Arizona city eyes Lincoln County as trash dump site

by DORIS CHERRY
Ruidoso News Staff Writer

America is burying itself in trash.

There is so much trash in fact, that some communities are considering transporting garbage out of their towns and states to areas which have fewer controls on landfills.

One such possible situation is a request to create a landfill north of Carrizozo to accommodate municipal garbage from the city of Glendale, Arizona.

According to Phill Weften, of the Solid Waste Management office of the Environmental Improvement Division (EID) in Santa Fe, Charles Helm applied to put a landfill on 900 acres of land six miles east of Carrizozo and one mile north of Highway 380. The proposed location is near the Tortalita Arroyo and Nogal Creek. One water well is located near a corner of the property and another is within a section of land.

Weften said Helm did not include complete information in the request, which will delay the EID registration. Under current EID regulations, there is no denial process, merely a registration for such landfills. A registration must be sent from EID in response to a complete application within 30 days, Weften added.

The request states the landfill will incorporate incineration and recycling of the garbage. Because of the incineration, Helm's request must pass through air quality

Paving will start soon on road to new airport

by DORIS CHERRY
Ruidoso News Staff Writer

Trick or Treat!

Halloween usually is reserved for ghosts and goblins, this year will be no different. But on that same day, Twin Mountain Rock Construction Company is scheduled to begin paving the Sierra Blanca Airport Access Road.

Two years after the project was funded, the access highway from the multi-million dollar airport facility will become a reality.

According to Louis Najar, project director with the New Mexico State Highway Department, the paving will take about one month to complete, weather permitting. Pavement must be laid with air temperatures at 50° or higher, Najar said.

Please see PAVING, page 12A

Fish makes off with rod, reel

by CHARLES STALLINGS
Ruidoso News Sports Writer

If anyone catches a fish in Alto lake with a hook, line, rod and reel attached to it's body, please call Tillie Telles of Alamogordo. You can keep the fish, but Tillie wants her rod and reel back.

Tillie and husband, Barney, were fishing some 15-feet off the bank of Alto Lake last Thursday enjoying the sunshine when Tillie felt a nibble on the shiny new maroon rod her son, Eugene, gave her for a mother's day present.

The second nibble on the corn bait turned into a hard tug, according to Tillie, and suddenly everything was gone in a flash.

"My rod!" Tillie yelled and fishermen surrounding the lake turned to see the gear disappear into nothing but ripples.

The initials "BP" are engraved on the reel. "If you catch the fish," Tillie advises, "better take a club."

Sheriff hopeful names Butts for No. 2 job

Tom Sullivan, Democrat candidate for Lincoln County sheriff, announced last week his choice for chief deputy.

"I have chosen Bill Butts," said Sullivan, who served as sheriff for four years.

Sullivan said Butts is a retired captain with the New Mexico State Police, serving 23 years with that law enforcement agency. Butts, who is 47, was running the Tucumcari division when he retired, said Sullivan.

At one time he was stationed in Hondo, said Sullivan, who praised Butts for his extensive experience in administration and investigation.

"His division was responsible for the largest drug bust ever in the State of New Mexico," said Sullivan.

Butts and his wife are Lincoln County residents and are operating the Angus Store.

Sullivan's opponent, Republican candidate James McSwane, announced his choice for chief deputy before his party primary. McSwane plans to appoint retired New Mexico State Police officer Bob Miller.

Construction starts sag during July

by FRANKIE JARRELL
Ruidoso News Staff Writer

Construction starts in July were valued at $642,605, down from June's near million-dollar total and lagging way behind last July when the village recorded $1,279,944 in new building projects.

The Village of Ruidoso issued 26 permits in all categories in July, eight for new single family homes and 18 for residential additions and alterations.

Although the July Construction Industries Division report, the official record of building permits, still was not available on Friday, the list of permits issued indicated the eight residential permits had a value of $576,355, and the 18 remodeling permits were valued at $66,250.

Last month the nine new homes started were valued at $642,726, and last year in July the nine residential permits totaled $608,664.

Residential additions and alterations are holding steady, with 18 at $148,834 last month, and 22 at $177,151 in July 1987.

No permits were issued in other categories in July.

July's building permits resulted in a year-to-date total of 143 permits at $3,640,232, down from the same period in 1987, when 165 permits were issued with a value of $4,590,864.

The list of building permits furnished by the village for July, showed six permits issued without listing a project value. One of those was a commercial project in Midway Townsite, one is a single family dwelling and four are residential addition and/or alteration.

When the CID report is completed and submitted to Santa Fe, those figures may become available and could change the numbers figured from the list of permits.

Building permit reporting formerly was the responsibility of Jimmy Neeley, who was fired from his building inspector job by village manager Frank Potter. It was learned recently that Neeley, who took his grievance to the village Personnel Board, is still on the village payroll.

According to information provided by the Personnel Board after their hearing, that group recommended that Neeley be re-instated. He, apparently will not be re-instated as building inspector, but continues to draw village pay.

Junior Behringer was hired on a temporary, part-time basis to perform building inspection duties.

Contel acts to reduce dropouts

More than 900,000 high school students drop out each year.

The number of functional illiterates in the U.S. has reached alarming proportions. In some cities, between 70 and 80 percent of Hispanics quit school.

Contel, (Continental Telephone Company of the West) is doing something in New Mexico to halt these frightening trends by sponsoring a program called Choices.

The program helps young people learn that the decisions they make now will influence the rest of their lives.

The program, which Contel provides at no cost to schools, is geared toward ninth grade students. Trained, volunteer Contel staff members discuss the importance of education, motivation, time management and the relationship of academic decisions to career consequences.

It's an opportunity for kids to hear a "real world" message about the realities of life after high school, about increasing their options for the future and the importance of staying in school. The program entails two 50-minute sessions and is available to schools throughout Contel's serving areas in New Mexico.

"We participate in the Choices program because we care about the youth in our communities," said State Manager Charlie Ferrell. "Contel has a vested interest in the quality of students graduating from our secondary schools. First, as a corporate citizen, we are very interested in the quality of life in our region. The quality of life we enjoy is contingent on an educated citizenry. Contel is committed to education.

A second reason is business related: as an employer in the community, we are concerned about the skills employees bring with them to the job."

Last year, Contel visited eight schools in its serving areas, reaching 800 students. This year, the target is 1,100 at 11 schools.

Contel, a company now in its 27th year, provides a broad range of telecommunications and information processing products through its three sectors: telephone operations, federal systems and information systems.

To see NYC plays

Broadway '89, Theatre 261S, a seminar focusing on the 1989 New York theatre scene, will be offered next spring by New Mexico State University at Alamogordo.

The course includes a five-day tour to Manhattan where the group will see three Broadway shows, including Phantom of the Opera and one Off-Broadway show. They will visit Lincoln Center, the Metropolitan Museum of Art and the statue of Liberty.

regulations.

Current regulations, written in 1974, were such that anyone can register a landfill, provided the location is separated by 20 feet from the nearest ground water (live stream), Welten said.

Currently, EID is working on new regulations concerning landfills. Hearings on the regulations, which have taken EID officials over a year in drafting, will be conducted on November 15-17 in Santa Fe. The new regulations have more stringent requirements for landfills and include a denial process for the EID.

Under the new proposed regulations, there will be no grandfather clause which would have protected any landfill already in existence. Instead, all landfills, including proposed ones, will be examined under the new regulations.

For now, Helm has submitted an application with a preliminary site design, but did not send all information needed by EID. If Helm does not send the needed information before the new regulations come into effect, he possibly will face more stringent controls. If he does submit the complete information, including the air quality information, before the new regulations become law, a new landfill may be near to one of the major highways in Lincoln County.

Lincoln County has no ordinance concerning landfills, leaving all decisions to EID. A proposed county zoning ordinance, which would have limited land use, was not passed by the county Planning and Zoning Commission due to response against such. Part of the ordinance dealt with landfills and other questionable activities.

A new zoning ordinance again is in the planning stages, and possibly will include a section concerning landfills. But until then, nothing protects the wide expanses of Lincoln County land still untouched by the country's garbage.

"We don't want to become a dumping ground for the U.S." said Dorothy Smith of the Economic Development Corporation of Lincoln County, about the proposed landfill.

And if the new EID regulations become law, they will change how the state of New Mexico responds to garbage.

The Dreamer

by Dan Storm

Max Sanchez

Services were held at St. Jude's Catholic Church in San Patricio on October fourteen for Max C. Sanchez who was called home by our Lord on October eleven.

Father David Bergs, in charge of services, described Max as a man of great faith who lived out his faith in his daily life and was therefore a blessing to his family and all of us; and that we now rejoice that he is with Our Lord in Heaven.

Grandson Ben Nunez read from the first Epistle of the Epistle Paul to the Thessalonians:

"...And so shall we be forever with the Lord. Therefore comfort one another with these words."

Grandson Mark Sanchez read from the same scripture: Rejoice evermore. Pray without ceasing. Support the weak, be patient toward all men. In every thing give thanks."

These two grandsons also recited the Twenty Third Psalm; "The Lord is my shepherd, I shall not want..."

Father David Bergs read from the Gospel according to Saint Matthew: "Blessed are they which do hunger and thirst after righteousness for they shall be filled.

Alice Bookey and Yvonne Sanchez sang hymns in Spanish and English to the accompaniment of the guitar including: "Un Dia a la Vez" (One day at a time) "Bendito Sea Diso" "Blessed Be God", "Amazing Grace" and "Here I Am, Lord."

Granddaughter Charlene Radtke delivered a Eulogy which surely made Max's heart rejoice with loving gratitude as he listened from Heaven.

Charlene said Max was a very devout man of great faith, grateful for all life's blessings, dedicated in love and faithfulness to his family. He loved to work and dearly loved to raise the fruit, vegetables, grain and hay and other crops on his farm, that he was a proud man, and yet very kind and considerate to everyone, that he dearly loved by his family and friends. Charlene told what a great inspiration Max and her grandmother Crucita will always be in her life, that she is happy Max has gone on to meet The Lord.

