THE CAPITAN MOUNTAINEER

FOURTH YEAR NUMBER 51. CAPITAN, NEW MEXICO, APRIL 12, 1919. SUBSCRIPTION PRICE $1.50 A YEAR.

Trees.

Trees are the arms of Mother Earth lifted up in worship of her Maker Where they are beauty dwells; where they are not, the land is ugly, though it be rich, for its richness is but greasy fatness and gaudy raiment is but cheap imitation of forest finery

Trees are the shelter of man and beast and bird; they furnish the roof above us, the shade about us, and the nesting places of love and song. They call children out to play; they entice sweethearts into leafy coverts to seal their vows with fond caresses; they console and gratefully reward old age They are the fittest ornaments of wealth and the inalienable possessions of the poor who can enjoy them without having title to them. They are the masts that fly the flags of all nations and the sails of all the seas; they are timbers that bridge forbidding streams; they bear the wires of world's intelligence; they hold the rails that carry the traffic of the continents; they are the carved and polished furnishings of the home; they cradle the young and coffin the dead.

Trees are nature's prime sources of food; their fruits and nuts gave sustenance to the first tribes of men and are the sweetest and most nourishing of the earth's products.

Trees herald the spring with glorious banners of leaf and bloom; they clothe the autumn in garments of gold and royal purple; bared to the winter's cold they are the harp of the winds, and they whisper the music of the infinite spaces.

Before the earth could be peopled it was thick with trees; and when man has run his course and the race we know has disappeared in the completeness of its mission or perishes in the destruction of trees, the earth will spring up again with new forests to shelter and sustain a new race of men and beasts and birds to work out a greater destiny. Perhaps if we are wise enough to replenish our wasting forests and make ourselves worthy of the gift of trees we may be permitted to accomplish that greater destiny which the Mighty Forester, the Perfect Orcharist, the Loving Father requires in the fulfillment of His sublime purpose.—By Clarence Ousley.

The above ought to serve as an inspiration and a stirring appeal to plant trees in our school grounds and in the yards enclosing private residences. We have never read a more beautiful tribute to trees than Mr. Ousley has given. Every word expresses a wonderfully true meaning, and like a flagrant flower sends forth a sweetness that touches the best sentiments of a clear and pure mind. It is a gem that will survive in literature pertaining to trees for nothing will ever be produced more true and sentimental.

Mr. Phil Blanchard was in town yesterday. He has just returned from a trip to Calsbad and says that range conditions are getting very fine all over the plains country. He also stated that his sheep are doing well, and has a fine prospect for a big wool crop.

We learn that S. H. Hare, of Paradise Valley, died in Carrizozo a week or more ago, from a relapse case of flu.

The School Election.

The school election for the Capitan district was held at the school house last Monday. The election resulted as follows:

W. O. Norman, 100 votes.
Robert A. Hurt. 100 votes.
Francisco Duran, 99 votes.
Geo. A. Titsworth, one vote.

There was considerable interest manifested in the election and it was generally believed there would be two tickets in the field which brought out the people and the vote polled was ununsually large. Early in the day a message came from Carrizozo that the county school beard had passed an order consolidating the Gap district with the Capitan district and that the voters in that district were entitled to vote in the election, and several of them came in and voted. For reasons best known to themselves, between ten and twenty persons in Capitan did not vote, but the vote Messrs. Norman, Hurt and Duran received showed that they were the choice of a large majority of the people of the district; that the patrons of the school and the citizens generally in this community have confidence in their ability and fitness for school directors, and they will assume their duties with the support and best wishes of most all the people interested in the Capitan schools.

Rebuking a Bad Law.

Editor John A Haley of the Carrizozo News believes in big salaries. He says that in paying a road superintendent $1 per year as the Otero county commissioners have done, he wants the Lincoln county commissioners to make our superintendent's pay $3 75 per year,

Commissioner Billy Sevier has expressed himself in favor of making the superintendent's salary as low as the law will permit and expending that $2,400 on the roads. It is a bad law; it notonly permits an extravagant expenditure of money, but places dangerous powers in the hands of one man. It gives the Governor the power of appointing the superintendents. when in many instances, at least, he knows nothing about their qualifications for such work nor of local conditions. A severe rebuke is needed and it seems to be forth coming.

