THE EAGLE'S CLUBBING RATES.

To subscribers paying one year in advance for the EAGLE the following clubbing rates are offered:

EAGLE and Thrice-a-Week World	$2.00
" " St. Louis Republic	$2 00
" " Industrial Record	$2.25
" " Mines and Minerals	$2.50
" " Daily Mining Record	$4 00
" " Cosmopolitan	$2.10

This offer applies to old subscribers renewing their subscription to the EAGLE and paying one year in advance; also to new subscribers paying one year in advance.

The regular subscription to these papers is largely in excess of the clubbing rate given above, and any one desiring to secure two papers (the EAGLE and any one of the others named) for a little more than the price of one should take advantage of this liberal offer.

TWICE-A-WEEK REPUBLIC.

Every Monday and Thursday a newspaper as good as a magazine—and better, for it contains the latest by telegraph as well as interesting stories—is sent to the subscriber of the Twice-a-Week Republic which is only $1 a year.

The man who reads this paper knows all about affairs political, domestic and foreign events; is posted about the markets and commercial matters generally.

The woman who reads the Republic gathers a bit of information about household affairs and late fashions and recreation in the stories that come under both the headings of fact and fiction. There is gossip about new books and a dozen other topics of especial interest to the wide-a-wake man or woman.

Lanham, of Texas, Talks For Democracy.

Washington, Jany. 31.—The house today passed the fortifications appropriation bill and made fair progress with the postoffice appropriation bill. During the general debate upon the former bill Mr. Lanham of Texas delivered a notable speech upon the future of the democratic party, in which he made a strong plea for the necessity of a united democracy, and counseled the burial of the hatchet and the welcoming back of those in the last two presidential campaigns who declined to support the nominees of the party.

Lanham's remarks upon the question of reorganization of the democratic party were given a very attentive hearing by his political colleagues. He reviewed the lines within the party with a view of ascertaining whether there was not common ground upon which the various elements in the party could be reunited for future purpose. He offered his suggestions, he said, in a pacific spirit to ascertain whether the gulf between the elements was impassible. The gold democrats, he said, who bore none of the scars of battle, now with unbridled audacity did not propose to return like the prodigal son, but came demanding as a condition of their return that they should head the procession. They offered very freely their unsolicited advice. The talk of the reorganization of the democratic party, he said, was puerile and unkind. The talk of changing the name of the party was distasteful to the rank and file. The democratic party had suffered defeat many times, but it would survive as long as free institutions did.

The talk of shelving Bryan, he said, was premature. He had fallen with his back to the field and his feet to the foe. He was a splendid American citizen and a democrat. It was improbable that he would ever again aspire to the nomination, but it was too early to discuss candidates of the future. He pointed to the strength of the republican party which, he said, was founded upon subversion of the individual to the main purpose of the organization. Republicans differed in preliminary skirmishes, but they always united when the real shock of battle came. He referred to the action of Hoar as a striking example and as proof of this fact.

He contrasted the course of the Massachusetts senator with that of Cleveland—twice elected president by the democratic party—who, in two campaigns subsequent to his own election turned his back upon his old party associates. Lanham said that if Cleveland and other party democrats, whose abilities none could deny, really believed that defeat to their party was necessary to bring it back to its old moorings, those who had stood fast by the party's candidates and the platform might also show charity.

Those of the democrats who left the party in 1896, but who had returned in 1900, had been welcomed with open arms. He had welcomed the return of Hill, Oluey, Cochran, and others, who had rallied to the rescue of the republic in the recent campaign.

Divided democracy could not succeed. The party had split upon the silver question. Lanham pointed out that no matter how firm silver democrats stood to their faith, in the present condition, the hope of bimetallism had been delayed. If it should turn

(Cantinued on 4th. page.)

HAPPENINGS IN WHITE OAKS TWENTY YEARS AGO.

From The GOLDEN ERA.

April 7, 1881.

M. Whiteman has gone to Las Vegas to buy more goods.

Jim Allen and J. J. Whitmore have returned from a trip to the Manzano mountains.

Col. J. H. Watts has left Las Vegas for the east in the interest of the Baxter Gulch Placer Co.