A Happy Family

In the days when Max and I worked together building the power lines all down the valley, in the evening he would have me stop by his home to have an early supper, the finest of home-cooked food, much of it raised there on his farm.

Max would say, "You have to stop by and have some sopapillas." The Sopapilla is a pioneer New Mexico fried bread, wonderful along with beans, green chile, red chile with meat, tamales, and tortillas.

The food was the finest in the world for a tired and hungry worker; and all through the little home there was joyful atmosphere of children's laughter, the smiles of Max and his wife Crucita. They all made you feel at home, and you left with your heart and step light with the words "Adios, Vuelve otra vez" (God be with you, come back again) echoing in your heart.

I met Leo Romero at the services, and he said "Remember to tell that Max was a great fence builder."

Max indeed was a marvelous fence builder. He had a special gift to construct a good durable fence over the roughest country. He built some fence for me years ago and it is still holding up good as new. Max did his very best in everything he undertook.

I felt that the twenty third psalm had special meaning at the services for Max.

Max in his youth was a shepherd, a pastor in the old tradition. He told of driving the coyotes away with a sling like the one David used against Goliath. Sometimes he would wake up with half a foot of snow on the tarp which covered him.

I asked if he were lonely with this life and he said, "No, you see something new every day, and you want to take care of every sheep, and you are close to God out there.

It brought back old happy days to visit with Max's children, grandchildren and great grandchildren; and they are carrying on and on the blessing that Max and Crucita brought into the lives of all of by raising their dearly beloved Christian family.

We rejoice that Max has gone on to be reunited with Crucita and other loved ones who have gone on before.

Postmasters Leave For Convention

On the eleventh, Della Bonnell, postmaster at Glencoe told me that she and husband, David, and several other folks in the county were leaving that evening for Virginia Beach, Virginia, to attend a national postmasters convention. A few other from the county who will attend the ten-day meeting, are Julius and Shirlene Fitzner, Ruidoso Downs; Louise Babers, San patricio; and Louise Joiner and Betty Lou Joiner, Hondo.

Della says she will visit the White House. We will hear more about the trip when these folks get back.

Let us thank God for all our blessings.

Onate Knights are no match for developing Warriors

by CHARLES STALLINGS
Ruidoso News Sports Writer

The fledgling Onate Knights were no match for the Ruidoso Warriors who parlayed a well balanced attack into an overwhelming 42-0 victory.

So powerful was the Warrior defense at Horton Stadium last Friday, the Knights were held to one first down.

Unstoppable Kenny Trapp ran for 112 yards in ten carries the first half. He didn't carry the ball in the second half.

The Warrior offense blew the game open by halftime, leading 35-0.

Warrior head coach Cooper Henderson was particularly pleased that the team performed with the same intensity as last week's emotional victory over Deming.

"We dominated the contest from the beginning, naturally we're proud of the players for that," said Henderson. "We want our defense to improve each week, and I thought they did. We saw some of the same enthusiasm we saw the week before. We knew the pressure wouldn't be as intense as the Deming game, so it was a challenge to each player to find the enthusiasm of last week and keep it going. We feel strongly and are very pleased that they met this challenge."

Henderson shifted his players in the second half to include several junior varsity members. The second team with JV's kept the ball on the ground and were able to move to the 25-yard line, where the Warriors elected to attempt a field goal on first and ten.

Two JV players, Steve Dankert and Kief Johnson, showed good offensive running power. Jaime Candelaria made several defensive pass plays.

Highlights of the game included interceptions by Logan Stirman, Dusty Beavers and Ira Sago; two touchdown catches by McCabe Turner; the power running of Trapp and Stirman; some great punts by Stirman and the gang tackling of the Warrior defense; Rickey Brazell's 65-yard pass return; Trapp hit two Knights so hard he knocked them out of their body; Sago's all-round play; John Winan, Pete Baca and Beavers setting up a defensive wall at the line of scrimmage.

FIRST QUARTER

First quarter summary: Michael Swanner, on the starburst at the 20, keeps the ball to the 40. Onate's defense holds as Kenny Trapp and Logan Stirman gain only eight yards in three running plays. Stirman boots a high 40-yard spiral that dies on the Onate ten-yard line.

Onate couldn't move the ball and booted a short kick that took a Warrior bounce to the Onate 32. Trapp found space over the right guard, broke a tackle after ten yards and then dragged a knight for five more to the seven-yard line.

Trapp tries the middle for two and then rips over right center and knocked a knight silly into the endzone for a touchdown. The game was delayed for the injury, before Micah Whitlock split the uprights for an extra point, Warriors lead 7-0.

On the following punt, three Warriors gang tackle Onate's Sean King and the game is delayed for injury again. Onate then failed to gain a first down and kicks to the 42 yard line. Brazell, gathered the ball and headed for the sidelines running like a long, loose ladder, he cut the corner to skirt the sidelines all the way for a touchdown. Whitlock's kick hooked left and the Warriors upped their lead, 13-0.

Following the kickoff, John Winans led a pack of Warriors to stick fullback Rivera for no gain. Onate floundered on the five-yard line with a fourth down, short kicked the ball to Swanner who brought it back to the Onate 28.

Swanner sneaked for four yards. Stirman crosses over the right tackle for four more yards. Trapp then plowed through the middle for first down at the Onate 11. Swanner fakes and keeps for two as the first quarter ends.

SECOND QUARTER

Second quarter summary: Trapp takes the first play over right and crosses the chalk line standing for an easy touchdown. Stirman duplicated Trapps run for two more and the Warriors were up, 21-0.

Onate fails to move the ball on the following kickoff. During the series Beavers knocked two blockers out of the way to slam the Knight fullback for a loss.

Onate kicks from it's own 12, Brazell returns to the 38, but a Warrior holding penalty takes it back to the Warrior 47.

Swanner rolls out to the left for a pass, keeps, hits traffic, escapes, and finally is brought down for a 14 yard gain. Swanner repeats the rollout and throws a completion to McCabe Turner who follows his blocks and wings it home untouched for 38 yards and a touchdown. Whitlock converts and the score jumps to 28-0, Warriors.

Onate returns the following kickoff to the 17 where Alfred Rue makes the stop. Onate completes its first pass for eight yards. The Knights lose a couple of yards on the second and gain nothing on the third and Sanchez boots to Ira Sago to takes it to midfield.

Swanner is dropped for a loss. On second and long, Swanner hits Jesse Guardiola who takes it to midfield, but a holding penalty sends the Warriors back to the 19. Still at second down and somewhere in Lincoln County, Swanner hits Trapp to the 31. Trapp then powers it through the Onate line and is knocked out of bounds four yards short. A fake punt is shoveled to Stirman who makes up the four yards for first down.

Swanner misses a pass. Sago picks up three yards. Brazell catches a Swanner pass and then lateraled over Sago's head. Onate recovered.

Onate on three short runs, gains it's first and last first down of the night. Pete Baca drops the quarterback for a seven yard loss.

Dusty Beavers then crossed in front of the intended receiver to pickoff the next pass. Beavers returned the ball to the Warrior 30.

Swanner throws an incompletion then runs for four. On third down, Trapp takes it right up the middle to the three with nine seconds in the half. Swanner hits McCabe Turner deep in the endzone. Turner catches the ball with both feet just inside the line before he falls beyond the back line. Whitlock converted the extra point and the half ended, 35-0.

