GOOD WORK FOR MINERAL EXHIBIT.

Secretary Russell of the Chamber of Commerce has received a second letter from Major S. M. Davis, who is in the field collecting mineral for the exhibit in the chamber. The letter was written from White Oaks, two hundred miles northeast of El Paso. Major Davis writes the people there are at work in earnest and preparing an exhibit which "will open the eyes of the Chamber of Commerce."

Mr. Hewitt, manager of the Old Abe mine, has promised Major Davis about 200 pounds of the fine gold ore now on exhibition in the bank at White Oaks.

The people there will also furnish blocks of coal, pieces of marble, red sand stone, cream sand stone, iron, fire clay, lime rock, and other rocks and minerals, in fact, White Oaks will itself have a very large and varied exhibit. Major Davis says it will be a "dandy." They want all the specimens to come down at one time, and Mr. Hewitt has promised to come down with the exhibit and discuss matters of mutual interest with members of the Chamber of Commerce.

Major Davis says that the merchants of El Paso do not get one-eighth of the trade of White Oaks, and he thinks they should get at least nine-tenths of it. From White Oaks he goes to Nogal.—El Paso Times.

WHITE OAKS' COOL CLIMATE ATTRACTS MANY STRANGERS.

The heat in many places at present is almost unbearable. In White Oaks it is pleasant, and no annoying mosquitos make life miserable. Many strangers from various places over the country are here taking advantages of the pure air and healthful sunshine of this climate. More will come next summer; everyone here this season will help to advertise its virtues to all their friends, who will come with them.

When you want a modern, up-to-date physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at M. G. Paden's drug store.

Dr. Simmon's Sarsaparilla effectually aids weak, impaired and debilitated organs of both sexes. Its action is quick and lasting. $1.00 and 130 doses.

M. H. Webb for Drugs and Books. Orders promptly filled. El Paso, Texas.

IT IS FREE SILVER PROSPERITY.

In the consular reports for June just published and sent out by the department we find the following from Consul Griffith, of Matamoras, Mexico:

"Confidence in the stability of the present business prosperity has been conclusively shown during the past winter by the increasing interests evidenced by prominent northern capitalists. Many have visited the republic, not only to investigate purchases previous acquired, but also to make additional inventments in favorable agricultural and mining properties. Such handsome dividends have been realized from many of these investments that the owners are very enthusiastic. It is a well known fact that the commercial interests of this country are unaffected by labor disturbances or panics. Mexico's proposition to decrease the present rate of taxation, which will enable her to redeem out-standing bonds bearing a high rate of interest and to undertake many needed public improvements, is the culminating proof of the excellent condition of her treasury. While in some branches of industry and trade, during the past year, the gains have been moderate, in many the expansion of business has been marvelous. Prospective United States investors may be interested to know of the confidence shown by some of their most prominent countrymen in the business solidity of this country, and at the same time to be assured of the settled determination on the part of the administration to continue its present policy."

Now if Council Griffith had been able to send a different report, one detailing a stagnation of all business interests in Mexico, the Mark McKinley gang would be gleefully holding up Mexico to the inspection of the world as a horrible example of the free coinage of silver policy.

Four years ago European and American money powers made a desperate effort to induce Mexico to demonetize silver and adopt the gold standard. But President Diez and the statesmen of Mexico refused to surrender the control of their monetary system to the men who control the gold supply of the world. The Mexican government clung to silver, and the wisdom of its policy is seen in the prosperity that country i enjoying today.—El Paso Times.

WATER WORKS IS WHAT WE NEED.

Should the individuals who subscribed to the college fund be unwilling to aid in the organization and maintenance of a Board of trade and mining exhibit proposition why not let the amount go toward putting in a system of water works for the town?

There are many things at home right on the ground, that would be of incalculable advantage to the community if some one would take the initiative and go to work to accomplish them. There are always those who talk favorably on these questions of improvement and enterprise but never do anything. City water works could be put in here at a very reasonable expense and the difference it would make in appearances alone would add almost double value to every piece of property in town.

If we can raise $6,600 for a college enterprise, why can't the city have water works and a Board of Trade with the same money, which would result to as great a general good as the other?

