WHITE OAKS EAGLE.

VOLUME IX.—NO. 22. WHITE OAKS, LINCOLN CO., NEW MEXICO, THURSDAY, MAY 31, 1900. ONE DOLLAR AND FIFTY CTS. A YEAR.

WHITE OAKS MINING INTERESTS.

Big Sale of One of Lincoln County's Bonanza Mining Properties Recorded Last Week.

THE "BOSTON BOY" CHANGED HANDS.

Is One of the Best Mines in the District and Is Destined to Develop Into an "Old Abe."

A Journal-Democrat's representative visits White Oaks and is impressed with its resources. He says:

Railroad or no railroad, White Oaks has been going steadily forward for the past few months, until the mining situation in that famous district never looked so bright before in the entire history as at the present moment. As a proof of this, a mining sale took place Saturday in which $25,000 changed hands and the purchasers were mighty glad to get it at that. This was the sale of the Boston Boy to some Buffalo capitalists.

Several months ago Professor Presswick, a former instructor of chemistry in Cornell university, came to White Oaks on a business and pleasure trip combined and while doing some prospecting he was shown the Boston Boy, which, at that time, was the sensation of the Camp. The specks of the yellow stuff in the ore alone proved its high quality, but to test it, the professor sent it to El Paso. The assay, of course, only proved conclusively what the sight had previously declared, and the high quality of the mine was established. Mr. Presswick communicated immediately with some Buffalo parties and knowing him to be a scientist of good judgment, as well as sound business acumen, they became interested and sent two of their members to investigate. They were O.C. Hoyt and Dr. H. M. Hill, a prominent physician of Buffalo. They arrived in White Oaks last week and spent several days in a careful investigation of the property. They found it exactly as represented, and its immediate purchase followed.

The owners of the mine are Mrs. Woodland, a widow, Bert Timoney and Frank Conger, but about a year ago they gave an option on it for $4,000 to Messrs. Heineman and Creary. As this option expired only last Sunday, it was these latter gentlemen who really made the sale.

One of the most prominent mining men of the territory and one who has made a fortune in the White Oaks mines, in conversation with your representative, declared that in his opinion the Boston Boy would prove to be a second Old Abe with proper development. The vein in the Boston Boy, he believes is a continuation of the Old Abe lead, which is a true fissure and which has produced a million dollars in gold up to the present time, with thousands of tons of ore in sight yet. If the Boston Boy does prove to be this, and that it will hardly admits of a doubt, White Oaks will see a repetition of the days of the early 90's, when it was the livelist district in the territory.

The Boston Boy lies about 300 yards north of the Old Abe. The shaft is down about 60 feet, with a 150-foot tunnel running in the mountain. Cross-cuts from this shaft show a vein from 8 to 10 feet wide of free milling ore that will average about $75 per ton.

With the opening of the Boston Boy, White Oaks will have four working mines, which is more than the place has had in the last eight years, The other three are the Old Abe, the South Homestake and the Lady Godiva. The Old Abe is working 30 men, and the Lady Godiva and South Homestake 10 each.

Through the courtesy of Supt. Hewitt, your representative was shown through the Old Abe by that tall, big-hearted foreman, John Keith. The shaft has now reached a depth of 1,200 feet, with hardly a drop of water in sight, except some surface drippings which makes it the deepest dry mine on the continent. There are levels at every 50 feet, from which drifts have been run, in every one of which can be seen the famous lead, in some of the places scarcely 6 inches wide, in others approaching 2 feet. In the 850-foot level, after a tedious, if not dangerous climb, the vein was shown in which long rich streaks of the yellow stuff reflected the light of the candle in so tempting a manner that a desire was born to pinch some of it off.

In the South Homestake very little ore is being taken out at present, except what is absolutely imperative to developing the mine. The shaft is sunk 530 feet, with levels every 50 feet and drifts running from 50 to 200 feet in length and opening up an excellent ore bodies. Dolph & Robinson, of Scranton, Penn., hold an option on the mine, which is under the management of Geo. L. Ulrick and Dave Tinnen.

President C. B. Eddy, of the E. P. & N. E. railway, drove over from Capitan last Sunday and took a turn through the coal mines. What the result of his visit will be is not known, but it has been the cause of considerable speculation. The White Oaks coal is now admitted beyond a doubt to be of a superior quality, and it is not likely that Mr. Eddy, with his large coal interests, will overlook these exceedingly valuable properties lying so close to his road.