Eighth Grade Promotion Examination Postponed.

The eighth grade promotion examination for April has been postponed from April 17th and 18th to April 24th and 25th, 1919. These dates are decided by the State Department of Education with the desire that the examinations be held simultaneously all over the state on those two days.

Mrs. M. L. Blaney,
County Supt. of Schools.

The Mountaineer is requested is requested by the Citizens of Gap school district to express their thanks and appreciation for the action of the County School Board in consolidating their district to the Capitan district. Especially do they feel grateful to Messrs. E. L. Moulton and H. S. Campbell, two members of the county board for their interest in the matter, and also, to County Commissioner Billy Sevier and County Clerk George C. Clements for their good offices in their interest.

ROAD MEETING

In accordance with the announcement in last week's Paper a road meeting was held here last Monday to form an organization looking to the improvement of the public roads in this public roads in this precinct and as an auxiliary to the County organization. R. A. Hurt was made chairman of the meeting and Sam Bigger secretary, A temporary organization was effected with W. O. Norman as chairman and T. C. Key secretary. A committee consisting of W. O. Norman, J. F. Betts, W. H. Fisher, W. B. Payne, Jack Price, Neil H. Bigger, T. C. Key and R. A. Hurt. The meeting then adjourned to convene again on Saturday 19th day of this month at 2 o'clock p m. when a permanent organization will be formed. All the citizens of the community are earnestly requested to join the organization for it means a move is on to give us better roads which are so badly needed. Let every body attend the meeting on the 19th.

A thing that has been neglected all the years the Lincoln County High School has been at Capitan will be looked after by the new board of directors It is the ornamentation of the school grounds by putting trees and a good fence placed around them for protection from stock. There will also, be a well put down for a water supply to irrigate them That is not all, some much needed repairs and improvements on the school building will be attended to. We have heard it said funds which have heretofore been expended for purposes not so essential will be used for these improvements.

Time to Brighten Up!

Paints, varnishes, oils and window glasss for sale Capitan Mercantile Co's store.

Wanted.

Men and teams for logs and ties Also, timber cutters. For prices see J. F. Betts at Continental Oil Co's. office. 51t4

$60 Bonus for Soldiers and Sailors.

Congress has just passed a bill authorizing the payment of $60 bonus to all persons serving in the military or naval forces during the presest war when discharged, or to those who may have already been discharged since April 6. 1917. The proper blanks for making application for this bonus and instructions concerning the same may be obtained from Miss Jenny Boone, of the First State Bank, Capitan, New Mexico.

The heaviest snow of the season fell Tuesday and Wednesday. It seems to have extended over all Central New Mexico. Of course it will add greatly to the season to the season already in the ground, and it makes prospects for a good crop year better than we have had for several years.

Tim Burch came in last Friday from Camp Pike, Arkansas, where he had been in the military service since last September Tim is looking well and army life has certainly agreed with him.

Fresh Vegetables at all times.

Ads changed once a month without extra charge, oftener extra charge accept where cuts are used.

"Het up" is Good.

The Las Cruces Citizen is "het up" because there is a prospect of the road commissioner appointed by the governor, for Dona Ana county being paid a $2400 salary. One had been paid less by the county commissioners. As the state law fixes compensation at "not more than $2400" it is up to the county itself, it would seem, to limit the expense. The Citizen says no such official is needed in that county.—Albuquerque Journal.

A Dollar A Year Patriot.

The action of the Otero County Commissioners in placing the salary of the newly appointed county road superintendent at $1.00 a year, meets with favor, from both Democrats and Republicans in De Baca County, and The Leader is informed that certain prominent politicians of both parties are going to demand that the Commisioners of this county take similar action.

With so many prominent efficiency experts serving the National Government at $1.00 a year, no man could well afford to do otherwise than serve at that price. The Leader is of the opinion the lucky receiptent of the appointment certainly intends to make good on his vaunted patriotism, as he has already filed his bond. Meanwhile the voters are holding their breath, to "see which way the cat jumps."—Fort Sumner Leader.

Citizens interested in the Capitan High School have every reason to believe that nothing will be omitted that can reasonably be done to advance the interest of the school and see that it is brought up to a high standard of excellence. The board of directors just electedare menwho feel a great interest in the school and have expressed a determination to make it a success.

