THE CAPITAN MOUNTAINEER

SIXTH YEAR NUMBER 1. CAPITAN, NEW MEXICO, APRIL 24TH 1920 SUBSCRIPTION PRICE $1.50 A YEAR.

Commences Its Sixth Year.

Last week the Capitan Mountaineer finished the fifth year of its publication, and this week its sixth year begins. During the five years that it has been published not a single issue has been missed, though sometimes for unavoible reasons, it has been a little late in making its appearance, something which occurs, more or less, with all country newspapers. The aim of its publishers has been, and will be, to give the people a good local paper which they believe they have done so far it has been possible to do. Conditions are now such they feel assured in stating that they will be able in the future to give the people a better paper than they have in the past and hope their labors will be appreciated and their expections realized. They wish to thank the patrons of the paper for the liberal patronage they have given it, and will be more thankful if they continue it. With best wishes to every one we hope for a prosperous year.

A. H. Hudspeth.

So far there has been little if anything said in the press of the state as to a Democratic candidate for Governor. The time is approaching when a candidate is to be chosen, and question is, who will that candidate be? There is one man in the state who would make an available candidate could he be induced to permit his name go before the party as a candidate, and that name is A. H. Hudspeth, of Lincoln county, present U. S. Marshal for New Mexico. He is able, clean and popular and no other man would be more acceptable to the rank and file of the party. He could poll the full strength of the party and he would get a great many Republican votes as he is well throughout the state. His home people are proud of him, because they know him to be honest and capable. His popularity at home is not confined to Democrats alone, but is found among the Republicans as well. With Hudspeth heading the Democratic state ticket it could not be defeated.

Armijo Enters Journalism.

Isidora Armijo, long a citizen of Las Cruces, and several times represented Dona Ana county in the Legislature, has moved his residence to Taos, this state, and took up journalism and is publishing the News of that town Mr. Armijo is an able man and was a notable figure in the Legislature. He has always been a Republican, but as a member of the Legislature and as private citizen he has always shown an independence of character that is admirable and commendable, and the party whip never brought him into line against his sense of right and justice. In the Legislature he was more of a "free lance" than a party man, although his course often brought him in direct opposition to the majority of his party.

Mr. Armijo enters the newspaper field not without experience and will he will publish a first-class newspaper.

The small son of Margurito Silva died recently of the "flu" coupled with pneumonia. Mr. Silva and family have our sincere sympathy in their loss.

Lincoln County School Interests.

Mrs. M. L. Blaney, County Superintendent, of Schools visited the following schools last week:

Capitan, Fort Stanton and Baca Ranch.

The Domestic Science of the of the County High School is very satisfactory. the pupils having made a number of garments and completed a course in cooking.

The class in Agriculture have been doing some practical work and as a result have a large supply of cabbage and celery plants.

The pupils of Mrs. Geo. Dixon's room, Hondo, N. M., are twice happy since they are the winners of the State Pennant of the New Mexico Modern Health Crusade, and one of the ten national pennants given this year by the national tournament of Health Brotherhood. Mr. C. P. Anderson, Executive Secretary of the National Tuberculosis Association will make a trip to Hondo about the first of May for the purpose of personally presenting this pennant.

Teachers and pupils of the Lincoln Consolidated schools are busy preparing for the eighth grade commencement exercises, which will be held on the afternoon and evening of May 6, 2020. The early part of the afternoon will be spent viewing the exhibits of the Art Classes, Domestic Art and Primary work. At 3 o'clock p. m. visitors will witness a Basket Ball game between the Home Teams.

The bond issue at San Patricio carried by a vote of 24 to 2 As soon as the bonds are sold bids will be called for erecting a consolidated school building at San Patricio, N. M

Mrs. M. L. Blaney.

