, and number theory, he added.

Registration fee for each class is $44.50. A special fee policy has been adopted for New Mexico residents 65 years of age or older. Senior citizens may take either of the classes without charge on an audit basis if space is available.

Additional information on the Ruidoso courses is available from Codling by writing him at Eastern New Mexico University, Portales, N. M. 88130, or by calling him at 562-2311 in Portales.

Lower Welfare Costs?

Welfare recipients who are able-bodied shall accept work as a condition of eligibility for benefit payments. This provision has been in New York State laws for more than a quarter-century.

What happened when someone decided to enforce this provision?

Well, one commissioner of welfare investigated the rolls in his county and found 50 men who were able-bodied and who, in his opinion, were able to work. He then directed them to report at the highway department.

Fifteen of the 50 remain on the rolls because of legal reasons, which are being processed, and two others can't work because they're ill, BUT . . .

Eight promptly asked to be taken off the relief rolls and two moved away.

Five refused to report for work; so, their benefits were cancelled.

Then nine more decided they wouldn't work either—thus, no more benefit checks.

Nine did report for work. They immediately began their highway clean-up jobs, being credited at $1.85 an hour to pay for the relief they receive. Two of these men proved to be exceptionally good workers and accepted permanent jobs in the highway department, becoming self-supporting citizens.

Suppose every welfare commissioner followed this example! It would make a big dent in the welfare mess and also help clean up our communities.

ENMU Annual Musical Promotion

Cathy Hine To Appear In "Swanee" For Second Year

A portion of the Ruidoso area's contribution towards making New Mexico's theme as the Land of Enchantment a reality, is in the person, poise and talent of one Miss Cathy Hine, daughter of Mr. and Mrs. James L. Hine of Ruidoso.

For the second consecutive year Miss Hine, an Eastern New Mexico University sophomore, has been selected for the coveted and much sought after role of Swanee Girl in the University's annual musical production of "Swanee."

To define her role in the university's nearly one quarter of a century in annual performances of the special stage production would be to say that, "She is artistically delightful and enchantingly beautiful with an abundance of talent to spare."

Only six university girls, out of the hundreds who try out, are chosen. They are given the Swanee Girl part based upon physical features, height, audience appeal and a special kind of talent. The Swanee Girls open the university's annual musical spectacular number.

Miss Hine is also a Swanee dancer in the production and dances in four dance numbers as well as sings in several other scenes. There are over fifty members in the overall production of the former Broadway musical.

This year's production of Swanee, scheduled for Jan. 14, 15, 17, 18, 19, will include four main sequences, the Party, season, Time, and Riverboat sequences. The cast will sing, among other selections, "It's a Time For Making Merry", "Evil Ways", "Open A New Window", "June Is Bustin' Out All Over", and "Waiting For The Robert E. Lee". The show begins each night at 8:00 p.m. and lasts around two hours.

The annual production is presented by the ENMU Department of Music and is under the directorship of John Sherry. The Swanee Girls and the Swanee Dancers are directed by former Miss New Mexico, Karen Slab.

Tickets for Swanee may be obtained by mailing a self-addressed and stamped envelope with a check for $3 per ticket to ENMU Information Desk, Eastern New Mexico University, Portales, N. M. 88130.

Miss Hine, a 1970 Ruidoso High School graduate, has a 3.4 grade average at ENMU and has been named to the Dean's List for two semesters. She is majoring in business administration specializing in clerical training and hopes to complete her work there this year. She is a member of the Alpha Delta Pi Sorority and a member of Pike-O-Etto.

Her plans for the future include attending an internationally recognized flight stewardess training school in the Dallas-Ft. Worth, Texas area in hopes of becoming an airline stewardess.

SECOND CONSECUTIVE YEAR—Miss Cathy Hine, Ruidoso, for the second consecutive year, has been named as a Swanee Girl in the ENMU annual musical production of "Swanee" set for January 14-15-17-18-19, in Portales. Miss Hine is one of six girls chosen out of hundreds who apply for the coveted role. (Ruidoso News Photo)

Rev. George Brittian New Pastor of Ruidoso First Baptist Church

Rev. George Brittain, Grants, is scheduled to fill the pulpit of the First Baptist Church, Ruidoso, Sunday, Jan. 9.

The Rev. Brittain, last month, accepted the official call of the First Baptist Church to serve as pastor and will move to Ruidoso this month. A formal reception for the new pastor and his wife is reportedly planned for late in January.

Rev. Elvis Worden, Ruidoso Downs, will speak during the Sunday worship services, Jan. 16.

Kathy Campbell Now In Vermont

Kathy Campbell, well known area ski racer, is presently in the New England states competing in activities of the Can-Am Circuit. She was in competition in slalom and giant slalom at Stowe, Vt., Jan. 3 and continued on to Bromley, Vt. Jan. 4 and 5.

The next meet is slated for Jan. 16 and 17 at Madonna Mountain in New Hampshire.

Several European skiers are also competing in the events.

The Canadian-American circuit is composed of outstanding skiers from both countries and only Kathy and Barbie McIntyre of Steamboat Springs are allowed in the group to represent the Rocky Mountain Division.

Kathy has had a busy season, thus far, competing in races and meets almost from coast to coast.

The Can-Am group is the top amateur skiing group, outside the Olympic team, in the country.

The Olympic Talent Squad is chosen from members of the Can-Am group.

Junior Ski Racers Slate Busy Weekend

The Ruidoso Junior Ski Racers have two meets scheduled for this weekend, one at Aspen and the other at Angelfire.

Going to Aspen for downhill races this Friday, Saturday and Sunday are: Dale Pearson, Bryan Skinner, Sawyer Ward, Allen Campbell, Mark Wimberly and Dolf Barnhouse. Al Pearson will accompany this group.

Slated for slalom races at Angelfire Sunday are: Steve Reynolds, Ben Westbrook, Cary Horton, Craig Mobley, Linda Mobley, Joe Hoover and Kevin Crawford.

Beginning of the Year Big News For Ruidoso Area Is Weather

With 16 inches of new snow to date this winter has reached a total of 44 inches. The Ruidoso area has received snow almost every week since Thanksgiving. The snowfalls have generally been the first part of the week leaving the weekends clear and bright for excellent skiing.

The excellent snow is a dual blessing for residents of the area, in that it not only gives us one of the best skiing seasons in history but also fills our reservoirs with much needed water for our next summer season.

Although the Ruidoso area suffered one of the most severe droughts in history early last summer, with fire danger high and domestic water supplies barely taking us through the summer season, the end of the year total of precipitation shows that we were above average for the year.

The water shortage last summer prompted village residents to pass a general obligation bond, for better water storage and distribution facilities to handle the future growth of the area. The village actually has a plentiful supply of water but has been plagued with insufficient storage for use at the peak season, during mid-summer. With the new facilities, made possible through the passage of the bond issue, no problem should be encountered for a number of years even in the most severe drought.

To further insure adequate rainfall and snow, several groups in the area have banded together in a cloud seeding project for the Ruidoso area. Although there is still much to learn in the weather control field, the old saying by Mark Twain, "Everybody talks about the weather but no one does anything about it," seems to be a thing of the past.

"The tip you leave for a meal now would have bought it ten years ago."

GRASSROOTS OPINION

Lennox, S. D., Independent: "Apparently the delegates to the United Nations, or the governments they represent, are still very dollar conscious and are willing to endure most anything for the assurance that Uncle Sap will keep on pouring money into that debating society. When a recent vote was taken to decide whether or not to move the U. N. headquarters from New York City to some other location—most likely another country—the vote was two to one in favor of leaving it where it is. This, in spite of the fact that nearly all the delegates confessed that New York City is congested, dirty, dangerous and very nearly intolerable. They knew that if the headquarters is moved to another country, the U. S. will probably lose interest in the United Nations and cut its support. Well, it seems to us that more than a few Americans have already lost interest and confidence in the U. N. and would just as soon see it moved to Siberia."

Everett, Wash., Herald: "What would you guess is the fastest-growing business in the United States? Electronics? Wrong. The correct answer is government. Roughly one of every seven employed Americans now works for the government—federal, state and local. And government employment is growing much faster than employment in private enterprise. In effect, every single private workers in the U. S. must support themselves and the seventh who theoretically works for them. It is now apparent why taxes at all levels are high and going higher?"

