VOLUME 11.

CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FEBRUARY 18, 1910.

NUMBER 2.

Good Roads Convention.

Pursuant to call, the Good Roads Association of Lincoln county, met in the court house at Lincoln last Sunday afternoon. Dr. J. W. Laws, who was chairman of the temporary organization effected some weeks ago, called the meeting to order.

The court room was fairly well filled with citizens from various portions of the county, although a number of districts failed to send delegates. Lincoln had a large delegation, Carrizozo also, and Bonito, Ruidoso, Picacho and Arabela sent smaller delegations. A question arose as to who of those present were entitled to vote, and it was finally left to a committee appointed by the chair. A member from each precinct present composed the committee.

The committee recommended that all present be allowed to vote. The committee also recommended that the officers of the association be composed of a president and a vice-president for each precinct, a secretary and a treasurer, and that an executive committee of five be named, of which the president and secretary were to constitute two members. The committee recommendations were adopted.

A motion prevailed to make the temporary organization permanent. The officers are: Dr. J. W. Laws, president; Clifford Hulbert, secretary and John M. Penfield, treasurer. S. M. Johnson, of Ruidoso, Geo. L. Ulrick, of Carrizozo, and P. D. Southworth, of Picacho, were the other three members of the executive committee chosen.

Assistant territorial engineer W. G. Lewis, who has charge of the work on the Carrizozo-Roswell road, was present, and was invited to address the meeting on the progress of the work. Mr. Lewis stated that the work on the Picacho hill was about completed and that the approximate cost would be \$4,500; that there would be less than \$2,000 to be applied on the Nogal hill, which would not be sufficient to give it the proper grade.

The chairman then read a series of correspondence, in which he had written letters to territorial engineer Vernon L. Sullivan, and answers to the same. Little information was gleaned from the replies of the engineer, other than the inference that the territory would not have funds at this time to complete the road. Nothing was definite in the replies except their indefiniteness.

The executive committee was instructed to take up the matter with the good roads commission, and ascertain, if possible, what the commission intended to do with reference to the completion of this highway. The committee

was also instructed to look into the matter of forest reserve funds now in the hands of the territorial treasurer, of which about \$6,000 belongs to this county, half of which, when distributed, will go to the road fund.

A resolution was presented calling upon the association to join the board of county commissioners from transferring any funds from the road and bridge fund. Opposition to the resolution manifested itself, and the introducer of the resolution was asked to withdraw it, for, as had been stated, the board had embarked on an era of good road building for which the people were clamoring, and if prospective projects were carried out, all the money in the road fund would be exhausted on the roads and there would be none to transfer. The matter was finally referred to the executive committee, which reported the resolution in a modified form, requesting the board to refrain from the use of the road fund for any other purpose.

S. M. Johnson presented a series of resolutions, asking for the completion of the Roswell-Carrizozo road, and prefaced his remarks by introducing the mooted county seat question, and bodily moved the county seat to Carrizozo at one fell swoop. Objections were interposed at this point, and it looked for a time that the gathering would be turned into anything else than a good roads meeting. However, the offensive term was softened, and when the Lincoln people perceived that the Carrizozo delegation was not particeps criminus, peace once again reigned and all went merry as a marriage bell. At the request of various delegates, Mr. Johnson withdrew all his resolutions save the one calling for the completion of the Roswell-Carrizozo road, and, as soon as funds were available, the construction of a road from Ruidoso, up Devil's canyon to Ft. Stanton, thence to Capitan, which was adopted.

A committee of three was appointed to confer with Roswell citizens to secure help for the completion of the Roswell-Carrizozo road. This committee is L. H. Bradstreet, J. W. Laws and P. D. Southworth.

The association adjourned to meet at the call of the chairman, Capitan having been selected as the next meeting place.

ADDITIONAL CORRESPONDENCE.

Since returning from Sunday's meeting, Secretary Hulbert has sent us a copy of some correspondence, relating to road matters, which may be of interest. The first is written by Engineer Sullivan to President Laws, and reads as follows:

"I have before me your letter of February 7th, and replying to same will say that the Good

Roads Commission has not and could not appropriate a specific amount to be used on this road, as the income from which this appropriation will be made is quite uncertain, depending on the proportion of taxes that are collected. We would like, however, to repair the Border hills, as that is nearly as essential as the work we have done on the Picacho hill; but whether we will be able to do that or not I can not tell.

"We appreciate and desire to help your Good Roads work along, for it is a great step in advancing your particular community, and we will, therefore, spend as much money on your road as possible.

(Signed) VERNON L. SULLIVAN, Territorial Engineer."

The following is an extract from a letter written by Gov. Curry:

"Mr. Laws, who is president

of the Good Roads Association, has written Mr. Sullivan stating that he is willing to cooperate with us; but as Lincoln county has received little or no benefit from the territory I have arranged with the Good Roads Commission to continue our work without any aid from the citizens until next July. This will make an expenditure of about fourteen thousand dollars of territorial money, which, together with what the county has given, I believe will put your road from Roswell to Carrizozo in good condition."

Masonic Notice.

There will be a regular communication of Carrizozo Lodge, A. F. & A. M., tomorrow afternoon at 2:00 p. m., and the night session at 7:30. Work in second and third degrees. All Master Masons cordially invited to be present.

FARE, NOT FAIR.

Division Superintendent—How many fare passengers did you have on your last trip?

New Conductor—Fair passengers? Say, do you think all I had to do was to notice people's complexions?

A BURNING ERUPTION FROM HEAD TO FEET

"Four years ago I suffered severely with a terrible eczema, being a mass of sores from head to feet and for six weeks confined to my bed. During that time I suffered continual torture from itching and burning. After being given up by my doctor I was advised to try Cuticura Remedies. After the first bath with Cuticura Soap and application of Cuticura Ointment I enjoyed the first good sleep during my entire illness. I also used Cuticura Resolvent and the treatment was continued for about three weeks. At the end of that time I was able to be about the house, entirely cured, and have felt no ill effects since. I would advise any person suffering from any form of skin trouble to try the Cuticura Remedies as I know what they did for me. Mrs. Edward Nenning, 1112 Salina St., Watertown, N. Y., Apr. 11, 1909."

