The pickpocket was in the crowd at the Presidential reception at El Paso. Among those who lost valuables was Dr. J. Bailey, of Las Cruces, who was relieved of a fine gold watch.

El Paso has been discussing oil as fuel in comparison to coal. Beaumont oil costs $1.00 per barrel at wells, and freight to El Paso is 19c. per hundred, making $1.15 per barrel for the oil, which is too dear in comparison to coal. The oil is about equivalent to coal, at 3 barrels to the ton.

A postoffice has been established at Malagra, and given the name of Oscura. The railroad company has changed the name of the station to Oscura to agree with that of the postoffice so what was Malagra station is now Oscura. This station and postoffice is 17 to 20 miles from the Oscura Mountains and why the change was made is not easily understood. The Oscura camp must soon have a postoffice of its own and Oscura should have been the name to be adopted.

The people of White Oaks are opposed to the location of the county seat at Capitan. They are now on the railroad. See? Roswell Register. Must always go away from home to learn the news. Eh? White Oaks hasn't even thought enough of the county seat question to yet express an opinion. However, if White Oaks should oppose its being moved from Lincoln that would settle it forever, and it is questionable if it could be moved should White Oaks favor it. A contest of this kind is not yet in sight, and all discussion is premature.

The sixty-nine Italian railroad laborers started out for Santa Rosa yesterday, there being ten wagons loads in the outfit, four of which were drawn by four horses. Their departure will be missed by no one so much as "mama" Manca, at her railroad avenue restaurant. The fellows are a bunch of foreigners, mostly Italians, who do not patronize the barber, the shoe merchant or the rooming house. They huddled and packed themselves together in a vacant room on Center street, like so many sardines in a box, and there they ate and bunked, only taking their midday meal at Mrs. Manca's, jabbered and played cards, shaved each other and nibbled cheese, crackers, bologna and bread, and smoked pipes and cigarettes between meals. Probably not one of them had more than one change of clothing and cheap bedding that is somewhat worse for the wear and tear and exposure to the elements. Optic.

OFFICIAL COUNTY PAPER.

THURSDAY MAY 16, 1901.

RUIDOSO NOTES.

Correspondence.

As per request on the fruit crop of this section for 1900 I submit for publication the following result, which is the best I could gather from the fruit men of the Ruidoso valley, commencing at the junction:

[illegible]

I have had a great deal of trouble to get any information from the Bonito valley or other sections on the subject. As many of our orchardists are not in very affluent circumstances, it is a delicate matter to learn what the output has been, but on the main the orchards of the Ruidoso make a good showing for 1900, when the size of the orchards are taken into consideration.

These figures of course include all the fruit sold, grown in a particular orchard. The amount in weight sold from some of these orchards has evidently been reached by some of the owners by giving too high an average price per pound, the amount received being more carefully kept than was the number of pounds sold. The product from the Coe orchards was nearly the same in amount, and if the crops could have been all saved either one would have reached 100,000 pounds or 2,000 bushels. The bulk of this fruit has found a market within Lincoln county, but quite a large amount reached the Roswell and Alamogordo markets.

There was but a very small amount of apples shipped to Texas or elsewhere from the 1900 crop. The demand at home made prices too high to ship at a profit. The White Mountain apple is the leader, and the White Winter Pearmain is boss of the leader. This apple is claimed by eastern fruit men to be an inferior and short-lived tree, but my trees were planted in 1885, and they bore their finest apples in 1900, are coming again and bid fair to live for many years yet. This famous apple started at [illegible] cents per pound last November and stood with it until May 10, when the last 50-lb. box was sold to Mr. Muller at Lincoln.

Noah Ellis ordering the first. However, they brought $3 per crate (50 lbs.) at Roswell. There are no flies on the W. W. P., and everybody knows it.

Many will say, no doubt, that this is a good showing for a 5-acre orchard, and say that I can give others pointers on fruit, but I lay no claim to authority on the subject. If any one needs a pointer on fruit, I refer them to Mr. Hale, Frank Coe or John Newcomb. Mr. Hale taught me pruning my trees in 1897. I had more brush on the ground than I left on the tree. The good man was shocked and told me I would have a dead orchard in three years for my pains, but it was the liveliest little orchard in the valley in 1900. It's more profitable to raise apples than to raise brush.

