Probate Clerk

WHITE OAKS EAGLE.

VOLUME IX.—NO. 12. WHITE OAKS, LINCOLN CO., NEW MEXICO, THURSDAY, MARCH 22, 1900. ONE DOLLAR AND FIFTY CTS. A YEAR.

CENSUS OF IRRIGATION.

WASHINGTON, D. C., March.

The prompt and careful responses to the recent request by the Director of the Census, for information relating to canals and ditches, indicate that the importance and value of a complete and accurate Census of Irrigation are appreciated by those engaged in this branch of agriculture.

Director Merriam is very well pleased with the great interest evinced in the work of collecting data, and is confident that with the continued assistance of the irrigators and the press, the present investigation will be a success.

The returns from the preliminary inquiries furnish evidence of the material progress made in arid America and give promise of an advance in the twentieth century, exceeding the wonderful development of the Mississippi Valley during the past decade. The boundary line, which so long has divided the arid and humid regions, will no longer stay the onward march of agriculture. To day it is realized that just beyond that line lies an empire greater and far more resourceful than any yet conquered. With the narrowing of the unoccupied limits of Government lands in the humid zones the question of reclaiming the arid and subhumid regions grows in importance, and is to day claiming the attention of the wisest minds of the nation.

Many of the preliminary schedules sent out in December and January have been received and are already tabulated. The mailing of the principal schedules is being pushed as rapidly as possible.

The questions in this schedule are numerous and important. Director Merriam requests that they be carefully answered, as upon these answers and accurate and perfect Census of Irrigation largely depends.

The scope of the present inquiry is broad. Its purpose is to determine the present conditions and results of irrigation, and to tabulate the same in such a manner that they may be fully comprehended by every one. Such a work, successfully conducted, will result in bringing about a more complete realization of the fact that the development of irrigation is affecting the prosperity of our nation as well as the prosperity and stability of many Western States.

A DOG TRUST.

The following from an exchange shows the organization of a prairie dog trust in Texas, as well as a patented way of capturing the animals. Texas farmers have been trying every scheme imaginable to get rid of the prairie dog curse in that state for a good many years, and doubtless while they are opposed to trusts as a principle, they will hail the coming or this one with delight as it promises not only to rid them of the nuisance, but to pay them for the privilege. The following will explain the origin of the trust, and the conditions which made the Texas prairie dog a commercial animal:

"Daniel Culp of Texas, who is a cousin of the late esteemed Mr. Potter of Texas, set out to catch prairie dogs in a wholesale manner and ship them East to be sold at $1 each as pets, all charges of transportation and maintenance to be paid by the buyer. Already orders have piled up on Daniel Culp until he has been obliged to hire an assistant simply for the purpose of informing most of those who write and enclose postage that the demand is greater than the supply.

Another man started in the business near Hartley, but Culp proceeded to form a company and bought his competitor off. Thus he has formed a prairie dog trust and has applied for a patent on his way of catching these animals. This method is very simple and consits in placing an upturned barrel over the holes of the prairie dogs and then pouring sand into their homes. They rush out to prevent being entombed and all Daniel Culp then does is to pick them up from within the barrel prison and tie their legs. More than 10,000 have already been shipped East and the market is steadily growing."

REPORT THAT THEY ARE COMING.

Surveyors of the Pecos Valley Extension Said To Be On Their Way Here.

It is authoritatively stated that the surveying corps of the Pecos system which is to complete the final survey for the extension to El Paso, is on the way now to this city, and that final and permanent arrangments have been made for the extension.

There was some talk of combination, it is reported, between the White Oaks and the Pecos road, but this was given as wholly impracticable, and the Pecos road will come into El Paso direct, with no other connection.—El Paso Herald.

MR. BRYAN COMING

Mayor Marron has received word that the Hon. William Jennings Bryan will arrive in Albuqerque on the night of April 13th, and will spend the day following here. In the evening he will speak on the issues of the day. From Albuquerque Mr. Bryan will go to El Paso and thence to San Antonio.—Albuquerque "Journal Democrat."

TEXAS CATTLEMEN MEET.

The twenty-fourth annual cattle Raiser's Convention of Texas is in session at Ft. Worth, Texas. This organization of the cattlemen of Texas has been the chief factor in the great improvement in Texas cattle so noticeable in the past 10 or 15 years, say some of the big cattle owners of the state in attendance at the Ft. Worth convention.

The cattle of Texas number something over 5,000,000 head, having gradually been reduced from 8,000,000. These 5,000,000, cattle represent more money than the original 8,000,000, owned by Texas cattlemen 10or15 years ago. As the free open ranges decrease so do the cattle in numbers, but better blood is being inducted, and more attention given to quality.

How to Save Doctor Bills.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MEARKLE, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by M. G. Paden.

England is not looking for an Arbiter. The boer is the object of Victorias soldiers' search. They will find they are a noble game too, when they have penetrated a little farther into the Transvaal Republic.

DR. BRYAN DANGEROULY SICK.

Dr. Bryan, of Alamogordo, is dangerously ill at Hotel Dieu, at El Paso, says the daily News, of the 14.

What to Do Until the Doctor Arrives.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The drug gist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by M. G. Paden Druggist.

NOTICE OF SUIT.

In the District Court of the Fifth Judicial District of the Territory of New Mexico, within and for the County of Lincoln.

Lowenthal & Meyers, a firm composed of Ferdinand Lowenthal and Ernest Meyers, Plaintiffs, vs. Alina O'Neil, Defendant. } No. 1180.

The said defendant, Alina O'Neil, is hereby notified that a suit has been commenced against her in the said District Court, within and for the County of Lincoln, Territory aforesaid, by said Lowenthal & Meyers, plaintiffs, to obtain judgment for the sum of Five Hundred Dollars, together with interest thereon from the 10th day of September, A. D. 1892, at the rate of twelve per cent., together with the further sum of ten per cent, upon the amount as attorney's fees, and costs to be added, on a certain promissory note dated March 10th, 1892, due six months after date, payable to the order of Lowenthal & Mayers, calling for Five Hundred Dollars with interest at 12 per cent per annum from maturity until paid, and with attorney's fees of ten per cent in addition to other costs, and signed by Alina O'Neil and John T. Eabanks; to have aidsum when so found due decreed to be a lien upon all that certain tract of land one half mile in width on each side of the Rio Bonito, and commencing at the West boundry line of the Fort Stanton Military Reservation, and for length extending west from the point on said Rio Bonito where said Reservation line crosses said river, up said Rio Bonito to the East line of a tract of land claimed by the Angus V. V. Cattle Co. (said tract being covered by mortgage given to secure said promissory notes) and in default of the said defendant, or any one for and on her behalf, to pay the said sum so found due, to have said property sold for the purpose of satisfying said judgment

That unless the said defendant enters her appearance in said cause on or before the 5th day of April, A. D. 1900, judgment will be rendered against her in said cause by default.

