Dairy Possibilties for Capitan and Surrouding Country.

The first step has been taken in the direction of the industry of dairying in this county in the way of the establishment of a creamery station at this place; and no doubt further developments will follow in the way of more and improved dairy herds and the adoption of a systematic and economic method of feeding, and also the selection of the best feed adapted to country.

The conditions in this part of the country are ideal for dairying, and the dairy cow is fast taking the place of the range cow, owing to the scarcity of range and the advantages of the result of feeding.

Eighty car loads of dairy cattle have been shipped into the state within the last ten monthg. Colfax county alone has shipped in 1,500 head of milk cows and pure bred males, and there is no reason why the farmers in this part of the country could not do the same thing.

Through the proper associations, the farmers can secure assistance to secure loans for the purchase of dairy cows of good quality.

After the establishment of the cream station at this place, it is the duty of the field agents to visit our town and give free lectures on dairying, and assist the farmers in every way possible to make this industry a success.

So all the farmers should get busy and get rid of their "Free Reader" (white face cows) and invest in good dairy cows that will pay for her feed and yours: and it might turn out that we will have a creamery right here in Capitan before very long.

Lincoln County High School and Capitan Public Schools.

Our schools opened September 6th, and are now completing their third weeks work. The enrollment, both in the High School and Grades is somewhat above that of former years. The course of study for High School has been augmented by the addition of some subjects not heretofore a part of the curriculum and by the requirement of additional credit in some of the subjects that had already formed a part of the schedule

There has recently become current a rumor to the effect that the Lincoln County High School, located at Capitan, is not offering a standard four year course of study as required under the rulings of our State Dept of Education and the N. C. A. of Colleges and Secondary schools; and, as result, membership by this school cannot be had in said association.

This rumor however erroneous and we hope to convince any who have been misled by its circulation.

Now, the required number of units in the various subjects for graduation under said ruling in question, are as follows:

"A total of fifteen, of which three shall be English and one American history, including Civics."

This leaves eleven units, which however, must consist of
"3 units one other subject"
"2 units one other subject"
"2 units one other subject"
"4 units elective."

Although there is some latitude allowed the student in the section of the subject matter for those eleven units, still there is not so great a number of subjects that can be perused by the student, if he intends to graduate with merely the required minimum of fifteen credits, as can readily be seen from above. To fully meet the requirements of the N. C. A. we offer, and require for graduation, the following:

4 units English.
2 units History. (one American including civics)
3 units Mathematics
2 units Science. (lab.)
2 units Foreign language.
4 units Elective.
Total 17 units.

We have a corps of five teachers in the High School whose academic training and experiene has been broad. That in individual cases range from six to twelve years, and which is probably equal to or better than found in most schools of like size, enrollment, location, equipment, etc. All of said teachers are either university, college or normal graduates and holders of the following degrees, one LL.B. one M.A., two B. S., one Ph. B. degree.

This requirement also, as far as academic training of its teachers is concerned is as much as the rules exact.

Our grade teachers are likewise as well prepared, qualified and repeienced for their work all having had normal training one holding Pd B degree.

While in session, our schools are open at any time for inspection. Those interested in the quality of the work we offer, and the personnel of the teaching staff, are invited to call in person and see for themselves just what we are trying to accomplish.

On the whole, the school and all who are connected with it, in its aim to reach and maintain a high standard, are making every effort to bring that standard up to the qualifications of its offerings.

Lincoln County High School and Capitan Public School Notes.

The meeting of the parents with the teachers, which was announced to be held Sept. 24th, has been pospned until Friday Oct. 1st at 8 o'clock.

As said in previous announcement, the purpose of this meeting is form a parent-teachers association, to better the welfare of the pupils in this community.

All parents are urged to be present.

Miss Bryan, who has charge of the 2nd and 3rd grades told her pupils she would give a picnic to the class who read best. The competition was very effective and Miss Bryan found it impossible to decide which did best, so both grades will picnic with her next Saturday afternoon.

The girls of the Lincoln County High School have organized a basket ball team and are preparing to play against teams from other schools.

The boys of the school have cleared off the grounds and the school now has two basket ball courts.

The total enrollment in the first six grades of Capitan Public School is 84, but a much larger attendance is expected before the winter months begin.

Both grade and High School have cleared up the play grounds thus imyroving the looks, and renders it more pleasant.

Judge Swan Dies.

Judge J. W. Swan died at 8 o'clock last night at his home in the Tucsons. He had a fall one day this week which caused an impact fracture of the hip bone, and owing to his enfeebled condition from old age was unable to withstand the shock. An extended notice of Judge Swan will appear in another issue of this paper.

