

FOUR TASTY SOUPS

PREPARED ACCORDING TO MOST APPROVED MANNER.

Clear Tomato Perhaps the Most Popular of All—Cream of Sweet Potato Soup a Popular Southern Delicacy.

Clear Tomato Soup.—Add a pint of water to a can of tomatoes and place in a saucepan. Cut into dice one carrot, one onion, one turnip and one white potato; put two ounces of butter in the frying pan. Add the prepared vegetables and toss about until slightly browned, then stir them into the hot tomatoes, adding a stalk of celery or a quarter of a teaspoonful of celery seed, and boil 45 minutes. Remove from the fire and strain. Season with a teaspoonful of salt and a saltspoonful of white pepper, and then stir in two tablespoonfuls of butter. Serve in bouillon cups with toasted crackers.

Creole Vegetable Soup.—Wash and cut into thin slices half a dozen good sized okras. Place them in a saucepan with a pint of stewed tomatoes and one thinly sliced onion. Cover the whole with two quarts of cold water and simmer for two hours. Add two teaspoonfuls of salt, a saltspoonful of pepper, and two tablespoonfuls of butter. When the butter is dissolved stir in a tablespoonful of mushroom catsup and one tablespoonful of chopped green sweet pickles. Serve with triangles of toasted bread.

Puree of Lima Beans.—Cook one can of lima beans in a pint of salted water, adding a tablespoon of grated onion, a bay leaf, a blade of mace, and three whole cloves. When reduced to a pulp press through a fine sieve. Return to the fire and stir in two coffee cupsful of milk and season with half a spoonful of salt and dash of cayenne. Thicken with one tablespoon of butter and one of flour rubbed to a paste, letting it just reach the boiling point, to cook the flour. Serve at once with tiny crescents of fried bread.

Cream of Sweet Potato Soup.—This southern delicacy is made by peeling four sweet potatoes, covering with boiling water, and cooking five minutes, after which they should be drained and the water thrown away. Then cover them with one pint of boiling water, adding a slice of onion, a stalk of chopped celery, a bay leaf, and a pinch of thyme. Cover and cook until the potatoes are tender; then press them through a colander. Add one quart of milk and turn into the double boiler; rub together two tablespoonfuls of butter and flour; add to the soup and cook until smooth; season with a teaspoon of salt and a dash of cayenne and strain through a fine sieve. Reheat and stir in two tablespoonfuls of thick cream.

To Clean Lettuce.

When cleaning lettuce one often finds that each leaf is covered with a lot of tiny green bugs which it seems impossible to remove. It is a great time saver to wash the lettuce in cold water first to remove it of dirt, and then take water as hot as you can bear the hands in and place each leaf of lettuce in the water and shake it around in the water several times. You will find that the bugs will loosen their hold on the lettuce and will remain in the water. If the water becomes cool add some more hot water, as the hot water is a great deal more effective than cold. After the bugs are all off the lettuce replace it in cold water for a short time to renew the crispness.

To Serve Tomatoes.

Take small yellow tomatoes, remove skins carefully, put them in the ice chest to get cold without freezing. Make a bed of crisp, white leaves of lettuce and arrange tomatoes in uniform order on this; over all sprinkle a little parsley chopped fine. Serve with French dressing.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality, as to its efficiency and merits."

Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."

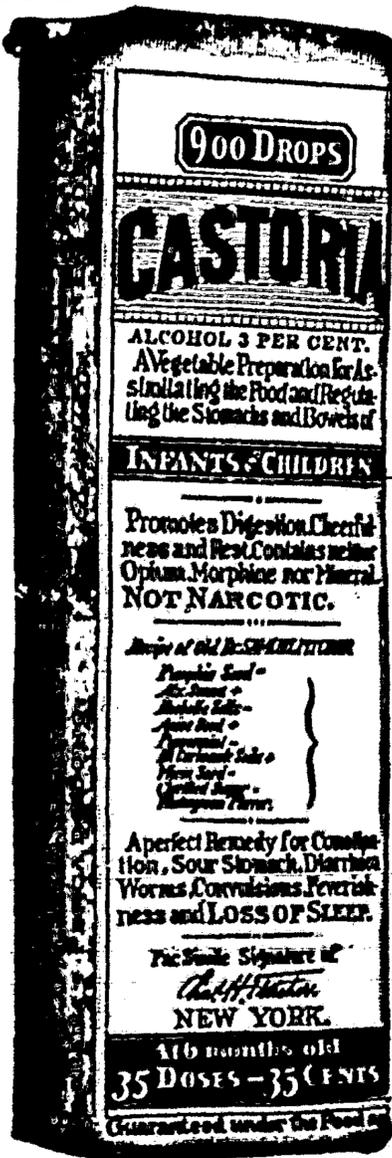

GENUINE CASTORIA ALWAYS
Bears the signature of

Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE DENTON COMPANY, 77 BURNETT STREET, NEW YORK CITY.

Exact Copy of Wrapper.

Rain from Father's Head.

A bright little boy of two summers was unconcernedly playing near his father, who was laboriously occupied with a difficult task which caused big beads of perspiration to drop from his forehead. Presently the lad ceased his play. Looking at his parent doubtfully a moment, he ran swiftly to his mother and, assuming a pained expression, pointed to his father, saying plaintively: "Oo, mamma, see! Poo papa head yainia!"

