THE CAPITAN MOUNTAINEER

SIXTH YEAR NUMBER 40. CAPITAN, NEW MEXICO, DEC. 21, 1920 SUBSCRIPTION PRICE $1.50 A YEAR.

Capitan High School Girls and Boys Win from Carrizozo.

Capitan basket ball fans were furnised a great treat Saturday Dec. 18th, when the local High School girls and boys administered a severe defeat to girls and boys teams of the Carrizozo High School. Fast play, spectacular passes, and almost unbelievable baskets were accomplished by the locals in both teams, and the home folks were gratified to see their children win in a thorough, yet clean manner from the stain of unfair playing so often the cause of turning a victory into a feeling of dissatisfaction on the part of the winners and their adherents.

Our girls, all young in experience of the game, won a 14 to 8 victory, outplaying the Carrizozo girls in every feature of contest. While all displayed remarkable ability, the guards for the home team defended the Carrizozo goal in such a manner that success was impossible for the owners and feature plays by Marie Serna, Clara Fritz and Katie Hurt netted gains for Capitan that could not be be overcome by the Carrizozo girls.

The visitors, however, put up a scrappy game and deserve great credit for their vim and staying qualities and we hope to see another contest between the two teams in the future.

The results of the second the second game which was between the boys of both schools were the same.

Our boys seemingly did not want to allow their sisters to outdo them, also won a 14 to 8 victory over Carrizozo. Their game proving beyond a doubt that the local boy team has the visitors outclassed in every respect. Buster (Harvey) Evans, assisted by his brother Dink (Charles), in the aggressive department of the work, played a wonderful game, scoring basket after basket in the face of determined opposition and like our girl's work, the local boy defenders prevented the visitors from piling up a score which could keep pace with the work of the Evans boys.

Both teams from Carrizozo played a good, sportsmanlike game and the work of the visitors in both games is to be highly complimented.

Public Health Nurse Report.

During the month of November Lincoln Echo, Picacho, San Patricio, Arabela, Blue Water, Clear Creek and Tinnie schools were examined.

The school in Arabela, Dist. 32, had pupils in fine condition. In fact less defects were found here than in any other school in the county. The children were clean and very orderly

Blue Water has a good school and healthy children.

San Patricio has five cases of Whooping Cough and more have developed since the examination was made. The school is badly crowded and conditions are not very pleasing. A new school building is much needed.

Picacho has a good school building. The attendance was small, only 34 pupils and three teachers. This was because the children were away in Texas in Texas picking cotton.

In Lincoln the new school building will soon be completed and it will be a help to the little town. The children in some of the grades had many defects. In the higher grades some had defective eye sight.

Twenty-eight not vaccinated in Lincoln; 14 in Picacho, 30 in San Patricio, 1 child in Arabela, 4 in Blue Water, 4 in Clear Creek, 8 in Tinnie.

At Alto the school was closed and the teacher on vacation. I was much disappointed as it is a hard school to reach and weather conditions will soon close the roads.

Angle has apparently recovered from Diphtheria and the quarantine is lifted. Schools opened the 20th inst.

At Nogal there are two case of Scarlet Fever. The teacher and some others were exposed and so the school closed for one week. If everybody helps enforce the quarantine where contagion exists, it won't be long before we have results, that is, fewer cases of contagion. In the mean time we will have a more healthy county and the children will not be kept from school. Let us all work together and make Lincoln county a 100 per cent. health center. There are too many children in the schools who have not been vaccinated. This should be done before school opens. If it does not take the first time, have it done again, as the child can have a certificate after a third time. As soon as the number of children are give the doctors they are vaccinated.

In San Patricio one child had his leg fractured. While at dinner the ground caved. Had he been alone he probably would been buried. A boy sitting by him was bruised but no bones broken.

Three hundred and thirty six children were examined this month.

GET MORE BUTTER

Mrs. Hattie Meene of Glenn Missouri, says, "I was not making enough butter from my cow's milk production for a family of two. After using Dr. LeGear's Stock Powders a short time, she gives a half gallon more milk a day, and a pound of butter a day."

Dr. LeGear's Stock Powders give to milk cows just what is needed to keep the digestive organs in proper condition, so that they get the most possible good from their feed. Give equally wonderful results when used for horses, hogs, and sheep, because they are a tonic, appetizer and worm-expeller.

It matters not what you may have among your stock or poultry, it will pay you to get the proper Dr. LeGear's Remedy from your dealer. They are the Doctor's personal prescriptions, compounded during his 28 years of Veterinary Practice and Expert Poultry Breeding. They must satisfy you, or your dealer will refund your money.
