WHITE OAKS EAGLE.

VOLUME IX.—NO. 19. WHITE OAKS, LINCOLN CO., NEW MEXICO, THURSDAY, MAY 10, 1900. ONE DOLLAR AND FIFTY CTS. A YEAR.

OUR WATER SUPPLY.

In the Mountains Immediately Surrounding White Oaks Water is Abundant.

Conditions and Opportunities.

One of the greatest industries in and around the White Oaks country, and especially the city of White Oaks, is that of water. To those who have lived in the Territory any length of time the value of water is known. With it the soil responds to the growth of fruits, grains, grasses, and in fact, every thing that grows, in absolute perfection. Without water only the indigenous plants, grasses or trees can exist. In the mountains immidiately surrounding White Oaks water is abundant and large springs exist which flow regularly and continually.

In all the surrounding country water is found at shallow depths for domestic purposes. On the plains are a large number of springs which are owned and used by stock men. Geologists who have visited and examined, geologically, this question of obtaining water have invariably pronounced opinions that water can be gotten in vast quantities and flowing or artisian water will be found at 3 to 5 hundred feet, in many places. The average depth of wells, so far sunk or drilled, is about 70 feet.

Within 4 miles of White Oaks are beautiful rolling level plains, alluvial soil, upon which alfalfa grows to perfection, as also any crop sown or planted, providing water is applied.

A man with $2000.00 capital can fence 40 acres, sink a well, put in a gasoline engine and have a home and income to make himself comfortable and independent for life—on alfalfa alone, to say nothing of the more or less of cattle and sheep he may freely range in connection with his alfalfa—three crops a year can be cut, or about 4½ tons to the acre. Alfalfa has not sold for less than $12.00 per ton in this country, at this price one can safely estimate an income of at least $50 00 per acre or $2000 00 for 40 acres. What is a home without a garden, fruits and flowers? Or a town without a tree growing? A well or two with proper pumps and a Reservoir with the water piped through the town of White Oaks would add such beauty and comfort that no city could excel it as a place to live or die in. Trees could and would be set from one end of the town to the other, which in 3 years would so grow as to meet one another and form a perfect Arbor across the avenues. Blue grass, alfalfa etc. would cover the yards and a "Garden of Eden" soon spring into existence. People talk of Southern California, and parts of Colorado, but they have never seen our mountain streams and valleys.

Opportunities are now open whereby Parks can be created with drives unequalled in grandeur and beauty, level as a race course, along sparkling rivulets, filled with mountain or speckled trout.

Hotels, Resorts etc., along the drives, for rest and recreation. Trails for horse back tours through gorges and over mountains where the eye can never grow weary or tired of the ever changing landscapes; where man has seldom if ever trod or the sound of an ax heard. Conditions and scenery equal to the Alps and by some considered superior, in that the mind and eye can take in and comprehend, instead of being awed and unbalanced by the "too greatness" of the sights and every changing views. Add a climate almost perfect without flies, insects etc., to annoy and the conditions for resorts and beautiful summer (and winter) homes are ideal. Add the hunting, fishing and ever changing prospects and discoveries and physical pleasure ought to ask no more.

These conditions will not be for long, now, what we state we claim true and are ready to "show the goods" at any and all times. Parties seeking sure and safe investments along these lines we think can make no mistake if present opportunities are improved.

We will add that natural reservoir rights abound, contiguous to water sheds and channels that convey oceans of water during the year that goes to wast. This water utilized by being led into Reservoirs would supply and sustain a large population.

Any information along this line will be furnished by the EAGLE upon application, free.

Candidates for Delegate.