Plaintiffs' attorneys are Childers and Dobson of Albuquerque, New Mexico.

JOHN E. GRIFFITH,
Clerk of said District Court

THURSDAY, MARCH 22, 1900.

Official Paper of Lincoln County

DEMOCRATIC TERRITORIAL CONVENTION.

Headquarters, Democratic Territorial Convention.

Santa Fe, N. M., Mar. 17, 1900.

By direction of the Democratic Territorial Central Committee of New Mexico, a Democratic Territorial Delegate Convention is hereby called, to be held in the city of Albuquerque, New Mexico, on Friday, the 13th day of April, 1900, at ten o'clock a. m. on said day, for the purpose of selecting six delegates and six alternates to represent the Territory of New Mexico in the Democratic National Convention to be held on July 4th, 1900, at Kansas City, Missouri.

The following is the representation to which each county is entitled in said Democratic Territorial Convention:

Bernalillo	21	Lincoln	6	Sierra	5
Chaves	4	Mora	11	Socorro	11
Colfax	12	Otero	6	Taos	10
Dona Ana	10	Rio Arriba	11	Union	5
Eddy	3	San Juan	4	Valencia	1
Grant	12	San Miguel	22		
Guadalupe	4	Santa Fe	12		

All Democratic, conservative, reform citizens of New Mexico, irrespective of past political associations and differences, who can unite with us in the effort for pure, economical and constitutional government, and who favor the republic and oppose the empire, and who are opposed to the Republican policy of erecting a tariff wall against the territories and denying their products free access to the markets of the United States, are cordially invited to join us in sending delegates to said Convention.

CHAS. E. EASLEY,
Chairman.

A. B. RENEHAN,
Secretary.

White Oaks republicans had but little to say about delegates to the Socorro convention. The only way they could make their presence known was to move the adoption of the report of the committee, recommending the appointment of three delegates from the Lincoln precinct, and one, W. M. Chute, from, well you've got me somewhere, to Socorro. This is a case of take your medicine "fellers" if you don't come to time they will sit on you, and harmony you know, is the stuff that Lincoln county politicians are made of.

Some of our republican friends are getting a great deal of satisfaction out of the fact that Childers is now parading in republican uniform. That's nothing, so is Geo. Sena and Roro Emilio, two of our prominent Lincoln "countians."

DEMOCRATIC CONVENTION.

A Convention of the Democrats of Lincoln County is hereby called to meet at Nogal, New Mexico, on Monday, April 2nd, 1900 at 10 o'clock a. m. for the purpose of selecting six (6) delegates to the Territorial Convention, Albuquerque April 13, 1900, for the purpose of selecting six delegates and six alternates to the National Democratic Convention to be held at Kansas City, July 4, 1900

Basis of apportionment to the County Convention is one (1) delegate for every ten (10) votes cast for Hon. H. B. Fergusson for delegate to congress at the last general election and one (1) delegate for each fraction of ten (10) votes so cast amounting to five (5) or more.

Under this apportionment the County will be entitled to delegates to said convention as follows, to wit:

No. Precinct.	P. Office.	No Votes cast.	No. Delegates.
1	Lincoln	76	8
2	San Patricio	22	2
3	Las Palas	24	2
4	Picacho	34	3
5	Ruidoso	6	1
6	Richardson	23	2
7	Jicarilla	16	2
8	White Oaks	119	12
9	Gray	19	2
10	Ruidoso	37	4
11	Nogal	50	5
12	Bonito	56	6
	Total		49

It is suggested that the committeemen of the various precincts call primaries for their respective districts, not later than Saturday March 31st, 1900.

A. RIDGEWAY,
Chairman.
Dem. Cen. Com., Lincoln County.

It is interesting to notice how quickly republicans whip into line when there is a change of policy in the administration. Soon after McKinley's message came out not a republican could be found anywhere who did not agree with the language of the document and anything but free trade with Puerto Rico was even too preposterous to consider for a minute. Now that some of the powers that be, have consulted the capital invested in the sugar industry of this country, it is thought to be absolutely necessary in order to protect this infantile enterprise to put a heavy tariff on Puerto Rican importations, and as soon as Mr. McKinley's opinion was made known in the matter the party whip was brought to bear by the leaders and the republican ranks have fallen into line with the same, or a little less degree of consideration or justification as prompts the rest of the herd to follow the belled wether when that animal decides to swim or jump which ever the case may be. This doctrine, should the congress see it, as the administration seems to view it, when it becomes a law will be a dangerous precedent, and will add a hundred fold to the burdensome white elephant already weighing heavily on the administration. Notwithstanding the strong hold the war with Spain gave McKinley on the suffrage of the American people, this Puerto Rican blunder, with the Philippine problem, will so increase Bryan's power that McKinley's chances for reelection will be extremely hazardous. It is a mistake to reckon that the majority of Americans are un-American, or that they will accept a governmental policy which not only presages a total annihilation to well known clauses of the constitution, but establishes a powerful precedent for a future disregard of the entire document. The dethroning of kings is a matter of historical reoccurrence, but the uncrowning of the federal constitution of this government can not be accomplished with the degree of paucity required to quash the Monroe Doctrine, or to extract from the country's taxpayers tremendous revenues to wage a war of doubtful sincerity in another hemisphere.

Quarterly Dividend of Twenty-three Millions.

On March 15, the Standard Oil Co., declared a dividend amounting to $23,000,000. It was the regular quarterly dividend of 3 per cent with 17 per cent additional.

The British have flatly refused to accept the friendly offices of the United States for mediation in South Africa.

Childers should be rewarded for his change of heart, by retention in an official federal position.

