DEMOCRATIC PLATFORM

Reaffirms Faith in the Declaration of Independence—Denounces the Republican Party for the Closing of Silver Mines in New Mexico, Depriving Thousands of Men of Employment—Commends Fergusson for Securing Lands for Territorial Schools and Institutions—Land Commission Sales, Stephens Bill and attitude of McKinley's Administration Toward Irrigation Interests, Condemned—Favors Construction of Reservoir and Irrigation System by Government—Coal Oil Jobbery and Infamous Jury Laws Condemned—Fellow Servant Bill Favored—Bateman Bill Commended—The Record of the two Parties on Statehood—Liberal Support of Public School System.

We, the representatives of the democratic party of the territory of New Mexico, in convention assembled, do hereby reaffirm our faith in and allegiance to the principles enunciated in the Declaration of Independence and the platform of principles adopted by the national convention of the democratic party, at Kansas City, Missouri, and hereby declare our admiration for and confidence in our standard bearers, the Hon. William Jennings Bryan and Adlai E. Stevenson.

We condemn the policy of the present national administration, which involves alliances defensive and offensive, with soverign powers, as being contrary to the spirit of the constitution, the sentiment of the American people and the letter of the Declaration of Independence. We denounce the tendency of the present republican administration of the nation to exceed the limitations of the federal constitution, and its evident proneness to disregard and discountenance the principles of human liberty set forth in the Declaration of Independence; and we behold with alarm the plain attempt by a republican president to ignore the organic law of the nation as inconsistent with the natural and legitimate growth and development of the country at home, national rights abroad, and the fulfillment of the republic's destiny.

We adhere to the ancient doctrine of the democratic party demanding equal rights to all and special privileges to none; and we condemn the republican party for its iniquitous tariff legislation, which has fostered and encouraged trusts, and denounce the declarations made by them in their recent platform against trusts as the sheerest hypocrisy, while relying upon them and their organizers for immense contributions to their corruption fund. We likewise denounce the national republican administration for its utter failure to enforce the laws now upon the statute book for the suppression of trusts.

We denounce the hypocritical pretense of the republican party of New Mexeco in favor of protection, while it declares its adherence to the gold standard, which has closed the valuable silver mines of New Mexico, and deprived the miners of an opportunity of profitable employment, and has thereby driven thousands of industrious citizens from the territory and depopulated prosperous mining camps.

We condemn the republican administration for its attempt tyranically and unjustly to make the Filipinos subjects of the United States; and we denounce any form of colonial government as foreign to the spirit of our institutions.

We are opposed to the establishment of a large standing army in time of peace as a menace to free institutions.

We congratulate the territory of New Mexico in securing thro' the efforts of the Hon. H. B. Fergusson, our last democratic delegate to congress, large tracts of land to the territory for the benefit of the various educational and charitable institutions thereof; and also for securing, on behalf of the public schools of the territory the right to lease the public school lands for the benefit of our public school system, and we pledge the nominee of this convention to further efforts in this behalf. We commend the method inaugurated by that law of leasing the school lands and not selling them, wereby they will be reserved from the grasp of speculators and remain a source of revenue for public education. We are directly opposed to the leasing of the public domain by the federal government, and we charge that the similar declaration contained in the republican territorial platform is hypocritical because pending bills in congress favoring such leasing, are republican in origin and support.

We condemn the land commission of the territory for its selection and sale of large and valuable tracts of timber land at inadequate prices to favored speculators and corporations, and call upon the secretary of the interior to exercise close scrutiny of these transactions.

We are unalterable opposed to the Stephens bill. We further condemn the antagonistic attitude of the McKinley administration toward the irrigation interests of this territory, We deprecate as wholly unwarranted the pernicious litigation that has for four years, despite five decisions against the government, prevented the impounding of the flood waters of the Rio Grande, at Elephant Butte, for the irrigation of the farming lands of the Rio Grande valley, and the presistent efforts of the United States attorney of New Mexico in thus discouraging enterprise and driving capital from the territory.