There is no dearth of prospective candidates for delegate from New Mexico," said Mr. Lorrian Miller yesterday. "Up to this time there are Judge A B. Fall, of Las Cruces, Mr. F. A. Manzanares, the business man from Las Vegas, who served one term in 1884; Mr. Antonio Joseph, of Taos county, who served ten years in Washington, defeating some of the strongest Republicans in the territory; O. A. Larrazola, the Las Vegas attorney, who made a hit at the Albuqerque convention with his speech; A. A. Jones of Las Vegas, a prominent attorney, E. V. Chavez, prominent attorney of Albuquerque, and H. B. Ferguson, also of that place, who served one term preceeding Perea. It should not be understood that all of these seek the nomination. They have been mentioned, but many will decline to allow their names to go before the convention. The day of meeting has not yet been determined New Mexico Democrats this year feel more hopeful than usual, owing to split in the Republican ranks Otero will sway the power before the convention but Catron and his forces, after such treatment it is said, will not remain in line. —El Paso Times.

A QUESTION OF MIGHT.

Secretary of War Root's startling declaration that the time is near at hand when this Government will have to fight for the maintenance of the Monroe Doctrine seems to have been justified to a certain degree by a growing German desire to gain a territorial foothoold in the Western Hemisphere. The St. Louis Republic says:

Both in Brazil and in the matter of the contemplated sale of the Danish West Indies to Germany there is an indication of this yearning on the part of the Kaiser's Government. In the one case there is the hope of establishing German possessions capable of infinite expansion on the South American mainland. In the other there is the likelihood of gaining a most important naval post in American waters. It is small wonder if the German Government is in reality working to secure both these advantages.

This activity is due, of course, to the fact that the Monroe Doctrine may not now legitimately be invoked as forbidding European acquisition of territory in the Western Hemisphere. The United States Government may resent by force any European effort in this direction, but its one-time unanswerable claim of right under the Monroe Doctrine has been voluntarily surrendered. It was surrendered when the McKinley imperialists announced to the world that they proposed to establish an American colony in the Eastern Hemisphere by whipping the Filipinos and taking their country away from them.

It is just as well to face these plain facts. If imperialism is to prevail as an American doctrine the Monroe Doctrine must be put aside. We must meet Europe with armed hands now if we forbid her interference in the Western Hemisphere and yet insist upon our right to establish colonies in the Eastern. For war is the only argument when a nation abandons its duties.

"It is with a good deal of pleasure and satisfaction that I recomend Chamberlain's Colic Cholera and Diarrhœ Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A Lady customer, seeing the remedy exposed for sale on my show case, said to me: "I really believe that medicine saved my life the past summer while at the shore, and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by M. G. Paden Druggist.

MASTER'S SALE.

Public notice is hereby given that I, the undersigned, by virtue of a decree rendered in the District Court of the Fifth Judicial District of the Territory of New Mexico, in and for the County of Lincoln, on the 15th day of January, A. D. 1900, in a certain cause in said court pending; said cause being No. 1151, Gross, Blackwell and Company, plaintiff, against Edward G. F. Uebrick, Anna R. W. Uebrick, John A. Brown, and Anna T. Brown, defendants, will on the 12th day of May, A. D. 1900, at the hour of ten o'clock a. m., in front of the Post Office in the town of White Oaks, Lincoln County, New Mexico offer for sale and sell for cash in hand to the highest and best bidder to satisfy the sum of Four thousand thirty-five and 79/100 ($4,035 79) dollars, with interest thereon from July 8th., 1899, until paid, at the rate of twelve per cent per annum, to date of sale, the following described property, to wit:—

All the following described lots or parcels of land and real estate, situate, lying and being in the county of Lincoln, territory of New Mexico, and better described as follows, to wit:— Lots three (3), in block Seventy (70), in the town of White Oaks, as shown on the official plat of said town; the undivided one half (½) of lot three (3), in Block six (6); the undivided one half (½) of the East half of lot one (1), in Block nine (9); the West thirty (30) feet of lot one (1), in Block twenty (21); the undivided one-half (½) of lot two (2), in Block Fifty-nine (59); all in the town of White Oaks: also the undivided one-half of lots one (1), three (3), four (4) and five (5), in Block E. Kempton's Second Addition to the town of White Oaks, as shown on the official plat of said Addition, or so much thereof as may be sufficient to raise the amount due to plaintiff for principal and interest, together with the costs of this action, including the fees, disbursements and commission on the sale herein mentioned.