GRASSROOTS OPINION

Detroit Lakes, Minn., Tribune: "Investigators have discovered that one reason student rioters throw rocks at police is because rocks are so often handy. The reason—an increased use of small ornamental stones in campus landscaping around shrubs and trees. Now one university is trying a preventive measure—gluing the rocks down. The University of Illinois at Urbana-Champaign is test-coating the rocks with a plastic which forms a rigid mass. If the experiment is successful, the whole campus will get plastered and fewer police will get stoned during student riots."

* * *

STEPHEN, MINN., MESSENGER: "With one strike after another hitting almost everybody in the country — who is really winning? Nobody! What has been gained? Only ninety-four cents a month, after inflation has taken its bite, according to statistics issued by the Department of Labor (and who should know better?) In spite of incessant demands for more, more, more, the average union factory worker's buying power remains status quo, simply because the second that wages go up, so do prices. It's a constant pattern. And in the long run, nobody wins out. Unless you consider 94 cents a month big money. And at that, it's only temporary."

We Know You Know, But May We Remind You?

We know you already know the advantages of a checking account: how it removes the temptation to mail money in envelopes and risk having it stolen; how it provides an accurate record of payments and expenses; saves wear and tear on feet, tires and disposition by removing the need to run around town paying bills. We'd just like to remind you . . especially our part-time, pleasure citizens . . that if you don't have a checking account, come in today to the Ruidoso State Bank and open one. We welcome new business . . . no matter how large or small.

Let's Get a Friendship Going!

UPPER CANYON HIDE-AWAY—Scenes such as this greeted the eye early Tuesday morning after a heavy, wet snowfall that flocked the green pines as no human hand can do. The added smell of fragrant pine burning in fireplaces and the crisp, cold morning air made one pause and delight in a perfect day. (Ruidoso News Photo)

Bank Securities, Inc. Tells Acquisitions

Bank Securities, Inc., New Mexico's first domestic registered bank holding company with banks located in six New Mexico areas covering 18 locations, in continuing its growth program recently announced the signing of an agreement, subject to the approval of the Federal Board of Governors of the Federal Reserve System in Washington, D. C. and other regulatory agencies, to acquire the majority stock in the American National Bank in Silver City, Bank of Santa Fe in Santa Fe and the First National Bank in Clovis.

Ted A. Bonnell, president of Bank Securities, Inc., and Grant Brumlow, representing the majority stockholders of the three banks, in announcing the agreement recently, expressed a strong desire to see the growth of the three cities involved in the recent transactions by joining together the resources and strength of the stockholders of the three banks and Bank Securities, Inc., with the total resources of the three banks over $40,000,000.

Banks owned and operated by Bank Securities, Inc. include Security Bank and Trust in Alamogordo, Citizens State Bank in Vaughn, First State Bank in Rio Rancho Estates, American Bank of Carlsbad, Security Bank of Ruidoso and American Bank of Commerce in Albuquerque. BSI is now in the process of seeking approval of the regulatory agencies to acquire three additional banks, the First National Bank of Portales and the First National Bank of Roswell and Liberty National Bank of Lovington.

New Savings & Loan Branch For Ruidoso

"Approval from the Department of Banking of the State of New Mexico to establish a branch office in Lincoln County has been received and we expect to be in operation within six months," Fred W. Blocksom, president of Chaves County Savings and Loan Association, announced this week.

"Since we've been doing business with the folks of Lincoln County for over eight years and have made loans in excess of 2½ Million Dollars in that area, we're pleased to bring them the convenience and advantages of a modern savings and loan facility with service of their own."

Home of the new branch is to be on Sudderth Drive in Ruidoso, and plans for the building are in progress at the present time. Construction is planned to complement the scenic surroundings of the Ruidoso community, while reflecting the familiar architecture of the Chaves County Savings and Loan offices in Roswell.

The Lincoln County Branch of Chaves County Savings and Loan Association will be staffed by personnel experienced in the savings and loan business and familiar with the needs of the community which they will serve.

Chaves County Savings and Loan Association is Roswell's youngest and largest insured savings and loan association, with assets over 16 Million Dollars. A healthy growth of over 2½ Million Dollars was made in the past year and interest paid to depositors for the year ending Dec. 31, 1971 totaled more than $720,000.

The Chaves County Savings and Loan Association, established in 1920, is a member of Federal Home Loan Bank System with deposits insured by the Federal Savings and Loan Insurance Corporation. The home offices are located at 300 N. Pennsylvania, Roswell, New Mexico.

Idaho Falls, Idaho, Eastern Idaho Farmer: "Education is a wonderful thing. Ten years ago, hardly anybody knew what the word 'ecology' meant. Now everybody knows—and everybody also knows exactly what to do about it. In the brief span of a decade, they became authorities on the subject. Of course, there's wide disagreement on what should be done to protect and preserve the environment. What we really need, perhaps, is more ecology education. That's coming, too. It is generally agreed that if all of the opportunities in an expanding field in the United States, ecology offers everything."

MRS. B—

By CECELIA BARRON

Now that the holidays are over; I know the fathers are having a wonderful time with Junior's erector or construction sets, racers and trains — especially the trains. It's not their fault, if Santa didn't know Junior was too young to read the instructions. Oh, well, they may just as well enjoy them while waiting for Sonny to grow up.

As for the Mrs.: She enjoyed it while it lasted, 'dear things'; but she is glad it is over for one year. Now, what to do with so many egg beaters; boxes of stationery (she does so hate to write letters) and wishes she could wear that size 8 frock Sam gave her. He always did select dainty petite things. Maybe she can diet now. But what in the world will she do with so many 'left overs'?

If we are to do our economical or ecology bit; we will want to use every morsel of turkey. After the meat has been put in the freezer; you can cover the bones with water and boil until the bits of meat drop off. Remove the bones and this makes a tasty soup or broth. Add any left overs you desire for the soup, but for the broth: add tomato juice; season to taste; snitching a little liqueur. Serve piping hot in your new mugs; after an invigorating day of skiing.

I hope you have saved the tubes that held the wrapping paper and roll back what is on your packages; fastened with a rubber band or piece of tape; packed away with our tree trimmings, it is ready for next year. We must have all the rosettes and bows; many boxes may be stacked in each other and saved also.

I am sure each of us may think of ways, in the future, in which to save trips to the market. Did you ever try to see how long you could make your supplies and food last before you had to buy more? This is a real challenge. But if you want to learn more about this: ask anyone who has lived through several depressions and wars. The only difference in then and now is: We never did have 'it'. You have 'it' now but may have to do without in later years; which will hurt. Ouch!

It would be nice though if the entire family could ride together in one car, as we used to do, and not take a car apiece. It should be mandatory that: not less than two ride in one car. It may come to that you know, dear people.

—Mrs. B—

Withholding Tables Won't Be Replaced

Bureau of Revenue officials announced today that no new state withholding tables will be issued to employers in January. The tables issued Jan. 1, 1971 will remain in effect until further notice.

As a result of the recent enactment of the 1971 Revenue Act, the Internal Revenue Service is issuing new tables which will be effective for wages paid after Jan. 15, 1972. The state withholding tables are constructed in such a way that most of the changes in the federal tables are automatically compensated for and thus new state tables are not required.

Bureau officials urged employees to check their withholding, both state and federal, once the new federal tables become effective to insure that the amount withheld will correspond to what the employee estimates his 1972 income tax liability will be. Adjustments should be made to compenstate for any excessive over or underwithholding.

GRASSROOTS OPINION

St. Cloud, Fla., News: "Our American Democracy is the subject of the most criticism from its people of any government in the world. But it is still the best government ever devised by man. The very criticism which our people hurl at it is because, here in America, people are free to criticle. The right to dissent peaceably is one of our most cherished freedoms. We can cuss it and damn it. We can holler our lungs out about 'Why don't they do this?' or 'Why don't they do that?' We can even parade the streets with banners of protest. But no one of us would trade it for that of any other government in the world."

By FRED BUCKLES

Conservative State Rep. Ralph Petty, D-Lincoln-Sierra, says $10 million of the expected state general fund surplus should be added to the present $10 million reserve by the legislature Jan. 18.

A Ruidoso banker, Rep. Petty notes the existing reserve is only 4 to 5 per cent of a $262-million general fund budget. Democratic Gov. Bruce King anticipates a $294-million state budget next fiscal year.

A two-term House member, Rep. Petty says the cushion should be raised to 8 to 10 per cent. He favors legislative action on piping hot legislative reapportionment in the regular 30-day session instead of a special session.

Senate and House districts may be reshuffled under a Santa Fe County District Court decision that invalidated 1971 legislative reapportionment laws and handed the ticklish job back to lawmakers for another try.

