This Is The Hour Of The Progressive Man

It is also the hour of the man who saves a part of his earnings--with the realization that his earning power is gradually diminishing with every year of his life. But he is amply rewarded in the evening of life with the consulation of knowing that he has wisely accumulated a competence for this period.

To Correspondents.

Our correspondents will please confine themselve to news happening in their communities. We have to publish a great deal of matter sent us by the Government departments which is considered of the utmost importance regarding the war, and we not space nor time to get in stories which have no news in them. We make this statement in the kindest feeling and hope the correspondents will see it in the light in which it is intended. But don't forget, we want the news sent in regularly.

Burglary.

Mr. and Mrs. T. G. Hoover's rooms in the depot building were burglarized last night. Mrs. Hoover had ocaasion to go into the dining about 3:30 in the morning and found a man putting her silverware, a set of furs and some other valuables in a sack, He ran out at the back door when Mrs. Hoover entered the room, leaving the sack of goods. She got her gun as soon possible and fired several shots at him as he ran off, but there are no indications that he was wounded. No clue yet as to who the party was.

Grandma Pucella is Dead.

Mrs, Nancy E. Purcella died at the home of her daughter, Mrs. W. H. Hazelwood, near Richardson, New Mexico, on the night of January 30, 1918, of cancer, after a long period of suffering.

Grandma Percella, as she was lovingly known, was one of those beautiful characters whom few appreciate for what they have done. Never did she neglect the distressed or sick neighbor, and her willing hands will be missed by her friends from every point of the compass. She was born February 24th, 1838, and was nearing her 80th birthday. Her place of nativity was Little Rock, Arkansas; came to Texas when she was eight years old, and was married to Joseph Purcella in the year 1853.

Grandma Puscella was the mother of fourteen children—eight boys and six girls. Six sons and and three daughters still live to mourn her loss. Six of the children were at her bedside when she passed to the great beyond. One daughter lives in Bakersfield, California, one daughter in Miam, Arizona, and a son who lives in Torrance county were absent.

Grandma has lived in New Mexico since 1882—in Lincoln and Chaves counties most of the time.

The remains were laid to rest at 4 p. m., February 1st, in the Tinnie cemetery, by many friends and loved ones, Rev. Acre, of Capitan, conducting the funeral services. Thus another of the real pioneers are gone, and few we are who appreciate them for what they have done in life. Grandma Purcella will be remembered with only the very kindest of thought by the host of relatives and friends she leaves behind to regret her untimely death.

A. Friend.

War Savings Stamps.

The machinery by which the purchase of a Thrift Stamp or a War Savings Stamp is to made as convenient as the purchase of a spool of thread or a pound of nails, in every community of the United States, is rapidly being established. Already 185,000 War Savings Stamp Agencies have been established and by the close of January this number will have been increased by 850,000.

In addition to these agencies there will be 1,000,000 sales stations, which do no not receive direct authorization to make the sales from the Secretary of the Treasury, but obtain their stamps from authorized agents and sell them over their cashiers windows and other places.

Fifty thousand post offices now have War Savings Stamps on sale 29,000 banks and 8,000 individual firms and corporations have been appointed agents. Nine thousand interstate corporations having places of business in the several States will constitute 115,000 additional agencies.

An intensive campaign is now on for the establishing of War Savings societies which can be organized by 10 or more persons in any community, school club, church, factory or office and can be affiliated with the National War Savings Committee at Washington upon application. —From Committee on Public Information.

THE UNITED STATES FOOD ADMINISTRATION SAYS:

There is no royal road to food conservation. We can only accomplish this by the voluntary action of our whole people, each element in proportion to its means. It is a matter of equality of burden; a matter of minute saving and substitution at every point in the 20,000,000 kitchens, in the 20,000,000 dinner tables, and in the 2,000,000 manufacturing, wholesale and retail establishments of the country.

Doings at Pumpkin Center.

Farmers have begun plowing since the melting of the recent snows, which put ground in fair condition.

