YEAR NUMBER 30. CAPITAN, NEW MEXICO, NOV. 20, 1920 SUBSCRIPTION PRICE $1.50 A YEAR.

To Correspondents.

We will once make a special request to correspondents of this paper. We will not only make a request but we are adopting a rule which we will adhere to strictly hereafter. We are glad to publish news correspondence from any part of the county, as we know it makes the paper more readable, but it MUST be received not later than Thursdays, and earlier if possible. Of course in case of some unusual happening we would get it in up to the time of going to press. On the last of the week, we are always busy setting up local news happening and other news matter that c n't be secured the first days of the week, and when correspondence comes late, it helps delay the paper. This rule not only applies to country correspondents, but to parties who furnish news notes or reports. Hereafter, when such things come in late their publication will have to be omitted until the following week. Now, will correspondents please bear this in mind.

White-Oursler.

On Friday November the 12th in El Paso, Texas occurred the wedding of Mr. Lawrence W. White of Capitan and Miss Josephine Oursler. The Reverend Doctor Hinton performing the ceremony.

Mr. White came here nearly two years ago from Iowa, to be Cashier of the First State Bank, at its organization and by his congenial way of meeting the public has made a large number of friends, both in a business and social way. But as to his getting married we in common with the rest of the natives never dreamed of him pulling off a stunt like this—just taken it for granted that he was a confirmed "Old Batch" for all time to come

Mrs. White is from Houston, Texas, where she has been residing for the past two years. However, since all this happened Mr. White informs us that she formerly lived in Iowa, where their courtship began. Mrs. White, of course, is a stranger to the people of this community, but won't be long; we are all glad to extend her the hearty, welcome hand of friendship, and are glad she has chosen to make her home in Capitan.

The funny thing about this happy union was, L. W. was not as slick as he thought he was in keeping it so entirely secret. Just before they arrived on the night of the 12th inst. the young folks of the town got a tip that it had all happened and that he was on his way home with his bride, so they slipped into his house and were waiting for the gentleman and woud'nt leave until he had set 'em up.

Well, anyway, here's hoping that they live a long, long time and have oodles of happiness, prosperity and everything that is good.

Gone to Teachers' Convention

Profs. T. P. McCollister, W. J. Clopp, Mrs. Cause, Miss Viola Wright, teachers in the Capitan High School, left yesterday morning for Albuquerque to attend the State Teachers' Convention. Misses Geneva Coffey, Stella Howard and Eula Spillers, students in the High School accompanied the teachers. Miss Mildred Peters, also, one of the teachers in the High School, will leave for that city tomorrow to be in attendance at the Convention. The grades in the school were not dismissed for the occasion and are in charge of Miss Ellen Smith.

Thanksgiving Proclamation.

Executive Office, Santa Fe, New Mexico—A Proclation by The Governor.

As the year approaches to its end, and we look back to the days that have gone by and compare our condition as a nation with that of other countries, our thoughts in grateful reverence naturally turn to that gracious Providence that has so signally singlid us out among all other peoples. While other countries are still experiencing the horrors and calamities of war, we are at peace, while poverty, want and hunger afflict the citizens of other lands, abundance, plenty, and contentment are ours; the earth has yielded with prodigality of the sustenance of life, the laboring man finds reward and compensation for his toil as no other land offers or has ever offered, so that the toiler and the balance of our citizenry are enabled to enjoy not only the comforts, liberally, the pleasures and luxuries of life.

The school room throughout the land is patronized as never before, and the work of preparation of the coming citizens of our country, in whose hands will rest its future destinies, is being carried on with a zeal and enthusiasm which offers the surest guaranty of the perpetuity of the republic and of its institutions. That our country is viewed and looked upon in the past, namely, as the land of freedom and liberty under the law, as the land of plenty and abundance, of happiness and contentment, secured to those who live under its flag by our constitution and laws, is proven by the fact that millions upon millions of men and women are anxiously looking to our shores, hoping and praying to be admitted to the enjoyment and blessings that this republic offers. The Lord of Notions certainty has been good to us, and has most advantageously placed and kept us in the great family nations; certainly as a Christain people we should render grateful acknowledgement to Almighty God for all these blessings, and earnestly pray that our country may long endure, as it now is, and has been in the past, for the enjoyment of our children and of future generations.

Following, therefore, the pious and Christian example set by ourelders, I, O. A. Larrazolo, Governor of the State of New Mexico, do hereby designate and set apart Thursday, the 25th day of November, A. D. 1920, as "Thanksgiving Day."