The voided law placed Petty in a new district of Lincoln and Guadalupe Counties with 12,529 population in the 1970 federal census. This is 12.44 per cent below the norm of 14,310 per House district and the Lincoln-Guadalupe district would be overrepresented 12.44 per cent.

Petty wants to retain his present Lincoln-Sierra Counties district which is only 1.01 per cent over the norm and underrepresented slightly. The Lincoln-Sierra County district falls within the guidelines permitting maximum deviation of 5 per cent in population among House districts.

The reapportionment gut issue will underline most other subjects the legislature considers in the session and probably spark much vote trading.

Rep. Petty is on the House Transportation Committee that will act on the highly controversial Legislative Finance Committee bill to increase truck taxes and fees $6.519 million a year. Petty favors a truck tax-fee boost but does not necessarily endorse the LFC-recommended level.

He says he opposes tax increases in the coming lawmaking session except those adopted to erase inequities. Petty favors strongly a proposal to build a wing for academic classroom purposes for $350,000 to $400,000 at Carrie Tingley Hospital for Crippled Children at Truth or Consequences.

Petty says the badly needed addition should be funded with a flat appropriation from the expected state general fund surplus. He supports over-all $0 to $3 million in non-recurring capital improvement expenditures. All projects would be financed from the projected surplus.

He would defer consideration of the steaming land use control issue to the 60-day 1973 Legislature. Petty whacked Reps. David Salman, D-Union-Mora-Harding, and James Koch, D-Santa Fe, who have shaped land use control bills for the session opening Jan. 18.

Rep. Petty said: "These guys ought to quit running for higher office and tend to their House business. Then after the session they can tell the people how they feel about land use legislation." Salman is House majority leader. Koch is House Natural Resources Committee chairman. The HNRC battled almost 60 days over land use legislation in 1971. All bills were finally scrapped.

State Liquor Director assessed these fines against licensees after informal hearings on alleged violations: George Weir, licensee at City Bar near Eunice, was fined $400. Jaramillo suspended $200 of the $400 pending no added violations for 6 months. The citation alleged violation of sanitation requirements. The liquor chief alleged the business was not using required detergents to wash glasses.

Richard K. Wooten, doing business as El Rayado Bar at Cimarron, was fined $300 and $75 of the fine was suspended. The licensee was charged with not maintaining legal hours and days of operation.

The State Alcoholic Beverage Control Department said the bar was open Sunday, Dec 5 in Colfax County. Colfax County rejected Sunday liquor sales in the Nov 2 special election.

Carrizozo Country Club was fined $300 and $125 of the fine was suspended on a charge of sale of beer to a non-member Nov. 27. The ABCD said Alton Whitecher was listed as president of Carrizozo Country Club. Club officials pleaded nolo contendere (no contest) to the allegation.

Bowlin, Inc., operator of the Flying C Ranch on Interstate 40 in Torrance County 17 miles east of Clines Corners, was fined $250 and $100 of the fine was suspended. The ABCD alleged the licensee failed to separate liquor stock from other merchandise on Sunday. The state agency said Claude M. Bowlin is listed as president of Bowlin, Inc.

District Judge Lyle Teutsch, Jr. of Santa Fe set a hearing Feb. 1 on a suit by the City of Santa Rosa against Liquor Director Carlos Jaramillo.

Jaramillo overrode an adverse 3-0 recommendation by Santa Rosa City Council. He approved transfer of location and ownership of a dispenser liquor license from Joberto Lucero 2½ miles west of Santa Rosa to Camilo Sanchez inside Santa Rosa limits of a motel.

The Santa Rosa suit challenges Jaramillo's authority to approve transfer of a liquor license from the 5-mile zone around a city into a city.

A similar suit by the City of Truth or Consequences against Jaramillo is pending before District Judge Santiago Campos of Santa Fe. Judge Campos says he may rule after Judge Teutsch hears the Santa Rosa case or issue a decision earlier. Judge Campos held a hearing Oct. 23 in the Truth or Consequences case. A license held by Charlie R. Jones was moved from the Williamsburg area into Truth or Consequences and leased over the city council's objections.

The State Corporation Commission set a hearing Jan. 11 at Lordsburg on the application of Irvin H. Cornelisen, doing business as Ranch House Taxi, to serve points in Hidalgo County points in Dona, Dona Ana and Grant Counties.

BUILDING TRADES CLASS — The Ruidoso High School Building Trades class, directed by Wayne Wood, is now building a 2-bedroom home as a project. The house will be completed by the 19 boys in the class and then offered for sale. Several offers for the building have already been received. The vocational education class offers practical instruction in carpentry. (Ruidoso News Photo)

Employed Business Expenses: What's Deductible and What Isn't

One of the largest "gray" areas faced by the average taxpayer each year is what constitutes a legal deduction for money he spends in connection with his job, which is not reimbursed by his employer.

What is a legal deduction? What isn't? In an effort to solve this hangup, H & R Block, America's Largest Tax Service, offers the following suggestions based on common deductions usually overlooked by the taxpayer.

Union and professional dues are all deductible and frequently forgotten. The cost of equipment an employee must purchase to perform his job is also deductible. This includes tools such as hammers, saws and draftsman's instruments. It also includes such items as a railroad conductor's watch, a musician's trumpet or violin, a photographer's camera, lenses and film, or a plumber's wrench and plunger. In general, says H & R Block, any piece of equipment an employee must buy to perform his job is deductible. The expense may be deducted all at once, if the equipment has a useful life of only a year, or depreciated over a period of years. However, any such expenses are deductible only if the taxpayer (self-employed persons are an exception) itemizes his deductions on Schedule A.

Another problem area in determining deductions is the cost of job-related educational expenses. If a course is taken to maintain or improve existing job skills, or if it is taken because it is required by your employer, it is normally deductible. For example, if your boss tells you, a computer programmer, that you must take a 12-week course in advanced computer techniques, you can deduct your tuition, books, and transportation to the extent that your employer does not reimburse you.

What is and what isn't deductible? If in doubt, says H & R Block, seek qualified tax help.

Your Social Security

Students 18 to 22 who collect social security are reminded to report their earnings and any changes in school enrollment, attendance, or marital status to their social security offices.

The reminder comes from Mrs. Christine Graves, social security field representative.

"If a student beneficiary is not going to be back in school next semester or starts attending on a part-time basis, he needs to notify social security immediately," Mrs. Graves said. "Either of these changes in his status as a student will stop his monthly benefits if he is 18 or over.

"A student's total yearly earnings from part-time or temporary jobs as well as self-employment can also affect his benefits. Any student in the Ruidoso area who knows his earnings for 1971 exceeds $1,680 should report this to social security promptly," Mrs. Graves said.

GRASSROOTS OPINION

Randolph, Iowa, Enterprise: "And, speaking of words, isn't it strange how the meaning of some words has changed thru the years. Back in Mark Twain's day, the meaning of 'square' was one of the best in our language . . . Then, somehow that good, honest word got bent all out of shape and its meaning twisted. Now, the word 'square' means 'a man who never learned to get away with it. A Joe who volunteers when he doesn't have to. A guy who gets his kicks from trying to do something better than anyone else. A dummy who gets so lost in his work that he has to be reminded to go home. He doesn't fit too well in the current crop of angle-players, corner-cutters, chamber-hoppers and goof-offs. He doesn't want to fly and pay later. He's burdened with old-fashioned ideas of honesty, loyalty, courage and thrift.' If you're called 'square' now you can't know whether you're a pretty good guy or just a plain boob!"

WHAT IS IT?—One hardly needs to ask what make of automobile is covered with snow here. With only the rear view mirror showing, this car parked in front of the Bucky Morrison home, looked like a plaster image of the real thing. Snow covered trees and a "White" mountain in the background complete the beautiful winter scene.

The SILVER LINING

By DANIEL A. STORM

Well, here we are in a bright and snowy New Year — Starting off with high hopes for a good prosperous winter and a fine green summer with lots of grass and water and apples and many beautiful wild flowers.

Christmas in the hospital was very wonderful. I opened many a beautiful Christmas package. And many gifts were brought to me in person. Bill and Scotty McGuire brought me a book entitled "One Thousand Beautiful Tulips."

Collins Walker from over on the Benito at Angus paid me two fine visits and brought me some favorite Western stories to read.

