Probate Clerk

WHITE OAKS EAGLE.

VOLUME IX.—NO. 20. WHITE OAKS, LINCOLN CO., NEW MEXICO, THURSDAY, MAY 17, 1900. ONE DOLLAR AND FIFTY CTS. A YEAR.

BEGINS TO LOOK LIKE BUSINESS.

THE STILLWELL ROAD PAYS BIG MONEY FOR A CHARTER.

It Is to Run From Kansas City to Mexico's Capital.

The Stillwell proposition to build a railroad from Kansas City through Mexico to the Pacific coast begins to assume and air of business. A charter has been taken out in Kansas at a cost of $2,750 to Mr. Stillwell and his associates. The Topeka Journal says:

"The state charter board has acted favorably upon the application for a charter for the new railroad proposed by A. E. Stillwell from Kansas City to the Pacific coast, a total of 1,600 miles of road, 280 miles of which are to be in Kansas.

"The Board held a special meeting last night to consider the proposition.

"The charter specifies that the new road shall pass through Wyandotte, Douglas, Shawnee, Ogage, Lyon, Chase, Harvey, Reno, Butler, Sedgwick, Sumner, Kingman, Harper and Barber counties in Kansas, taking a southwesterly course, the destination in that direction being the City of Mexico.

"The capital stock of the company is $25,000,000, on which the company paid a fee of $2,750, in accordance with the provisions of the Bush corporation law.

"Mr. W. C. Edwards, ex-secretary of state, is working with Stillwell. The promoters of this proposed new line seem to have plenty of money with which to transact the preliminary business in which they are engaged."

This road is coming throuh this section of country, and should this district, including the Jicarilla and Gallinas be yet not entered by the E. P. & N. E. Ry. it is certain to come through this town.—Herald.

A BIG THING FOR EL PASO.

Editor McKie's Opinion of the Mint Advocated by the Herald.

From the International Industrial Record.

With the establishment of a government purchasing mint at El Paso the mining industry would make a great bound forward. The mint would bring others smelters, refineries etc., and of course increase the incentive for men to prospect for the precious metals. The mint would make it possible for miners to get much quicker action for their money, thereby making the strongest appeal to man's instinctive desire for wealth.

It seems too, that this section is entitled to such an institution, for El Paso is in the center of a vast and rich mineral section, in which is embraced thousands of square miles. And in this section, mineral of all descriptions can be found, from the lowest to the highest grades. There is no more favored mineral area in the world than that comprised of the districts of Arizona, New Mexico and Mexico, and of which El Paso is nearer the center than any other city.

Here is a fruitful question for the chamber of commerce to handle. It is to be a big thing and capable of big results.

Should the establishing of a mint at El Paso bring with it location of others or another smelter, there, whereby competition in the reduction and treatment of ores would result, it would certainly be a fortunate change of affairs for mine operators of the White Oaks country. The speedy consumation of this proposition with its attendant enterprises, will be a marker for a revolution in the mining districts to the White Oaks country. Let the Record forward without opposition in the good work.

A Good Suggestion.

It has been suggested that one day of the big fair here in October be designated Chaves county day, one as Eddy county day, one as Lincoln county day, and the last and best as New Mexico day. The first day being the least desirable, Chaves county is willing to take that and then let Eddy and Lincoln counties choose as to the next two days. The idea, if carried out, would be to have the people from each of the three counties have entire charge on their day. It is certainly a good idea. It is democratic and gives all the people a chance to work out their idea of a fair.

The above suggestion of the Roswell Record is certainly as sensible as it is magnanimous, and the EAGLE is sure that the conditions of the forgoing will suit Lincoln county. These three counties can make an exhibit that will interest thousands of people throughout the country—No section of the Southwest can show such resources as these three counties. The world can't beat us for stock, mining, and agriculture. This fair will be an effective means of bringing capital into these counties for investment that would probably never reach us through any other channel. A fair is a good thing in this kind of a country.

Cattle men and sheep men are well pleased with range conditions in Chaves county. Copious rains have fallen in every direction in the last eight days and water and grass are plentiful.—Record.

"The Pecos Valley surveyors will be in El Paso within the next two weeks," said Mr. L. W. Rogers, who came in from Roswell yesterday. "The last information I had the party was this side of the mountain chain, within sixty miles of this place. The general opinion is the road will certainly be built; in fact, Mr. Haggerman the general manager, who left Roswell a few days ago for the east, has said enough to indicate the promoters mean business."—El Paso Times.