On the other hand, we earnestly favor the construction of a reservoir and irrigation system by the general government, whereby the arid public lands of the west may be brought, as far as possible, under irrigation and disposed of to actual settlers, without in any way discouraging enterprise.

We condemn the McKinley administration for its appointment of an incompetent governor of for New Mexico, whose disregard for the law and vicious partisanship has brought disgrace upon the good name of our territory.

We condemn as a piece of political jobbery the present coal oil inspection law, which, while originally intended to bring revenue into the territorial treasure, was so amended by the last republican legislature as to improperly divert this entire revenue, amounting to between $10,000 and $15,000 a year, to the pockets of a gubernatorial favorite, and we concur in the recommendation of the republican convention that the said law should be repealed, though we believe that such recommendation on their part is only intended to deceive the people.

We condemn the last republican legislature for its unparalleled corruption and extravagance in raising salaries of county and territorial offices.

We condemn the last republican legislature for its amendment of the former jury law so as to enable a republican administration of the territory to select its political heelers for jury service.

We denounce the present territorial board of equalization as the tool of railroads and other corporations in the territory of New Mexico, the members of which board, for passes and other favors received, have kept the valuation of the property of such corporations far below what it should in justice have been, and enabled them to escape their proper share of the public burden.

We are opposed to the issuing by railroad companies and other corporations of passes, franks and other privileges to members of the legislature, or to any territorial or county official, and we favor the passage of a law by the legislature of the territory prohibiting the same.

We favor the passage of a Fellow Servant act by the legislature of New Mmxico, making roalroad companies and other corporations and individuals liable for the death or injury of any of their employes while in the discharge of their duties, when caused by the negligence or fault of said companies, corporations or individuals, or any of their employes without the negligence or default of the employes so killed or injured.

We favor the continuance in force of what is known as the Bateman law, as a wise and salutary measure for the protection of public funds against the corruption and extravagance of public officials.

We heartily favor the admission of New Mexico into the sisterhood of states, but we believe useless the recommendation submitted in the republican platform concerning the appointment of a committee of fifteen citizens, seven of whom are to be democrats, because the history of the democratic party in congress has demonstrated that its representatives have always favored statehood for the territory, while the representatives of the republican party have always opposed it; and in support of this assertion we cite the fact that a democratic delegate, the Hon. Antonio Joseph, on three different occasions, introduced and passed through a democratic house of representatives a statehood bill for New Mexico, which, in each instance, was defeated in a republican senate.

We favor the enlargement of McKinley county so that its area shall be large enough to enable the citizens of said county to conduct its affairs without a rate of taxation so high as to work a great injustice to its people, and we condemn the republican party for restricting the area of said county for party purposes.

We demand the repeal of the present inadequate road law, and the substitution therefor of a satisfactory measure for the constuction and supervision of the public highways.

We pledge the democratic party of the territory to a liberal support of the public school system, and we condemn the republican administration for its partisan policy in administering the school laws of the territory.

BRYAN'S GREATEST OBJECTION TO TRUSTS.

To my mind the greatest objection to the trust is not that it raises prices. My greatest objection to the trust is that the trust is closing the door of opportunity against our young men and condemning the boys of this country to perpetual clerkship. To-day we are approaching a period of industrial despotism when a few men will control each great branch of industry, when every man who buys finished products will buy at the trust price, when every person who furnishes raw material will furnish it at the trust price, and when every man who works for wages will work for wages fixed by the trusts; and when that condition is complete—and the republican party not only does not stop it, but encourages it—when that condition is complete, then hundreds of thousands of laboring men, instead of addressing their appeal to the Almighty, will have to pray to the trust magnates, "Give us this day our daily bread." When a man who has worked years in making himself proficient at some work, has but one employer—if when he looses employment under that one man, he must go out and commence life over, with no advantage from all his experience—he becomes the serf of the man who employs him, and if he should happen to get employment with some well-known syndicate, that syndicate will threaten to close down if he refuses to vote as the syndicate dictates to him.—Bryan at Madison Square Garden.

WILL THE REPUBLIC LIVE?