My two little Christmas trees are still in the room. One is a little pine tree brought by Helen and Phil Hainte. And the other is a beautiful piñon decorated with orange, green and yellow "Ojos de Dios" — These early Spanish-Indian Christmas decorations, all prepared by Father John Miner.

The last few days I have received some Christmas remembrances from Peg and Leota Pfingsten.

All in all, this has been one of the most blessed Christmases - New Year seasons of my entire life; and I do not know how to thank you all. All I can say is, "May God bless and keep you every one."

My dog, Shady Logan, is in good hands at the home of Mr. and Mrs. Ed Hebert. Mrs. Hebert is the former Jo Morrison. I thought I might let him say a few words here in the Silver Lining."

Dear Friends:

Thanks to so many of you "The Ridge Runner" will be up and around one of these days. And I want to thank all of you from the bottom of my heart.

One of the greatest things for the Ridge Runner is for him to know that I have a good home here with Ed and Jo Hebert. They treat me as one of the family. There is a nice cat here in the house. And a very friendly Daschund. I have the finest of food and a good warm place to live, and the care of loving friends.

There is really no way to repay a great kindness such as the Heberts have done for me and the Ridge Runner.

But God remembers all this. And all the kindness you good people all over this great neighborhood are written down in the Great Book. You people have given me and Dannie one of the best Christmas-New Year seasons we have ever had.

Friends, never fear, our Ridge Runner is in good hands. We have as fine a doctors and nurses here as anywhere in the world. I hear that Dr. Amala has made a skin graft on Dannie. This will help a lot.

I want to thank Dannie's fellow workers for staying by him so well through all of this:

Joe Nail, Leo Joiner, Conrad Keys, Albert Saledo, Rudy Tafoya, Jud Judkens, Anselmo Rael, Arturo Gallegos, Ed Hebert, Cliff Bryan, Bob Herndon and Ray Reed.

Also my gratitude goes out to those who are helping look after our place: Paul Jones, Dude Browning, Pat Dunahoo, Bob and Betty Lambert, Mike Gonzales, and all of our other close neighbors and long-time friends. (This includes every [illegible] in the neighborhood — For Dannie and I do not have an enemy in the world.)

Folks, it is times like these that brings out the best in us all; and again I thank you one and all from the bottom of my heart. I hope to see all of you during the New Year, and until then, I beg to remain,

Your lovingly, ever the same,
—Shady Logan

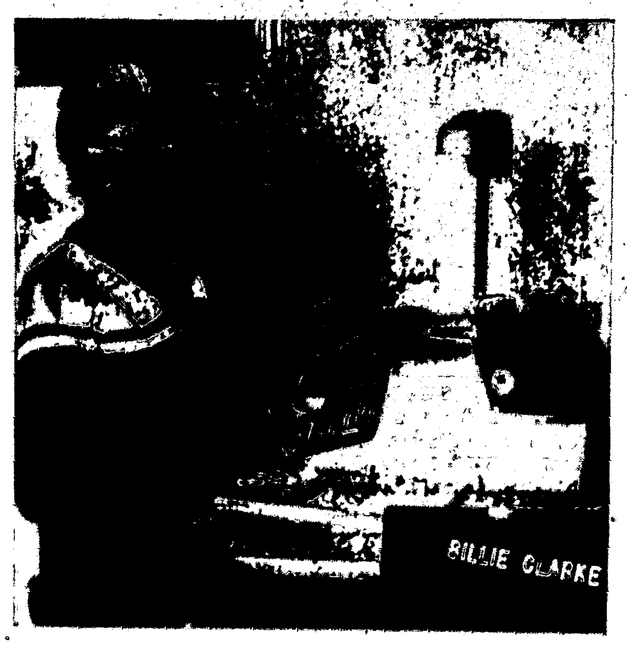
'Round School

By LINDA WEBB

Now that the Christmas holidays are over, it is time for students to settle back into the daily routine of school work again. Semester exams will soon be here along with deficiency reports. . . . Half of the school year is almost gone. To some it seems that time has flown and to others it has seemed a century. To the graduating seniors this year, the second semester will at first not go quickly enough, but as the time draws nearer, they will not find time enough to do all the things that have to be done: Senior play, sneak day, announcements, and finally graduation!. . . . The Warriors have been playing great basketball and were proudly declared "All Tourney Champs" in the pre-holiday tournament held here in Ruidoso. Four Ruidoso Warriors, Reeves McGuire, Gorden Howell, Blane Miller and Corky Conley were named to the "All Tourney Team" selected from all the teams who participated. Coach Hood receives a Winning Coach's trophy. . . . The Ruidoso High School library has ordered some new books to increase their selection of reading material for the students to choose from. Some of the books on order are: "ESP in Life and Lab", "God is for Real, Man", "My Appalacia", "Understanding the Stock Market", "American Indian Mythology", "Antique Automobiles", "World of Rod McKuen", and "Yeutushenico Poems". The books are due any day. . . . Mary Shaffer, who has been a student in the Ruidoso school system for three and a half years will be graduating this semester. Mary has the required credits and will be attending Eastern New Mexico University in Portales next semester. Mary was a member of many activities in Ruidoso including National Honor Society, Student Council, Future Homemakers of America, Future Teachers of America, Pep Club and Distributive Education Clubs of America. . . . An Elks' sponsored teenage western dance was held at the Elks Lodge Saturday, Jan. 1. The Graham band entertained and there was quite a crowd. Party hats and noisemakers were handed out to celebrate the New Year. Another dance was set for Jan. 29. All teens are welcome. . . . The Speech class play, "Sleeping Beauty" is progressing fine. The play will be performed Jan. 27.



38th YEAR HERE—Billie Clarke, Ruidoso resident since January, 1934, this month began her 38th year as a resident of the Ruidoso area. In addition to her daily responsibilities at the Ruidoso State Bank, Mrs. Clarke is also active in the insurance field, handling life and hospitalization, and active in community projects. (Ruidoso News Photo)

January, '72 Marks 38th Year Here For Billie Clarke

January, 1972, for Ruidoso's Billie Clarke, marked the beginning of her 38th year as a resident of the Ruidoso area, a distinction not held by many present day Ruidoso residents.

Mrs. Clarke stays extremely active with her many responsibilities, many of which had their beginning when she arrived in Ruidoso from Stamford, Texas with her late husband Ebell Clarke, in January, 1934.

She is currently head of the Ruidoso State Bank's insurance department, among other responsibilities at the bank, and is also in partnership with her son, Ray Clarke, Ruidoso, as co-owners of the Ruidoso and Carrizoso Chapel of Roses Mortuaries.

Perhaps one of her first loves is insurance. She and her late husband opened the Clarke Insurance Agency in Ruidoso in 1944 and in April, 1970, she sold her interests to the Perkett-Parks and Associates firm of Ruidoso, Mr. Clarke died in 1957.

She has represented, since 1947, the General American Life Ins. Co., and sells, through this company, life and hospital insurance. She recently stated, "A lot of people thought when I sold Clarke Insurance Agency, I was completely out of the insurance business. On the contrary, I have retained my Life and Hospital Insurance licenses and still service and sell life and hospital insurance policies." She continued, "I service and sell insurance policies to our area residents through appointments either made through my office at the bank or from my home."

Outside of her official duties at the bank and her life and hospital insurance vocation, she is active in many community and civic organizations and activities. She is chairman of the annual Old Timers Appreciate Celebration, chairman of the Ruidoso Cemetery Board, member of the Beta Sigma Phi Sorority, and a member of the Ruidoso Community Methodist Church.

Toll Free Service Told For Taxes

Speedier and more convenient tax service will be available to New Mexico taxpayers through expansion of the IRS telephone tax assistance, it was announced today by Maurice E. Johnson, District Director of Internal Revenue.

The expanded telephone tax assistance is now in effect and will enable taxpayers in New Mexico to reach the IRS Albuquerque office by simply placing a local toll-free phone call anytime during normal business hours. Previously, some taxpayers could reach IRS only on certain days or by paying for a toll call.

Mr. Johnson said the telephone number to call for tax and economic stabilization assistance and information is 843-2507 or 843-3101; in Roswell 622-1670; and for the rest of New Mexico the number is 1-800-432-6880.

The expanded telephone service will enable many taxpayers to take care of tax and economic stabilization matters that formerly required a visit or a letter to IRS. For instance, a taxpayer with a question about a tax bill or notice may now be able to get the answer quickly by phone.