Dr. A. G. Lane, a member of the county school commissioners, was in Lincoln a few days this week in an official capacity.

Jake Miller is putting up a house near the corner of Livingston and Pine streets.

The Rio Grande has been so high for a few days past that in swimming the stream the letters and papers became moist. A wet blanket was thrown on the White Oaks mail system as it were.

The boom of the blasts is heard at all hours of the night. The work on Baxter Mountain goes on by night and day.

April 14, 1881.

Peach trees around White Oaks are in bloom.

We have four assay "outfits," all good ones, and are found at present unusually busy.

Real estate business was very brisk last Monday, reaching 100 per cent over the transactions of last week.

Col. G. W. Prichard, president of the White Oaks Printing Co., will visit Chicago soon.

Six more new buildings are under the care of the carpenter. Many more are talked of. Thus we loom up, and don't do any unusual blowing either.

Helphingstine & Richey's law and real estate office is the headquarters for nearly all the Kansas people who come to see our mines.

With the D. & R. G. R. R. and the A. T. & S. F. R. R. Santa Fe should be able to supply White Oaks with cheap goods. What say you New Mexican and Democrat?

Special Inspector of the Interior Department Fletcher is investigating timber depredations on the public domain. It is reported that Dr. Blazer of Tularosa and Pat Coghlan have been taxed one dollar for timber sawed by them last year and twenty-five cents for telegraph poles taken from government lands.

H. Milne, of Chicago who is so largely interested in our mines, will return to White Oaks in a short time.

Messrs. J. E. Sligh and T. A. Blake took a trip to the west side of Nogal mountains Saturday. They went for the purpose of looking after—well after each other.

A correspondent asks Newman's Semi-weekly the following questions:

"By the way, how is it that while the territorial press, your paper included, has a great deal to say in favor of every mining camp in the Territory outside of White Oaks, there is never a word of cheer for the latter? And yet the Lincoln county records show that over 150 mining companies with a gross capital of $2,000,000,000, the major part of which has been expended in developing the camp, have been organized since the "strike" in the Homestake. Strange to say, not one word as regards the same is ever seen in the newspapers!"

April 21, 1881.

The first genuine "boom" for White Oaks has commenced.

The new placers are turning out some very fine ore.

A. A. Barnes has his residence about completed.

B. F. Henry is building a residence near the Golden Era office, on Livingston street.

Billy, the "kid," was found guilty of murder in the first degree, before a just court.

J. Y. Hewitt is out in today's paper with a card to the public. Mr. Hewitt is too well known as a lawyer to need any flattering comments in the Golden Era.

Messrs. Ozanne and Wilson will soon begin laying the stone walls of their business house on White Oaks avenue. It will be when finished 20x60. A sufficient supply of stone will soon be on the ground.

Gold bricks will be shipped from White Oaks in less than three months.

Monte games are now having a "boom." Everything and everybody "booms."

The machinery for the Homestake will treat sixty tons of ore every twenty-four hours.

Judge Hancock, a mining capitalist from Texas, is in the city.

B. J. Baca, Deputy United States Marshal, is in the city. He is making things lively for the b-boys—old ones.

Messrs. E. W. Parker and V. W. Parker, of St. Louis, are in the city in the interest of the Homestake Gold Mining Company.

E. B. Chase has returned from Derby Lyne, Vt., his old home. He will spend the summer in digging for the filthy lucre. Here's our luck on success.

Mr. Wm. Watson has been appointed permanent superintendent of the Homestake gold mining company of White Oaks.

April 28, 1881.

The building boom stil continues.

Sheriff Pat Garrett is up from Lincoln. He now has five prisoners besides the "Kid" in his charge.

Deputy Sheriff J. W. Bell has gone to Lincoln to assist Sheriff Garrett in guarding Billy Kid until May 13.

Another flour famine stared us in the face a few days since, but now, thanks to the freighters, we are saved.

The Homestake company's well is about twenty-five feet deep and work is being pushed as fast as a crew of four men can do it.

Rev. C. Montjeau, of Kansas City, Mo., is in the city and will remain some time. He is interested in mining here.