Still in the Family.

Among the domestic duties of a young husband is the careful supervision of the toilets of his wife's two dogs, one a Great Dane and the other a by no means diminutive St. Bernard. "Oh, Marie," shouted hubby from the yard late one afternoon, "there's not a flea on the dogs now!" "How splendid!" shouted back Marie. "Not a single flea?" "No!" yelled Tom. "They are all on me!"

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Not a Model Family.

"Your father doesn't think you have been especially well behaved," said the small boy's uncle.

"I know that," answered the precocious juvenile. "But things I have heard mother say make me think he isn't any great judge of high class deportment."

Free to Our Readers.

Write Murine Eye Remedy Co., Chicago, for 48-page illustrated Eye Book Free. Write all about Your Eye Trouble and they will advise as to the Proper Application of the Murine Eye Remedies in Your Special Case. Your Druggist will tell you that Murine Relieves Sore Eyes, Strengthens Weak Eyes, Doesn't Smart, Soothes Eye Pain, and sells for 50c. Try It in Your Eyes and in Baby's Eyes for Scaly Eyelids and Granulation.

Real Art.

"Smith's a born liar." "Jones has him skinned. He learned his lying at college, and scorns the crude, natural methods."—Exchange.

An Obvious Proposition.

"Have you a plain cook?" "You bet she is. My wife wouldn't have any other kind in the house."

PERRY DAVIS' PAINKILLER when thoroughly rubbed in relieves strains and sprains in joints or muscles from any cause. All Druggists, 25, 35, 50c sizes. Large bottles the cheapest.

Sometimes a man's wisdom is due to the possession of a clever wife.

COLD DAY DISHES

THREE RECIPES THAT ARE WELL RECOMMENDED.

Piloff of Chicken Livers Good for Luncheon or Dinner—Apples and Bacon a Southern Delicacy.

Piloff of chicken livers is a delightful dish for luncheon or an entree for dinner. The livers are boiled until tender and put in an oval dish lined with flaky boiled rice. A layer of rice is then put over the top and the mound turned out on the dish in which it is to be served.

A rich tomato sauce is poured over the whole, and the dish is garnished with shreds of boiled green peppers and tomato jelly cut in diamond shapes. It is served piping hot with buttered toast.

Apples and Bacon.—"It is astonishing how few people in the north know our good southern breakfast dish of bacon and fried apples," said a visitor to Boston from Dixie. "I never see the combination served, and when I suggested it to one excellent housewife she had never heard of it. I taught her how, and she tells me her husband and family clamor for it.

"The way I like the dish best is to have the bacon fried nice and crisp, and then if there is much fat left in the pan pour some off. Fat makes the apples greasy and unpalatable. Get the remaining fat hot, and put in the apples, peeled and sliced like Saratoga potatoes.

"Fry over a moderate fire till the suet is all gone and the apples are nicely browned. Dust with powdered sugar, serve with the bacon, and then follow the darky's celebrated directions for watermelon."

Olive Oil on Chicken.—In cooking broilers all the juice is saved, and much of the flavor otherwise lost is retained by completely brushing over the fowl with olive oil before submitting it to the flames. A soft camel's hair brush should be kept for this special purpose where much poultry is served.

SOMETHING NEW IN PUDDING

Delicious Dessert Not Too Rich for the Younger Members of the Family.

Soak one pint of fine white bread crumbs in one quart of milk for 15 minutes. Beat together until light the yolks of five eggs and one-half pint of sugar, stir in a tablespoonful of softened butter, add just a suspicion of grated rind of lemon, two tablespoonfuls of lemon juice and a tablespoonful of vanilla. Add these to the milk and bread, mix and add one-half pint of coconut. Bake in the pudding dish until the custard is "set" in the middle. While this is baking beat the whites of five eggs to a stiff froth, add five tablespoonfuls of powdered sugar, beat until white and fine. When the pudding is done draw it from the oven, cover thickly with coconut, heap over the meringue, dust thickly with powdered sugar, put back in oven until brown. Serve cold.

Artichoke and Asparagus Sauce.

Take one cup butter, melt in saucepan; add one tablespoonful flour. Place over flame until very light brown, stir continuously, adding boiling water until mixture is the consistency of cream. Add half a teaspoonful salt, half a teaspoonful paprika, one teaspoonful lemon juice. Boil five minutes. Serve hot or cold.

Quickly Made Lemon Jelly.

One quart of boiling water, one ounce of gelatin powder, six ounces of loaf sugar, juice of two lemons, rind of one.

Put the gelatin, lemons and sugar into a bowl, and pour the boiling water over. Let all stand for 20 minutes, stirring occasionally. Strain, add a little wine and pour into molds.

LOVE AND MONEY.

They say "love makes the world go round,"

And may it never cease; Quite true, but please then don't forget, Money's the axle grease.

Calumny is not only the greatest benefit a rogue can confer on us, but the only service he will perform for nothing.—Lavater.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

There comes a moment in every man's life when he regrets his inability to kick himself.

A TRIFLING COUGH will become a permanent one unless stopped. Allen's Lung Balm will surely stop it. A 25c bottle is large enough for that. Sold by all druggists, 25c, 50c and \$1.00 bottles.

Every mother knows a lot of good rules for raising other people's children.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Absence of occupation is not rest; a mind quite vacant is a mind distressed.

Syrup of Figs and Elixir of Senna

acts gently yet promptly on the bowels; cleanses the system effectually; assists one in overcoming habitual constipation permanently.

To get its beneficial effects, always buy the genuine.

**DOCTORS FAILED.
RESTORED BY PERUNA.**

**Catarrh of the Lungs
Threatened Her Life.**

Miss Ninette Porter, Braintree, Vermont, writes: "I have been cured by Peruna."

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me."