The expanded telephone service will not only be more convenient for many taxpayers, Johnson said, but will also be more helpful. By concentrating phone service facilities and personnel, IRS can give more effective and responsive attention to taxpayer inquiries. A matter that formerly took weeks to settle by letter or personal visit can now be handled during the course of a phone call.

"New" Math Classes Set By Eastern For Ruidoso Area

Two mathematics classes, "Elementary Numbers Concepts" and "Mathematics for In-Service Teachers", are being offered in Ruidoso as spring semester extension classes of Eastern New Mexico University.

In the course on "Elementary Numbers Concepts", instructor Tom Beldelman will provide a background in both the spirit and content of modern mathematics. "Mathematics for In-Service Teachers" is a graduate level course designed to provide teachers with up-to-date information on the teaching of math.

Registration for both classes will be at the first class meeting beginning at 7 p.m. Jan. 13 in Room 1A of Ruidoso High School. The classes are scheduled to meet from 7 to 9:30 each Thursday evening.

The "new math", as it is sometimes called, is designed to encourage children to make discoveries for themselves, to see relationships, and to make generalizations, explained H. G. Codling, director of extension at Eastern. Teachers and parents interested in learning how math is being taught to their children will receive instruction in the use of sets, equations, inequalities, real numbers, negative numbers, and number theory, he added.

Registration fee for each class is $45.50. A special fee policy has been adopted for New Mexico residents 65 years of age or older. Senior citizens may take either of the classes without charge on an audit basis if space is available.

Additional information on the Ruidoso courses is available from Codling by writing him at Eastern New Mexico University, Portales, N. M. 88130, or by calling him at 562-2211 in Portales.

Lower Welfare Costs?

Welfare recipients who are able-bodied shall accept work as as a condition of eligibility for benefit payments. This provision has been in New York State laws for more than a quarter-century.

What happened when someone decided to enforce this provision?

Well, one commissioner of welfare investigated the rolls in his county and found 50 men who were able-bodied and who, in his opinion, were able to work. He then directed them to report at the highway department.

Fifteen of the 50 remain on the rolls because of legal reasons, which are being processed, and two others can't work because they're ill. BUT . . .

Eight promptly asked to be taken off the relief rolls and two moved away.

Five refused to report for work; so, their benefits were cancelled.

Then nine more decided they wouldn't work either—thus, no more benefit checks.

Nine did report for work. They immediately began their highway clean-up jobs, being credited at $1.85 an hour to pay for the relief they receive. Two of these men proved to be exceptionally good workers and accepted permanent jobs in the highway department, becoming self-supporting citizens.

Suppose every welfare commissioner followed this example! It would make a big dent in the welfare mess and also help clean up our communities.

ENMU Annual Musical Promotion

Cathy Hine To Appear In "Swanee" For Second Year

A portion of the Ruidoso area's contribution towards making New Mexico's theme as the Land of Enchantment a reality, is in the person, poise and talent of one Miss Cathy Hine, daughter of Mr. and Mrs. James L. Hine of Ruidoso.

For the second consecutive year Miss Hine, an Eastern New Mexico University sophomore, has been selected for the coveted and much sought after role of Swanee Girl in the University's annual musical production of "Swanee."

To define her role in the university's nearly one quarter of a century in annual performances of the special stage production would be to say that, "She is artistically delightful and enchantingly beautiful with an abundance of talent to spare."

Only six university girls, out of the hundreds who try out, are chosen. They are given the Swanee Girl part based upon physical features, height, audience appeal and a special kind of talent. The Swanee Girls open the university's annual musical spectacular number.

Miss Hine is also a Swanee dancer in the production and dances in four dance numbers as well as sings in several other scenes. There are over fifty members in the overall production of the former Broadway musical.

This year's production of Swanee, scheduled for Jan. 14, 15, 17, 18, 19, will include four main sequences, the Party, season, Time, and Riverboat sequences. The cast will sing, among other selections, "It's a Time For Making Merry", "Evil Ways", "Open A New Window", "June Is Bustin' Out All Over", and "Waiting For The Robert E. Lee". The show begins each night at 8:00 p.m. and lasts around two hours.

The annual production is presented by the ENMU Department of Music and is under the directorship of John Sherry. The Swanee Girls and the Swanee Dancers are directed by former Miss New Mexico, Karen Slab.

Tickets for Swanee may be obtained by mailing a self-addressed and stamped envelope with a check for $3 per ticket to ENMU Information Desk, Eastern New Mexico University, Portales, N. M. 88130.

Miss Hine, a 1970 Ruidoso High School graduate, has a 3.4 grade average at ENMU and has been named to the Dean's List for two semesters. She is majoring in business administration specializing in clerical training and hopes to complete her work there this year. She is a member of the Alpha Delta Pi Sorority and a member of Pike-O-Etto.

Her plans for the future include attending an internationally recognized flight stewardess training school in the Dallas-Ft. Worth, Texas area in hopes of becoming an airline stewardess.

SECOND CONSECUTIVE YEAR—Miss Cathy Hine, Ruidoso, for the second consecutive year, has been named as a Swanee Girl in the ENMU annual musical production of "Swanee" set for January 14-15-17-18-19, in Portales. Miss Hine is one of six girls chosen out of hundreds who apply for the coveted role. (Ruidoso News Photo)

Rev. George Brittian New Pastor of Ruidoso First Baptist Church

Rev. George Brittain, Grants, is scheduled to fill the pulpit of the First Baptist Church, Ruidoso, Sunday, Jan. 9.

The Rev. Brittain, last month, accepted the official call of the First Baptist Church to serve as pastor and will move to Ruidoso this month. A formal reception for the new pastor and his wife is reportedly planned for late in January.

Rev. Elvis Worden, Ruidoso Downs, will speak during the Sunday worship services, Jan. 16.

GRASSROOTS OPINION

Lennox, S. D., Independent: "Apparently the delegates to the United Nations, or the governments they represent, are still very dollar conscious and are willing to endure most anything for the assurance that Uncle Sap will keep on pouring money into that debating society. When a recent vote was taken to decide whether or not to move the U. N. headquarters from New York City to some other location—most likely another country—the vote was two to one in favor of leaving it where it is. This, in spite of the fact that nearly all the delegates confessed that New York City is congested, dirty, dangerous and very nearly intolerable. They knew that if the headquarters is moved to another country, the U. S. will probably lose interest in the United Nations and cut its support. Well, it seems to us that more than a few Americans have already lost interest and confidence in the U. N. and would just as soon see it moved to Siberia."

Everett, Wash., Herald: "What would you guess is the fastest-growing business in the United States? Electronics? Wrong. The correct answer is government. Roughly one of every seven employed Americans now works for the government—federal, state and local. And government employment is growing much faster than employment in private enterprise. In effect, every six private workers in the U. S. must support themselves and the seventh who theoretically works for them. It is now apparent why taxes at all levels are high and going higher?"

Kathy Campbell Now In Vermont

Kathy Campbell, well known area ski racer, is presently in the New England states competing in activities of the Can-Am Circuit. She was in competition in slalom and giant slalom at Stowe, Vt., Jan. 3 and continued on to Bromley, Vt. Jan. 4 and 5.

The next meet is slated for Jan. 16 and 17 at Madonna Mountain in New Hampshire.

Several European skiers are also competing in the events.

The Canadian-American circuit is composed of outstanding skiers from both countries and only Kathy and Barbie McIntyre of Steamboat Springs are allowed in the group to represent the Rocky Mountain Division.

Kathy has had a busy season, thus far, competing in races and meets almost from coast to coast.

The Can-Am group is the top amateur skiing group, outside the Olympic team, in the country.

The Olympic Talent Squad is chosen from members of the Can-Am group.

Junior Ski Racers Slate Busy Weekend

The Ruidoso Junior Ski Racers have two meets scheduled for this weekend, one at Aspen and the other at Angelfire.

Going to Aspen for downhill races this Friday, Saturday and Sunday are: Dale Pearson, Bryan Skinner, Sawyer Ward, Allen Campbell, Mark Wimberly and Doff Barnhouse. Al Pearson will accompany this group.

Slated for slalom races at Angelfire Sunday are: Steve Reynolds, Ben Westbrook, Cary Horton, Craig Mobley, Linda Mobley, Joe Hoover and Kevin Crawford.

GRASSROOTS OPINION

Detroit Lakes, Minn., Tribune: "Investigators have discovered that one reason student rioters throw rocks at police is because rocks are so often handy. The reason—an increased use of small ornamental stones in campus landscaping around shrubs and trees. Now one university is trying a preventive measure—gluing the rocks down. The University of Illinois at Urbana-Champaign is test-coating the rocks with a plastic which forms a rigid mass. If the experiment is successful, the whole campus will get plastered and fewer police will get stoned during student "riots."

