NOT WELL FOUNDED.

The rumor of the D. & R. G. extension is not well founded but still there is hope. President Jeffreys says:

The rumors in regard to the extension of our line to the Cochiti are not very well founded. We, of course, take deep interest in the progress of all interests adjacent to our system of railway and from time to time cause investigations to be made as to the development that is going on and the outlook for the future, but we have not formulated any definite plans nor has the matter been brought to the attention of our board of directors.

MARYLAND FOR BRYAN.

Returns from the primaries of seventeen of the twenty-three counties of Maryland show that unless a change of front occurs before the date set for the state convention, that the delegates instructed for Bryan will control that body.

TWO FOR ONE.

Here is an offer that should be accepted by every reader of the EAGLE. For $2.00 we will send the INTERNATIONAL INDUSTRIAL RECORD, of El Paso, Texas, and the EAGLE, 12 months. This offer is open to all new subscribers and all old ones who renew. To those who have recently paid dues to the EAGLE, the RECORD will be sent on receipt of $1.00. This is a saving of $1.50 by taking the two papers together. The RECORD is a 16 page paper, full of industrial matter, especially of mining and live stock news. All interested in either of these industries should take advantage of this liberal offer, which stands good for six months. March 8, 1900.

Mr. W. S. Whedon, cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him and he is again at his work." For sale by M. G. Paden.

A LITERARY THEIF.

The EAGLE would like to serve notice on the Santa Fe New Mexican, that stealing an article from an exchange without any kind of credit, is an act that entitles the individual guilty to the name of literary theif.

Some time ago the New Mexican copied a column and a half article from the EAGLE, concerning the American Placer Co. going into the Jicarillas; quickly following came another concerning the Old Abe coal opening, both in toto verbatum. Last week the New Mexican copies every word of the EAGLE's article on the extension of the E. P. & N. E. to Liberal, Kansas; all these articles were used by the New Mexican as though its own reporter had picked them up and no kind of credit was given.

This practice is an injustice to any newspaper, and puts the New Mexican before the people if it gets news from other sections by the same method with nothing original in it but sin and partizan slush, which even a consistent republican would consider lying vomit.

These same articles referred to, which the New Mexican stole from this paper have been copied by other papers and credited to the New Mexican. Of course this is to be expected since they appeared in the New Mexican as original matter. The Socorro Chieftain copied last week from the New Mexican a long article and credited it to that paper which belonged to the EAGLE under title "Rock Island Extension."

The EAGLE, like other country papers, is glad to have its news items noticed and given space by exchanges when they contain any thing of general interest, but does not like to have them used to make capital for a daily without credit, which is due to every newspaper whose columns contain matter worthy of notice.

If this incourtesy of repeated re-occurrence has resulted from accident the EAGLE is ready to pass it by, but if it has resulted from the insolent disregard of the time honored custom of newspapers to credit matter taken from another, it is the plain duty of every newspaper writer in New Mexico to butcher this particular beast, with any other that may be found belonging to his breed of cattle in New Mexico Journalism.

THINK IT WILL GO TO LIBERAL.

THE WHITE OAKS EXTENSION A ROCK ISLAND FEEDER.

A Denver Paper Say; the White Oak Extension Will go to Liberal, Kansas.

The Denver Times discussing the proposed extension of the White Oaks railroad says:

H. A. Sumner, ex-state engineer of Colorado, but for two years past chief engineer of the El Paso & Northeastern railroad, has been ordered out on the line to make preliminary surveys for an extension of the system from White Oaks, N. M., to Liberal, Kansas, connecting with the Rock Island. This news has just reached Denver, and it looks now as if the plan that President Eddy has been talking about for the past year is about to materialize.

"Word comes direct from Mr. Eddy in which he says that the company may not extend the road at once, but Mr. Sumner will make a reconnoissance for three different projected extensions, one from Capitan to Liberal, Kansas, first. Then from White Oaks to Roswell and a third to Las Vegas. This work he says, is being done so that when the company gets ready to build the three propositions may be considered for the purpose of making the best selection of a route to advance the interests of the company.