"I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it."

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me."

"After I had taken it a while I commenced to raise up a stringy, sticky substance from my lungs. This grew less and less in quantity as I continued the treatment."

"I grew more fleshy than I had been for a long time, and now I call myself well."

Father's Method.

During a recent slight illness the five-year-old Teddy, usually so amiable, flatly and obstinately refused to take his medicine. After a somewhat prolonged and ineffectual argument with him, his mother at last set the glass of medicine down, leaned her head on her hands and "played" that she was crying.

A moment passed, and the tender-hearted Teddy, unable longer to bear the sight of his mother's stricken attitude, inquired, "What's the matter, mother, dear?"

Without removing her hands from her eyes, she replied: "I'm grieved that my son won't take his castor oil for me."

Whereupon Teddy sat up in bed and offered consolingly: "Oh, I wouldn't feel badly if I were you, mother, dear. Father will be home soon and he'll make me take it."—The Delineator.

Important to Mothers.

Examine carefully every bottle of **CASTORIA**, a safe and sure remedy for infants and children, and see that it bears the

Sarcastic.

"I am afraid Dulby is putting an enemy into his mouth to steal away his brains."

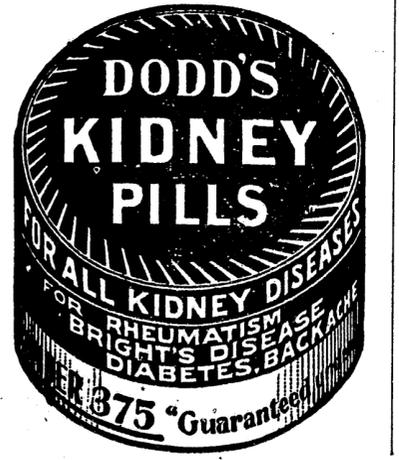

"Yes," answered Miss Cayenne; "and it's a case of petty larceny, at that."

Tightness across the chest means a cold on the lungs. It means misery and discomfort every minute, if nothing worse. What's the answer? Rub the chest with Hamlin's Wizard Oil quick.

After a man has flattered a woman she begins to think it over and decides that he really meant it.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels and cure constipation.

Don't blame the phonograph if it has a bad record.

THE NEW "RIBBON" SANDWICH

It Is Easily Made and Especially Appropriate When a Few Friends Drop in for Lunch.

An unusually pretty sandwich is of the "ribbon" variety. To make it cut five slices of white bread about half an inch thick, and spread each with softened sweet butter before slicing it from the loaf. Trim off the crust from the slices and shape the latter into squares of even size, about three by three inches.

Lay each slice, buttered side up, upon a pastry board. Spread the first one with cream cheese rubbed smooth with minced parsley and cress, the latter previously sprinkled very slightly with lemon juice; cover the next slice with a thin layer of smoked tongue freed from skin and gristle; strew the third with riced yoke of a hard egg seasoned with salt, pepper and a bit of dry mustard and put a layer of smoked salmon or of rosy ham on the fourth slice.

Pile the slices one upon the other evenly, and, in the order mentioned, and top them with the fifth slice laid with the buttered side downward. Wrap carefully in a cheese cloth binder which has been slightly dampened, and weight with a book for an hour or so.

When ready to serve, remove the cheese cloth and divide the little brick into thin slices, cutting downward with a keen-edged carving knife. The result will be a square formed of half-inch strips of bread pressed together and crossed by lines of green, red, yellow and pink. A different style of ribbon sandwich is made with a number of slices of brown bread and of white bread piled alternately, each slice previously spread with cream cheese blended with finely minced nuts, and overlaid with a crisp leaf of lettuce. When sliced downward the sandwich shows a pretty medley of brown and white crossed with hairlines of light green.—Delineator.

Chicken Sauté.

Clean and prepare a chicken; cut into pieces; cut a quarter of a pound of bacon in small pieces, put into a saucepan five minutes, add your chicken, turn now and then until brown; pour off the surplus grease, add a gill of white wine. Peel one dozen little onions, brown in a little olive oil; add to chicken a few minutes before serving; add a pinch of pepper, salt and nutmeg, six to twelve mushrooms cut into quarters; remove all floating grease. Serve.

Spanish Sauce—Melt two ounces butter in a saucepan, add two ounces of flour; stir until colored a nice brown; mix flour and butter thoroughly, add a pint of stock, one and a half ounces of lean, raw ham, a carrot, an onion, a piece of celery, two cloves, a pinch of salt and pepper, and stir until it begins to boil. Remove saucepan to back of range, allow to simmer gently an hour; skim off grease and strain.

Chicken Panada.

Pound well in a mortar the meat from the breast and wings of a chicken that has been boiled; mix it with an equal quantity of fine bread crumbs that have been soaked in milk; add a half pint broth made from the bones of the chicken, put into a small saucepan and simmer for five minutes. Pass through a sieve and serve. This is delicate and nutritious, and is suitable for invalids with weak digestion.

Cheese Scrambled Eggs.

Scrambled eggs with cheese: Six eggs, six tablespoonfuls of water, six tablespoonfuls of grated cream cheese, one tablespoonful butter. Lightly beat eggs, add water. Put butter in piping hot frying pan. Then add eggs, scatter cheese on top of eggs. Toss up lightly until done, but soft. Serve on buttered toast.

To arrange an attractive after-dinner dish pile large handsome bunches of raisins on a doily in a glass dish and fill in the cavities between them with shelled and blanched nuts of all kinds,

The Kind Caddie.

"Once in a game," said the golfer, "I had the good fortune to be six holes up on my opponent by the time the eighth hole was reached. At the eighth green something went wrong with our reckoning of the strokes and I claimed that I had won that hole, too, while my opponent claimed that it was halved. After a mild dispute I yielded."

"But as I moved on with my caddie I couldn't help grumbling:

"Well, you know, Joseph, I gave in; but I still think I won that hole after all."

