THE CAPITAN MOUNTAINEER

FOURTH YEAR NUMBER 17. CAPITAN, NEW MEXICO, AUGUST 17TH 1918. SUBSCRIPTION PRICE $1.50 A YEAR.

To Subscribers.

Your attention is called to an order published in this weeks paper coming from government authority. It will be seen that on account of the scarcity and high price of print paper the Government has taken the matter in hand and prescribed rules to govern newsper men in their business. It is a violation of this order for newspapers to carry on their scription books people who have not paid their subscription, and this paper, like all others, will have to comply with the order. We will ask all who have not paid their subscription to the Mountaineer to do so at once, or we will have to strike them off the list. We dislike to do this, but we must obey the order, and we will also have to take some re collect the amounts due on subscription as we can't afford to lose them.

Senator J. V. Tully.

Senator J. V. Tully spent Tuesday night here on a return trip from El Paso, and while here paid the Mountaineer a call. He said that he will probably have something of interest on the water question to give the readers of the paper in a short time.

When asked how he regarded the announcement of Governor Lindsey, the Senator said, "it suits me exactly; he is the logical Republican candidate for Governor. His administration has been able and clean and he should succeed himself. I was in El Paso when I read in a paper that he had ennounced, and at once wired him my endorsemement, of which this is a copy;

Copy of Telegram.

Gov. W. E. Lindsey, Santa Fe, New Mexico—The announcement of your candidacy for re-election is manly and opportune. I endorse your administuon and hope you will he successful.

J. V. Tully.

Forest Lands Coming on the Market.

Washington, Aug 15.—By executive proclamation announced today about 150,950 acres of land prinepally grasing lands with some agricultural tracts in south central New Mexico are eliminated from the Lincoln Nation forest and restored to homestead entry in advance of settlement. They become subject to entry October 5, and to settlement and other forms of disposition October 16.

A Candidate for District Judge.

The MounMoun is outhorized to place before its readers this week the name of Mr. Lytton R. Taylor, of Los Cruces, as a candidate for the Republican nomination for Judge of this District composed of the counties of Lincoln, Otero, Torrance and Dona Ana. Mr. Taylor is not altegether a stranger to the some of the voters of Lincoln county. He lived in Capitans several years; first attended school here and later worked in the coal mines at Colora. He moved to Las Cruces some fifteen years; attended the New Mexico Agricultural Colleg; took special law course at Columbia University, New York City, and has been engaged in the general practice of the law in Las Crucec for the past seven years. Mr. Taylor is known throughou the state as a very able lawyer and a man of high character, and will certainly have a strong following for the nomination for District Judge.

WAR NEWS

In face of German boasts and preparation of a few weeks ago that they would soon be in possession of Paris, the Allied Army commanded by Gen. Foch, has not only checked the German advance all along the western front, but they are driven from every position and put on the run toward the Rhine. Their losses in killed and wounded are something appalling; the number of prisoners taken by the allies during the past fifteen days will total near 100,000, and besides a large amount of artillery, smaall arms, ammunition and army supplies have been taken. The public was hardly prepared for the news of these achievements on the part of the allies, but on this account it is the more gratifying.

In all nearly all these victorious engagements the American troops were an important factor and have proved to the world that no truer, better soldiers live.

After the successfhl route of the German army was under way, on the 10th a crowning victory was achieved by the allies. Foch's army composed of French, English and American soldiers, says the the official report, have driven the Germans before them for an important gain east of Montdider in Picardy. That city, which was the apex of a German salient that has now been wiped out, fell to the French First army at midday Saturday. Before nightfall the victorious forces had carried the battle line onward to an depth of six miles on a front of approximately 20 miles. The three days engagements that culminated in the taking of Mondidier, the French took 3,000 prisoners. Their captnres also included 200 guns and an enormous amount of material.