"The supposition is, however, that the line will be extended from White Oaks to Liberal via Texline. This extension will be one of the best revenue producers of any line of railway in New Mexico.

"It passes through the very heart of the best cattle growing section and taps one or more very important mining sections now giving great promise for the future, and will be one of the best western feeders that the Rock Island has."

The wool clip of New Mexico is now getting into market, and although prices are a little low at present, the market is steady, and may come up a little later. The Taliaferro Merc. & Trading Co. at this place bought over 20,000 pounds last week from Three Rivers growers, paying them top prices. White Oaks is becoming a market for everything produced in this section of country. This point is headquarters for stock buyers, wool buyers, and mining men from all over the country.

The Albuquerque Citizen received a complimentary from the Deming Head Light last week, in his "Lest we forget business", that will probably take him to the mountains for a few weeks to recover his equilibrium. The distinguished editor of the Citizen might profit by throwing an X ray onto his own motorious optic, before he prods that of the "Lest we forget" contingent.

The next total eclipse will be on the 6th of November. It will be clearly visible to every republican in the country. The shadow will hit McKinley—Somebody tell the Journal-Democrat in time so it can flop.

Texas is harvesting one of the largest wheat crops the state has had for years. More administration prosperity, eh?

The Yaqui Indians are still fighting the Mexican republic and are preparing to make a vigorous summer campaign.

PROTECT GAME AND FISH.

Some counties in New Mexico are so large that it is almost impossible for any one game Warden to properly look after the protection of game and fish in his district. Dr. M. G. Paden is as vigilant as his time will admit him to be and has more than one time paid money out of his own pocket to look after this charge in Lincoln County, in stocking streams etc., but it is impossible for him to be on the streams and in the forests at seasons when the protection of fish and game is most urgent.

It is positively certain that fish and game are unlawfully taken in this county by individuals who have little interest in it further than the sport of takining it, and outsiders, tourests and those coming into the mountains for a few days outing should be made respect the game and fish with the same exactness that is demanded of residents. To accomplish this it is necessary to have more than one game warden in a county of the dimensions of Lincoln, or if the law does not provide for more than one in a county, a deputy or deputies should be appointed in districts where violations of law are known to be most likely. Some one has suggested that M. S. Graves, who resides on the Bonito would accept an appoint, as game warden, and he may be relied on to do his whole duty should he agree to accept it. This is a matter for the consideration of those who are interested in the protection of fishing and hunting in Lincoln County.

A QUARRELSOME OFFICIAL.

LINCOLN, N. M.
June 2, 1900.

White Oaks EAGLE:

Wednesday, May 30, 1900, evidently was the day upon which that worthy sheriff of this county, Demetrio Perea, distinguished himself, and he did so in this wise: Entering J. O. Burleson's saloon at Lincoln, N. M., found Acasio Gallegos there and greeted him with insolent and abusive words, and leaving the aforesaid saloon shortly afterwards returned armed with a pistol, approached Gallegos silently and again confronted him, this time with a drawn sixshooter.

The weapon, however, was taken from him before he could apply it and do his intended mischief. Enraged at this, Perea grabbed his nearest allies, consecutively, whiskey bottles and glasses, and showered Gallegos liberally with same. However, the assailed escaped all the blows. A prosecution will follow Mr. Perea's feats. The results may be anticipated.

Yours truly,
ACASIO GALLEGOS.

THE PASSING OF EL CAPITAN.

El Capitan, edited by W. M. Clute, at Capitan, a publication launched by a few Lincoln County republican politicians a short time ago passed into history last week. The cause of its early demise seems to have originated in the busom of the creditors of the enterprise, who put up money for the purchase of the materials and fixtures. Obligations became due and were unpaid. Mr. Manning, of the Alamogordo News, and Mr. Shepord, a stock holder, who put up for El Capitan, took possession of the plant and sold same to Lightfoot and Williams, editors and publishers of "The Capitan Miner" a democratic paper, which made its debut at Capitan little over a month ago.