"The boy, with a frown, turned shocked and reproving eyes on me. Disgusted with my greed for holes, he whispered hurriedly, so that my opponent should not overhear:

"Shut up, can't you? Do ye want to break the man's heart?"

Why He Got Married.

A \$900-per-annum clerk in one of Uncle Sam's departments at Washington was recently approached by a co-worker, who asked if it were true, as rumor had it, that the \$900 person was about to marry.

"It is," was the laconic response.

"Surely, old man," said the other, with that freedom permitted an intimate friend, "you don't think that your present income would justify you in taking a wife?"

"To be perfectly frank," said the other, "I do not."

"Then what on earth can be your reason for taking this serious step?"

"I have no reason," was the calm response. "I am in love."—Lippincott's Magazine.

Point of View.

Senator Beveridge, apropos of the old-fashioned snowy Christmas, said the other day:

"Snow, of course, has its disadvantages from some points of view.

"Snow is beautiful in its season," Solomon said that. But I know an old Indianapolis man who, on hearing this remark of Solomon, grumbled:

"Oh, yes, no doubt it was beautiful to you, sittin' with all the wives and lasses of Jerusalem beside you; but if you'd been a poor stone cutter you'd never have said any such thing."

A Question to Be Considered.

"Do you consider plagiarism permissible under any circumstances?"

"Well," answered Senator Sorghum, "it's pretty hard when you find yourself compelled to make a choice between being interesting or original."

**A WOMAN DOCTOR
Was Quick to See that Coffee was
Doing the Mischief.**

A lady tells of a bad case of coffee poisoning and tells it in a way so simple and straightforward that literary skill could not improve it.

"I had neuralgic headaches for 12 years," she says, "and suffered untold agony. When I first began to have them I weighed 140 pounds, but they brought me down to 110. I went to many doctors and they gave me only temporary relief. So I suffered on, till one day a woman doctor told me to use Postum. She said I looked like I was coffee poisoned."

"So I began to drink Postum and I gained 15 pounds in the first few weeks and continued to gain, but not so fast as at first. My headaches began to leave me after I had used Postum about two weeks—long enough to get the coffee poison out of my system."

"Since I began to use Postum I can gladly say that I never know what a neuralgic headache is like any more, and it was nothing but Postum that made me well. Before I used Postum I never went out alone; I would get bewildered and would not know which way to turn. Now I go alone and my head is as clear as a bell. My brain and nerves are stronger than they have been for years."

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Hard-Won Harvests.

Cultivation of the soil under a climate like ours invariably partakes of the nature of a gamble. The manufacturer, as a rule, can calculate the risks he has to run, and, if he is an adept, avoid them. Not so the farmer. Forces utterly beyond his control may undo the best of his work.—English Country Life.

The Oasis of Love.

The mind's eye shows us love as the oasis in the Sahara of life; so, together, two set out to seek the haven of rest in the great journey. But, as the travelers approach, their paradise recedes; in just such measure as the pilgrims hasten, their Mecca retreats. Love is a witching chimera—life's most beautiful optical delusion.

Unselfishness in the Home.

The law of unselfishness must be the essential element of the home spirit. Perfect love casts out selfishness. One selfish soul in the home is not only like an ugly thorn bush in the midst of a garden of flowers, marring the joy, but it destroys the sweetness of the home.

Her Disappointment.

An Atchison girl believed she had been exposed to smallpox. She got vaccinated, drank vinegar three times a day and took a large dose of formaldehyde, and had her home fumigated. Later, when she learned that it was all a mistake and that she hadn't been exposed, she had a big, long cry. She was disappointed.—Atchison Globe.

Our Geographical Center.

If Alaska be excluded from consideration, Kansas is geographically the central state of the United States. It lies between longitudes 94 degrees 38 minutes and 102 degrees west, and between latitude 37 degrees and 40 degrees north.

The people who never made mistakes are mighty uninteresting.

Even the fellow who knows it all can learn a little more by experience.

W. O. NORMAN, Editor.

Oppose Cannon and Present Tariff.

Some time ago the Chicago Tribune sent out queries to editors in the west and central west, in which each was to respond to two questions. The questions were:

1. "Is the Hon. Joseph G. Cannon, of Illinois, your choice for speaker of the next congress?"
2. "Do you indorse the Aldrich-Cannon organization of the senate and house?"

Each editor was asked to state his politics, and the democrats were eliminated in footing up the poll. Therefore the poll could not be called a partisan opposition. The poll covered the territory west of the Alleghenies and north of the Ohio river, and two border states—Kentucky and Tennessee—twenty-six in all.

On the first proposition, the vote stood 546 for Cannon and 2,653 against, among the republican editors; and 31 for to 541 against among editors of independent newspapers. Republican editors favoring the Aldrich-Cannon law, numbered 812, while those opposing it numbered 2,686. Independents, 27 for to 577 against. In New Mexico 10 republican editors indorsed Cannon and 16 announced their opposition. Not a single editor of an independent paper in this territory indorsed Cannon, while 16 opposed his reelection. 11 republican editors in this territory favored the tariff law and 13 were in opposition. No editor of an independent paper in the territory indorsed the tariff, whereas 14 declared their opposition.

The feature of this poll was the opposition manifested in the great lake states of Ohio, Illinois, Indiana, Michigan and Wisconsin, and in the eight prairie states west of the Mississippi. In Ohio the ratio was about 8 to 1 against Cannon; and in the same state it was at the ratio of 3 to 1 against the Aldrich-Cannon law. In Wisconsin it was 8 to 1 against Cannon and a slightly increased ratio against the tariff law. Iowa voted 6 to 1 against Cannon and 3 to 1 against the tariff. South Dakota was 9 to 1 against Cannon and 5 to 1 against the tariff. California was over 5 to 1 against Cannon and 5 to 1 against the tariff. Cannon's own state registered an adverse vote on the speakership of 4 to 1, while about the same ratio was counted against the present tariff law.

