LOCAL AND PERSONAL.

Items of Interest to Residents of the Town and Neighborhood.

G. T. Payne, one of Carrizozo's merchants was in Capitan several days this week.

Joe Franklin and Dr. Welch made a flying trip to the Indian agency this week.

John Galvin a miner and prospector of Nogal was in Capitan this week talking mines.

J. E. Wharton of White Oaks was in Capitan several days this week attending to legal business.

E. B. Welch is up from El Paso spending a few days in the "Future Pittsburg of the Southwest."

J. H. Lightfoot left this week for the Santa Rosa country to attend to business for the railroad company.

County Treasurer Henry Lutz and Judge Hall of Lincoln were in Capitan this week attending to business.

The El Paso & Northeastern is at present running an extra train each way every day carrying material to the front.

J. J. Jaffa the genial head of the Lincoln Trading company was in Capitan in the early part of the week transacting business.

Scipio Salazar is having a large house erected on his ranch a few miles below Capitan and he will soon be a resident of this district.

Rev. Geo. H. Brewer, general Baptist Missionary of New Mexico will preach at the Redmen's Hall on Sunday evening April twenty-first, at 7:30 p. m.

A. J. King, general manager of the Southwestern Mercantile company at this place came up from Alamogordo this week and remained in Capitan several days.

J. H. Lightfoot is having lumber hauled from the Eagle Creek sawmill for a residence to be erected near the school house which he will occupy when completed.

J. V. Ormond has accepted a position on the line of construction of the E. P. & N. E. with the contractors as timekeeper and commissary clerk and will leave in a few days to assume the duties of his new position.

Little & Fawcett who have the contract for a two story addition to the Fourth Street hotel have begun work and already the building as it will be when finished is beginning to asume tangible proportions.

The storm of Thursday of last week while rather severe at this place no damage was done. Other localities in the territory were not so fortunate, however, as great damage was done by the high winds in almost every vicinity outside of Capitan.

Ed. C. Pfingsten of Nogal has been in Capitan this week erecting a windmill and tank over the well on the site of the new school building. The windmill is steel throughout and will pump water into a large tank which will furnish water to irrigate the shrubbery and trees which are to cover the grounds.

The El Paso Rock-Island railroad is preparing to have a cinch on the water situation on the new extension and are already beginning to put in wells. The company will put in artesian wells at watering stations which will dispense with the necessity of pumps.

El Paso is at present considerably worked up over the reported discovery of oil near Deming by El Paso parties. The strike is said to be a very rich one and excitement is running high. The locality that can't scure up an oil excitemeet must be considered rather tame.

S. T. Gray, local agent for the Alamogordo Improvement Co., reports that the demand for Capitan lots has greatly increased within the last few months. This is a good indication of the healthy condition of the town and shows that the growth of the town is a substantial one.

The El Capitan Mining Investment company has rented the building on Fourth street which was formerly used by Dr. Moore and will furnish it up for an office. Visiting miners and prospectors are invited to call around and make the company's office their headquarters while in the city.

The El Paso & Northeastern this week received the first consignment of an order for a large number of coal cars to be used to handle the output of the Capitan coal mines. The demand for Capitan coal seems to be growing daily and as soon as transportation facilities are sufficient it is expected that the force of men at work here getting out the coal will be considerable increased.

The corner stone of the new school house will be laid next Friday with appropriate ceremonies. The school board has the matter in hand and will endeavor to have a program full if interest to all and the public generally is cordially invited to attend. Work on the new building has progressed rather slowly for the last few weeks on account of the high winds which made it impossible for the stone masons and carpenters to work, however the work is being pushed as rapidly as possible. When this building is completed Capitan can boast of one of the finest school buildings in the territory and one that the town and district can point to with pride.

The Southwestern Mercantile Company are receiving their new spring stock of goods.

ALUABLE PROPERTY AT A BARGAIN

I have been appointed administrator of the estate of the late A. NORRIS and have instructions to sell all property belonging to the estate and settle all accounts owing by the deceased. The estate consists of a large stock of confectionery, stationery, and tobacco and a business house and lot in Capitan. All this property must be sold. If you are interested call or address.

ROBT. A. HURT, Capitan, New Mexico.

Henry Bryant, of El Paso has purchased a half interest in the hardware and furniture business of E. B. Welch at this place and arrived in Capitan this week to assume charge of the business. Mr. Bryant comes highly recommended as a business man and the people of Capitan welcome he and his family among them.

W. M. Clute was in Capitan this week from the Gallina mountains country and reports that every thing is booming in that section. The country is filled with prospectors and much good mineral is being found. There seems to no doubt but that some of the best country along the new road will be opened in that section.

The El Capitan Mining Investment company has secured an option on what is known as the "Rock Quarry" mining claim in the Nogal mining district. The mine is at present the property of John Galvin of Nogal and is without doubt the richest mine in that section. Numerous assays show that the ore from this claim carries gold and copper values to about $150 to the ton and has extensive ore bodies. The members of the Mining Investment company feel sure that they have secured a very valuable proposition and intend to demonstrate this fully by doing some work on it and if it continues to show up as they expect it to it will be extensively worked by them.

Brazas river pecans at Sanger & Prudes.

District court will convene in and for this county on the last Monday in this month with Judge McMillan on the bench. Lincoln county has been rather unfortunate for the past two years or more in regard to its courts of justice as this is the first term of court this county has had within that time. The court fund has more than $8,000 in it at present more than enough to clean up the entire docket and the erstwhile tradiness of justice will be more than vindicated by the amount of work done at this term.

There is a movement on foot to erect a several thousand dollar hotel in Capitan. The Montezuma Building & Loan association has offered to advance the major part of the money required for the construction of a first-class hotel and the balance of the funds needed can be secured from the business men and others here who are interested in the future of the town. While Capitan has as good hotel accommodations as any town its size in the territory another first-class hostelry for the accommodation of tourists and health-seekers will be a big thing for the town. The indications are that this section will be called upon to take care of a large number of transients during the coming summer as the delightful summer climate of this section can not fail to turn the tide of travel in this direction.

W. M. Witcher who has had charge of the hardware and furniture business of E. B. Welch since the town was first opened has severed his connection with that house. While he was in charge of that business he has proven himself to be a thorough business man, and has won the respect and confidence of all by his straight forward business methods and courteous treatment. His many friends however, are glad to learn that he will remain among them, having other interests here which he will devote himself to.

Capitan.

Future Pittsburg of the Southwest.

The Great Capitan Coal Fields

Have already become famous, although on roilroad only since October 1st. 1899, and with its other great resources iron, coke, timber, precious metals, farming, grazing and its beautiful climate, recognized by the government in the establishing the United States Marine Hospital at Fort Stanton, five miles distant, must make Capitan one of the most important cities of the Southwest.