Dated this fourth day of April, A. D 1900.

JOHN Y. HEWITT,
Special Master.

Billiousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by M. G. Paden Druggist.

That march on Pretoria is yet in abeyance.

An epidemic of measles is going the rounds at Socorro.

On paper, that is the way the English are doing South Africa.

About 4,000 tax suits are reported against delinquents in San Miguel county.

That chasing the "Boer" is not what it use to be, has been demonstrated by Roberts.

The lambing season is now well on, and sheepmen in this locality are expecting an excellent crop.

It is thought the Populists in national convention at Sioux Falls, S. D. will nominate Bryan for president.

Otis is relieved from Philippine service, and McArthur and Wheaton will succeed him in command of the Philippine forces.

Hon. T. W. Collier has severed his long connection with the Raton Range by selling the plant and good will to Judge F. P. Morse.

The Cerrillos Smelter is again running full blast. One thousand tons of ore are on hand, and shipments are pouring in from the surrounding country.

The Longer's Weekly, by Asick Longfellow and Mike Robe, has been launched at the Alameda ranch resort near Las Cruces, New Mexico. This will presumably be a sickly publication.

St Louis and other cities have recently hooped it up for Dewey as the hero of Manila Bay, but nothing has been said about his candidacy for the presidency. It will always be Dewey of Manila, but never Dewey of the White House.

S. M. Wharton, editor and proprietor of the White Oaks Eagle is putting in a complete and entirely new outfit of new machinery and type, made necessary by the splendid patronage and increased circulation of that paper. Good for the Eagle! "May you live long and prosper!" —Roswell Register.

Albuquerque is to have another street fair this fall. Albuquerque is in many ways a real modern city, and her business men deserve a great deal for the splendid effort made to keep the business growth and general progress of the city continually before the public. One of the greatest needs which the city has not at present, is a democratic daily newspaper, and a proposition of this character is now being considered by prominent democrats of that place.

That International Dam Question.

Governor Otero has called a convention at Albuquerque the 15th of this month for the purpose of thereby rendering a protest against the passage of the "Stephens Bill," which is now before congress.

The Bill introduced by Mr Stephens, of Texas, provides for the equitable distribution of the waters of the Rio Grande river between the United States of America and the Republic of Mexico, and for the building of an international dam and reservoir on said river at El Paso. The Governor's proclamation is to the effect that should this Stephens bill become a law that it would work great injury to the inhabitants of the river valley in New Mexico and Colorado who use the river's waters for irrigation. It seems that the Stephens' bill while it authorizes the building of the international dam, also carries with it a prohibitory clause, which precludes other dams than the international to be built, and here seems to be the rub as some point in New Mexico or Colorado might want to build a dam for water supply, irrigation etc., and if the bill becomes a law only one dam can be built, and that the international.

Ladies of Silver City Edit the Independent.

Following the example of the Roswell Record, editor Walton, of the Silver City Independent, turned the publication over to the ladies of that city last week to be edited for one issue. Speaking of the ladies' edition, the Dona Ana County Republican says:

Editor Walton specified in the contract that nothing of a political nature should be published; this, of course, excluded the ladies from his favorite realm, where he shines, and was an ungal ant thing for Mr Walton to do. The editorials included a salutatory and valedictory combined, a bequet for Editor Kedzie of the Lordsburg Liberal, an article on the desireability of that portion of New Mexico to live in, a nice little article about Mrs. Dewey, apropos of Mr. Dewey's candidacy, business opportunities for women, and a roast for John Bull on account of the South African war. The local page was up to the usual high standard of that paper. The proceeds from that issue are to be used for sweet charity, and we hope the ladies cleared a barrel of money.

New Mexico Populists for Bryan.

New Mexico representatives at the Populist convention in Sioux Falls, May 9th yesterday, are: Dr. M. M. Milligan, of Las Vegas; Col. T. B. Mill, of Las Cruces; P. H. Smith, of Raton, publisher of New Mexico's single tax paper; Peter Mackel, a merchant of San Pedro. W. P. Strauun, an Albuquerque merchant, chairman of the Grant county Populist committee. Col. Mills, was unable to attend the convention and forwarded his proxy. He said, "Dr. Milligan, Mr Mackel, Mr. Strauun and myself were at the St. Louis convention. New Mexico Populists expressed a preference for Bryan, but said nothing about second place leaving that for the national convention."