W. O. Blood, brother of E. L. Blood, of Manchester, will soon arrive with a complete outfit of furniture for the new hotel in that town, which will soon be finished.

Col. W. P. McClure says he will soon commence the erection of a large store room in Manchester. The building will be occupied by him as a wholesale and retail general provision store. The size of the building when completed will be 25x125 feet. It will be a frame.

AN ODE TO A MINER'S CART.

The Burro, he's a pretty cart,
He loves to dine on shirts; but
for a midday luncheon, He prefers to chew on quirts. Old tomato cans and beer bottles will "stay" his appetite, while bacon rinds and gunny-sacks, fill him with great delight.

WHITE OAKS EAGLE.

Entered at Postoffice, White Oaks, N. M., as second-class mail matter.

THURSDAY FEB. 7, 1901.

The debt of Santa Fe County is worrying that commonwealth like the mischief.

The state of Montana has enacted an eight hour labor law for mines and smelters. The act goes into effect in 90 days after its passage.

From the fuss some American newspapers are making over the demise of Britain's Queen, one might be lead to think that her majesty was mother of our William.

W. B. Childers, of Albuquerque, has been appointed to succeed himself, as United States District Attorney for New Mexico. Mr. Childers is one of the fortunates who holds office under all administrations. Is he "Kelpie or Pirate?"

King-Emperor Edward has ordered that all draperies of mourning for the dead queen shall be purple. More nearly the color of the British policy in South Africa. This will probably be refered to as the purple period and the decade following the red era very likely.

President McKinley is doing nothing to hasten reduction on the war tax bill. There is also a noticeable apathy among republican senators, and impression is generally prevalent that no reduction will be made during this session of congress if at all. However, should congress continue to make the enormous appropriations which it has started out to make, there will be little or no surplus at the end of the fiscal year. Secretary Gage says that not more than $30,000,000 can be taken off, and the House and Senate bills provide for a reduction of $40,000,000. Hence the appathy of the President and his law makers.

A private hotel at Santa Fe known as the Sanitarium, and which institution is supported in part by the Territory, is the stopping place of a number of our law makers during this session of the legislature. When the appropriation bill comes up, it will be found that a few thousand dollars have been provided for the Sanitarium. We fail to see why other hotels in Santa Fe and elsewhere, are not as much entitled to aid from the Territory as is the Sanitarium, but our legislators have peculiar ideas. Public office, with most of them, seems to be regarded as a "Private snap," every one entitled to all he can get, no matter who pays the bills.

The Easley bill introduced in the council providing that the wife's signature shall be essential to the conveyance of her husband's real estate, ought to pass. The law allowing husbands to convey lands without the wife's signature was passed by the last legislature, having been sandwitched in a bill to harmonize certain sections of the compiled laws. This provision was stricken from the bill when it came before the Judiciary Committee of the House, but afterwards got into it again and passed without some of the members of this committee knowing it was in the bill. It would not have passed the house if it had been known that this provision was in the bill. So we are informed by a member of that body.

INSURANCE COMMISSIONER.

A bill for the establishing of the office of Insurance Commissioner has been introduced in the legislature. Not content with saddling on the tax payers of New Mexico three more territorial institutions, it is now proposed to institute another revenue absorber by legislating into existence a new territorial office. This is another scheme of the "Little Governor," he being anxious to create another soft snap for some worthy New Mexico statesman to whom he is under obligations for past favors. The Governor tells us that the insurance companies will be made to pay for the expense of the commission. Be it so, but who is going to pay the insurance companies? Insurance policy premiums are now exhorbitant and if taxed to pay for this new feature the rates will unquestionably be higher. This office would—if possible—be of less use to New Mexico than that of coal oil inspector, and we all know what this piece of the Little Governor's handiwork has done for us. The best our legislature can do with this bill is to kill it, and follow up by asking the appointment of a Governor, who in office would make it one of assurance of economical administration to New Mexico, rather than a position from which insurance commissioners are to be recommended in order that another clerk may be appointed to a salary of a few thousands a year.

THE WALTON BILL.

