THE CAPITAN MOUNTAINEER

SIXTH YEAR NUMBER 31. CAPITAN, NEW MEXICO, NOV. 27, 1920 SUBSCRIPTION PRICE $1.50 A YEAR.

To Correspondents.

We will once make a special request to correspondents of this paper. We will not only make a request, but we are adopting a rule which we will adhere to strictly hereafter. We are glad to publish news correspondence from any part of the county, as we know it makes the paper more readable, but it MUST be received not later than Thursdays, and earlier if possible. Of course in case of some unusual happening we would get it in up to the time of going to press. On the last of the week, we are always busy setting up local news happening and other news matter that can't be secured the first days of the week, and when correspondence comes late, it helps delay the paper. This rule not only applies to country correspondents, but to parties who furnish news notes or reports. Hereafter, when such things come in late their publication will have to be omitted until the following week. Now, will correspondents please bear this in mind.

Current News Paragraphs

It is announced that an amendment of the Volstead prohibition enforcement act may be necessary as a result of the recent decision of the legalizing the movement of liquor intended for personal use.

"Kid" Lewis has knocked out Johnny Basham, former welter weight champion of England.

Kansas farmers are in the market for stock hogs. They have a large surplus of cheap corn, and will adopt this method of converting it into cash.

Rev. Father Capilupi, one of the oldest and best known of the Catholic Clergy, died in Albuquerque last week. The funeral was largely attended by every class of people many coming from distant parts of the state.

An election contest is likely to be filed in Santa Fe county on behalf of Joe Granito of Cerrillos defeated on the face of the returns by Alfredo Ducero, of Santa Cruz for county clerk.

Gov. Larrazola, by special invition, will attend the inaugural of President-elect Obregon in Mexico City, and will be absent from the state several weeks. Lieut. Gov. Pankey will be the acting Governor in the mean time.

For two years government agents in the vicinity of Lander, Wyo., have been on the lookout for a 1,00 pound bear, the "monarch of the Dubois forests," whose ability to crush the skulls of cows and calves was well known to Wyoming ranchmen, but their searches and anxieties have come to an end. Poking up the bear's trail by the fifteen dead cattle left in his track, each being killed with a crushing blow beneath the eyes, and the liver, a bear delicacy, having been removed. Hunter Rowley, a government agent, trailed the grizzly into the forest, and set a huge trap, anchoring it to a tree. This proved the silver tips undoing, although he broke the tree and dragged a portion of it for eight miles before he was killed.

The election returns show that the defeat of bond issue of $3,000,000 for highways is about 7000. Early returns after the election showed like it might have carried. During the campaign no open issue was made either for or against them, but the people were believed to be against them from the standpoint of already existing high taxes.

The Springer Stockman says that wild geese are plentiful around the lakes and ponds in that section of the country, but are exceedingly wild and cautious and hunters find it almost impossible to get within gunshot of them. That the geese are coming in earlier than usual as not many of them get there until late in winter or early spring. Wild ducks are plentiful and the sports are having all kinnds of good luck.

Gov. Larrazola has expressed a determination to grant a full pardon to the 16 Mexican bandits who were a part of Villa's force when he raided Columbus in 1916. The Governor gives as a reason for this act of clemency, that they were ignorant and did not know they were across the international line. Then, he thinks it would tend to create a better feeling towards the United States on the part of the Mexican government.

After returning to El Paso from his trip to Brownville, Texas, where he had a conference with President-elect Harding, Senator Fall is reported to have said there is no truth in the rumor that he will be a member of the new President's cabinet.

It is said that congress will create another cabinet office, to be designated as Secretary of Education, on recommendation of Mr. Harding. It said that Mrs. Harriet Taylor Upton of Warren, is slated for the job.

Cabinet appointments said to be almost certain are as follows: Attorney General, Harry M. Dougherty of Ohio. For Postmaster General, Senator Harry New of Indiana; Secretary of the Navy, former Senator John W. Weeks of Massachusetts. Secretary of Agriculture, Henry C. Wallace, publisher of farm magazies, at Des Moines, Iowa. It is also said that Gen. John J. Pershing or Gen. Leonard Wood may be made Secretary of War.

Passenger Service Change.

The White Line Auto Co. has made a material change in its passenger car service. The car heretofore left Roswell at. 8 o'clock in the morning and arrived in Carrizozo in time to meet the south bound passenger train at noon. Under the present schedule that car leaves Roswell at 8:30 in the morning, arrives at Capitan at 12:30 p. m., and Carrizozo in time to meet the passenger train No. 7 going south at 2:30. This Company is no doubt conducting the best auto mobile service in the state. The promptness and courteous treatment which the public receives deserves the highest commendation. Messrs. Gibbany and Brown, the passenger car drivers are noted for efficiency and trustworthyness and their places would be hard to fill by others. Their mail car service meets the demands of the public in every particular and detail. Porter, Hedgecoxe and McCutcheon, drivers on this part of the service are among the best car drivers in the country and their services have had much to do with making this line as popular as it is.

Sonora

FIND out what the tone arm of the phonograph offered to you is made of. Sonora's nickel plated tone arm is ALL BRASS (like a cornet) because ALL BRASS (drawn to shape by hydraulic pressure) gives a matchless tonal quality.

In most makes of phonographs—other than Sonora—the tone arms are made of zinc-lead castings. Zinc-lead castings are porous, brittle, and are used because they are *cheap*. They give an inferior tone.

You want ALL BRASS and not a zinc-lead casting for a tone arm.

Sonora is the instrument which you take pride in possessing. In tone, design and vital features Sonora is supreme.

Four Months Loafers—Now Laying Regularly.

"I wish to praise Dr. LeGear's Poultry Prescription to Poultry Raisers. I have 28 hens and had no eggs from them for over 4 months. After feeding them two packages of your Prescription, I gathered twelve and one-half dozen. This is a positive fact, and I advise all Poultry Raisers to use Dr. LeGear's Poultry Prescription if they wish their hens to lay"—Miss Carlina Freeman, Harriston, Miss.

You can also make profitable layers out of loafers by getting Dr. LeGear's Poultry Prescription from your dealer and using it as directed under Dr. LeGear's satisfaction or money-back guarantee. It is a tonic which builds up the strength and vitality of hens, without over-stimulating or injuring egg producing organs.—Dr. L. D. LeGear Med. Co., St. Louis, Mo.