With one single exception the Marine Hospital Ft. Stanton White Oaks handled more of my apple crop than any other market. Will say in conclusion that the hail storm last Tuesday badly damaged the fruit crop of Joe Storms, and others about the junction.

The American Placer company is putting in four steel tanks and have also constructed a 12,000-gallon reservoir. The tanks are near the plant. Then a hire will probably start up some time this week. There is quite a lot of work to be done first. The machine is new and the lumber is green, which has thrown the machine out of plumb.

Last Friday evening there was a musicale at the sanitarium. The management arranged the entertainment for the diversion of the patients. The hall was tastefully decorated with the national emblems, flowers and evergreens. An appreciative audience of some 200 were in attendance. The music was rendered by piano and violin with an occasional vocal selection, and was of the highest order of excellence. Capitan furnished the most of the ministrels, and the dusky characters were acted as by professionals.

OF LOCAL INTEREST.

WILL REBUILD.

A. Schinzing has just let the contract for a new building which he will erect on the sight of the old one, the Casino saloon, which burned down last month. The new building will be 25x85 feet with sandstone foundation and adobe walls and cement floors. S. A. Neid has the contract for the rock, adobe and cement work. When the building is completed it will add greatly to the appearance of White Oaks avenue.

FIRST RUN.

The EAGLE is in receipt of information from the American Placer Co. that delay in starting the big dredge has been experienced on account of lumber shrinkage in some parts of the structure of the machine, but everything was ready to start Tuesday morning. The test run will be continued from day to day until the parties interested are satisfied with results. The run will probably continue all this week.

Geo. S. Treat received information this week of the death of his brother, Dr. C. R. Treat, of Sharon, Wisconsin. The Sharon Reporter of May 9, says in part: "A deep wave of genuine sorrow spread over this village yesterday morning when it became known that Dr. C. R. Treat, Sr., died suddenly at 2:30 a. m. of appoplexy and uremia, aged 75 years. The doctor was held in high esteem by the community in general, and his death has caused genuine sorrow to all who knew him. He was a man of noble character and broad sympathy for humanity in all its trials and perplexities, a true and faithful friend to the needy, and a staunch supporter of everything that pertained to the upbuilding of his town and the community."

E. G. F. Uebrick received a knockout blow from a falling rock in the Old Abe mine Monday. The rock struck his knee and the wound is so swollen and inflamed that he is confined to his bed on account of it.

John A. Brown is adding to his already handsome stock of furniture and merchandise, and can fit you out for nearly everything that makes home comfortable and life worth living.

This vicinity was blessed with a genuine old-fashioned downpour Monday night, and the grass is humping itself.

The Old Abe is working three eight-hour shifts in the shaft now. The depth is 1265 feet.

Strangers are passing, coming and going every day from everywhere.

A baby girl was born to Mr. and Mrs John A. Haley last Saturday.

PERSONAL MENTION.

Thos. H. Walsh went to Lincoln Sunday.

Col. G. W. Stoneroad was in from Jicarilla.

John Patten was in the city from the Carrizozo ranch.

G. D. Tarbell was in from the Carrizozo ranch Tuesday.

Joe Capuano has opened a shoemaker's shop at Capitan.

Andy Mayes was in the city Saturday from his Mal Pais ranch.

W. A. Hyde, the White Mountain ranchman, was in the city Saturday.

Mrs. John A. Hollars has returned to her new home in Denver, Colorado.

G. A. Friedenbloom and wife, of Roswell, are in the city guests of P. Schofield.

Mrs. W. C. McDonald and her daughter, Frances McDonald, are visiting in El Paso.

Cadets Brent Paden and Richard Taliaferro are expected home from Roswell in a few days.

J. P. Buck of Roswell has been employed in the mechanical department of the EAGLE office the past week.

Frank Hall is in from the Owen ranch, where he has been employed for the past month herding horses.

The Old Abe has begun sinking on the main shaft again, and will now make the deepest dry mine in the world a deeper mine.

Miss Florence Wharton was in from Richardson Sunday visiting home-folks. Miss Florence is teaching the Richardson public school.

Jas. Moulton has returned to the city from his ranch near Nogal, and has opened a shoe shop at Capuano's old stand on White Oaks avenue.

