TUESDAY'S SPECIAL ELECTION VOTE WAS 289 FOR, 156 AGAINST

$5 million water bond approved by voters

Voters in Tuesday's special election approved, by a vote of 289 to 156, the issuance of up to $5 million in General Obligation bonds to finance a raw water storage reservoir on the ski run road, treatment plant and transmission system for Ruidoso.

The total vote cast was 445, with the percentage of approval standing at .6494. Figures on total registration eligible to vote Tuesday are not available, but the eligibility figure for the 1974 primary election was 1,544. A village hall spokesman noted that registrations since the primary "exceeded 200".

Village manager Jim Hine said Tuesday evening, "This was the greatest turnout of voters ever in a special election and I am pleased with this terrific turnout, because, as stated earlier, only the voting public can decree the future of Ruidoso and this they did today.

"This is the ninth General Obligation election question put before the voters of the village of Ruidoso . . . and every one of them has carried."

Of the election and the substantial approval of the bond issue by the voters, Mayor Lloyd Davis Jr. said:

"The elected municipal officials presented to the voters of Ruidoso the question of a $5 million bond issue, based upon the information presented to those elected officials during May, June and July of this year concerning Ruidoso's need for additional water storage.

"My feeling is that the voters of Ruidoso once again confirmed their convictions for keeping Ruidoso one of the foremost resort communities in the southwest."

The village council is now empowered to:

—Authorize Mann Engineering of Roswell to immediately complete details of the dam.

—Market the first $1 million in bonds early in 1975.

—Negotiate a Special Use Permit with the U. S. Forest Service; meet with the NM Highway Department concerning rerouting the ski run road on the north shore of the impoundment and to negotiate the acquisition of privately owned land and property to be affected by the dam construction.

—Authorize Mann Engineering to construct the dam.

—Take immediate steps to secure engineering for all non-dam projects including the treatment plant, storage and transport facilities and upgrading of lines in the present system.

Upon completion the dam will store 1,108 million gallons of raw water.

Reaction from the village trustees included:

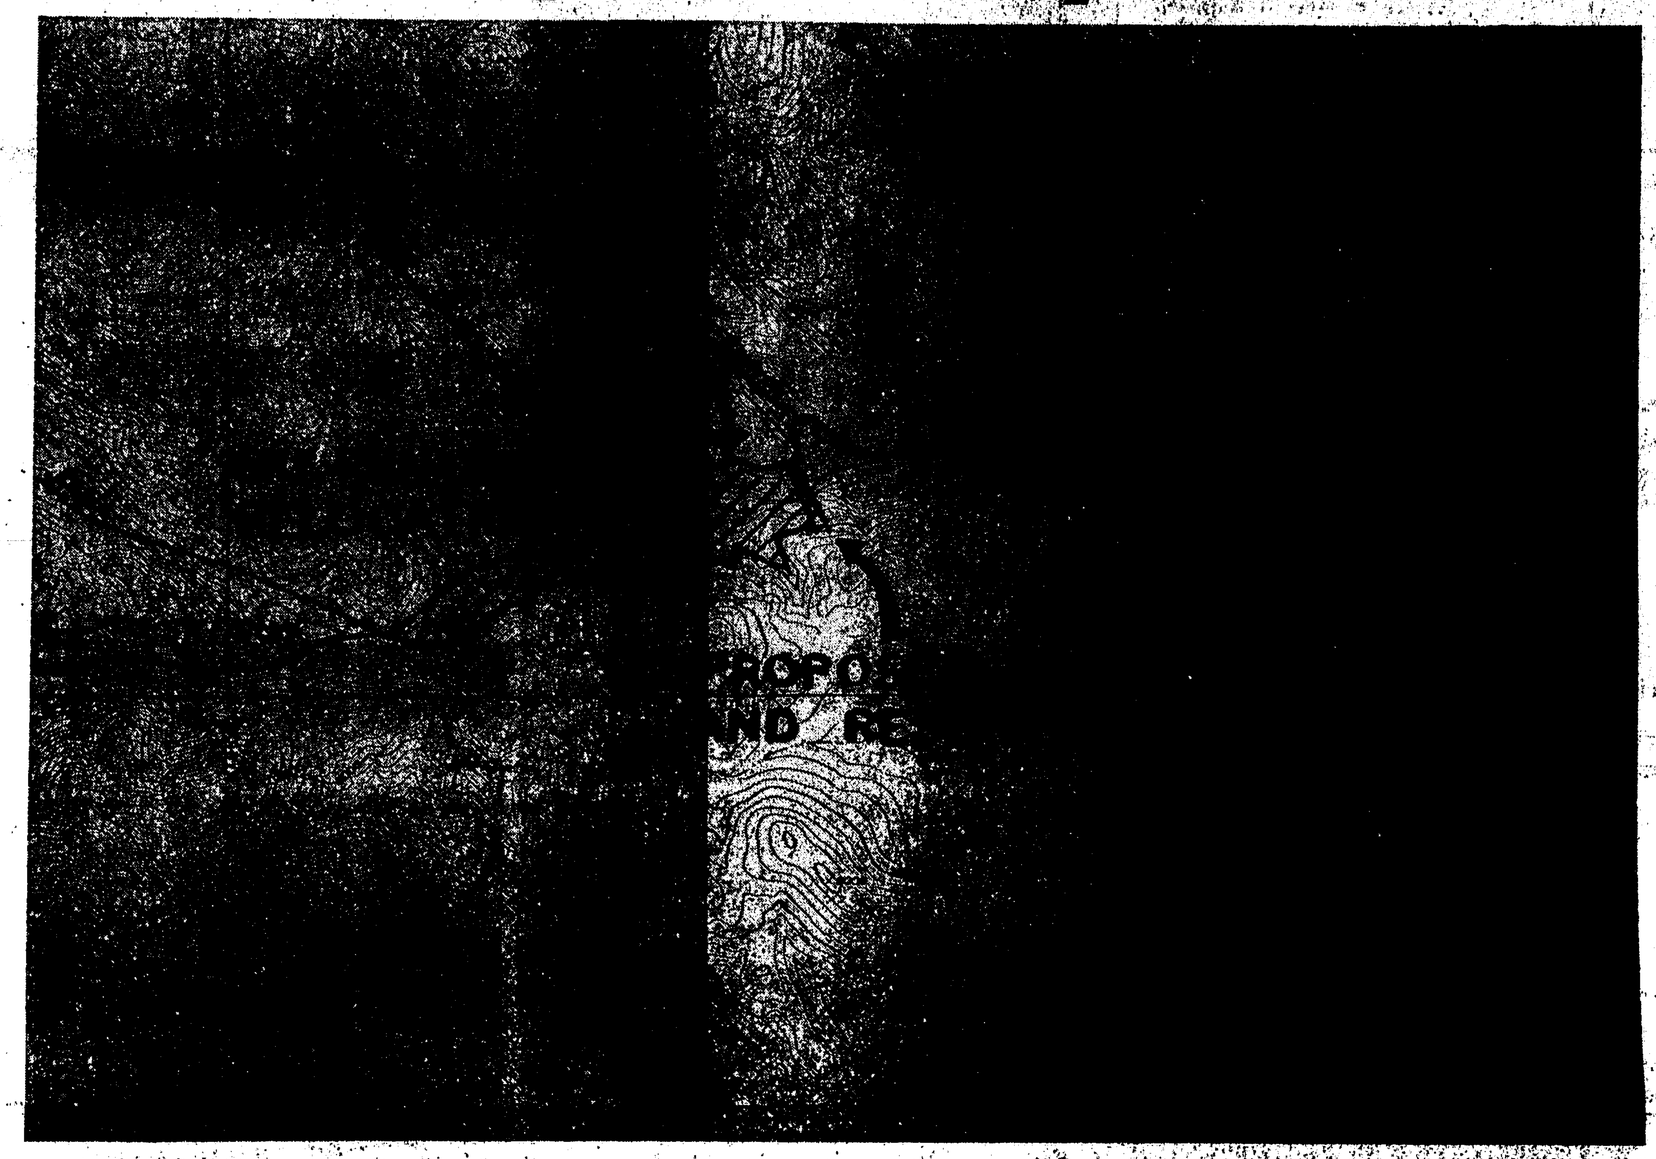
Sherman Atwood, "The majority of the voters OK'd the bond, so now it's full speed ahead. I want to check into the possibility of some more economical solutions to our problems. But it is clear, and the voters made it known to the board, that they want an adequate solution to Ruidoso's water problem."