Lloyd Hulbert, of Lincoln, was in Capitan Tuesday and paid the Mountaineer a call, leaving an advertisement for the new Garage which he and his father are putting in at Lincoln. They will open the garage for business next Monday morning and are prepared to do all kinds of work the public wants in the auto line. Lloyd has had eight years experience in the automobile business and understands all about the mechanism of cars which is a guarantee that his work will fully satisfy those taking it to their garage. See their advertisement in this paper.

Billy Ferguson was in town Thursday making final proof on his brother Fred's homestead claim. Billy has lately bought O. C. Davis' mercantile business at Nogal and will increase the stock and conduct a store there that will supply the demands of the community. He has not abandoned farming and will devote a good portion of his time looking after his farm. Billy is one of the citizens in the county who has made a success farming and fruit growing, and will no doubt prove a success merchandising.

L. W. White, Cashier of the First State Bank, is off on a two week's visit to his old home in Iowa. There is some speculation and guessing as to the object of his trip among the people here.

John B. Burch and Ben Leslie made business trip to Carrizozo Wednesday.

Current News Paragraphs.

Thos. P. Gable, state game warden, is in the city today making disposition of a car load of 48 elk from Jackson Hole Mont., which arrived in the city last night. A number of these animals are for delivery to the Thomson-Meloche ranch sixteen miles east of the city, where a special range has been fenced for them as a game preserve. The remainder of the shipment will be taken by Mr. Gable for distribution in Dona Ana county. These animals were taken from the open range and are wild, but not withstanding their long journey are in excellent condition.—Raton Range.

M. J. Stevenson was killed this morning in Chamberino by E. E. S. Ardoin, who shot him with a rifle. Sheriff J. R. Lucero brought Ardoin before Judge Cruz Garcia who placed his bond at $10,000 to appear Monday for a preliminary hearing. Mr. Ardoin shot Milas Stevenson twice with a carbine rifle, both shots taking effect just above the heart. The dispute was over the boundary line of a fence.—Las Cruces Citizen.

The Albuquerque Journal says: E. J. Feemster, trapping for the state, has caught twenty-nine beavers between Bernalillo and Belen along the Rio Grande river within the last two months. He states that while the beaver is a great help in mountain sections in damming streams and holing back flood water in rainy seasons, here along the Rio Grande, howeverer, he cuts down the trees on the irrigation ditches and dams the streams, flooding the land and tearing down ditch banks. Mr. Feemster is an old-timer in this section and has caught seventy-two lobo wolves since 1914. He wears twelve medals for marksmanship with rifle and pistol, and was designated as one of the "president's hundred," out of 1,600 entered in the meet at Caldwell, N. J., in 1919.

With thirty three of his closest friends, John Burroughs, the noted naturalist and author, celebrated his 83rd birthday last week at Yama Farms, near Napanoch, N. Y., in the Catskill mountains, as the guest of Frank Seaman, After breakfast he chopped wood, drew sap from a maple tree, boiled it over an open fire built from the wood he had just chopped and made syrup for dinner, planted a tree at the hut of Mr. Seaman near Yama Farms Inn, had good luck fishing for trout and took a long tramp through the woods. "I have come to old age enjoying nature and loving my fellow-men," he said; "This universe is the very world possible and in it are very best people. We accept the world as we find it, live life on its simplest term and get the good that each day brings."

"Its the best I ever had"

Here's a little confidential statement this week. Our friends are doing more advertising for us than we are doing ourselves. That's because our friends have been satisfied here—not for a few days after making a purchase, but permanently. You know our policy—we're not satisfied if you're not.

"It's the best I ever had" said one of our stockmen the other day, referring to some of the new summer underwear he had bought here.

Summer underwear, shirts, shoes, clothes, hats, khaki pants, or the hundred and one things we sell men—you'll find what you want goods that give permanent satisfaction.

The people of the Nogal community are considering the question of having a fourth of July barbecue and celebration at the old town and will probably decide to have it. The last fourth of July celebration at Nogal was five years ago and it was a great success, being attended by 1000 people or more. It is very desirable place for a public celebration, being centrally located to large scope of country and would be largely attended.