Mrs. Taliaferro, mother of Jones Taliaferro, and her granddaughter Katie Buford, both of Watseka, Ill., are visiting Jones Taliaferro and family of this city.

H. C. Crary and Wm. Watson spent a part of last week in the Oscura copper camp. They report the district increasing in population and business importance.

Geo. Hyde, of Three Rivers, called at the EAGLE office last week and added $1.50 to the EAGLE's exchequer and had his name put on the Three Rivers list of subscribers.

J. P. Fudge was in the city Saturday from Jicarilla with a very rich copper specimen. The specimen was taken from a new location in the Jicarilla district, and it is thought by the parties interested that a lead of rich copper ore will be opened on the claim.

KNOW ALL MEN BY THESE PRESENTS: That we the undersigned, citizens of the United States of America, whose full names are Melvin G Paden, George W Prichard, and Frank J Sager, all of White Oaks, Lincoln County, Territory of New Mexico, do hereby certify and declare that we have associated, and by these presents do associate ourselves together as a body corporate under the name and style of the Carrizo Water Company, for the purpose of becoming a body corporate under and by virtue of the laws of New Mexico; and in accordance with the laws of said Terfitory we do make, execute, and acknowledge this certificate in writing of our intention, so to become a body corporate under and by virtue of said laws

First: The corporate name and style of said company shall be, and is The Carrizo Water Company

Second: The objects for which this company is formed, are for the purpose of acquiring title to, and holding lands, waters, water rights easements and privileges, building dams, tanks, and reservoirs to open ditches, build acquedueta, and lay pipes for conducting water to, and in the vicinity of, the town of White Oaks for distribution and use; also for doing and carrying on such other business as may be connected therewith, or necessary to carry on to accomplish the object aforesaid

Third: The capital stock of said company is twenty-five thousand, ($25,000 dollars divided into two thousand and five hundred (2,500 shares at the par value of ten ($10.00) Dollars each.

Fourth: The corporation is to exist for a term of fifty (50) years, unless sooner terminated according to law

Fifth: The management of the affairs and business of said company is to be under the control of three directors, who shall have power to make all needful by-laws, and to alter and to mend the same for the government of the affairs of the company, and Melvin G Paden, Geo. W. Prichard, and Frank J Sager of the town of White Oaks, Lincoln County, New Mexico, all citizens of the United States, are hereby chosen and named as Directors for the first three months of the Company's existence, who shall manage the affairs of the company for that period and until their successors are duly elected and qualified.

Sixth: The operations of said company shall be carried on in Lincoln County, in said Territory, and the principal office of the said company shall be at White Oaks in said County.

In witness whereof we Melvin G Paden George W Prichard, and Frank J Sager set our hands, and seals, this 25th day of March A. D 1901.

NOTICE OF FORFEITURE

To the heirs of Thomas C. Johns, The Apex Gold Mining Company, a corporation and all other claimants:

You are hereby notified that I have made the original expenditure required by the mining laws of the United States and the Territory of New Mexico, and have caused the necessary labor to be performed on the "Compromise Lode" mining claim, situated in White Oaks Mining District, in Lincoln County, New Mexico, for the year 1900.

That unless within the time prescribed by law you pay, or cause to be paid, your proportion of the said expenditure for the year 1900, your interest in said "Compromise Lode" mining claim will be forfeited to me. This April 1, 1901.

TWICE-A-WEEK REPUBLIC.

Every Monday and Thursday a newspaper as good as a magazine and better, for it contains the latest by telegraph as well as interesting stories is sent to the subscriber of the Twice-a-Week Republic which is only $1 a year.

The man who reads this paper knows all about affairs political, domestic and foreign events; is posted about the markets and commercial matters generally.

The woman who reads the Republic gathers a bit of information about household affairs and late fashions and recreation in the stories that come under both the headings of fact and fiction. There is gossip about new books and a dozen other topics of especial interest to the wide-a-wake man or woman.