Certainly.

"Why do you always read the newspaper criticisms of the opera so carefully after you have attended a performance?"

"People will be sure to ask about it, and one must be able to answer as if one understood something about it, you know."

Without labor there is no arriving at rest, nor without fighting can the victory be reached. — Thomas a Kempis.

Why He Wanted to Know.

"Auntie, were you ever married?"
"No, my child. Why do you ask such a question?"

"Ma said one day that somewhere in the world there was some fool of a man that the homeliest woman could get if she wanted him."

ROUND THE CAPITAL

Information and Gossip Picked Up Here and There in Washington.

Keeper of Lid During Summer in Doubt

WASHINGTON.—Who will sit on the "lid" here during the summer, while the president is taking rest and recreation at Oyster Bay? None of the cabinet officials wants the job, and so far it has been a continual performance of sidestepping. Even when the president left for his Long Island home the other day only tentative plans for the dog days watch had been determined upon.

Secretary Root, who left at the same time, will be gone all summer. Assistant Secretary of State Bacon will be the lid sitter in the state department most of the summer.

Attorney General Bonaparte will keep out of Washington as much as possible during July, paying flying visits from Baltimore. In August he will

be at the Aspinwall hotel in Lenox, Mass.

Secretary Motcalf has gone to California to spend the summer in the mountains. He will not be seen in Washington until frost comes.

Postmaster General Meyer will hie hence to the St. Lawrence to fish. Secretary Garfield is in Hawaii and will stay there for three months. Secretary Cortelyou will have a quiet summer, probably on Long Island.

Secretary Wilson will stay in Washington for some time on account of the business arising in connection with the enforcement of the pure food laws. If he takes a vacation he will go to his Iowa farm.

Secretary Wright, who will succeed Secretary Taft in the war department, will hardly be eligible to such a serious task as keeping the big lid down this summer. He will spend much of his time this summer in Washington, however. Secretary Straus has taken the seat on the lid and will have this throne of honor until some of the other members will consent to relieve him.

Picturesque Princess Invades Capital

PRINCESS VILMA LWOFF PARAGHY is in town. And that's not all. With her are three maids, by courtesy French; first, second and third attache; marshal, courtier, butler, chef, and, for good measure, three or four other men servants.

And that's not all. And with her also are one small yappy, white woolly dog, one pair of guinea pigs badly in need of a hair-cut, a couple of young wolves, an ibis, a falcon, several owls, and a family of alligators.

And that's not all. With her also are several drays of the gaudiest luggage that any local hotel ever sheltered. It is all painted red, white and green—the Hungarian colors.

All these—princess, suite, menagerie and impediments—are at the Willard. They arrived from Hot Springs, Va., a few days ago in a private car. They proceeded to the hotel after some delay, in half a dozen carriages,

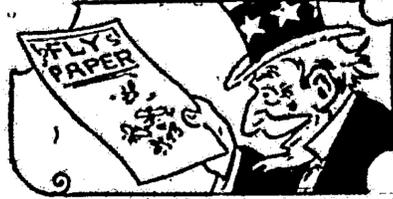

and after considerable excitement on the part of the hotel employees her highness was finally established in a suite which comprises almost the entire southeast wing of the second floor. The princess had ordered a room with a balcony and was justly indignant when she found she had been relegated to the fourth floor, where there was no balcony.

In vain did the manager explain that the lower floors were not in use in the summer, that they were closed entirely and dismantled. They must be opened and refurnished. Madame wanted a balcony and must have a balcony. The closed rooms were forthwith opened and furnished in the shortest possible time and Mme. la Princess Paraghy was installed in a suite of something like 20 rooms with a balcony.

She has what figures as her second sitting room exclusively for her menagerie and is lamenting that she decided to ship a young bear, a dear little tiger kitten, and a furry little lion cub direct to her home at Nice.

She is Hungarian by birth and Russian by marriage, but that did not last long. Like any American girl, she had to get rid of her Russian prince.

Uncle Sam Starts a Crusade on Flies

UNCLE SAM is busy these days counting house flies. He has started a sort of fly census for the purpose of ascertaining the relationship between the little buzzing pests and typhoid fever. It is believed by some agricultural department entomologists that flies do an awful lot towards spreading typhoid germs around—in fact, several of them have been caught with the goods.

The plan, therefore, is to catch the wicked little insects, count 'em, and compile a lot of data for comparison with statistics furnished by the health department as to the prevalence of typhoid fever in localities where cap-

tures are made. The fly census has, therefore, been inaugurated in Washington and Pittsburg and may be extended to other cities.

Dr. L. O. Howard, chief entomologist of the department of agriculture, is in charge of the fly-paper squad, which posts sheets of good old sticky stuff around in public places and gathers them in again after captures of 48 hours have been made.

The greatest number of flies that have been enumerated at one haul so far is 3,500, gathered at the United States arsenal, an engineer post on the Potomac river.

The experts carefully count the victims, determine the length of time they have been dead, search them for germs, and do various other funny things that eventually may mean a lot in convicting Mr. Fly of transplanting disease. As soon as returns are in from the great "fly center"—Pittsburg—there may be some interesting data to give out.

HEALTH BRINGS HAPPINESS.