To the Public.

I wish to state to my old customers as well as to the public in in general that I will take charge of the Capitan Hotel again on or about May 1st, and will be glad to have them when in town and that I will greatly appreciate their trade.

C. C. MERCHANT

ATTORNEY AT LAW
U. S. LAND COMMISSIONER
NOTARY PUBLIC
CAPITAN, N. M.

J. W. Isler came in Wednesday from Quail, Collingsworth County, Texas, where he is now residing. Jess was recently discharged from the Army at Indianapolis, Ind. His many friends are glad to see him back. He has leased a section of land in Collingsworth County and will remain there for this year, at least.

Jim Robinson and H. M. Reddy of Parsonn were in Capitan Tuesday.

Fort Stanton News.

Major F. H. McKeon, comnanding officer at Fort Stanton, is at his own request shortly to be transferred to command of some other station of the U. S. Public Service. The Major has been at the Fort for the last six years and his contemplated departure is occasion of profound regret on the part of officers, patients and attendants. On Saturday a large meeting was held in Amusement Hall and he was presented with a beautiful solid silver gold lined coffee set, costing $75,00. It was inscribed:

Major and Mrs. F. H. McKeon
Presented by
The Seamens' Social Club in appreciation of their personal kindness, consideration and of a just administration.
Fort Stanton, April, 1919.

The speeches of presentation and acceptance were very affecting and the Major and Mrs. McKeon will hold the gift as one of their most cherished possessions.

The Major's successor has not yet been announced, nor the station to which he will be transferred,

Rev. Father Gerald V. Gay, formerly of Los Angeles, California, has been appoined Chaplain at Fort Stanton, succeeding the late Father Lederle deceased, and bids fair to become very popular and influential.

The Fort Stanton Sanitarium is shortly to reeceive many carloads of hospital supplies from the Government, originally intended for army hospitals and camps, including auto trucks, passenger cars, horses and mules.

A Good Land Lawyer.

At this time there is a great deal of buiness being transacted at the local land office in Roswell. The lands recently coming on the market has caused many filings to be made, and in addition to that, many persons are making proof for title to the lands already filed on. and in some instances contests are being instituted, and in many of these cases an attorney is needed to look after them before the office. To those needing the services of an attorney to look after their interests, we take pleasure in saying that they can find no better lawyer than Mr. Harold Hurd of that city. He is a good lawyer and understands all the ins and outs of the land business. He served several years as Receiver of the land office which gave him an experience and insight into the business very few lawyers possess If you need a lawyer to attend to any part of your land business you would do well to secure Mr. Hurd's services.

Will Fit You Glasses---

Dr. Hay is now prepared to fit and furnish glasses to those needing them. Dr. Hay is permanent resident of Capitan and can fit your eye glasses at any time and has no special days to serve his customers, and can order the glasses when he knows what you need. Give him a trial and he will give you satisfaction.

If you have anything to sell or want to buy anything, let it be known through the Mountaineer.

Yearling and two year old Hereford Bulls,
The Titsworth Co.

Alfredo Gonzales of San Patricio was attending to business n Capitan Wednesday.

To the People of School District 28.

The undersgned having been on the 7th inst. elected school directors of the Lincoln County High School take this opportunity of expressing our gratitude to the voters of District 28 for the confidence reposed in us. We shall endeavor with all this in view to make the Lincoln County High School what it should be There is much to do—more than we will be able to, that we might wish to do. The directors can accomplish but little alone, nor can the teacher, but with your co-operation we can do things. Let us get together, pull together and be progressive, and a greater success of the Lincoln County High School will become a realization Let us unite more earnestly than ever, adorn and beautify our school building and grounds. A little effort is the only great cost. Let us give the passing outside world something of attraction that is real and worthy, then some may halt by the wayside, build in our town and help us grow onward to the achievement of still better things.

Robt. A. Hurt,
W. O. Norman,
Francisco Duran.

People who live in different parts of the county who want to put their children in school the coming year would do well to come to Capitan. They can now buy building lots at reasonable prices, and put houses on them and make this their home during school term at least. There is a scarcity of rent houses in the town and then it would save the money paid out for rents. They can rest assured that the school under the new directors will be one of the best in the whole country.