Ab Gunter, "As to the vote, good. I've always thought that Ruidoso needed a little surplus water . . . and a surplus of water is better than three spare tires in an auto. As to the cost, well, if you wanna dance you're gonna have to pay the fiddler."

Don Driver, "The people realized the village has a definite need for more water and more water storage. I'm personally grateful for the approximately two to one mandate of the people in OKing this water bond issue."

Don Riley, "What can you do without it?"

Tom Jones, president of the Eagle Creek Water Association, said: "I'm very happy the bond issue passed and that the Ruidoso voters realized this was the only way to provide raw water storage." Jones noted that the association has been working on developing a water storage plan "for several years" and that the "village council's decision to act upon association recommendations presented to them this spring was justified by Tuesday's favorable vote."



THE DAM AND RESERVOIR, to be built following voter approval of the project Tuesday, is shown in this re-inked proposal prepared for the Ruidoso Village Council by Mann Engineering Co., of Roswell, Aug. 15, 1974. The dam will be approximately 160 feet high and 950 feet wide. When full the impoundment will provide 3,400 acre feet, or 1,108 million gallons, of raw water storage. The ski run road will be relocated on the north shore of the reservoir, which will back water up for approximately one mile.

LOCAL WATS LINE BUSY

C-C seminar set

The New Mexico Chamber of Commerce Executive Association will conduct a fall workshop in Roswell Oct. 16-18, with Mike Larkey, president, and Richard Cothrun, manager, representing the Ruidoso Valley Chamber of Commerce.

Topics on the agenda, Cothrun announces, include marketing a Chamber of Commerce, communications, city government-C of C relationships, legislative tax revision proposals and self-help and goodwill clubs.

Two gubernatorial candidates are expected to speak at this statewide workshop for Chamber executives and presidents.

The local Chamber, Cothrun reports, made 77 WATS line reservations, totaling 225 days, during September. "As expected," he said, "this was a substantial decrease in activity compared to the summer months. However, more and more calls are now coming in wanting skiing information and reservations and usage is expected to increase substantially beginning in November and continuing through the winter season."

The mail load for September was 398 letters from 22 states, compared to 330 letters from 24 states in September of 1973, Cothrun said.

The Ruidoso News vacation slated for October 20-26

The Ruidoso News office will be closed from Oct. 20 to Oct. 26 for their annual vacation. The issue dated Oct. 25 will be printed the preceding week and all copy, both for advertising and news, will have to be in the office by 5:00 p.m. Thursday, Oct. 17.

The issue will be mailed on Oct. 23.

'SMOKEY BEAR' reminded Aspencade parade viewers that forest fires can be prevented by man. And this 'Smokey' seems to be more fire conscious than the real Smokey Bear, who whiles away his days in a Washington, D. C. zoo, oblivious to the furor being raised over final disposition of his remains . . . 'cause he still remains as a national symbol.

PLAN UNVEILED AT SCMRA MEETING

'Smokey Bear' monument being sought for Capitan

Plans for a memorial for Smokey Bear, after his death, were announced by Ray Polasky of the New Mexico State Forestry of Santa Fe, at the Oct. 2 meeting of the South Central Mountain Resource Area (SCMRA) at the Chaparral, Ruidoso Downs.

"The National Forest Service wants a permanent, fitting monument to Smokey in Capitan," Polasky said, in announcing the NFS is seeking the help and cooperation of state and national forest organizations with this project. He noted there is presently available $12,000 in Bureau of Outdoor Recreation funds and $6,000 from the NM State Planning Office. "None of the BOR funds," he said, "may be used for structures."

Polasky also told SCMRA members that "$50,000 has been requested from the National Association of State Forestries, plus an additional annual sum, not yet determined, for maintenance of the Smokey Bear memorial site."

A NFS decision has been made to have a park, details of which are pending though tentative plans are being drawn up.

FIRE PREVENTION WEEK UNDERWAY

U. S. Forest Service Fire Prevention Technician, Bill Shrecengost of Ruidoso and Henry Miller of Capitan, have been visiting area schools this week distributing fire prevention literature and advising students of fire prevention measures to be observed in and around the home, with the approach of the fall wood burning season.

Fire prevention week ends Oct. 12 and Shrecengost and Miller are advising all homeowners to:

—Refrain from storing firewood under porches, floors or other confined areas.

—Mow grass at least 30 feet from the house, and remove all rubbish, leaves, pine needles and other debris that is combustible.

—Keep butane storage tanks a minimum of 10 feet from buildings.

—Establish a family escape route and make certain that every man and woman and all children know this route automatically.

—Locate approved fire extinguishers in homes so that they are easily accessible under all conditions.

Both fire prevention technicians suggest that all chimneys, fireplace chimneys and similar outlets be properly screened. Suggested and approved screening designs are available at all Forest Service offices.

Hospital to expand emergency services

An emergency helicopter landing pad, for evacuation of patients to other hospitals for specialized treatment, will be built just east of Ruidoso-Hondo Valley General Hospital, administrator Roland Walsh told The News Wednesday.

"We've been studying this need for a long time," Walsh said, "and, by December 1, hopefully, we'll be able to offer emergency transport of patients to hospitals for care we cannot provide, for example neurological treatment."

The pad, with ground leveling to begin immediately, will be 90 x 90 feet and will meet all FAA specifications. The lighting will include red lights on utility poles along Sudderth Drive, flood lights around the area and on the Nurses' Home, a flood light and wind sock.

The immediate problem, Walsh said, "is rerouting the power lines serving the high school, businesses and residences on the north side of Sudderth. Community Public Service is conducting a feasibility study of possibly going underground with the wires, though an alternative may finally result."

When completed, as an additional safety factor, the pad will be outlined in fluorescent (hunter's) orange, Walsh said.

The helicopter service will be provided by the Military Air Safety Transport (MAST) with the 283rd Medical Detachment of Fort Bliss, Texas. Authority to MAST was granted by the FAA, after approval of the plan.

"Another aspect of this MAST operation is that we'll be able to render good service," Walsh said. "The reason the hospital is locating the pad on the hospital grounds is that MAST rules, if the helicopter lands at the airport, require that their personnel evaluate the patient before transporting to the helicopter for evacuation. When the pad is ready, we'll save from 30 to 45 minutes in evacuation time and under conditions when transfer is necessary, time becomes tremendously important to the patient."

Walsh said, "There is no doubt about the pad going in, it's just a matter of ironing out details of construction and preparation, and, by December 1, we hope to offer MAST transport as another service in our continuing efforts to upgrade and improve our facilities."

HELICOPTERS, to provide emergency evacuation from Ruidoso-Hondo Valley General Hospital, will soon be a familiar sight on the hospital grounds, as a part of the hospital's continuing program of upgrading their facilities. The target date for completion of the landing pad, immediately east of the Nurses' Home, is Dec. 1, 1974. (Ruidoso News Photo)

The arrangements were on white Grecian pedestals, adorned with trailing ivy and gold velvet ribbon. Music was furnished by Jane Deyo on the organ.

The bride wore an NB original, floor length gown of Arnel sheen knit in jade green, having a girded belt design with an Eisenberg clip. She carried a bouquet of deep brown cymbidium orchids on matching brown velvet, with accents of gold satin leaves and trailing ivy.

The groom's brother, Leon Erramouspe, Corona, was best man. Ushers were Johnny Erramouspe and Lloyd Stratton.

The bride's mother wore a soft knit gown in dusty heather rose, with a corsage of burgundy lipped cymbidium orchids.

Following the ceremony, there was a reception for sixty-five members of the family and close friends at Cree Meadows Country Club. There was a champagne table, with a three-tiered Grecian decor cake. The table and reception room were decorated with fall flowers and ivy.

Attending the wedding were the bride's daughters, Debbie McDaniel, University of New Mexico; Karen McDaniel, Corona, and Roe Ann Icenagle, Ruidoso; and the groom's daughters, Lorie and Lisa Erramouspe, of Gallup, New Mexico. CORVALLIS, ORE., BENTON COUNTY HERALD: "One of the finest sides to living is liking people and wanting to share activities in the human enterprise. The greatest pleasures come by giving pleasure to those who work with us, to the person who lives next door, and to those who live under the same roof. Entering into this human enterprise, feeling oneself a part of the community, is a very important element which generates happiness."