BIG MINING DEAL.

A Valuable Group at Bonito City Sold.

T. E. Peters transferred his group of mining claims on the Bonito near Capitan to M. Griffin O'Neil of New York City, and in a short time the rich properties included in the sale will be shipping ore to El Paso smelters The price was $18,000. The group comprises the Soldier, Christmas, Magnolia, Venus and Diana claims, containing in all a block of 100 acers of ground. The Soldier is the claim most developed and the work on this comprises three shafts, aggregating 400 feet and a tunnel 800 feet in length, cross cutting the vein at a depth of 850 feet, and considerable development on the other claims. The ore is quartz, carrying good values in silver and gold, some of the specimens containing native silver. —El Paso Herald.

No Rivalry.

Some people, who are missinformed or have malicious motives are attempting to convey the impression that there is a rivalry between the towns of Capitan and White Oaks. There is no truth in such a rumor. Capitan has its unsurpassed deposits of coal and iron, its minerals, thousands of acres of timber, agriculture and grazing lands, beautiful scenery and an incomparable climate White Oaks has its rich gold and copper mines, coal, thousands of acres of rich placer grounds and its mountains of marble and fine building stone. The two towns are twenty-five miles apart but their interests are in common with each other, neither can detract from the other; capital invested in one camp will in a measure assist the other. We are all located in the rich county of Lincoln and whatever the wiseacres may say we are all pulling on the same string. —Miner.

A Powder Mill Explosion.

Remove everything in sight; so do drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, when Dr. King's New Life Pills, which are gentle as a summer breeze, do the work perfectly. Cures Headache, Constipation. Only 25c at M. G. Paden's drug store.

When Tracts Were Trumps.

An army officer tells this story: "One of my chaplain friends was on an army transport, going south with officers and men from various regiments. The officers were playing cards in the cabin from morning to night. When Sunday came the chaplain took a good supply of reading matter from his cabin, and was on hand with it as the breakfast table was cleared off and the officers were getting ready to play cards as usual. Stepping to the head of the table, he said, good-naturedly; 'Gentlemen, tracts are trumps today and it's my deal.' 'All right, chaplain,' the officers responded. 'give us a hand.' The books and prayers were given out. No cards were played that day. The chaplain had his opportunity unhindered, because he showed tact in his way of presenting his case."—New York Tribune."

His Life Was Saved.

Mr. J E. Lilly, a prominent citizen of Hannibal Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My Lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. Kings New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong, I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Troubles, Regular sizes 50 cents and $1 00. Trial bottles free at M. G. Paden's Drug Store, every bottle guaranteed.

No town in the Territory has beed started with brighter prospects than the new town of Capitan. Capitan is now two months old and has a population of over 500, which record of growth has never been equaled by any other town in New Mexico. Notwithstanding this rapid growth, the buildings are of a substantial kind and the people are of that plucky, energetic class necessary in the building of new towns.—Miner.

WHITE OAKS RESOURCES.

Hon. H. B. Fergusson Speaks of the Prosperous Times in the W. O. District.

Hon H. B. Fergusson, who has been absent in White Oaks for the past two weeks, attending to his valuable mining interests, returned yesterday morning. In conversation with a Journal Democrat man he said that the present state of affairs in the pretty mountain girt town was very satisfactory to the inhabitants and that the future was rosy with promise. While for years back the famous Old Abe gold mine, of which Mr Fergusson is one of the four principal owners, has been the only mine operated in the district four are now running and doing well. Those in addition to the Old Abe, are the Boston Boy, the Lady Godiva and the South Homestake. It is reported that the North Homestake mine will be started in a short time. Mr. Fergusson gives a good account of the Boston, which was purchased during his stay in White Oaks by a Buffalo and New York syndicate, which will operate the property on the most extensive scale The mine seems to be a continuation of the Old Abe, and its owners hope it may prove an equal to that famous producer. The surface indications are all that could be desired.

Regarding the Old Abe, Mr Fergusson said that the property was doing well and promising better things still. The ore is becoming more refractory with depth, but as the product is treated by a stamp mill and the tailings subjected to a cyanide process, nearly all the values are saved. The workings have now reached a depth of 1,200 feet and still not a drop of water is to be found in the mine.

The Old Abe company is operating one of the White Oaks coal mines, and within the past few days uncovered a new four foot vein of excellent coal This was at first thought to be a break in the original vein, but the opinion of an expert who examined the property carefully, was that the vein, which was found several feet below the original one, was an entirely separate one.

