THE CAPITAN MOUNTAINEER

FIFTH YEAR NUMBER 52. CAPITAN, NEW MEXICO, APRIL 17TH 1920. SUBSCRIPTION PRICE $1.50 A YEAR.

A Strong Candidate.

The Republicans of New Mexico in their recent State Convention instructed the delegation to the National Convention to cast the vote of the State for General Leonard Wood for President and support him as long as there is any reasonable chance of his nomination. The choice is a wise one. General Wood is a good, clean man, and is evidently as able as any man who has held the Presidential office for a quarter of a century or longer. He is a conservative man and there would be very little danger of any rash or ill timed action on his part should he be elected. He was the closest friend Theodore Roosevelt had and he will evidently have the influence of the great Commone left, though Roosevelt is among the people no more. General Wood's high rank and military experience entitled him to high command in the late war but for reasons that have never been explained, others were passed over him and he was kept at home and filled a subordinate position. If he is the Republican nominee these are things that will be remembered and will prove to his advantage. It is too early to even make a reasonable guess as to the result of the election with Wood as the Republican nominee. The Democratic party may nominate a man who can carry the full strength of the party, and issues may be brought to his aid that will elect him, but Wood's strength will be hard to over come.

This is the opinion of a Democrat who has voted the straight ticket for forty years, but he is willing to concede strength and merit to one in opposition to his own party.

Meets an Old Friend.

While visiting Roswell during the late stock convention the editor of this paper met his old time West Texas friend, Lum Hudson, ex-sheriff of Yoakum county, whom he had not seen for several years, and while there visited his home and again met his estimable family. Mr. Hudson has lately moved to Roswell and bought a desirable home and the family will have a permanent residence there. He has also bought a ranch north of Roswell, some fifty miles, which will be in charge of his son, Mr. Clyde Hudson, while he expects to remain in the City most of his time and will engage in the real estate and live stock commission business The editor is glad that Mr. Hudson is getting nearer where he can see him occasionally, because he is one of the most loyal friends he ever had.

The selection of E. A. Cahoon, of Roswell, to head the delegation to Republican National Convention at Chicago was a wise piece of party policy. A man of Mr. Cahoon's high character and fine ability will give the state's delegation an influence that will be strongly felt in the proceedings of the convention. Political parties owe to the country to select their best and ablest men to represent them in their national conventions. It is a place that calls for wisdom, conseratism and the best qualities in men and the safest policies that can be put in platforms. Mr. Cahoon measures up to this standard in every particular.

Current News Paragraphs.

Major General Leonard Wood today cancelled his leave of absence granted him for campaign purposes and will leave at once for Chicago to resume command of the central department, due to the railroad strike.

General Wood's action was on his own initiative.

Chicago.—Strong upward tendencies continued in the grain market. May corn sold at $1.67, May oats at 95 cents. Wheat is also stronger and flour sold at $14.50 per barrel.

Earnest C Best, a young man, living near Dexter, this state, was drowned this week after being overcome with gas while working in an artisian well.

Springfield, Ill.—Half the coal mines of Illinois are idle because of the switchmen's strike, according to President Farrington of the miners' unions.

The weather bureau shows severer cold weather during April this year than has occurred before in twenty-five years

Four thousand men employed in the coal mines of Carbon county Utah, have been forced out of work because of the lack of emptie" to move their product. Operators declare the men will not be put to work again until the railroad strike is ended.

Constantiople.—Sultan Mahomed VI. of Turkey, has thrown all of his political and religious power into the balance as a final measure in combating the nationalists' movement in Asia Minor. "The wrath of Heaven and the eternal torments of hell are called down on the heads of all Moslems who do not support the sultan.

Birmingham, Ala., newspaper publishers have flatly denied the request of a committee of retail clothiers that news of the "over alls" movement throughout the south be suppressed on the ground that it was damaging the retail clothing business.