Owing to late storms cattle were drawn considerably, but at this time are looking much better.

Watt Hill had an attack of accute indigestion recently, but is now improving.

Ben Rogers sold his home last week to Mateo Todevera, of Lincoln. Mr. Rogers and family are now making their home in Miama, Arizona.

R. S. Burch returned Monday from Silver City, New Mexico. "Old Dick" seems to be somewhat under the weather.

Mrs. H. A. Meers arrived today on her way home to Cutter, N. M., after visiting in Oklahoma and Texas. She will spend a few days with her daughter, Mrs. Myrtle Hurt.

Walter Hill and wife arrived this week and will spend the winter with his brother Watt.

Jake Hulse says he will be ready to drill other wells soon as he thinks he will finish the Rockwell proposition at early date. Jake is an experienced well man; can make and do anything about a well drill, to even making his own devices for catching lost bits.

Miss Ida Coleman, who has been teaching school at the Gap school house the past two years, resigned the position last week and left Tuesday for her home in Trenton, Tenn. The people of this community have been well pleased with Miss Coleman as a teacher and regret that she has left them. She was well satisfied with her school and liked the people of the community, but she found the altitude too great for her, as she is afflicted with rheumatism and thought it best to return to her Tennessee home.

Talley-Moore.

Miss Johnnie Talley, of Capitan, and Mr. Bruce Moore, of Hondo, were united in the holy bonds of matrimony Monday afternoon at 5:30 o'clock in the beautiful old fashioned library of Dr. Frank Talmage, the Doctor performing a short and sweet ceremony.

The bride, aged 17, has been a resident of Lincoln county for several years, and has many friends in and around the county.

Bruce, better known as "Shorty," age 23, came from Hillsboro, Texas, some four or five years ago, and since then has been engaged in ranch work. He has been one of Hondo's most successful cattle raisers.

They will leave tomorrow by auto for Santa Fe, Roy and other points in New Mexico, on their Honey Moon and visit Mr. Moore's people, and will make their home in Albuquerque. We join the host of friends in wishing them a long, happy and prosperous life.

Our War Aims.

"What we demand in this war, therefore, is nothing peculiar to ourselves. It is that the world be made fit and safe to live in; and particularly that it be made safe for every peace-loving nation which, like our own, wishes to live its own life, determine its own institutions, be assured of justice and fair dealing by the other peoples of the world as against force and selfish aggression. All the peoples of the world are in effect partners in this interest, and for our own part we see very clearly that unless justice be done to others it will not be done to us. The program of the world's peace, there, is our program."—President Wilson's Message of January 8.

James Gonzales, son of Jose Gonzales, of Hondo, returned Wednesday from Camp Kearney, California. He was found physically disable for army service and was discharged.

Election of President of Lincoln Co. Teachers' Ass'n.

Let me thank the teachers of the County for their prompt response in voting for President for the County Teachers' Association which resulted in the election of Mrs. W. L. Gumm for this important position.

Soon preparations will begin to form a program to meet the needs of the times, and all the teachers of the County may be assured that the meeting of the Association this year will be, as it has always been in the past, a thing worth while. It shall be the endeavor of those arranging the program to obtain some of the best Educational talent of the State to address the teachers on that occasion

Last year we were unfortunate in having our date for the Asso. to conflict with that of another county and many of those whom we invited had previously arranged to be at the other meeting, but this year we shall try to have our date fixed far enough ahead to obtain these parties before they promise to go elsewhere.

Let every one endeavor to make this the best Association the county has ever had. It should be the desire of every teacher of the county to be present and participate in the good things that will be enjoyed at the coming meeting of the Association.

From time to time there will appear in the columns of the three County Papers something concerning the Association and what treats may be expected. Just as soon as the date shall be decided upon, it will be made public through the papers before mentioned.

Let us all work together to the coming a Grand Success.

J. E. KOONCE,
County Supt. of Schools.

Frank Parsons was up Wednesday from Tinnie.