Mr. Sheldon's Experiment

As Editor of the Topeka Capital for one Week.

[Extracts from the sermon of Jno. A. Hollars, Pastor Congregational Church, last Sunday Morning.]

The past week has witnessed quite a sensation in newspaper circles. Rev. Sheldon pastor of a little Congregational church in Topeka, Kansas, has been editing the Topeka Capital for one week. Mr. Sheldon is author of several books, but the one which made the greatest strike is the one entitled "In His Steps." In this book he advocates carrying on all business on christian principles. "In His Steps" has had a marvelous sale—over 6,000,000 copies having already been disposed of.

Last December the managers of the Topeka Capital, made Mr. Sheldon a proposition to give him absolute control of the Capital to run for one week. The gentleman accepted the proposition and began his editorial and managing week, one week ago last Tuesday. Subscriptions for the paper poured in from every quarter of the globe. It is said that in one day 20,000 subscriptions came from London done.

Mr. Sheldon's idea of a newspaper is to print such news as is suited to the welfare of the readers. All prize fights, theaters and such like are left out. There was a tremendous demand for advertising space. In one day Mr. Sheldon discarded several thousand dollars worth of advertising. A close inspection of the paper shows that every line of the news columns, contain nothing but news of a pure and non sensational character. Of course, a great many people have been disappointed in the character of the paper. They expected something tremendously sensational. Some of the editorials by Mr Sheldon, are excellent, and they show that he possesses great ability as a writer and thinker, on social and religious subjects.

A weeks trial is not enough to show whether or not a christian daily, would be a success—but it does show that the christian denominations are closer together today, than they have ever been before, and that the time is speedily coming when christian men will take a more active part in civil affairs.

PRECINCT NO. 8 PRIMARY.

A Democratic primary will be held at the W. O. EAGLE office, on Saturday March 31st, at 7 o'clock p. m. for the purpose of selecting 12 delegate to the Dem County Convention to be held at Nogal April 2nd 1900.

A. RIDGEWAY,
Committeeman,
Precinct No. 8.

The Sheldon edition of the Topeka Capital reached a circulation of nearly 400,000.

The Boers threaten to destroy Johannesburg as a last resort in the defense of Pretoria.

NOTICE.

SPECIAL MASTER'S SALE.

In the District Court, of the Fifth Judicial District of the Territory of New Mexico, sitting within and for the County of Lincoln.

James Hooper, and others, Plaintiffs vs. The Vanderbilt Gold Mining Company, and Archibald Clark Foot, Defendants.	Civil Action No. 116 To enforce the several Liens of the Plaintiffs, upon the American Mining Claim.

Whereas by the decree of the said District Court in above cause bearing date the 19th day of October A. D. 1899, the said plaintiff James H. Hooper procured judgment for the sum of $637.65; and the said plaintiff Francis O. Anderson procured judgment for the sum of $258.24, and the said plaintiff James Cavan procured judgment for the sum of $166.63; and the said plaintiff L. Richard Hust procured judgment for the sum of $141.90; and the said plaintiff Arthur Willoughby procured judgment for the sum of $181.50; and the said plaintiff Amos L. Gaylord procured judgment for the sum of $143.15; and the said plaintiff John Moore procured judgment for the sum of $774.99; and the said plaintiff Henry Peterson procured judgment for the sum of $219.70; and the said plaintiff William F. Paul procured judgment for the sum of $196.62; Which said several sums were so found against the said defendant, The Vanderbilt Gold Mining Company for work and labor performed in and upon the American Lode Mining Claim, in the Nogal Mining District, in the said County of Lincoln, and were each and every of them decreed to be valid and subsisting Liens upon the said Lode Mining Claim; and Whereas it was also adjudged and decreed by the said court that the said claims of the said plaintiffs are prior and superior to the claim of the defendant Archibald Clark Foot, under a certain Mortgage executed by the said defendant The Vanderbilt Gold Mining Company to the said Foot, conveying the said American Lode Mining Claim; and whereas the said sums so adjudged and decreed to the said several plaintiffs, together with the costs of the said suit, taxed at $31.85 have not been paid nor any or either of them or any part thereof;

Now therefore, by virtue of the authority vested in me as Special Master named and appointed in said Decree; and in pursuance of the same I, Robert E. Lund, will on Saturday the thirty first day of March next, A. D. 1900 at the hour of 12 o'clock Noon of said day, at the main or working shaft of the said American Lode Mining Claim offer for sale by public auction and will then and there sell to the highest bidder for instant cash, the said American Lode Mining Claim, and all the hereditaments and appurtenances thereto belonging; or such part or parts thereof, as may be found necessary to satisfy the said several Liens and the judgments therefor, the said costs of suit, the interest upon said claims from the date of said Decree until paid at 6 per cent per annum, the fee to be decreed by the court to the Plaintiffs' Attorney for his services therein, and the fee of said Special Master and all other costs and expenses attending this sale

Witness my hand this 24th. day of February A. D. 1900.

ROBERT E. LUND,
Special Master.

JOHN Y. HEWITT, White Oaks, N. Mex., Attorney for Plaintiffs. 5t—9

OF LOCAL INTEREST.

A. C. Bragg was in the burg for ranch supplies from Texas Park last Saturday.

A. C. Storms and P. G. Peters were in from Angus the first of the week.

John Poston, of the Carrizozo Ranch spent two or three days in town last week,

Jerry Hockradle and Cyrus Moore, citizens of Nogal, were here on business Monday.

Jones Taliaferro is working a force of six men on his copper mine in the Gallinas.

J. M. Patten and Miss Margie McCourt were in the city from the Carrizozo ranch Thursday.

Mrs. M. M. Rudisille has returned from an extended visit among relatives in the eastern states.

S. I. Bean, who represents New York capital in the Jicarillas came in on Monday evening's train.

Geo. Thomkins and Joshua Richardson came in from Jicarilla Saturday for miner's supplies.

John A. Haley returned Monday from Roswell, where he attended District court as a witness in the Coe case.

Mrs. Dr. Paden and sister, Miss Williams, spent a day or two at the I—X ranch, guests of Mrs. Ellis.

Mrs. P. M. Wheeler, of Denver, Colorado, a member of the Viavi fraternity, has been lecturing here for a few days.