Salem, Ore., April 12.—William H. Taft, in a telegram received today by the secretary of state of Oregon that his name be not allowed to go on the republican primary ballot in Oregon as a candidate for president. It was said at the state house if petitions are filed for Mr. Taft they cannot be withdrawn, under a supreme court ruling.

Douglas, Ariz., April 13.—Tonight at a special meeting the directors of the Douglas Chamber of Commerce sent urgent messages to the Arizona delegation in congress requesting sufficient troops be placed here to protect the border in the event of fighting between the adherents of Carranza and Sonora state troops. It was pointed out that the two regiments at this place were so depleted they would be inadequate to make life and property secure in Douglas should there be a clash across the line

The military authorities ceased to patrol the international boundary several weeks ago, and since that time it is asserted by customs men that hundreds of rifles and thousands of rounds of ammunition have been sent into Sonora from this place and vicinity.

Albuquerque, N. M., April 12—The Democratic state central committee at its session here today fixed June 3rd as the date for holding a state convention to select six delegates to the Democratic national convention. The convention will be held in Roswell. Women are to dmitted to vote in all the primaries for the selection of county delegates to the convention. The meeting will close this evening with a banquet of 150 plates.

The Abuquerque Journal, one of the best and most reliable newspapers in this part of the west, changed proprietorship this week, Mr. Carl C. McGee buying the property. There is to be no material changes made in the conduct of the paper, the new editor and proprietor announces, that Mr. D. A. Macpherson will remain the business manager of the paper, and that it will remain a Republican Journal

A Case of Lost Identity.

Mr. Geo. A. Titsworth, of Capitan, received a wire the first of the week stating that a Hudson car had been stolen from El Paso and asked him to look out for it. He reported the matter to W. A. Reed and he had reason to believe that a young man having the car had passed through town and started at once in pursuit. He overtook the party near the Sunset ranch on the Hondo in seemingly an unconscious condition, and he was taken to the ranch where he regained consciousness, but claimed to know nothing prior to that time, his mind being apparently a blank. Mr. Reed brought him with the car to Capitan and notified the authorities in El Paso. He was held here until yesterday evening when J. A. Black, City Detective in El Paso arrived and took him in charge and with the car started immediately for El Paso, The name of the young man could not be learned. He is evidently a soldier or has been one as he is wearing a soldier's uniform. He was notified by the Detective that there is a charge against him for deserting the United States army as as well the theft of the car.

Roswell gets another convention. The Democratic state convention to select delegates to the national convention meets there June 3rd, No other town in New Mexico entertains visitors with more genuine hospitality than Roswell, and delegates from the different parts of the state will be glad that they have visited that beautiful city and become acquainted with its whole-hearted people.

Earnest Mount, who, until recently, was one of the contractors on the Roswell and Carrizozo mail route, has located at Phoenix, Arizona, where he is engaged in farming. Earnest is missed by the people all along the line. He drove one of the cars a great deal of the time and his uniform courtesy to passengers and all who had business relations with the company was something very noticeable.

J. V. Tully shipped out by yesterday's train two car loads stock cattle to pasture west of here.

The White Line Auto Co., carrying the mail from Roswell to Carrizozo, should feel justly proud of the drivers it has in its employ. It seems to be their aim to extend every courtesy possible to passenger and patrons of the line and ingy make themselves popular with all whom they come in contact On his last trip to Roswell the Mountaineer editor returned on the passenger car, one of the company's splendid Cadalacs, driven by Mr. Fred Gibbany. On the way he became "sea sick" as it is termed, from riding on automobiles as well as ocean steamers, and the courtesy and kindness shown him by young Gibbany was certainly appreciated, and he here wishes to express to him his thanks.

Mr. Joe Vincent, of the big sheep firm of Vincent & Chandler, of Arizona, was in Capitan the first of the week. This firm has 10,000 sheep on the range in the Arabela country, which Mr. Vincent was here looking after.