The Honorable Mr. Walton, representative to the territorial legislature from Grant county, has introduced into the legislature a bill which provides that the time for the limitation of actions for mining claims situated in the territory, as contemplated by section 2332 of the United States revised statutes, is fixed at ten years. That no location or claim in any unpatented mining claim or claims in the territory shall be recognized as of any force or effect, as against such a person or association, where such a person or association, they and their grantors, have been in peaceable and adverse possession of such claim or claims for a period of ten years. It further provides that no suit shall be instituted or maintained to recover or obtain title to any unpatented mining claim or claims, or for any interest therein, as against any person or association in the peaceable and adverse possession thereof, where such person or association, etc., under title or color of title, have held and worked such claim or claims for a period of ten consecutive years.

Mrs. Nation has at last been arrested, with other hatchet wielders, and jailed. This is as it should be; but the authorities should go further. This stirring individual who has been a besom of destruction to the saloons of Kansas, her hatchet being wielded in such a manner that buildings were demolished and the whiskey run into the gutters, is a candidate for the insane asylum or the penitentiary—as the extent of her sanity may be ascertained. She is either insane or a criminal—in either case a dangerous character to be at liberty. No other state or territory in the Union—not even New Mexico—would permit such a thing—and what does Kansas' governor think about this additional blot on Kansas' shame.

A PERNICIOUS MEASURE.

The Insurance Commissioners bill which is to be presented to the legislature is a pernicious measure. Its aims are political solely. We advise the members to look carefully into the provision of this bill when presented. The present law is all sufficient for the needs of the territory, as it affords ample protection to the people and every person who holds an insurance policy is guarded in their rights by the present law.—Santa Fe Capital.

H. B. FERGUSSON EMPLOYED.

The Hon. H. B. Fergusson, the late representative to congress from New Mexico, and one of the ablest lawyers in New Mexico has been employed by Messrs. Heiniman and Crary in the Compromise suit now pending. The El Paso News of Tuesday morning says: "Hon. H. B Fergusson is in the city to meet E. Heiniman, a prominent mining man of White Oaks on legal business."

This case will probably be settled in the May term of the district court. The people of White Oaks will watch this case with a great deal of interest, and have little cause to doubt that the mine will resume operations immediately after court under the supervision of Heiniman and Crary.

There is hardly a man or a business in White Oaks that has not been injured more or less by this unexpected closing down of the Compromise property, which was employing a large force of men, and was getting ready to erect machinery for the treatment of its ore. Thus it has been for years past in this district. Litigation and conflicting claims of mining properties have retarded the progress of the district, which under more favorable circumstances, would have been, and would be to day, one of the busiest mining camps in New Mexico. A sufficient number of producing properties have, however, escaped the knockers to keep the possibilities of the district reasonably prominent before the mining public.

During the next two years, however, when the Rock Island is running trains daily into this mining region, and thereby putting mining men more thoroughly in touch with the resources of this mining territory around, and at White Oaks, most if not all of the difficulties under which the camp has been struggling will pass away, and the tomato can capitalist, who with $14 expects to develop a million dollar property, with the knockers and backcappers, will vanish before the infusion of new blood and business conditions like morning dews under the rays of a July sun. Let us hope—we must wait.

The republicans in the present legislature seem to think the party is in control in this Territory for all time. They not only started out with the usual number of employees; but during the second week increased the force. Less than half of these are needed and it is to strengthen themselves with their constituents by giving good places to friends that extravagance is indulged. Thousands of dollars of the peoples' money is thus squandered for political purposes, in every legislature. Now, it will be in order later, to increase the pay of these employees and date this action from the commencement of the session, as was done two years ago. Go it, gentlemen! The country is safely republican and you are safe.

A NEW CONCENTRATING PLANT.

The New Mexico Lead company is putting in a concentrating plant at its mines in the Organ mountains. This company it is said enjoys the advantage of plenty of water and wood, and has a mountain of valuable ore. The company has announced its intention to ship about six car loads of concentrates per month which will pay the stock holders several thousands of dollars a car. Air drills are being fitted in the mines, as well as many other modern advantages. These mines are 8 miles from Las Cruces.

LETTER LIST.