Invalld Once, a Happy Woman Now.

Mrs. C. R. Shelton, Pleasant Street, Covington, Tenn., says: "Once I seemed a helpless invalid, but now I enjoy the best of health. Kidney disease brought me down terribly. Rheumatic aches and pains made every move painful. The secretions were

disordered and my head ached to distraction. I was in a bad condition, but medicines failed to help. I lost ground daily until I began with Doan's Kidney Pills. They helped me at once and soon made me strong and well."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

A Cold Lunch.

The pupils of a distinguished professor of zoology, a man well known for his eccentricities, noted one day two tidy parcels lying on their instructor's desk as they passed out at the noon hour. On their return to the laboratory for the afternoon lecture they saw but one. This the professor took carefully up in his hand as he opened his lecture.

"In the study of vertebrata we have taken the frog as a type. Let us now examine the gastrocnemius muscle of this dissected specimen."

So saying the professor untied the string of his neat parcel and disclosed to view a ham sandwich and a boiled egg.

"But I have eaten my lunch," said the learned man bowdleredly.—Lippincott's.

DOCTOR SAID "USE CUTICURA"

In Bad Case of Eczema on Child—Disease Had Reached a Fearful State—His Order Resulted in Complete Cure.

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my head. It reached such a state that it was just a large scab all over, and the pain and itching were terrible. I doctored with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I have not been bothered with it since. I used Cuticura Soap and Cuticura Ointment but do not know exactly how much was used to complete the cure. I can safely say that Cuticura did a lot for me. Miss Anabel Wilson, North Branch, Mich., Oct. 20, 1907."

A girl will forgive a young man quicker for kissing her against her will than for not being interested enough to try.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

Just the Same.

Bacon—Drug Stores in Maine are the same as those here.

Egbert—Why so?
Bacon—I went in one, once, and winked, and the clerk said, "No, but we have something just as good."

A World Language.

If English ever becomes a world-language it will be—in the judgment of Prof. Brander Matthews—simply because it had to be. Why this is so, is one of the phases of "English as a World-Language," which Professor Matthews writes of in the July Century. He will explain why other languages have not succeeded in the struggle forever going on for such supremacy, and will give the reasons in favor of English becoming a universal tongue.

The Use of Bread.

"Elmer," said the teacher to a small pupil, "what is the chief use of bread?"
"To spread butter and jam on," was the prompt reply.

\$23.50 to Dallas, Texas, and Return.

Announcements.

FOR COUNTY SURVEYOR.

The News is authorized to announce that W. H. Healy is a candidate for re-election to the office of County Surveyor, subject to the action of the democratic party.

FOR SHERIFF.

I hereby announce myself as a candidate for nomination for Sheriff of Lincoln County, subject to the action of the Democratic County Convention.

JOHN COLE.

FOR SHERIFF.

I hereby announce myself as a candidate for nomination for Sheriff of Lincoln County, subject to the action of the Democratic County Convention.

W. W. BROCKWAY.

The news comes that a number of the New England states will throw off the republican yoke this fall. How the mighty have fallen!

Larrazolo's campaign in south-eastern New Mexico has resulted in great good to the democratic ticket. All that was needed in that section was to arouse an interest and get the people to the polls, for they are nearly all democrats. The three Pecos Valley counties will give Larrazolo about 5000 majority.

The railroads have refused to grant rates to the Bryan notification meeting at Lincoln, notwithstanding that this courtesy was extended to the Taft meeting at Cincinnati. Nevertheless, Bryan was notified, in the usual manner, of his nomination, and the people will be able to get to the polls to vote, regardless of railroad discrimination.

Vermont is to hold a state election September 1st. Chairman Hitchcock of the national republican committee has enlisted the services of two cabinet members to help retain Vermont in the republican column. Conditions must be desperate for the republicans when such efforts are necessary to hold the Green Mountain State to her moorings.

IN THE TARIFF BARONS' HOME.

The Saturday Evening Post. No noxious free-trade heresy, we believe, vitiates the statistical capacity of the government of Pennsylvania—the classic ground of protection, especially of protection of iron and steel.

The annual report of the Secretary of Internal Affairs of that Commonwealth shows that the average daily wage of adult male employees in the blast furnaces of the State was \$1.93 in 1906; that the cost of labor per ton of iron

produced was \$1.07. The duty upon a ton of pig iron, it will be recalled, is four dollars. The average daily wage of the adult male employees in steel mills was \$2.15; the average value of a ton of product was \$36.29; the average labor cost of a ton of product was \$6.33. The average duty on a ton of product is about \$10.

If the real object of protection were to equalize the difference between labor cost at home and abroad, we should be forced to the painful conclusion that foreign manufacturers not only got their labor for nothing, but received a bonus from the laborers. The republican platform, however, mentions another object—namely, "reasonable profit to American industries."

After forty years of high protection and at flood-tide of prosperity, workmen in Pennsylvania iron and steel industry got two dollars a day, and the Steel Corporation earned a hundred and twenty million dollars above all expenses, taxes and bond interest—probably fifty per cent on the legitimate investment above that represented by bonds.

There is, of course, room for a difference of opinion as to what constitutes "reasonable profit." Probably, two dollars a day to the workmen and fifty per cent to the trust is not far from the Pennsylvania idea of protecting American labor—and, incidentally, looking out a little for American capital.