There are a number taking interest in the mining exhibit now being prepared for the El Paso Chamber of Commerce, but let us be careful that two or three men do not put up all the money for getting it out. Of course no matter whether a cent is put in to this exhibit by some of our talkers or not, they will be the first to parade the fact before the enquiring stranger. "Although it has cost us considerable money we have an excellent exhibit"—(we). The EAGLE does not say that this will be the case in this instance, but such things frequently occur, and this is merely to emphasize the fact that it should not be allowed to occur this time.

Let everybody aid in putting in an exhibit in the El Paso Chamber of Commerce that White Oaks as a town will be proud of. As soon as possible let us have pure mountain water running through the streets and beautiful shade trees on White Oaks avenue.

S. T. GRAY SUGGESTED FOR OUR NEXT SHERIFF.

The Capitan Miner brings out S. T. Gray for Sheriff. The Miner says:

The candidacy of S. T. Gray meets with the approval of nine-tenths of the voters of this section of the county. No man in Lincoln county has a more extensive circle of friends that S. T. Gray. No man has done more for the county than he. The people here regardless of party would be pleased to see S. T. Gray at the head of the winning ticket at the November election. When his name is mentioned for sheriff the Mexicans as well as the Americans are loud in their praise of the man who has befriended so many, in the past. Mr. Brent is a good man and makes a good officer, the same can be truthfully said of Mr. Owens, but there are certain reasonable objections to either. With S. T. Gray for sheriff and the balance of the ticket made up of good men selected from other parts of the county, the ticket can be elected by a rousing majority in November.

RICH GOLD STRIKE ON THE RIALTO MINE AT NOGAL.

A rich gold strike was made at Nogal last week on the "Rialto mine," property of M. D. Gaylord. The ore assays $100.00 per ton, and the body is extensive. Nogal is wild over the new find and a great prospecting stimulus has been created by it.

DEMOCRATIC ANNOUNCEMENTS.

FOR TREASURER AND COLLECTOR:
Geo. E. Sligh.

W. J. BRYAN FOR PRESIDENT.

A dispatch from Carrizozo station just as we go to press states that Bryan was the nominee of the Democratic National Convention at Kansas City, for President by acclamation. The convention adjourned to meet tomorrow at 10:30 o'clock, when the Vice-Presidential nomination will be taken up. A number of candidates are being considered and no definite information can be given as to who it is likely to be.

A later dispatch states that Adlai E. Stevenson, of Illinois, was nominated for vice-president. The Chicago platform was reiterated with anti-trust and anti-imperialism planks added.

GALLINA EXHIBIT.

Chas. Spence is in the city this morning. He states to the EAGLE's reporter that he and M. D. Lincoln are at work getting the Gallina exhibit for the El Paso Chamber of Commerce ready. Messrs Gallacher and Chapman are in the Gallina district experting a number of claims belonging to different individuals this week. A genuine boom is apparently beginning in that district, and should the Northeastern extension go through, Gallina will be one of the chief towns on the line.

SURVEY COMPLETED.

The Roswell Register states that Chief Engineer Caswell and party, of Pecos Valley road, have returned there after completing their work to El Paso.

They came to within eight miles of El Paso, then returned across the country to Carlsbad.

Now that the survey is completed and the report in the hands of the directors it is reasonably expected that something definite will soon be announced.

AT WAR WITH CHINA.

With 65,000 soldiers and forty-five war vessels—a larger force than this country has ever before marshalled against a foreign foe—it evidently, no matter how it happened, looks like we are at war with China.

PICK-POCKETS.

The long fingered fraternity of El Paso, has been doing good work among the several hundred visitors who have been guests of that city for the past ten days. El Paso should hang a few of these fellows to a cotton wood tree.

THE CELEBRATION YESTERDAY.

It Was A Red Letter Day for White Oaks.

The Fourth of July Celebration here which ended at 12 o'clock last night was one of the most successful as well as the most appreciated by the general public that probably has ever been in this locality.

The morning program consisted in the rendition of selections of patriotic music, songs, orations etc. Col. Theo. W. Heman read the Declaration of Independence which was heard and appreciated by everybody present. Orations were delivered by Col. G. W. Prichard and Hon. W. Carey, of London, England.