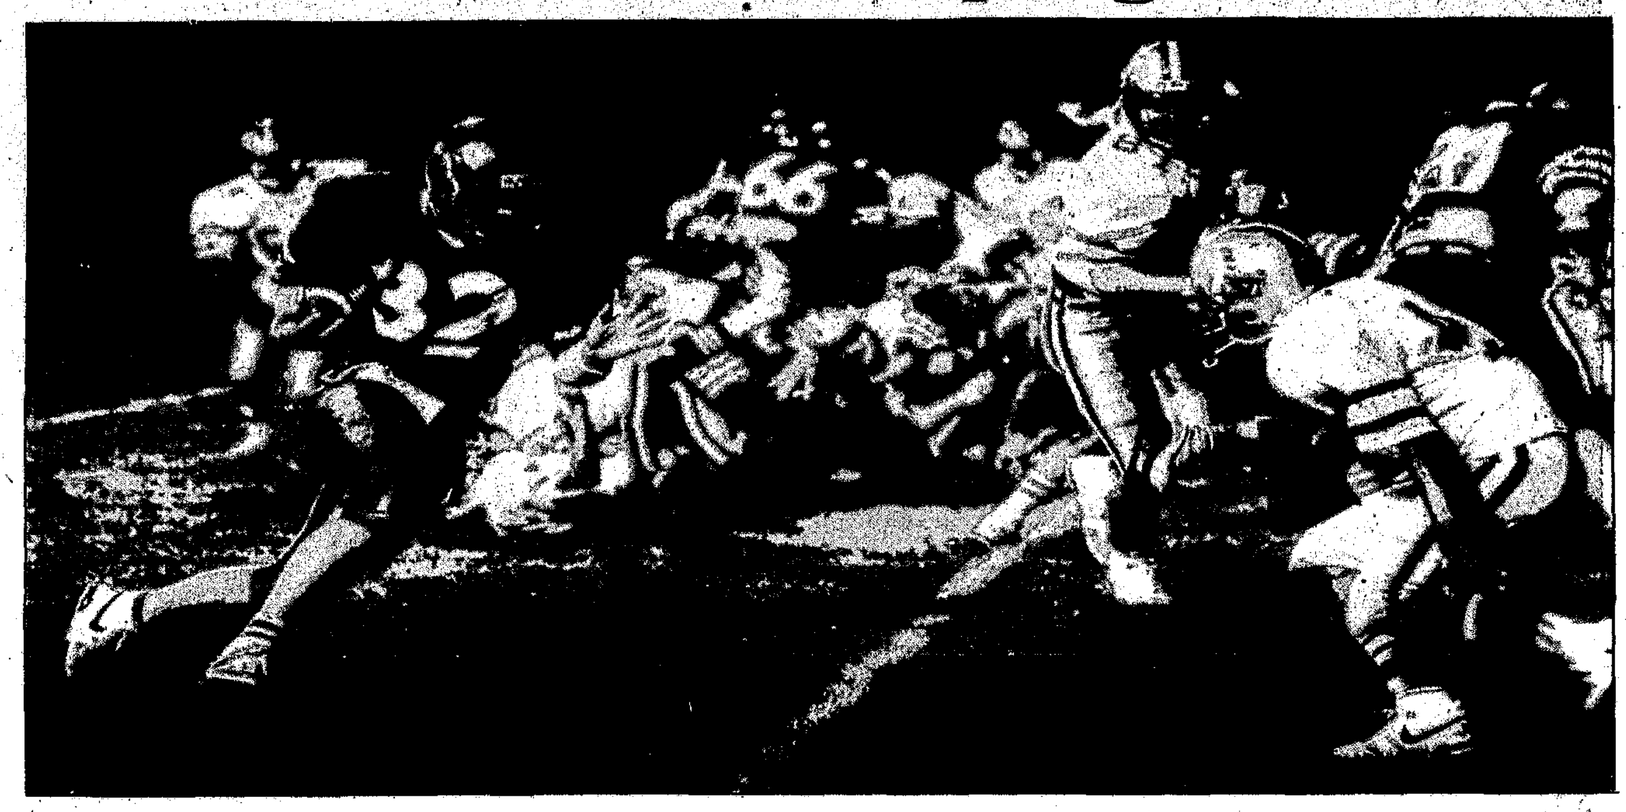
THIRD QUARTER

Third quarter summary: Onate receives and returns the ball 18 yards to the 33. Onate fails to move and boots to the Warriors.

Brazell grabs the kick and returns it to the Warrior 31. After a few short yarders, Stirman broke several tackles to find a hole in the secondary and move the ball to the Warrior 29. Sago picks up a yard challenging the short side of the field.

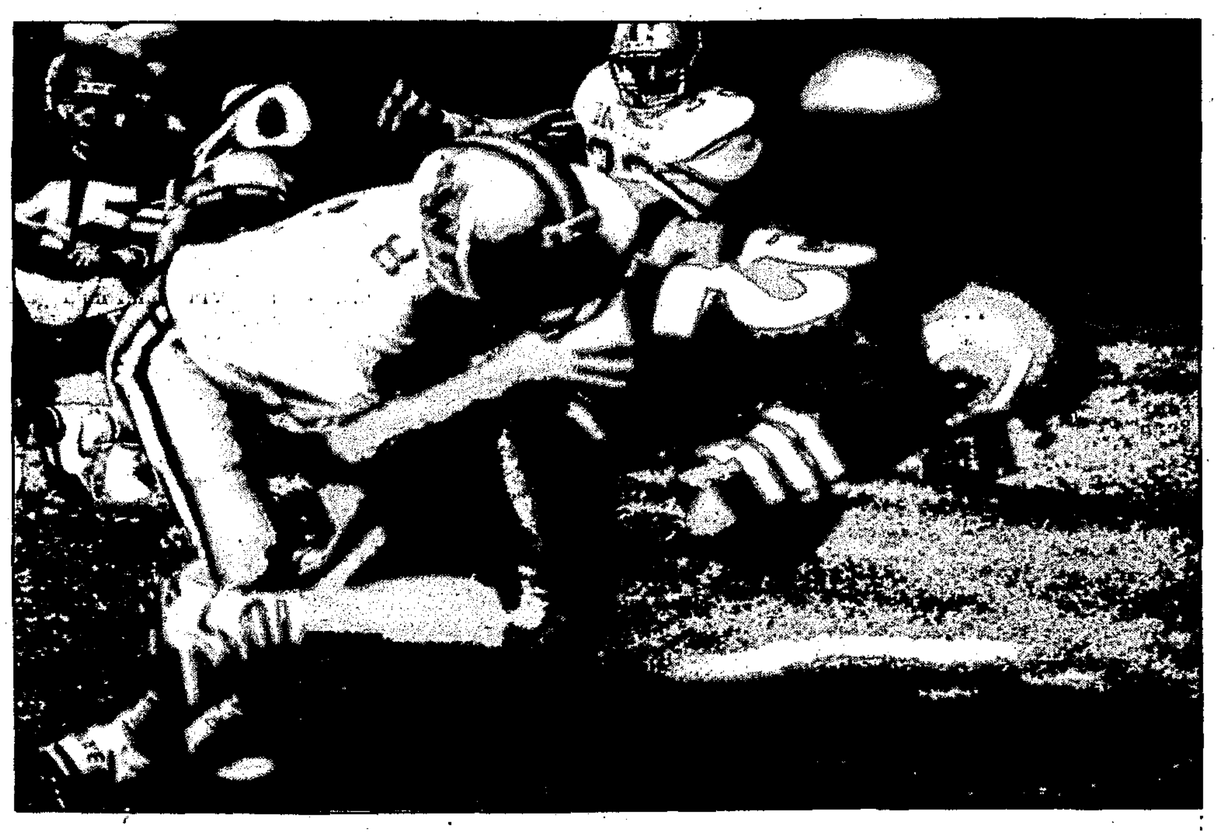
Sago finds a hole over the right side and takes it down to the 10. Rue picks up three more yards to the seven. Stirman dives to the five. Sago then romps around the right side for a TD. Whitlock's kick is true and the Warriors roll, 42-0.

There was no further scoring.



Cuts corner for gain

Warrior Kenny Trapp cuts the corner as the Onate defender waits. Trapp ran through the player for a 15-yard gain. Trapp averaged over 11 yards per carry in last Friday's victory over the Onate Knights in Horton Stadium. (Photo by Charles Stallings).



Warrior Kenny Trapp is tackled by an Onate Knight, but not before he falls across the goal line for a touchdown. The Warrior offense pounded the Knights for over 400 total yards gained.

Coach Neal is RHS alumnus

by CHARLES STALLINGS
Ruidoso News Sports Writer

Clifton Neal scrunched under a shade tree on a sun-filled day in Two Rivers Park and enjoyed the company of his wife, Tommie and daughters Jessica and baby Tonia.

The outdoors, camping, fishing, hiking with the family, is what Neal likes to do. And coach. Neal likes to coach football.

Cliff is a Ruidoso Warrior alumnus, graduating in 1976. Cliff held the position of split end until his senior year when he quarterbacked the Warriors.

"The year after my parents moved to Ruidoso we played and beat Jal for the state. The coaches said anybody that wanted to suit up could, so I did. I didn't get to play but I had a great time just suiting up and being on the sidelines."

"My sophomore year I only got to play one game and I suited up all varsity games. It was a blast. You never know when you might get to play. I don't know why anybody wouldn't suit up if they could just to be a part of the team."

Neal's attitude didn't go unnoticed. Coach Doyle Howell said Neal won the "Greatest Warrior" award for 1976, an award voted by coaches in which a student must participate in three sports.

Neal cherishes that memory and the catch he made for a touchdown in the North-South All-Star game held in Albuquerque that year.

After high school, Neal left for Portales to attend Eastern New Mexico University. He played football for two years there.

In the summer of 1980, Cliff graduated and accepted a position at Bovina, Texas. Paul Toplin and Neal rebuilt a successful football program at Bovina for two years. Neal also assumed head basketball coach duties and acted as the head track coach.

Neal then moved on to Lubbock-Cooper, a small school near Lubbock, Texas. Cliff stayed there for four years, teaching biology, coaching football. After Lubbock he moved to Coleman, Texas, for two years where he coached football, track and golf. Neal says he loves to play golf.

Cliff said in order to get the job at Coleman he had to teach History, so he had to go back to school to pick up credits.

At Coleman, he talked to a Portales school mate, Mike Speck, who said there might be an opening at Ruidoso. Neal said he had been waiting five years for an opportunity to come back to his alma mater.

Cliff met his wife, Tommie, at Portales while they were attending the university. They were married Cliff's junior year.

Tommie was studying speech pathology and is now teaching in Capitan.

Neal teaches General Science at Ruidoso high, is an assistant varsity football coach and also coaches 9th grade basketball and track.

The Neals are expecting a new Warrior sometime in November. "I'd like a boy so badly," said Cliff. "So I could quit treating my girls like boys. Children are great. You can come home and not have a particularly good day and they don't care. They love you anyway."

Warrior coach Clifton Neal is pictured with his wife, Tommie, and daughters, Tonia, left, and Jessica. With another child expected, Neal is hoping for a boy this time.

Cross Country finds Warrior in No. 2 place

Cross Country Warrior Joellyn Comanche finished a high second in the New Mexico Military Institute's cross country invitational held in Roswell last Saturday.

Ruidoso's cross country team, coached by Ronny Maskew, finished third for the overall run.

Comanche finished the seven mile race in 20:07. Ardena Comanche was sixth at 21:00. Louisa Tam, a freshman, finished 16th at 23:09. Missy Gosdin followed at 17th with a 23:25 time. Shala Gosdin, leg brace and all, crossed the line at 25:09, and Keri Schut was 24th at 25:14.

In the boys JV division, Warrior Nick Nanz finished 14th at 19:53.

Marcie Stokes led the Warrior JV's with a 24th place finish at 29:39.

Warrior Alden Torres captured the seventh spot of the boys varsity runners at 17:37. David Martinez finished 14th at 18:17.

This Saturday, the Warrior cross country team will host their own invitational at the local airport. Carlsbad, Roswell, Goddard and Alamogordo will be represented.