CARRIZOZO DEMOCRATIC

CLUB MEETING.

All members of the Carrizozo Democratic Club, and Democrats who desire to become members, are requested to attend the meeting Saturday night, August 22nd, to transact urgent business and to discuss plans for the ensuing campaign.

All Democrats, and those who wish to affiliate with the party for the betterment of territorial conditions and who are interested in the success of the National Democratic ticket, are extended a cordial invitation to the meeting of the club. The place of meeting will be the store room formerly occupied by Zeigler Bros., on Alamogordo avenue.

W. J. DORRING, Pres.
Carrizozo Dem. Club.

Harry C. and Ed F. Comrey, two old friends of the News, were in Carrizozo Wednesday, on their return to Ancho from the republican county convention at Lincoln. They called at this office and gave us a little information concerning the convention; and, while they were both strong Andrews men, they took their medicine without a grimace.

Good, nice, red, clean Oats at \$2.10.—John H. Skinner.

Office with Barber & Gierke, Carrizozo, N.M.

ADDITIONAL LOCAL.

C. C. Bennett, who has lived in Lincoln and Capitan the past eighteen months, returned to Lincoln Thursday after a two months' visit with relatives in Denver, Colo. He is opinion that it is two or three degrees warmer in Denver than in this part of Lincoln county.

A Mexican woman was taken off the east bound train Sunday evening, placed on a stretcher and conveyed to her home on the east side. She had been in the Alamo hospital where she had undergone an operation, and appeared to be very weak. Dr. Paden, the local company surgeon, attended the helpless woman.

G. E. Holland will open a short order restaurant and confectionery counter in the building formerly occupied by C. M. Estes. Mr. Holland went to El Paso today to purchase the necessary fixtures and supplies. He has had considerable experience in this line of business and should make a success of the venture.

Mrs. J. Allen Ray entertained her Sunday School class at the parsonage Wednesday night of this week. Twenty-six young people gathered there on that occasion to greet Miss Helen Canning, in whose honor the entertainment was given, that date being Miss Helen's birthday. A tempting lunch was served and the class had a most enjoyable evening.

A rumor gained currency that a number of people in the surrounding country had been poisoned from eating fruit, and that death resulted in three cases. The fruit was purchased from peddlers coming from Tularosa; and the symptoms produced from eating the fruit are said to resemble arsenical poisoning. The wildly improbable theory has been advanced that in spraying the trees with arsenic, to kill the insects,

the poison had been communicated to the fruit, through the sap in the trees. It is more probable the trouble is cholera morbus, which is prevalent at this season, brought about by eating unripe fruit.

Mrs. H. W. Yancey died yesterday evening at her home in Carrizozo. The funeral will take place this afternoon.

Negotiations have been under way for a ball game with Fort Stanton, and, while arrangements have not been perfected, the prospects are good for two games across the divide. The proposition of the Carrizozo team is to go to Fort Stanton Sunday, Aug. 23, play the Stanton team, return to Capitan and play the same team Monday morning at Capitan, and return to Carrizozo that afternoon. The Carrizozo team will drive over from here, having failed to get satisfactory terms from the railroad company.

Quite a number of people were entertained at the home of Mr. and Mrs. Jones Taliaferro, of White Oaks, one night last week, the occasion being a reception to Misses Edna and Merle Koch, of Tucumcari. About thirty young people were present, a party of five driving over in a Reo from this place. Ice cream, cake and other refreshments were served, and dancing and games carried off a very enjoyable evening. The "cake walk" created great fun, a number competing. The cake was awarded to Ralph Treat and Miss Frances McDonald.

TWO MORE ANDREWS COUNTIES.

Since setting up a table on the republican delegate situation, the news comes from two county conventions, both of which instructed its delegates for Andrews, and both of which, in the table, had been credited elsewhere. They are: Union with 6, Valencia with 12. It looks more like Andrews.

Former Republicans Support Bryan

The New York World, strongly anti-Bryan, yet inclined to also oppose the candidacy of Mr. Taft, has sent out enquiries to many of its eastern readers, asking their position in the present fight. The answers are varied, as a matter of course, for they represent every political faith; but the selections below are given because they come from former republicans, and contain suggestions that are liable to have considerable weight with a large number of republicans. The first letter is from Oswego, New York, and reads as follows:

"Since 1898 I have voted for every Republican candidate with one exception, when I cast my ballot for D-Cady Herrick for Governor of New York in 1904. This year I shall vote for William J. Bryan.

I am a laboring man and have been led to believe that the Republican party has been the sole cause of all our prosperity and that the elevation of any Democratic candidate for any office would only lead to disaster. All the disaster and calamity that has been predicted for us has come, and under a Republican Administration.

Mr. Taft's nomination was forced by Mr. Roosevelt and the monopolies of this country. Mr. Bryan's nomination came directly from the people."

The second letter reads: "I was brought up an orthodox Republican and have always voted that ticket. My father and other relatives being all more or less politicians, placed me in a position to enjoy many of the rare blessings that fall only on devout followers of that sainted creed. During the past two or three years, however, I have become more or less a freethinker, and this fall will find me voting for Bryan, at the probable cost of being disinherited.