H. Lutz, Treasurer & Collector, passed through Monday in route home from the republican convention at Socorro.

J. H. Leighnor, who has been carpentering at Capitan some time was at home last week on a furlough to recuperate health.

Rev. Frank H. Allen will occupy the pulpit of the Congregational church next Sunday morning and evening the public cordially invited to hear him.

FRUIT OF HIS FOLLY.

Secure your seats early and avoid the rush. Twenty-five and thirty-five cents.

Roy Jacobs had a leg broken in two different places, by a wagon running over him a few days ago. The accident occurred near his father's Capitan ranch.

R. C. Stewart, is here looking for business for Browne & Manzanares Co. of El Paso. Mr. Stewart finds a little more of it every trip.

A. P. Green, who has been the successful foreman of the Old Abe Mine for three years has resigned the position. John M. Keith has been selected foreman.

An equinoctial gale struck us yesterday morning and no doubt will put the spring poet behind many paragraphs in his song of sunshine, birds, bees and flowers.

THE FRUIT OF HIS FOLLY

A young New Yorker wagers his wife's fortune on a horse race, and apparently loses. Various misunderstandings ensue, which result in the separation of the young couple. They are not reunited until after many pathetic and dramatic scenes have been enacted. This is an exceedingly popular play with a good moral.

The above society drama will be produced by the White Oaks Dramatic Club, March 30th., 1900, at 8 p. m., in Bonnell's Hall. Seats on sale at Taliaferro's store.

MURDER IN JICARRILLA.

John Piehler, the Jicarilla Merchant, Murdered and Robbed at his Store Monday Night.

Tuesday evening last, a number of Mexicans placering in the Jicarillas after their days work was finished went to John Pieler's store for supplies. They reached the place and found the door locked and flour piled up in the only window in the building so that nothing inside the walls was visible. At this stage of the search for Mr. Piehler, William Frost, who lives near the store came after some articles of merchandise. When informed of the situation Frost renewed investigations, and at once said that something must be worng as flour would not have been piled up in the window by the merchant.

A number of citizens were called together by Mr. Fros and the door forced open, when the whole situation was explained by the sight before them. Piehler was lying on the floor with a bullet hole in his brain, and his money and placer gold whatever amount of each on hand, with a quantity of merchandise were gone. There were evidences of a struggle with the murderers: a sack of corn was torn open and the contents scattered over the floor with other articles in profusion. A rope evidently used as a lariat by some of the parties to the murder, was found in the road near the store and horse tracks leading off toward the Manzano Mountains besides these circumstances there is no other clue to the identity of the murderers.

Little is known of Piehler's past life or relations in this locality. He came here three year ago as a prospector and has made his home most of that time in the Jicarillas, the last eighteen months of which he has been merchandising and dealing in placer gold brought him by Mexican placerers of the district. He is supposed by those acquainted with him to have accumutated several hundred dollars in addition to a small amount brought to the Jicarillas with him, and the man who put the bullet hole in his brain evidently knew something about his business and that he had money in the house.

Officers are on trail of the murderers and it is hoped that the greatest effort possible will be put forth to bring the red handed devils to justice. In case of capture and proof that the right men are in custody, a little hemp would be a certain and economical way of disposing of the case, and move effective means of putting a stop to this manner of livelyhood practiced so extensively in Lincoln County during the last year and a half. The inforcement of law and order in the regular way is much more preferable than hemp, but when a number of these red handed cut throats are running at large, and midnight murder to which some of our best citizens have already fallen victims is of repeated reoccurrence, it is time, if well regulated means can not bring the criminals to justice, to look for something more effective. A New Mexican penitentiary has no terrors for this class of criminals, hanging by a county sheriff is not even considered probable; fear of punishment for crime is a matter of minor consideration. What is the result in this locality? A sick man is robbed and a widow is beaten out of a $50.00 board bill, and the offender is yet at large: another only a few months ago Francisco Romero, an old man who lived below Lincoln was murdered for his money; and Monday night John Piehler was murdered for his money in his store at Jicarilla. All of these criminals have been sucessful in evading arrest or have escaped from officers after being taken into custoday. Many of our best citizens are becoming tired of this unchecked career of banditti right at their doors, and while hemp has been spared so far, should the assassins who murdered John Piehler, be taken, they will be lucky if they miss the rope.

Money is being raised here to day by subscription to put detectives to work on this case, and while the deceased had property probably sufficient to have done this, the people here feel that they want to render some assistance in bringing these murderous heather to justice.

Later—just before going to press the EAGLE has learned that Piehler was shot in the right breast as will be noticed in in the verdict of the coroners' jury. Friends of Piehler will bring the body here to-day for burial in the White Oaks cemetery.

VERDICT OF CORONER'S JURY.

Territory of New Mexico
County of Lincoln } s.s.

We the undersigned justice of the Peace and jury who sat upon the inquest held this 21st day of March A. D. 1900 on, the body of John Piehler found in Precinct No. 13 of the County of Lincoln and Territory of New Mexico find that the deceased came to his death by reason of gunshot wound in right breast delivered by some party or parties unknown.

TOOLS FOR FORT STANTON.

The comptroller of the currency, in a decision rendered to day, says that farming tools for the marine hospital at Fort Stanton, N. M., can be purchased out of the money appropriated for the maintenance of that institution. The decision was rendered at the request of the secretary of the treasury. The comptroller says that there are 10,240 acres of land in the reservation, and its cultivation affords employment for the inmates of the hospital, who are under treatment for tuberculosis. He holds that the outside employment is beneficial to the inmates, and as a result any tools they may need should be paid for out of the marine hospital service fund.—New Mexican.

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich. tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work" This supreme remedy for female disease quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spell. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by M. G. Paden Druggist.

Mrs. Jane Gallacher has purchased the Spence sheep ranch at Mesa del Gallo and her sons, Harry and John, will go there and stock it with sheep. Harry and John Gallacher are two of our most energetic young men, and will doubtless be successful in life in whatever undertaking they choose. The sheep business which the boys seem anxious to undertake is one of the most profitable industries available in New Mexico for a limited capital, and a better location for this business could not have been selected anywhere in New Mexico.

Joseph Goens and family left Thursday for their new home in the Indian Territory. Joe is a Cherokee, and has fallen heir to a rich landed estate in the Territory. Several White Oaks people are interested to the extent of a good many dollars in his future prosperity. I promise to pay is all there is in sight at present.