Mr Fergusson was quite enthusiastic over the coal situation in White Oaks. He said that Capitan was booming, a great deal of coal being mined, and that a good town was springing up, but that the railroad, which had done so much toward developing the section, wanted every bit of coal that could be secured, and the excellence of the White Oaks article, together with the large quantity the collieries were capable of producing, would influence the company to extend a branch to White Oaks in a very short order. The White Oaks coal is bituminous, burns freely and is excellent for coking purposes.

Mr. Fergusson also spoke of the Jicarilla mining district, 10 miles from White Oaks. The placers here are wonderfully rich in gold, but an extreme scarcity of water has thus far hindered any exteneive developments. Many kinds of dry washers have been tried, but in all cases have failed to save half the value that can be secured by the application of water.

A few days ago representatives of a wealthy Cleveland corporation arrived in White Oaks, heralded by no blare of trumpets, but what was more to the purpose, having with them a newly invented well sinking outfit, capable of boring through the hardest rock, through quicksands and clay for a distance of 4,000 feet. This outfit is being put together in the Jicarillas, and a determined attempt, which will almost certainly be successful, will immediately be made to secure an abundant water supply. Once water is secured in abundance, nothing is more certain than that millions of yellow gold will be wrested from the black and hitherto unyielding soil.

The gentleman said that prospectors and home seekers were flocking to the district, but that there was still a demand for good miners. He had great faith in the district, which he believes to be excelled in natural mineral wealth by none in the territory.

All classes of people, the cattleman, the sheepman, the miner and the artison are prosperous and happy and looking forward with confidence to greater prosperity to come.

Hill's Eulogy on Lee.

The "Lost Cause" made the following extract from an address delivered by Senator Ben Hill before the Southern Historical Society at Atlanta, February 17, 1874:

"When the future historian shall come to survey the character of Lee, he will find it rising like a huge mountain above the undulating plain of humanity, and he must lift his eyes high toward heaven to catch its summit. He possessed every virtue of other great commanders without their vices. He was a foe without hate; a friend without treachery; a victor without oppression, and a victim without murmuring He was a public officer without vices; a private citizen without reproach; a Christian without hypocrisy and a man without guile. He was a Cæsar without his ambition; a Frederick without his tyrany; a Napoleon without his selfishness, and a Washington without his reward. He was obedient to authority as a true king. He was gentle as a woman in life; modest and pure as a virgin in thought; watchful as a Roman vestal in duty; submissive to law as Socrates, and grand in battle as Achilles.

Senator Lodge, of Massachusetts, would have the country believe that the United States are on the eve of a war to maintain the Monroe Doctrine. Like Secretary of war, Root, he would convey the impression that the crisis will come when Germany attempts to secure the Danish West Indian Islands, for which this government has been negotiating a purchase for a naval station the past two years. It is also claimed that Germany wants to establish a colony in South Brazil, etc. The object of Secretary Root and Lodge is clearly visible. They want a powerful army and navy, and Lodge's speech in congress on the naval appropriation bill is where he gave notice of his alarm that war for the maintenance of the Monroe Doctrine was eminent. Washington warned his countrymen against entangling alliances with foreign nations. This administration is drifting into these very dangerous methods.

The Island of Cuba is being looted by carpet beggars, who are now enjoying a prosperous era of theft.

ELECT SENATORS BY A DIRECT VOTE.

The election of Senators by a direct vote of the people is generally desired by the democrats of the country, and a great number of republicans favor it, and why not? It would give the country a senate of representative men in sympathy with the people, and would forever bar from the halls of the senate chamber that class of politicians of the Clark-Hanna school, whose financial patriotism alone, brings them in favor with a like class of pirates of a lower order, who manage to get into the legislatures for other than honorable purposes.

Where a party vote is close, and only two or three votes are necessary to elect a senator, it is much easier to buy these two or three than it would be to go among the people and buy them up in great numbers, besides the purchaser would be practicing a dangerous business, and could not watch these hundreds, or thousands, probably, like he could chaperon two or three members of a legislature, who for that matter, need not be paid until the service is rendered.

Again in purchasing so many ballots, among great numbers of people, the danger of detection would be eminent, and discovery would mean punishment—in fact it would seriously cripple the power of money in senatorial elections, which under the present system has great influence, and that influence may begin in the selection of members of the legislatures, who many times are pledged to support certain men and measures before they can secure financial assistance in getting into the legislature. Thus money plays an important part in senatorial elections, even before the miscreant, whose election is bought by the aspirant for re-election, or the Clark or Hanna who wishes to buy his first entrance into the U. S. senate.