News comes from the lower Bonito country that oil has been found on Mr Fred Vorwick's land.

If you would like to have what you want when you want it, come to the Great Western.

Barney Burch has gone to the Gallo to work on a ranch.

Clement Hightower, Alec Stover and T H Kirkland, of Hondo, were in Capitan Wednesday.

Ed Phington brought down Wednesday two loads of beans and took back alfalfa hay.

Messers Walker and Etcheverary are over from the ranch today.

Robert Ferris is over from the North side today after supplies.

The Red Cross Society will make another shipment Saturday of knitted goods for the soldiers.

Mrs H A Meers left today for her home in Cutter, N M. She was accompanied home by her home by her grand daughter, Miss Katie Hurt.

The Titsworth Co received a new Ford Truck yesterday. It is a small machine, but shows to be an extra good one. They will use it principally in hauling stuff to and from their ranches.

Miss Nellie Shepherd has moved back to her home in the southwest part of town. A. G. Merryfield has leased her land and moved into the house with her.

Read the new advertisement of Mr Riley McPherson in this weeks paper. Mr McPherson will have an automobile expert in his garage in a day or two who can handle all kinds of automobile repair work.

J. L. Bryan and John C. Johns of Baca Canyon were callers at this office yesterday afternoon. Mr Johns was limping considerably from a sore foot caused by a big rusty nail.

Ben F. Nabours returned the first of the week from Three Rivers where he had been called by the serious illness of his father, Mr J O Nabours. His sickness was said to have been caused by stomach trouble, but was much improved when Ben came home.

Edwin Read came in Tuesday evening from Portales. He did not come alone, either, but brought with him Mrs Edwin Read. Well, Edwin and Miss Vah Sander, of Portales were married last Saturday evening and are here spending their honey money, receiving the congratulations of many friends.

Bowen Zumwalt has been placed in full charge of the Railroad Co's pipe line since Mr Garvin's death.

Messrs. Colby and Rhea, two gentlemen from Roswell, have been here this week canvassing the situation for a bank at Capitan. They left today for home, but stated they would return the first of next week and commence taking subscriptions for stock in the bank. They expressed themselves as well pleased with the outlook.

The Roswell Auto Co. has taken the special passenger car off the line for the present. They state that they will put it in service again when travel over the line increases.

Mr William Garvin, who was hurt in an automobile accident on Nogal Hill last week, died in the Railroad hospital in El Paso, and was buried in the Augusta cemetery Saturday. Mr. Garvin had been in charge of the Company's pipe line several years, and was very highly respected by the people in the community where he lived.

BRITISH GOVERNMENT HELPS PAY FOR BREAD

There has been much misunderstanding about the bread program in England. It is true that the Englishman buys a loaf of bread for less than an American can, but it is poorer bread, and the British government is paying $200,000,000 a year toward the cost of it.

All the grain grown in Great Britain is taken over by the government at an arbitrary price and the imported wheat purchased on the markets at the prevailing market price. This is turned over to the mills by the government at a price that allows the adulterated war bread loaf of four pounds to sell at 18 cents, the two pound loaf at 9 cents and the one pound loaf at 5 cents.

In France, under conditions somewhat similar, but with a larger extraction, the four pound loaf sells for 16 cents.

MAKING MEATLESS DAYS PERMANENT.

In the meatless menu there is a fertile field for developing new and nourishing dishes, according to E. H. Sites, writing in the Hotel Gazette, who believes that the present shortage of meat and fats will not end with the coming of peace, but may grow more acute and continue for five or six years, thus making it worth while to develop menus of grain, vegetables and fish on a more or less permanent basis. Meat can be replaced by cereals and other protein foods, or may be served in very small portions as a flavoring for other food. In making up meatless menus this author finds our American Creole and southern cuisine a broad field for investigation.

"We have reached the time in our national life when no loyal citizen in the country can afford to spend a dollar for wasteful luxuries. Such an expenditure resolves itself into a disloyal act. Cardinal Gibbons.