Bryan's reception in New York was the greatest and most enthusiastic ever given a political representative. The electoral vote of New York would elect Bryan president of the United States. It begins to look like he has it. If Bryan wins—constitutional government, freedom of speech and the public press, religious liberty, and the Monroe doctrine—will be preserved forever.

If McKinley is elected it will give the republicans great encouragement in their headlong advance toward imperialism and militaryism. Standing armies will be called to the aid of the trusts, and the perpetuation of colonial acquisition will be insured. Capital will have triumphed over labor. Not only the destiny of the United States government, but the republics of earth, are on trial for existance at this election. The election of Lincoln brought freedom to the blacks. The election of Bryan means liberty and freedom to whites and blacks alike. Lincoln was right then; Bryan is right now. It has cost this republic billions of dollars and more than a million lives to defend and hand down to posterity the sacred and untarnished principles of liberty and self-government. The American people are not going to relinquish them now, nor will they submit, without a struggle, to the decapitation of their own heads at the feet of King Trust, or surrender the interpretation of the Federal Constitution to those who seek to distort its application.

On the triumph of the constitutional party of this government and the preservation of the doctrines of the Declaration of Independence, and the holding of every clause of the Constitution aloof from the leprous touch of its enemies, and the perpetuation of the precedents of its applications, depend the peace of the earth. Disruption may not come speedily, but it will come surely, when the trend of government turns from the majority of its citizens to the welfare of the minority, corruption is eminent, dissatisfaction is certain, and a clash of business interests is enevitable.

The republican who claims that industrial circulation will be paralyzed in case of Bryan's election, entangles himself in his own web. It is an unconscious admission that organized capital may dictate terms to the nation; that presidents are transposed into statues at its dictation; that congress cannot legislate without its consent; that judges cannot render a legal decision against its interest, when that interest is in conflict with the welfare of the people or in the interest of labor. This organized capital, if not allowed to elect its president, select its senators and its justices of the courts, interpret the Constitution and determine its application, is going to bring an industrial panic on the nation as a retribution on the aggressors of its self constituted prerogatives. If the power thus claimed by republican leaders is as stated, the success of the party at this election is dangerous to everything that is not a factor in the perpetuation of trusts, and that refuses homage to organized capital. Commercialism is king, and according to these giant courtiers of commercialism, the Constitution must conserve to their interests. President, congress, courts, people, prosperity, poverty, religion, heaven and earth, is in the prescribed limits of their authority.

LANDSLIDE FOR BRYAN.

Grover Cleveland has at last given out his forecast of the results of the presidential election. He says that the day after election will certainly show a landslide for Bryan.

"In the first place, says Cleveland: Union labor is for Bryan. Of recent years this organization of labor has been a factor in politics, and it certainly is not favorable to the interests of capital. The traveling men are for Bryan. These men who are a small army, are of the opinion that the republican party is the protector of corporations, and by the amalgamation of industrial interests many of them have been thrown out of employment."

"In the northwest there are many Hollanders. Sympathy for the Boers, who are their own flesh and blood, will induce them to support Bryan. See if I am not correct.

"I have no desire to be drawn into any controversy over the results of this election, but if the republican managers honestly think that president McKinley will be re-elected, it is my opinion they are mistaken. They do not know the situation."

OLD SOLDIERS FOR BRYAN.

In Shawnee county, Kan. alone there are 500 old soldiers who have declared their intention to vote for Bryan. Out of this number there are 80 per cent of them who were Union men. If this is the case in one county what will be the result in the entire state.

SIPIO SALAZAR IS NOT A DEFAULTER.

White Oaks, N. M., Oct. 30, 1900.—To the Editor: I am informed that the opposition to Sipio Salazar, a candidate for county commissioner, is circulating reports to the effect that Mr. Salazar is a defaulter to this county and territory on account of moneys which came into his hands as county treasurer some years ago.

As one of his bondsmen I was in a position to know the status of those accounts, and do not hesitate to say that Mr. Salazar acted throughout in the most honorable manner, both toward his sureties and the county and territory. Before the determination of the suit brought to recover the shortage Mr. Salazar had paid every cent due the public and brought in court a receipt in full for the same. No one who was familiar with the matter of that defalcation believes that Mr. Salazar was morally culpable in the slightest degree, though legally responsible for all money that came into his hands, which he long since fully discharged.