GOT THERE IN GOOD SHAPE.

The following is an obituary gotten up by a Georgia editor and "Poor Jim" the fellow transferred over the Great Divide:

"Poor Jim slung his earthly garments on a limb and swam the river yesterday. He didn't stand back because the water was cold, but plunged right in, rose smilingly and struck out for the other shore where the angels were waiting for him with a finer suit than he had ever worn in his life. Jim was a poor man but he had his subscription to his home paper all paid up; and he got there in good shape."

Kipper Gets A Life Sentence.

Kipper, the negro soldier who murdered officer Stewart, of El Paso, a short time ago has been given a life sentence in the penitentiary. The first ballot of the jury trying the case stood 10 for the infliction of the death penalty and 2 for acquittal. The life sentence was a compromise effected in the jury room.

The Printer Blunders.

A Nebraska editor in putting the finishing touch to an elaborate description of the belle of the ball said: "And her dainty feet were encased in shoes that resembled fairy boots." Imagine his horror the next morning after the paper was out to discover that the blundering printer had set it up like this: "And her dirty feet were encased in shoes that resembled ferry boats."—X

A QUESTION OF MONEY.

Government Unwilling to Spend millions to Recover $90,000.

The state department has received several communications from the clergy insisting that the government send a fleet of war ships to Turkish ports and make such demonstration as will bring the sultan to time.

None of this has been given serious consideration, as such a step would involve an expence to this government of millions of dollars, while the aggregate of the claims against Turkey is $90,000.

The state department has not yet received the sultan's reply to the latest note, but the experts still believe that Turkey will pay.

Machinery for the White Oaks Country.

Recently considerable mining machinery has been shipped to the White Oaks country. Most of the machinery is destined for the Jicarillas district where the placer mines are being worked on a large scale. El Paso Times.

Mining machinery is continually coming into this locality, and a great deal of all other classes of freight. It will about average at present a carload a day, and much of it still comes overland by wagon from San Antonio. From two to a half dozen wagon from San Antonio may be seen on the streets here almost daily. It is a business proposition for a rail road to come into this district immediately. When the EAGLE states that it is a business proposition for a road to come in here it is said with the intention of producing the figures should anybody care to have them.

Mr. S. M. Wharton, editor of the White Oaks Eagle, is putting in a complete new plant, including presses and type. The Eagle has long been one of the best weekly newspapers in New Mexico, and the Record is glad to see this evidence of prosperity on Brother Wharton's part.—Roswell Record.

A spring poet burst forth in a "heroic ode" in the last issue of El Capitan and sang the praises of that town. It's dead easy to boom Capitan by newspaper—merely revise and adapt the nice things that have been published about Alamogordo. El Capitan need not spring anything original, as last week.—Dona Ana County Republican.

Oliver H. P. Belmont says Bryan will be elected president. He says democracy will win on the issues of trusts and anti-imperialism. There is no question but that those issues will be of incalculable benefit to the success of democracy in the approaching election, but it is as certain as death and taxes that should the free coinage of silver plank be left out of the platform our democracy will go down to defeat notwithstanding Mr. Belmont's statement to the contrary.

England prosecutes a war against a republic of rural people in the Transvaal while her Indian subjects are dying of starvation at home, and that too, when her store houses are filled to overflowing with grain and provisions. Such is her benevolent treatment of a subjugated and dependent people. Yet according to the measure of even some Americans [?] it is traitorous to express yourself as anti-British in the South African fight. We are told by these patriotic Anglo Americans that England stood by us in the Spanish American fight, and that it would be ungrateful, even hostile, for this government to say yea or nea that is not for Britain in the South African war of aggression, conquest and subjugation. Such argument, if it may be called argument, is wrong, such sentiment is unjust. Why? Because our war against Spain was a just conflict, and in no way can be compared to this slaughter in Africa. Our war was prompted by justice, it was conducted on humane principles, it meant freedom to an oppressed people, instead of a loss of liberty, it meant the preservation of the dignity of this government, which had been wounded by the destruction of the battle ship "Maine" and many American subjects aboard of that vessel by the Spanish government. How could England do otherwise than she did when like conditions may at any time overtake that government which has the greatest navy and the most ships of any country on earth. Because England sided with us when we were right is no reason that this government should uphold Britain's South African policy when that policy is clearly and palpably wrong.