STEPHEN, MINN., MESSENGER: "With one strike after another hitting almost everybody in the country — who is really winning? Nobody! What has been gained? Only ninety-four cents a month, after inflation has taken its bite, according to statistics issued by the Department of Labor (and who should know better?) In spite of incessant demands for more, more, more, the average union factory worker's buying power remains status quo, simply because the second that wages go up, so do prices. It's a constant pattern. And in the long run, nobody wins out. Unless you consider 94 cents a month big money. And at that, it's only temporary."

Beginning of the Year Big News For Ruidoso Area Is Weather

With 16 inches of new snow Monday night, the snowfall to date this winter has reached a total of 44 inches. The Ruidoso area has received snow almost every week since Thanksgiving. The snowfalls have generally been the first part of the week leaving the weekends clear and bright for excellent skiing.

The excellent snow is a dual blessing for residents of the area, in that it not only gives us one of the best skiing seasons in history but also fills our reservoirs with much needed water for our next summer season.

Although the Ruidoso area suffered one of the most severe droughts in historcy early last summer, with fire danger high and domestic water supplies barely taking us through the summer season, the end of the year total of precipitation shows that we were above average for the year.

The water shortage last summer prompted village residents to pass a general obligation bond, for better water storage and distribution facilities to handle the future growth of the area. The village actually has a plentiful supply of water but has been plagued with insufficient storage for use at the peak season, during mid-summer. With the new facilities, made possible through the passage of the bond issue, no problem should be encountered for a number of years even in the most severe drought.

To further insure adequate rainfall and snow, several groups in the area have banded together in a cloud seeding project for the Ruidoso area. Although there is still much to learn in the weather control field, the old saying by Mark Twain, "Everybody talks about the weather but no one does anything about it," seems to be a thing of the past.

"The tip you leave for a meal now would have bought it ten years ago."

We Know You Know, But May We Remind You?

We know you already know the advantages of a checking account: how it removes the temptation to mail money in envelopes and risk having it stolen; how it provides an accurate record of payments and expenses; saves wear and tear on feet, tires and disposition by removing the need to run around town paying bills. We'd just like to remind you... especially our part-time, pleasure citizens . . that if you don't have a checking account, come in today to the Ruidoso State Bank and open one. We welcome new business . . . no matter how large or small.

Bank Securities, Inc. Tells Acquisitions

Bank Securities, Inc., New Mexico's first domestic registered bank holding company with banks located in six New Mexico areas covering 18 locations, in continuing its growth program recently announced the signing of an agreement, subject to the approval of the Federal Board of Governors of the Federal Reserve System in Washington, D. C. and other regulatory agencies, to acquire the majority stock in the American National Bank in Silver City, Bank of Santa Fe in Santa Fe and the First National Bank in Clovis.

Ted A. Bonnell, president of Bank Securities, Inc., and Grant Brumlow, representing the majority stockholders of the three banks, in announcing the agreement recently, expressed a strong desire to see the growth of the three cities involved in the recent transactions by joining together the resources and strength of the stockholders of the three banks and Bank Securities, Inc., with the total resources of the three banks over $40,000,000.

Banks owned and operated by Bank Securities, Inc. include Security Bank and Trust in Alamogordo, Citizens State Bank in Vaughn, First State Bank in Rio Rancho Estates, American Bank of Carlsbad, Security Bank of Ruidoso and American Bank of Commerce in Albuquerque. BSI is now in the process of seeking approval of the regulatory agencies to acquire three additional banks, the First National Bank of Portales and the First National Bank of Roswell and Liberty National Bank of Lovington.

New Savings & Loan Branch For Ruidoso

"Approval from the Department of Banking of the State of New Mexico to establish a branch office in Lincoln County has been received and we expect to be in operation within six months," Fred W. Blocksom, president of Chaves County Savings and Loan Association, announced this week.

"Since we've been doing business with the folks of Lincoln County for over eight years and have made loans in excess of 2½ Million Dollars in that area, we're pleased to bring them the convenience and advantages of a modern savings and loan facility with service of their own."

Home of the new branch is to be on Sudderth Drive in Ruidoso, and plans for the building are in progress at the present time. Construction is planned to complement the scenic surroundings of the Ruidoso community, while reflecting the familiar architecture of the Chaves County Savings and Loan offices in Roswell.

The Lincoln County Branch of Chaves County Savings and Loan Association will be staffed by personnel experienced in the savings and loan business and familiar with the needs of the community which they will serve.

Chaves County Savings and Loan Association is Roswell's youngest and largest insured savings and loan association, with assets over 16 Million Dollars. A healthy growth of over 2½ Million Dollars was made in the past year and interest paid to depositors for the year ending Dec. 31, 1971 totaled more than $750,000.

The Chaves County Savings and Loan Association, established in 1929, is a member of Federal Home Loan Bank System with deposits insured by the Federal Savings and Loan Insurance Corporation. The home offices are located at 300 N. Pennsylvania, Roswell, New Mexico.

Idaho Falls, Idaho, Eastern Idaho Farmer: "Education is a wonderful thing. Ten years ago, hardly anybody knew what the word 'ecology' meant. Now everybody knows—and everybody also knows exactly what to do about it. In the brief span of a decade, they became authorities on the subject. Of course, there's wide disagreement on what should be done to protect and preserve the environment. What we really need, perhaps, is more ecology education. That's coming, too. It is generally agreed that if all of the opportunities in an expanding field in the United States, ecology offers everything."

MRS. B—

By CECELIA BARRON

Now that the holidays are over; I know the fathers are having a wonderful time with Junior's erector or construction sets, racers and trains—especially the trains. It's not their fault, if Santa didn't know Junior was too young to read the instructions. Oh, well, they may just as well enjoy them while waiting for Sonny to grow up.

As for the Mrs.: She enjoyed it while it lasted, 'dear things'; but she is glad it is over for one year. Now, what to do with so many egg beaters; boxes of stationery (she does so hate to write letters) and wishes she could wear that size 8 frock Sam gave her. He always did select dainty petite things. Maybe she can diet now. But what in the world will she do with so many 'left overs'?

If we are to do our economical or ecology bit; we will want to use every morsel of turkey. After the meat has been put in the freezer; you can cover the bones with water and boil until the bits of meat drop off. Remove the bones and this makes a tasty soup or broth. Add any left overs you desire for the soup, but for the broth: add tomato juice; season to taste; snitching a little liqueur. Serve piping hot in your new mugs; after an invigorating day of skiing.

I hope you have saved the tubes that held the wrapping paper and roll back what is on your packages; fastened with a rubber band or piece of tape; packed away with our tree trimmings, it is ready for next year. We must have all the rosettes and bows; many boxes may be stacked in each other and saved also.

I am sure each of us may think of ways, in the future, in which to save trips to the market. Did you ever try to see how long you could make your supplies and food last before you had to buy more? This is a real challenge. But if you want to learn more about this: ask anyone who has lived through several depressions and wars. The only difference in then and now is: We never did have 'it'. You have 'it' now but may have to do without in later years; which will hurt. Ouch!

It would be nice though if the entire family could ride together in one car, as we used to do, and not take a car apiece. It should be mandatory that: not less than two ride in one car. It may come to that you know, dear people.

—Mrs. B---

Withholding Tables Won't Be Replaced

Bureau of Revenue officials announced today that no new state withholding tables will be issued to employers in January. The tables issued Jan. 1, 1971 will remain in effect until further notice.

As a result of the recent enactment of the 1971 Revenue Act, the Internal Revenue Service is issuing new tables which will be effective for wages paid after Jan. 15, 1972. The state withholding tables are constructed in such a way that most of the changes in the federal tables are automatically compensated for and thus new state tables are not required.

Bureau officials urged employees to check their withholding, both state and federal, once the new federal tables become effective to insure that the amount withheld will correspond to what the employee estimates his 1972 income tax liability will be. Adjustments should be made to compenstate for any excessive over or underwithholding.

GRASSROOTS OPINION

St. Cloud, Fla., News: "Our American Democracy is the subject of the most criticism from its people of any government in the world. But it is still the best government ever devised by man. The very criticism which our people hurl at it is because, here in America, people are free to criticle. The right to dissent peaceably is one of our most cherished freedoms. We can cuss it and damn it. We can holler our lungs out about 'Why don't they do this?' or 'Why don't they do that?' We can even parade the streets with banners of protest. But no one of us would trade it for that of any other government in the world."

