Mrs. C. M. Bryan, arrived here this week from Denver to join her husband who has become identified as one of Capitans business men.

Alex Rogers has just finished painting The PROGRESS office this week. Alex is a first class painter and any one needing painting done cannot do better than secure his services.

W. M. Witcher, formerly the popular manager of E. B. Welch's hardware store at this place, returned Friday from a trip to El Paso, the metropolist of the southwest.

B. W. Renfrow has added greatly to the appearance of his neat little cottage by a fresh coat of paint. The work was by Neely & Rogers, Capitan's painters and decorators.

Rev. Geo. W. Brewer, Baptist missionery of New Mexico, was unable to fill his appointment here Sunday as announced in last weeks paper but will preach here next Monday and Tuesday nights.

C. G. Wade, special agent of the Springfield Fire and Marine Insurance company of Massachusetts was in Capitan this week making a plat of the town with the view of establishing an agency for the company here.

Will and Levie Rogers are delivering brick from their brick yard for the new school building. The brick is pronounced first class by the stone masons and will be used throughout the building with the exceptions of the veneering for which El Paso brick will be used.

In mentioning the town executive committee last week THE PROGRESS failed to mention the names of the committee correctly. It should have been S. T. Gray, Ira Sanger, R. A. Hurt, G. A. Montgomery and H. W. Galbraith instead of the names as given last week.

The El Capitan Mining Investment company this week filed incorporation papers with the territorial secretary. The officers of the company are as follows: W. M. Witcher, pres.; J. W. Prude, vice pres.; G. L. Bradford, sec'y; G. A. Montgomery, treas. Authorized capital $50,000.

J. Quinliven is in town this week. Mr. Quinliven expects to have two hundred men in the Gallina mountains in two weeks, where he has a contract to furnish 250,000 ties to the E. P. & N. E. railway company. Mr. Quinliven is also making arrangements to put in a general store in the camp.

Dr. J. O. Cobb has been selected by Surgeon General Wyman to investigate the bubonic plague in San Francisco, and left here this week on his mission. It seems that there has been some friction between the state and federal authorities as to the existence of the plague and Dr. Cobb has been sent there as a disinterested party to investigated and report upon the situation.

Miss Archie Meers and Richard Werner, two of Capitan's popular young people were married in Lincoln Tuesday. The bride is the daughter of Mrs. H. A. Meers of this place and is deservedly popular and the groom although now a resident of Carrizozo was once a resident of this place and is well known through this section. A ball was given in their honor at the Redmans' hall Tuesday night. Mr. and Mrs. Werner left for Carrizozo Wednesday, where they will make their home.

A petition asking for a depot at this place is being circulated and is being freely signed. The need of a depot at this place is greatly felt, not only by the business men of capitan, but also by the merchants and shippers of the surrounding country. The great need Capitan has felt since the town was began has been the lack of proper depot facilities and it is being felt more and more every day. There is no denying the fact that this one thing has worked a greater hardship upon the citizens and the town generally than any other factor that has served to hinder the growth of the town. It is to be hoped that those who hold the balance power for the future welfare of the town will heed the request that means so much to the town.

The New Mexico Mining and Milling company has just completed the work of opening a road to their property on Turkey creek at a cost of about $2,000 and now have a large force of men at work clearing off the ground for a mill site. W. A. McIver the superintendent for the company is making things pretty lively and is showing up some good mineral in the numerous claims owned by his company. This company has control of several of the best mining claims in that section and are preparing to work them on an extensive scale and that will soon be the best mining camp anywhere in that section. There are several other mining propositions in that section that are expected to be opened up pretty soon.

C. W. Bryan, who has purchased a half interest in the hardware and furniture business, of E. B. Welch and assumed charge of the business, has made many improvement in the store for the purpose of better displaying his stock to the public. Mr. Bryan is an enterprising business man, understanding the needs of the public, and will be found constantly increasing the facilities of his store to keep pace with the growth of the town. Since coming here Mr. Bryan says he is more than ever pleased with the future outlook of the town and feels confident that Capitan is destined to become one of the best towns in the territory. Mr. Bryan was by no means a stranger to this section before coming here as he was formely a traveling man for a Denver house and had many occasions to visit this country. It was while on one of these trips that he first became impressed with this section and immediately upon his return to his Denver home he decided to come back to this section and engage in business. After looking the country over he became more than ever convinced that Capitan was the most promising town anywhere in these parts and when he had once decided was not slow to act. Capitan is indeed fortunate is securing Mr. Bryan as one of its business men.

The movement that was set on foot some time ago to erect a hotel at this place by organizing a local stock company is about to be pushed to a successful termination. The plans for a building to cost not less than $5,000 are now being drawn and there is little doubt but that work on the building will be started soon. The movement has met with better success than was even thought of when it was first proposed to build a hotel for Capitan and it has all been brought about by local enterprise. The erection of such a building will result in greater and more lasting good to the town than almost anything that could have happened for the place. Beside the added appearance of stability and thrift it will give to the town, it will also be the means through which many will be attracted to this section for health and pleasure as well as to take advantage of the many opportunities afforded by this section for the profitable investment of capital. The experience of the past has proven that such a hotel can at all times be kept filled with those who are seeking to regain lost health as in times past many have been deterred from coming here from no other cause than the lack of accommodations the town had to offer in the way of hotel facilities. Much credit is due Mr. H. W. Galbraith for his untiring efforts in bringing this public enterprise to so successful a termination as it was through his energy and public spiritedness that the movement has so thoroughly succeeded.