J. F. Carpenter returned from a business trip in the eastern states. He is hoistman at the Godiva.

If more miners are employed in this district they must come from the outside, there are none left idle here.

An epedemic of La Grippe has been going the rounds in White Oaks, however, it has about subsided.

Pat Coghlan and G. P. Clark, came up from Tularosa Tuesday and returned home Wednesday morning.

J. E. Wharton went to Alamogordo Monday to attend to business before the district court in session there.

Jerry Ramsdale and family came over from Capitan last week. They have moved into the Littell residence in the east side of the city.

The Old Abe Co. is now supplying three companies with water for operating mines: The South Homestake, the Godiva and the Old Abe Co.

Morning Times Mister?

The El Paso Times is the quickest daily into White Oaks now. It will reach here the same day it is published. It is now being sold on the streets by news boys, whose cry of morning Times reminds one that the boy with a roll of papers under his arm is as usual up with the procession, and realizes with the rest of us that El Paso and White Oaks are next door neighbors.

Gallina Property Sold.

Chas. and Joseph Spence, Spence Bros., have purchased J. P. Klepenger's property in the Gallinas, and are getting ready to begin development. The Co., which is now composed of Spence Bros. and M D. Lincoln, has purchased a a small reduction plant from A. C. Storms, of Bonito, and will move it to the property immediately.

SAN ANTONIO AND LINCOLN

Stage Routes are discontinued To-day.

White Oaks people are much pleased to learn that the old stage route from San Antonio to this place, and on to Lincoln via of Ft. Stanton is discontinued today. The stage horses yet alive on this route have an inning at last, and though their limbs are stiff from service and their bony frames amaciated from lack of proper fo d and attention, they will never be required to make the trip ag in for Uncle Sam over the 100 mile route from White Oaks to San Antonio.

For several years past this route has fallen into the hands of carriers who were not able to meet the demands with equipments they could furnish, and since Ozanne, who had good horses and gave them go d attention, quit the service, it has been an eye sore to this community. To day, however, the government discontinues the route, and while our mails from the north and east will reach here no earlier coming via El Paso, Southern and Western mails will arrive a few hours ahead of the old schedule.

Paul Mayer secured the contract for the new route established between White Oaks and Carrizozo station, and will have good teams and the best of accommodations for passangers who may desire transportation over the line. The trip from Carrizozo here may be easily made in an hour and a half, and the roads will be kept in good condition. The distance is 12 miles. All mails outside of two or three country points near here will come in over this route. Under the present arrangements it will reach here about 9 o'clock at night, be opened at 7 o'clock in the morning. The stage will depart for Carrizozo at 8 o'clock in the morning in order to meet the south bound train at Carrizozo station.

It would be much more convenient if mails would reach here at four or five o'clock in the afternoon but these things will come later. A change of some kind was badly needed. We have it—so Adios rawhide route, which brings rest to the stage horse and ends the career of his cruel pilot.

A Rich Vein.

In the course of development of his Gallina copper property Jones Taliaferro has opened up a very rich vein of ore which promises to be continous. It now measures 4 ft. in thickness, and is a high grade of copper ore, carrying several ounces of silver to the ton.

The development work on this property has already shown it to be a valuable mine, and much prospecting and many new discoveries will result from Mr. Taliaferro's operating it, in that district this summer. Some kind of a reduction plant will probably be put in by Mr Taliaferro, as it is out of the question to pay $5 to $6 per ton rail road freight over the Northeastern to El Paso, after first paying a 40 mile wagon freight to get it to the rail road. He is now shipping a quantity of it to Pueblo Colorado, but there again is the difficulty of a long wagon haul.