Messrs Lightfoot and Williams are getting out a newsy sheet and with the assumption of El Capitan will have a splendidly aquipped office.

Russia is tightening her hold on China, and refuses to withdraw troops from Port Arthur, which threaten an invasion of northern part of the celestial empire.

1900 CENSUS.

The great object of the census is to obtain a true account of the population, wealth and industry of the United States, and it is necessary for the future of New Mexico, in which we all are interested that the returns shall be full and complete as it is possible to make them. S. M. Parker is enumerator for this district and should he, by accident overlook any one it is a duty to inform him as soon as the same is discovered.

OF LOCAL INTEREST.

A BUSINESS COMMUNITY.

About 70 miners are carrying dinner buckets to the mines in Lone and Baxter mountains now. With teamsters, including wood haulers, freighters, coal haulers, timber and lumber men, prospectors etc. the country in and around White Oaks is filled with laborers, making this a prosperous district.

NEW QUARTERS.

The EAGLE now occupies new quarters in the stewart block having moved from the old location in order to get on the first floor, which was made necessary on account of the additional weight of machinery and types being added to the EAGLE plant.

The new machinery and materials are now arriving and the necessary improvements and general make up of the paper will be made as rapidly as possible.

A DISTINGUISHED GUEST AT WALLACE GUMM'S.

Wallace Gumm called at the EAGLE office Monday morning very much elated over something. He spoke of the weather, the tremendous growth of the long grass from the effects of the late rains, etc., until finally he drew a bran new box of Puros Havanos from under his arm and threw it open on the editor's desk, saying help yourself, it's a 9½ pound boy, the sweetest baby in town, arrived on last night's special: everything is right and we are happy—save me a dozen copies of the EAGLE as I have't time to write to all my relatives.

—A lady visited this office one day this week upon charity intent and called upon the force to contribute to the famine sufferers of India. We donated our mite under protest, but insisted that, aside from humanity's sake, we were somewhat averse to the giving; for just now we were witnessing the subjugation of the South African republics by the same power that has brought so much ruin upon India, and if only a small portion of the money England was squandering in conducting the South African war were distributed among her Indian subjects this call for charity would have been unnecessary. In a very few years we will be called upon again, not for Indians, but for the famine-stricken Boers from whom the British will have taken sustenance, liberty and homes.

ABOUT THE LOCATION OF THE BAPTIST COLLEGE.

The Rev. C. C. Waller, of Alamogordo, spent Tuesday and Tuesday night here, during which time he made elaborate investigations of the conditions and advantages offered him for the location of the Baptist college to be built some where in New Mexico this year, by the Baptist Association of Texas, of which he is the authorized agent, and has complete charge of the entire business management.

A public meeting which was attended by nearly every property owner and business man in town was convened in the Baptist church Tuesday night, and the question discussed by Rev. Waller and others, and propositions submitted. Mr. Waller was surprised at the enthusiasm and public interest taken in this enterprise by White Oaks people. He expressed himself as very much pleased with the site offered for the college campus and general surroundings, including quarries for building stone, water, fuel both coal and wood, lime, scenic advantages etc.

SHIPPING ORE.

Jones Taliaferro is shipping ore from his Gallina copper mine this week. A 60 ton shipment has just been loaded at Carrizozo station which is going to El Paso smelters. It is very high grade ore and will net him a handsome profit.

WOULD BE A GOOD THING.

H. S. Comery is up from the Onderdonk goat ranch. He is talking with some of the parties who recently purchased lands on the De Vargas grant, and it is possible that these will form a pool and employ Mr. Comery to move his well boring outfit up from the los Alamos grant and develop water on these lands near the city.—New Mexican.

A THOUSAND TONGUES

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. Ling's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and $1.00. Trial bottles free at M.G. Paden's Drug store; every bottle guaranteed.