The JV girls will start their run at 11 a.m., followed by the JV boys at 11:30 a.m. The varsity girls will start at noon and the varsity boys will follow at 12:30 p.m.

Maskew's cross country team has been building the mileage lately as the Warrior blue shirts can be seen running up and down the hills and along the main streets of Ruidoso. The Warriors have no bleachers for fan viewing, but show a lot of heart in what is known as "the lonely sport."

Warrior freshmen sink Socorro, 44-12

by CHARLES STALLINGS
Ruidoso News Sports Writer

The Ruidoso Warrior freshmen ran roughshod over the Socorro Warrior freshmen at Socorro last Thursday, 44-12.

Jose Marquez was the top Warrior rusher with 208 yards on 16 tries and two touchdowns.

Dan Seay caught 5 passes for 119 yards and two touchdowns.

Marquez started the Warrior scoring with an 18-yard run over the right guard for 6 points. Micah Whitlock converted the point after and the Warriors led 7-0.

Shane Eidson blocked a Socorro punt and recovered on the one yard line. Quarterback Manny Guardiola ran a sneak for the 6 points. The point after attempt was fumbled and the Warrior's lead jumped to 13-0 as the first quarter ended.

Socorro started the second quarter scoring with a five-yard run following a series of penalties on the Warriors. The point after failed and the score tightened at 13-6.

Marquez widened the scoring margin by breaking two tackles and then tightroping the sidelines for 48 yards and a touchdown. Whitlock drilled the extra point and the Warriors were up 21-6 at halftime.

Whitlock kicked a 28-yard field goal to start Warrior scoring in the third quarter. Socorro's offense couldn't get off center and the Warriors picked up the running attack. Guardiola ran the last seven yards for a touchdown and Whitlock converted the PAT to blow the game open, 31-6.

The Warrior defense never let up. Socorro was forced to kick. Sure hands Seay snared a beautiful 18-yard spiral from Guardiola and raced in the end zone for six points. The PAT was blocked, but the Warriors were out of reach at 37-6.

Seay scored the last Warrior touchdown on a 52-yard bomb from Guardiola. Whitlock's point after was good and the Warriors were cooking, 44-6. Socorro scored with 30 seconds left and the game ended 44-12, Warriors.

JV Warriors whip Knights, 15-8

by CHARLES STALLINGS
Ruidoso News Sports Writer

The Ruidoso junior varsity Warriors fell behind, then slammed the door on the Onate Knights in Las Cruces last Saturday, 15-8.

The Knights grabbed a quick first quarter lead, but were blanked for the next three quarters by inspired Warrior defense in a very hard-hitting football game.

The Warriors, scoreless the first half, put two points on the board when Jamie Candelaria tackled the ball carrier in the end zone on a punt return.

Kief Johnson, still in the third quarter, bulled his way over center on a 19-yard run could for six points. The extra point boot was no good and the score was tied, 8-8.

Steve Dankert put the Warriors on top for good with an eight yard run that was fumbled and recovered in the end zone for a Warrior touchdown. The PAT by Ryan Wright was good and the final score was Ruidoso 15, Onate 8.

Warrior highlights include the rushing of Johnson, 54 yards; Dankert, 44 yards; Chris Torres, 22 yards and James Atwood, 4 yards.

Warrior Nick Herrera grabbed a key interception.

H&H recycling opens in the Downs

EDCLC nets first recruit

by DORIS CHERRY
Ruidoso News Staff Writer

The Economic Development Corporation of Lincoln County (EDCLC) welcomes H and H Enterprises to Lincoln County.

H and H is the first business recruited by EDCLC, whose goal is to attract clean industries and businesses to Lincoln County.

Located in the Industrial Complex in Ruidoso Downs, (the metal buildings complex on the south side of Highway 70 as you leave Ruidoso Downs), Todd McCarty's H and H Enterprises recycles aluminum, brass, copper or any other non-ferrous metals, old car batteries, radiators or aluminum car parts.

"We've bought close to eight tons (of recycled materials) since we opened," McCarty said.

H and H opened in Ruidoso Downs August 13, after McCarty considered different communities. The urging of EDCLC convinced McCarty to bring his business to Lincoln County. McCarty's small business employs four persons including himself.

H and H is open 9 a.m. to noon and 1:30 to 5 p.m. Monday, Tuesday, Thursday, Friday and Saturday. The recycling center is closed Wednesday until 1:30 p.m.

McCarty said he plans to conduct can drives in Lincoln County communities where he will purchase recycled materials within the small communities, especially in the winter months.

Presently, McCarty buys aluminum cans and other aluminum, at 41 cents per pound. He said the market for aluminum fluctuates and thus will his purchase price.

McCarty and his wife moved to Ruidoso Downs from Albuquerque this summer after they both graduated from the University of New Mexico.

Todd McCarty celebrates the opening of his new business, H and H Enterprises, with Ruidoso Downs Mayor Jake Harris and members of the Economic Development Corporation of Lincoln County. Discount $15 offers top brand merchandise at bargain prices

by CHARLES STALLINGS
Ruidoso News Sports Writer

Top of the line merchandise at bargain prices? Discount $15 is a new midtown Ruidoso department store that can deliver on that promise.

Denise Ortega owns Discount $15. She is a young entrepeneur with some old savvy when it comes to merchandising.

Denise lived in Ruidoso six years ago where she noticed stores were targeting tourists for high vacation dollars.

"I wanted a store here for the locals," Denise said. "$15 or less gives the people a second choice besides Wal-Mart."

"It's been difficult finding the merchandise at the right price for me to sell it inexpensively. There's hardly any markup on some of my items. Some items show a profit, but my markup is not like a normal store."

"It's working," Denise said. "But I have to sell a lot of volume to survive. The locals who have come in really like it. That's who I'm after. I didn't open this store for the tourists, there's plenty of stores for them."

"I carry Swatch, Coco Cola, Forenza, Esprit, the same names that other stores sell at a much higher cost than I offer."

"It's quality merchandise. People assume $15 or less means it isn't good merchandise. When they come in, they're really surprised."

Discount doesn't have a parking problem like many stores in Ruidoso.

"Nottingham's parking lot is available for any resident at this time," said Denise. "The bank that owns the lot doesn't mind for residents to use it. That makes it easy to get to my store because we're next to Nottinghams."

Denise was graduated from Alamogordo high school in 1980. She always had an interest in fashion and she always wanted to own a bargain fashion store.

Denise owned a fashion store in Alamogordo five years ago.

"It wasn't a bargain store," she said. "I couldn't find the bargains to sell although I searched everywhere. My prices were too high and I lost the business."

"Every since I lost that store, I searched for the right prices to start another store and I finally found them, and here I am again."

"Ruidoso needed this store. . .it's nice to have a second choice of another affordable place to shop."

"My dad, Elwood Lowe, has been in several businesses including antiques which was a lot of fun, but that didn't work out. He now owns a Discount $15 in downtown Alamogordo."

Denise's secret for low prices is simple.

"In order to get merchandise this inexpensively we have to order in large bulk," she said. "This store, my dad's and my grandparents' store in Hobbs will split a box of merchandise three ways so we won't have so much of one product."

"My dad has just opened a second store in Alamogordo with the same discount approach."

"Ownership is not for everybody. My mother hates this type of work. In her opinion, security is working for someone from nine to five with a paycheck on Friday. It used to drive her crazy that dad was jumping from store-to-store. Now it bothers her that I'm doing the same thing, but I love it."

Denise lives in Ruidoso with her husband Arthur and two children Skyy and Angel.

Denise Ortega is shown in front of her new business, Discount $15, in Midtown Ruidoso.

Candidates speak up at Woman's Club meet

by FRANKIE JARRELL
Ruidoso News Staff Writer

Candidates for county and state offices spoke Wednesday at the Ruidoso Federated Woman's Club.

Democrat, Republican and Independent candidates each took a number for their three-minute turns at the microphone. A question-and-answer period after the speeches drew no inquiries from the audience.

County commission candidates Ernest Joiner, Ken Nosker, Monroy Montes, John Hightower and Bob Hemphill were at the forum. Karon Petty was not present, but was represented by Charlotte Jarratt who read a letter listing her qualifications and plans.

Petty, a real estate agent, was involved in the annual Realtors' Day activities Wednesday. A Republican, Petty is unopposed.

Asked if he is a Democrat or a Republican, Joiner replied he is an Independent. "That way I can pound both sides," said Joiner, publisher of **The Lincoln County News**.

Joiner said he'll fight a proposed county zoning ordinance. In a telephone interview Thursday, Joiner said he has the votes needed to "get rid of (county attorney) Gary Mitchell."

Joiner is a write-in candidate for county commission, District II.

Incumbent John Hightower, a Democrat, and Republican Bob Hemphill also are running for county commissioner, District II.

"The only way I can operate is honestly and fairly and work hard at it," said Hightower, finishing his eighth year as a commissioner. "It's really a challenge," said the lifelong Lincoln County resident who still lives and works on the ranch where he was born.

Hemphill said he, too, is a native of Lincoln County.

"The county needs cooperation," said Hemphill, stressing the importance of cooperation among law enforcement agencies.

Hemphill said the excellent county Emergency Medical Services needs continued support, and the county needs to continue to build roads.

In the District I race, Democrat Rick Simpson, Republican Ken Nosker and Independent Monroy Montes are running for the Lincoln County Commission.

Nosker, a former member of the commission, pledged his complete cooperation with other elected officials. He recalled the cooperation and accomplishments of the last commission on which he served.

Montes, a write-in candidate, said he is a member of a fifth generation Lincoln County family. He said his grandfather was appointed to the first Lincoln County Commission and later served as probate judge.

A graduate of Hondo High School, Montes has a degree in history from the University of New Mexico.

"I want to be part of a commission that anticipates problems and

teacher as qualifications for the position. Marrs also listed her active involvement in volunteer organizations and youth and church work.