This property as well as many others in this district would be a permanent shipper if it had a road near it, and if a means of transportation does not come in the near future other means of marketing the products of this character will be resorted to. A plant for the reduction of refractory ores would be a money making enterprise in that district right now, and if centrally located would be patronized by this community, Jicarilla and the Gallinas. Some plan of realizing on th resources of the White Oaks district must be provided, and it must be done quickly.

Your correspondent is awake once more and will give you a Kodak shot, of passers by and other items of interest in the community.

Mrs. A. N. Price arrived here last week from a long visit among relatives in Tennessee.

Jas. R. Brent, of White Oaks, was looking over the camp last week.

Robt. L. Ransom an Will Curtis of the San Andres, are prospecting in this district. They evidently mean business from the manner in which they have started in.

Jones Taliaferro, of White Oaks, stopped over with us on the way home from his Gallina mines, and spent Sunday evening among friends here.

The American Placer Co's machinery is getting here, and the water problem will be speedily settled. The question of gold has long been determined the country is full of it, and this Co. is going to get it.

Col. T. W. Heman was here Monday and Tuesday from Richardson looking after business for the El Capitan Land and Cattle Co. He returned to Richardson yesterday morning.

The Industrial Record, of El Paso, is becoming a very popular paper among mining and stock men in this district and will soon have the largest circulation among them of any paper published in the South West. The Record deserves it, it is doing a great deal for the industrial enterprises of the White Oaks country, and is showing capital that this is one of the greatest fields for profitable investment yet open in the Rocky Mountain country.

Miss Florence Newman, who has been a great sufferer from muscular rheumatism, says Chamberlain's Pain Balm is the only remedy that affords her relief. Dr. M. G. Paden says the malady which has been so generally discussed, here and at Capitan, and in fact many other places by physicians, recently, is really a very light form of small pox, and though it is not even severe enough to mark the victim, yet is contagious and should be carefully guarded to prevent its further spreading. The two or three cases under his care are almost entirely over it. Smith and Hightower have returned to work.

A Night of Terror.

Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her. This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and $1.00. Trial bottles free at M. G. Paden's drug store.

Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

EDISON'S INVENTION COMPLETED.

Doing Work Preparatory to Installing an Ore Plant at the Ortiz Grant

The Journal-Democrat learns from authentic sources that the invention by means of which Thos. A. Edison intends to rob thousands of acres of New Mexico's shifting sands of their golden grain, has been completed, and arrangements are being made to at once put it to work on the Ortiz grant, which as is generally known, Mr. Edison purchased some time ago for $3,000,000. Work preparatory for the installation of the first plant at Dolores is now under way. It is claimed that this first plant will have a capacity of not less than 8000 tons a day.

Mr. Edison has kept the secret of his invention well, only one trusted employee, who will superintend its operation having been taken into confidence. Even after the plant has started the main factor of the process which it is claimed will be successful though every other attempt at dry washings has failed, will be kept a secret.

When it is remembered that experts have estimated that nearly a billion dollars worth of gold is buried in the 51,000 acres of the Ortiz grant, the value of a successful process of extraction to this section of the country becomes readily apparent.

Albuquerque, from which much of the supplies for the new camp must be drawn, will watch with intense interest the further history of the wizard and his latest invention.

Beware of a Cough

A cough is not a disease but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough, and if properly treated as soon as the cough appears are easily cured. Chamberlain's Cough Remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not healed it will not cost you a cent. For Sale by M. G. Paden, Druggist.

THE D. & R. G. WILL EXTEND

To El Paso Via Bland Cochiti, and White Oaks, Will Connect at Carrizozo With the E. P. & N. E.

According to the Santa Fe telegraphic correspondent of the Denver "News," a corps of Denver & Rio Grande engineers have located a site for a bridge across the Rio Grande directly west of that city. The company has also let a contract for 50,000 ties to be delivered along the road between Espanola and White Rock canon.