15 YEARS AGO

October 9, 1959

September of 1959 was the driest in 15 years of recording weather in Ruidoso, C. A. Culver, co-operative observer for the U. S. Department of Commerce Weather Bureau, said this week. Total moisture measured last month was only .06.

Work is to begin immediately on repairing this community's Main Road, sadly scarred and slashed in recent months due to installation of the village's $650,000 sewer system; a crew and equipment are moving into Ruidoso Friday.

Mayor Jack Hull announced last weekend, following a special meeting of the Village Board of Trustees with State Highway Commissioner John Sudderth of Hobbs, that the highway department would provide supervision, equipment and manpower to do the job with the village of Ruidoso to supply some of the equipment, some manpower and the materials.

The Ruidoso Lions Club Wednesday morning completed negotiations for the purchase of the old St. Eleanor's Catholic Church and grounds, located a short distance south of Main Road.

The Lions Club plans complete revamping and refurbishing of the old church structure, which includes about 1,100 sq. ft. of floor space. Remodeling plans call for cooking facilities and a spacious and attractive clubroom.

The building is exceptionally well constructed and roofed with the famous mission tile from the La Luz title works.

Ruidoso-Hondo Valley Rotary Club made out a check of $506.10 to help equip the new addition to the Ruidoso-Hondo Valley General Hospital, which was presented to the hospital by President Lloyd Davis Jr. and Mannie Badillo. It was raised in a special finance campaign staged during the summer this year.

Mrs. Craig says, "Let's stop chewing the fat and get down to business with Weight Watchers!"

Frieda Burns, of Chimney Rock, Colorado, attended the October 7th meeting. She has been a frequent visitor in Ruidoso for many years.

Capitan News

The Tigers traveled to Tatum on Friday and came out on the short end of a 22-6 score. The six points scored by the Tigers were the first points scored in three games so that was a victory in itself. The Tigers put up a gallant effort considering that six players had quit the team. Five of the six were starters either on offense or defense, or both. On a team that doesn't have any depth to begin with, that cuts out a large portion.

Tatum received the opening kick-off. They didn't give up the football until after they had scored a touchdown and a two-point conversion. At 7:43 of the first quarter, Tatum led 8-0.

After receiving the kick-off, Capitan was in good field position at their own 46 yard line. The Tigers moved downfield at this point making two first downs in the process. However, the Tatum defense toughened at this point and on the next fourth down situation, the Tigers failed to make the necessary yardage.

Tatum took over possession of the football and was on the move again. However, a fumble after a good, long run was recovered by Robbie Richardson for Capitan. However, Capitan moved backward on this series of plays and soon punted to Tatum.

On the punt, Capitan got another break as Tatum fumbled the punt and the Tigers recovered. But once again it was third and long yardage. A pass from Quarterback Cummins was picked off by a Coyote and ran back all the way to the end zone. Capitan was saved by an off-side penalty against Tatum. The 5-yard penalty was not enough for a first down and again it was third down. Another attempted pass brought a loss of a yard and the Tigers had to punt.

The Tiger defense gave up nothing to Tatum on this series and the Coyotes were forced to punt from near their own goal line. A short punt gave the Tigers excellent field position from the Tatum 25 yard line.

The Tigers couldn't move in for the score and Tatum took over possession of the ball and still had their lead of 8-0. If the Tigers could have moved the ball those 25 yards, the entire game might have turned around.

After another punt by Tatum, Capitan was deep in their own territory. Capitan fumbled and Tatum recovered just 15 yards away from the goal line. On the next play Tatum scored. The extra point attempt failed and the second quarter ended with the score Tatum 14, Capitan 0.

The second half opened with Tatum kicking to the Tigers. An exchange of punts gave the ball to Capitan at their own 33 yard line. But losses on two attempted passes plus a penalty, and the Tigers were inside the 15 yard line. On third down and long yardage the Tigers fumbled. The ball was recovered by Tatum at the Capitan 14 yard line. Three plays later Tatum scored and made the conversion. The score was 22-0.

On Capitan's next possession, they scored their TD. A couple of penalties against Tatum kept the Tigers going here. After losing yardage on two pass plays once again, on a third down try, QB Cummins finally connected with J. Taylor who was tackled at the 9-yard line. On third and nine, Mike Renfro went around his left end into the end zone. The point after attempt failed but the score was 22-6.

This weekend is Homecoming in Tigerland. The Tigers will take on Melrose this Friday. Melrose lost to Tatum 24-6, so if scores are any indication this game should be a close one.

Come to Tiger Stadium on Friday. Pre-game activities get underway at 7:00 p.m. with the crowning of the Homecoming Queen for 1974. Then at 7:30 watch the Tigers beat the Buffaloes.

Fribergs guilty of possession of marijuana

Judge Bill Payne Wednesday afternoon in Carrizozo found Joseph Friberg and his wife Lourdes, guilty of unlawful possession of marijuana in excess of one ounce but less than eight ounces. Sentencing will await a pre-sentence report.

On charges of receiving stolen property, Joseph Friberg was bound over to district court. On charges of being an accessory to receiving stolen property, Loundes Friberg was bound over to district court.

John Friberg was bound over to district court on charges of unlawful possession of heroin and being an accessory to receiving stolen property.

All charges of possession of marijuana and being an accessory to receiving stolen property against Robert Hoolan were dismissed.

The bond on the three Fribergs was continued.

Mabel Snyder

A long-time resident of Ruidoso, Mabel Snyder, died of a heart attack in Hope, Arkansas, where she had gone to visit an old friend. She was 68.

Mabel, as she was known to many Ruidosoans, cooked at various restaurants in Ruidoso for about twenty-five years. When she had to give up that kind of work, she went to live with Joan Hall, taking care of the children while Joan worked. She had lived with the Halls for the past eleven years.

Graveside services were held in Dallas, Texas, October 1. Mrs. Snyder is survived by one niece, Glennis Skelton of Dallas.

Jaycees set Zogi's illusion show Saturday

Zogi's famous company of entertainers, straight from a run in Las Vegas, will appear in the Ruidoso High School gymnasium Saturday at 7 p.m., presenting their novelty act and illusion show, under sponsorship of the Ruidoso Jaycees.

The highlight illusion of the show will be the "sawing in half" of a local girl.

Zogi's show, with Ed Sullivan and Hollywood Palace TV appearances attesting to the expertise, features special music and 22 unusual stage settings.

"Prestidigitators of the caliber of Zogi's variety revue, and with his successful world tours and nationwide appearances backing his every claim, are hard to come by," Jaycee president Dick McEneny said, "and the Ruidoso Jaycees are proud to present this evening of family entertainment for what we know will be a most pleasant change of pace for an evening out."

School Scoop

The 1974-75 Junior Class Talent Show will be held Thursday, Oct. 17, at 8 p.m., in the gym. Tickets are available from Junior class members at $1.00 for students and $1.50 for adults. Tickets will be 50c more at the door.

A variety of entertainment will be featured. The Talent Show has traditionally been the Junior Class fund raising project for the Halloween Carnival.

Homecoming activities have been evident around school this week. The week started off Tuesday with a Ding-a-ling day. Students participated by wearing a bell. Clashy clothes were the scene on campus Wednesday while Thursday was dress up day. Like years before, Friday is blue and gold day.

Thursday night a spaghetti supper will be held at 7:00 p.m. for the varsity football players. Bonfire immediately follows at the Villa. Coronation of the queen and king will be at 7:00 p.m., Friday on the football field.

Homecoming King and Court were chosen in Pep Club this week by members of Pep Club. The Homecoming Queen and her court are chosen by members of the Ruidoso Warrior football team.

Six hundred boxes of candy and 200 pom poms were sold by members of Pep Club to help fund the cheerleaders and Pep Club.

The football team and cheerleaders were fed an assortment of sandwiches and cake with milk last Friday night after the football game with the Lubbock Christian Eagles. This was sponsored by the Booster Club.

A new backpacking club, open to any student in grades 7-12 is forming in RHS. A meeting is planned in two weeks.