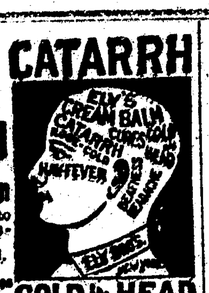
Letters remaining uncalled for in White Oaks Postoffice Feb. 1.

Reyes Cias, Victorina Crawford, Joe. King, M. M. Cardwell, J. E. Poston, S. L. Matthews, Rev. W. P. Pledger, J. D. Thomas, Mr. Spencer J. Parsons, Mrs. Mary Ann Reed, Samora y Torres, Mrs. C. E. Smith.

Very Respectfully,
JOHN A. BROWN.

THE CLEANSING AND HEALING CURE FOR CATARRH is Ely's Cream Balm

Easy and pleasant to use. Contains no injurious drug. It is quickly absorbed. Gives Relief at once. It Opens and Cleanses the Nasal Passages, Allays Inflammation, Heals and Protects the Membrane. Restores the Senses of Taste and Smell. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 56 Warren Street, New York.



HOTEL OZANNE.

Taliaferro M. & T. Co.

OF LOCAL INTEREST.

The Compromise and Boston Boy miners were paid off yesterday.

Baxter lodge, K. P., of this place is taking in a number of new members.

Chris Yeager is diligently at work on his new prospects. Mr. Yeager expects to develop a good property among them. His claims are located near the Compromise.

The Hewett musettes gave three performances to fair audiences here last week. The entertainment was reasonably good and the presents given were very nice.

S. S. Mendenhall, of Roswell, arrived in the city Saturday night. Mr. M. has a grading contract on the E. P. & N. E. extension, and began throwing dirt at Carrizozo station Tuesday morning.

When you want a physic that is mild and gentle, easy to take and pleasant in effect use Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free. Every box guaranteed. For sale by M. G. Paden.

The Rock Island people have a mining engineer and expert in the Gallina district looking up its resources. Thus capital will be brought in to make Gallina a producing camp. This will be a different country in two years.

Chittenden & Morris have just completed their new carpenter shop on Livingston Ave. They have already several thousand feet of lumber on their yards, and the O. K. Building & Lumber Co. will soon be a permanent business in this city.

The greatest danger from cold and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by M. G. Paden.

The American Placer Co. received its shovels for the big dredge this week. This completes the big machine, and the only thing remaining to be done, before operations begin, is the laying of the pipe line which probably will consume another two weeks. If this gigantic enterprise is a success and there is little question, now, since plenty of water has been developed that it will be, it will add materially to the gold output of New Mexico during 1901.

Prof. E. S. Coombs will soon sever his connection with our public school and return to his old home in Illinois, being called away to protect his private interests at home. This is the second term that Prof. Coombs has taught in the White Oaks school, and has taught one of the most successful schools that this district ever had. The school board and patrons regret exceedingly the necessity that causes him to discontinue his connection with the school, and only hope to be able to fill his position with a competent man.

CONSTRUCTION HAS BEGUN.

S. S. Mendenhall, with teams and a force of 22 men is now throwing dirt on the grade out from Carrizozo. Work has now actually begun on the Rock Island and El Paso extension to Santa Rosa. A great deal of heavy work is to be encountered on the line for 25 to 30 miles northeast of here and large construction crews will be at work on this section of the line for several months. An unprecedented mining activity is going to result from the fact that it is now certain the through line will build. Capital will immediately begin the search for investment in all localities adjacent to the line of extension. White Oaks, Jicarilla and the Gallina districts will now have an inning. The next few months will witness many changes in this locality.

PERSONAL MENTION.

John W. Owen is in from his Gallo ranch.

J. O. Nabours, of Oscura, was in the city Saturday.

J. H. James and A. W. Johnson were in from Jicarilla Monday.

Eugene Heiniman went to El Paso last week, returning Tuesday.

Dr. H. B. Henwood, dentist, Alamogordo, was in the city this week.

S. T. Gray and Ira O. Wetmore, of Capitan, were in the city Friday night.

Jas. R. Brent has returned to the city after a week's absence in the country districts.