In his relations to his sureties Sipio Salazar at all times was willing to turn over to them everything he possessed for their security, and not a dollar of the amount due the public was paid by these sureties, but was wholly met by Mr. Salazar.

JOHN Y. HEWITT.

Geo. E. Sligh, the democratic nominee for treasurer and collector, is not a politician. He does not hand out his goods and effects to men who, before the nomination, and who, immediately after the election, will have no credit, just for the sake of voting them election day. He does not make representations to the voter which he never intends to fulfill. He will receive the vote of 75 per cent. of the tax-paying class of the county. He can easily make a bond that is gild-edged, and has never been a patron of the public crib, as has Mr. Lutz, who has grown corpulent as a favorite of the county in public office. Lincoln has always had more than her share of the honors of public office, while Nogal has never, for a number of years at least, had a representative. Sligh, if elected, will discharge the duties of his office in person, instead of intrusting it to deputies as is the usual custom. Mr. Lutz enjoys a lucrative business at Lincoln and does not need any further favors from the county to add to his already handsome little fortune. Sligh is furthermore a sober and economical gentleman, which virtues have never been strongly advocated for Mr. Lutz. Sligh is a plain citizen of Lincoln county and has been so honored and respected since his residence as such, which has been most of his life. Mr. Lutz is a politician and, it is generally believed, has little interest in the welfare of the county further than the dollars he looks foreward to taking out of it. A vote for Sligh in the EAGLE'S opinion will be a vote for the best interests of Lincoln County government and good citizenship.

The teachers and patrons of the public schools of Lincoln county are pleased with the way John A. Haley conducts the office of superintendent of schools, and the vote Tuesday will continue him in office for the next two years.

Great interest is now being manifested in the race for sheriff of this county, Wingfield has recently made very serious inroads into Gonzales' chances of election. Gonzales is said to be overbearing and quarrelsome, and is feared by his people, who say he will use his offical authority as a shield behind which he will be revengeful and dangerous.

WHAT WILL THE SILENT VOTE DO?

Col. James L. Bean of New York, who owns large properties in the Jicarillas, was at the Sheldon yesterday, and coming direct from the great metropolis of America, the genial colonel had to answer many questions as to the political situation in New York. Col. Bean takes no part in politics, but being a man of affairs he came in personal contact with some of the leading politicians of the empire state of the Union, and being looked on as a non-combatant he had the confidence of both sides.

"Conservative democrats," said the colonel to a Times reporter last night, "concede New York state to McKinley and Roosevelt. But none of the politicians can figure with certainty on account of the silent vote. It is unquestionably true that a large number of republicans have turned from McKinley to Bryan. This deflection constitutes the silent vote whose strength a republican leader told me his party managers were unable to measure. Still they allow a big margin for this vote and still claim the state for McKinley.

"A few days ago I was on a train filled with iron manufacturers who had been attending the national iron manufacturers' convention. In my sleeper one of these manufacturers got into a discussion with the editor of an iron paper over the question of voting for McKinley; and I could not help but hear what was being said, as the discussion waxed loud and warm. The manufacturer declared he would not vote for a man without enough character and iudividuality to be president, and who turned over the government to a political ring. The editor denied this, and another delegate came forward saying he voted for McKinley the last time and was against him this time because he was farming out the government to the ring for so much per annum. He accused McKinley of being a thief, whereupon the editor became very angry. Here a lawyer from Cleveland, Ohio, stepped foreward and said he could prove the president was receiving pay on the side from the gang running him.

"By this time there was a swarm of delegates to the iron manufacturers's convention round the editor. And I know they were delegates because they wore badges. Two of them said they were Ohio men and felt a natural state pride in seeing an Ohio man president, but they declared they could not vote for McKinley a second time. One denounced him for surrendering our land in Alaska to Great Britain, while others opposed his imperialistic policy. But altogether I learned there were 57 delegates on the train who were republicans and would not vote for McKinley. In the face of this, however, I was told by conservative democrats and republicans that McKinley would be elected.