Mr. Yost, the sponsor, would like to have people who are interested in outdoors. He is going to teach students how to save money by preparing their own food, or making their own backpacks. Anyone who is interested in backpacking and ecology would enjoy the club.

The Seniors will select their announcements October 17, at 8 30 a.m. They are to bring a five dollar deposit. Also, the Juniors will select their class rings October 16, at 10:00 a.m. They are to bring a fifteen dollar deposit.

The R.H.S Library conducted a Book Fair this week. Students as well as parents were invited to come in and browse or order books of their choice.

The books on display were meant for all ages and the prices ranged from thirty-five cents to five dollars. The library benefited from the sales during the fair.

Orders on books should arrive in three weeks and may be picked up at the library or delivered upon request.

Warrior Booster Club Meets Thursdays at 7:30 p.m.

RUIDOSO CHAPTER of Distributive Education Clubs of America has set up a store in Room 12 of the high school building. The high school store, which is open before school and after lunch, sells candy and school supplies; paper, pens, pencils, etc. The store is a project to raise money so members can attend district, state and national meetings. Last year it cost each member who went about $25, but it is hoped that the project will reduce this.

Halloween candidates and projects chosen

The 1974 Halloween candidates were chosen last week at the class meetings. The carnival is to be held November 2 at the Chaparral Convention Center.

The candidates are: Senior class, Peggy Arnett and Wayne Owen; Junior class, Gretchen Annala and Clifton Neal; Sophomore class, Julie McBride and Dennis Fairbanks; Freshman class, Dana Driver and Lee Burrows; Eighth Grade class, Jackie Tully and Grover Lewallen; and Seventh Grade class, Kim Sanchez and Greg Pippin.

Candidates of the class turning in the most money will be crowned Queen and King.

Class projects have been chosen this week to raise money for the King and Queen honors at the Halloween Carnival.

The Senior Class decided on a Bar-B-Que, which will be Oct. 28 at Sonny's Real Bar-B-Que Pit. A time will be announced later.

Juniors will have the Talent Show, which is an annual project for the Juniors. The Talent Show will be Oct. 17, in the high school gym.

A movie is the project of the Sophomore Class, which will be Oct. 24 at Mt. View Theatre.

The Freshman Class has not thought of a project as of yet.

The Eighth Grade decided on a car wash, which will be Oct. 19 in the high school parking lot.

The Seventh Grade will raffle off a painting. The painting will be given to the winning ticket at the Halloween Carnival.

Ruidoso FHA hosts district meeting

The FHA district meeting will be held Saturday at 8:00 a.m., at Ruidoso High School.

The Ruidoso Chapter will host the chapters of Capitan, Corona, Cloudcroft, Carrizozo, Alamogordo Mid-High, Alamogordo High, and Tularosa.

The general meeting will begin at 8:00 a.m. Officers will be elected and installed for the district offices.

Former RHS students on NMSU teams

Two former Ruidoso High School athletes, Ken (Bunker) Perryman and Mel Patton have donned New Mexico State University football uniforms. Perryman holds a starting position as tight end while Patton is averaging over fifteen yards per catch at the split end position behind Aggie standout, Durie Harris.

Both players were members of the Ruidoso Warrior football team which took the Class AA State Championship in 1972. Patton caught a fifteen-yard aerial for the first touchdown of that game. Perryman recovered a Jal Panther fumble for the other scoring play.

Perryman began high school football as a sophomore when he was named to the All-District team as offensive center. In 1971 he was selected to All-State at the center position while joining the defensive ranks of the All-District team at tackle.

The Warrior lineman took all of the glory in his senior year. Perryman was the only member of the Associated Press select group to be named to All-State both offensively and defensively. In addition, he was voted the 1972 New Mexico Class AA Lineman of the Year. The young man saw action in the 1973 New Mexico North-South All-Star Game.

Perryman was a major asset to the Warrior basketball team also. Averaging high in points and rebounds, "Bunker" was selected to the All-District Basketball team two years in a row. During his senior year, the 220-pounder was the state AA Shotput Champion. He also placed in the discus throw.

Patton was a three-sport man. At the split end position, he was named to the 1972 All-State grid team. As a round-baller, Patton averaged in the double figures on the scoring list. Also a trackster, he anchored several Warrior relay teams, one which qualified for the state meet.

Both Ruidosoans are seeing plenty of action as sophomores at NMSU. Currently the Aggies enjoy a 4-1 season record, losing only to their most recent opponent, a big Fresno State team out of California. New Mexico State has managed 131 total points while the tough and aggressive defensive unit has allowed only 44. Fresno State's only scores came on long field goals on fourth and long-yardage situations.

The Aggies' Missouri Valley Conference slate stands at 2-0 with three conference games yet to play. NMSU hosts UT-EP Saturday, October 12 at 7:30 p.m. in Las Cruces. The Miners are an age-old rival.

Richard Wheelock

PSAT/NMSQT to be administered

The 1974 PSAT/NMSQT test will be administered on Tuesday, October 22. The PSAT/NMSQT measures certain verbal and mathematical abilities that have been shown to be related to success in college studies. A $2.50 fee for each student tested is collected by the school at the time of the testing.

There will be no registration deadline, but students planning to take the test are advised to pick up a student bulletin in the counselor's office from Mr. James Sanchez. This bulletin will give information on the test and help prepare for the testing.

PSAT NMQT scores will be mailed to the school approximately six to eight weeks after the test. High-scoring students will then be eligible for the NMSC scholarship program.

Wheelock is Player of Week

The War Whoop's Prep Player of the Week is Warrior split end Richard Wheelock. On offense, Richard snatched a 35 yard bomb from quarterback Colly Parks, and set up the ball on the Eagle 1-foot line, where the Warriors were unable to score.

Defensively, Richard made up for the score, as he intercepted a sideline bullet and went 38 yards to Warrior pay dirt. The Prep Player of the Week receives a complimentary meal from Cousin's, Norman's in the Gateway Center, Cree Meadows Country Club, and Sonny's Real Pit Bar-B-Que.

Braves, Tulie play to tie

The Ruidoso Junior High School football team tied Tularosa here last Thursday with the score of 8-8. The Braves scored first with Grover Lewallen running over for the TD. Charlie Taylor then ran over for the PAT. The Wildcats then scored to a tie.

Van Patton was hospitalized when he received a sharp blow in the chest.

The Seventh and Eighth graders played Capitan, there, Saturday. The Braves won by the score of 22-6. David Robertson had 12 points, Elmo Silva chalked up 6, Dirk Strassburg scored 2 points, and Jovian Smith scored the other conversion.

Warrior films to be debated

The Ruidoso Warrior football team recently viewed an opposing team on film. All players agree that these films help very much when it comes time to play the team. However, this was the first film the Warriors have seen of this year's action.

Several members of the Warrior Booster Club have given strong support to buying new filming and projecting equipment. This would be a definite asset not only to the football team, but every Warrior team plus many other activities in the school. Definite action should be taken while there is a need for such equipment.

STUPH & JUNK . . . by Cale Dickey

One each scheme . . .

After considering World Bank President Bob McNamara's request that $36 billion be provided . . . by highly industrialized and oil producing nations . . . over five years to assist people in poorer nations, I'm in complete accord.

And I know just who the poor are and in what nation, that should be first in line for a considerable hunk of that $36 million.

The downtrodden masses in this particular nation:

Face a shortage of gasoline, oil, natural gas, heating oil and other petroleum products that'll have them back on their feet, shivering in their homes and anticipating drastic changes in their day to day living.

Face an actual food shortage . . . and in instances where some commodities are reasonably abundant, the prices are soaring to the extent that surely hunger will soon be a way of life.

Face a curtailment of all forms of transportation . . . with automobiles being priced virtually out of reach of the masses . . . and it is the masses who, through taxation, keep this nation going. Where it's going is a moot question.

Face a rising inflation that will, spokesmen for this nation are mouthing, bring about a sharp rise in taxes so that the masses will be unable to spend . . . and thus curtail inflation. This action will not, and it's a painfully apparent fact, affect the affluent . . . 'cause they could care less what the cost of anything is . . . and these members of the privileged castes, if I read the papers right, contribute zilch in taxes.

Face the fact that they've been had . . . and that they're going to be had in the future like they've never been had before.

Why . . . right here in the Land of Enchantment, we could use some of that filthy lucre . . . or am I mistaken that New Mexico stands pretty low on the per capita income totem pole amongst the autonomous fifty . . . like 48th?