One of the pioneers of the camp, to whom a revival of prosperity will come as a well-merited reward is Mr. U. Ozanne. Even during the dullest times in the camp this genial host has managed a house that has been a constant source of surprise and admiration from the traveling public. He has always been a firm believer in the possibilities of the district and what is better, has never had his light under a bushel, but has taken every opportunity to convince others of his beliefs. Mr. Ozanne and his amiable wife are clever entertainers, who certainly understand the art of caring for the wayfaring traveler.

Mr. T. B. Gregg is another pioneer who has been in the district for the past 20 years, and in all that time has never lost faith in what he considers the richest mineralized belt in the territory. Although nearly three score and ten, Mr. Gregg is still very spry and is one of the oldest and best trusted of the Old Abe's employees.

The White Oaks people in general are very much encouraged over the developments of the past few months, and very good cause they have to be, too, it seemeth.

FRED A. BUSH.

WHITE OAKS GOLD.

The country of which White Oaks is the center, in the southeastern part of the territory, will be helped by the rail road now building from El Paso. It should have long ago have been connected with the Santa Fe road by a branch line. That section of New Mexico contains large deposits of gold. One or two dry placers have attracted attention for years, but lack of water has prevented their development. Should Edison's process of treating gold bearing gravel of that kind prove successful, southeastern New Mexico will produce annually a large amount of the yellow metal.

A LIFE AND DEATH STRUGGLE.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages; coughed night and day. All my doctors said I must soon die. Then I began to take Dr. King's New Discovery for consumption, which completely cured me. I would not be without it at a cost $5.00 bottle. Hundreds have used it on my recommendaton and all say it never fails to cure Throat Chest and lung troubles." Regular size 50c and $1.00. Trial bottles free at M. G. Paden's Drug Store.

Old papers 25 cents a hundred at this office.

POST OFFICE AT PICACHO.

Martin Chaves has been appointed post master at Picacho. Picacho's post-office was for some reason, discontinued some time ago and residents would have suffered great inconvenience had the petition for its re-establishment been denied them.

Mr. Geo. L. Brooks, Live Stock Agent in charge of Live Stock business of New Mexico and Arizona, for the Santa Fe Ry. Co., with headquarters at Albuquerque, New Mexico, having resigned, the duties heretofore performed by him will be assumed by Mr. F. B. Houghton, Division Freight and Passenger Agent, El Paso, Texas.

THE SCHOOL LAND JOB.

How about that school land job? The ADVERTISER cannot believe that the people of this territory will put up with much more of the star chamber business and if the officials in charge of the land matters refuse to let the public know what they are doing with the public lands an investigation of their methods will be necessary, and that very soon. —Industrial Advertiser.

TWO FOR ONE.

Here is an offer that should be accepted by every reader of the EAGLE. For $2 00 we will send the INTERNATIONAL INDUSTRIAL RECORD, of El Paso, Texas, and the EAGLE, 12 months. This offer is open to all new subscribers and all old ones who renew. To those who have recently paid dues to the EAGLE, the RECORD will be sent on receipt of $1.00. This is a saving of $1.50 by taking the two papers together. The RECORD is a 16 page paper, full of industrial matter, especially of mining and live stock news. All interested in either of these industries should take advantage of this liberal offer, which stands good for six months. March 8, 1900.

THE APPETITE OF A GOAT.

Is envied by all dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver Remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c at M. G. Paden's Drug Store.

THURSDAY, MAY 31, 1900.

The public school building at Weed, Otero county, was burned by incendiaries last week.

Republicans are talking White, United States Ambassador to Germany, for candidate for the vicepresidency. Just any old thing available will do.

Chaves county has had only one republican official since her inauguration, and by the way Chaves is admitted to be the best governed county in the territory—a democratic record.

The Hon. Pedro Perea has one thing to be grateful for and that is that his party in convention at Socorro said nothing about his Congressional record. There are some things better left unsaid than said. Pedro's record will stand quietness.

Any newspapers in this territory defending the coal oil law passed by the 33rd. legislative Assembly of New Mexico is not worthy the patronage of any honorable American citizen, be he republican or democrat. The New Mexico politician is a daisy, watch him.