This is a certain indication that the Denver & Rio Grande railroad will extend its line to Bland to tap the Cochiti district. That is as far as the extension will be made this year, but those who profess to be informed state that President Jeffery has overcome the opposition of the foreign bondholders to the projected extension to Albuquerque and from there to White Oaks and Carrizozo to connect with the El Paso & Northern for El Paso.

The Santa Fe is also contemplating an extension from Amarillo, Tex., to Albuquerque across Guadalupe and San Miguel counties to avoid the heavy grades of a southern Colorado Raton pass and northern New Mexico and to shorten its line from Chicago to Los Angeles and El Paso by several hundred miles.

It is also stated that the agreement between the Santa Fe and the Denver & Rio Grande railroad companies not to build across the Santa Fe and the Sangre de Cristo ranges has expired and that the Santa Fe railroad will push from Las Vegas to Taos while the Denver & Rio Grande as a counter move will extend into the Cochiti district and to El Paso later on. El Paso News.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. T. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on marvellous power of Electric Bitters to cure Stomach and Liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure Stomach, Liver and Kidney troubles and never disappoints. Price 50c at M. G. Paden's drug store.

Teller's Resolution

Senator Teller of Colorado has introduced in congress the following resolution.

"Whereas, from the hour of achieving our independence the people of the United States have regarded with sympathy the struggles of other people to free themselves from European domination; therefore,

"Resolved, that we watch with deep and abiding interest the war between Great Britain and the South African republics and with the full determination to maintain proper neutrality between the contending forces, we cannot withhold our sympathy from the struggling people of the republics, and it is our earnest desire that the government of the United States by its friendly offices offered both powers, may assist in bringing the war to a speedy conclusion in a manner honorable to both to Great Britain and the South African republics."

The drugs in Dr Simmon's Sarsaparilla are so concentrated that the dose is very small, but nevertheless, it is so scientifically combined that it is readily retained and assimilated by the most delicate and sensitive stomach. $1.00 and 100 doses.

MORTGAGE SALE.

Notice is hereby given, that whereas Leandro Pacheco of the County of Lincoln, to secure the payment of his promissory note made on the 21st day of July A. D. 1899, for $75.00 payable ninety days after date to the order of Charles Beljean, with interest at 12 per cent per annum and an Attorney's Fee of 10 per cent for collection on same day executed and delivered to said Payee, his certain Mortgage deed, therein granting and conveying to said Charles Beljean and his Assigns, that tract of land described therein, to wit: Village Lot No. 2 (two) in Block 1 (one) Ellis' first addition to the town of Lincoln in said County of Lincoln, N. M., as shown by the duly recorded plat thereof; and whereas said Mortgagor has made default in the conditions of his said Mortgage deed, no part of the principal sum or interest thereon, named in said Note having been paid; and whereas the said Charles Beljean has sold the said Note and Mortgage deed, and in due form of law assigned the same to the Lincoln Trading Company, which is now the owner and holder thereof; Now therefore pursuant to the conditions, and by authority of said Instrument I will on Tuesday the eighteenth day of May A. D. 1900, at the hour of 10 (ten) o'clock of the forenoon, at the said premises, offer for sale by public auction and will then and there sell to the highest and best bidder for ready Cash, the whole of the Land and Premises above described, unless the said Note, interest, Attorney's fee and the costs, expenses and charges made necessary by this sale shall be sooner paid.

Witness our hand this tenth day of April A. D. 1900.

THE GREAT PRESIDENTIAL CAMPAIGN OF 1900.