'Course there's a scheme that could help . . . like, help the masses by eliminating the tax on food (and how about the tax on clothing, medicine and doctor bills?) . . . whittle the income tax down . . . give tax credit where it'd help . . . why, villages and cities could benefit from a slice of the property tax gathered up in Santa Fe . . . and I've heard tell, some think the gross receipts tax could stand a little shrinkin'.

And does NM need to have so many $ millions in surplus funds that the lawmakers have to fight over how to invest it?

Gadzooks . . . if the state is receiving more tax funds than they can spend . . . bully for them . . . and the obvious solution seems to be to slash taxes . . . no sense in all those lawmakers getting ulcers over too much money.

Of course cutting established taxes is sort of a political taboo . . . but doesn't the idea make sense to you . . . dollars and cents . . . but who ever heard of such an idea . . of actually cutting taxes . . . why . . . the idea . . . it boggles the mind.

Squirrel tale . . .

Fellow named "Shep" Shepherd, Box 520, Antigo, WI 54409, is a collector the likes of which you hardly ever see . . . as a Mepps man, see, Shep collects squirrel tails . . . and pays out good money for them. Seems Shep's a fisherman . . . fishes for anything sporting fins . . . and he likes to entice his quarry to bite on squirrel tails . . . tails with a hook in 'em . . . to produce tales with a point.

I dunno for sure, but he might even be interested in prime tails from deer, bear, cougar, javelina . . . might not hurt to drop him a line and ask . . . but he'd sure like to get a few batches of squirrel tails.

So . . . if'n you're a squirrel hunter . . . and if'n you bag either whole bunches . . . or just a few . . . don't toss those tails away . . . dip the butt end in salt . . . freeze 'em . . . and drop ol' Shep a line . . . tellin' him how many you got . . . and what kind . . . and by jinkies, he'll give you money for fodder to get more.

BRIEF BIT: If all those Texas calves get slaughtered, how'll the slaughterees explain that their action helped feed the poor, downtrodden and hungry?

Saturday night the Ruidoso American Legion Post and the Mescalero American Legion Post No. 48 will be joint sponsors of a program of Indian dances and a public dance at the Ruidoso Gymnasium as a subscription program to benefit the Mescalero Memorial Gymnasium fund.

Sixty Indian dancers in full costume will give a short prevue of their program in front of Self-Serve Grocery in downtown Ruidoso at 7 p.m. and at 7:30 the full program will start at the gym and will include the History of the Mescalero Apache Indians in sign language. Seventy-year-old Willie Magoosh Sr., will present this history in sign language with narration and explanation; also many dances will be performed such as War dances, Horn dances and the Apache Spear dance.

This program of dances, sacred to the people of the tribe, has been presented in several large cities in the Southwest since Sept. 2 in the efforts of the Mescalero Apache Indians to raise funds to build, for the benefit of their people, the proposed Memorial Gymnasium.

Nolon Hart and Paul Douglass came home Sunday night with an antelope each. They got the antelope northwest of Tatum on the Lane Ranch. Mr. Douglass reports a fine time and worth all the trouble they had digging themselves out of the sand hills.

Shafer bound over on felony driving charge

Magistrate Bill Payne, in court action October 4, bound Patricia Shafer, 48, of Carlsbad, over to district court on the fourth degree felony charge of homicide by vehicle. She is not being held, as her bond was continued.

The charge, calling for a one-to-five year sentence, stemmed from an incident Aug. 7 on Hwy. 37 in Ruidoso, where a car driven by Ms. Shafer struck and killed Bradley Phillip, 13, of Lubbock, Texas.

By Magistrate Payne's action, Ms. Shafer is scheduled to appear in District Court, at a future date, for arraignment and to have a trial date set.

In other charges in connection with this accident, heard by Magistrate Payne Oct. 2, Ms. Shafer was found guilty and fined $100 on DWI and $100 on reckless driving, plus $10 costs.

Texas man dies here

Gilbert Easter, 56, of 8054 Woodhue Road, Dallas, Texas, suffered a heart attack early Wednesday morning in a local motel. He was taken to Ruidoso-Hondo Valley General Hospital by Ruidoso Ambulance Service where, at 4:05 a.m., he was pronounced dead by Dr. Ben Primer.

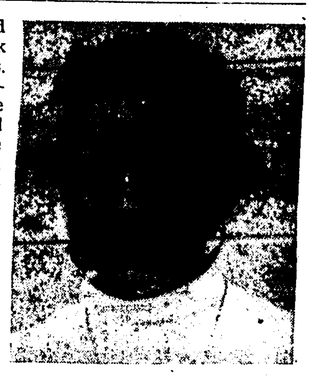
Funeral arrangements are pending with Sparkman Hillcrest Funeral Home of Dallas.

Sen. Domenici to speak here

U. S. Senator Pete Domenici will be at the Holiday House in Ruidoso Oct. 17, speaking to a luncheon group on prevailing economic policies and President Ford on inflation.

The luncheon meeting is open to the public.

INDEPENDENCE, KANS., NEWS: " . . . governments are instituted among men, deriving their just powers from the consent of the governed. The people are the masters; the politicians are the servants. The politicians have no powers except as they are granted by the electorate. The government has no funds, except as the people permit themselves to be taxed. If these basic truths appear too often to be forgotten, the fault lies with the electorate. And the correction lies in an alert, informed and articulate citizenry. If you think we should have a strong and prosperous America, don't ask your political representatives. Tell them. If you believe economic decisions should be made on a basis of economics, and not on politics, don't ask the politicians. Tell them. If you are convinced we need productive jobs for Americans, don't hesitate. Tell them. If you fear continuing inflation, proliferating taxes and political spending are weakening the country, don't be silent. Tell 'em. For whatever you believe is necessary for our survival as a proud and prosperous country, speak up. Don't ask!



TINA KILLEN — Artwork done by Tina Killen will be exhibited in Thailand this fall after competition in a UNICEF are contest. Hers is only one of 200 chosen for the honor. See story page 4B.

THUNDERBIRD LODGE—Mr. and Mrs. Edward Borgemenke (right) are the new owners and operators of the Thunderbird Lodge on Highway 37 here in Ruidoso. Shown with the Borgemenkes is Mrs. Lena Campanella, who will assist the couple with the operation. The new owners were formerly of El Paso.

Hunter's safety course slated by department

According to Rick Flowers, area game warden, a hunter's safety course will be held for anyone wishing to attend, to earn a certificate for youthful hunters. Under state law, anyone under the age of 18 must, while hunting, be under the supervision of a parent, legal guardian or a responsible adult designated by the parent or guardian or carry a certificate indicating that he has completed the New Mexico training course.

No date has as yet been set for the course, but those wishing to attend, should call Flowers at 257-2494 for the time and place of the meet.

Alto Lakes golf tourney set

The Alto Lakes Golf and Country Club championship golf tournament will be played Saturday and Sunday with an 11 a.m. tee time both days.

George Marsh is defending champion in the 36-hole medal play event, with all flights determined by handicap.

The presentation of trophies is scheduled at the club house about 4:30 p.m. Sunday.

'Smokey Bear'

(Continued from Page 1)

Under consideration at present is having the Smokey Bear monument designated as a state or village park, or possibly, Polasky said, as a state monument. Available funding varies with the designation.

Other matters discussed at the meeting included:

—The announcement that SCMRA's borders have been determined to be within the boundaries of Lincoln and Otero county lines.

—County Commissioner Bill Hart requested that SCMRA recommend a successor to the late Holt Lovelace to serve as a member of the Border Commission from Lincoln County.

—Capitan Cemetery may possibly be designated as a historical site, and, if it is ultimately registered as a national historical site it is possible some funding will be available. At present all gravesites have been located and boundaries, including donated land, have been determined. Fencing the cemetery is a project of the Capitan Women's Club.

—George Murray of Tularosa, chairman of the Southeast NM Economic Development Committee, announced that a preliminary study of the stage one planning of the Sierra Blanca Airport Development Committee's project to locate an airport facility to serve this immediate area, will be held at the Chaparral Oct. 11 at 9:30 a.m.

Commissioner Hart said that Lincoln County will locate a portable rock crusher at the old landfill near Fort Stanton Oct. 14, and that the crusher will be available to provide road materials to municipalities, "when near them so they may upgrade the quality of their roads."