Inside The Capital

By FRED BUCKLES

Conservative State Rep. Ralph Petty, D-Lincoln-Sierra, says $10 million of the expected state general fund surplus should be added to the present $10 million reserve by the legislature Jan. 18.

A Ruidoso banker, Rep. Petty notes the existing reserve is only 4 to 5 per cent of a $262-million general fund budget. Democratic Gov. Bruce King anticipates a $294-million state budget next fiscal year.

A two-term House member, Rep. Petty says the cushion should be raised to 8 to 10 per cent. He favors legislative action on piping hot legislative reapportionment in the regular 30-day session instead of a special session.

Senate and House districts may be reshuffled under a Santa Fe County District Court decision that invalidated 1971 legislative reapportionment laws and handed the ticklish job back to lawmakers for another try.

The voided law placed Petty in a new district of Lincoln and Guadalupe Counties with 12,529 population in the 1970 federal census. This is 12.44 per cent below the norm of 14,310 per House district and the Lincoln-Guadalupe district would be overrepresented 12.44 per cent.

Petty wants to retain his present Lincoln-Sierra Counties district which is only 1.61 per cent over the norm and underrepresented slightly. The Lincoln-Sierra County district falls within the guidelines permitting maximum deviation of 5 per cent in population among House districts.

The reapportionment gut issue will underline most other subjects the legislature considers in the session and probably spark much vote trading.

Rep. Petty is on the House Transportation Committee that will act on the highly controversial Legislative Finance Committee bill to increase truck taxes and fees $6.519 million a year. Petty favors a truck tax-fee boost but does not necessarily endorse the LFC-recommended level.

He says he opposes tax increases in the coming lawmaking session except those adopted to erase inequities. Petty favors strongly a proposal to build a wing for academic classroom purposes for $300,000 to $400,000 at Carrie Tingley Hospital for Crippled Children at Truth or Consequences.

Petty says the badly needed addition should be funded with a flat appropriation from the expected state general fund surplus. He supports over-all $6 to $8 million in non-recurring capital improvement expenditures. All projects would be financed from the projected surplus.

He would defer consideration of the steaming land use control issue to the 60-day 1973 Legislature. Petty whacked Reps. David Salman, D-Union-Mora-Harding, and James Koch, D-Santa Fe, who have shaped land use control bills for the session opening Jan. 18.

Rep. Petty said: "These guys ought to quit running for higher office and tend to their House business. Then after the session they can tell the people how they feel about land use legislation." Salman is House majority leader. Koch is House Natural Resources Committee chairman. The HNRC battled almost 60 days over land use legislation in 1971. All bills were finally scrapped.

State Liquor Director assessed these fines against licensees after informal hearings on alleged violations: George Weir, licensee at City Bar near Eunice, was fined $400. Jaramillo suspended $200 of the $400 pending no added violations for 6 months. The citation alleged violation of sanitation requirements. The liquor chief alleged the business was not using required detergents to wash glasses.

Richard K. Wooten, doing business as El Rayado Bar at Cimarron, was fined $300 and $75 of the fine was suspended. The licensee was charged with not maintaining legal hours and days of operation.

The State Alcoholic Beverage Control Department said the bar was open Sunday, Dec. 5 in Colfax County. Colfax County rejected Sunday liquor sales in the Nov. 2 special election.

Carrizozo Country Club was fined $300 and $125 of the fine was suspended on a charge of sale of beer to a non-member Nov. 27. The ABCD said Alton Whitecher was listed as president of Carrizozo Country Club. Club officials pleaded nolo contendere (no contest) to the allegation.

Bowlin, Inc., operator of the Flying C Ranch on Interstate 40 in Torrance County 17 miles east of Clines Corners, was fined $250 and $100 of the fine was suspended. The ABCD alleged the licensee failed to separate liquor stock from other merchandise on Sunday. The state agency said Claude M. Bowlin is listed as president of Bowlin, Inc.

District Judge Lyle Teutsch, Jr. of Santa Fe set a hearing Feb. 1 on a suit by the City of Santa Rosa against Liquor Director Carlos Jaramillo.

Jaramillo overrode an adverse 3-0 recommendation by Santa Rosa City Council. He approved transfer of location and ownership of a dispenser's liquor license from Jubentto Lucero 2½ miles west of Santa Rosa to Camilo Sanchez inside Santa Rosa limits at a motel.

The Santa Rosa suit challenges Jaramillo's authority to approve transfer of a liquor license from the 5-mile zone around a city into a city.

A similar suit by the City of Truth or Consequences against Jaramillo is pending before District Judge Santiago Campos of Santa Fe. Judge Campos says he may rule after Judge Teutsch hears the Santa Rosa case or issue a decision earlier. Judge Campos held a hearing Oct. 28 in the Truth or Consequences case. A license held by Charlie R. Jones was moved from the Williamsburg area into Truth or Consequences and leased over the city council's objections.

The State Corporation Commission set a hearing Jan. 11 at Lordsburg on the application of Irvin H. Cornelison, doing business as Ranch House Taxi, to serve points in Hidalgo County points in Luna, Dona Ana and Grant Counties.

BUILDING TRADES CLASS — The Ruidoso High School Building-Trades class, directed by Wayne Wood, is now building a 2-bedroom home as a project. The house will be completed by the 19 boys in the class and then offered for sale. Several offers for the building have already been received. The vocational education class offers practical instruction in carpentry. (Ruidoso News Photo)

Employee Business Expenses: What's Deductible and What Isn't

One of the largest "gray" areas faced by the average taxpayer each year is what constitutes a legal deduction for money he spends in connection with his job, which is not reimbursed by his employer.

What is a legal deduction? What isn't? In an effort to solve this hangup, H & R Block, America's Largest Tax Service, offers the following suggestions based on common deductions usually overlooked by the taxpayer.

Union and profesional dues are all deductible and frequently forgotten. The cost of equipment an employee must purchase to perform his job is also deductible. This includes tools such as hammers, saws and draftsman's instruments. It also includes such items as a railroad conductor's watch, a musician's trumpet or violin, a photographer's camera, lenses and film, or a plumber's wrench and plunger. In general, says H & R Block, any piece of equipment an employee must buy to perform his job is deductible. The expense may be deducted all at once, if the equipment has a useful life of only a year, or depreciated over a period of years. However, any such expenses are deductible only if the taxpayer (self-employed persons are an exception) itemizes his deductions on Schedule A.

Another problem area in determining deductions is the cost of job-related educational expenses. If a course is taken to maintain or improve existing job skills, or if it is taken because it is required by your employer, it is normally deductible. For example, if your boss tells you, a computer programmer, that you must take a 12-week course in advanced computer techniques, you can deduct your tuition, books, and transportation to the extent that your employer does not reimburse you.

What is and what isn't deductible? If in doubt, says H & R Block, seek qualified tax help.

Your Social Security

Students 18 to 22 who collect social security are reminded to report their earnings and any changes in school enrollment, attendance, or marital status to their social security offices.

The reminder comes from Mrs. Christine Graves, social security field representative.

"If a student beneficiary is not going to be back in school next semester or starts attending on a part-time basis, he needs to notify social security immediately," Mrs. Graves said. "Either of these changes in his status as a student will stop his monthly benefits if he is 18 or over.

"A student's total yearly earnings from part-time or temporary jobs as well as self-employment can also affect his benefits. Any student in the Ruidoso area who knows his earnings for 1971 exceeds $1,680 should report this to social security promptly," Mrs. Graves said.

GRASSROOTS OPINION

Randolph, Iowa, Enterprise: "And, speaking of words, isn't it strange how the meaning of some words has changed thru the years. Back in Mark Twain's day, the meaning of 'square was one of the best in our language . . . Then, somehow that good, honest word got bent all out of shape and its meaning twisted. Now, the word 'square' means 'a man who never learned to get away with it. A Joe who volunteers when he doesn't have to. A guy who gets his kicks from trying to do something better than anyone else. A dummy who gets so lost in his work that he has to be reminded to go home. He doesn't fit too well in the current crop of angle-players, corner-cutters, sharp-shooters and goof-offs. He doesn't want to fly and pay later. He's burdened with old-fashioned ideas of honesty, loyalty, courage and thrift.' If you're called 'square' now you don't know whether you're a pretty good guy or just a plain boob!"