Battle renewed on the 11th. Five hundred guns were taken from her Huns; and the Germans make desperate stand at Noyon to protect the road to Ham and Nestle, which was choked with retreating artillery and supply trains. Bridges across Somme have been destroped by allied aviators who are continually bombardiing retreating Boche and defeating his efforts to rebuild bridges.

Reports on the 12th say that the British continue to shell the German positions in Chanlnes sector, and the artillery harrassing them in rear, and airplanes at low altitude keep up continual bombing bridges across Somme at Rupprecht's front. The enemy shows a stiffening, but at the same time show nervousness over what is impending in the immediate future.

Reports announce that another French army under General Humbert is heing added to Foch's offensive on Oise, which is regarded as presaging a continuation of his bewildering tactics. The battle front now extends over forty mile line.

The news of the 13th is that the Allies' cross fire threatens German stronghold at Roy and the flanking movement of French is weaving a new pocket. That Lassigny and Noyon are objective points of Foch; that with the French hammering at the door of the former, only seven miles from Roye, its ultimate evacuation seems assured.

Unofficial reports say the Germans, fearing capture in the pocket between Roye and the Oise, already are retreating and it is probable that the whole German battle line will give way.

The accounts of the fighting by the American troops is one of most gratifying thiings connected with the war that reaches this country. On every field where they have met the Germans they have proved themselves by far the best fighters,

An Associated Press report from the allied army says: "The situation along the battle of the Avre snows a change which for rapidity and extent has rarely been approached in military history. Marshal Foch's strategy and the masterly tactics have in three weeks wrested from the Germans what required four months for them to obtain at a cost variously estimated at from 700,000 to 1,000,000 men.

Fourth Liberty Loan.

The campaign for the Fourth Liberty Loan will begin September 28 and close October 19. The result of the loan will be watched with keen interest in Europe, not orly by our associates in the war against the Teutonic powers, but by our enemies. It will be regarded by them as a measure of the American people's support of the war.

The Germans know full well the tremendous weight and significance of popular support of the war, of the people at home backing up the Army in the field. As the loan succeeds our onemies will sorrow; as it falls short they will rejoice. Every dollar subscribed will help and encourage the American soldiers and hurt and depress the enemies of America.

The loan will be a test of the loyalty and willingness of the people of the United States to make sacrifice compared with the willingness of our soldiers to do their part. There must be and will be no failure by the people to measure up to the courage and devotion of our men in Europe. Many of them have given up their lives; shall we at home willhold our money? Shall we spare our dollars while they spare not thisir very lives.

Lincoln Items.

Dr. and Mrs. T. W. Watson and little Gen are visiting frieinds and attendent to business in Lincoln for the past week.

E. Q. Roberts and family returned Monday from a tour of Texas where they have many relatives and friends. Ed reports Texas very dry and crop prospects poor, and no place like Lincoln county.

Judge Smith is spending a few days in Roswell on business.

Some of our citizens have been talking of starting a hotel in Lincoln, but on thinking the matter over have decided to run a sanatorium instead—wonder why?

Dr. J. S. Neal is in a hospital in El Paso, where he underwent an operation last week. The last reports were that he was getting along nicely and would probably be home in a week or ten days.

T. P Knight has resigned his position as Deputy Sheriff and Frank Salazar has been appointed to fill the vacancy. Mr. Knight expects to leave in few days for California.

Now is the time to buy Thrift and W. S. S.

MEETING OF STATE DEMOCRATIC CENTRAL COMMITTEE

Santa Fe, New Mexico, A call has been issued for the meeting of the Democratic State Central Committee in this city on Thursday Aug. 22. The call which immediately followed the formal announcement of Governor Lindsay's candidacy for re-election, follows:

Santa Fe, New Mexico, Aug. 10th, 1918.—"A meeting of the Democratic State Central Committee in hereby called to meet at Santa Fe, New Mexico, in the Supreme Court Chamber in the Capital building at 2 p.m., Thursday August 22, 1918, for the purpose determining the time and place for holding the Democratic State Convention; and to determine the apportionment of the delegates thereto from the several coun ies of the state; and for the transaction of such other matters as may properly be brought before the meeting.