This straw vote was indicative of a mighty revolt in the republican party against Cannon, Aldrich and the isms that go to make up the policies of those leaders of the republican party. In this instance the vote not only represents the sentiment of the individual casting the vote, but also the sentiment of the community in which the editor resides. It is a most astounding

revelation, and proves conclusively that the rank and file republicans overwhelmingly condemn the character of legislation that has been forced upon the country.

LINCOLN LOCALS.

Martin Chaves and Mrs. Modesta Chaves, his daughter-in-law, came up from Picacho last Sunday, for a visit with the family of W. O. Norman.

Mr. and Mrs. S. T. Gray, of Capitan, were down last Sunday to spend the day and incidentally Mr. Gray attended the good roads meeting.

Mr. and Mrs. Riggle entertained a party of friends last Sunday evening at their home. Vocal and instrumental music made up the largest part of the program, which was participated in by Mesdames Riggle, Mrs. Greer, and the Misses Harrison, Genevieve Riggle, Elizabeth Greer and Mr. O. T. Nye.

The "Let there be light" man from Carrizozo, W. J. Doering, is here in the interest of his firm and has sold quite a number of his ready sellers, which is one of the best lamps the market affords.

Engineer W. G. Lewis came up from camp last Sunday and delivered an address before the good roads convention on the present status of the Roswell-Carrizozo road, which was very much appreciated. Mr. Lewis left Monday on a tour of inspection of the Nogal hill, preparatory to commencing work on same at an early date.

Mining Application No. 411042.

Serial No. 021086.

United States Land Office,
Roswell, New Mexico.
December 15th., 1909.

Notice is hereby given that Henry Pfaff, by John Y. Hewitt, his attorney in fact, whose post office address is White Oaks, Lincoln County, New Mexico, has this day filed his application for a patent for the Clipper Lode mining claim, being 1480 feet of said vein bearing gold and other metals, together with surface ground as shown on the plat on file in this office, situated in White Oaks Mining district, Lincoln county, New Mexico, and described by the field notes on file in this office as survey No. 1389, in Township 6 S. Range 11 E., New Mexico Principal Meridian. Said survey No. 1389 being described as follows, to wit:

Beginning at corner No. 1 on the 3-4 line of survey No. 024, Little Homestake Lode, whence the Northwest corner of Section 25, Township 6 S., Range 11 E., bears N. 5° 25' W. 633, 14 feet. Thence S. 78° 30' W. 570 feet to corner No. 2; thence N. 9° 55' W. 1480 feet to corner No. 3; thence N. 78° 30' E. 570 feet to corner No. 4; thence S. 9° 55' E. 1480 feet to corner No. 1, place of beginning.

Area of this claim is 10 850 acres.
Said mining claim is of record in the office of the Recorder of said Lincoln County, New Mexico.

The adjoining claims, so far as known, are, on the North, public lands, on the East, Henry Clay and Little Mack lode mining claims, on the South, Little Homestake mining claim and on West, public lands.

Any and all persons claiming adversely the mining ground, veins, lodes, premises, or any portion thereof so described, surveyed, platted and applied for, are hereby notified that unless their adverse claims are duly filed according to law and the regulations thereunder, with the Register of the United States Land Office at Roswell, New Mexico, during the sixty days period of publication hereof, they will be barred by reason of the statutes.
T. C. TILLOTSON,
Register.

That Comet.

Well, I jes' declare, Mr. Haley, I been spectin' tuh write yo' 'bout six weeks, but just won thing an' ah nuther come buttin' in an' I jes' did'n write yo' till now.

I would'n take up so much ob my mos' obnocksous an' valuable existence 'cep'in fo' won thing, an' dat is dis: Las' week I went pokin' down to Roswell an' I heerd a mos' sensitive an' exasperatin' argument 'bout dat 'ole fool comet dat we been seein' in de wes'.

Won man he say it am er tramp comet, an' hear come er man an' he say it aint; an' then he goes on an' says it am Haleys comet; then I butts in an' says:

Scuse me, mistah, but I knows dat man Haley pussonally; he use tuh be a plum buzzum frien' ob mine, an' he lives ovah at Carry Saucy right dis minute. Then mos' all de ole fool men in de crowd comence to kin'er laff, an' 'bout dat time my ole woman says:

Fo' de lan' sakes, I wish yo' woul'n let dat osophagus ob yo'rs explode in er crowd any mo', don' yo' se dem ole white trash laffin' at yo'?

I ax what in de name ob Job an' Moses I say tuh make dem blame fools so hillarious wid lafter; an' she jes' ans'r back dat it aint Haleys, but dat it am Hallies comet. An' while she wuz tryin' tuh explane de hole unnyversal sistum ob de planets she pulled me on up de street.

Now, Mistah Haley, ef dat is yo' comet sho nuff, what am yo' gwine tuh do wid it, an' why don' yo' trim 'er tail; an' ef it aint yo' comet I wants to know fo' sho ef it am Hallies.

I sho'ly am vexed beyon' contemplashun 'bout which Hally dat comet belong to, an' I always did spize dat way ob gittin' all muss'd up 'bout er comet, an' soon as I heerd dem men speakin' 'bout Haleys comet, I says to myself I'm gwine ter see fo' sho' ef it am his'n; cause, I know'd yo' wasn' gwine tuh tell me no falsifycashun 'bout it, an' yo' aint is yo'?

Well, de night befo' we lef' town we went to de comet opery. We got er seat in de balcony, an' sho' nuff we didn' see no comet.

Yo's truly,
SAM JONSONG.

[For the information of our sable friend at Tinnie, who sent the above communication, we are compelled to disclaim ownership; neither is it Halley's comet: it is simply A comet.]

CAPITAN.

Corona reports a good snow and very cold weather this week.

Joe D. Adams and Price Bentley came in from the Smith-Hopkins mines early in the week.

Things that were a bit loose Wednesday are still moving, if there is anything in a good start.

J. M. Rice came down from Parsons Tuesday, was caught in the severe storm the day following, and did not return until today.

A heavy fall of snow is reported from various parts of the county. But little fell here, but the way the mercury sought the bulb made the inhabitants shiver.