A few years ago I had no use for Bryan or his policies; to-day could vote for him with greater enthusiasm than any man I know.

I would be ashamed to vote a man like Taft, who lacks enough originality to stand on own feet, but expects to ride office on the back of Roosevelt. It seems all the more ridiculous we realize that Roosevelt's amounts to nothing more the bungling execution of good policies stolen from him."

**MINING APPLICATION,
No. 084.**

United States Land Office,
Roswell, New Mexico,
August 1, 1908.
It is hereby given that J. Lahann, by Charles his Attorney in Fact, whose address is White Sulphur Springs, Lincoln County, New Mexico, this day, filed his application for a patent for the above mining claim in the Oklahoma Mining District, Lincoln County, New Mexico, described by the field plat on file in this Survey No. 1352 being as follows to wit:
at corner No. 1,

whence the 1/4 corner between sections 25 and 26 in Township 6 S., Range 11 E., bears N. 52° 06' E., 510.85 feet distant.

Thence S. 41° 01' E.-Var. 13° 30' E.-1279.86 feet to corner No. 2.

Thence S. 48° 59' W.-Var. 13° 30' E.-600 feet to corner No. 3.

Thence N. 41° 01' W.-Var. 13° 30' E.-1279.86 feet to corner No. 4.

Thence N. 48° 59' E.-Var. 13° 30' E.-600 feet to corner No. 1, place of beginning.

Saving and excepting from this application all that portion of said Smuggler claim in conflict with Little Nell lode, Survey No. 158, the same being 1.409 acres; also all that portion in conflict with Homestake lode, Survey No. 621, the same being 0.627 acres; also all that portion in conflict with Scranton lode, Survey No. 739, the same being 1.647 acres.

Net area claimed under this application 13.946 acres.

The location of this claim is recorded in the office of the recorder of said Lincoln County, at Lincoln, New Mexico.

This claim is bounded on the North East by Little Nell, Survey No. 158; East by Homestake lode, Survey No. 621; West by Scranton lode, Survey No. 739.

Any and all persons claiming adversely the mining ground, veins, lodes, and premises, or any part thereof, so described, surveyed, platted, claimed and applied for are hereby notified that unless their adverse claims are duly filed according to law with the Register of the United States Land Office at Roswell, N. M., during the period of publication hereof they will be barred.

HOWARD LELAND,
8-7-10 Register.

J. C. Cleppinger, of White Oaks, left on yesterday's train for Oklahoma and points further east. He will be absent for about six weeks.

NOTICE OF SALE OF MORTGAGED PROPERTY.

NOTICE IS HEREBY GIVEN, pursuant to the decree of foreclosure and sale made and entered by the District Court of Lincoln, New Mexico, of the Sixth Judicial District of the Territory of New Mexico for the County of Lincoln, on the 8th day of July, 1908, in a certain cause pending in said court, wherein W. W. Galloway and U. S. Hateman were plaintiffs, and J. C. Cleppinger, et al., were defendants, that J. C. Cleppinger, the special master named in said decree, will, on the 10th day of August, 1908, sell at public auction to the highest bidder or bidders at the front door of the courthouse in Lincoln, Lincoln County, New Mexico, at ten o'clock a. m. of said day, the property described in said decree and therein directed to be sold, as follows:

(a) Commencing at the corner to sections 12, 13, 14 and 15, township 11 south, range 17 and 18 east, N. M. P. M., corner No. 1, thence var. 13 degrees and 10 minutes east, 20 chains to corner No. 2, a limestone 30x15x18 inches set in the ground and marked on the north side 2-24; thence var. 13 degrees 21 minutes E. north 29 chains to middle of Rio Hondo, 31 links south of which is a limestone 10x10x10 inches marked on the north side W. C. 24; thence along the middle of the Rio Hondo northwesterly to a point on the range line between ranges 17 and 18 east, 20 links south of which is a limestone 10x10x10 inches marked W. C. 24 on the north side, thence from the middle of the Rio Hondo, var. 13 deg. and 21 minutes E. 16 chains to corner No. 1, place of beginning, containing 14 1/2 acres more or less, and being all that portion of lot No. 4, section 7, township 11 south, range 18 east, N. M. P. M., which lies south of the Rio Hondo.
(b) Also all that portion of the south half of the southeast quarter of section 12, township 11 south of range 17 east, which is south of the Rio Hondo.

CAPITAN.

Attorney Geo. W. Hall returned from Santa Fe Sunday.

Joe Ashford has been appointed postmaster at Oscura, succeeding E. G. Rafferty.

Five-fifths make one, in other words, a unit split into five equal parts, when added, is still one.

Sheriff Owen and family were up this week from Lincoln visiting relatives and friends.

A baby boy arrived last week at the home of Mr. and Mrs. Vicente del Curto in this city.

T. W. Gurney, manager of the Carrizozo Eating House, went to El Paso this week on business.

W. J. Doering leaves today on a seven-day trip to Capitan, Fort Stanton and Lincoln on business.

J. V. Edwards, a merchant of Oscura, accompanied by two sons, was in Carrizozo Tuesday stocking up.

J. R. Wilson has purchased a lot in Highland Park addition, and intends to erect a residence thereon soon.

Mr. and Mrs. W. Gumm leave Sunday for Lincoln to spend a week at the home of Dr. and Mrs. Laws.