S. L. Bean, the American Placer Co's. superintendent, was in from Jicarilla yesterday.

Ira O. Wetmore, the Capitan liveryman, and S. T. Gray were over from Capitan Saturday.

A. B. Brown, Kraukuer, Zork and Moye's representative, was in the city looking up White Oaks trade Monday.

J. E. Wharton and Geo. L. Ulrick went over to Capitan Saturday to look after some legal affairs at that point.

John Eller, who was one of the injured in the Schelerville disaster, was in the city yesterday looking after business matters.

R. L. Young, a prominent Las Cruces attorney, is in the city on business connected with his various mining properties in this district.

C.W. Wright, representing the Flesher & Rosenwald Cigar and Tobacco house in Albuquerque, was interviewing our merchants this week.

Rev. John A. Hollars, former pastor of the Congregational Church, now residing in Denver, Colorado, is in the city for a two weeks' visit among friends. He preached at the Methodist Church Sunday night.

G. R. Watson and wife left last Friday for El Paso. They came here from Illinois last fall and camped near White Oaks Spring during the past few months. Mr. Watson gained in flesh and strength and thinks this a paradise for the health seeker.

LINCOLN NEWS.

Lincoln, N. M., Feb. 2, 1901.

Rain and snow on Saturday.

The grip has everybody.

Messrs. Brown and Keogh hardware representatives visited here on Thursday.

B. H. Moeller expects to be ready to sell goods on the 10th inst.

Mr. G. W. Peppin is seriouly ill with pneumonia but is slowly improving.

Mrs. Rumaldo Montano presented her husband with a girl baby on the 23rd ult. Both doing well.

L. B. Walters will take oath of office as Justice of the Peace on Monday; with proper support of his constable, Wm. Brady Lincoln will be the equal of White Oaks as to order and law.

Anxiety is felt for this season's peach crop. Growers say the frost of a few days ago nipped the peach tree buds badly and as a consequence the crop will be as usual a small one.

Mr. Charles Bartlett is pruning the fruit trees af R. Emillio's orchard.

D. Perea, ex-sheriff Lincoln County, is also a member of the La Grippe club.

Rumaldo Montano has purchased the Lesnet Hotel property and will conduct a hotel business in same.

Bridge Bros. have disposed of their ranches in the Capitan mountains and left for Canon City, Texas, their old home last Thursday.

Remnant SALE; Big values.—S. M. Wiener & Son.

BIDS FOR BUSINESS.

Fine Pearmain apples at Ziegler Bros.

EYES TESTED FREE.—J. B. COLLIER, Optician.

Fresh Ranch Eggs, 30c. dozen at Ziegler Bros.

Good Candy, Nuts and Lemons. Collier.

A full line of new garden seeds—D. M. Ferry's seeds—just received at Ziegler Bros.

A nice assortment of VALENTINES expected daily at Ziegler Bros.

Some will offer you Cheap Goods. We offer Goods Cheap. Note the difference.—Collier.

Fresh Ripe Tomatoes from Old Mexico every Saturday at Ziegler Bros. Leave your order.

If you need a good carpet call at the postoffice store and see samples and get prices.—Jno. A. Brown.

Try some of our Prairie Rose Creamery Butter, the finest butter ever sold here. Ziegler Bros., Sole Agents.

The school board have not yet selected a successor for Professor Coombs, who leaves next week.

LOST.

A bunch of keys, between Taliaferro's store and the town Hall. Finder will be properly rewarded by leaving same at this office.

CARD OF THANKS.

To all who so kindly assisted us during the last illness and the funeral of my husband and our father David N. Tinnon we wish in this way to extend our heartfelt thanks.

MRS. D. N. TINNON
and Children.

ANGUS ITEMS.

Correspondence.

Saturday night last we had a six-inch fall of snow. Sunday was blustery, but the snow was so damp that it did not drift much.

At the mouth of South Fork there was double as much snow. The snow is said to contain a greater volume of water than any fall of snow for eleven years. There is now more moisture in the ground of the valley than usual. This makes the prospects good for agricultural industry the coming season.