"In New York City I talked with men who control millions, relative to the fear expressed by some that there would be a financial panic in case Bryan is elected. Some of these men were inclined to create the impression that Bryan's election would bring about a financial crisis. A majority of them, however, said there was no danger of trouble no matter who was elected. One banker told me the banks would be careful not to try any money stringency racket to try to influence politics. 'We tried that in 1893,' said he, 'and it got beyond our control and came near forcing all of us to the wall.' As for myself I take no part in politics, but I do not think the election of any man can ruin our country."

Col. Bean is confident McKinley will be elected. But he admits the republicans are paying too little attention, in their estimates, to the silent vote, which appears to be doing lots of thinking just at present.—El Paso Times.

OF LOCAL INTEREST.

Hallowe'en was celebrated here last night by music and dancing at Bonnell Hall. Many attended.

Gus Mathews has contracted to teach the Jicarilla public school, which is advertised to begin Monday the 5th.

The White Oaks public schools are progressing nicely and the regular attendance is larger than it has been for several years.

S. M. Wiener & Son sold more goods last week than ever before in that length of time since the firm has been doing business in White Oaks.

Leslie Ellis, candidate for clerk; Geo. E. Sligh, nominee for treasurer and collector, and John A. Haley, came in Tuesday from a trip through the east end of the county.

J. V. Tully's charge against Sipio Salazar is refuted by John Y. Hewitt elsewhere in these columns. Mr. Hewitt was one of Salazar's bondsmen, and understands the matter exactly.

Allen Curtis, Ed Queen and Harry Gallagher are just in from a week's hunt in the vicinity of Spence Bros.' ranches, and had a very successful trip. Ye editor is a witness to the fact that the boys brought in game. Thanks.

The Compromise people have struck very rich free gold in sulphide ore at the bottom of the shaft this week. The Compromise is going to be a great factor in the future growth of White Oaks.

Harry S. Comrey has returned from Santa Fe county, where he has been in charge of a well drilling outfit for a big sheep company. Comrey Bros. have since the arrival of H. S. purchased the well drilling machinery of Leslie and Kennedy, and will sink a well on a property of their own in the Jicarillas.

Hon. B. S. Rodey and P. F. Garrett came in from the south Saturday night for the purpose of holding a public meeting here, but local leaders had failed to publish their coming and the junta was a failure, and very discouraging to Mr. Rodey, whose chances of election are considered very precarious.

Leslie Ellis should be elected clerk for the reason that he is more competent for the position than his opponent. Ellis is not susceptible to the influences that endanger Analla. He neither drinks nor gambles, is a large taxpayer, and a successful business man. He is known in every part of the county and enjoys the confidence of the people to a greater degree probably than any other man in the county. The EAGLE does not care to discuss Mr. Analla's fitness for the office. People have had two years in which to find out his virtues and his misfortunes. He has never had an opportunity to acquire the training necessary to fit him for the execution of the duties of a probate clerk. The public naturally expect more from a public official than Mr. Analla is able to give. Ellis will not be the servant of the democratic nor the republican party, in case of his election, but he will be the impartial servant of the people. Let us elect him. We owe it to the county government; we owe it to ourselves.

Why remain sick? If troubled with scrofula, or scrufulous humor, boils, humors on the face, catarrh, etc., we ask that you give Dr. Simmons' Sarsaparilla a trial. Fifty cents and fifty doses at Dr. Paden's

The drugs in Dr. Simmons' Sarsaparilla are so concentrated that the dose is very small, but nevertheless, it is so scientifically combined that it is readily retained and assimilated by the most sensitive and delicate stomach. Fifty cents for fifty doses at Dr. Paden's.

PERSONAL MENTION.

A. Schinzing is building an addition to his residence.

Ernest Langston has returned from Aguas Calientes, Mexico.

S. C. Wiener and J. E. Wharton went to Capitan yesterday.

E. L. Ozanne will take charge of Hotel Ozanne today, the 1st.

Mr. and Mrs. E. G. Timoney are expected to arrive here tonight.