NEW SCHOOL LAW.

absence of such renewal, all first class certificates shall be void at the expiration of three years from their date. All second class certificates shall be void at the expiration of two years from their date, and all third class certificates shall be void at the expiration of one year from date. Certificates, good only in the district in which granted, may be issued by the authority of the boards of education in incorporated cities or towns and shall be valid and sufficient for teachers in said districts for such periods as said board may prescribe. A legally qualified teacher to teach in any school district, independent district or incorporated town or city, shall be one who has been certified as prescribed in this act, and who possesses a certificate of attendance upon some county or city normal institute, or summer school, or has an approved excuse for non-attendance; and in school districts where the only language spoken is Spanish the teacher shall have knowledge of both Spanish and English. Any county superintendent, or member of a school board, or county treasurer who shall directly or indirectly cause the public school funds to be paid for teachers' services to any other person than a legally qualified teacher under the provisions of this act shall upon conviction thereof be fined in a sum not less than one hundred ($100) dollars nor more than five hundred ($500) for each and every offense, and may be removed from office by the governor; provided no first class certificate shall be issued, nor shall any person be entitled to a first class certificate, until he or she has procured the same by examination as provided for in this act."

Section 3. In addition to the privileges, powers and duties of boards of education heretofore prescribed by law, the power is hereby granted to boards of education for districts consisting of incorporated cities or towns to employ a city or district superintendent, who, in conjunction with the board of education, shall be authorized to hold special teachers' institutes for the instruction of teachers; and they shall also have power to levy a tax for the support of the schools of the district, not exceeding in any one year seven and one-half mills on the dollar on all taxable property within the district, for school purposes; said levy to be made, approved, certified and collected as heretofore provided by law.

Section 4. That section 1613 of the compiled laws of New Mexico of 1897 is amended so as to read as follows: "It shall be compulsory on all persons who shall expect to teach in any school district, independent district or incorporated town, to attend the institute or to show a certificate of attendance upon some county institute or approved summer school held within the year. County superintendents are hereby forbidden to issue a certificate to, or to honor the certificate of, any person who refuses to comply with the provisions of this act; but any person who fails to so attend by reason of sickness or other good and sufficient excuse, rendered to the county superintendent and approved by him and also by the territorial board of education may be excused by the county superintendent from such attendance. Teachers in city schools who possess a certificate of attendance upon a city institute held by order of the board of education in the district in which they are to teach, shall be excused from attendance upon the county institute."

Section 5. Section 1549 of the compiled laws of New Mexico of 1897 is amended by adding thereto the following: "All poll taxes shall be paid to the county treasurer for the use of the respective school districts in which the same are collected, and the treasurer shall pay to the district clerk his percentage on the gross amount collected. No property shall be exempt from execution in suits for collection of poll taxes and the justices of the peace and constables shall not demand fees in advance in such suits."

Section 6. The county school superintendents of counties of the first clas shall be paid the sum of five dollars ($5.00) for each and every day, not exceeding three days (3) in any one year, for his services, expenses and time employed in visiting each school district during session of the school in said district outside of the one in which he resides, in addition to the salary now allowed by law. Said amount to be paid out of the general school fund of such county by the board of county commissioners as other expenses and salaries are paid, provided that said superintendents shall in no case charge nor be allowed pay for visiting more than forty-five districts in their county during any one year.

Section 7. All laws and parts of laws in conflict with the provisions of this act are repealed; and this act shall be in force from and after its passage.

DIRECTORS AND TEACHERS.

The following is house bill No. 46, passed by the 34th legislative assembly, and signed by Governor Otero:

An act to regulate the election of directors of schools and the employment of teachers.

Section 1. That at the next ensuing election of directors of schools in the several districts of the counties of this territory, one of the three of such directors shall be elected and shall hold his office for a term of three years, one of such three directors shall be elected and shall hold his office for a term of two years and the third of such directors shall be elected and hold his office for a term of one year.

Sec. 2. At each election after the next ensuing election of such directors, but one of such directors shall be voted for and he shall be elected and hold his office for a term of three years from the first day of July thereafter.

Sec. 3. All acts and parts of acts in conflict with the provisions of this act are repealed, and this act shall take effect and be in full force from and after its passage.

SET SAIL FOR THE GULF.

Chas Zieger, of hotel fame, of El Paso, is trying to demonstrate that navigation is practical on the Rio Grande as far up as the city of El Paso. The El Paso Daily Herald speaking of the Zieger experiment says: "Should the trip of the Chas. Zieger to the lower Rio Grande prove a success a petition will be sent to congress to have the river dredged and made navigable for Ocean steamers, and a navy yard established above the Santa Fe street dock." This little hobby of Mr. Zieger's should be called Zieger's Grand(e) Rio Joke.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.