Projects discussed included:

Beautification, windbreak, water system and plat layout for Carrizozo Catholic Cemetery.

Asking Lincoln County for assistance in maintaining and improving the Nogal Camp Road, with the county asking the Soil Conservation Service for a flood control study in the area.

Two flood control measures, Dry Canyon above Alamogordo, toward the mountains and Boles Acres, south of Alamogordo.

A location problem at White Oaks Cemetery is being investigated and an improvement plan is under consideration.

RUIDOSO (N. M.) NEWS — FRIDAY, OCTOBER 11, 1974

The SILVER LINING

by DANIEL A. STORM

Jack Frost's Birthday

This is being written on October First, the birthday of our little friend of many years, Jack Frost.

Jack was born up around the North Pole, no telling how long ago. He told me he does not know his actual age as far as time is concerned. He says he has been here always, but with the passing of the years he does not get any older.

When he got to be six years old, he just stayed at that age. So Jack Frost is a litle boy about the age of getting ready to go into the first grade in school. He is always smiling and cheerful with eyes of October blue, cheeks like a red apple, and golden hair like the autumn sun.

Around the time Jack begins to get ready to make his autumn visits, everything brightens up. Already he has made a few visits in the upper reaches of the mountain country, touching the miles and aspens with crimson and gold. And here in the vale you can see where he has put his magic paint brush to just a few of the river trees and vines with orange, lemon-yellow, soft amber and new and old gold, and brilliant cherry red.

Jack Frost came by today in a big rush celebrating his birthday, and had just time to send you his regards saying that he appreciated all the activities of the Aspencade — that he feels very much a part of our annual Autumn Festival.

The Swallows Leave and The Blue Birds Arrive

After the rainy spell was over, I looked around and the swallows were gone, flown south to their winter home in Mexico.

Then today, after only short visits by just a few of their number, the Blue Birds arrived in full strength. First, on the gentle east wind came a happy chorus of the brief chirping song, and then here they came, their blue coats flashing in the sun, making a picture against the October blue of the sky.

There is a favorite old cedar just south of the house called The Blue Bird tree, and here the happy singing band of thirty or forty, young and old, rested a while. Not far down the hill from this tree is a large apricot tree that — as a tiny slip hardly a foot high, survived a grass fire years ago hidden at the trunk of a cedar tree. Between the two trees is an ancient Indian grain grinding rock (metate) full of water. One by one the Blue Birds came drinking and bathing and singing happily in the two trees. The Blue Birds always cheer you up and it is plain to see why they are called the Bird of Happiness.

The Scotch Blue Bell

Among the many world-wide favorite flowers that grow here in our land of the Pinon and Pine is the Scotch Blue Bell of song and story.

Just up from the City Hall in Ruidoso in the barrow ditch beside the road and in some of the vacant lots and even on the edges of some of the yards, you can see these bright blue bells on their thin stems, seeming to be ringing silently in the thin air.

On the corner of one vacant lot, up and to the right of the City Hall, there is a little clump of as fine specimens of this beloved flower as could be seen anywhere. I have seen them in Alaska, Sweden and Scotland itself. What a joyful touch the Blue Bell adds to the days of Blue October.

Autumn Beauty

Outside, it is still and sunny all up and down the way and the whole world is all smiles, well pleased with itself.

Sometimes the autumn beauty in the mountains awakens something like wonderful music played by a divine orchestra in your soul — almost too much for your emotions to take in, bringing you to the verge of tears. And this makes me think of one of the most expressive fellows I ever knew.

This fellow was a cow-boy-guide in a national park out in Utah, I think. This park was famous for its desert sunsets; and one evening my father and I and some other folks were watching the sunset over some desert scenery. The whole horizon was trimmed in green and gold with all kinds of rainbow colors going up into the sky. This was like beauty from another world — beyond words to describe.

All of us watching were silent, not knowing how to describe this scene. Finally the cowboy-guide shook his head and smiled and said,

"That is plumb painful!"

And so it is that some of the autumn beauty is so great that for a moment it awakens the deepest and most solemn emotions, and then quickly we realize that this is God Himself speaking to us reminding us of the great goodness of our Heavenly Father.

October's Music

October's music in our soul is like a joyful band at a football game, making our step and our heart light. It is the music of victory and joy.

Motorcycle Folks

It was my pleasure and privilege to meet many of the motorcycle folks over at Lincoln — from many distant parts of our land. They are wonderful folks, and we want to thank them for coming here to visit us and hope they will be back again and again.

Shady Logan and the Aspencade Parade

Shady and I were late for the Aspencade Parade, and Shady was terribly disappointed. We got there just at the last. Shady Logan has been in the parade three times and thinks they cannot have it without him. So he jumped in and marched for a minute with the bicycle children.

President Ford And The Great Game of Football

With October comes our grand game of football. Among our presidents have been men skilled in athletics. Washington and Lincoln were champion wrestlers. Teddy Roosevelt was a boxer and boxing fan. President Grant was a great horseman, able to gentle the wildest horse. This was because horses trusted him.

Is President Ford our only former football player? No, there was Ike. He played football, too.

Football is popular with us because it takes a good man to play the game. You have to think on your feet and make the right moves, after you have been hit hard, and with the crowd breaking your ear drums from all sides.

Three cheers for Football and October.

INDIAN DANCERS — The ever-popular Indian dancers from Mescalero received an ovation for the little dancer in the annual Aspencade parade as they stopped to perform for the crowd. He might be little, but he kept perfect time with the drums. (Ruidoso News Photo)

THE FAMILY LAWYER

Found Money

Phyllis was having tea in an open-air cafe when she spied a wallet under a nearby table. A look inside revealed $900 in cash but no identification. Dutifully, Phyllis left the wallet with the proprietor of the cafe, to be held for a possible claimant.

Months passed, and no claimant appeared. Finally Phyllis decided it was now hers to keep. But the proprietor demurred.

"The wallet was found on my premises," he pointed out in a court hearing. "Therefore, unless the original owner shows up, it belongs to me."

However, the court ordered him to hand the wallet and the money over to Phyllis. The court said lost property found in a public place, not traceable to the original owner, may be retained by the finder.

Most courts endorse this rule. Unclaimed money (or other valuables) found in public places, like the lobby of a hotel or the aisle of a supermarket, are usually awarded to the finder rather than the management.

Does it matter if the finder was a company employee? Generally, no.

Thus, a bank teller who found a diamond ring near the entry way was held entitled to keep it as against the bank. So long as it was not part of his job to find lost articles, said the court, he was "on his own" in making this discovery.

It may indeed matter, though, if the item was not technically lost but only mislaid (that is, laid down on purpose, then left behind by mistake).

Such a case arose when a customer in a barber shop noticed a wallet that had been forgotten on a table. When no owner could be located the customer and the barber went into court to settle the right to the wallet.

This time, the court ruled in favor of the barber, not the customer. The court said the fact that the owner of the wallet had originally placed it on the table meant that he had entrusted it to the custody of the shop.

A public service feature of the American Bar Association and the State Bar of New Mexico. Written by Will Bernard.

ARE YOU SURE it's real Indian jewelry? You can be if you got it at Bennett's Indian Shop, west on Highway 70.

BIG BEAR — What Roy Owen, Alamogordo Game Warden, says is "the biggest bear he has seen in his 20 years", was taken recently by Steve Morgan in the Cloudcroft area. The bear weighed 500 lbs. dressed. Morgan will make a rug with the hide. Roy Johnson served as guide on the hunt and noted that this was one of the meanest bears he had encountered. There had been complaints against the bear for destroying property in the area. (Ruidoso News Photo)

Airport planning group meets Friday

The Sierra Blanca Airport Development Committee will meet Friday at 9:30 a.m., at the Chaparral Motor Hotel to consider the preliminary study concerning stage one planning on the project; committee chairman Fred Heckman announced Monday.

The goal of the committee, Heckman said, is to have professional planners answer questions the committee has on the proposed new airport and, within a year, to have a site, define immediate needs as far as physical and monetary considerations are concerned and to have a proposed method of paying for the construction.

This preliminary study meeting is open to the public, Heckman said.

