This Is The Hour Of The Progressive Man

It is also the hour of the man who saves a part of his earnings--with the realization that his earning power is gradually diminishing with every year of his life. But he is amply rewarded in the evening of life with the consulation of knowing that he has wisely accumulated a competence for this period.

Call It Stolen Wares.

There is an old principle in newspaper ethics that is now being disregarded by some journals, even some of the higher class. It is the custom of some papers to clip news articles from their exchanges which they consider of interest, add a date line and publish them as "special correspondence," and sometimes they are stolen without prefixing a date line. This practice is wrong in principle and unfair from every stanpoint It is discourteous, it is dishonest because it is taking something from another without compensation of credit. The actual news which a newspaper furnishes at a cost of labor is what its readers expect and appreciate, and another paper has no right to appropriate it without credit. When a news article is copied from an exchange, in a way, it should be an advertisement for the paper from which it is taken, if given proper credit, and should not serve as a boost for the paper that steals it. There is no other profession that should be regarded with greater respect than that of the newspaper calling and its members should observe the courtesies the profession demands, and there is no other principle in its code of ethics that calls for nicer discrimination than that of giving credit where credit rightly belongs.

This paper has some reason to complain of the discourtesy it has set forth. On different occasions three or four exchanges have copied news articles from it without credit; some of them with the date line, some of them without it, and in a small way we feel that we have been robbed of what only belongs to us. We realize that not to receive the Capitan Mountaineer will prove very hurtful to these three or four exchanges or that it will cause them to stop publication, but we have determined to scratch them off our exchange list. If they get news from this community hereafter they will get from some other source than through the columns of the Capitan Mountaineer.

Another Garaage in Capitan.

Messrs. Dan Clubb and David Merchant have established a garage in the Julian building next door to the post office and are serving the public. Auto travel has become so general that a great deal of car work is constantly demanded and these young have seen room for another garage in Capitan. Mr. Clubb is a good machinist to commence with, and has had years of experience in garage work, and knows as much about automobiles as any other man in this part of the state. David Merchant has had quite an experience in garage work, also, in driving cars and will make a valuable assistant to Mr. Clubb. These parties are now prepared to do any kind of work on autos, and invite those who want repair work done on cars to bring them to their garage. Look for their regular advertisement in next weeks paper.

New Agricultural Agent.

Mr. Stuart Sterling, who has recently been appointed agricultural agent for this county, in place of Mr. Gardner resigned, was in Capitan Tuesday. Mr. Stealing is making his headquarters in Carrizozo, but he thinks Capitan is the most logical point, as it is more convenient to the farming interests of the county, and he will probably ask the commissioners court to make provision for an office here. Mr Gardener has obtained a Lieutenant's commission in the Aviation service and is now at Long Beach, California.

Clemente Hightower came up from Hondo last Saturday and remained until Monday afternoon. Mr. Hightower thinks of moving back to Capitan a little later on.

Boston Wright has sold his farm in Paradise Valley to Pete Etchervary, for a consideration of $7,000, so we learn. Mr. Wright says selling out does not mean that he will leave this country; that he expects to buy again and settle in Lincoln county.

M. E Carty has bought Monroe Read's place three miles northwest of town, and moved to it last week.

S. R. Robinson has bought John Foster's place in Paradise Valley and will move out this week.

Allie Stover has sold his place at Hondo Junction to Mr. Hedgecoxe, the gentleman who bought the old Fritz place. Mr Stover is off at the present time prospecting for a new location.

Commissioner A J. Gilmore was in town yesterday on his way home from Carrizozo. He informed the Mountaineer editor that he has sold his Ruidoso farm to a Mr. Tom Dothitt, of Roswell, who will soon take possession of the place. Mr Gilmore said he is undecided as to where he and Mrs. Gilmore will make their permanent future home; he also stated that he expected to remain in the county until spring at least, but could not tell yet at what point

Stock Shipments.

More cattle shipments are being made from Capitan this week. One hundred dry cows were brought in from Fort Stanton and shipped Tuesday to the Kansas City market.

Four other car loads of beef cattle will be shipped out today. Bert Bonnell will have one car load; J. V. Tully one car; Dave Parker one car and Joe Stratton one car load

Fred Pfingston is shipping out three car loads of hay this week Mr. J H. Talley, of Tinnie, has also been making large shipments of hay recently, but we are unable to state just how much he has shipped.

Volunteer Enlistments.

Washington Regular army recruiting has taken another sweep upward. On Wednesday 2769 men were accepted, making 276,831 war volunteers to have entered the regular service since April 1

It was the third successive day upon which recruiting approached the 3,000-mark, after weeks of a daily average of 1,000 or less.