J. B. Baird and wife came over yesterday and will remain in Carrizozo for awhile. Mr. Baird has been employed at the Fort for the past eighteen months, but has quit the service of the government, and will enter other pursuits.

Arch Parker, an old-time cowman of the Capitan and Bonito country, has gone into the goat business. He is doing his own herding—and herding alone—which is not only natural but necessary, as many of his old friends have ostracised him. This is only another evidence of the change we are undergoing.

The ground hog story didn't hold good in this section. A severe storm visited this portion of the country this week, notwithstanding the ground hog failed to see his shadow on the 2nd.

Harry Little and B. F. Goff, who have been erecting buildings out at the Smith-Hopkins property, returned yesterday. The shaft house is complete and everything is being made ready for sinking.

This locality, like every section between the Mississippi and the Rocky mountains, had its share of cold and wind this week. The only consolation we have is that the wind blew harder and the thermometer went lower in other places.

Mr. and Mrs. John Bryan, who reside on the Mesa beyond Nogal, mourn the loss of a three-year old son, whose death occurred Saturday. Mr. Bryan was absent at the time of his little son's death, but reached home Sunday night. The interment was made Monday in Capitan cemetery.

P. D. Southworth, who purchased the Michaelis farm below Picacho some time ago, has purchased a three-ton auto truck with which to haul his produce to market and supplies to his ranch. Mr. Southworth has a

magnificent alfalfa farm, and the tonnage it is capable of producing made it necessary for him to devise some suitable way to transport his produce. He is located about midway from Capitan and Roswell, and he expects to transport his produce both ways.

W. H. Lumbley, who so long represented the Singer Sewing Machine Co. in Lincoln and Otero counties, is now at Abilene, Tex., where he and Mrs. Lumbley will in the future reside. Mr. Lumbley is now with the White Sewing Machine Co. They are very much pleased with their new home, but anxious to hear from New Mexico occasionally.

Dr. and Mrs. R. C. Dryden left yesterday for Pima, Arizona, where they will make their future home. This estimable couple have resided in New Mexico for many years, and have called Lincoln county home the past seven or eight years. Dr. Dryden makes surgery a specialty and stands high in his profession. The best wishes of many friends go with the doctor and his wife to their new home.

Word reached here Wednesday of the death of Fred Mayer at Willard, Torrance county, that night. Paul and Chas. D. May-

er, two brothers at White Oaks, were wired the sad intelligence, and one of them drove down from White Oaks and took the midnight train for Willard, to attend his brother's funeral. The deceased came to White Oaks many years ago, and left there some five or six years since, going to Torrance county. Two of his brothers, as has been stated, still reside at White Oaks. Deceased also leaves a wife and several children.

A large delegation went from Carrizozo to Lincoln Saturday to attend the good roads meeting the succeeding day. The members of the delegation were: L. R. Wade, Dr. F. S. Randles, W. M. Reily, W. G. Thornboro, L. B. Chase, Frank Gray, John E. Bell, N. M. Scoggin, W. J. Doering, Jno. A. Haley, Geo. L. Ulrick and Thomas Johnson. All returned Monday with the exception of Mr. Doering, who remained until Wednesday.

CARRIZOZO NEWS

CARRIZOZO . . . NEW MEXICO

IDENTIFIED BY THUMB MARKS

Cheyenne Bank with Many Foreign Depositors Has Found This Method Effective.

Martin S. Steel of Cheyenne, Wyo., says the old Chinese system of identification by thumb marks has been adapted to modern banking, and the method is now in practical use in the First National bank of Cheyenne as a means of identifying the signatures of the many foreigners who carry deposits in that institution.

"In fact, the thumb mark has become as necessary on checks drawn by this class of the bank depositors, as is the written signature of the drawer of the check," said Mr. Steele. "The system has been in use almost two years now, and in that time the bank has not had the least trouble with its foreign depositors, but instead has found that the arrangement works to perfection.

"There are probably more nationalities represented in and around Cheyenne than in almost any other city of the country. The great mining camps of the state have drawn every nationality of Europe to themselves, while the Union Pacific and Burlington railroads have brought hundreds of railroad laborers from Asiatic countries. Korean ditchers, Japanese section men, Chinese workmen, Mexicans, Indians, Lithuanians, Czechs, Poles, Hungarians, Bohemians, Welshmen, Irishmen, Greeks, Italians, and about every other nationality can be found around Cheyenne in the course of a day's search. Many of these persons deposit their savings in Cheyenne banks, and very few of them, comparatively speaking, can write their own names, especially in letters which can be read by an ordinary American business man."

Woman in New Business.

Miss Ida Bromile, an English girl, is making money by conducting tourists about the country in her motor car. She went to London from her province and learned all about the mechanism of motors and how to run them. After she had accomplished this she hired a car and drove it through the most crowded districts of the city. The police of London declared that she was the most expert motorist that ever took a car through Cheapside. Her reputation spread to the continent, and Queen Margherita of Italy offered her the post of royal chaffeuse, but Miss Bromile refused because it would take her from her hunts in winter, an exercise she is passionately fond of and in which she is also an expert. She arranges for week-end parties and charges each guest \$36. This includes board and lodging on the trip. She is the first woman to engage in this business and has been so successful that she is unable to grant all applications.

The Jury System.

The jury, as it is found to-day, is a relic of the ancient popular justice. In the city-states of antiquity the entire male population passed upon the guilt or innocence of the offending party. The oldest Greek poet has left us a picture of what the primitive jury was. The court is sitting; the question of "Guilty" or "Not Guilty" is put, and the old men of the community in turn give their opinion, the rank and file of the people standing about applauding the opinion that strikes them most, the applause determining the decision. Gradually the jury became narrowed down in numbers until it finally appears as we see it to-day.

Precious Metal in Eastern States.

The eastern states, from Maine to Alabama, produced gold worth \$259,143 and silver worth \$35,070 last year.