Editor Morgan, of Las Cruces, proprietor of the Dona Ana County Republican, is bringing new material for a printing plant, and although burned out a short time since, will, when his new offices are fitted up, have one of the best equipped news and job plants in the territory.

The Place Where He Will Get His Deserts.

An editor works 365¼ days per year to get out fifty two issues of a paper; that's labor. Once in a white somebody pays him a year's subscription; that's capital. And once in a while some son-of-a-gun of a deadbeat takes the paper for a year or two and vanishes without paying for it; that's anarchy. But later on justice overtakes the last named creature, for there is a place where he will get his deserts; that's hell.

Incompetents.

Don Pedro Sanchez, the venerable Taos county republican leader and census enumerator for New Mexico is now having serious troubles of his own in performing the functions of his office. Indeed, they have resulted in a general mix up among the republicans in all sections of the Territory. Such would not be the case if the selections had been made with a view to the fitness and capability of the applicants—from a semi-civil viewpoint. However, Don Pedro lent a willing ear to the old saw, "Be true to your party" and men were selected for enumerators, without proper regard for their qualifications. Indeed, the fact has developed that some of these appointees are unable to either read or write!

OPEN TO ALL.

We are ready to locate the college; any and all towns and cities in New Mexico that wish the Baptist college (which will be built this year for the Territory of New Mexico; to locate in their midst are respectfully asked to mail me their propositions not later than June 15th.

THINGS TO BE CONSIDERED.

1st. Health and climate.
2nd. Population and moral surroundings.
3rd. Accessibility, by rail or stage.
4th. Water supply and how obtained.
5th. Area of campus and how situated
6th. The amount of cash, town lots or lands as a Bonus to locate the college.

Our charter will call for $100,000 worth of property at completion. The first buildings will be completed in time to open school this year, for which the plans are in hand and the contract will be let about July 1st.

This institution will be worth thousands of dollars to the town that gets it and will be a perpetual blessing from the stand point of society. Hundreds of students will come from abroad and numbers of wealthy people will move to it in order to educate their children. They do not come to make money but to spend it. I will cheerfully answer any questions regarding this school.

Respectfully,
C. C. WALLER, Box B.,
Alamogordo, N. M.

Albuquerque Wants the D.&R. G.

The Commercial Club at Albuquerque has taken up the question of the D & R. G. extention into the Cochiti country with a view of inducing the Co. to build on to Albuquerque. Committee consisting of Hon. H. B. Fergusson, Hubbell, Burkhart, and Marron of the Duke city has been appointed to interview president Jeffrey on the subject.

White Oaks is very much interested in this proposed new line, and our citizens should awake to the possibilities before them, and do something to show the D. & R. G. inducements to build here. Battles are not won by inaction, neither should communities fall into a stereotyped form of doing business: it is necessary to keep up with the procession or fall out of the line altogether. Let us not only hope but work for all enterprises, calculated to stimulate business activity in this community. In a proposition of the foregoing character we have everything to gain and nothing to lose.

ARRESTED IN LINCOLN COUNTY.

Sheriff Kinsell's Trip—Acasio Gallegos Under Bonds—Cattle and Mines.

H. C. Kinsell, sheriff of Santa Fe county, came in from the south this morning and continued on to Santa Fe.

Mr. Kinsell was over in Lincoln county where he arrested Acasio Gallegos, charged with obtaining goods under false pretenses while at Santa Fe during the last territorial legislature. Gallegos gave bonds for his appearance at Santa Fe on the first Monday in September, when his case will come up for trial.

Mr. Kinsell made the trip via El Paso and Capitan, although the connections were close, he found the trip quite a hard one. He reports the cattle of Lincoln county in first rate condition; says the mineral industry is seemingly thriving in the districts he passed through, and that the coal mines at Capitan are being worked by day and night shifts, and producing a superior quality of coal.—Times.

Pull Down the Old Shacks.

Property owners who have old shacks still standing and rotting on property, should pull them down as soon as possible. It will add value to the reality.

Capitan News.

(Miner)

A report of the finding of placer gold in a small canon near Willow Springs has reached us. Willow Springs is near the mining camp of Scheelerville, in the Nogal district.

Jerry Hockradio has encountered a rich lead of lead ore in his mine south of Nogal. It is claimed by those who have sampled the ore that pure lead can be melted out of it in a blacksmith forge.