The individual who gets into the legislature in this way is when he takes the oath of office a perjurer, and is not a representative of the people at all, but of the plutocrat who bought his election, and of course with the knowledge of these things knocking at his conscience he is ready to render any further service possible to his benefactor—hence it is, that people are some times dumfounded that men of such character are elected to these honorable positions, and that our laws are continually modeled for the further enriching of trusts and monopolies.

This system of moneytorial politics breeds anarchy, discontent, and the root of the evil is in the system of election in this particular—so strike there for the remedy, and we will not only have cleaner men in our legislatures, but every state in the Union will be represented by a senator who will represent his constituents, and when an old hypocrite of the moneycracy does struggle in, he will only serve one term, when he will be shelved forever.

Rich Find in Socorro County.

Six thousand feet below the summit in the Oscura mountains on the eastern summit has been discovered a mountain of mineral. The entire upheavel is 2½ miles long by 1,200 feet wide, and is declared to be a richly mineralized mass of copper, and other valuable minerals. The wall rock is porphyry and lime, and specimens from the surface show a value of more than $100.00 per ton The find was made by Denver capital, no further definite information is known.

Texas and the Standard Oil trust are having a regular combat and it begins to look like Texas will put the company out of the state altogether. A corporation which goes in for greed against the populace would better stay out of the state of Texas.

ELY'S CREAM BALM is a positive cure. Apply into the nostrils. It is quickly absorbed. 50 cents at Druggists or by mail; samples 10c. by mail. ELY BROTHERS, 56 Warren St., New York City.

Republicans have been in absolute control of the federal government for three years, and have done nothing against trusts, only to say there are good trusts and bad trusts. Why not tell the truth and say the g. o. p. is a prolific breeder of all, and she not only likes them but is continuing to legislate them into existence.

W. C. Kehoe, has purchased the Tularosa Democrat from Frank C. Matteson, who retires from newspaperdom in Otero county. Mr Matteson will open a law office at Alamogordo.

Corbett has again been punched out of the arena as a prize fighter—this time by Jim Jiffreys, who whipped him in the twenty-third round.

GREEN RIVER.

Is the official Whiskey used in all Hospitals of the United States. For sale at the Little Casino.

No Right To Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth velvety skin rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents at M. G. Paden's Drug Store.

SHERIFF'S SALE.

Public notice is hereby given that, under and by virtue of a Venditioni Exponas heretofore issued out of the District Court of the Fourth Judicial District of the Territory of New Mexico sitting within and for the County of San Miguel in certain cause in said Court then pending, said cause being No. 5174, wherein The San Miguel National Bank of Las Vegas was plaintiff and William H. Weed was defendant, whereby I am commanded to sell the property hereinafter mentioned and described, to satisfy a judgment rendered by said Court in favor of said plaintiff and against said defendant, William H. Weed, on December 7, 1899, for the sum of Ten Thousand and ninety-eight ($10,098) dollars, with interest thereon at twelve per cent per annum from August 20th., 1899 to date of sale, and all costs of suit and expenses of execution and sale, I will, at 10 o'clock, a. m., on the 12th, day of May A. D., 1900, in front of the Post office in the town of White Oaks, Lincoln County, New Mexico, offer for sale and sell for cash to the highest and best bidder, all the following described lands and tenements, or sufficient thereof to make and realize the amount of said judgment, costs and expenses, as aforesaid; said lands and tenements being the same which were heretofore by me attached by virtue of a certain writ of attachment duly issued out of said Court, in said cause, and being better described as follows; to wit.

One undivided third interest in the N. W. quarter of Sec. (5), Township seven (7), S. R. 18 E; also Lot two (2), Block thirty-two (32); the East half of Lot three (3), Block forty-seven (47); lot four (4), Block forty-seven (47); lots one [1] and two [2], Block fifty-five [55]; lots five [5] and six (6), in Block six (6); the West one half (½) of lot one (1), Block twenty-one (21); lot seven (7), Block two (2), of Kempton's First Addition to to the Town of White Oaks, Lot twenty-one (21), Lincoln Avenue City Lode Addition to the Town of White Oaks. All in the town of White Oaks in said County and Territory.

OF LOCAL INTEREST.

The American Placer Co. is getting machinery in place in the Jicarillas, and work will soon be underway.

Services at the the Congregational church next Sunday morning and evening. Sunday School at the usual hour.