REAPER HONOR ROW

McCormick Families in Dispute Concerning Inventor.

Cyrus H. McCormick, Not the Originator of Great Farm Machine, Says Woman in Letter—Son Says He Was.

Chicago.—The unveiling of the portrait of Cyrus H. McCormick in the Farmers' Hall of Fame in Memorial hall of the College of Agriculture of the University of Illinois at Urbana aroused controversy as to whether the late inventor or his father, Robert McCormick, is entitled to the honor of having invented the reaper.

Seemingly the controversy is being waged among different branches of the McCormick family itself.

That the distinction ascribed by history to Cyrus H. McCormick was disputed, apparently within the family, came to the surface when a letter dated at New York and signed "Katherine McCormick" was printed on the editorial page of a Chicago newspaper published by one of the McCormicks. It asserted Robert McCormick invented the reaper.

The claim of Cyrus H. McCormick is staunchly defended by his direct descendants in Chicago. At his residence, 50 East Huron street, Cyrus H. McCormick, son of the inventor of that name, and president of the International Harvester Company, scouted the suggestion contained in the letter of Katherine McCormick.

"The claim that Cyrus McCormick did not invent the reaper is too absurd to discuss," said Mr. McCormick. "My father did invent the reaper, but it seems quite unnecessary for me to make such a statement, for it is an historical fact. Robert McCormick, his father, tried to invent a reaper, but failed. He made a few experiments, but they did not result in the production of a practical machine. It was Cyrus McCormick who worked out the idea."

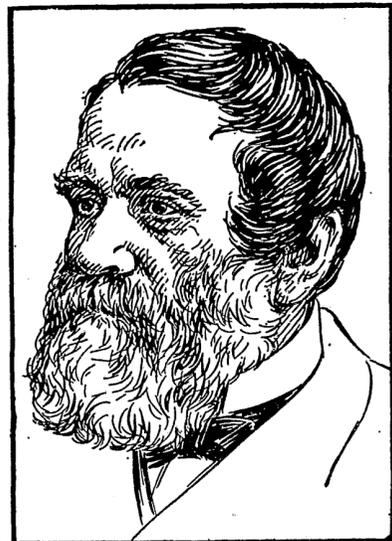

Mr. McCormick said he had read the letter signed Katherine McCormick and found its statements incorrect.

"Who is Katherine McCormick?" he was asked.

"That is what I should like to know myself."

"Have you any relatives of that name?"

"Yes, there are several. I have no

Cyrus H. McCormick.

means of knowing whether any of them wrote the letter."

The letter which stirred up the controversy, after referring to the unveiling of the portrait of Cyrus H. McCormick, which was to take place the next day, continues as follows:

"I hope, however, that the gentleman who will pronounce his eulogy will not fall into the stupid error, which I understand has been made several times recently, that Cyrus H. McCormick invented the reaper. Mr.

Cyrus H. McCormick neither invented the reaper nor any essential part thereof, and to the best of my recollection (and I knew him intimately) he never made any such claim during his lifetime.

"The reaper was invented by Robert McCormick of Rockbridge county, Virginia, in the early '30s, and he manufactured with the help of his third son, Leander J. McCormick, fine working, serviceable machines, which he sold to the farmers of Rockbridge county and neighboring counties in goodly numbers until he died in 1845.

"His machine was never patented. After his father's death Cyrus H. McCormick, following some serious business vicissitudes in various localities, came to Chicago, and with his brothers, William S. and Leander J. McCormick, established the Chicago manufactory of the reaper invented by their father, which enterprise brought success and fortune to all three of them."

The writer adds a book is being prepared to prove Robert McCormick the real inventor.

"HELLO GIRL" FIRE HEROINE

Miss Nina Harrigan Saved 160 Guests When Flames Destroyed Hotel in Kalamazoo.

Kalamazoo, Mich.—The million-dollar fire which swept Kalamazoo recently produced a heroine who has not

Miss Nina Harrigan.

yet gotten through receiving congratulations from her friends and acquaintances. The heroine is Miss Nina Harrigan, who was night telephone operator at the Hotel Burdick, one of the buildings destroyed by the flames.

When the flames broke through the arcade adjoining the hotel and the building caught fire, she stuck pluckily to her post and notified every guest in the hotel by telephone of the danger.

For nearly half an hour while the blaze was raging, with firemen rushing past her with lines of hose, engines puffing outside and a babble of confusion about her, the girl sat calmly at her exchange ringing one by one every room in the building, and telling the guests to escape. She did not leave until firemen told her she would lose her life if she remained longer.

Miss Constance Crowley, an actress appearing at a local theater who had a room at the Burdick, attempted to rush into the burning hotel for her pet monkey, and was only prevented by firemen from doing so. Then a fire ladder found the monk scampering about the icy, water-soaked streets and rescued the chattering simian, to the actress' great joy.

Our Self-Eclipsing Heroes.

A printer's error will make a zero of a hero, but it isn't the error of somebody else that the average hero has most to fear in this connection.—The Standard.

Life's Injustice.

Stops Lameness

Much of the chronic lameness in horses is due to neglect.

See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first sign of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness—limbers up the joints and makes the muscles elastic and pliant.

Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga., R.F.D. No. 1, Box 43, writes:—"I have used your Liniment on a horse forweeney and effected a thorough cure. I also removed a spavin on a mule. This spavin was as large as a guinea egg. In my estimation the best remedy for lameness and soreness is

Sloan's Liniment

Mr. H. M. Gibbs, of Lawrence, Kans., R.F.D. No. 3, writes:—"Your Liniment is the best that I have ever used. I had a mare with an abscess on her neck and one 50c. bottle of Sloan's Liniment entirely cured her. I keep it around all the time for galls and small swellings and for everything about the stock."

Sloan's Liniment will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweency, founder and thrush.

THE BEST MEDICINE FOR COUGHS AND COLDS

Gives immediate relief. The first dose relieves your aching throat and allays the irritation. Guaranteed to contain no opiates. Very palatable. All Druggists, 25c.