A. S. Duff sold his 320 acres of land on Little Creek this week to Mrs. Jettie West and Miss Maud Box.

L. R. YORK.

Mr. L. R. York, democratic nominee for district attorney in this judicial district, was in Capitan yesterday greeting his old friends and forming new acquaintances. Mr. York was unanimously nominated for this office at the state democratic recently held in Los Vegas, for the reason that he is well qualified to fill it and is a man of splendid character. Mr. York was for a long time a resident of Capitan, first holding the chief clerkship in the Forest office, and when admitted to the bar practided law here. Five years ago he moved to Alamorgo where has since resided and practiced his profession. He has served one term in the legislature and made a good record. When Mr. York lived in Capitan he took a great interest in educational matters, and it was, perhaps, more through his influence and efforts, than any one individual, that the Lincoln County High School was located at Capitan, and as a member of the school board was a hard worker for the success of the school. He especially deserves well of the people of Capitan and community. He has been one of the best friends the people of the town and this part of the country has ever had and if elected would make a splendid prosecuting attorney. He would look closely after all violations of the law, but would be fair and impartial in his official capacity.

Democratic Precinct Convention.

The Democrats of this Precint held their convention to nominate candidates to the county convention on Monday of this week. The convention was called to order by C. C. Merchant, precinct chairman, after which Neil H. Bigger was elected chairman and Dr. E C Price secretary.

A motion was made by C. C Merchant and adopted that a secret ballot be taken to get an expression of the democrats of the precinct as to the choice of candidates who have opposition through the delegates to this convention. The vote stood:

For sheriff — Clements 11, Harris 9.

For clerk—Treat 17, Paden 2.

For tax assessor—Bryan 18, Jenkins 1.

Dr. E C. Price, W. R. Read and J. T. Gardenhire were elected delegates.

A motion was adopted that delegates vote as a unit in the county convention.

Republican Precinct Primary at San Patricio.

The Republican primary for Precinct No. 2, San Patricio, was held according to schedule at the school house in San Patricio on the 21st inst with the following result:

The meeting was called to order by the Precinct Chairman, Ignacio, Olguin, who stated the purpose of the meeting. Robt. Brady was elected permanent chairman of the meeting and E Gonzales secretary; the following delegates were selected to go to the County Convention from the precinct:

Joose Gonzales, Robert Brady, Alfredo Gonzales, Juan Samora, Frank F. Vigil, J. M. Montes, David Gallegos and Clement Hightower.

The delegates were instucted to vote and work for the nomination of Clement Hightower for assessor and John Brady for sheriff, and D. N. Bonnell for county commissioner.

The primary was notable for several things, chief of which of course was the attendance as VOTERS of a large number of ladies who seemed to take an active interest in the proceedings. The attendance was the largest ever witnessed in the precinct and perfect harmony prevailed, all of which augers well for party success at the polls on the second of November next.

E. Gonzales,

Secretary.

A Strong Republican Candidate.

Antonio Vega of Carrizoso, authorizes his name placed in this paper as a candidate for the office of sheriff of Lincoln county subject to the action of the Republican party. This candidate has no dark spots on his character nor is there anything that can be alleged showing him unworthy of public confidence or trust. He has the respect of all who know him, and no one will doubt his qualifications to make a good sheriff, the acceptable manner in which he has filled several very responsible public positions is a guarantee of this. Mr. Vega was born and raised in Lincoln county, and all the old settlers know him and would have no fears of any misconduct connected with the sheriff office should he be elected. He would conduct the office in a business like manner, appoint the best and most competent men to fill the deputyships, regardless of the fact, whether they, be Spanish Americans or Americans.

RURAL SCHOOL NEWS

(M. L. Blaney)

The Consolidated School at San Patricio, has an enrollment of 105 which is proof sufficient that a new school building is a necessity. Bonds in the amount of $4000.00 were voted last spring but on account of money conditions were not sold. The enumeration of the district has increased until now it seems necessary to increase the amount of bonds.

School is being held in a store building and transportation is furnished.

Consolidation of schools thus converting the rone-room schools into a community center school is the means of keeping boys and girls in school and at home where they are so much needed.

Lincoln under consolidation maintains five teachers and offers the first year in High School work. The new school building will soon be ready.

Corona, and inter county consolidated school, offers a two year splendid High School course. The Gymnasium and Library building will probably be completed early in December.

Most of the schools of the county began work Monday Sept 6th, with the exception of two or three which had teachers hired who failed to keep faith. These schools will be working in a few days.

The children of Tecolote and Luna are enjoying educational privileges by the County Board of Education maintaining transportation line to Ancho.

The Lincoln County High School located at Capitan reports the largest enrollment for several years.

The faculty are awake and earning their salaries. A Parent-Teachers association is being organized which means that parents are working with the teachers, realizing that in "Union there is Strength."

The Tucson School building is completed being the fifth new building to be completed the past year.

Plans are being completed for the visit of the School Nurse, Mrs. Green to the rural schools. Scales have been ordered for weighing the pupils, Every opportunity to benefit the child will be given consideration.

Only two cases of compulsory violations have been reported.
