A SERVICE MESSAGE

WHY WE ADVERTISE OUR LOANS

We could easily and profitably invest all our money in "outside" loans and bonds for sale in the financial marmarket—but we don't.

We believe that the money deposited in this bank by Capitan people should be loaned in this community if possible; that the requirements of our customers must be met first of all; that are no safer securities than loans on real estate and personal character to the people of Capitan and community.

Come in and talk over your loan requirements with us.

Which Do You Want Good Health or Ill

Of course every one to be happy and successful must first of all enjoy good health.

But no matter how strong and healthy you are now there are times when nature sends out Distress calls for help and unless you answer that call you are sure to pay the penalty either now or in after years. But, just taking medicine may do harm. You need to know the kind for your case.

Then you want to know that it is pure and FRESH. To that one point we take no chances but buy all our Drugs in small quantities so you know that every dose of medice bought here is fresh and up the standard.

The Hondo School.

My School of 1919-1920.

In the little village of Hondo it has been the writer's privilege to serve as Principal during the last four years I have found the children of this place the most satisfactory pupils to teach that could be desired. The parents, too, are always ready to cooperate with the teachers, while the directors have, with few exceptions, been efficient and helpful. Feeling that this would probably be my last year in Hondo, I have had the desire that it be the best year, and have worked hard to make it such. My classes are many, as I have the fifth, sixth, seventh, eigth and th grades. In the primary rooms the pupils are so many that my first assistant can handle only the primary and third ades, while my second assistant is kept busy with second, third and fourth grades These teachers are doing the best of work, and I am sure their pupils will be ready to advance at the end of the year. Besides the regular school work, I have tried to organize many useful and helpful activities.

I have taught all of my pupils, girls and boys, to be expert in basketry, bead work and knitting. Quite frequently, they make nice sums of money with these different lines of occupation.

This year, I have a night school, which is proving very helpful to the community, the only drawback being that there is no fund for the support of this work. However, I have faithfully maintained this extra work with a great deal of pleasure.

I also organized a Sunday School in response to a request from some of my pupils. We have formed an East Lincoln County Literary Society, which has held many successful meetings.

We have a good Basket Ball organization, from which the pupils derive much pleasure and benefit. My pupils have done much Junior Red Cross work, for which they been complimented by the county officials.

We are faithfully doing the Health Crusade work and think this has a tendency to make our pupils much healthier than they would otherwise be, as well as much neater.

We have given several good programs during the year, that were so well attended we could scarcely seat our audience

Our eighth grade pupils have been graduated with good standing and some have gone away to College, but we are maintaining a High School for those who cannot leave home.

We have been greatly helped by our resident member of the County Board, Mr. Robert Brady, also by our County Superintendent, Mrs. M. L. Birney, who have both been always ready to advise and assist us.

Perhaps our greatest source of help has been the clerk of the local board, Mr. Esquipulo Gonzales, who has enthusiastically devoted both time and means for the upbuilding and advancement of our school.

In this Mr. Wm. Brady, president of the school board, and Mrs. Wootsen, third member, have assisted liberally.

Our school has purchased an organ during the past year, also curtains and our room is attractive with ten windows full of plants had vines, while our walls have many tasteful pictures and flags for adornment.

Thus the current year of the Hondo school, with everyone working for advancement is being rapidly carried to a satisfactory conclusion.

Mrs. Geo Dixon,
Prin. of Hondo School.

Howard Spillers was married last week. At the present time we have no paraticulars concerning affair, but are promised an appropriate notice for next week's paper