LETTER FROM J. L. STOVALL.

(Published by Request.)

WHITE OAKS, N. Mex., May 9, 1901.

To the EAGLE Readers: If the editor will be so kind as to allow me space in his valuable paper, I will say a few words to the people of White Oaks. I have been informed that many who had opposed me religiously, but who were my personal friends, have of late become my personal enemies. Other, who would hardly allow themselves to become my real enemies, are very much hurt on account of a piece which the EAGLE of March 28 copied from the Firm Foundation. I trust that in this article I shall be able to give some information that will cause bitterness and evil feelings to disappear, and pleasantness to reign in their stead. I have no doubt but that many truly sincere persons have thought that some of the statements made in the article mentioned above are entirely too hard, and that they came from a heart of bitterness. But the readers of the Firm Foundation could see no reason for offense, because they were better acquainted with our manner of writing and the positions to which we sincerely held. I trust that after this the people of W. O. will know me better, and that a nearness of feeling will be brought about that ought to have existed all the time.

To my Baptist and Methodist friends, who have thought that I did a great wrong in saying that no other gospel preacher had ever preached at Capitan, I will say that I had no thought of giving offense to anyone, but only expressed what is the sincere belief of myself and my brethren. I did not intimate that those who had preached there before were insincere or that they did not think that what they preached was the gospel. My rule is to treat all men as honest until they prove to be otherwise. But we, believing that no two conflicting doctrines can be the gospel, are forced to say that the other fellow does not preach it or else admit that we are hypocritically preaching what we do not believe to be the gospel. Certainly we ought not to become enemies on account of these honest differences. You Baptists and Methodists say just as hard things about each other as I have said about any of you, and I know that it has been with no better feelings than that which has accompanied what I have said.

The "Southwestern Baptist," published at Alamogordo March 8, 1901 under the heading of "How Far Shall We Go?" says: "What shall be our attitude towards the churches of other denominations? As Baptists do we believe them to be genuine churches of Christ? The real intelligent Baptist does not. He knows that a church of Christ is a body of baptized believers, holding the doctrines and ordinances as they were delivered by Christ and His apostles. He knows that however genuine may be their conversion, Pedo-Baptists are unbaptized and all their churches irregular and disorderly. He also knows that their existence perpetuates what he recognizes as false teachings, such as sprinkling and pouring for baptism, infant and adult unregenerate church membership and episcopacy or other erroneous ideas of church government."

This Baptist is no harder on the Methodists than they are on him. On page 113 of the People's Hand Book, Z. A. Parker, a Methodist preacher, when speaking of the advocates of close communion, says, "They cling to it with the tenacity of devout Romanists, to whom, in this particular thing, they are closely akin." Now I agree with the Baptists that the Methodists preach that which is not the truth. I also agree with the Methodists that the Baptists preach that which is not the truth. Now, my friends, you certainly ought not to get mad at me for agreeing with you in this matter.

But again, some are very much offended because I used the term "herders." I assure you that I used this in no ill sense at all, but only to express the work of some in trying to keep people from hearing what we preach. If you don't remember of having done this, all you have to do is to deny what I have said and I will enable you to remember it. I have been informed that one Methodist in referring to my statement that a lady came from Tularosa to W. O. in order to be baptized, said, "That is another one of Stovall's lies." I want to assure this gentleman that I am not at all mad at him for saying that I lied, and there is not a man in W. O. who would be more willing to befriend him than I would, but he cannot prove that I lied. I, however, can prove that this is no lie. Ask Alfred James. He knows that what I have said is the truth, and I believe he will tell it just as he knows it. But the expression, "That is another one of Stovall's lies," implies that I have told several. Now if you actually think that I have lied, all you have to do is to give the proof of it and then I will publicly confess that I have lied. I know that you cannot give the proof, but I cheerfully forgive you for bringing this false charge against me.

Now, if you feel so disposed, come over and visit me. God has blessed me with plenty to eat and a good cook, and you will be welcome to the best we have. This invitation is to any of my Baptist and Methodist friends, preachers and all who may feel disposed to be friendly with me. Very respectfully

JOHN L. STOVALL.