John A. Haley went to El Paso yesterday to meet his brother, from Sipe Springs, Texas, who will visit here for some time.

A. H. Hudspeth, the clever young attorney of capitan, is in the city on business. Mr. H. says Capitan is forging ahead.

The EAGLE expects its new outfit to reach here some time during the present week. Every thing will be new and the best.

W. F. Blanchard has been appointed census enumerator for this and the Jicarilla district. Mr. Blanchard is on the ground.

Jas. Reed went to work for the South Homestake company Wednesday morning. He takes the position vacated by Alexander.

Col. W. L Ross, of Pecos City sold to W. W. Robbins the entire lot of the Hash Knife cattle on the 12th inst. for the consideration of $42,000.

J. F. Bonham and wife came in from California last night. Mr. Bonham is a prominent lawyer at Lincoln, and is enroute to that place.

The public school closed here last week, and Prof. E. S. Coombs left Saturday to spend his vacation at home in Carthage, Ill. He will probably return here for the next term.

G. D. Tarbell left for San Pedro, Mexico, this morning over the Northeastern via El Paso. He with others will make a trip through the mining regions of the state of Sonora.

J. E. Wharton came in from Alamogordo Wednesday where he had been in attendance at the District court, which adjourned Tuesday. But few cases were tried before the court, but much business was transacted.

A. J. Gilmore. of Eagle Creek, was here the first of the week. He came for the purpose of visiting the public schools of which Miss Ula Gilmore, his daughter, was first assistant under Prof. E. S. Coombs. Miss Ula and her father went home Monday.

Sixteen Hundred Ones and Twos.

W. C. McDonald, manager of the Carrizozo Cattle Co., sold 1,600 of one and two year old steers to Alfred Rowe, of Clarendon, Texas, last week. Delivery was made at Roswell.

One Inch of Rain Fall Tuesday.

The rain fall here Tuesday from four o'clock in the morning to four in the afternoon was 1.1 inches. This means plenty of grass on the ranges and fat cattle for Lincoln county this year. Lincoln county is truly the banner stock country of New Mexico.

A base ball team has been organized at White Oaks. The club ought to be a success for the town has plenty of knockers.—Alamogordo News.

It would be impossible f r the News to say anything sensible or truthful about anything in the White Oaks country or to speak kindly of its inhabitants. This is natural, however. Should that publication resort to courtesy and fair means in references to White Oaks and White Oaks people, outsiders who are acquainted with its methods, would look down on us with suspicion. So go it boots until you strik a knocker.

WILL BUILD TO WHITE OAKS.

Chas B. Eddy, president of the El Paso & Northeastern Ry., was here this week examining the coal resources of White Oaks and vicinity. He is very much pleased with the conditions generally, and remarked to a prominent merchant here that he would surprise us by building a branch here in the near future.

It is not that Mr. Eddy loves Ceasar less but Rome m re that he has decided to come to White Oaks with his railroad. This is a business proposition and a big one, and Mr. Eddy is a business man, and sees that he must do something and do it quickly if he reaps the harvest now ripe and waiting for the cycle in this locality.

A surprise of this character is just exactly what the White Oaks district wants, and when Mr. Eddy gets ready to talk business to White Oaks he will find the people ready to do the right thing, and that the many accusations of hostility that have been hurled against us is false and slanderous. There is no business proposition that can be made to White Oaks that her business men will not meet half way, and no false and slanderous misrepresentations that they will not resent.

The EAGLE voices the sentiment of every man in this community when it states that they want a rail road. But it also represents them when the statement is made that they want it to come under practi cal business conditions. They are not prepared to make injurious sacrifices, they will probably not be asked to, they have never been approached by the Northeastern on the question of rail roads, or we may say, any other question, but on the contrary have been silently overlooked on all matters of this character which would add stimulus to the growth of the community. Still when a disposition is manifested on the part of the rail road company to build a road into this town, and thereby give it a chance to market its products and develop its resources, they will find the people sensible, capable, and liberal to any enterprize which offers them equal chances of reward for business investment. White Oaks wants to see the country prosperous as a whole, and does not believe in a system or character of development which detracts from one locality to add prestige to another. this rail road or any other which may build into this town would help the community in many ways. but on the other hand there is nothing that can kill it, so long as there is gold in the hills, and men enough left on earth to work it. It has been a prosperous little village for 20 years and has before it a future that is to day causing the investment of a great deal of capital.