Col. Geo. W. Stoneroad of Jicarilla called at the EAGLE office Saturday.

Coke Keith has moved into one of Capuano's cottages on Livingston street.

Sechrist, who was injured in the Old Abe mine a few days ago has almost entirely recovered.

Col. S. L. Bean has returned from a trip east and is again in charge of the American Placer Co's. business in the Jicarillas.

W. C. McDonald's friends were glad to see him in town Monday, which is evidence that he is rapidly recovering from his late illness.

MARRIED AT NIAGARA FALLS.

Niagara Falls, Oct. 17.—At high noon today, in the First Congregational church on Cleveland avenue, Miss Lenna Gertrude Van Wagoner of this city, was married to Mr. Egbert Green Timoney of White Oaks, New Mexico, the Rev. W. E Dudley officiating. It was a very quiet wedding, and only the immediate friends and relatives were present. The bride is a daughter of Mr. Charles Van Wagoner. Her grace and beauty have long made her one of the most popular of Niagara young ladies. The groom is a son of Mr. Timoney, superintendent of the military postal service in the Philippines, where he has been for the past year, having been appointed by President McKinley. The elder Timoney was minister to South America under Grant. It was but a few months ago that the groom came to Niagara Falls on a visit and to view the scenery. He met and fell in love with his bride of today, and now they will journey to White Oaks, N. M., where they will make their future home. On their trip they will visit various western cities in the enjoyment of their honeymoon. —Buffalo Commercial.

MINES AND MINERALS

Is a mining periodical for prospectors, miners, mine officials, mine owners, mining engineers and mining students. It is devoted exclusively to mining and metallurgy. It was established in 1981 and has a larger circulation than any other mining publication in the world. This is due to the fact that it has always been the aim of the editors and publishers to make it the best mining publication. It is in no sense a stock-jobbing, or boom organ, and publishes no articles except those pertaining directly to the mining industry. It is the most practical mining journal in the world, up-to-date and constantly improving. Typographically it ranks with the handsomest technical publications and is the only mining publication having its own force of illustrators. The best ideas of the leading practical mining men of the world are presented in plain language and can be understood by men whose early education was limited equally as well as by men with college educations. The journal is profusely illustrated and in proportion to its size and quality, at $2.00 per year, it is the cheapest technical publication in the country. We have arranged a clubbing rate with Mines and Minerals whereby our subscribers can secure the White Oaks Eagle and Mines and Minerals for $2.50 per year. Subscriptions can begin at any time.

One day last winter a lady came to my drugstore and asked for a brand of cough medicine that I did not have in stock," says C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough remedy I could recommend. I Said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy home and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or so she came back with a friend in need of a cough remedy and advised to buy a bottle of Chamberlain's. I consider that a very good recommendation for the remedy." Dr. Paden sells it.

TO THE DEAF.

A rich lady cured of her Deafness and Noises in the Head by Dr. Nicholson's Artificial Ear Drums, gave **$10,000** to his institute, so that deaf people unable to procure the Ear Drums may have them free. Address No. 12898, The Nicholson Institute, 780 Eighth Avenue, New York, U. S. A.

When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets" Price 25c at Dr. Paden's.

Drying preparations simply devel op dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

THE GAME LAWS--WHEN TO HUNT.

Hunters should comply with the following legal regulations enacted by the 33rd territorial legislature:

Section 1. That after the passage of this act it shall be unlawful to kill, wound, snare or trap any quail, grouse, prairie chicken, pheasent, partridge or wild turkey or kill, wound or in any way destroy any antelope, deer, elk or mountain sheep, except that said birds or animals, the animals being with horns, may be killed with a gun during the months of September, October and November of each year in the counties of Rio Arriba, San Juan, Taos, Colfax, Union, San Miguel, Gaudalupe and Santa Fe, and during the months of October, November and December in all other counties of the territory, and,

Provided, that no person shal kill or have in possession more than one antelope, elk, mountain sheep or deer at any one time.

Section 6. Upon petition of 25 voters, county commissioners may suspend the restriction as to killing quail.