THE PICTURE OF HEALTH

Bruises, Blisters, Cuts Small Burns and Scalds

At some time or another, everyone has a small accident which results in a bruise, blister, cut, small burn or even a scald.

These kinds of injuries usually do not require professional care from your doctor or clinic, so you need to know how to treat them yourself.

The time to treat a bruise is before you can see it. A bruise is an indication of damage which has already been done to tissues. If you injure yourself in such a way that you think a bruise might form, you can apply ice or some other cold compress to the hurt area for the first thirty minutes after the accident. This can lessen the severity of the bruise. Otherwise, bruises must go away by themselves.

Blisters most often are caused on the heels, toes and tops of the feet by boots or shoes that rub. If you can relieve the pressure around the blister by not wearing footwear that rubs, the fluid in the blister will be absorbed.

If the blister is in such a position that the fluid will not be absorbed, and it is absolutely necessary to puncture it, you should wash the entire area with soap and water. You can drain the fluid from the blister by making a small hole in the blister bubble with a needle. Sterilize the needle first by soaking it in rubbing alcohol or holding it in a match flame. Put a clean dressing or bandage over the area afterwards to protect it from further irritation. A blister which is broken is an open wound and should be watched.

Abrasions are places where the skin has been scraped away. Wash the injury with soap and water. Cover the area with a clean bandage. If the abrasion becomes red, or if the pain continues, you should talk to your doctor or clinic. These signs mean that an infection may be present.

When a burn occurs at home, you are faced with the decision of whether you should see a doctor or treat it at home. There are four kinds of minor burns which may be satisfactorily treated at home. These include a burn on a skin area less than the size of the palm of your hand; a burn which does not go over a bone joint; a burn in which the skin is not broken; and a burn which does not involve the eyes, nose, or throat.

The most important thing to remember in treating a minor burn is not to cover it with grease, butter, or oil. Grease collects germs that can cause infection. The burn should be kept dry, covered, and clean. If the burn is from a scalding, remove any clothing from the area immediately because the material can hold that heat long enough to cause a bad burn.

To relieve pain from minor burns, apply ice or a cold compress to the area for the first 30 minutes. If possible, hold the burn area in cold water. If the burn is on a hand, you may want to stroke it with ice cubes. Never pack a part of the body in ice.

Minor accidents are irritating, but common. By following these first aid tips, you can avoid a serious infection and not let a small injury turn into a major accident.

Dept. of Aviation issues reminder

The N. M. Aviation Department is reminding all pilots of the Biennial Flight Review required under Part 61 of the Federal Air Regulations for most pilots. The Department says November 1, 1974 is the deadline for pilots to take the Flight Review. The new regulation says that after November 1, 1974, no person may act as pilot in command of an aircraft unless within the preceding 24 months he has accomplished a flight review and had his pilot logbook endorsed to reflect successful completion. This must consist of a review of flight maneuvers and procedures which are necessary to demonstrate proficiency.

The flight review is considered a currency requirement to update the pilot's knowledge of the Federal flight rules FAR 91 and polish skills in basic maneuvers and procedures. The biennial flight review may be given by an FAA examiner, designee or any licensed flight instructor. The Biennial Flight Review is good for the next two years after the date accomplished.

Your Social Security

"The Social Security Administration has saved $189 million from 1966 to 1974 through vocational rehabilitation," Mrs. Christine Graves, social security field representative, announced today. "During this 8-year period over 56,000 beneficiaries have been provided rehabilitation services.

"As a result, in excess of 14,000 beneficiaries have been rehabilitated, and their social security checks stopped. This means that 1 out of every 4 disabled individuals who are provided services are able to return to gainful work.

"The Social Security Administration, by law, is required to refer disability beneficiaries for vocational rehabilitation so that as many as possible can be restored to useful, productive lives. Because of the effectiveness of this program, the Administration saves about $2.50 in benefit payments for every trust fund dollar spent for vocational rehabilitation.

"Obviously, not all people benefit from vocational rehabilitation. For this reason, only disability beneficaries who appear to have potential for rehabilitation are referred to the State vocational rehabilitation agencies," Mrs. Graves concluded.

Salvation Army gives Honduras aid service

The government of Honduras has asked the Salvation Army to accept the responsibility of caring for 75,000 victims in Teguacigalapa, the capitol city of Honduras.

Still unknown are the numbers of homeless and dead as a result of hurricane "Fifi", which swept through five Central American countries. Countless thousands are without food, clothing and housing.

Ten Salvation Army officers are stationed in the assigned Tegucigalapa area giving service round the clock. Seven more Salvation Army officers from the southern territory are now enroute to the stricken area.

Fifty cases of lightweight clothing now await shipment via Pan American Airlines. A call has gone out from Lt. Colonel David Moulton, Southwest Division Commander, for immediate financial aid. All contributions will be used to send food, clothing and necessities to the devastated area.

Stated Colonel Moulton, "We have problems at home, but for our brothers to the south there is immediate starvation and death without our instant help."

Send contributions to The Salvation Army "Operation Rescue Honduras", P. O. Box 1161, Albuquerque, N. M. 87103.

Democrats drew crowd at barbecue

The Democratic barbecue at Capitan last Thursday attracted a crowd of about 500. State level candidates attending were Jerry Apodaca for governor; Bob Ferguson for lieutenant governor and Rolla Buck for state senator. Most of the Lincoln County candidates were also present.

Bruce Poorbaugh of Ruidoso won the beef that was given away.

Apodaca, in honor of his fortieth birthday, was presented with a cake which he sliced and served to all of the children present.

ELK POINT, S. D., LEADER-COURIER: "The gas shortage (problem) may encourage people to shop closer to home, in fact in their own hometown. The importance of trading at home cannot be overemphasized when it comes to building a strong community. The benefits are tremendous and when viewed as a whole picture far outweigh any real or imagined savings that may be affected."

Warriors defeated 14-18 by Eagles

By FLANAGAN

Ruidoso's football fortunes fell again last Friday night on Warrior Field when they dropped a close decision to the Lubbock Christian High Eagles.

Although playing without the services of Danny Brown, Kevin Mellon, Mike Seelbach and Kelly Perryman, the Warriors displayed a hard hitting defense and a hard charging offense as they battled the Eagles down to the wire before losing the contest, 14-18.

Ruidoso kicked off to the Lubbock High Eagles opening the game and on the second play from scrimmage Ruidoso's David Stiles, defensive back, fell on a loose ball on the Eagles' 37 yard stripe. After two running plays and a pass attempt, Ruidoso had to give up the ball via a punt that bounded into the end zone. From there the Lubbock eleven drove to the Ruidoso 14-yard stripe with the help of a big 15 yard step-off against the Warriors. From 14 yards out the Eagles hit pay dirt only to have the TD rubbed out on a clipping infraction on the Warrior 25 yard line.

In the second quarter the Lubbock team scored their second touchdown for nought as Richard Conder raced 75 yards only to find a flag had been thrown back on the Eagles 35-yard line. The sight of relief didn't last long for the Ruidoso fans as Lubbock drove down to the Ruidoso 10 yard stripe before tallying their third TD but the first 6-points to take a 6-0 lead with the PAT being wide of the cross bar.

In the third quarter Ruidoso's Rick Tate, 185-lb. junior tackle, broke through the Eagles' defense on a third down try and almost had himself an interception as he batted down a pass attempt with the ball almost coming down in his hands, and forcing the Lubbock team to punt from the 50-yard stripe.