At noon a genuine old fashioned barbecue dinner was served to the multitude, and the refreshments and service were praised by everybody.

The afternoon program opened with the ball game Town vs. Miners. Nine Innings were played and the score stood as follows:

Following the ball game came tournament riding in which honors were pretty equally divided. Geo Lee secured first prize, Omer Owen second, and Elmer Lindsey third. The remainder of the afternoon was occupied by various kinds of amusements, among them burro races, sack races, pony races etc.

The ball at the school house opened promptly at 8:30 with Prof. Juan L. Reyes, Karl Keith, Robt. L. Ransom, and Roy Gumm in the Orchestra box. About 60 couples were present and everybody had a good time. Fire works from Rocky Peak, superintended by Allen Curtis and Allen Lane were excellent.

Space and time forbid further notice of the greatest Fourth of July Celebration ever witnessed in this locality.

SLIGH FOR TREASURER AND COLLECTOR.

Geo. E. Sligh, of Nogal, has authorized the EAGLE to announce to the Democrats of Lincoln county that he is a candidate for the office of Treasurer & Collector, subject to the action of the Democratic county convention.

The Democracy of Lincoln county needs nothing said; nothing done, to add to the assurance the party has had since Sligh was a voter that he is a consistent democrat, a citizen of integrity and honor, possessing every requisite of competence to rightfully execute the duties of the office of Treasurer and Collector, should the voters of Lincoln County ask his service through their ballots at the November election.

Let the democracy of this county select candidates for office with stringent regard to fitness, and then if the ticket is defeated it must be by reputable republicans.

OF LOCAL INTEREST.

N. White, of Mobita, Texas, came in via. Roswell to White Oaks a few days ago to visit his family, who are here spending the summer to escape the heat of a Texas climate. Mr. and Mrs. White have four sons living here, and probably they and their two children yet at home with them will move to this country to reside permanently.

Wallace and Pete Gumm returned last Thursday afternoon from Wallace Gumm's ranch in the Capitan mountains, where they have been putting in needed improvements. Wallace has finished planting for the season, and says he will produce a yield of vegetables sufficient to supply the majority of the inhabitants of this end of Lincoln county. Several good rains have fallen in that vicinity recently, making an abundant crop of grasses. Stock of all kinds are in excellent condition.

John H. Canning is on a trip of two months' East. He went via. Kansas City where he will take in the great Democratic national convention. He will go to New York from Kansas City, and before returning home in September, will visit his old home in Montoral, Canada. He was accompanied as far as Kansas City by Richard Taliaferro, who was selected as one of the pages from this territory to the convention. Master Richard will return home direct from Kansas City as soon as the convention is over.

John B. Crowl, who for the past four years has been in the employ of Taylor & Carpenter, leaves Monday for New Mexico where he will enter into the mining business with E. H. Preswick, Q. U. '83, of Forrest Home, a former partner of Mr. Taylor. For the past three years Mr. Crowl has had sole charge of the branch store on Eddy street. During this time he has won hosts of friends by his business-like principles and all join in wishing him prosperity in the "Wild and woolly West." Mr. Crowl's mother and sister, who reside on North Tioga street, will remain in Ithaca for the present. —Ithaca (N. Y.) Journal.

Major T. B. Gregg has purchased the handsome residence property of C. M. Merrill, on the right of the road leading from town to the mines. This is one of the most desirable residence locations in town, and when Major gets through with improvements under consideration it will make a beautiful home. He has been living in White Oaks for a great many years and has always had great faith in the future of this locality, and now since railroad facilities are nearer, he considers investments in real estate money well expended. When his residence is fitted up he expects a visit from his daughter back east, whom he hasn't seen for several years.

OZANE-MONAHAN WEDDING IN KANSAS.

The popular Main street druggist, Mr. Henry Ozanne and Miss Kathryne Monahan of Woodward, O. T., were married yesterday morning at the Pro-Cathedral. The ceremony was performed at 9 o'clock by Father Tihen, and the Catholic ceremony was used. Only a few friends were present, and they were Mr. and Mrs. H.J. Hagny, Mrs. Houck, Mrs. Talbert, Miss Myrtle Hinton and Mr. Given Hagny. Immediately after the ceremony was performed an elaborate wedding breakfast was served at the home of Mr. and Mrs. Hagny. The newly married couple left over the Santa Fe at 11:05 for Excelsior Springs, Mo., where they will spend some time at this pleasant resort.