But there is also iron, coal, marbel and building stone etc., etc., here that needs a rail road to market it, and while there is no question that a road will come, time is worth money, and should the Northeastern decide to come in the way is open. This locality asks no favors further than ordinary conditions justify, it is not suplicating or petitioning, it is a business proposition, and on this end we have the goods and are ready to show them, first come, first served.

Dead as a Door Nail.

The small-pox scare is over, and there is none any where in this section of country. If the two or three cases reported were really small-pox, it was so very light that it occasioned very little concern with those who had it.

Due precautions have been observed by Dr. M. G. Paden, and no further danger is apprehended.

A GRAND SAVING SALE.

$5000

Worth of very Desirable and Seasonable Merchandise to be sold at a very Great Saving to the People of Lincoln County. Starting with this issue, and until further notice, everything in our store goes at a CUT PRICE.

Yours for business

S. M. Wiener & Son.

TALIAFERRO MAKES A RECORD.

The Mail Clerk Between Albuquerque and La Junta is a Record Breaker.

J. C. Taliaferro, mail clerk on the Santa Fe rail road between Albuquerque and La Hunta, holds the record for excel nce in the quarterly examinations which every one of the 8,000 mail clerks in the service of the U ted States must undergo. In all his examinations Mr. Taliaferro has thrown 20,000 cards and has never been known to make a mistake. He has a clean record of 100 per cent marks opposi e his name for five years that he has had the run between La Junta and Albuquerque, something of which no other clerk in the service can boast. During the five years it has never been necessary for the main office at Denver to call his attention to a mistake, a misthrown letter, or a miscarried pouch. Taliaferro was formerly in the sea service, and worked mails on the ocean steamers between New York and Liverpool. He is 32 years of age, entered service when he was 17.—Optic.

J. C. Taliaferro is a son of Capt. Richard Taliaferro, of Lebanon, Missouri, and a cousin of Jones Taliaferro of the firm of Taliaferro M. & T. Co., of this place. He entered the civil service as the foregoing states when he was 17 years old under appointment of Richard P Bland, who represented that district in congress at that time.

"It is with a good deal of pleasure and satisfaction that I recomend Chamberlain's Colic Cholera and Diarrhoe Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A Lady customer, seeing the remedy exposed for sale on my show case, said to me: "I really believe that medicine saved my life the past summer while at the shore, and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by M. G. Paden Druggist.

Will Interview Delinquents.

Chas. D. Mayer of this place has been appointed Deputy tax Collector by H. Lutz Treasurer & Collector, and is authorized to collect all taxes delinquent on personal property in Lincoln County.

Miss Florence Newman, who has been a great sufferer from muscular rheumatism, says Chamberlain's Pain Balm is the only remedy that affords her relief. Miss Newman is a much respected resident of the village of Gray N. Y., and makes this statement for the benefit of others similarly afflicted. This liniment is for sale by M. G. Paden Druggist.

Why remain sick? If troubled with Scrofula Scrofulous Humor, Boils, Humors on the face, Catarrh, etc. We ask that you give Dr. Simmon's Sarsaparilla a trial. $1.00 and 130 doses.

F. B. Alexander went to San Pedro, Mexico, Wednesday, where he has accepted a position as Master mechanic of a mining property at that place. The company employing Mr. Alexander has been negotiating with him for some time, and yesterday sent him a telegram that they would pay his price and to come immediately. Several White Oaks miners hold g ood positions now in that section of Mexico. They are practical men and as such are in demand.

Billiousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by M. G. Paden Druggist.

Rev. Jno. A. Hollars, paster of the Congregational church, has handed in his resignation to the board of trustees of that church, to take effect June 20, this year. Mr. Hollars voluntarily severs his pastorship with this church, and intends spending two or three months recreating in Colorado before taking another charge.

Volcanic Eruptions

Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve, cures them; also Old Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains, Best Pile cure on earth. Drives out Pains and Aches. Only 25 cts. a box. Cure guaranteed. Sold by M. G. Paden, Druggist.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for *catarrhal troubles*, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

Similar to Cerrillos

Chas. B. Eddy, of the Northeastern and W. P. Thompson, Supt of the Co's coal mines at Capitan were here this week, and examined the coal at the Parker mines. Mr. Thompson pronounces it a good quality—says it is similar to the Cerrillos coal. This should forever settle the coal proposition at White Oaks for the reason that Mr Thompson is in position to know what he is talking about, and his opinion will be worth something to White Oaks.

CAPITAN NEWS.

[Miner.]