George Spence, the furniture man, is contemplating a trip to Gran Quivera to explore the ruins of that buried city.

Miss Merle Koch has been visiting Miss Helen Canning the past week. Before returning to Tucumcari, Miss Merle will visit other friends at White Oaks.

The Bar W ranch this week received a car of bulls from Kansas City. The car was made up of herefords and shorthorns.

N. B. Taylor and wife are now located in a residence on Walnut street in the McDonald Addition, having moved there this week.

Col. Geo. W. Prichard came in from Santa Fe Monday, and attended the republican county convention the following day at Lincoln.

Mrs. T. H. Craig and two daughters left last week for Roswell, after spending a month with Mrs. E. S. Long, Mrs. Craig's sister.

S. A. Neid went over to Capitan Monday to lay a foundation for Geo. A. Titsworth's residence. He will be absent two or three weeks.

Noah A. Zumwalt and J. T. Bural, two farmers from the Lomo Grande country, were in the metropolis a couple of days this week.

The Lincoln County Normal Institute will open at Lincoln next Monday. It will last for ten days, and a large number of teachers is expected to attend.

J. E. Koonce, the alcalde at Nogal, was in the city this week. Mr. Koonce is optimistic concerning the future mining prospects of the White Mountain country.

Mrs. J. T. Evans, of Roswell, spent several days in Carrizozo this week visiting her daughter, Mrs. Ed. W. Coe. She left on

Tuesday's train for California with a younger daughter for the benefit of the latter's health.

Mr. Cleve Bourne was called to Capitan this week on account of the serious illness of his mother, who has been very low for several weeks. She is in her seventy-fifth year.

Ed C. Pfingsten and wife were down from the Nogal Mesa Tuesday. Crops are fine, he says, and the light rain of the night before gives momentum to their upward climb.

A dance at Nogal last Friday night attracted a number of the devotees of the Terpsichorean Muse from this place. An enjoyable time was spent in the little mountain town.

The railroad boys are thinking about renting the vacant building adjacent to the Carrizozo Hotel, fitting it up for a reading room, where they may, when off duty, spend a quiet and profitable hour or two.

Albert Zeigler returned Tuesday morning from the east where he had gone last month to purchase goods. Zeigler Bros. expect the shipment soon, and their new store will then be stocked from cellar to ceiling.

D. M. Cox of Ancho, believing that we, like himself, hailed from Missouri, brought to our office this week a bag of Irish potatoes, grown on his new farm without irrigation. The potatoes, as a matter of fact, compare favorably with the famous Greely "spuds."

Hotel Temple has fitted up a pleasant office and installed a neat register. Mrs. Long, the hostess, takes pride in catering to the wants of the public, and this popular hostelry, under her management is growing in favor.

Mrs. Allen and Mrs. Wheeler, who have been visiting their father, J. S. Williamson, of Capitan, came over Monday and took the train for Oklahoma. They were accompanied by a younger sister, Miss Nellie Williamson.

C. L. Davis, who attended the republican county convention at Lincoln Tuesday as a delegate to the republican county convention from this place, remained there to attend the Normal Institute which begins next Monday.

A company of about seven vaudeville artists got off the train Sunday evening, and gave a performance the following evening at the rink. The performance was generally pronounced "low," but the "artists" got what they went after--the "dough"--and left on the midnight train for towns up the line.

Robt. Bourne was down from the Mesa the early part of the week. While here he made arrangements with the Carrizozo Development and Improvement company, whereby the latter receives and transmits messages to his line. Anyone using the local phone system may now call up "central," and get connections to any part of the county, paying, of course, the usual fee for transmitting the message.

Carrizozo News

CARRIZOZO, NEW MEXICO.

No Substitute for Honesty.

No substitute has ever yet been discovered for honesty. Multitudes of people have gone to the wall trying to find one. Our prisons are full of people who have attempted to substitute something else for it. No man can really believe in himself when he is occupying a false position and wearing a mask, when the little monitor within him is constantly saying, "You know you are a fraud; you are not the man you pretend to be." The consciousness of not being genuine, not being what others think him to be, writes Orison Swett Marden in Success Magazine, robs a man of power, honeycombs the character and destroys self-respect and self-confidence. When Lincoln was asked to take the wrong side of a case he said, "I could not do it. All the time while talking to that jury I should be thinking, 'Lincoln, you're a liar,' and I believe I should forget myself and say it our loud." Character as capital is very much underestimated by a great number of young men. They seem to put more emphasis upon smartness, shrewdness, long-headedness, cunning, influence, a pull, than upon downright honesty and integrity of character.

Italy is not usually supposed to furnish favorable soil for the suffragette movement. It is therefore a little surprising to find how strong that movement has already become. The congress of Italian women that has just been held in Rome is not so much the inauguration as the continuation and consolidation of a feminist effort that has already met with marked success. Although isolated groups had been working for the amelioration of woman's lot in Italy ever since its political regeneration, it was not till 1898 that a real feminist movement made itself apparent. In Milan was founded the *Unione Femminile*, which now has more than 100,000 members. Turin followed suit, with that splendid society now ramified all over the peninsula, the *Co-operative Feminine Industries*; Tuscany, the Romagna, the Emilia, took up the example, until there exist now some 20 different sections, each autonomous in its methods and ideals, but all helping forward the social and ethical upraising of the land. It was to bring together these scattered sections, for the purpose of interchanging ideas and projects, that this Roman congress was called.

