A Monster Tooth Found in Capitan.

Earnest Key, son of Mr. T. C. Key, of Capitan, while walking down the creek bed near school house Monday afternoon found a jaw tooth of an animal lying on the side of the bank, which he brought to Titsworth Co's. store and had it weighed, and it weighed 9½ pounds. The tooth is well preserved, a portion of it being petrified, and it is supposed to be from a Mastodon's jaw or some other pre-historic animal. Since finding the tooth, young Key has been removing the dirt from the bank where he found it and so far has unearthed pieces of a large bone, which, when exposed to the light, crumbles to small particles. He will continue his work of excavation and may find a complete skeleton. This is the first find of the kind made in this part of the country and is of scientific value and well worth investigation.

Such discoveries as this are food for speculation and furnish much so, e for imagination. There is a great deal of evidence that the place where Capitan is located was at some time in the earth's history a large lake of water and it may be that when that monstrous beast came here to drink he was drowned and covered with mud and slime where he has been during all the great lapse of time since then. Land marks strongly indicate that if a lake of water filled this basin, it finally had an outlet through the gap just east of town, and the water drained off and helped make the channels of the Bonito and Hondo rivers. All this occurred, perhaps, "a million years ago, a time when no man knows;" its history has not been found "carved on a Reindeer's bone and hung on a cavern wall that all might understand."

Rev. Kilgore, who was conducting the services in the protracted meeting, left for his home at Hamlin, Texas, but the meeting continues. Miss Sadie McNiece, of Sedardale, Texas, is doing the preaching and her discourses are very able and are attracting a good deal of attention.

School Notes.

School will commence Monday, September 6th, and to the end that every child may receive the full benefit of the years work, parents are requested to make every effort to start their children the first day. By so doing the child will receive the full benefit of the preparations that have been made for his years schooling. If they are late in entering, confusion is caused in their classes, they are generally behind with their work throughout the year and quite often are unable to finish the years work with credits they otherwise should receive; besides late entrance tends to towards interruption of the work already in progress and as a result a certain amount of enthusiasm and school spirit is lost. So please parents, make every effort to send the boys and girls the very first day.

In the High School a standard course of study is offered, consisting of the required units in such subjects as outlined by the State Board of Education of New Mexico, together with more than enough electives to make up the necessary fifteen units for graduation.

Supt. McCollister will be in his office every afternoon until school begins, with the exception of Saturday the 4th, to confer with parents and pupils. He especially requests that all High School students see him with a view towards planning their courses. By so doing, classes may be formed, books and other supplies ordered at once so that the least delay will be occasioned when school begins.

The Board of Directors have made every effort to secure the best teachers possible, and the teaching staff consists of nine people. In the High School the faculty is composed of five teachers, all who are college graduates and experienced educators. The grade and special teachers are no less thoroughly prepared and experienced in their departments.

The following is this enumeration and assignment of the teaching force:

T. P. McCollister, Supt., Manual Training and Drawing.

W. J. Klopp, H. S. Prin., Science, Mathematics and Athletics.

Mrs. Helen Gause, English and Elocution.

Miss Lola Wright, History and Domestic Science.

Miss Mildred Peters, Spanish and Departmental.

Miss Ellen Smith, Grade Prin. and 4-5-6 Gr's.

Miss Ruby Bryan, 2-3 Gr's.

Miss Mary Fritz, Primary and 1 Gr's.

Miss Lucile Hilliard, Music.

It was reported here yesterday that Antonio Vega, of Carrizozo, will be a candidate for the Republican nomination for Sheriff. Mr. Vega is one of the best known and highly respected native citizens in the county. He has held the offices of constable and city marshal in Carrizozo, as well as the positions of deputy sheriff and jailor and there can not be one word said against his record, but much said in praise of it. He is a member of one of the oldest and most prominent native families of the state, being a son of Manuel Vega an extensive ranchman on the Carrizozo Flats.

Monroe Read and family and his nephew, Edwin Read, left Wednesday afternoon for Los Angles, California, where they expect to make their home. Edwin's wife had preceeded him there some two weeks ago.

Home Wedding.

The home of Mr. and Mrs. S Crane, 418, E. Hugo street, was the scene of a beautifully impressive wedding on August 4th at 1:40 o'clock, when their youngest daughter, Ruth Penn, was married to Mr. Neil G. Hilliard of Wichita Falls.

Rev. G. B. Strickler, pastor of the First Presbyterian church, performed the ring ceremony in the presence of the immediate family of the bride.

Mrs. Isaac O. Newton of Seymour, Texas, was her sister's matron of honor and Miss Lois Drane was bride's maid. The bride wore a going-away suit of navy tricotine with accessories of brown.

Mr. and Mrs. Hilliard left on the 2:25 train for San Antonio and after a short wedding trip will be at home in Wichita Falls, where Mr. Hilliard is connected with the City National Bank of Commerce.—Yoakum (Texas) Times.

The widding trip spoken of included Seymour, where the groom was born and raised and the bride has spent several years of her life. In fact, it does not seem just right to say yet that Mr. Hilliard lives at Wichita Falls. They visited while here in the home of his parents, Mr. and Mrs. W. R Hilliard, and in the home of Hon. and Mrs. I. O Newton. The best wishes of Seymour friends go with young couple.—Seymour (Texas) Banner.

Neil G. Hilliard is a grandson of the editor of the Capitan Mountaineer and a nephew of its junior publisher, Sam J. Bigger. They are very proud of him, not only on account of his close relationship, but because he is full worthy of their pride and ardent affection, and their best wishes go to him and his bride.

Newt Kemp for Commissioner

We take pleasure in placing the name of Mr. Newt Kemp before the Mountaineer readers this week as a candidate for County Commissioner from this District No. 3. No other man in the county is better known than Mr. Kemp, and all know he has the qualifications to make a good commisisioner. He is an old times settler here and comes as near knowing the needs of the people as any other citizen. He believes in a economical administration of the county's affairs; would favor cutting down all needless expenditures; would favor a close supervision of the tax assessment to see that all pay their just proportion of taxes. Being an experienced stockman, would know the value of stock, and his extensive acquaintance would give him a pretty correct idea of what many men own and about what they should render for taxes He hals from Capitan and this immediate section is entitled to a commissioner and Kemp would make a good one.

Subscription Offer.

In order to increase the circulation of the Mountaineer, we will offer the following inducement to subscribers for the next few months. The subscription price of the paper is $1 50 per year, but to all who accept this offer we will make it $1 25 per year, and furnish a copy of the life of "Billy The Kid," which is 75 cents, making the price of the paper and the book together $2 00. This offer applies to both new and old subscribers, and all who will pay us $2 00 can get the paper for one year and a copy of the book.