BACKACHE—A SIGNAL OF DISTRESS

A WARNING THAT MUST NOT BE IGNORED

Pain in the back is the kidneys' signal of distress. If this timely warning is ignored, kidney disease silently fastens its deadly grip—for kidney sickness first shows itself in pains and disorders in other parts, and the real cause is too often hidden until fatal Bright's disease or diabetes has set in. Suspect the kidneys if you are rheumatic and nervous or have lame back, painful, too frequent or scanty urination, weak heart, dizzy spells, headaches, bloating or neuralgia. What you want is a special kidney medicine—not an experiment, but one that has stood the test for years. **Doan's Kidney Pills** relieve weak, congested kidneys—cure backache—regulate the urine.

A KIDNEY REMEDY OF 75 YEARS' EXPERIENCE

DOAN'S KIDNEY PILLS began curing lame backs and sick kidneys 75 years ago. The demand lead a nearby druggist, James Doan, to prepare it for sale. From him the magic formula passed to the present proprietors. Now, as in those early days, *Doan's Kidney Pills* are made from only the purest drugs and are absolutely non-poisonous. They are used and praised all over the civilized world.

DOAN'S KIDNEY PILLS MAKE LASTING CURES

J. R. Black, 1005 E. Sixth street, Topeka, Kansas, says: "In the spring of 1899 Doan's Kidney Pills brought me such great relief that I did not hesitate to make the fact known and give this remedy my most earnest endorsement. In my statement I said that for three years I had suffered from kidney complaint. I had a dull grumbling ache across the small of my back that greatly inconvenienced me when reaching and straining in doing my work. An annoying kidney weakness was also in evidence and it was out of the question for me to sleep well. In the morning I was all tired out and it can be seen that I was in bad shape. The use of Doan's Kidney Pills quickly and surely drove away these symptoms of kidney complaint and I have since been in good health.

The foregoing statement was given in March 1905, and when Mr. Black was interviewed on Nov. 12, 1908, he said: "I have never had a return attack of kidney complaint and I know that my cure is a permanent one. My faith in Doan's Kidney Pills is stronger than ever.

Mrs. James Crooks, First St., N. W., American Fork, Utah, says, "I had kidney complaint for ten years or more. Sometimes a twinge darted through the small of my back and I often became so helpless that I was compelled to go to bed with my clothes on. The attacks often lasted for days at a time and I could not even stoop to put on my shoes. My condition was certainly alarming. The secretions from my kidneys were irregular in passage and contained a heavy sediment after standing. I well know what the misery kidney complaint causes and I can therefore appreciate the merits of a remedy that cures this disease. Doan's Kidney Pills lived up to the claims made for them in my case and effected a cure. My kidneys were restored to a normal condition and my health greatly improved." (Statement given Aug. 22, 1907.)

On Aug. 24, 1909, Mrs. Crooks was interviewed by one of our representatives and she said: "It gives me pleasure to reendorse Doan's Kidney Pills. They cured my backache and my health is now good. Other members of my family have taken this remedy with decided benefit."

Fair, Fat and Tide-y.

A Kansan sat on the bench at Atlantic City watching a fair and fat bather disporting herself in the surf. He knew nothing of tides, and he did not notice that each succeeding wave came a little closer to his feet. At last an extra big wave washed over his shoe tops.

"Hey, there!" he yelled at the fair, fat bather. "Quit yer jumpin' up and down! D'ye want to drown me?"—Everybody's Magazine.

Just the Place.

"Save me, save me!" shouted a man dashing into the first open doorway. "They're coming to kill me!"

"H-m-m-m!" calmly remarked the proprietor. "You've picked out a good place fer 'em to do it. This is an undertakin' establishment."

On the Best Authority.

Artist—Got an engaged man to describe his fiancée to me.

PIMPLES

"I tried all kinds of blood remedies which failed to do me any good, but I have found the right thing at last. My face was full of pimples and black-heads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel fine when I rise in the morning. Hope to have a chance to recommend Cascarets." Fred C. Witten, 76 Elm St., Newark, N. J. A New Plan for National Forest Boundaries.

The examination of National Forest boundaries carried on by the forest officers last summer and fall, upon the initiative of Secretary Wilson and under his direction, has resulted in new information, which will make it possible to restore to the unreserved public domain much land along the edges of and within Forests that is not best suited to forest purposes. This is to be done under a plan just approved by President Taft. The plan was formulated by Secretary Wilson and Ballinger jointly and submitted to the President in the following letter:

"After having very carefully considered the matter of eliminations from the additions to the National Forests, we respectfully recommend that the following general policy be adopted:

1. Lands, wholly or in part covered with brush or undergrowth, which protects stream-flow or checks erosion on the watershed of any stream important to irrigation or to the water supply to any city, town or community, or open lands on which trees may be grown, should be retained within the National Forests, unless their permanent value under cultivation is greater than their value as a protective forest.

2. Lands wholly or in part covered with timber or undergrowth, or cut-over lands which are more valuable for the production of trees than for agricultural crops, and lands densely stocked with young trees having a prospective value greater than the value of the land for agricultural purposes, should be retained within the National Forests.

3. Lands not either wholly or in part covered with timber or undergrowth, which are located above timber line, within the forest boundary or in small bodies scattered through the forest, making elimination impracticable, or limited areas which necessary included for a proper administrative boundary line, should be retained within the National Forests.

4. Lands not either wholly or in part covered with timber or undergrowth, except as provided for in the preceding paragraphs, upon which it is not expected to grow trees, should be eliminated from the National Forests."

Territory to Have 300 Enumerators.

New Mexico has been divided into approximately 300 districts, the enumerators to be apportioned according to population and extent of the district. The enumeration will begin on the 15th of April, and by that time the supervisor hopes to have all districts arranged and enumerators assigned.

Three counties have been restricted to date, viz: Bernalillo into 13; Chaviz into 10 and Colfax into 16. According to this arrangement, Lincoln county should have about 8 districts.