Coke Keith and wife are elated over the arrival of an addition to the family. The youngster is a fine boy which first saluted his father with a vigorous yell last Monday morning.

Col. G. W. Stoneroad and William Frost, old citizens of the Jicarilla mining district were in fiere Tuesday night after officers to trail the murders of John Piehler,, the Jicarilla merchant.

Trustee's Notice.

Notice is hereby given that the undersigned has been appointed Trustee of the Estate of Thos. G. Boone, bankrupt, and that all debts and accounts due said Boom are payable to me as such Trustee.

THOS. W. HENLEY,
Trustee.

At the Baptist Church.

Rev. R. P. Pope, of Alamogordo will preach at the Baptist church Saturday night, Sunday and Sunday night.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

TELEPHONE MEETING.

The Incorporators Meet and Organize.

The subscribers to the proposed telephone line met at the office of John Y. Hewitt Tuesday evening 13th inst.

Mr. Jno. A Brown was elected chairman and J. H. Canning secretary of the meeting.

A committee consisting of Messrs Hewitt Lund and Canning were appointed to draft articles of incorporation of the proposed company, designate a suitable name for the corporation, and get matters in shape generally. It was decided to capitalize the company at $10,000 to be divided into 1000 shares of $10.00 each.

A committee consisting of Messrs Jno. A. Brown Geo. L. Ulrick and A. P. Green, were appointed to get estimates of the cost of proposed telephone line the most desirable route through the canyon, and make a detailed report on all matters bearing on cost of construction equipment etc.

The following gentlemen were elected to serve as directors for the first three months:

Messrs John Y. Hewitt, Paul Mayer, Jones Taliaferro, Geo. L. Ulrick, and R. E. Lund. The matter will be taken up in earnest and it will be a question of a very short time before White Oaks will be connected with the rest of the world by telephone service. The company will be incorporated, not only to operate telephone lines, but to build and equip electrical plants, motor power, &c.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and $1.00. Every bottle guaranteed. Trial bottles free at M. G. Paden's Drug Store.

FRUIT OF HIS FOLLY.

The above entitled drama will be rendered by the White Oaks Dramatic club, Friday, March 30th., 1900. Do not miss this. It will be worth twice the price of admission.

ANNUAL ENCAMPMENT.

The G. A. R. Gathering to be Held in Santa Fe in April.

Headquarters Department of New Mexico, Grand Army of the Republic, Santa Fe, N. M., March 8, 1900. (Generals Orders No. 3. —First. The seventeenth annual encampment of this department will be held at the city of Santa Fe, N. M, on Wednesday and Thursday, April 11 and 12, 1900, at the post hall of Carleton Post No 3. Department headquarters will be established at the offices of the department commander, on the northeast corner of Washington and palace avenues, where the council of administration will meet at 10 o'clock a. m., April 11, for the transaction of such business as may properly come before it. At 2 o'clock p. m. on the same day the encampment will convene.

Second. The commander of Carleton post will detail one comrade for officer of the day, one for officer of the guard, and two for general duty; all of whom will report to the assistant adjutant general at headquarters at 10 o'clock a. m., April 11, 1900, and said post has fraternally agreed to and will make all necessary and suitable arrangements for the encampment, and for a camp fire on the evening of April 12, and for the reception of visiting comrades and friends.

Third. All department officers and those on the staff of the department commander will prepare full reports of their proceedings during the year, and submit the same to the department commander at as early a day as possible before the meeting of the council of administration.

Fourth. Application has been made to the railroads for reduced fare for those attending the encampment, and due notice of such reduction will be given in ample time.

By command of
GEO. W. KNAEBEL,
Department Commander.
Official: WM. M. BERGER, Assistant Adjutant General.

NEWSPAPER AT CAPITAN.

One to be Started at the Coal Fields by J. H. Lightfoot.

J. H Lightfoot, formerly proprietor and editor of the Alamogordo News, yesterday ordered a complete newspaper outfit from Chicago to be used in the publication of a weekly newspaper at Capitan, N. M., the town established recently at the Capitan coal fields.

Mr. Lightfoot is the pioneer newspaper man of the Sacramento country and has done a great deal of hard work in the line of making known the resources of the Sacramento region before and since the advent of the El Paso & Northeastern railway.

Mr. Lightfoot has not yet decided upon the name of the new publication.—El Paso Times.

CALIFORNIA ORANGE CROP.

Five Thousand Carloads Passed Through El Paso.

For several months past the Southern Pacific and Texas & Pacific have had their freight carrying capacity taxed to handle the California orange crop in connection with the regular trafic over the two roads.

Since the roads began moving the California crop 5,000 carloads of oranges have passed through El Paso. They were brought to this point by the S. P. and taken from here to the eastern points by the T. & P.

But the crop has about all been moved and the cleaning up comes through in one or two cars at a time.—El Paso Times.

The above are certainley gigantic figures for an orange crop. Five thousand carload would be an average of a little over 416 carloads a day for one year.

It is claimed that the Philippine war is again about over. This is that same war that was to last only 30 days in the beginning.

THE GREAT PRESIDENTIAL CAMPAIGN OF 1900.

The wars of America have, heretofore, settled affairs of state. Great questions of policy, of national motives and national conclusions have been answered as soon as the battle smoke cleared away, and the victor realized his victory. The war with Spain is unlike its predecessors It has not answered questions, but has created problems which may not be solved lightly. These problems are being formulated by the political parties, and before they can be definitely settled at the ballot box it is necessary that the people be informed in regard to the situation. The result of the campaign of 1900 will make a broad mark upon the page of history; it will doubtless establish the policy of the great Republic of America for a quarter of a century. It is vastly important, therefore, that every citizen shall study the situation through that best of mediums, a great news paper. The Semi-Weekly Republic which affords a comprehensive view of political situation in all its bearings. It publishes the new news. The Semi Weekly Rebublic is a Democratic paper, but it offers to its readers the news regarding all the political parties, and this without prejudice. It is a fair newspaper. Its telegraph and cable news service has been proved to be the very best employed by a modern paper. Its special features are unsurpassed. It is the newspaper for the reader who has not access to a daily paper.