Diplomacy, in spite of the frankness which is supposed to characterize it in modern days, still has its amusing episodes. When Italy desired to open post offices in five Turkish cities, the porte not only refused permission, but said that the opening would be prevented by force if necessary. When Italian battleships appeared the request was granted, "not as a right, specially acquired," the Turkish ambassador took pains to remark, "but as an expression of the unshaken sentiments of sincere friendship" between the sultan and the king of Italy. Signor Tittoni, on behalf of Italy, remarked, somewhat dryly, that the friendly sentiments of the sultan were fully reciprocated.

The church army of England has received an immense collection of lantern slides from the estate of Alexander Lamont Henderson, a pioneer of modern photography, who was for years photographer to Queen Victoria and the prince consort.

HORTICULTURE

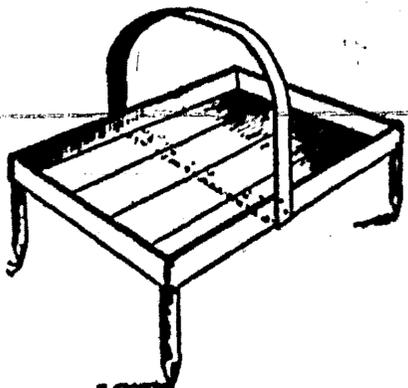

NEAT BERRY BASKET CARRIER.

It Will Help the Picker in Moving the Smaller Boxes.

The size of this carrier depends upon the shape and size of baskets used and the number it is desired to accommodate. As many as two dozen of the oblong strawberry boxes can be carried, or any smaller number.

Thin boards are used for the frame

A Picker's Box Carrier.

Itself, and four sections of broom handle attached as legs at the corners, long enough to lift it well above the vines and tapered at the ends, explains the *Prairie Farmer*. An iron barrel hoop passed entirely around the carrier and fastened to the bottom and sides, makes a strong, light and easily constructed handle.

Fellow That Doesn't Spray.

One of the complaints that come to this office is that the orchards that are sprayed and taken care of are infested with insects from orchards that are not sprayed and are not taken care of. Sometimes in a community of orchardists all will spray but one, and that one will permit his orchard to be a breeding place for all kinds of insects that ravage the orchards. There is nothing to be done in such a case but to apply moral suasion. The passing of laws does no good, for there is no general machinery for enforcing laws. It is assumed that citizens will take on themselves the enforcing of laws, which they will not do. The fellow that doesn't spray should have the goodness to look into the matter and take effective measures to prevent his orchard from becoming a detriment to others.

Fertilizer for Orchards.

Quite late last season we used basic slag on a peach orchard kept in sod. The soil is poor, and the grass had nearly run out. Judged from the apparent results last year there was little or no benefit, but this spring the clover has come up all over the field, as we never saw it before. We think this result is due to the lime rather than the phosphoric acid in the slag. It is evident that where this fertilizer is used on sod it should be applied early.

Young Trees in Bearing.

Do not let your trees bear heavily while young, as every fruit reduces their vitality and heavy yields ruin the form of the tree. Some boast of the heavy yields of their two or three-year-old trees, but they do not realize what a loss it means to them in the future.

Sow turnip seed in season, particularly Swedish turnips, which need longer to mature. If sown too late the bulbs fail to reach profitable size.

Keep the sweet potato vines confined to the row, not allowed to spread all over the surface.

STRAWBERRY GROWING.

Problems Which Are Met With in the Production of the Berry.

The Long Island Agronomist has the following valuable hints on the strawberry plantation:

As a general proposition, soil, climate, cultivation, markets and individually all enter into the question of whether the strawberry is best when grown in hills, in narrow or in wide matted rows.

Hills of course produce the largest individuals which sell for top notch prices. In following this system all runners are cut off and the mother plant develops crowns, for blooms and berries.

The narrow matted rows produce more berries than the hill, for six or more runners are allowed to root and form new plants, the berries are therefore more numerous, but smaller.

The wide matted row is very common, the yield being heavier than in the other methods, for more new plants are permitted to form from runners. This system is "easier," as it takes less time and labor in keeping the runners cut off.

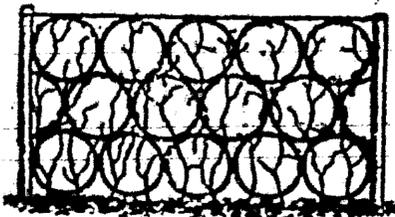

Successful growers differ also in regard to planting distances; three feet six inches, and four feet are usual. Again the distance apart in the row is a mooted point. Twelve, 15, 18 and 24 inches are all considered just right by various strawberry kings.

Yields vary as widely as do planters' ideas and varieties—from 3,200 to over 17,000 quarts per acre are very close to the extremes of seasons and varieties. Over 5,000 quarts per acre is a very conservative figure to make estimates upon where a goodly number of acres are planted, and this yield is considered the minimum by commercial growers, the average running between 8,000 and 10,000 quarts.

BARREL HOOP TRELLIS.