"I want to bring cooperation back into county government," said Marrs, adding the clerk's office should be service-oriented.

Virginia Spall, Democrat candidate for treasurer, said her "love and roots are deep in Lincoln County."

A native New Mexican, Spall has 13 years experience as a treasurer in local government. She offered her knowledge, experience, dedication and record of public service as reasons to vote for her for Lincoln County treasurer.

Incumbent treasurer Shirley Goodloe is seeking a second term. She said she fulfilled her campaign promises made two years ago: to send reminders when the second half of taxes were due, to work hard and to make timely deposits.

Goodloe said all six financial institutions in the county have their pro-rata share of county deposits.

Democrat Tom Sullivan is running for Lincoln County Sheriff, a position he held for four years.

Sullivan has a bachelor's degree in criminal justice and 20 years experience in law enforcement, 14 of that with the Texas Department of Public Safety. He is former president of the New Mexico Sheriff's Association.

"I'm proud of my record," said Sullivan, recalling that 3,000 marijuana plants, more than $1 million worth of illicit drugs, eight vehicles and an aircraft were confiscated while he was sheriff.

"I worked hard to establish a professional sheriff's office," said Sullivan. "It hurts me to sit idly by and see what's happening now," he added.

James McSwane, the Republican candidate for Lincoln County Sheriff, listed his experience working for Lincoln County that includes patrol officer, deputy sheriff, dispatcher, jailer, investigator and undersheriff. McSwane also has worked as an investigator for the district attorney for two years and has worked as a correctional officer in Lincoln County and in Santa Fe.

McSwane said he has experience in budget, purchasing, planning and production; and extensive training in all aspects of law enforcement.

"I have a good arrest and conviction record ... before a 12-man jury," said McSwane. "I've been open and honest in my career and will serve with pride and respect," said McSwane.

State Representative Ben Hall is unopposed in his bid for a third term in Santa Fe, representing District 56. Hall said he would appreciate all the votes he could garner, in spite of being unopposed.

Paul Harrington is the Republican candidate for state representative, District 52. Calling himself a "moderate-conservative," Harrington pledged to work with the governor. He said he's interested in growth and will listen to the people.

Republican Van Witt is seeking a place on the State Board of Education, District 8.

"I am a very conservative school administrator ... a school person for 40 years," said Witt. He said he wants school teachers to be paid what they're worth and dedicates himself to seeing that taxpayers get a dollars worth of education for every tax dollar spent.

Democrat State Board of Education incumbent James Sanchez, a counselor at New Mexico Military Institute, was unable to attend the forum. Sanchez, a Lincoln County resident, is seeking his second term on the board.

Bill Rawlins spoke on behalf of Jannie McDaniel, the Republican candidate for State Corporation Commission. Louis Gallegos is the Democrat candidate in that race.

After the forum, County Clerk Fran Siddens, distributed sample ballots to candidates.

Paving

Continued from page 1A

Where paving will begin on the highway, will depend on the weather, Najar added. The altitude drops from Highway 48 on the west end of the road to the airport on the east end, thus giving different weather conditions.

After paving is completed, lines will be painted and guardrails installed before traffic will be permitted on the new road. The final projects will take two to three weeks, depending on the weather, Najar said.

Initial excavations and construction began this spring, after many delays due to funding, weather and acquisition of rights of way, said Lincoln County Manager Suzanne Cox.

Total funding was first appropriated in the New Mexico State Legislature in 1986, Cox said. Payments were made to the county from the State Highway Department; in turn the county paid the different entities.

Some $600,000 was first funded June 29, 1986, for an engineering study and rights of way acquisition. In September, 1986, the county let the bid for the engineering study, Cox said.

Initial funding was exhausted before all the rights of way were acquired, slowing the project.

In 1987 the state legislature appropriated funds to complete rights of way acquisition and to bid the actual road construction project.

After the funding agreement for $6,455,000 was approved on May 26, 1987, the county advertised for bids on the project. However, the actual work was delayed due to protests from a company which also bid on the project, Cox said.

Once the bid protests were resolved, the weather was too cold for Twin Mountain Rock Company to begin the project.

Rights of way acquisition was completed in September, 1987.

One parcel of property also became a stumbling point for the project. Cox said the county began a condemnation process on the land and still is in the process. However, a "preliminary order of entry" was issued for the condemnation, which allowed construction to begin.

This spring, the actual work began. At this point, in mid-October, the road looks near-complete: excavation finished, culverts installed and a prime coat laid.

The excavation and actual road base building was completed in the summer, but a problem with the asphalt hot mix delayed the paving.

Najar said the hot mix did not meet state specifications. So Twin Mountain Rock Construction Company crushed the mix again and adjusted the asphalt formula to meet state specifications.

Now, the paving phase is ready to begin if the weather stays mild.

Until the access road is completed, the Sierra Blanca Airport is reached by way of the Fort Stanton Road which is a county road.

Cox said the county presently is working to improve the road which is in bad condition. Gravel is being stockpiled and will be laid onto the road. The county probably will not pave the Fort Stanton Road this year as the funding cycle does not coincide with favorable weather, Cox said.

The base course gravel phase will be completed by November, weather permitting, and the road will remain that way until next spring.

"The road will be in a lot better shape," Cox said.

The Fort Stanton Road is a part of the road improvement schedule for Lincoln County roads. Other completed projects include Cedar Creek, Eagle Creek, Sun Valley and others, Cox concluded.

Provided the weather is mild, airport travelers will be treated to a new road this winter.

No trick, but quite a treat.

The access road to the new Sierra Blanca Airport is Fort Stanton road, until the new highway is complete, tentatively scheduled for sometime in December. Lincoln County is upgrading the road with gravel and will pave next year.

Resting at the rod run

Clark Gentry of Albuquerque takes a break on the fender of his 1932 Ford. Gentry drove his shiny, red Ford from Albuquerque to Ruidoso for the Tri-Cities Rod Run Saturday and Sunday at the old airport. Gentry said he got pretty good gas mileage, considering his vintage car is equipped with a Corvette engine. More than 130 old vehicles took part in the run.

Forest Service funds given to counties

Distribution of $6,800,220 in Forest Service funds to 22 New Mexico and 13 Arizona counties was announced recently by David F. Jolly, newly appointed regional forester for the Southwestern Region headquartered in Albuquerque.

These payments come on the heels of recent payments to firefighters of $9,296,091 for crews involved in fighting fires across the west.

The payments to counties represent income from the sale of forest products and use of national forest system lands.

Lincoln County was earmarked for $58,139 from the Lincoln National Forest and $4,980 from Cibola National Forest.

Otero County received $89,934 from Lincoln National Forest income.

Environmental group sponsors contest

A Ruidoso environmental group is sponsoring a poster contest.

Environmental Action Group Loving Earth (EAGLE) is sponsoring an environmental awareness poster contest for children five to 18 years old.

The rules say posters should be 11 by 18 inches, your name and age must be on the front lower right corner, your address and phone number on the back. The deadline is Friday, October 28. Turn the poster into your school office, or the public library.

Prizes will be awarded at the Environmental Fair in Sierra Mall at noon Saturday, November 5. The five first prizes are AM/FM cassette players.

Opinion

EDITORIAL

We hope we never become a nation of couch potatoes. It's distressing that so many people get completely out of the habit of reading; some horrendous percent of Americans can't read at all.

Part of the answer to these problems is maintaining strong public libraries and school libraries so that book inventories appeal to a wide range of interests.

Other than electing a president and other public officials in November, New Mexicans will vote on a number of bond issues and constitutional amendments.

Bond Issue No. 4 involves libraries. The Legislature proposed a bond issue to raise $1.5 million for purchase of books and audio-visual material at public libraries. The bond issue requires only a simple majority of the votes cast in order to pass. Money would be distributed to each county by the State Library using a simple formula; cost to the taxpayer who owns a $100,000 piece of property would be 67 cents a year for 10 years.

Constitutional Amendment No. 4, which voters will act on in November, also has to do with libraries. This amendment would add "the purchase of books and other library resources" to the list of purposes for which a county could raise money through a general obligation bond.

This bonding capability would be a new option for counties to use to support local libraries.

With the passage of the amendment, bonding could be used for a one-time effort to upgrade library collections, or for an ongoing program of support. No county would be obliged to use the bonding option.

We suggest that residents of Lincoln County consider these two proposals carefully and ballot yea or nay on November 7. That important date is fast approaching.-AS

Eye On The Capitol

by Tom Warson, Ph.D.

"What are New Mexico Voters?"

Liberal or conservative?

At election time, politicians love to paint each other as one or the other.

Witness George Bush's reference to that "card-carrying member of the ACLU," Michael Dukakis.

One thing I've noticed through the years. While everybody wants to know if a politician is this or that, nobody puts the liberal/conservative question to somebody else.

Nobody asks it about the people.

Are New Mexicans liberal or conservative?

The question makes as much sense as asking it of politicians – in fact, even more so. After all, the politicians supposedly represent the people. To say, for example, that U.S. Senator Jeff Bingaman is a "liberal," whereas his Republican opponent, Bill Valentine, is a "conservative," only means something if the voters are one or the other.

One could of course ask the voters how they classify themselves. It's been done before -- plenty of times. Unfortunately, philosophical terms like "liberal" and "conservative" mean different things to different people. A big problem pops up in figuring out what the results mean.

A better way to tell if the voters are liberal or conservative is to ask them specific questions about concrete subjects. From Sept. 19-25, Zia Research Associates did exactly that. We interviewed 511 registered voters statewide for KOAT-TV7. The margin of error is plus-or-minus 4.5% at a 95% confidence level.

Here's a question with a good liberal/conservative cleavage:

"Would you favor or oppose more state funding of public education if it meant a 1 percent or one cent on the dollar increase in the gross receipts tax?"

The results:

76% were in favor.

19% were opposed.

5% were undecided.