The El Paso & Northeastern has made the very low rate of $1.25 a ton on ore shipped from Capitan to El Paso in car load lots. This will enable a number of our low grade properties to ship their ores at a profit.

Lee Bowman, who died in Tularosa last week, was one of the pioneer prospectors of the Jicarilla country and was a part owner with Mr. Ross in some valuable mining property in that district.

P. G. James of Parsons, Max Wienberger and James Simms of White Oaks, are the owners of the Red Fox mine in the Bonito district, a very promising property that gives an avarage assay of $40 00 per ton in lead and silver.

W. A. Venters and William Bryden returned Saturday from a two weeks trip through the Gallina country, where they went on a prospecting tour. They are well pleased with what they saw and brought back some fine samples of ore.

H S. Church, of Otero county, it is said, wants to be a candidate on the republican ticket for councilman from the counties of Lincoln, Chaves and Eddy, Otero, Dona Ana and Grant.

Col. W. S. Baker has been a very busy man for several days. Today he shipped 25 tons of galena ore from Three Rivers to El Paso. Five tons of high grade copper ore from Tularosa last Monday from his Good Enough mine. He will also ship 5 or 6 tons of high grade copper ore from the Sadie Lee mine about next Tuesday. These properties are in the San Andres Mts. Mr. Baker is energetic, practical and careful and from indications it will only be short time before he will revel in luxury and ease. He certainly deserves success.—Tularosa Democrat.

Hon. H. B. Fergusson is in Whasington, D. C. to represent this territory in a strong protest against the construction of the El Paso dam.

GLORIOUS NEWS.

Comes back from Dr. Cargile, of Wash ita, I. T. He writes: "Four bottles of Electric Bitters have cured Mrs. Brewer of Scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. Its the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates the liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50c. Sold by M. G. Paden, Druggist. Guaranteed.

Looking for Coal.

A diamond drill is now in the vicinity of Spence Bros'. Gallo ranch, looking for coal. This location is on the line of the proposed Northeastern extension, and the machine belongs to that company.

Try the new remedy for costiveness, Chamberlain's Stomach and Liver Tablets. Every box guaranteed. Price 25 cents. For sale by M. G. Paden Druggist.

ELY'S CREAM BALM is a positive cure. Apply into the nostrils. It is quickly absorbed. 50 cents at Druggists or by mail; samples 10c. by mail. ELY BROTHERS, 56 Warren St., New York City.

Shipping Ore.

Jones Taliferro is shipping a car load of copper ore from his Gallina group of mines this week, loading at Carrizozo station, hauling the ore by wagon over 40 miles.

A force of men are at work on the group, and the lead at one of the openings from which this shipment is being made is about 4 feet in thickness and is rich in copper and runs high in silver and lead. Taliferro has a fortune in these properties, and his mines will be permanent producers when transportation is a few miles nearer.

"It is with a good deal of pleasure and satisfaction that I recomend Chamberlain's Colic, Cholera and Diarrhoe Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A Lady customer, seeing the remedy exposed for sale on my show case, said to me: "I really believe that medicine saved my life the past summer while at the shore, and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by M. G. Paden Druggist.

ADJOURNMENT OF SALE.

On this 29th day of May, 1900, at the hour of 10 o'clock a. m. in front of the Post-Office in the Town of White Oaks, Lincoln County, N. M., I Sheriff of said County of Lincoln, do hereby give notice that the sale of real estate advertised to be made by me, pursuant to the following notice:

SHERIFF'S SALE.

"Public notice is hereby given that, under and by virtue of a Venditione Exponas heretofore issued out of the District Court of the Fourth Judicial District of the Territory of New Mexico sitting within and for the County of San Miguel in certain cause in said Court then pending, said cause being No. 5174, wherein The San Miguel National Bank of Las Vegas was plaintiff and William H. Weed was defendant, whereby I am commanded to sell the property hereinafter mentioned and described, to satisfy a judgment rendered by said Court in favor of said plaintiff and against said defendant, William H. Weed, on December 7, 1899, for the sum of Ten Thousand and Ninety-eight (10,098) Dollars, with interest thereon at twelve per cent per annum from August 20th, 1899 to date of sale, and all costs of suit and expenses of execution and sale. I will at 10 o'clock, a. m., on the 19th day of May A. D. 1900, in front of the Post Office in the town of White Oaks, Lincoln County, New Mexico, offer for sale and sell for cash to the highest and best bidder, all the following described lands and tenements, or sufficient thereof to make and realize the amount of said judgment, costs and expenses, as aforesaid; said lands and tenements being the same which were heretofore by me attached by virtue of a certain writ of attachment duly issued out of said Court, in said cause, and being better described as follows: to wit:

One undivided third interest in the N. W. quarter of Sec. five (5), Township seven (7), S. R. 13 E.; also Lot two (2), Block thirty-two (32); the East half of Lot three (3), Block forty-seven (47); Lot four (4), Block forty-seven (47); Lots one (1) and two (2), Block fifty-five (55); Lots five (5) and six (6), in Block six (6); the West one half (½) of lot one (1), Block twenty-one (21); Lot seven (7), Block two (2) of Kempton's First Addition to the town of White Oaks; Lot twenty-one (21), Lincoln Avenue City Lode Addition to the Town of White Oaks. All in the town of White Oaks in said County and Territory.

DEMETRIO PEREA, Sheriff,
Lincoln County, N. M.
By John W. Owen,
Deputy."

Is by me adjourned until Tuesday, the 12th day of June 1900, at 10 o'clock a. m. of said day, at the same place as is specified in the foregoing notice.

Why do we not hear an announcement from the Dramatic club for a new play? A good lively play would now be well patronized.

Wallace Shartzar was in from the Block Ranch Tuesday. He tells us the grass is fine on the Block ranges and that cattle are looking good.

The American Placer Co. is encountering very hard rock, and progress is extremely slow. It is believed that this difficulty will be ended when the present stratum is passed through.

The new music for the band has been received, and the boys are practicing three times a week, getting ready for the Fourth. All leading instruments have been taken by individuals who have had experience, there are 14 instruments now in use, and three others will be purchased which will make a band of 17 pieces.

Citizens Meeting.

The citizens of White Oaks held a public meeting at the Stewart building last monday evening at 7:30 o'clock, for the purpose of taking steps to secure the Baptist College which is to be built at some point in this territory by the Baptist Association of Texas, which is represented in this territory by Rev. C. C. Waller, of Alamogordo.

The meeting was called to order by Dr. A. G. Lane, object stated etc., etc. John Y. Hewitt was chosen chairman, and order of business proceeded. Among other things done, a committee of three —Arthur P. Green, Dr. A. G. Lane and S. C. Wiener—was appointed to confer with Rev. Waller regarding the location of the enterprise in question and overything in the reach of White Oaks people will be done to secure the location of the school at this place.

The report of the committee will be heard at an adjourned meeting which will be held at the same place on the 12th of June.

EAGLE'S Statement Confirmed.

C. B. Eddy, of the Northeastern Ry., has confirmed the EAGLE'S statement that an early extension of the Northeastern is anticipated. In an interview with an El Paso Times reporter he says that three surveys will probably be made—One to Liberal, Kansas, one to Roswell and another to Las Vegas, after which the connection to be made first will be determined. The future of the White Oaks country continually grows brighter.

The teachers and officers of the Congregational Sunday school are making preparations to observe Children's day, Sunday June 10th.

D. T. Hoskins, of the San Miguel National Bank, Las Vegas, was in the city Monday and Tuesday looking after important business matters for that institution.

Rev. Gladney, who has been engaged in ministerial work here for two or three months, has accepted a charge at James Canon, Otero county, and is now at that place.

M. D. Lincoln is in from the Gallinas. He brings some very fine copper, silver and lead specimens from the property belonging to Spence Bros. and himself in the Gallinas.

New Steam Hoist.

B. H. Dye, Supt. of the Godiva mine, is putting in a steam hoist at the Co's. coal mines. They will soon be using their own fuel. Still improvements continue and onward is the slogan.

Mrs. Sam Neid will leave here Saturday to join her husband at Rocky Ford, Colorado. Mrs. Neid is making the trip for health and pleasure, and she and her husband will return to White Oaks together in about six weeks.

Geo. J. Weisher, Ferdinand Spilke, Frank I. Marsh, Clarence Moulton, E. L. Ozanne, William Meryman and others were in from Jicarilla yesterday, most of them to participate in the G. A. R. Decoration ceremonies, observed here.