This applies except as to mountain sheep and elk, which under an act of the 33rd legislature cannot be killed for five years.

QUOTATIONS FROM STANDARD AUTHORS.

"There is not a trust in the whole United States."—Mark Hanna.

"There is no imperialism; there is no militaryism. Destroy the trusts." —McKinley.

"Down with the trusts!"—Roosevelt.

"McKinley means imperialism; McKinley means militaryism."—Hoar.

"We have got a good thing and should stand by it."—Roosevelt.

"There are just two types of men who are our opponents: One is the short sighted foolish, and the other is the unpatriotic type." —Roosevelt.

"It is my well considered opinion that the United States ought not to accept soverignty over the Philippines, but should secure the inherent right of the people of these islands to form and maintain a republican government similar to our own."—John Sherman.

"For three days and nights I suffered agony from an attack of Cholera Morbus brought on by eating cucumbers," says M. E. Lowther, clerk of district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy and three doses relieved me entirely." Call for it at Dr. Paden's drug store.

When you want a pleasant physic try the new remedy, Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price 25 cents. Samples free at Paden's drug store.

When you cannot sleep for coughing, it is hardly necessary that any one should tell you that you need a dose Chamberlain's Cough Remedy to allay the irritation of the throat, and make sleep possible. It is good. Try it. At Dr. Paden's.

A new remedy for biliousness is now on sale at Dr. Paden's. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price 25c per box at Dr. Paden's.

HE NEW YORK WORLD THRICE-A-WEEK EDITION.

As good to You as a Daily and You Get it at the Price of a Weekly.

It furnishes more at the price than any other newspaper published in America. Its news service covers all the globe and is equaled by that of few dailies. Its reports from the Boer war have not been excelled in thoroughness and promptness and with the presidential campaign now in progress it will be invaluable. Its political news is absolutely im partial. This fact makes it of especial value to you at this time.

If you want to watch every move of the great political campaign take the Thrice-a-Week World. If you want to keep your eye on the Trusts—and they need watching—take the Thrice-a-Week World. If you want to know all foreign developments, take the Thrice-a-Week World.

The Thrice-a-Week World's regular subscription price is only $1.00 per year.

We offer this unequaled newspaper and the WHITE OAKS EAGLE together one year for $2.00.

The regular subscription price the two papers is $2.50.

The Great Presidential Campaign of 1900.

The wars of America have, heretofore, settled affairs of state. Great questions of policy, of national motives and national conclusions have been answered as soon as the battle smoke cleared away, and the victor realized his victory. The war with Spain is unlike its predecessors. It has not answered questions, but has created problems which may not be solved lightly. These problems are being formulated by the political parties, and before they can be definitely settled at the ballot box it is necessary that the people be informed in regard to the situation. The result of the campaign of 1900 will make a broad mark upon the page of history; it will doubtless establish the policy of the great Republic of America for a quarter of a century. It is vastly important, therefore, that every citizen shall study the situation through that best of mediums, a great newspaper. The Semi Weekly Republic which affords a comprehensive view of political situation in all its bearings. It publishes the new news. The Semi Weekly Republic is a Democratic paper, but it offers to its readers the news regarding all the political parties, and this without prejudice. It is a fair newspaper. Its telegraph and cable news service has been proved to be the very best employed by a modern paper. Its special features are unsurpassed. It is the newspaper for the reader who has not access to a daily paper.

News features, art, and literature combine to make the Republic's Sunday Magazine a specially attractive weekly magazine. The half-tone illustrations printed in this magazine surpass anything ever attempted by a newspaper. These products of photography are worth the price of the paper. Special articles by trained writers on the news and the subjects engaging the public attention are prepared for the Republic's Sunday Magazine. A distinctly useful and attractive feature of this magazine is the fashion department. Always reliable and up with the times, the ladies find the fashion page a delight. Indeed, The Republic's Sunday Magazine appeals to every member of the family.

The subscription price of the Semi-Weekly Republic is $1.00 per year. The Republic Sunday Magazine $1.25 per year. Both papers are now being offered at the very low price of $1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.