At first blush, the 76%-majority favoring higher taxes looks like the "typical knee-jerk" liberal crowd. Females are more likely to favor higher taxes for education. So, too, are Hispanics, people aged 44 and under, people with some college, people earning $15,000-$25,000 and residents of Bernalillo County.

You conservatives out there will find yourselves somewhere in the 19% minority opposed to higher taxes. That group was common among males, Anglos, people aged 45 and up, and residents of eastside counties and the southern congressional district.

In case you've forgotten, a penny for education was a project of Governor Toney Anaya. He abandoned it under pressure from state legislators from conservative areas, notably the southern congressional district.

76%-19%. What a huge majority. Surprise, surprise: New Mexicans are liberals.

But wait a second.

The KOAT/Zia poll also asked, "Which of these three positions best describes your feelings about abortion?"

The positions and the results:

prohibit abortions in all circumstances.....15%

allow abortions only in special circumstances.....59%

allow abortions at any time..22%

undecided.....4%

Abortion on demand is the classic liberal position. Those favoring it are higher among Anglos (31%), people aged 40-44, college graduates (36%), people earning over $40,000, and residents of Bernalillo County.

Many of those who take the most conservative position--outlaw all abortions -- turned out to be liberal on the penny-for-education question. They are higher among Hispanics, people aged 18-29, high school graduates or less, and people earning under $25,000.

The "special circumstances" majority is a veritable Monkey Puzzle tree when viewed through the lenses of the education question. The majority is higher among Hispanics, people 45 and older, with some high school or less, earning $15 - $40,000, and residents of eastside counties and the southern congressional district.

Confusing? Precisely. That's what makes the conclusion so clear.

The terms "liberal" or "conservative" to describe a person simply aren't true. Those words work better to describe groups - better, but not well. Hispanics, for example, are liberal when it comes to education, conservative on abortion.

So, are New Mexicans liberal or conservative?

Neither. They're both.

If the terms don't describe the people well, how can they suddenly become enlightening when applied to politicians?

Be careful when somebody -- either directly or by inference -- throws around liberal and conservative. Invariably, they're up to something.

In Bush's case, he was trying to pin the tail on the donkey after blindfolding you.

* * *

You may think the conservative majority on abortion is some sort of exception. After all, that question has received oodles of publicity down through the year.

The KOAT/Zia poll asked another question: "In your opinion, should there be required testing for AIDS for couples applying for marriage licenses?"

The results:

74% said yes.

18% no.

8% were undecided.

The pro-testing majority looks a lot like the anti-abortion and abortion under special circumstances group. It was higher than the norm among females, Hispanics -- 82% of them wanted to require testing -- people aged 45 to 64, high school graduates and less, people earning $15,000 - $25,000, registered Republicans, and residents of the southern congressional district.

Those opposing testing were higher among Anglos, people aged 44 and under, college graduates, people earning over $25,000, and residents of Bernalillo County.

The point is that as age falls and income and education rise, opposition to testing rises.

Editor's Bailiwick

It's ironic that Ruidoso had a major fire during Fire Prevention Week and when **The Ruidoso News** had a panel showing common fire hazards and an editorial urging residents to get rid of fire hazards.

No, we didn't have anything to do with that house fire to emphasize a point. Fires are nasty, dirty, super destructive and mean. We want nothing to do with them. The one Wednesday night was a dilly. Fires unfortunately, can be spectacular.

While working at the **Roswell Daily Record** quite a number of years ago, fire struck the newspaper plant early one Sunday morning, doing a great deal of damage. There was no possibility of publishing out of that plant immediately. The **Hobbs News-Sun** at the time was a sister newspaper in that there was a degree of joint ownership.

Fortunately some of the pages made up for Monday's newspaper such as editorial and comic and such were saved.

That Sunday afternoon, most of the newspaper staff and those pages were flown to Hobbs where Monday's newspaper was put together Sunday night using Hobbs equipment and wire service, etc. That continued for 10 days--publishing two afternoon papers out of one plant. The Roswell newspapers were trucked from Hobbs to Roswell each day. Like in the theater, the show must go on.

No, fires are no fun. We hate them. They should be outlawed.

****

We became a grandpa for the fourth time last week. Daughter Caryl and her husband, Mark Cadwallader, of Carlsbad and Mountain Park, had a girl. Mark works for the BLM four days a week in Carlsbad and farms in Mountain Park out of Cloudcroft three days a week. The past summer he fought fires in Montana when Yellowstone was about to burn up. He was given the task of training some Montana National Guardsmen in firefighting techniques. You may have heard of the Cadwallader orchards in Mountain Park-High Rolls area.

They're famous for those big, dark, delicious bing cherries that you can pick yourself in the orchard. You only pay for cherries you take out of the orchard. Those in your stomach don't count. This year, however, there was no crop. Last year there was an abundance of cherries. So goes nature.

Letters to the editor

DEAR EDITOR:

Recently we conducted class interviews in our Communication Skills class at Ruidoso High School. Communication Skills is a new required class aimed at developing a student's individual abilities to communicate better in society.

I would like to take this opportunity to thank several local businessmen and women for their participation in our class. Gary Mitchell spoke to all five of our classes and his interview session was most informative and entertaining. Frank Potter was interviewed on hiring practices by the Village of Ruidoso. Larry Ervin, manager of the Cattle Baron also spoke to the groups about better communication. Both Sid Miller and Tom Hansen also participated.

A special thanks should go out to officer Robert Achterberg and Laura Ashley of the Ruidoso Police Department. They were very down to earth in discussions with the students and I feel their talks with the group better opened the communication lines between the students and local police.

Thanks again to all these fine people for taking the time to help our young people.

Sincerely,
John Ussery, Instructor
Ruidoso High School

DEAR EDITOR:

The Mainstreet Board of Directors would like to say Thank You to all the Mainstreet members, the Village of Ruidoso and its street sweeper, and the promotion committee for a very successful sweep up campaign Labor Day weekend.

Thank you,
Mary Maul
Design Committee Chair

DEAR EDITOR:

Gene Duvall deserves a gold medal!

The Ruidoso Mountaintops Gymnastics Team traveled to Dallas, Texas, for a practice meet and workshop in a small bus belonging to Duvall. All the members of the team who took part in that workshop came back and qualified for sectionals in their very first meet.

It's generous people like you who make it possible for Ruidoso youngsters to take advantage of opportunities like the Dallas workshop.

Thanks, Mr. Duvall.

Sincerely,
The Mountaintops

Constitutional Amendments and General Obligation Bonds proposed by the Legislature and to be voted on in the 1988 election

A JOINT RESOLUTION
PROPOSING AN AMENDMENT TO ARTICLE 4, SECTION 10 OF THE CONSTITUTION OF NEW MEXICO TO RESTRICT LEGISLATIVE RETIREMENT.

Brief Analysis

Constitutional Amendment No. 1 provides for legislative retirement. Specifically, it authorizes up to a maximum of $6,000 annually in annuity benefits for legislators as may be provided by law. More importantly, it retroactively applies the amendment provisions to any legislative retirement law enacted after 1962.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 4, Section 10 of the constitution of New Mexico to read:

"Each member of the legislature shall receive:

A. as per diem expense the sum of not more than seventy-five dollars ($75.00) for each day of attendance during each session, as provided by law, and twenty-five cents ($.25) for each mile traveled in going to and returning from the seat of government by the usual traveled route, once each session as defined by Article 4, Section 5 of this constitution;

B. per diem expense and mileage at the same rates as provided in Subsection A of this section for service at meetings required by legislative committees established by the legislature to meet in the interim between sessions;

C. annuity benefits in an amount not to exceed six thousand dollars ($6,000) annually under a retirement program as provided by law, provided that this subsection applies to any law providing for legislative retirement enacted after 1962; and

D. no other compensation, perquisite or allowance."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

A JOINT RESOLUTION
PROPOSING AN AMENDMENT TO ARTICLE 5, SECTION 5 OF THE CONSTITUTION OF NEW MEXICO TO ALLOW FOR THE REMOVAL OF GUBERNATORIAL APPOINTEES AS PROVIDED BY LAW.

Brief Analysis

Constitutional Amendment No. 2 enables the governor to remove gubernatorial appointees from office without stating a reason for doing so in cases where there are no other provisions in state law for their removal. Currently the constitution mandates that gubernatorial appointees may be removed by the governor for "incompetency, neglect of duty or malfeasance in office".

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 5, Section 5 of the constitution of New Mexico to read:

"The governor shall nominate and, by and with the consent of the senate, appoint all officers whose appointment or election is not otherwise provided for and may remove any officer appointed by him unless otherwise provided by law. Should a vacancy occur in any state office, except lieutenant governor and member of the legislature, the governor shall fill such office by appointment, and such appointee shall hold office until the next general election, when his successor shall be chosen for the unexpired term."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

A JOINT RESOLUTION
PROPOSING AN AMENDMENT TO ARTICLE 8, SECTION 5 OF THE CONSTITUTION OF NEW MEXICO TO INCREASE THE HEAD OF FAMILY EXEMPTION FROM THE TAXATION OF PROPERTY.

Brief Analysis

Constitutional Amendment No. 3 increases the head of family property tax exemption over a six-year period in three increments up to $2,000 in 1993 and thereafter. The current exemption is $200.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 8, Section 5 of the constitution of New Mexico to read:

"The legislature shall exempt from taxation the property of each head of the family to the amount of two thousand dollars ($2,000) as follows: in 1989, the legislature shall exempt from taxation eight hundred dollars ($800), in 1991, one thousand four hundred dollars ($1,400) and beginning in 1993, two thousand dollars ($2,000). The legislature shall also exempt from taxation the property, including the community or joint property of husband and wife, of every honorably discharged member of the armed forces of the United States who served in such armed forces during any period in which they were or are engaged in armed conflict under orders of the president of the United States, and the widow or widower of every such honorably discharged member of the armed forces of the United States, in the sum of two thousand dollars ($2,000). Provided, that in every case where exemption is claimed on the ground of the claimant's having served with the armed forces of the United States as aforesaid, the burden of proving actual and bona fide ownership of such property upon which exemption is claimed, shall be upon the claimant."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

A JOINT RESOLUTION
PROPOSING AN AMENDMENT TO ARTICLE 9, SECTION 10 OF THE CONSTITUTION OF NEW MEXICO TO PERMIT COUNTY INDEBTEDNESS FOR BOOKS AND OTHER LIBRARY RESOURCES.