Col T. W. Heman, who has been bookkeeper for the El Capitan L. & C. Co. is in the city. The Col. came in to attend the Decoration Day services of the G. A. R. of which he is the Senior Vice Commander, having been installed in office yesterday at 2 o'clock. His selection as Senior Vice Commander was made at a meeting of the organization at Santa Fe some time ago, and he assumed the duties of his office yesterday afternoon, having been installed by the Kearney Post, G. A. R. of this place.

Location of the Baptist College.

Alamogordo, N. M., May 28, 1900.
Editor EAGLE,
Dear Sir:

I have just read your article in last issue calling upon the citizens to more thorougly organize for the future development of White Oaks, and as you made mention of the Baptist college with which I am connected I feel at liberty to speak through your columns.

I have had considerable experience in town building and do not hesitate to say that White Oaks has every natural advantage to make it easy to develop her into a city, and better still, her population, from the stand point of intelligence, moral and social worth can not be excelled. Also in my visit to your city I found that your people had the right idea of town building, therefore all is needed now is to organize your business men and let them put the advantages and resources of White Oaks before the outside world in a systematic and business like way and White Oaks will grow beyond your own expectations.

There is no doubt but that you will have a rail road in due time, then your vast mineral resources will be in demand, had I the time I would go on with my reasons why I see a bright future for White Oaks, but every hour now is worth two to me until after the location of the college is decided, and if you will arrange a meeting of the citizens of White Oaks for one night next week I will come up and talk college to them.

All bids and propositions for the location of the college must be in by June 15th as the location is made on that date. Previous dates will carry me to next Saturday, but can meet with you any time next week.

Yours truly,
C. C. WALLER.

Beware of a Cough.

A cough is not a disease but a symptom Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough, and if properly treated as soon as this cough appears are easily cured. Chamberlain's Cough Remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not benficial it will not cost you a cent. For Sale by M. G. Paden. Druggist.

Producing Gold.

White Oaks is now producing more gold than for several years past. Four mines are running continuously. Two cyanide plants are in operation, all working the yellow metal. Two coal mines are being developed. This is a good country.

There's a New Store at El Paso.

We opened here last month at 112 & 114 South Oregon St. just across from the Zeiger Hotel. We are one of the 16 stores in the Graham Combination who buy and sell altogether over a million dollars per year. Our lines are Dry Goods, Clothing, Hats, Shoes, Furnishing Goods and Notions. We cheerfully mail samples of anything sampable and prepay express (except on heavy goods) on purchases of $5.00 and over for 300 miles or less.

When in El Paso drop in and have a look. Our only terms are one price and Spot Cash to everybody. Buying in such quantities it is easy to see we can well afford to sell 20 to 25 per cent cheaper than small dealers.

Billiousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by M. G. Paden Druggist.

Major W. J. Fewel, of El Paso, was here on business connected with his new ranch site west of the Mal Pais, near the Ft. Craig crossing, several days recently. He went home Monday.

Backache, Sprains, Bruises, cuts, Rheumatism, Catarrh, Diarrhoea, Cramp Colic, all aches and pain's speedily cured with Hunt's Lightning Oil. Failing, money refunded.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for *catarrhal troubles*, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

Census Queries.

The blank schedules to be used in the next census are now being distributed by the Census Office to the enumerators, who will start to work on June 1. The schedules contain questions which some persons may think prying, purposeless, or excessive in number. But their number and character have been determined by Congress, not by the Census Office, and all of them have been asked in previous censuses. The only important change since 1890 is that some questions have been abandoned.

People are often offended at the question, "How old are you?" and are apt to wonder what use the Government can make of their replies. Taken as a whole the replies are as important as any class of information the Census Office collects. Age returns penetrate and elucidate every other branch of statistical knowledge. They show where child labor is prevalent, and where the proportion of persons able to support themselves is large or small. They reveal the great number of colored children and the short life of the negroes under present conditions. They make it possible to ascertain whether the average length of life is increasing or decreasing, how many men the nation contains who are capable of voting or bearing arms, and whether the relative number of children is increasing or decreasing.