News features, art, and literature combine to make The Republic's Sunday Magazine a specially attractive weekly magazine. The half-tone illustrations printed in this magazine surpass anything ever attempted by a newspaper. These products of photography are worth the price of the paper. Special articles by trained writers on the news and the subjects engaging the public attention are prepared for The Republic's Sunday Magazine. A distinctly useful and attractive feature of this magazine is the fashion department. Always reliable and up with the times, the ladies find the fashion page a delight. Indeed, The Republic's Sunday Magazine appeals to every member of the family.

The subscription price of the Semi-Weekly Republic is $1.00 per year. The Republic Sunday Magazine $1 25 per year. Both papers are now being offered at the very low price of $1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.

Address all orders to THE REPUBLIC, St. Louis, Mo.

Old papers 25 cents a hundred at this office.

WHEELER HOME AGAIN.

General Joseph Wheeler has returned from the Philippine war. He has sheathed the sword and will no longer do battle against our friends, the enemy, in the Philippines. He will now take up his other calling and represent the dear people of his district in the House of representatives. An individual who is really a success both as a warior and a politician is truly a great man, so our Joseph is our wheeler our Wheel horse.

SHERIFF'S SALE.

Public notice is hereby given that, under and by virtue of a Venditioni Exponas heretofore issued out of the District Court of the Fourth Judicial District of the Territory of New Mexico, sitting within and for the County of San Miguel, in a certain cause in said Court then pendi. g, said cause being No. 5174, wherein The San Miguel National Bank of Las Vegas was plaintiff and William H. Weed was defendant, whereby I am commanded to sell the property hereinaf er mentioned and described, to satisfy a judgment rendered by said Court in favor of said plaintiff and against said defendant, William H. Weed, on December 7, 1899, for the sum of Ten Thousand and ninety-eight ($10,098.) dollars, with interest thereon at twelve per cent per annum from August 20th., 1899 to date of sale, and all costs of suit and expenses of execution and sale. I will, at 10 o'clock, a. m., on the 31st, day, of March, A. D., 1900, in front of the Post office in the town of White Oaks, Lincoln County, New Mexico, offer for sale and sell for cash to the highest and best bidder, all the following described goods, chattels, credits, lands and tenements, or a fficient thereof to make and realize the amount of said judgment, costs and expenses, as aforesaid; said goods, chattels, credits, lands and tenements being the same which were heretofore by me attached by virtue of a certain writ of attachment duly issued out of said Court, in said cause, and being better described as follows; to wit:

Goods, Chattels and Credits.

NO TROUBLE TO ANSWER QUESTIONS.

TWO FOR ONE.

Here is an offer that should be accepted by every reader of the EAGLE. For $2.00 we will send the INTERNATIONAL INDUSTRIAL RECORD, of El Paso, Texas, and the EAGLE, 12 months. This offer is open to all new subscribers and all old ones who renew. To those who have recently paid dues to the EAGLE, the RECORD will be sent on receipt of $1.00. This is a saving of $1.50 by taking the two papers together. The RECORD is a 16 page paper, full of industrial matter, especially of mining and live stock news. All interested in either of these industries should take advantage of this liberal offer, which stands good for six months. March 8, 1900.

EDITOR'S AWFUL PLIGHT.

F. M. Higgins, Editor Seneca, (Ills.,) News, was afflicted for years with Piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by M. G. Paden druggist.

OF LOCAL INTEREST.

Mails late again yesterday.

Pete Thompson spent last week at Capitan.

Born to Mr. and Mrs. Chas. White last week, a boy.

Jas. Reed had his hand badly mashed at the Old Abe last week

White Oaks merchants are laying tremendous stocks of Spring goods.

Rev. Goodson, Preached at the Methodist church Sunday and Sunday night.

No clue whatever has been discovered to lead to the identity of the murders of John Piehler.

Timoteo Analla and Severo Gallegos were here on business from the county seat Monday.

Next Sunday morning the pastor of the Congregational church will speak on "True Disciples."

William Lane is sinking a well for W. C. McDonald on the Carrizozo ranges, near the Mal Pais.

Miss Una Wagoner has returned from school in California. She is a niece of Mrs. T. L. Adams.

Chas. Smith received a slight wound by rock falling on his foot in the Old Abe mine Monday night.

LOST:—Gold casket with 5 small diamonds, finder will be suitably rewarded by bringing same at this office.

Rev. Corbin, who is Presiding Elder for the Mexican churches of New Mexico and Arizona was here last week.

John Gallacher is out looking after the ranch his mother recently purchased from Spence Bros. in Mesa del Gallo.

Petitions are still going the rounds to raise money to employ a detective to locate the murderers of John Pichler.

Why do you not visit the public school? You have no idea of the character of work being done unless you have seen it.

S. C. Wiener returned from the eastern markets last Saturday where he has been to lay in a stock of Spring Merchandise.

The Old Abe Mine has had several accidents during the last 60 days, none of them very serious or expensive, the loss of time being the greatest factor of expense.

Rev. R. P. Pope, of Alamogordo, spent Saturday and Sunday here. He delivered three sermons to the Baptist congregation while here, and returned to Alamogordo Monday morning.

W. Q. Fawcett and wife went to Capitan last Saturday, where Mr. F. will be engaged at carpenter work during the next 30 days.

T. C. Jacobs was in the city Monday from his Capitan ranch. Mr. Jacobs gave us enough of his time to subscribe for the EAGLE.

Ed Homan was in town from the Oscura copper district last week. He is taking out some good ore and will with a little more development have a good prospect.

J. P. C. Langston and De Roseer are diligently going down on their copper claim on the northeast side of Lone Mountain. They have shown up some excellent ore.

A. N. Price has purchased the Milne estate here and is overhauling the residence property near the Congregational church where he will reside when improvements are completed.

NO MAIL SUNDAY.

White Oaks had no mail in nor out of the city from any direction until about 5 o'clock in the after noon. The Mal Pais being as high as ever known in the history of the oldest inhabitants is presumably the cause of the delay of the eastern mail, which comes from San Antonio. Dick Cavanaugh was driver from this place to Mountain station for several years on this San Antonio stage route, and he can't remember of the stream ever being so high as it must have been last Sunday, causing 10 or 12 hours delay to drivers. The stream is very obstinate at best and if one does not strike the exact crossing it is impossible to ford it at any time. There are no more six mule teams with Madam Fore Paw at the wheel on the line now, as when Dick was in the country's service either. But on the other hand the Mal Pais did not cause such trouble in those days. The town of White Oaks must either go to the expense of bridging the stream or get a change of service over the E. P. & N. E. Which shall it be?