Brief Analysis

Constitutional Amendment No. 4 permits county governments to purchase library books and other library resources with revenues from the sale of general obligation bonds. County indebtedness currently may be incurred for certain public purposes such as buildings, roads, water rights, sewer systems and landfills upon the approval of a majority of "qualified electors" in the county voting on the issue. The amendment also updates terminology in the constitution by changing the phrase "qualified elector" to "registered voter", reflecting a decision of the United States supreme court in 1970.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 9, Section 10 of the constitution of New Mexico to read:

"No county shall borrow money except for the following purposes:

A. erecting, remodeling and making additions to necessary public buildings;

B. constructing or repairing public roads and bridges;

C. constructing or acquiring a system for supplying water, including the acquisition of water and water rights, necessary real estate or rights-of-way and easements;

D. constructing or acquiring a sewer system, including the necessary real estate or rights-of-way and easements;

E. constructing an airport or sanitary landfill, including the necessary real estate; or

F. the purchase of books and other library resources for libraries in the county.

In such cases, indebtedness shall be incurred only after the proposition to create such debt has been submitted to the registered voters of the county and approved by a majority of those voting thereon. No bonds issued for such purpose shall run for more than fifty years. Provided, however, that no money derived from general obligation bonds issued and sold hereunder shall be used for maintaining existing buildings and, if so, such bonds shall be invalid."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

A JOINT RESOLUTION
PROPOSING AN AMENDMENT TO ARTICLE 2, SECTION 13 OF THE CONSTITUTION OF NEW MEXICO TO RESTRICT BAIL FOR CONVICTED PERSONS.

Brief Analysis

Constitutional Amendment No. 5 restricts the availability of bail for a person convicted of a crime who is appealing that crime. The amendment does not change any of the other constitutional bail protections and restrictions.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 2, Section 13 of the constitution of New Mexico to read:

"All persons shall, before conviction be bailable by sufficient sureties, except for capital offenses when the proof is evident or the presumption great and in situations in which bail is specifically prohibited by this section. Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishment inflicted.

Bail may be denied by the district court for a period of sixty days after the incarceration of the defendant by an order entered within seven days after the incarceration, in the following instances:

A. the defendant is accused of a felony and has previously been convicted of two or more felonies, within the state, which felonies did not arise from the same transaction or a common transaction with the case at bar;

B. the defendant is accused of a felony involving the use of a deadly weapon and has a prior felony conviction, within the state. The period for incarceration without bail may be extended by any period of time by which trial is delayed by a motion for a continuance made by or on behalf of the defendant. An appeal from an order denying bail shall be given preference over all other matters."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

A JOINT RESOLUTION
PROPOSING TO AMEND ARTICLES 6 AND 20 OF THE CONSTITUTION OF NEW MEXICO TO PROVIDE FOR JUDICIAL REFORM.

Brief Analysis

Constitutional Amendment No. 6 proposes a number of changes regarding the selection and retention of justices and judges in New Mexico, proposing what is often known as "merit selection". Initially, judicial candidates will run in a partisan election, as they do now. Once elected to the bench, judges will not face opposition in future elections. Rather, the current judge's name will be the only name placed on the ballot. Voters will be given the choice of retaining or rejecting the current judge. If the office of justice or judge becomes vacant either by rejection of the voters or by death, resignation or impeachment, a nominating commission will recommend to the governor a qualified successor. Additionally, the proposed amendment increases the qualifications for judges and establishes nominating bodies for the supreme court, the court of appeals, the district courts and the metropolitan court. The membership of the nominating commission and the nominating committees for each judicial district will vary but will include judges, lawyers and private citizens.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 6, Section 4 of the constitution of New Mexico to read:

"The supreme court of the state shall consist of at least five justices who shall be chosen as provided in this constitution. One of the justices shall be selected as chief justice as provided by law."

Section 2. It is proposed to amend Article 6, Section 8 of the constitution of New Mexico to read:

"No person shall be qualified to hold the office of justice of the supreme court unless that person is at least thirty-five years old and has been in the actual practice of law for at least ten years preceding that person's assumption of office and has resided in this state for at least three years immediately preceding that person's assumption of office. The actual practice of law shall include a lawyer's service upon the bench of any court of this state. The increased qualifications provided by this 1988 amendment shall not apply to justices and judges serving at the time this amendment passes or elected at the general election in 1988."

Section 3. It is proposed to amend Article 6, Section 12 of the constitution of New Mexico to read:

"The state shall be divided into judicial districts as may be provided by law. One or more judges shall be chosen for each district as provided in this constitution."

Section 4. It is proposed to amend Article 6, Section 14 of the constitution of New Mexico to read:

"The qualifications of the district judges shall be the same as those of justices of the supreme court except that district judges shall have been in the actual practice of law for at least six years preceding assumption of office. Each district judge shall reside in the district for which the judge was elected or appointed. The increased qualifications provided by this 1988 amendment shall not apply to district judges serving at the time this amendment passes or elected at the general election in 1988."

Section 5. It is proposed to amend Article 6, Section 16 of the constitution of New Mexico to read:

"The legislature may increase the number of district judges in any judicial district, and they shall be elected or appointed as other district judges for that district. At any session after the publication of the census of the United States in the year nineteen hundred and twenty, the legislature may rearrange the districts of the state, increase the number thereof, and make provision for a district judge for any additional district."

Section 6. It is proposed to amend Article 6, Section 19 of the constitution of New Mexico to read:

"No justice of the supreme court, judge of the court of appeals, judge of the district court or judge of a metropolitan court, while serving, shall be nominated, appointed or elected to any other office in this state except a judicial office."

Section 7. It is proposed to amend Article 6, Section 25 of the constitution of New Mexico to read:

"The legislature shall establish a magistrate court to exercise limited original jurisdiction as may be provided by law. The magistrate court shall be composed of such districts and elective magistrates as may be provided by law. Magistrates shall be qualified electors of, and reside in, their respective districts, and the legislature shall prescribe other qualifications. Magistrates shall receive compensation as may be provided by law, which compensation shall not be diminished during their term of office. Metropolitan court judges shall be chosen as provided in this constitution."

Section 8. It is proposed to amend Article 6, Section 28 of the constitution of New Mexico to read:

"The court of appeals shall consist of not less than seven judges who shall be chosen as provided in this constitution, whose qualifications shall be the same as those of justices of the supreme court and whose compensation shall be as provided by law. The increased qualifications provided by this 1988 amendment shall not apply to court of appeals judges serving at the time this amendment passes or elected at the general election in 1988.

Three judges of the court of appeals shall constitute a quorum for the transaction of business, and a majority of those participating must concur in any judgment of the court.

When necessary, the chief justice of the supreme court may designate any justice of the supreme court, or any district judge of the state, to act as a judge of the court of appeals, and the chief justice may designate any judge of the court of appeals to hold court in any district, or to act as a justice of the supreme court."

Section 9. It is proposed to amend Article 6 of the constitution of New Mexico by adding a new Section 33 to read:

"A. Each justice of the supreme court, judge of the court of appeals, district judge or metropolitan court judge shall have been elected to that position in a partisan election prior to being eligible for a nonpartisan retention election. Thereafter, each such justice or judge shall be subject to retention or rejection on a nonpartisan ballot.

B. Each justice of the supreme court or judge of the court of appeals shall be subject to retention or rejection in like manner at the general election every eighth year.

C. Each district judge shall be subject to retention or rejection in like manner at the general election every sixth year.

D. Each metropolitan court judge shall be subject to retention or rejection in like manner at the general election every fourth year.

E. Every justice of the supreme court, judge of the court of appeals, district judge or metropolitan court judge holding office on January 1 next following the date of the election at which this amendment is adopted shall be deemed to have fulfilled the requirements of Subsection A of this section and the justice or judge shall be eligible for retention or rejection by the electorate at the general election next preceding the end of the term of which the justice or judge was last elected prior to the adoption of this amendment.

Section 10. It is proposed to amend Article 6 of the constitution of New Mexico by adding a new Section 34 to read:

"The office of any justice or judge subject to the provisions of Section 33 of Article 6 of this constitution becomes vacant on January 1 immediately following the general election at which the justice or judge is rejected by a majority of those voting on the question of his retention or rejection or on January 1 immediately following the date he fails to file a declaration of candidacy for the retention of his office in the general election at which the justice or judge would be subject to retention or rejection by the electorate. Otherwise, the office becomes vacant upon the date of the death, resignation or removal by impeachment of the justice or judge. The date for filing a declaration of candidacy for retention of office shall be the same as that for filing a declaration of candidacy in a primary election."

Section 11. It is proposed to amend Article 6 of the constitution of New Mexico by adding a new Section 35 to read:

"There is created the "appellate judges nominating commission" consisting of: the chief justice of the supreme court or the chief justice's designee from the supreme court; two judges of the court of appeals appointed by the chief judge of the court of appeals; the governor, the speaker of the house of representatives and the president pro tempore of the senate shall each appoint two persons, one of whom shall be an attorney licensed to practice law in this state and the other who shall be a citizen who is not licensed to practice law in any state; the dean of the university of New Mexico school of law, who shall serve as chairman of the commission and shall vote only in the event of a tie vote; four members of the state bar of New Mexico, representing civil and criminal prosecution and defense, appointed by the president of the state bar and the judges on this committee. The appointments shall be made in such manner that each of the two largest major political parties, as defined by the Election Code, shall be equally represented on the commission. If necessary, the president of the state bar and the judges on this committee shall make the minimum number of additional appointments of members of the state bar as is necessary to make each of the two largest major political parties be equally represented on the commission. These additional members of the state bar shall be appointed such that the diverse interests of the state bar are represented. The dean of the university of New Mexico school of law shall be the final arbiter of whether such diverse interests are represented. Members of the commission shall be appointed for terms as may be provided by law. If a position on the commission becomes vacant for any reason, the successor shall be selected by the original appointing authority in the same manner as the original appointment was made and shall serve for the remainder of the term vacated.