In Mohammedan or semi-civilized countries like India householders are often unwilling to answer the questions regarding the sex of persons in the house, but in civilized countries where the sexes are regarded as on an equality, such unwillingness does not appear. The answers to the questions show that in nearly all cities the females outnumber the males and that the same is true of most of the states along the Atlantic coast. The belief is widespread that taking the world in general there are more females alive at any given time than males, and that if it were not for immigration there would be more females in the United States than males. But census statistics show that we can not explain the great excess of males (over one and a half million) in the United States by immigration alone, for when the foreign-born are left out of account, there are still above 600,000 more males than females.

Few would dispute the necessity for asking questions regarding race. All arguments regarding the future of any particular race in this country, like the Indian, the negro or the Chinaman, must hinge upon the returns in the census. With the Indians, moreover, it is of the highest importance to learn what success the policy of the Government has met with in establishing them apart from their tribes and reservations, and whether such Indians are increasing or decreasing.

Some mothers may shrink from stating the number of children they have had and the number who are living. But from the answers to these questions, the country will learn whether the native American population is holding its own, or whether, as some have claimed, it is being gradually supplanted and displaced by the children of recent immigrants.

In the light of such explanations, and only a few of the most important questions have been touched upon, it may perhaps be clear to to the public that no question has been ordered by Congress, or has been asked by the Census Office which, if properly and correctly answered, will not lead to suggestive inferences regarding the American people and their work.

THE GREAT PRESIDENTIAL CAMPAIGN OF 1900.

The wars of America have, heretofore, settled affairs of state. Great questions of policy, of national motives and national conclusions have been answered as soon as the battle smoke cleared away, and the victor realized his victory. The war with Spain is unlike its predecessors. It has not answered questions, but has created problems which may not be solved lightly. These problems are being formulated by the political parties, and before they can be definitely settled at the ballot box it is necessary that the people be informed in regard to the situation. The result of the campaign of 1900 will make a broad mark upon the page of history; it will doubtless establish the policy of the great Republic of America for a quarter of a century. It is vastly important, therefore, that every citizen shall study the situation through that best of mediums, a great newspaper. The Semi Weekly Republic which affords a comprehensive view of political situation in all its bearings. It publishes the new news. The Semi Weekly Rebublic is a Democratic paper, but it offers to its readers the news regarding all the political parties, and this without prejudice. It is a fair newspaper. Its telegraph and cable news service has been proved to be the very best employed by a modern paper. Its special features are unsurpassed. It is the newspaper for the reader who has not access to a daily paper.

News features, art, and literature combine to make The Republic's Sunday Magazine a specially attractive weekly magazine. The half-tone illustrations printed in this magazine surpass anything ever attempted by a newspaper. These products of photography are worth the price of the paper. Special articles by trained writers on the news and the subjects eng ging the public attention are prepared for The Republic's Sunday Magazine. A distinctly useful and attractive feature of this magazine is the fashion department. Always reliable and up with the times, the ladies find the fashion page a delight. Indeed, The Republic's Sunday Magazine appeals to every member of the family.

The subscription price of the Semi-Weekly Republic is $1.00 per year. The Republic Sunday Magazine $1.25 per year. Both papers are now being offered at the very low price of $1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.

FREE to any one sending the $16.50 cash in full with order we will send free a genuine Hardick 10,000 mile barrel pattern cyclometer; or a high grade floor pump. Your money all back if you are not perfectly satisfied.

CHEAP WHEELS. We do not manufacture the cheap department store kind of wheels, such as many new concerns and big supply houses advertise and sell as high grade. We can furnish them, however, at $9 to $7 stripped; or $9.75 to $12.50 complete. We do not guarantee nor recommend them. BEFORE ORDERING a bicycle of any one else, no matter who or how cheap, write us and let us tell you how much we can save you on the same machine.

If you are UNABLE to BUY a wheel we can assist you to EARN A BICYCLE by distributing catalogues for us a few days. We need one person in each town for this purpose. We have several hundred SECOND HAND WHEELS taken in trade which we will close out at $3 to $10 each; also some shopworn samples and '99 models very cheap. Send for Bargain list. OUR RELIABILITY is unquestioned. We refer to any bank or business house in Chicago, or any express or railroad company. We will send you letters of reference direct from the largest banks in Chicago if you wish it.

SEND YOUR ORDER to-day. This low price and these special terms of shipment without deposit will be withdrawn very soon. Give name of this paper.