Only twelve states, one of which is New Mexico, have failed to supply their full quota for the regular.

Out of Their Own Mouths.

"We have become a nation of wrath; we think only of the war. * * * * We execute God Almighty's will and the edicts of His justice we will fulfill, imbued with holy rage, in vengeance upon the ungodly. God calls us to murderous battles, even if worlds should thereby fall to ruins * * We are woven togother like the chastening lash of war; we flame aloft like the lighting; like gardens of roses our wounds blossoms at the gate of Haven. We thank Thee, Lord God Thy wrathful call obliterates our sinful nature; with Thine iron rod we smite all our enemies in the face —Poem by Fritz Phillippi.

I received your letter and am much obliged for the molasses that was stuck on the northwest corner. You must have been eating dinner when you wrote the letter. The reason you could not read my last bunch of notes was on account of the misspelling; I was then going through the 32nd degree of the Oklahoma itch the old Camper left here last Spring.

Our efficient Constable unearthed another beef hide by mistake, as it was one he had buried himself, and it liked to have scared him out of his wits completely. However, some of his neighbors had helped to eat the meat and they say it will do no good to plead guilty.

Our Merchant Prince collected two dollars from Slop Bucket Dick on an old account yesterday and afterwards bragged about it being the only account Dick ever paid, which is a fact, and today Dick sued the Merchant for slander and says he knew better than to pay it in the first place.

Judge Bloodgood's oldest son, who has been studying law for the last six years, was admitted to the county jail one day last week, and hereafter will be allowed to practice in the public road camps.

Almost $3 Per Capita for School Children.

Santa Fe, N. M., Dec. 10.—On his return from Washington this week, where has been attending an important war work conference, State School Superintendent J. H. Wagner will distribute to the common schools of New Mexico a total $305,065.89, being the largest single apportionment ever made to the common schools of New Mexico in the history of the state. Of the total amount to be distributed, $267,791.05, or almost $3 per capita for the state's school population, is drawn from the Common Schools Income fund, derived from rentals of state school land. In addition to the amount already transferred to the Department of Education, the State Auditor has still a considerable sum remaining of the common school land income fund which has been paid in by State Land Commissioner Ervien and which will go to the schools in a later apportionment.

Doings At Pumpkin Center.

Health and prosperity are fair in our part. Every one is making preparations for a good Xmas.

The dance at Ben Leslie's Saturday night was largely attended.

Mr. Henry Burks has leased Mr. Dick Burch's place for another year.

Ben Rogers has his new log house completed.

Watt Hill has come back to his place. We are glad to have Mr. Hill and his wife back with us.

Mr. Bob Leslie, of the White Oaks community, was over visiting his folks Saturday and Sunday.

Our school is progressing nicely with nineteen in attendance. We have the house plastered and a cistern put down; all we lack now is a good rain or snow to fill the cistern.

J. F. Betts wishes to inform the public that he keeps good assortment of lumber constantly on hand at his saw mill.

The Extra Passenger Service.

The extra passenger service was put on the Roswell and Carrizozo mail line last Monday. They are using brand new Super-Sixers, heated and fitted up in the most comfortable way for the accommodation of passengers. These cars arrive in Carrizozo in time to meet the regular passenger trains, and give passengers time to get their dinner.

Personal Mention.

S. L. Stevens is engaged in prospecting this winter. He spent the Christmas Holidays one day last week equipped with traps, intending to beg a route to the mountain country in the Western part of the county where he will spend some time.

Frank Ringer, Chas. Parks, of Carrizozo, was looking after business in Capitan Monday.

W. S. Mann of the marble firm of Hewitt & Co. of Roswell was here the first of the week to make a delivery of some marble stones. He found that they had gone through a fire at Oskaloosa, Kas., on their way to Lincoln, and were damaged. He got in a claim against the Railroad Co. for damages, made new orders and returned home.

John C. Kesler of the firm of Kesler Bros. was in Capitan Tuesday.

Walter Berry of El Paso, formerly of this county, from El Paso, where he has been to have his wife's tonsils removed, passed through Capitan Monday enroute home. Mrs. Berry was able to come home in about 4 days.

P. G. Peterson and Geo. A. Titsworth were in Carrizozo Wednesday on business. We hear they had a good time.

C. A. Parsons came in Saturday night and spent Monday in Capitan looking after business interests. He is one of our best citizens.

Lost for the Big Show, a black leather bag containing clothing, etc. Finder please return to Scales & Son.

Mr. and Mrs. B. F. Nabours of Carrizozo were with Mr. and Mrs. Paul Ryon at their station West of Capitan last week. Mr. Nabours is assistant to Mr. Ryon at the Forest Station.