Not long since a mining expert from Denver examined some mining claims up Krout gulch, expressed himself as favorably impressed with them as a low grade gold proposition, as there were large bodies of ore. He remarked that they could handle $3 or $4 ores, and the impression prevailed that he would recommend to his principals to secure an option on them.

Mrs. P. G. Peters and family were visiting in Nogal and vicinity last week.

Mrs. Wallace Gumm, of White Oaks, is visiting her parents at the Willows.

Miss Ida Barrett is at home again.

Friends are glad to welcome Sephus Brown home from a protracted stay in White Oaks.

A number of the school children are suffering with the grippe.

Rufus Brown is in the Oscuras.

Four members of Mr. Thompson's family are down with the smallpox.

School is doing well under the management of Mr. George.

Mr. and Mrs. James E. Cree left last week for California.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

The South Homestake Co. is rapidly getting the mill and pipe line in shape to go to work. The South Homestake when in operation will be a substantial boom to the White Oaks mining industry. Two gold mills stamping away day and night and a half a dozen properties working a good number of men will soon change the industrial appearance of the White Oaks district.

tha, the silver question should not be the disturbing element in the next convention, what obstacle was there to complete reunion? If those who had departed should now return—not to absorb, but to reassert themselves with us—said Lanham, why should they not be received? But they must come prepared to subscribe to the cardinal doctrine of the party and acquiesce in the will of the majority.

He concluded as follows:

"To correct the wrongs and to restore to the American people the jewels of salvation and the heritage the fathers gave us, is to be the mission of the democratic party. When called to such service what man who ever loved democracy can refrain to obey the summons? To the execution of this mission may we all devote every energy and influence of which we are capable, and may it engage all our powers to reinstate democratic supremacy in this great republic."

MINERS' CONVENTION.

A call for a miners' convention at Santa Fe is being urged by different sections of the territory. The convention is to be composed chiefly of mining engineers and superintendents, and the object to be achieved is the repeal of detrimental mining laws, and the securing of needed mining legislation. The convention will convene the 15th and continue through the 16th and 17th days of this month.

Dr. M. G. Paden, the druggist, will refund you your money if you are not satisfied after using Chamberlain's Stomach and Liver Tablets. They cure disorders of the stomach, biliousness constipation and headache. Price, 25 cents. Samples free.

THE TERRITORIAL DEBT.

Governor Otero says in his message that the Territorial debt has been reduced some $65,000 during the past two years. How about the $158,000 worth of certificates issued by the last legislature to pay off the deficit of the two years preceding? These certificates were issued in 1899. We suppose they are not indebtedness. Besides, this legislature will have also to provide for another dificit for 1899 and 1900. The Governor is certainly an artist when it comes to dodging the facts. He means that this much of the old debt has been paid, but fails to notice the amount created in the same time.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employe of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlehan, and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a could, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by M. G. Paden.

BELGIAN HARES.

In order to supply the greatly increased demand for Belgian hares of all grades, I have secured an agency from one of the leading breeders of Los Angeles, and am prepared to fill orders from here promptly for any number or grade at the following prices:

With pedigrees, from $5 to $35 each.

Without pedigrees, from $2.50 to $10 each.

When in El Paso call and inspect my stock at the Natatorium, north side of the Plaza.

For further particulars address,
West Texas Belgian Hare Co.,
Box 856, El Paso, Tex.

MORTGAGE SALE.