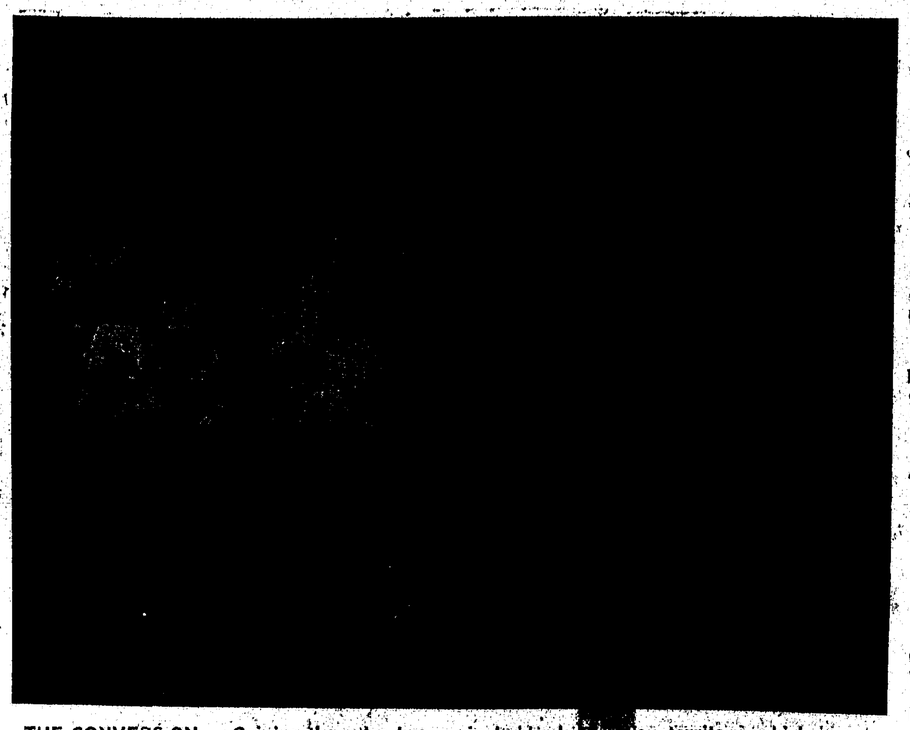
The Ruidoso fans were given a big lift in the third quarter as the Tribe began a big drive from their own 12-yard line. After losing two, Clifton Neal picked up the two, then picked up 11 more on a reverse. Then Stiles, Sonny Pool and Bill Clair, 160-lb. senior guard who was playing in a running back position to bolster Ruidoso's running game, chewed out gains on the ground. The two big plays of the drive was quarterback Colly Parks' passing. He drilled one pass to Richard Wheelock, good for 30 yards, pass and run. Then Parks came right back with another aerial, this time hitting senior Teddy Durham with a bullseye down on the Eagles' 6-yard line. With first and goal, Ruidoso fans were just holding their breath for the first Ruidoso TD. Their hopes were smothered as the Lubbock crew held the Warriors on their 6-inch line.

Ruidoso finally tallied in the fourth quarter while on defense. Wheelock, starting only his second game and going both ways as offensive and defensive end, really brought the Ruidoso rooters to their feet when he saw a screen setting up and, as the saying goes, stayed at home. He timed the pass just right and never broke stride as he picked the ball out of mid-air and raced, untouched, 40 yards for Ruidoso's first 6 points. David Stiles got the call for the 2-point running play and he barreled into the end zone standing up, giving the Warriors an 8-6 lead.

The Eagles came right back after taking the ensuing kick-off and wasting no time, scored on the second play from scrimmage with Condor racing 51 yards for the go-ahead counter.

Lubbock again had a touchdown called back in the fourth quarter when Ruidoso fumbled on the Eagles' 39 yard line and a Lubbock Christian defensive back picked up the ball and raced the 39 yards into the end zone, only to have the play called back on a clip. But Lubbock had the ball on the Ruidoso 35 and from there they drove in for another 6-points from 9-yards out, to build up their lead to 18-8.

Bill Clair almost broke for the big one when he took the Lubbock kick on the Ruidoso 14 yard line and raced upfield to the Eagles' 42 yard stripe. From there The Warriors drove down the the Eagle 5-yard line behind the running of fullback Sonny Pool. Pool skipped into the end zone from 5-yards out to pull Ruidoso within 4-points of the Eagles, with less than a minute to play in the ball game, with the final score 18-14 with the Fagles out dueling the Warriors.



THE CONVERSION — Gaining the extra two points, the Warriors brought the score to 8-6 in the first half of the Friday game with Lubbock Christian. Much of the game was played in Lubbock Christian territory, which is not reflected in the final score. (Ruidoso News Photo)

3rd AND GOAL — The Warriors made it to the one-yard line and then were held by Lubbock Christian for the fourth down. A score at this point could have won the ball game for the Warriors. There was some question in Warrior fans' minds that a TD was not made. (Ruidoso News Photo)

Mescalero housing plans await action

Two housing projects, to serve members of the Mescalero Apache Tribe, are in the planning and design stage, a tribal spokesman said Monday.

The first, 35 units of housing for the elderly at Mescalero, is presently in the design stage, and, the spokesman said, the target date for groundbreaking is tentatively set for early spring, 1975.

The second project, 100 units to serve middle income families on the MAT Reservation, is now in the planning stage, and implementing the program is possible early in the summer of 1975.

Alley and Associates of Roswell are architects for the two projects.

500th MEMBER — Elvira Maes of Arabela was honored by the Lincoln County Senior Citizen Center last Sunday for becoming the 500th member of that group at a meeting held in the recreation room of Cherokee Mobile Village. The 500 mark was hit in just about one year from the start of the program. Mrs. Bob Beumer is shown pinning a corsage on Mrs. Maes. In Passing . .

By AL LANE

Construction continues — ground work is now underway for the new Safeway Store in the Gateway area and the pizza restaurant just across the street from the chamber of commerce. Dirt is also being moved next door to Gibson's for the new branch bank of Ruidoso State Bank. Most of the contractors in the area are still busy, and with the pretty fall weather, should be able to continue with their work for a time yet. . . .

Must comment on the quality of football played by the little league teams in their first efforts last Sunday. They all knew where to go and what to do. Plenty of enthusiasm and action in the games. Games from here on out will be played on Saturday afternoons at 1:00 p.m. and 2 30 p.m. Go on down, you'll really enjoy it! . . . The adults involved should also be commended. It takes a lot of work to get the teams in shape and keep them that way. Not much time for them to spend on anything else. . . .

Lots of folks have been gathering pinon nuts this year. Appears to be one of the best crops that we've had in many a moon. Plan on sticky hands and lots of work to get them though. We understand that deer who have fed on the nuts make great meat. . . .

What happened to the bears this year? Haven't seen one all summer. Suppose that they had plenty of berries from the late summer rains and had no reason to raid garbage cans in the village. . . .

The Rotary, again this year, brought foreign exchange students to Ruidoso to enjoy the Aspencade parade. There were 14 of them this year from Japan, Eolivia, Brazil, Finland, Germany, Denmark, France and New Zealand. The get-together at Ruidoso is the first for all the students to be together after their arrival in this country in August and a great deal of visiting and questions mark the meet. They appeared to have a great time during the visit.

"No tax or assessment of any kind shall be levied by any political subdivision whose enabling legislation does not provide for an elected governing authority. This section does not prohibit the levying or collection of a tax or special assessment by an initial appointed governing authority where the appointed governing authority will be replaced by an elected one within six years of the date the appointed authority takes office. The provisions of this [illegible] shall not be effective until J[illegible] 1, 1976."

A JOINT RESOLUTION PROPOSING AN AMENDMENT TO ARTICLE 9, SECTION 14 OF THE CONSTITUTION OF NEW MEXICO TO ALLOW THE LEGISLATURE TO ESTABLISH A PROGRAM OF LOANS TO STUDENTS OF THE HEALING ARTS FOR RESIDENTS OF THE STATE UNDER CERTAIN CONDITIONS.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 9, Section 14 of the constitution of New Mexico to read:

"Neither the state, nor any county, school district, or municipality, except as otherwise provided in this constitution, shall directly or indirectly lend or pledge its credit, or make any donation to or in aid of any person, association or public or private corporation, or in aid of any private enterprise for the construction of any railroad; provided, nothing herein shall be construed to prohibit the state or any county or municipality from making provision for the care and maintenance of sick and indigent persons, nor shall it prohibit the state from establishing a veterans' scholarship program for Vietnam conflict veterans who are post-secondary students at educational institutions under the exclusive control of the state by exempting such veterans from the payment of tuition. For the purposes of this section a "Vietnam conflict veteran" is any person who has been honorably discharged from the armed forces of the United States, who was a resident of New Mexico at the original time of entry into the armed forces from New Mexico and who has been awarded a Vietnam campaign medal for service in the armed forces of this country in Vietnam during the period from August 5, 1964 to the official termination date of the Vietnam conflict as designated by executive order of the president of the United States. The state may also establish by law a program of loans to students of the healing arts, as defined by law, who are residents of the state who, in return for the payment of educational expenses, contract with the state to practice their profession for a period of years after graduation within areas of the state designated by law."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.