May I urge you to attend this meeting, I deem it of the utmost importance.

Very sincerely yours,
Arthur Seligman,
Chairman.

Badly Hurt.

Tinnie, N. M., Aug. 10. 1919,

Dear Messrs. Bigger:—Ted Nelson, son of Mrs. Johanna Nelson, happened to a very painful acident early this morning out on their ranch some twelve miles north east of Tinnie. In trying to pull the sucker-rod from their well, somet ing slipped or broke, and bringing the heavy clamps with the cylinder and pump-rod down, crush ing and mangling his right hand. He was rushed to Lincoln for surgical aid after he had reached home here near Tinnie. It is thought that his right hand will have to be taken off, or at best two fingers and the thumb amputated.

This is the second serious accident to happen to Mrs. Nelson within this last few month, and she has the sympathy of the entire community.

H. Doyle Murray.

To Red Cross Knitters.

Denver Colorado, July 22, 1918,—Lincoln County Chapter American Red Cross, Carrizozo, New Mexico.

Attention Mrs. H. S. Fairbanks

My Dear Mrs. Fairbanks—We have received a shipment from your Chapter, consisting of 14 shawls, also knitted articles for soldiers. This work was pronounced fair.

Two of the sweater necks were too large, and four of them too small. All sweaters must conform to the following measurements: Neck (when stretched) 11½—12½ inches; across chest (not stretched) 17—20 inches

Trusting you will give this information to your knitters, and with best wishes, I remain,

Yours very sincerely,
Josephene D. Wood,
Superintedent of Hospital Garments

The Supreme Court of the state reversed Judge Medler's decision in Corn-Hyde contested election case. The Supreme Court holds that the ballot boxes can be opened.

County Treasurer Ben Davidson of Chaves county passed through Capitan Wednesday on his return from a trip to western points.

Can't Send Papers Unless Subscription is Paid.

Washington.—Publishers may send copies of their paper free to employes now in the service of the United States, but papers must not be sent to other individuals in camps or abroad unless the subscription has been paid by someone. Publishers must also discontinue the practice of exchang papers with each other and must have a bona-fide subscription for every paper sent to another publisher.

These are among the explanations made by homas E. Donnelley, chief to the pulp and pape. section to the war industries board of the recent paper-saving order. Mr. Donnelley in an interview with a represestative to The Publishers' Auxiliary declared that it is the intention to enforce the ruling very strictly, but in order to clarify some of the paragraphs and not to work any hardships on anyone a few explanations and some exceptions and modification have been necessary.

Order of Board.

The order of July 5, which went into effect, July 15. 1918, is as follows

Discontinue the acceptance of the return of unsold copies.

Discontinue the use of all samples or free promotion copies.

Discontinue giving copies to anybody except for office working copies or where required by statute; like in official advertising.

Discontinue giving free to advertisers, except not more than one copy each for checking purposes.

* * * * *

Papers for Soldiers.

Explaining that order, Chief Donnelley has made rulings in regard to free copies of papers to soldiers which modify the above order to this extent:

Publishers can send copies of their paper free to their employes who are in the military service of the United States.

Publishers can send free copies to camp libraries of organizations recognized by the government, such as Red Cross, Y M C A and the Knights of Columbus but cannot send free copies to individual soldiers in camp

* * * *

The Mountaineer has been sent to quite a number soldier boys free, but in obedience to the above order we will have to stop doing so. We regret this, as it is our desire to do what we can to make the life of our soldiers pleasant as possible by furnishing them the news from home There is a bill now before congress giving newspaper men the right to send their paper to soldiers stationed in this country or in Europe free Should this bill become a law, we will take pleasure in carrying out our original proposition by sending the Mountaineer free to all Lincoln county soldier boys

New Mexico State News.