Reports have it that Dolph & Robinson, of Scranton Pa., who now own the Helen Rae mine at Nogal, will begin work on the property soon.

Some very promising gold, copper and silver ores have been lately found on the north side of the Capitan mountains, near Gumm's saw mill, and several claims have been located.

T. B. Wilson, George Sligh and others have recently struck a lead of high grade copper ore in the Nogal district near Church mountain.

Many persons, and even some newspapers, make a mistake in speaking of the Jicarilla mining district as the "Jarillas." The Jicarrilla mountains, where the American placer company are at work, are located in northwestern Lincoln county; the Jarrilla mountains, are located in southwestern Otero county. The two are over one hundred miles apart.

On May 14 Capitan will vote upon a proposition to issue twelve thousands dollars in bonds for the erection of a public school building. There is no doubt but that the bonds will carry, which they should, and then very soon Capitan can boast of as fine a public school building as is to be found in this section of the Territory.

County surveyor, B. R. Robinson has located a number of valuable coal claims on the Bonito, ten miles from Capitan, for some Detroit, Michigan, parties. These coal measures lay nearly on a level, and in at a distance of only a few feet show up a vein of good coal from five to seven feet in thickness. They are a continuation of the Capitan coal measures.

About four thousand acres of the iron beds, three miles northeast of Capitan, have been located. There are mountains of this ore and tests made of samples show it to contain 65 per cent. iron, and it is pronounced by experts to be a first class quality of iron ore. Its close proximity to the Capitan coal deposits will in the near future do much towards building up our town by giving employment to a large number of men.

In prospecting for artisian water on the present Capitan townsite, some two years ago, S. T. Gray struck a strong flow of petrolium oil. Oil wells will in the near future be one of the industries of Capitan We have the oil here at a shallow depth and all we lack is the capital to bring it out of the ground and convert it into a commercial commodity. With our inexhaustible supply of coal iron minerals and building stone, our oil and artisian wells, coke ovens, etc., Capitan is truly destined to become the leading town of New Mexico.

S. T. Gray is erecting a building on Lincoln avenue to be used for a blacksmith shop.

The telephone line from Capitan to Ft. Stanton, will be completed tomorrow the 11th.

The coal company is erecting a club room for the use of employees of this corporation.

The Independent order of Redmen has a large and flourishing organization here.

J. W. Whitesides, a former popular sheriff of Eastland county, Tex., is among the leading merchants of Capitan.

We care not what others may say about the White Oaks coal, it is of a good quality and there is plenty of it. Some day White Oaks will get a railroad and then can place her coal on the market along by the side of Capitan coal, both knocking out all competitors. For fuel and steam purposes Lincoln county coal has no equal This paper is printed at Capitan but it is not our policy to cry down a neighboring town to tickle the fancy of any one.

Mr. Griffin O'Neil came over from Capitan, Saturday and left Sunday for Nogal and while here made arrangements to commence work on the "Soldier" group of mines which he recently purchased of T. E. Peters. A force of men will commence Monday repairing the roads from the main saft to the valley road, over which ore will be hauled to the railroad at Capitan for shipment. The writer remembers when ore was hauled from this property to the smelter at Socorro by team which noted the shippers upwards of $100.00 per ton.

A Sad Accident.

A sad accident occured in the family of Mr. Johnson, living six miles southwest of town, Monday evening, which resulted in the instant death of one of the Johnson boys. The report of the accident is meager, but it appears from information that one of the Johnson boys was taking a loaded shotgun from the gun rack when the weapon was accidently discharged, instantly killing a younger brother, who was standing near by. The discharge of shot entered the breast and death was instant.—Miner.

THE NEW YORK WORLD

THRICE-A-WEEK EDITION.

As Good to You as a Daily and You get it at the Price of a Weekly.

It furnishes more at the price than any other newspaper published in America. Its news service covers all the globe and is equaled by that of few dailies Its reports from the Boer war have not been excelled in thoroughness and promptness and with the presidential campaign now in progress it will be invaluable. Its political news is absolutely impartial. This fact makes it of especial value to you at this time.

If you want to watch every move of the great political campaign take the Thrice-a Week World. If you want to keep your eye on the Trusts—and they need watching—take the Thrice a Week World. If you want to know all foreign developments, take the Thrice a-Week World.

The Thrice a Week World's regular subscription price is only $1.00 per year.

We offer this unequalled newspaper and WHITE OAKS EAGLE together one year for $2 00.