The EAGLE has not yet learned what caused the delay from Lincoln, but evidently the melting of snow has begun in the White Mountains causing unusual high waters on the Bonito and other small streams on the route.

AT BONNEL HALL TOMORROW NIGHT.

The White Oaks Dramatic Club will make its 1900 debut at Bonnell Hall to-morrow night in the role of a Drama in five acts, intitled "The Fruit of His Folly." This is an excellent play, and it is needless to say that the usual crowded house will see it that always attended the entertainments given by this home club. The series of plays rendered by the club last year were highly entertaining, and was splendidly patronized by all in reach.

Considerable time has been given this drama, and every body will miss a good time that does not see it. Tomorrow night at Bonnell Hall. Tickets on sale at Taliaferro's store.

FINED $25.00 AND COSTS.

Dr. M. G. Paden went to Nogal Monday, where as Game Warden he went to prosecute A. C. Storm for a violation of the fish law. The charge against Storm was the distruction of fish in Eagle Creek by allowing saw dust from his mill on that stream to deposit in the river. The case was heard before justice Geo. E. Sligh, and Dr. Paden conducted the prosecution. The defendant was fined $25.00 and costs of suit. Dr. Paden manifested a legal talent before the court that surprised every body, Storms not less than others. No mistake was made when Dr. Paden was selected Game Warden for this county.

Col. G. W. Prichard and wife and Jas. Parker came in on Monday evening's train. Col. Prichard and wife came in from Roswell where the Colonel attended the Chaves Co. District Court as attorney for the defense in the Coe case which was tried there on change of venue from this county. The Roswell papers gave Col. Prichard very high compliments for the able manner in which he conducted the defense, affirming that he made the greatest legal argument ever heard in a Chaves court. Jas. Parker had been visiting friends and relatives in St. Louis.

ANOTHER FOUR FOOT VEIN

OF COAL OPENED BY THE OLD ABE COMPANY.

About 100 yards east of the working shaft of the Old Abe Coal Mine, the company has just opened a new vein, 4 feet thick, and perfectly clean. The vein is of the same excellent quality as the opening where they are now taking out coal, and is about 60 feet below it. There are three other croppings on the company's property which will be opened in the next few days. One below the latest discovery and another above the original opening or present working shaft. F. I. Marsh who is superintendent of the work at the coal mine has had the theory of the formation figured out for some time, but has had no time to prospect for other veins until within the last few days. He says there are three and possibly four veins one lying under the other on this property. Two of them are now opened and thus far he has proven himself absolutely correct.

Work began yesterday afternoon on a third opening and everything seems favorable for this one to be equally as good as the other two. When this work is finished the men will be put to work on a cropping about 60 feet above the original shaft where the company expects to cut the same vein of coal on which the opening was made at the Parker Mine. The indications are that this opening will show a harder coal than any previous discoveries on the property—in fact should it prove to be a continuation of the vein from the Parker mine it will be a semi-anthracite coal with possibly slight decrease in steam power but an excellent coal for domestic uses.

At any rate, no matter what other openings may be made the Old Abe Co. has 8 feet of as good coal as can be found in the west, and the best blacksmithing coal west of the Mississippi river. The property is a fortune to the owners and will always, no matter how many rail roads come into this district, supply White Oaks with cheaper coal than can be shipped here from anywhere else. It is now one half cheaper for fuel than wood, and as a steam and blacksmith coal it is in great demand.

W. J. Thompson came in Tuesday from the plains where he has just furnished boring a well for Major Fewell, of El Paso. The well is located beyond the Mal Pais and between the upper and lower crossings. A great quantity of water was struck at 248 feet, and it has risen 52 feet since the well was finished.

Ed Orthofer came in yesterday from the Jicarillas with some very fine specimens of gold and quicksilver of which he has a well defined lead. He is down 25 feet and has a lead of what he calls coffee colored quartz one foot by three feet.

A generally correct idea of a town may be readily determined by the character of its schools and churches. White Oaks has excellent public schools, and four or five churches, all of which have large memberships. A good town to live in is White Oaks.

J. E. Wharton is putting out more young trees on his Patos ranch. He has quite an orchard already and should the humus in the soil not impede the growth of the varieties under cultivation the revenue from the yield will soon be quite an item of profit.

E H. Heineman's father in law, Mr. Saxe, and a brother in law and family, came in on yesterday's train. Mr. Saxe is interested with Mr. Heineman in mining properties here and will reside permanently at this place.

Home Without a Newspaper.

"What is home without a newspaper?" The Lordsburg Liberal answers: "It is a place where old hats are stuffed into broken windows; where the wife looks like a bag of wool with a string around the center; where the husband has a tobacco panorama painted on his shirt front, and the neglected children wipe their noses on their jacket sleeves."

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying Liquids into the nasal passages for *catarrhal troubles*, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The Liquid form embodies the medicinal properties of the solid preparation.

SOUTH HOMESTAKE RESUMES OPERATIONS.

The South Homestake Mine resumed operations last week under an option and lease held by Dolph, Robertson & Co. of Scranton, Pennsylvania. Payment has already been made on the option which will apply on the purchase price when the property sells.

Extensive preparations are being made to operate the property and the Co. buying is not making the purchase with a view of speculation, but for the purpose of working it for profit. Complicated litigation, the nature of which the EAGLE is not familiar, is understood to be the cause of the valuable property's lying idle since May 1895. These difficulties are presumably entirely removed now, and the property will in future be a regular producer.

D. N. Tinnon has full charge of the work, and is thoroughly acquaninted with the business, having for a number of years been considered one of the best practical miners in this locality. A number of men are already at work, and White Oaks people have great confidence in the future of this property under its present management.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Disease. Only 50c and $1.00. Trial bottles free at M. G. Paden's drug store.

A MONSTER DEVIL FISH.

Destroying its victim, is a type of Constipation. The power of this murderous malady if felt on organs an l nerves and muscles and brain. There's no health till it's overcome. But Dr. King's New Life Pills are a safe and certain cure. Best in the world for Stomach, Liver, Kidneys and Bowels. Only 25 cents at M. G. Paden's Drug Store.