The wars of America have, heretofore, settled affairs of state. Great questions of policy, of national motives and national conclusions have been answered as soon as the battle smoke cleared away, and the victor realized his victory. The war with Spain is unlike its predecessors. It has not answered questions, but has created problems which may not be solved lightly. These problems are being formulated by the political parties, and before they can be definitely settled at the ballot box it is necessary that the people be informed in regard to the situation. The result of the campaign of 1900 will make a broad mark upon the page of history; it will doubtless establish the policy of the great Republic of America for a quarter of a century. It is vastly important, therefore, that every citizen shall study the situation through that best of mediums, a great newspaper. The Semi Weekly Republic which affords a comprehensive view of political situation in all its bearings. It publishes the new news. The Semi Weekly Republic is a Democratic paper, but it offers to its readers the news regarding all the political parties, and this without prejudice. It is a fair newspaper. Its telegraph and cable news service has been proved to be the very best employed by a modern paper. Its special features are unsurpassed. It is the newspaper for the reader who has not access to a daily paper.

News features, art, and literature combine to make The Republic's Sunday Magazine a specially attractive weekly magazine. The half tone illustrations printed in this magazine surpass anything ever attempted by a newspaper. These products of photography are worth the price of the paper. Special articles by trained writers on the news and the subjects engaging the public attention are prepared for The Republic's Sunday Magazine. A distinctly useful and attractive feature of this magazine is the fashion department. Always reliable and up with the times, Ladies find the fashion page a delight. Indeed The Republic's Sunday Magazine appeals to every member of the family.

The subscription price of the Semi Weekly Republic is $1.00 per year. The Republic Sunday Magazine $1.25 per year. Both papers are now being offered at the very low price of $1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.

MONTROSE BICYCLE SENT FREE

on approval to your address WITHOUT A CENT IN ADVANCE. SEND US YOUR ORDER, state whether you wish lady's or man's wheel; give color, height of frame and gear wanted and WE WILL SHIP THE WHEEL C. O. D. on approval, allowing you to uncrate and examine it fully before you accept it. If it is not all and more than we claim for it, and a better wheel than you can get for any where near the price from any one else, refuse it and we will pay all express charges ourselves. The "MONTROSE" Bicycle at our Special Agent's sample price of $16.50 is the greatest bargain in a bicycle ever offered. We guarantee it equal to any $40 wheel on the market, and you need not accept it nor pay a cent if you do not find it as we represent. We are EXCLUSIVE BICYCLE MANUFACTURERS and take this method of quickly introducing our 1900 MODELS. This offer of a sample wheel at this low price is made to secure a RIDER AGENT in each town to represent us and take orders. Our agents make money fast.

SPECIFICATIONS. Frame, 19, 21 or 23 inch; ladies, 22 inch. Best Shelby seamless tubing with forged connections, flush joints, improved expander device to fasten seat post and handle bar; Royal Arch crown; the celebrated Mavic hubs and hanger—the easiest running known; Record "A" tires, the best and one of the most expensive tires on the market. The genuine $4 Mesinger Hygienic saddle; pedals, tools and accessories the best obtainable. Enameled in black, maroon or coach green, highly finished and ornamented; special finished nickeling on all bright parts. We thoroughly test every piece of material that goes into this machine. Our binding year's guarantee bond with each bicycle.

FREE to any one sending the $16.50 cash in full with order we will send free a genuine Barlock 15,000 mile barrel pattern cyclometer; or a high grade floor pump. Your money all back if you are not perfectly satisfied.

CHEAP WHEELS. We do not manufacture the cheap department store kind of wheels, such as many new concerns and big supply houses advertise and sell as high grade. We can furnish them, however, at $5 to $7 stripped; or $9.75 to $12.50 complete. We do not guarantee nor recommend them. BEFORE ORDERING a bicycle of any one else, no matter who or how cheap, write us and let us tell you how much we can save you on the same machine.

If you UNABLE to BUY a wheel we can assist you to EARN A BICYCLE by distributing catalogues for us a few days. We need one person in each town for this purpose. We have several hundred SECOND HAND WHEELS taken in trade which we will close out at $3 to $10 each; also some shopworn samples and '99 models very cheap. Send for Barrain List. OUR RELIABILITY is unquestioned. We refer to any bank or business house in Chicago, or any express or railroad company. We will send you letters of reference direct from the largest banks in Chicago if you wish it.

SEND YOUR ORDER TO DAY. This low price and these special terms of shipment without deposit will be withdrawn very soon. Give name of this paper.