Whereas, Mary E. Stone, Blanch E. Ball, Dessa Wright, Simon Wilson, John E. Wilson, and Ina Mayer Assignee of Ione Waucho, sole heirs at law of John E. Wilson deceased. John Stone husband of said Mary E. Stone, J.K. Ball husband of said Blanch E. Ball, May Wilson wife of said John E. Wilson, Chas. D. Mayer husband of said Ina Mayer, as parties of the first part, did on or about July 1st A. D. 1895, for value received, make execute and deliver to Wm. Z. Wright, their certain mortgage deed of date February 25th 1895, with power of sale whereby they conveyed to said Wm. Z. Wright, the following described lot or parcel of land in Lincoln County, Territory of New Mexico, to wit: Lot One (1) in Block Twenty five (25) in the town of White Oaks, together with other property, which said mortgage deed was filed for record in the office of the Probate Clerk and Ex-officio Recorder of Lincoln County, Territory of New Mexico on the 22nd day of August, 1895, and duly recorded in Book D. of Contracts and Agreements on pages 60 to 65 inclusive, which said mortgage deed was executed and delivered as aforesaid to secure the payment of the sum of $450.00 with interest thereon from February 19th 1891 at the rate of ten per cent per annum until paid and the time of the payment of said sum of $450.00 and interest was by the terms of said mortgage deed extended to February 28th 1896. And whereas, said mortgage deed provides that in case of the failure of payment by said parties of the first part of said sum of $450.00 with all interest that may have accrued thereon, on or before the 28th day of February 1896 then and in that case said Wm. Z. Wright his agent or legal representative was authorized and empowered to enter upon and take possession of said described real estate and after having given notice of the time, place and manner of sale thereof by notice of said sale published in some newspaper printed and of general circulation in said Lincoln County for at least thirty days prior to the time of said sale, expose and sell at public auction to the highest and best bidder for cash, the said described real estate, and to execute and deliver to the purchaser thereof a good and sufficient deed therefor.

And whereas default has been made in the payment of said indebtedness and there is now due as principal and interest thereon the sum of $665,00,

Now, therefore notice is hereby given that in pursuance of the power of sale in said mortgage deed contained and by virtue of the default in the payment of said indebtedness as aforesaid, I, Wm. Z. Wright the mortgagee aforesaid do hereby give notice that I will on Monday the 11th day of March 1901 at 10 o'clock a. m. in front of the Post Office in the town of White Oaks, Lincoln County, New Mexico, offer for sale at public auction and sell to the highest and best bidder for cash the real estate hereinbefore described and will execute and deliver to the purchaser thereof a good and sufficient deed therefor.

Dated February 1st 1901.

Wm. Z. Wright,
Mortgagee,
By E. W. Hulbert his
2-7—5 Attorney.

A CONVINCING ANSWER.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by M. G. Paden.

NEW MEXICO'S MINES.

The New Mexico bureau of immigration, which, by the way, is an active organization working for the good of the territory, has just issued a pamplet of 136 pages, giving a description of New Mexico's mineral resources.

The publication embraces a brief history of mining in the territory and accounts for its relatively slow progress. It gives a general view of the industry and the conditions under which it is pursued, and then devotes eighty-four pages to a detailed description of the mineral resources of the different counties in which mining for the precious metals is carried on. There are also chapters on the coal resources and the deposits of precious stones.

New Mexico has waited a long time for its mineral development. Capital has been slow to take hold of opportunities, and some persons have been led to doubt the existence of great wealth. Even yet it can not be shown that the territory will ever rival Colorado in mineral production. Good deposits of both silver and gold have been found, but there has been no discovery to be compared with either Leadville or Cripple Creek. The same may, however, be said of other Rocky mountain states and territories, except the copper deposits at Butte, Montana. It is doubtful if New Mexico contains a district as rich as Cripple Creek, and yet it may become a mining region of great wealth. Colorado produces a large quantity of gold outside of the Cripple Creek district, and the Cochiti and certain other camps in New Mexico may compare favorably with the second grade mining districts of this state.

New Mexico's climate is in its favor in respect to prospecting, but it is at a disadvantage in that it lacks water. There are deposits of placer gold which would yield enormously if they could be washed, but lack of water leaves them beds of dry sand. Possibly means will be obtained to save this gold without the use of water in the ordinary way of placer mining. But it would seem that the territory must depend chiefly upon its lode claims. In respect to some of these, development is checked by lack of trasportation facilities. The railroads have not done for New Mexico what some of the transportation corporations in Colorado have done for this state. There is great need of branch roads to connect the main lines with outlying mining camps too far removed at present to admit of the transportation of ore to market.

But these branch roads will be built in time, and the best way to secure their construction is for the miners to develop their districts sufficiently to show that a railroad would obtain sufficient traffic to justify its construction. It may be predicted with confidence that in the next few years New Mexico's mineral development will be much more rapid than it has been up to this date.—The Daily Mining Record.