In the election for school directors in this district 4th. inst. Sidney M. Parker and Thomas H Walsh were elected, and the result for third director was a tie—J. H. Canning and James Reid receiving an equal number of votes. The vacancy caused by this tie will be filled by appointment.

A GOOD COUGH REMEDY.

It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following La grippe, and find it very efficacious." For sale by M. G. Paden.

The E. P. & N. E. will complete the Cloudcroft road to Cox's Canon this week. As yet it only goes to Toboggan which necessitates a stage ride of several miles.

You may as well expect to run a steam engine without water as to find an active energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food, or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. Samples free at M. G. Paden drug store.

There's a New Store at El Paso.

We opened here last month at 112 & 114 South Oregon St. just across from the Zeiger Hotel. We are one of the 16 stores in the Graham Combination who buy and sell altogether over a million dollars per year. Our lines are Dry Goods, Clothing, Hats, Shoes, Furnishing Goods and Notions. We cheerfully mail samples of anything sampable and prepay express (except on heavy goods) on purchases of $5.00 and over for 300 miles or less.

When in El Paso drop in and have a look. Our only terms are one price and spot Cash to everybody. Buying in such quantities it is easy to see we can well afford to sell 20 to 25 per cent cheaper than small dealers.

ROBBED THE GRAVE.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters;' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50cts., guaranteed, at M. G. Paden's Drug store.

The Great Presidential Campaign of 1900.

The wars of America have, heretofore, settled affairs of state. Great questions of policy, of national motives and national conclusions have been answered as soon as the battle smoke cleared away, and the victor realized his victory. The war with Spain is unlike its predecessors. It has not answered questions, but has created problems which may not be solved lightly. These problems are being formulated by the political parties, and before they can be definitely settled at the ballot box it is necessary that the people be informed in regard to the situation. The result of the campaign of 1900 will make a broad mark upon the page of history; it will doubtless establish the policy of the great Republic of America for a quarter of a century. It is vastly important, therefore, that every citizen shall study the situation through that best of mediums, a great newspaper. The Semi Weekly Republic which affords a comprehensive view of political situation in all its bearings. It publishes the new news. The Semi Weekly Republic is a Democratic paper, but it offers to its readers the news regarding all the political parties, and this without prejudice. It is a fair newspaper. Its telegraph and cable news service has been proved to be the very best employed by a modern paper. Its special features are unsurpassed. It is the newspaper for the reader who has not access to a daily paper.

News features, art, and literature combine to make the Republic's Sunday Magazine a specially attractive weekly magazine. The half-tone illustrations printed in this magazine surpass anything ever attempted by a newspaper. These products of photography are worth the price of the paper. Special articles by trained writers on the news and the subjects engaging the public attention are prepared for the Republic's Sunday Magazine. A distinctly useful and attractive feature of this magazine is the fashion department. Always reliable and up with the times, the ladies find the fashion page a delight. Indeed, The Republic's Sunday Magazine appeals to every member of the family.

The subscription price of the Semi-Weekly Republic is $1.00 per year. The Republic Sunday Magazine $1.25 per year. Both papers are now being offered at the very low price of $1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.

Address all orders to THE REPUBLIC, St. Louis, Mo.

THE NEW YORK WORLD THRICE-A-WEEK EDITION.

As good to You as a Daily and You Get it at the Price of a Weekly.

It furnishes more at the price than any other newspaper published in America. Its news service covers all the globe and is equaled by that of few dailies. Its reports from the Beer war have not been excelled in thoroughness and promptness and with the presidential campaign now in progress it will be invaluable. Its political news is absolutely impartial. This fact makes it of especial value to you at this time.

If you want to watch every move of the great political campaign take the Thrice-a-Week World. If you want to keep your eye on the Trusts—and they need watching—take the Thrice-a-Week World. If you want to know all foreign developments, take the Thrice-a-Week World.

The Thrice-a-Week World's regular subscription price is only $1.00 per year.

We offer this unequaled newspaper and the WHITE OAKS EAGLE together one year for $2.00.

The regular subscription price the two papers is $2.50.