The regular subscription price of the two papers is $3.50

Base Ball

White Oaks has organized a base ball team and already the embryoic athletes are thirsting for gore. In speaking of the club, the Eagle says:

"Out of the material thus brought together two nines will be secured for practice, and when our new rival, Capitan, insists on a game the best nine out of the membership of the White Oaks club will be pitted against her."

Now, if THE MINER is not badly mistaken, there is going to be an enteresting game of baseball hereabouts, soon, for the Capitan boys are not made of that kind of stuff to let the White Oaks club go around with a chip on its shoulder. A good friendly game of ball would do much in uniting the two towns, by getting acquainted. The columns of this paper are open for the Capitan boys to speak.—Miner.

THE GREAT PRESIDENTIAL CAMPAIGN OF 1900.

The wars of America have, heretofore, settled affairs of state. Great questions of policy, of national motives and national conclusions have been answered as soon as the battle smoke cleared away, and the victor realized his victory. The war with Spain is unlike its predecessors. It has not answered questions, but has created probleme which may not be solved lightly. These problems are being formulated by the political parties, and before they can be definitely settled at the ballot box it is necessary that the people be informed in regard to the situation. The result of the campaign of 1900 will make a broad mark upon the page of history; it will doubtless establish the policy of the great Republic of America for a quarter of a century. It is vastly important, therefore, that every citizen shall study the situation through that best of mediums, a great newspaper. The Semi Weekly Republic which affords a comprehensive view of political situation in all its bearings. It publishes the new news. The Semi Weekly Rebublic is a Democratic paper, but it offers to its readers the news regarding all the political parties, and this without prejudice. It is a fair newspaper. Its telegraph and cable news service has been proved to be the very best employed by a modern paper. Its special features are unsurpassed. It is the newspaper for the reader who has not access to a daily paper.

News features, art, and literature combine to make The Republic's Sunday Magazine a specially attractive weekly magazine The half tone illustrations printed in this magazine surpass anything ever attempted by a newspaper These products of photography are worth the price of the paper. Special articles by trained writers on the news and the subjects eng ging the public attention are prepared for The Republic's Sunday Magazine. A distinctly useful and attractive feature of this magazine is the fashion department. Always reliable and up with the times, the ladies find the fashion page a delight. Indeed The Republic's Sunday Magazine appeals to every member of the family.

The subscription price of the Semi Weekly Republic is $1.00 per year. The Republic Sunday Magazine $1 25 per year. Both papers are now being offered at the very low price of $1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.

Address all orders to THE REPUBLIC, St. Louis, Mo.

This offer of a sample wheel at this low price is made to secure a RIDER AGENT in each town to represent us and take orders. Our agents make money fast.

SPECIFICATIONS. Frame, 18, 20 or 22 inch; ladies, 20 inch. Best Shelby seamless tubing with forged connections, flush joints, improved expander device to fasten seat post and handle bar; Royal Arch crown; the celebrated Mavis hubs and hanger—the easiest running known; Record "A" tires, the best and one of the most expensive tires on the market. The genuine $4 Messinger Hygienic saddle; pedals, tools and accessories the best obtainable. Enameled in black, maroon or coach green, highly finished and ornamented; special finished nickeling on all bright parts. We thoroughly test every piece of material that goes into this machine. Our binding year's guarantee bond with each bicycle.

FREE to any one sending the $16.50 cash in full with order we will send free a genuine Bordick 10,000 mile barrel pattern cyclometer; or a high grade floor pump. Your money all back if you are not perfectly satisfied.

CHEAP WHEELS. We do not manufacture the cheap department store kind of wheels, such as many new concerns and big supply houses advertise and sell as high grade. We can furnish them, however, at $5 to $7 stripped; or $9.75 to $12.50 complete. We do not guarantee nor recommend them. BEFORE ORDERING a bicycle of any one else, no matter who or how cheap, write us and let us tell you how much we can save you on the same machine.

If you are UNABLE to BUY a wheel we can assist you to EARN A BICYCLE by distributing catalogues for us a few days. We need one person in each town for this purpose. We have several hundred SECOND HAND WHEELS taken in trade which we will close out at $3 to $10 each; also some shopworn samples and '99 models very cheap. Send for Bargain List. OUR RELIABILITY is unquestioned. We refer to any bank or business house in Chicago, or any express or railroad company. We will send you letters of reference direct from the largest banks in Chicago if you wish it.

SEND YOUR ORDER today. This low price and these special terms of shipment without deposit will be withdrawn very soon. Give name of this paper.