Capitan News

By BARTLEY McDONOUGH

We were glad to learn that the following Capitan exes made the dean's list (honor roll) for the first semester: Jimmy Don Wright, 1970 Capitan graduate. Jimmy is a sophomore at NMSU majoring in Range Management and Wildlife. Jan Randle Barham was also on the dean's list at NMSU. Jon is a 1968 Capitan graduate majoring in elementary education at NMSU. Lynn Williams also made the dean's list at Eastern New Mexico University. Lynn is a 1967 Capitan graduate who has completed all her requirements for a bachelor's degree in elementary education. There may be other Capitan graduates who should be included here that we do not know about.

We are adding Jan Randle Barham, Jimmy Don Wright and Larry Trujillo to the list of college students receiving The Ruidoso News free through the courtesy of the Ruidoso State Bank and The Ruidoso News.

The Goodyear Company has honored two local ranchers representing the Upper Hondo Soil and Water Conservation District. This district received this company's conservation award as the most outstanding district in New Mexico for 1971.

William J. Edgar, Capitan, and A. T. Pfingsten of Hondo were recent guests of the Goodyear plant at Litchfield Park, Ariz. In addition to the expense paid trip and tour both men received a complete western outfit.

The Capitan Girls' Basketball Team's next game is scheduled for 3:30 p.m. Saturday, Jan. 22, in Ruidoso. The team now consists of Kathy Robinson, Janice Silva, Donna Sisneros, Patsy Walker, Donna Hobbs, Debbie Cartwright, Sarah Jobe, Mildred Morris, Patty Otero, Martha Romero, Mary Runnels, Janet Sisneros, Linda Trujillo, Rocky Wheeler, Terri Aldaz, Rhonda Barber, Carol Larson, Jamie Nethaway, Susan Abercrombie, Pam Bowersox, Elizabeth Jenkins, Lisa Townley, Cecilia Padilla and Cindy Elam. These girls have been working out hard under the supervision of Coach Bud Gossett.

Mr. and Mrs. Miles Williams and Lynn drove to San Francisco, Calif. over the holidays to spend Christmas with their son and brother, Miles Williams, Jr. While in San Francisco the Williams visited the Japanese Trading Center, Chinatown, Fisherman's Wharf and Seal Point. A drive was also made across the Golden Gate Bridge. Miles, Jr. is working for a title company in Oakland and is studying real estate law.

The Tiger hoopsters return to action this week with two games in Hondo on Friday night and two games here with Ruidoso on Saturday. Action begins at 6:00 p.m. in Hondo and 2:30 p.m. here. The Tiger Pep Club will entertain the crowd Saturday night with a pom-pom routine to the record "Rain Dance" by The Guess Who. These girls have very colorful uniforms. Come out this weekend and support the Tigers.

The Tigers travel to Corona Tuesday night, Jan. 11, for a pair of games with the Cardinals.

Frank A. English has retired after 54 years of faithful and continuous service as treasurer of Carrizozo Lodge No. 41, A. F. and A. M. We think Brother English may hold some kind of a record.

English's resignation became effective Dec. 23, 1971, during a special communication called for the purpose of installing new officers. These officers included: Worshipful Master, Arthur J. Weight; Senior Warden, George Lee Straley, Jr.; Junior Warden, Bartley K. McDonough; Treasurer, Sam Roper, Jr.; secretary, Johnson Stearns; Senior Deacon, Siegfried (Ziggy) Lessau; Junior Deacon, Howard Abercrombie; Senior Steward, Donald P. Monroe; Junior Steward, William W. Gallacher, Jr.; Tiler, Morgan Maxwell; Chaplain, Robert M. Shafer, Jr.; Marshall, Leroy B. Acker. The installing officer was Vernon Petty.

Carrizozo Lodge received its charter Oct. 20, 1909. Its stated meeting is the second Wednesday of each month at 8 p.m. The past masters of this lodge for the past 10 years include: John D. Garrison, Marvin H. Roberts, Johnson S. Stearns, W. W. Gallacher, Jr., Don Monroe, William J. MacVeigh, C. E. Burns, Austin Wooten, Morgan Maxwell and Sam Roper, Jr.

Short Notes: Richard Padilla (Capitan Class of '69) is working as a full time employee for the U. S. Forestry Service in California. —Mike Randle was home over the holidays. He is a cement contractor in Banks, Ore. —Frankie Silva is now teaching at Zia Junior High in Las Cruces. —David Martinez (Class of '66) is now married and is reported to be working in Albuquerque. —David Silva (Class of '63) is reported to be coaching in a school in northwestern New Mexico. —Larry Trujillo (Class of '69) is attending school at New Mexico Western. —Myrtle Williams attended the state testing conference in Las Cruces in December. —The Capitan Board of Education will meet Wednesday, Jan. 12, 7:00 p.m. in the superintendent's office. The public is invited to attend all board meetings. —The county nurse is due to visit the Capitan Schools on Thursday, Jan. 16. —The report cards for the first semester were due to be sent home Jan. 5. —Progress is slow on the new multi-purpose building. The weather has not been good and not all the cement has been laid. —A snow storm hit Capitan Monday and some estimates of the snow went as high as 18 inches. There was no school Tuesday because of the weather. —A new public address system was recently installed in Kingdom Hall of Jehovah's Witnesses in Capitan. —The Capitan Lions Club met Monday night and decided to have their next meeting Jan. 17, at the Smokey Bear Cafe, 7:00 p.m.

Project Review Given For Rotary

President Dick Mound gave a progress report on activities of the Rotary Club as the program for the regular weekly meeting held Tuesday at Joe's Cafe. Projects of the club and planned activities include: 1. Ruidoso exchange student, with the local club making arrangements for the students and furnishing $20 per month as spending money, 2. The annual Ruidoso Rotary Invitational Basketball Tournament for 7th, 8th and 9th grade students, 3 Donation to the Christmas Party held for boys from Camp Sierra Blanca, 4. Entry in the Aspencade Parade, and participation in many community activities.

Visiting Rotarian was Dean Pike of Texas City, Texas, in addition to Ruidoso exchange student, Maria Canavez.

Carrizozo Soldier Completes Basic

Army Private Freddie A. Padilla, 19, son of Mr. and Mrs. Esqupula C. Padilla, Carrizozo, recently completed eight weeks of basic training at the U. S. Army Training Center, Infantry, Ft. Polk, La.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and Army history and traditions.

Pvt. Padilla is a 1971 graduate of Carrizozo High School.

Bond Sales For November Told

U. S. Savings Bond sales in New Mexico increased 14% during November for a total of $1,640,204 against $1,433,329 for November, 1970. The Treasury figures regarding Bonds sales were released by Charles Wood, Lincoln County Chairman. Mr. Wood reported Lincoln County sales during November were $13,242. Sales for the same month a year ago were $3,215.

GRASSROOTS OPINION

St. Helens, Ore., Sentinel-Mist Chronicle: "That same mind that developed the Zip Code must still be lurking in a dusty filing cabinet somewhere deep in the reaches of the United States Postal Department. Who else would have come up with the stupendous idea of eliminating the name of the town from postmarks and substituting 'U. S. Postal Service' and another number? Mr. Mind, wherever you may be, it's just downright frustrating to get a postcard from somebody who's supposed, to be basking on the shores of Waikiki and find the postmark says 'U. S. Postal Service'."

NEW H & R BLOCK OFFICE—A new Ruidoso office of the nationally known H & R Block income tax service company was opened this week in Ruidoso by Mr. and Mrs. Ken Barron. Located in the Callaway Agency, Inc. building on Sudderth Drive, the office is reportedly a satellite office of the firm's Alamogordo office. Pictured above are, seated, Mrs. Ken Barron and John Cameron, head of the Alamogordo office of H & R Block.

Barrons Will Head New Ruidoso Office Of H & R Block Co.

Mr. and Mrs. Ken Barron, Ruidoso area residents for around three years, have been named to head the Ruidoso area operations of the H & R Block Co. H & R Block is reportedly the largest income tax service company in America.

The office for the income tax service company, which opened this week, is located in the Callaway Agency building on Sudderth Drive. The new Ruidoso office is but one of the more than 6,000 nationwide offices in operation throughout the nation.

The Barrons, he is head of the Callaway Agency, Inc., a Ruidoso based real estate and insurance firm, qualified for the H & R Block office after completing numerous current income tax specialized seminars and training courses, according to John Cameron, Alamogordo H & R Block Company executive.

"The person who smiles first —from his heart—is usually the last to be lonely."