FOR SALE.

Eggs for hatching from High Class Silver Laced Wyandottes, $1 50 per 13, $2.50 per 26: also one fine cockerel $5.00. Call and see my breeding pen.—Roy Gumm. tf.

WILL PROSPERITY CONTINUE?

The remarkable prosperity of the country during the year 1899 prompts the natural question as to how long we may reasonably count on a continuance of conditions that seem to be unusual and consequently transient.

So far as human experience and foresight have any value there is no prospect of any abatement of the current prosperity.

Our crops are the basis of our prosperity, and it is of course impossible to foretell what the year's harvest will be. It is, however, reasonable to urge that our area of cultivation is now so vast, our methods of cultivation and marketing so intelligently developed that any general failure is almost an impossibility.

But our crops are no longer the sole basis of our prosperity. Our mineral wealth is an element no less important than our agriculture and its future conditions can be even more safely predicted. In iron and steel and coal and the resultant industries the year's business is asserted by all expert authority to be already fully assured, as it is in the production of gold, silver, copper, lead and zinc.

Our position is strengthened by the fact that our former competitors, England and Germany, are unable to meet their demands for iorn and steel, and there is a shortage in the coal supply all over Europe. Our Consul General Mason at Berlin reports that in Silesia and Saxony many establishment are curtailing production and even shutting down as a result of the scarcity of coal, and that the Russian coal situation is critical. The only possible source of supply is this country.

All this means steady employment of labor at good wages, active commerce as the result of the disbursments of the workers, ample traffic for the railroads and the expansion of our industries to meet the growing demands on them. Even the traditional bugbear of the "Presidential year" entirely disappears in the bright prospect which is assured by every expert testimony or authority on the situation.—World.

An Editor Finds a Sure Cure for Rheumatism.

A. R. De Fluent, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale by M. G. Paden Druggist.

HANDY WITH THE RIFLE.

The White Oaks gun club has been indulging in a great deal of sport during the past week. The opening of the season took place last Friday. Five chickens were placed in a box with only the head showing at a distance of 100 yards Ten riflemen took chances The five chickens brought something like $2 00 each. Jas. Lee secured three of them and Al Curtis two. The price per shot was 10c, the marksmen, taking alternate shots.

Saturday following nine chickens were killed, one or two of the same rifle men who took part in the previous contest making repeated hits. Al Curtis killed five out of the nine chickens. The dividends of the parties furnishing the chickens was cut down to a small margin.

The next meeting of the club will be for the purpose of shooting for a beef however, dates have not been fixed, and some of the boys who hit wide of the mark will have an oppportunity for practice in the mean time.

IT SAVED HIS LEG.

P. A. Dandforth, of LaGrange, Ga., suffered intensely for six months with a frightful running, sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in ten days. For Ulcers, Wounds, Burns, Boils, Pain or Piles it's the best salve in the world. Cure guaranteed. Only 25c Sold by M. G. Paden, druggist.

THE GREAT PRESIDENTIAL CAMPAIGN OF 1900.

The wars of America have, heretofore, settled affairs of state. Great questions of policy, of national motives and national conclusions have been answered as soon as the battle smoke cleared away, and the victor realized his victory. The war with Spain is unlike its predecessors It has not answered questions, but has created problems which may not be solved lightly. These problems are being formulated by the political parties, and before they can be definitely settled at the ballot box it is necessary that the people be informed in regard to the situation. The result of the campaign of 1900 will make a broad mark upon the page of history; it will doubtless establish the policy of the great Republic of America for a quarter of a century. It is vastly important, therefore, that every citizen shall study the situation through that best of mediums, a great newspaper. The Semi-Weekly Republic which affords a comprehensive view of political situation in all its bearings. It publishes the new news. The Semi Weekly Rebublic is a Democratic paper, but it offers to its readers the news regarding all the political parties, and this without prejudice. It is a fair newspaper. Its telegraph and cable news service has been proved to be the very best employed by a modern paper. Its special features are unsurpassed. It is the newspaper for the reader who has not access to a daily paper.

News features, art, and literature combine to make The Republic's Sunday Magazine a specially attractive weekly magazine The half tone illustrations printed in this magazine surpass anything ever attempted by a newspaper. Those products of photography are worth the price of the paper. Special articles by trained writers on the news and the subjects engaging the public attention are prepared for The Republic's Sunday Magazine. A distinctly useful and attractive feature of this magazine is the fashion department. Always reliable and up with the times, the ladies find the fashion page a delight. Indeed, The Republic's Sunday Magazine appeals to every member of the family.

The subscription price of the Semi-Weekly Republic is $1.00 per year. The Republic Sunday Magazine $1 25 per year. Both papers are now being offered at the very low price of $1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.

Address all orders to THE REPUBLIC, St. Louis, Mo.

Old papers 25 cents a hundred at this office.

SHERIFF'S SALE.

Public notice is hereby given that, under and by virtue of a Venditioni Exponas heretofore issued out of the District Court of the Fourth Judicial District of the Territory of New Mexico, sitting within and for the County of San Miguel, in a certain cause in said Court then pending, said cause being No. 5174, wherein The San Miguel National Bank of Las Vegas was plaintiff and William H. Weed was defendant, whereby I am commanded to sell the property hereinafter mentioned and described, to satisfy a judgment rendered by said Court in favor of said plaintiff and against said defendant, William H. Weed, on December 7, 1899, for the sum of Ten Thousand and ninety-eight ($10,098.) dollars, with interest thereon at twelve per cent per annum from August 20th., 1899 to date of sale, and all costs of suit and expenses of execution and sale. I will, at 10 o'clock, a. m., on the 31st. day, of March, A. D., 1900, in front of the Post office in the town of White Oaks, Lincoln County, New Mexico, offer for sale and sell for cash to the highest and best bidder, all the following described goods, chattels, credits, lands and tenements, or sufficient thereof to make and realize the amount of said judgment, costs and expenses, as aforesaid; said goods, chattels, credits, lands and tenements being the same which were heretofore by me attached by virtue of a certain writ of attachment duly issued out of said Court, in said cause, and being better described as follows; to wit:

Goods, Chattels and Credits.