I thereby respectfully call upon the ministers of the gospel of all religious denominations to have special services on that day and invite people of our state to meet in their respective places of worship, and in the privacy of their homes, and there, in grateful remembrance of all the blessings that we have received, thank the Great Ruler of the Universe for all the benefits that we have received from His hand during the present year, and pray that He most graciously continue to dispense his choicest blessings upon our country in the future as He has so generously and graciously done in the past, and that He may guide our actions and conduct as a people, that we may never, by our conduct, forfeit the right to expect from Him the continuance of His fatherly watchfulness over us.

The flag of our country shall be raised on all the state public buildings of our state on that day.

Done at the Executive Office in the City of Santa Fe, State of New Mexico, this 12th day of November, A. D. 1920. Witness my hand and the Great Seal of the State of New Mexico.

(Seal) O. A. Larrazolo, Governor.

Attest: Manuel Martinez, Secretary of State. By Mato Lujall, Asst. Secretary of State.

Four Months Loafers—Now Laying Regularly.

"I wish to praise Dr. LeGear's Poultry Prescription to Poultry Raisers. I have 28 hens and had no eggs from them for over 4 months. After feeding them two packages of your Presciption gathered twelve and one half dozen. This is a positive fact, and I advise all Poultry Raisers to use Dr. LeGear's Poultry Prescription if they wish their hens to lay."—Miss Carlina Freeman, Harriston, Miss.

You can also make profitable layers out of loafers by getting Dr. LeGear's Poultry Prescription from your dealer and using it as directed under Dr. LeGear's satisfaction or money-back guarantee. It is a tonic which builds up the strength and vitality of hens, without over stimulating or injuring egg producing organs. Dr. L. D. LeGear Med. Co., St. Louis, Mo.

Tongue's Tasting Division.
Pungent and acid tastes are perceived by the tip of the tongue; the middle tastes sweets and bitters; while the back and lower parts taste fatty substances.

Persistency Wins Success.
Few men succeed because they are naturally brilliant. Success is due usually to persistence, determination and ambition. Any man can cultivate those qualities.

Touched Up.
This world would be paradise immediately if people were as good as their pictures look.—Chicago News.

Treatment of Sprains.
Sprains usually cause a good deal of pain. To relieve this apply a mixture of a small amount of turpentine, an equal amount of acetic acid and the white of an egg. Put the mixture in a bottle and shake it well before applying to the sprain.

Unfortunate Truth.
Men haven't much love for men, women haven't much love for women, and most men and women have less love for each other than they have for themselves.—Exchange.

Ideal Married State.
Nothing much that is wrong can happen to the man who thinks he has married the prettiest girl in the world, so long as he keeps on thinking so.

Stands for Reason.
Jud Tunkins says that one man's get-rich-quick game always means a whole lot of get-poor-quick games for other people.

To Dream of the Moon.

To see a moon in brilliant clearness—for a wife, love and good health; for a husband increase in wealth. To see the new moon means advancement in business. To see two moons means an increase in dignity and rank. For a beautiful woman to see in a dream the moon at its full predicts to her a high standing in fashion and in public admiration. For a young girl or widow to see the moon in full and its face of a dazzling brightness denotes a speedy marriage. To jewelers, goldsmiths and brokers this dream is most happy.—Chicago American.

Goods Hard to Match.

Any woman who has ever worn a black dress or costume knows how difficult black is to match. No black silk is really black. A piece of silk may seem black to the casual observer, and it may be called black, but it is not really black at all. It is dark brown, or dark blue, or dark red. Matching black goods, therefore, is difficult, because one must be able to tell whether the black has more of brown, red or blue in it and match it to a piece of black goods containing the same color value.

A Notoriously Lovable Man.

Of a New York yeggman recently murdered a paper naively says: "He had been only four months out of jail; he had served four terms for burglary and truck thievery; his father said his son never came home except to extort money from his family. All the witnesses insist that he had no enemies and none of them can think of any reason why anyone should have tried to kill him."

150 EGGS FROM 28 HENS

Four Months Loafers—Now Laying Regularly.

"I wish to praise Dr. LeGear's Poultry Prescription to Poultry Raisers. I have 28 hens and had no eggs from them for over 4 months. After feeding them two packages of your Prescription, I gathered twelve and one-half dozen. This is a positive fact, and I advise all Poultry Raisers to use Dr. LeGear's Poultry Prescription if they wish their hens to lay"—Miss Carline Freeman, Harriston, Miss.

You can also make profitable layers out of loafers by getting Dr. LeGear's Poultry Prescription from your dealer and using it as directed under Dr. LeGear's satisfaction or money-back guarantee. It is a tonic which builds up the strength and vitality of hens, without over-stimulating or injuring egg producing organs.—Dr L. D. LeGear Med. Co., St. Louis, Mo.