How to Make a Unique Support for Grapes or Other Vines.

The ordinary wooden hoops from barrels may be made into an attractive arbor for grapes or a support for

The Trellis.

smaller twining plants by being arranged as shown in the sketch. Attach them firmly to heavy stakes with some No. 7 smooth wire, explains Farm and Home, and you have an arrangement which will last for several years and is not unattractive to the eye.

Handy Pruning Tool.

A Tennessee reader says he has made a handy pruning tool by attaching a chisel to the end of a long pole. Set the tool against the limb and hit the end of the pole with a hammer. If the tool is kept sharp it will remove the limb close to the branch and leave no ragged edges. No need climbing the trees with this instrument.

Change Pasture in Midsummer.

The pastures at time of the cattle being turned into them are generally good. Very little grain should be fed to cattle after they are turned into the pastures. In midsummer, when the pastures become short, the best method is to change pasture.

Keep the cultivator going every week.

Case of Shocking Neglect.
Friend—What has become of Celestine, your maid?

Mrs. Snoblotts—I had to discharge her. She had no consideration for Fido.

Friend—Why, I always thought she took the most tender care of the pet.

Mrs. Snoblotts—So did I till I found she was using her own comb on him without first sterilizing it.

MRS. FRANK STROEBE

A Remarkable Recovery.

Mrs. Frank Stroebe, R. F. D. 1, Appleton, Wis., writes: "I began using Peruna a few months ago, when my health and strength were all gone, and I was nothing but a nervous wreck, could not sleep, eat or rest properly, and felt no desire to live. Peruna made me look at life in a different light, as I began to regain my lost strength."

"I certainly think Peruna is without a rival as a tonic and strength builder."

Libby's Cooked Corned Beef

There's a big difference between just corned beef—the kind sold in bulk—and Libby's Cooked Corned Beef. The difference is in the taste, quality of meat and natural flavor.

Every fiber of the meat of Libby's Cooked Corned Beef is evenly and mildly cured; cooked scientifically and carefully packed in Libby's Great White Kitchen

It forms an appetizing dish, rich in food value and makes a summer meal that satisfies!

For Quick Serving:—
Libby's Cooked Corned Beef; cut into thin slices! Arrange on a platter and garnish with Libby's Chow Chow! A tempting dish for luncheon, dinner, supper

Write for free booklet—How to Make Good Things to Eat!

Kept in Libby's at your dealer's.

Libby, Nottell & Libby, Chicago

IT LOOKS LIKE ANDREWS.

The contest for the republican nomination for delegate to congress is now occupying the central portion of the stage; in fact, is the main topic of discussion in all parts of the territory. It is, and has been, Andrews against the field, and we are still placing our money on the favorite. Our reason for this is based on the instructions from counties that have held conventions, and the probable results in other counties yet to be heard from. There will be 180 delegates in the republican territorial convention, which convenes at Santa Fe on 18th, and the following table is submitted as an evidence of our belief that Andrews will win:

County	Uninstructed	Andrews	Mann	Spies
Bernalillo	—	16	—	—
Chaves	—	4	—	—
Colfax	—	—	—	16
Dona Ana	—	8	—	—
Eddy	—	3	—	—
Grant	—	6	—	—
Guadalupe	—	—	5	—
Lincoln	—	—	5	—
Luna	—	2	—	—
McKinley	—	3	—	—
Mora	—	—	—	8
Otero	—	—	5	—
Quay	—	—	3	—
Rio Arriba	—	10	—	—
Roosevelt	—	3	—	—
Sandoval	—	7	—	—
San Juan	—	4	—	—
San Miguel	—	—	—	14
Santa Fe	10	—	—	—
Sierra	4	—	—	—
Socorro	—	12	—	—
Taos	—	9	—	—
Torrance	—	5	—	—
Union	—	—	—	6
Valencia	12	—	—	—

26 92 18 44

Necessary to choice, 91. If there is an error in the foregoing table, we are inclined to believe that the strength allowed Andrews' opponents is too liberal, and it is not at all unlikely to see Andrews get some of the delegates accredited to Mann and Spies. Besides that, it is almost certain that Andrews will secure a portion of the uninstructed delegates, and this is particularly true of Valencia, which, it is believed, will give Andrews its entire delegation.

It still looks like Andrews.

MASONS, TAKE NOTICE!

All masons in Carrizozo and vicinity are requested to meet at the office of Barber & Gierke next Wednesday night, August 19, for the purpose of discussing the organization of a Masonic lodge in Carrizozo. A member of the order requested the News to make this announcement.

TO THE PUBLIC.

From and after this date, all flour, grain and feed stuff will be strictly cash. I am compelled to adopt this method, because all grain is so high and the margin on its sales so small that it is practically out of the question to sell on any other basis. Please take notice and be governed accordingly.

Aug. 6, 1908. JOHN H. SKINNER.

AN OPPORTUNITY TO SAVE MONEY.

PENDING the arrival of our Big Fall and Winter Stock which will be on display the early part of September, we are making sacrifice prices on all Summer Goods to entirely close out the same, and make room for the new arrivals.

CALL and get our prices before purchasing. It will pay you to see what we are offering. Reliable goods at the prices of inferior articles. Wait and see our new goods before making your Fall purchases. It will pay you.