The latest important item of tate news is Governor Lindsey's formal announcement for renomination for Governor. He makes announcement in a rather lengthy letter addressed to the Republicans of New Mexico, in which he sets forth his claims for an indorsement of his official acts.

Another important announcement is that of C. L. Talmage, of Socorro, for the Democratic Senatorial nomination Mr Talmage's announcement comes before the public in the way of a full page advertisement published in some of the leading papers in the state. Mr Talmage is best known as an immigration booster, and has operated in Texas, Oklahoma, and New Mexico. He was brought out as a candidate for U. S. Senator by his fellow Democrats of Socorro county.

There are now four candidates in the field for District Judge in this District; three of them from Dona Anna county--Medler, Sutherland and Thompson, and Mechem hails from Otero. It looks like there will be a lively fight for the prize.

Gov. Lindsey pardoned four convicts this week. The first was Harry B. Johnson of Grant county Johnson was convicted of murder and sentenced from forty to fifty years in the penitentiary. The Governor in issuing the pardon stated that the element of intent was not clearly established at the time of Johnson's conviction Three others were aliens sent to the penitentiary from Bernalillo county. Their names are Jose Sandoval, Tomas de la Rosa, and Antonio Fuentes. Their pardon carried with an order that they bedeported to Old Mexico.

Padro Martinez, a justice of the peace of the old town of Albuquerque, was placed under a $400 peace bond this week for threatening some of his neighbors with violence.

The El Paso Times publishes a statement that the Republicans of New Mexico have determined to make Governor Lindsey their candidate for Congress to succeed W. B. Walton. That Ed B. Otero, of Valencia county will be the nominee for Governor, and that Benjamin F. Pankey, of Lamy has been stated for Lt. Governor.

Theodore Rousault, late state Game Warden has announced his candidacy for State Land Commisioner.

Samuel Munes, of Mora, who was shot by a tourist last week has since died. The alleged slayer has been captured and is now in the Mora jail.

The State Agricultural College has fifty men in the field exterminating prairie dogs. It is estimated that between six hunred thousand and one million acres of land in the stete has been cleared of these pests.

AMERICANS ASKED TO LIMIT USE OF SUGAR

Must Use No More Than Two Pounds Per Person a Month if the Present Meagre Allied Sugar Ration Is Maintained.

Stocks Will Be Short Until Beginning of New Year—Ration May Be Enlarged Then.

Two pounds of sugar a month—half a pound a week—that is the sugar ration the U. S. Food Administration has asked every American to observe until January 1, 1919, in order to make sure there shall be enough for our Army and Navy, for the Allied armies and for the civilians of these nations.

By New Year's the world sugar situation will be relieved somewhat by the new crop. Cuban sugar of this year's crop will be arriving in this country.

Every available sugar source will be drawn on by the Food Administration during the next winter months to maintain sufficient stocks here to keep up our national sugar supply. During October the first American beet sugar will arrive in the markets. By the middle of November some of our Louisiana cane crop will be available. All of this sugar and more may be needed to keep this nation supplied on a reduced ration and to safeguard the Allied sugar ration from still further reduction. In Europe the present ration is already reduced to a minimum.

Our Situation.

The situation which the United States faces in its efforts to maintain a fair distribution of sugar to the Allied world is as follows:

Sugar supplies throughout the country, in homes, stores, factories and bakeries are at a low ebb. We must make increased sugar shipments to the Allies.

Production of American beet and Louisiana cane crops have been disappointing.

Porto Rico crops have been curtailed.

Immense sugar stocks in Java cannot be reached on account of the shipping shortage; ships are needed for troop movements and munitions.

Army and Navy sugar requirements have increased as well as those from the Allies.

Most industries using sugar have had their allotment reduced by one-half; some will receive no sugar.

Households should make every effort to preserve the fruit crop without sugar, or with small amounts of sugar. Later, when the sugar supply is larger, the canned fruit may be sweetened as it is used.