The commission shall actively solicit, accept and evaluate applications from qualified lawyers for the position of justice of the supreme court or judge of the court of appeals and may require an applicant to submit any information it deems relevant to the consideration of his application.

Upon the occurrence of an actual vacancy in the office of justice of the supreme court or judge of the court of appeals, the commission shall meet within thirty days and within that period submit to the governor the names of persons qualified for the judicial office and recommended for appointment to that office by a majority of the commission.

Immediately after receiving the commission nominations, the governor may make one request of the commission for submission of additional names, and the commission shall promptly submit such additional names if a majority of the commission finds that additional persons would be qualified and recommends those persons for appointment to the judicial office. The governor shall fill a vacancy or appoint a successor to fill an impending vacancy in the office of justice of the supreme court or judge of the court of appeals within thirty days after receiving final nominations from the commission by appointing one of the persons nominated by the commission for appointment to that office. If the governor fails to make the appointment within that period or from those nominations, the appointment shall be made from those nominations by the chief justice or the acting chief justice of the supreme court. Any person appointed shall serve until the next general election. That person's successor shall be chosen at such election and shall hold the office until the expiration of the original term."

Section 12. It is proposed to amend Article 6 of the constitution of New Mexico by adding a new Section 36 to read:

"There is created the "district court judges nominating committee" for each judicial district. Each and every provision of Section 35 of Article 6 of this constitution shall apply to the "district judges nominating committee" except that: the chief judge of the district court of that judicial district or the chief judge's designee from that district court shall sit on the committee; there shall be only one appointment from the court of appeals; and the citizen members and state bar members shall be persons who reside in that judicial district."

Section 13. It is proposed to amend Article 6 of the constitution of New Mexico by adding a new Section 37 to read:

"There is created the "metropolitan court judges nominating committee" for each metropolitan court. Each and every provision of Section 35 of Article 6 of this constitution shall apply to the metropolitan court judicial nominating committee except that: no judge of the court of appeals shall sit on the committee; the chief judge of the district court of the judicial district in which the metropolitan court is located or the chief judge's designee from that district court shall sit on the committee; the chief judge of that metropolitan court or the chief judge's designee from that metropolitan court shall sit on the committee only in the case of a vacancy in a metropolitan court; and the citizen members and state bar members shall be persons who reside in the judicial district in which that metropolitan court is located."

A JOINT RESOLUTION
PROPOSING AN AMENDMENT TO ARTICLE 10, SECTION 7 OF THE CONSTITUTION OF NEW MEXICO TO STANDARDIZE COUNTY ELECTIONS BY GRANTING COUNTIES THE OPTION OF ADOPTING FIVE-MEMBER BOARDS OF COUNTY COMMISSIONERS AND BY LIMITING TERMS OF OFFICE OF ELECTED OFFICIALS IN THOSE COUNTIES.

Brief Analysis

Constitutional Amendment No. 7 allows any county, by unanimous vote of its board of county commissioners, to adopt a five-member board of county commissioners. In any county with a five-member board, all elected county officials will serve four-year staggered terms.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. It is proposed to amend Article 10, Section 7 of the constitution of New Mexico to read:

"A. In those counties having a population of more than one hundred thousand, as shown by the most recent decennial census, and having a final, full assessed valuation in excess of seventy-five million dollars ($75,000,000), the elected board of county commissioners shall consist of five members. The county shall be divided into five county commission districts which shall be compact, contiguous and as nearly equal in population as practicable. One county commissioner shall reside within, and be elected from, each county commission district. Change of residence to a place outside the district from which a county commissioner was elected shall automatically terminate the service of that commissioner and the office shall be declared vacant.

County commissioners serving on five-member boards of county commissioners pursuant to this subsection shall serve terms of four years, and after having served two consecutive terms, shall be ineligible to hold any county office for four years thereafter.

Provided, that in the first general election immediately following the adoption of this amendment, two county commissioners shall each be elected for a term of two years; two county commissioners shall each be elected for a term of four years; and one county commissioner shall be elected for a term of six years; thereafter, each county commissioner shall be elected for a term of four years.

B. In those counties having a population of less than one hundred thousand but more than sixty-five thousand, as shown, by the 1970 decennial census, and a final, full assessed valuation in excess of two hundred million dollars ($200,000,000) but less than four hundred fifty million dollars ($450,000,000), according to final assessed valuations for 1978 certified by the property tax division of the taxation and revenue department, the elected board of county commissioners may consist of five members, if a majority of the voters in the county voting thereon, according to the procedures established by law, approve the creation of a five-member board. Upon the creation of a five-member board, the county shall be divided by the incumbent board of county commissioners into five county commission districts which shall be compact, contiguous and as nearly equal in population as practicable. One county commissioner shall reside within, and be elected from, each county commission district. Change of residence to a place outside the district from which a county commissioner was elected shall automatically terminate the service of that commissioner and the office shall be declared vacant.

C. In a county not subject to the provisions of Subsection A or B of this section, the board of county commissioners by unanimous vote may adopt an ordinance to increase the size of the board of county commissioners to five members. Upon creation of a five-member board, the county shall be divided by the incumbent board of county commissioners into five county commission districts which shall be compact, contiguous and as nearly equal in population as possible. One county commissioner shall reside within and be elected from each county commission district. Change of residence to a place outside the district from which a county commissioner was elected shall automatically terminate the service of that commissioner and the office shall be declared vacant.

D. In every county that has a five-member board of county commissioners, all elected county officials shall serve four-year staggered terms. To provide for staggered terms, the secretary of state shall determine by lot, in two groups of approximately equal numbers, the county officials who shall be elected to a two-year term and those who shall be elected to a four-year term in the 1990 general election or in the first general election following adoption of a five-member board of county commissioners, provided the terms of the county assessor and county treasurer shall not expire in the same year and the terms of no more than three county commissioners shall expire in the same year. All county officers, after having served two consecutive four-year terms, shall be ineligible to hold any county office for two years thereafter. The provisions of this subsection for staggering of terms do not apply to boards of county commissioners who at the time of the adoption of this amendment, whether by law or court order, are serving four-year staggered terms."

Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next general election or at any special election prior to that date which may be called for that purpose.

Section 6. The expenses incurred by the state board of finance in or relating to the preparation and sale of the bonds shall be paid out of the proceeds from the sale of the bonds, and all rebate, penalty, interest and other obligations of the state relating to the bonds and the proceeds thereof under the Internal Revenue Code of 1986, as amended, shall be paid from earnings on such proceeds or other money of the state, legally available therefor.

SE PROPONE UNA ENMIENDA AL ARTICULO 2, SECCION 13 DE LA CONSTITUCION DE NUEVO MEXICO PARA RESTRINGIR FIANZA PARA PERSONAS CONVICTAS.

SEA RESUELTO POR LA LEGISLATURA DEL ESTADO DE NUEVO MEXICO:

Seccion 1. Se propone enmendar el articulo 2, seccion 13 de la constitucion de Nuevo Mexico que lea:

"Toda persona debera, antes de ser convicta, ser considerada para ponerse en libertad bajo fianza con las suficientes garantias de seguridad, excepto por ofensas capitales cuando las pruebas son evidentes o las sospechas son mayores y en situaciones en las que la fianza es especificamente prohibida por esta seccion. A. el demandado es acusado de un delito de felonia y ha sido previamente convicto por dos o mas delitos de felonia, dentro del estado, y estos delitos de felonia no han surgido del mismo asunto o de un asunto comun con el caso en cuestion;

B. el demandado es acusado de un delito de felonia que implica el uso de arma mortal y ha tenido una conviccion previa de delito de felonia, dentro del estado. El periodo de encarcelamiento sin fianza puede ser extendido a cualquier periodo por causa de atraso del juicio por medio de una mocion presentada para una demora hecha por o en nombre del demandado. Una apelacion de una orden que niegue la fianza debera tener preferencia sobre cualquier otro asunto."

Seccion 3. La enmienda propuesta por esta resolucion debera ser sometida al pueblo para su aprobacion o rechazo, en la proxima eleccion general o en cualquier eleccion especial, previa a esa fecha, que podra ser convocada para ese proposito.

Analisis Breve

Enmienda Constitucional No. 6 propone un numero de cambios sobre la seleccion y retencion de jueces de la corte suprema y jueces en Nuevo Mexico, proponiendo lo que es conocido como, "seleccion en merito". Inicialmente candidatos judiciales seran candidatos en una eleccion de partido, como se hace ahora. Después de elegidos los jueces no tendran oposicion en futuras elecciones. En vez, el nombre del corriente juez sera el unico nombre en la boleta. A los votantes se les dara la seleccion de retener o rechazar al juez corriente. Si la posicion de juez de la corte suprema o juez esta vacante ya sea por rechazamiento por los votantes o por muerte, renuncia o acusacion, una comision nominadora recomendara al gobernador un sucesor calificado. Adicionalmente, la enmienda propuesta aumenta las calificaciones para jueces y establece grupos de nominacion para la corte suprema, la corte de apelaciones, las cortes de distrito y la corte metropolitana. Los miembros de la comision nominadora y los comites de nominacion para cada distrito judicial variara pero incluira jueces, abogados y ciudadanos privados.