Mr. Ozanne has furnished a pleasant cottage on West Second street and they will go to housekeeping there on their return from their trip.

Mr. Ozane has been in Wichita for many years and is considered one of the practical business men of the city. At present he is the proprietor of a large drug store on North Main.

Mr. and Mrs. Ozanne have many friends in the city who wish them a happy life.—Topeka Capital.

Henry Ozanne is a son of our fellow townsman U. Ozanne, and brother of E. L. Ozanne of Jicarilla. Mrs. H. Ozanne, nee Miss Kathryne Monahan, is a sister of J. A. Monahan, who was with the Taliaferro Mercantile & Trading Co. last year.

The household remedy is Hunt's Lightning Oil. All aches and pains are quickly relieved. Satisfaction or money refunded.

This is a saving of $1.50 by taking the two papers together. The Record is a 16 page paper, full of industrial matter, especially of mining and live stock news. All interested in either of these industries should take advantage of this liberal offer, which stands good for six months. March 8, 1900.

A Copy of the World Almanac will be given to each subscriber to the Eagle who pays subscription one year in advance.

THE NORTHEASTERN SURVEYORS HERE.

Chief Engineer Sumner of the Northeastern Ry. Co. and his corps of assistants arrived here Saturday. They went into camp 1 mile east of town Thursday morning, and have begun a survey from the head of White Oaks Caynon through town to Carrizozo station. A previous survey shows a 2 per cent grade through White Oaks Canyon, and now Engineer Sumner hopes to reduce it to 1½. Mr. Sumner's family is here and White Oaks will be his headquarters until the work is finished through this section of country.

It begins to look like the extension through White Oaks and on to Liberal, Kansas, is about to begin, and it is confidently believed that Jan. 1901 will bring with it a through line of Ry. from El Paso to Liberal, Kansas.

The Great Presidential Campaign of 1900.

The wars of America have, heretofore, settled affairs of state. Great questions of policy, of national motives and national conclusions have been answered as soon as the battle smoke cleared away, and the victor realized his victory. The war with Spain is unlike its predecessors. It has not answered questions, but has created problems which may not be solved lightly. These problems are being formulated by the political parties, and before they can be definitely settled at the ballot box it is necessary that the people be informed in regard to the situation. The result of the campaign of 1900 will make a broad mark upon the page of history; it will doubtless establish the policy of the great Republic of America for a quarter of a century. It is vastly important, therefore, that every citizen shall study the situation through that best of mediums, a great newspaper. The Semi Weekly Republic which affords a comprehensive view of political situation in all its bearings. It publishes the new news. The Semi Weekly Republic is a Democratic paper, but it offers to its readers the news regarding all the political parties, and this without prejudice. It is a fair newspaper. Its telegraph and cable news service has been proved to be the very best employed by a modern paper. Its special features are unsurpassed. It is the newspaper for the reader who has not access to a daily paper.

News features, art, and literature combine to make the Republic's Sunday Magazine a specially attractive weekly magazine. The half-tone illustrations printed in this magazine surpass anything ever attempted by a newspaper. These products of photography are worth the price of the paper. Special articles by trained writers on the news and the subjects engaging the public attention are prepared for the Republic's Sunday Magazine. A distinctly useful and attractive feature of this magazine is the fashion department. Always reliable and up with the times, the ladies find the fashion page a delight. Indeed, The Republic's Sunday Magazine appeals to every member of the family.

The subscription price of the Semi-Weekly Republic is $1.00 per year. The Republic Sunday Magazine $1.25 per year. Both papers are now being offered at the very low price of $1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—MRS. CURTIS BAKER, Bookwalter, Ohio. Sold by M. G. Paden.

The Best Remedy for Stomach and Bowel Troubles.

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by M. G. Paden.

Heartburn.

When the quantity of food taken is too large or the quality too rich heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eating too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by M. G. Paden.

HUNT'S CURE
